*Check out a few highlights of what we have in store for you during*

## Maine Impact Week

*A celebration for research and creative achievement at the University of  
Maine and the University of Maine at Machias.*

*A complete listing of planned events is available [online](#).*

**April 8–12 • Fogler Library Research Impact Challenge:** Sign up for a weeklong program of daily emails designed to help researchers learn how to showcase their impact! Advance registration is available [online](#).

**April 8 • Total Solar Eclipse In Maine:** Join Versant Power Astronomy Center staff in Jackman for public stargazing and eclipse viewing. Additional information is available [online](#).

**April 9 • Older Adult Health and Wellness Fair:** This two-hour, free event brings together more than a dozen exhibitors and 200+ participants for health screenings, education opportunities, and information about local volunteer groups and older adult services. The Fair is hosted by UMaine's Center on Aging and is open to drop-in visitors. Additional information is available [online](#).

**April 10 • Coordinated Operating Research Entities (CORE) Showcase:** This showcase of resources offered through UMaine CORE at the IMRC Center will feature projects and research. CORE technicians, lab managers, and administration will be available to answer research and resource questions. Drop-in visitors are welcome and additional information is available [online](#).

**April 11 • Maine Innovation Exchange:** This event is designed to help the business

community tap into UMaine's wealth of research, innovation, infrastructure, and talent. It will showcase partnership success stories, broadly applicable educational workshops, and a TED Talk session to showcase the breadth and depth of UMaine research and innovation. The event is hosted by SPIRE and advanced registration is required and available [online](#).

**April 11 • IPh.D. Student Presentations:** Interdisciplinary PhD students with connections to the arts will present their research at the Innovative Media and Commercialization Center at 4 p.m. on Thursday, April 11. Drop-in visitors are welcome and additional information is available [online](#).

**April 12 • UMaine Student Symposium:** Join the premiere celebration of achievement by students from the University of Maine and University of Maine at Machias! Graduate and undergraduate student researchers will showcase their work, research, and creative activities to more than 2,000 people from across both campuses as well as event sponsors, legislators, business leaders and members of the greater community, fostering conversations and collaborations. The symposium is free and open to the public and additional information is available [online](#). **Note: We're still recruiting volunteers (sign up [online](#)) and judges (sign up [online](#))!**

**April 17 • Manufacturing Showcase at the Portland Gateway:** Explore the vast array of research services offered by UMaine's Advanced Structures and Composites Center, a global leader in green energy and materials; advanced wood composites; large-scale bio-based additive manufacturing; smart materials; ocean engineering and much more. Talk with leaders in the field and learn about the many UMaine services that support Maine manufacturing and businesses like yours! Advance registration is required and available [online](#).

**April 23 • Leveraging the UMaine System: Research Services Demonstration Day at the Portland Gateway:** Through interactive displays and demonstrations, experts from the University of Maine, the University of Southern Maine, and Maine Law will showcase how their services can help unlock the full potential of your enterprise. Discover unparalleled access to cutting-edge research equipment and an extensive range of services tailored to meet your needs, from biological applications to logistics support. Advance registration is required and available [online](#).

*Maine Impact Week celebrates UMaine's community and contributions to the scientific, social and economic advancement of the state and beyond. Sponsored by the Office of the Vice President of Research and the Dean of the Graduate School.*
