U. of M. Represented At Conference at Tech.

Conference Proves a Great Success.
Many Valuable Ideas Were
Exchanged Among Col-
leges Represented

For the purpose of discussing the various phases of undergraduate life, delegates from thirty-five colleges and universities recently met and held a conference at M. I. T. The idea of having such a conference was conceived by Dean Burton early last fall. He brought up the proposition to the Alumni Council whose members were in favor of the idea and promised to back it. The Institute Committee then took up the proposition and communicated with Cornell, Dartmouth, Princeton, and the University of Pennsylvania. Due to the backing promised by the alumni and the various organizations of M. I. T. it was decided to hold the conference at that place.

Letters were then sent out to nearly all the colleges and universities east of the Mississippi River stating the plan of the conference and asking that delegates be sent. A very extensive program was made out. The conference was divided into four branches, and a delegate for each branch was invited. The topics for discussion of the four divisions are as follows:

I.

A. Organization of Student Governing Body.

1. Authority.
2. Relations with Faculty and Alumni.
3. Methods of Aiding Scholastic Standing.
4. The General Finance System.
5. Relations to Student Social Life.
 - a. Proms, Smokers, Dances.
- B. General Undergraduate Problems.
 1. Dormitory Control.
 2. Interfraternity Relations.
 3. Societies and Clubs.

II.

A. Control of Athletics by

1. Students.
2. Alumni.
3. Faculty.
- B. Financial Support.
- C. Methods of Establishing and Maintaining "Esprit de Corps."
- D. Trips.

III.

- A. The Business and News Problems of the Daily.
- B. The Business and News Problems of the Comic.
- C. The Business and News Problems of the Year Book.
- D. The Business and News Problems of the Monthly.

(Continued on Page Four)

Many Students Take Part in Our Athletics

Approximate statistics of participation in Physical Training and Athletics, September 15, 1920 to April 1, 1921.

Varsity participation	455
Class participation	530
Intramural	565
Freshmen and sophomores in physical training	410
Total number of students participating	1960

It must be understood that some of these students have participated in varsity while others have participated in both class and intramural sports. These statistics include both participants in men's and girls' athletics.

Gym Well Decorated for Annual Valentine Dance

The girls of Valentine Hall gave their annual dance in the gym, Saturday evening, April 16. The gym was attractively decorated with couch covers, pillows and banners. It looked very homelike and cozy. The Six Syncopators played for an order of sixteen dances. Mrs. Clara Cleaves, and Mrs. Louise Hendrickson were the patronesses of the evening. About forty couples were present.

Military Hop to be Held Friday, April 29

The annual Military Hop given by the R. O. T. C. unit at the University will be held April 29 at 8 o'clock. The affair will be formal this year as previously. It is desired that as many ex-service men as possible come in uniform. A cordial invitation to attend the hop is extended all students and faculty of the University and all ex-service men.

The hop this year is planned to be even better than the one given last year. New drills and stunts which have never been given before are scheduled. The gym is to be elaborately decorated. Each company will have a separate booth. There will also be booths for the Headquarters Company, Scabbard and Blade and Faculty. A prize will be offered for the best looking booth.

The committee in charge of the affair consists of general chairman, E. B. Norcross; programs, O. A. Nickerson; music, T. Whitehouse; decoration, E. L. Sullivan; refreshments, H. Dennison.

Athletic Cups Presented At Last Student Chapel

An interesting student chapel was held last Thursday for the purpose of presenting various cups for athletic events. At the opening of chapel which was conducted by Fred Jordan, the band gave a selection. They also rendered other pieces at intervals during the exercises.

Monte Cross was the first speaker, briefly discussing baseball prospects. He was followed by Coach Flack, whose subject was track. Coach Flack urged the fellows to be faithful at practice, closing his speech with "You know, men, God hates a quitter, and I want to be on the side of the Lord."

Last on the program was the presentation of the cups by Archie Grover. The students felt especial interest in the Charlie Rice Cup presented by Kappa Sigma in 1920. Charlie Rice, a member of the class of 1917, enlisted in the spring of that year as a private in the infantry. He was commissioned on the field of battle for conspicuous bravery, and died of wounds received in the fighting at Argonne Forest. This cup was offered as a memorial by the members of his fraternity. Aside from the popularity he gained from his winning personality, his college record is one of which Maine may well be proud.

The cups were awarded as follows:

Pat French cup for fastest time, Ned Lawrence, Phi Gamma Delta; Charlie Rice cup for highest number of points, Phi Eta Kappa; Relay time cup, Phi Eta Kappa; Permanent time cup, Phi Eta Kappa; Cup for second highest number of points, Delta Tau Delta; Basketball cup for South League, 2nd place, Sigma Chi; Basketball cup for championship, Sigma Nu; Fastest time relay cup; Phi Kappa Sigma.

Prof. Briscoe to Assist Boys in Planting Trees

Members of the forestry class of the Portland Boy Scouts council are to set out a number of trees in May under the leadership of their lecturer, Prof. John M. Briscoe of the Maine faculty.

Phi Eta Kappa Gives Informal House Party

On Friday night, April 15, the Phi Eta Kappa fraternity held an informal house party. There were thirty-three couples present and the dancing continued until midnight. The music, which was exceptionally good, was furnished by Towle's Orchestra of Old Town. Punch was served during the dances and at intermission refreshments were served in the various study rooms. Miss Mary Hopkins chaperoned.

Visitor: "Educated baby, isn't it?"
Proud Father: "Yes, even his talk is Greek to me."

Maine Loses Friend by Death of Charles Oak

Was One of the Earliest Graduates
of the University and Always
Retained a Loyal Interest
in this Institution

The death of Charles E. Oak '76 occurred shortly before midnight Sunday, in a Bangor private hospital. He had been spending the winter in the south and arrived in Bangor about a week ago, his health was much impaired and he failed to rally.

Mr. Oak had for the most of his life been closely connected with big business in Maine, particularly timberlands, lumbering, pulp mill interests and railroad-ing. He was State land agent from 1891 to 1900, then became connected with the International Paper Company. He organized and managed the American Realty Company, the Miramichi Lumber Company, and other subsidiary interests to the International Paper Company and had numerous and widespread interests of the kind.

In 1914 he was elected a director of the Bangor and Aroostook railroad and in 1909 was elected general manager of the New Brunswick Railway, with offices in St. John where he spent much of his time altho still retaining office and residence in Bangor.

Mr. Oak was one of the earliest graduates of the University of Maine and was a member of the Phi Gamma Delta fraternity. He always retained a loyal interest in the University of Maine and for some time served on the board of trustees of the institution.

Home Economics Club and Heck Club Have Meeting

Thursday evening the Home Economics Club and Heck Club held a joint meeting in Winslow. The entertainment was in the form of a debate. Resolved, that all college men should take a course in home-making. Main issue: that such a course would increase the efficiency and happiness in the home. Those on the affirmative side were: Iva Barker, and Percy Dow; on the negative side: Myrtle Bean and Scammon. Merriman was time-keeper. The judges were: Miss Gertrude Peabody, Prof. F. R. Freeman, and Dean Merrill.

The negative side won the debate. There were not many arguments presented on the negative side but they made many witty remarks that kept everyone laughing. Scammon ended his argument by saying: "How would you like to see hubby come home from a hard day's work and roll up his sleeves and attack the dishes in a scientific way. I care not what course others may take, but as for me, give me agriculture, give me heck." While on the affirmative side, Dow said: "I have noticed in my experience that the men generally have to select the clothes for the boys."

After the debate a cup was presented to the class having the highest percentage of membership in the Agricultural Club. The cup was presented by Dean Merrill to the sophomore class.

The boys furnished ice cream cones and cookies for refreshments.

Lambda Delta Initiates Three More Freshmen

At an initiation held last week by Lambda Delta fraternity the following members were initiated: James P. Goddard '24 of Dead River, Chester M. Sennett '24 of Bailey Island and Vaughn B. Robinson '24 of Robinson. The initiation banquet was held at the house Friday night.

The Press Congress of the World is to meet in Honolulu October 4-14, 1921. The editors of the province are showing much interest in it. W. H. Farrington '91 of the *Honolulu Star Bulletin* is chairman of the general congress committee on program and entertainment.

Rhodes Scholarship Is Tenable for Three Years

The Rhodes Scholarship offered by the Rhodes Trust, London, entitles the holder to £350 per annum. A Scholarship is tenable for three years, subject to the continued approval of the College at Oxford of which the Scholar is a member.

Two Scholarships are assigned to each State. There will be one year out of three in which there will be no election.

The candidate to be eligible must:

- (a) Be a citizen of the United States, with at least five years' domicile, and unmarried.

- (b) By the 1st of October of the year for which he is elected have passed his nineteenth and not have passed his twenty-fifth birthday. (In 1921 Scholars will be elected to enter Oxford in 1922. Candidates are eligible who were born on or after October 1, 1897, and before October 1, 1903.)

- (c) By the 1st of October of the year for which he is elected (i. e., 1922) have completed at least his Sophomore year at some recognised degree-granting university or college of the United States of America.

Candidates may apply either for the State in which they have their ordinary private domicile, home, or residence, or for any State in which they may have received at least two years of their college education before applying.

For each State there will be a Committee of Selection, in whose hands, subject to ratification by the Trustees, the nominations will rest.

Candidates must in the first instance be selected by their own college or university. The method of doing this is left to each institution. The number of candidates who may represent an institution in the competition for any one State has been increased this year in accordance with the following Schedule:

Institutions with less than 500 students: Not more than 2 candidates.

Institutions with from 500 to 1000 students: Not more than 3 candidates.

Institutions with from 1000 to 2000 students: Not more than 4 candidates.

Institutions with more than 2000 students: Not more than 5 candidates.

Institutions should select their representatives on the basis of the qualities which will be considered by the State Committee in making the final selection. These are:

- (1) Qualities of manhood, force of character, and leadership.
- (2) Literary and scholastic ability and attainments.
- (3) Physical vigour, as shown by interest in outdoor sports or in other ways.

Further information concerning these Scholarships may be obtained from Mr. J. A. Gannett at the Registrar's Office.

Track Club Dance Not A Success Financially

The Track Club held an informal dance in the gym Friday evening, April 15. Owing to the fact that many people believed the dance was to be a masquerade ball, the attendance was not as large as usual. The dance proved to be a success socially, tho not financially. Davis' Orchestra furnished music for an order of 16 dances. During intermission Harry Belyea entertained the couples with singing and dancing. Mrs. Mason and Madame Parcher acted as patronesses.

Mr. Skerry Reads to The Contributors' Club

The Contributors' Club met Thursday evening, the fourteenth, in the Library. At this meeting Mr. Skerry read two short stories and several poems of his own composition. The Club decided to hold a short meeting Monday afternoon in order to elect a board of editors for the Maine-Spring to serve during the coming year.

Fan—Which have the greatest number of admirers, blondes or brunettes?
Tan—Ask Madge, she's been both.

Candidates for Track Are Very Hard at Work

Men Have Been Given a Strenuous
Workout Every Day in Preparation for the Meet at
Pennsylvania

Coach Flack was interviewed last week by a *Campus* reporter to obtain from him information on the prospects for a good track team. At present the team has not been selected, but there are over 100 men on the squad that have been hard at work on the cinder track for the past few weeks. The squad has been divided into two smaller squads of about 50 men each. One squad is put thru the various paces by Coach Flack, and Mr. Brooks, an instructor in engineering drawing, who was a former track captain here at University is ably assisting Coach Flack by coaching the second squad.

Both squads have been given a strenuous workout everyday in preparation for the University of Pennsylvania Intercollegiate meet which is to be held at Philadelphia, Saturday, April 30. The coaches are concentrating all their efforts in preparation for this meet. The relay men that will make this trip will also run a medley relay; the first two men running 220 yards, the third man 440 yards and the fourth man 880 yards. There will be an interclass meet on Alumni Field next Saturday for class honors. The following Saturday, April 30, the P. T. classes will hold a meet, and on Saturday, May 7, the varsity track team will run Tufts College on our field. This meet is principally for the preparation of the coming state meet which will be held this year at Brunswick, Saturday, May 14. Manager Buckie Fifield is in hopes that there will be enough students go down to this meet, so that it will be necessary to hire a special train. Our athletes are in high hopes that they will carry away the honors this year.

It is rather early to predict the men that will take part in the various events for which they are best fitted. From all indications there will be a large representation of our athletes at the State, New England, and National Intercollegiate meets. As a nucleus for the formation of a fast and well-balanced team, there are 10 veterans who have made their letter either in cross-country, relay, or track. Those who have once more donned the Blue and White are Pratt, Castle, Lawrence, Rock, Thomas, Barnard, Herrick, Raymond, Wood, and Bishop.

Most of the veterans who are on the

(Continued on Page Four)

Operetta Given With Success at Opera House

The Egyptian Princess, the two act operetta which was recently presented on the Campus by the Girls' Glee Club, was repeated before a large audience in the Bangor Opera House on Wednesday night, April 13.

It also proved to be a real Maine Night. The University of Maine band played between the acts and many of the college cheers were given.

For the Bangor production of the operetta, the stage setting and costumes were made more elaborate and some slight changes were made in the cast.

The success of the operetta was due in great part to the work of Miss Madeline Bird who acted as director and accompanist.

Student Government Ass'n. Meets in Coburn

A meeting of the Student Government association was held in 30 Coburn Hall, Monday noon. Article four, section two, of the constitution was amended by a vote of those present. The point system was also discussed and it was voted to adopt that system here. By this system one girl cannot hold over a certain number of offices. This will give more girls an opportunity to work out for these offices. The election of officers for the student council will be held in two weeks.

Printed by LE UNIVERSITY PRESS, Orono, Maine

Editorial

While the subject of crabbing about the University affairs is being discussed the habit of talking and gossiping about it seems an opportune time to speak of one another. Charity is about the scarcest virtue on this Campus. It is the usual thing to hear such expressions as, "Well, you'd be surprised if you knew what I know." Statements like that mean nothing but they sound gossiping and are unworthy of college students. The men and women on the Campus hear all kinds of stories about each other. The men talk about the women and the women talk about the men. Some of the men believe all that they hear and by so doing they are hurting themselves and hurting Maine. There are women also who like to believe whatever they may hear. They are making themselves narrow and despicable.

When a man is talked about, as a rule, the great charges are, "He goes to Old Town nearly every night, and he's on the car for Bangor just as often." These are terrible charges aren't they? It sounds funny, but it is no joke to let exaggerated stories of imaginary wild deeds start with a few pleasant trips to Old Town or Bangor.

The girls are accused of being "vamps" if they go with more than one fellow, and any girl who walks down the farm road is sentimental. If by chance a young lady should go to Orono alone in the afternoon or early evening she would be out bear hunting, of course.

Are we really such gossips that we must run one another down, or is it just a vicious habit of which we are not fully conscious? We ought to feel that the men and women of this university are whole-hearted and ambitious, and that their motives are good. They started out with high ideals; they intended to work for something when they entered college. Each man and each woman should have the privilege of living his life here as he or she sees best without unjust and unkind criticism. There's good in every student in this university and we would do well to look for it. Next time there's a temptation to pass along a bit of gossip just remember that,

"All seems infected that the infected spy,

As all seems yellow to the jaundiced eye."

We hope that the report of the delegates to the conference at M. I. T. will be received favorably by the students of Maine. If any changes are proposed, we ask that the various organizations concerned will give them a careful consideration before rejecting them. Thirty-five colleges and universities were represented at this conference. Numerous undergraduate problems were discussed. The colleges, which were apparently handling some of the problems successfully, were heard from. Out of the whole group of representa-

tives remedies or methods for overcoming nearly all student difficulties were obtained.

The delegates have brought back a lot of new ideas and suggestions. We ask that you remember that these are the results of careful consideration and discussion, and in most every case they have been tried and found successful. If any of the delegates recommend changes or propose new undertakings we desire the hearty co-operation of the student body to carry the proposals thru. It will be for the betterment of Maine, to the advantage of those here now, and those who will come in later years.

The delegates who attended the recent conference at M. I. T. wish to take this opportunity to express their thanks to the organizations which sent them, and also to the members of M. I. T. for their kind hospitality. The conference was a decided success, it was invaluable in every phase, and great praise is due the committees and chairmen for the way the whole affair was conducted.

Why not support your University a bit better than you have been doing? If you will ask the question "What can I do?" then we will let you know. Instead of going to Orono, Old Town, or Bangor to a dance when the Track Club or some similar organization is giving a dance at the gym you can go to the gym. It will be just as good for yourself and a lot better for Maine. Instead of going Mayflowering or taking a nap, if you will go over and cheer the track candidates, it will help out our track team and it won't do the Mayflowers a bit of harm. You can save them for the co-eds and Sunday anyway. Instead of reading Snappy Stories, if you will go over and watch a baseball game between the first and second teams you will have a much better time, your health will be improved, your mind will not be impaired, and the baseball men will realize that they are getting a bit of support.

NOTICES

April 21—Meeting of Veterans of Foreign Wars at 22 Coburn Hall at 7.00

April 21—Meeting of Sigma Sigma Sigma at 7.00 in Coburn Hall.

April 23—Interclass handicap track meet at 2.30. All entries must be in the post office not later than 6.00 on Thursday the twenty-first. Numerals will be awarded. All members of the track squad will be required to enter the meet.

April 23—Moving pictures at 8.00 in the gymnasium.

Any co-ed appearing on the campus of the University of California with a "vampish make-up" will be tapped on the shoulder by a member of the committee to bring about reform. Short skirts, thin dresses, too much rouge and similar tactics in dressing are all considered reason for warning.

Many Opportunities in Scholarships Presented

The registrar's office is continually receiving from all parts of the country, letters and scholarship notices from Universities and other educational institutions. Ever increasing opportunities are presenting themselves for the consideration of the students of the university, both graduates and under-graduates, which offer very attractive chances for further study.

For the academic year 1921-1922 (August 15—May 4) two special Honorary Scholarships in the Pacific Unitarian School for the Ministry, located in Berkeley, California are offered to graduates of this and other colleges in the United States or Canada. They will yield \$500 each, and will be open to students of either sex and from many religious denominations. They will be awarded in open competition on the basis of character, scholarship, and general ability as indicating promise of superior usefulness. The holder may take supplementary work at the Pacific School of Religion, or become a candidate for a degree at the University of California.

The award will be made May 1, 1921, and the right is reserved to reject any or all applications. Applications, accompanied by recommendations and records of accomplishments, should be addressed to Earl Morse Wilbur, D. D., 2416 Allston Way, Berkeley, Cal.

The Henry and Diana L. Gutterman Memorial Fund, which offers a prize, from time to time, for the best essay or study upon any subject connected with the history of the Jews or their contributions to the general purposes of modern civilization, are now announcing thru the Jewish Publication Society of America a prize of One Thousand Dollars for an original study in the English language dealing with the "Contributions of Jews to Hygiene." The work should not contain less than forty thousand words nor more than sixty thousand words. The manuscript must be in the office of the Jewish Publication Society of America, 1201 North Broad Street, Philadelphia, Pa., on or before November 1, 1922.

The American-Scandinavian Foundation, 25 West 45 Street, New York City offers many fellowships for study in Scandinavian Countries. There are twenty of these bearing stipend of one thousand dollars for the academic year 1921-1922. Ten persons will be sent to Sweden, five to Denmark and five to Norway. Applications for these fellowships will be accepted only from persons of American birth.

The Graduate School of Washington University of Saint Louis also makes the following announcement of Fellowships and Scholarships for 1921-22:

1. Six Jessie R. Barr Fellowships for women; annual stipend \$400 each.
2. One Monsanto Chemical Works Fellowship in Chemistry; stipend \$500.
3. One Henry Semple Ames Fellowship, preferably for graduate student in the School of Law. The stipend is the income of \$10,000.
4. Two Scholarships in the School of Architecture; stipend \$250 each.
5. Five Rufus J. Lackland Research Fellowships in Botany; annual stipend \$500 each.
6. Two Teaching Fellowships in Botany; annual stipend \$500 each.
7. One Surgical Fellowship in the School of Medicine for special neurological work; stipend \$1200.
8. Two Surgical Fellowships in the School of Medicine. The stipend will

depend upon the experience of the applicant.

9. Two Medical Fellowships in the School of Medicine; stipend \$1000 each.

10. A number of graduate assistantships are offered annually; the stipend from \$150 to \$300 each.

For information regarding the above and application blanks, the registrar of Washington University should be communicated with at once.

These are but a few of the many opportunities for which college men and women are eligible. Students interested either in these or any opportunities which may present themselves in the future should see Mr. Gannett and talk the matter over with him.

LOOKING BACK

A YEAR AGO

Maine won the exhibition game with Colby played at Waterville Patriot's Day by a score of 10-6.

The late Frederick H. Hill of Bangor left bequests to the University of Maine aggregating \$300,000. The annual income from this amount, estimated at \$15,000, is to be used for the purpose of improving the University.

Dr. Thomas, state superintendent of schools, gave a lecture on Maine schools at General Lecture Wednesday.

The freshman basketball team won the interclass championship, finishing with a clean slate.

FIVE YEARS AGO

Raymond Robbins, the famous social worker, delivered a series of lectures to the students last week on subjects relating to "Christianity and the College."

The Maine debating team will meet Colby Thursday, April 20 at Waterville. The proposition of the debate will be, Resolved: That the United States should abandon the Monroe Doctrine as a part of her Foreign Policy.

Professor Charles Spofford of Massachusetts Institute of Technology spoke in chapel Friday on "The Qualities Necessary to Make a College Education More Effective."

TEN YEARS AGO

The Maine Masque production "Twelfth Night," was presented in Portland, Augusta, and Skowhegan on the annual state tour.

Beginning next year a cup, offered by Mr. Wingard, will be presented each year to the athlete who makes the greatest increase in scholarship for that year.

TWENTY-FIVE YEARS AGO

When it was learned Saturday night that Maine State College had defeated Colby, the entire student body and the band turned out and met the victors at the station and until midnight they conducted a miniature Fourth of July Celebration down town. Hundreds of students were hunting for tin horns in order to temporarily belong to the band, when it was learned that Bounce Webster was setting the beers up for the entire band.

The bridge at Orono across the Stillwater River is being strengthened in order to allow the passage of trolley cars on the new line which is to extend to Old Town.

J. Arthur Whitmore '17, a forestry engineer has recently returned from a trip to the northern Canada woods and left last week for Florida for a survey trip of several months for Sewall and Company of Old Town. Harold Blethen ex-'21 also made the trip.

HAVE YOU NOTICED ?

That now the war is over the flagpole would be far better placed were it nearer the center of the Campus?

That owing to the poor quality of pants, a little padding on the bench by the College Store would be greatly appreciated by many?

That the "52" weathered the storm?

That it's nearly time for the night school to adjourn from Coburn Hall and commence the Spring Term at Piney Knoll and Alumni Field?

That Woodie made a very modest cup-bearer?

That the student body is not the only possible field for a little co-operation?

That Hercules turned the River thru the Aegean Stables. The Stillwater! The Gym!!!

That life and limbs may not mean anything to "Joe" and his roaring racer but it does to us?

How difficult it would be for the co-eds to chose a Queen-of-May?

That a new coat of paint may better a face but it couldn't improve the Athletic Field fence?

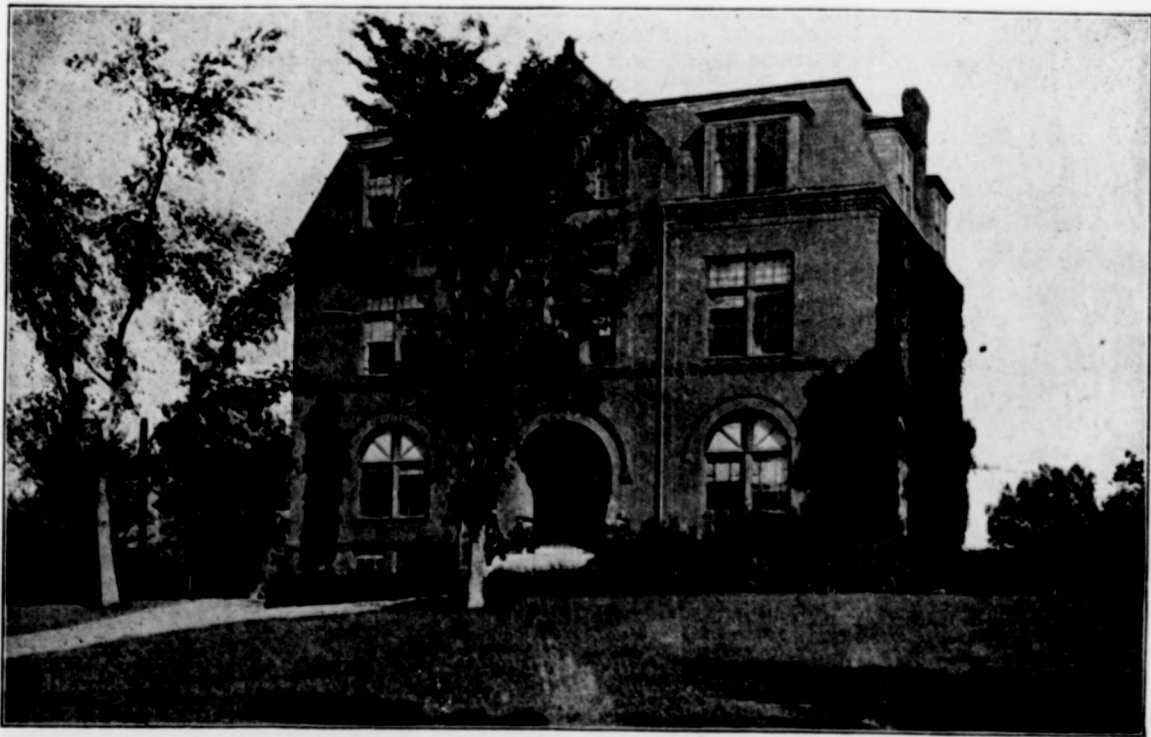

That the Stars and Stripes and the University Banner used to look mighty good beside the speaker's rostrum in chapel?

It has been found necessary to restrict the use of the reserve books at the Library, in order to give better service to all concerned. Access to the reserve shelves will now be shut off, and all students must inquire at the desk for any books they want from these shelves. The present arrangement will mean that it will take more time for a student to get a reserve book, and the library assistants will have less time to give other help that is called for by the students.

The reason for this action is that some students have taken advantage of the fact that they could take a reserve book, forget (or not take the bother) to charge it, and so leave no record at the desk, by which the book could be traced. Some books have disappeared until after the class assignment was due—and complaints have come from both faculty and conscientious students. This form of the "honor system" has been tried in the Library and has failed.

Stanford—Students at Stanford University are taking steps towards the installation of the honor system as a regular part of the school government code. This movement has been agitated for years past, and now that the initial step has finally been taken, the outlook is very promising for the ready acceptance of the system by the students and faculty in general.

Seven co-eds at Ohio State are "physically perfect."

LAW

THE BOSTON UNIVER-
SITY LAW SCHOOL

Trains students in the principles
of the law and in the technique
of the profession so as to best
prepare them for active practice
wherever the English system of
law prevails.

America's new place in inter-
national politics and com-
merce challenges the young
American.

He must equip himself for
new world conditions with a
knowledge of legal funda-
mentals.

LAW—Its principles and ap-
plication to all business is
almost as necessary to the
coming business man as it is
indispensable to the lawyer.

Special scholarships (\$75 per
year) are awarded to college
graduates.

Course for LL.B. requires 3
school years. Those who have
received this degree from this or
any other approved school of
law may receive LL.M. on the
completion of one year's resident
attendance under the direction of
Dr. Melville M. Bigelow. Several
\$25 and \$50 scholarships open in
this course.

Alumni Notes

The engagement of Paul E. Chad-
bourne '16 and Miss Hazel E. Maxwell
of Saco is announced. Mr. Chadbourne
is with the Elliott Electrical in Cleve-
land, Ohio.

Walter O. Frost '06, who has been
covering New England assignments as
field assistant of the Plant Bureau, U. S.
Department of Agriculture, left recent-
ly for Kansas City, Missouri, where he
will be located throughout the spring
and part of the summer doing quaran-
tine inspection of nursery stock.

William L. Ballou '12 was recently
elected councilman for Ward 6 in the
Bangor City Council.

John H. McGee '17 was elected alder-
man from Ward 7 in the recent elec-
tion in Bangor.

University of Chicago—At a recent
census taken among 2,000 students at
the University of Chicago by the board
of Christian Union, it was revealed that
among the 2,000 there was only one
atheist, only two agnostics and that
more men go to church than women.

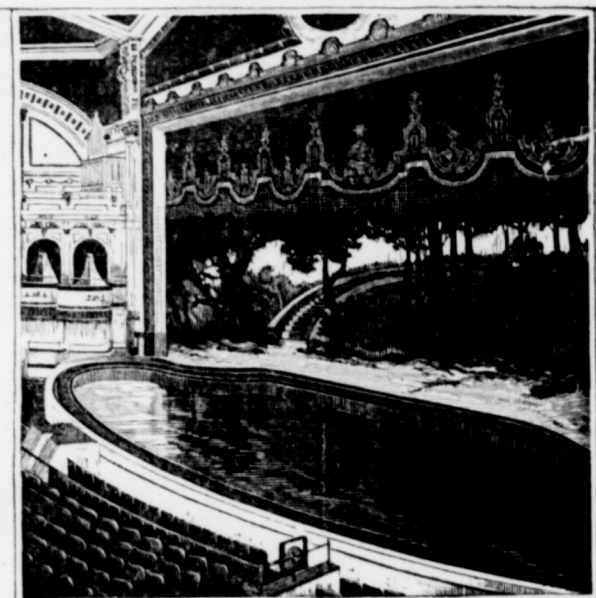

When the University of Mississippi
placed a ban on dancing, the students
showed their disapproval by burning in
effigy the governor of the state who is
chairman of the board of trustees.

The University of Pennsylvania's
baseball team will be very busy this
spring. Thirty-one games have been
scheduled.

OLD TOWN, ME.

THE HIPPODROME
NEW YORK CITY

FEW people know that the two Hippo-
drome stages are gigantic Otis Elevators
whose plungers have a total combined lifting
capacity in excess of half-a-million pounds.

The main stage may be lowered to be used
as a tank, giving a depth of thirteen feet of
water.

This may surprise some who know Otis
only as makers of elevators. The Otis
institution, reaching out into every country
of the civilized world, is a gigantic engineer-
ing organization devoted to the vertical
transportation of men and materials. Nothing
in this field is too big for Otis—nothing so
small that it has not been included in their
accomplishments.

Pioneer in the elevator industry, leader from
the first, Otis still keeps years ahead and is
even now planning, building, inventing and
designing for a future leadership as sure as
that Otis now holds.

Most of the famous buildings of the world
are equipped with Otis Elevators.

Other Eagle White Shirts
\$2.50 up

A CUSTOMER just complained that the laun-
dryman charged him silk shirt prices for
doing his Frostsheen shirts. That con-
noisseur of men's wear could hardly
believe they were not silk.

Frostsheen, you know, is white, a beautiful
white. Silversheen is its gay and sparkling com-
panion—full of color and life, silky as silk and
glorying in the kind of patterns that silks wear
when they dress up.

Silversheen has one advantage over silk—it
wears and wears. Oh, yes, another—
its cost. It is reasonably priced at **\$6.50**

YOU HAVE WRITTEN
POEMS!

Do you care to have them revised or constructively criticised by successful authors? If you do, then send us your manuscript (stories, articles or poems). We will criticise, and place them should they prove to be acceptable for publication.

There is no actual charge for our services. If, however, you have not previously enrolled with the advisory department of this association, we request that you enclose the initial fee of two dollars, which we must ask of each new contributor. There is no additional expense, no future obligation.

It must be realized that we can only be of aid to those of serious intent. If you do mean to strive for literary success, we can help you in many ways. Our services are yours until we have actually succeeded in marketing at least one of your manuscripts. Send something to-day!

Please enclose return postage with your communications.

Candidates for Track Are Very
Hard at Work

(Continued from Page One)

track squad this year are well known to the student body as they have already established reputations in previous seasons. Harold Pratt, perhaps the best known track man in college, has been high point winner for Maine in the past two years, and anchor man on the relay team for the past three years. He is working well in the quarter-mile, and the broad-jump. Roger Castle, another well known veteran track athlete and captain of the 1919 relay team, is working out for the quarter-mile and half-mile. Ned Lawrence, the veteran from last year's relay team is showing up well in the quarter-mile. Net created a sensation at the B. A. A. games this past winter when as lead off man of the relay team he practically captured the race for Maine from the very start by opening up a 30 yard lead over his opponent. He received the Pat French Cup recently for having made the fastest time this past winter on the board track.

Other candidates for the relay team are Webster, Wells, Rock, Jackson, and Cowan. Herriek and Castle are the possible half-milers. In the mile Ames, Kneeland, Pease, and A. E. Wilson look good. Raymond, Barnard, Hartorne and W. I. Wilson are the possible candidates for the two-mile race. In the sprints the candidates are Thomas, Rock, Gray, Carey, and King. In the high and low hurdles, Maine has such men as Dunn, Kelly, Anderson, H. P. Wood, and B. Murray.

Candidates for the team who are specializing in the field events are equally as numerous as those of the track events. In the jumps, Maine has several men that have already established reputations. Judkins, Ackley, and Wood in the high jump; Pinkham, Ackley, and Pratt are candidates for the broad jump. In the pole vault there are

Stearns, Wood, and Houston; for the heavyweights, Strout and W. Murray; in the hammer throw, Stearns, Strout, Bishop, T. Murray and Dow in the discus throw; for the 16-pound shot, Phillips, Dow and B. Murray.

With proper backing the prospects for the championship are bright.

U. of M. Represented at Conference at Tech

(Continued from Page One)

IV.
A. Annual Productions.
B. Trips.
C. Dramatic Associations.

For Maine the following delegates were sent: Carl T. Stevens went as representative of the Student Governing Body; William B. Cobb as representative of the Athletic Organization, Henry Y. Howard as representative of Publications, and Joseph S. Robinson as representative of College Theatricals and Musical Clubs. The delegates feel that the conference was of invaluable service for the betterment of undergraduate difficulties and for solving many of our present problems.

The program arranged by the committee was very interesting and entertaining. Friday forenoon the delegates registered, were assigned to accommodations, nearly all being entertained at their own fraternity houses, and were shown about the buildings. Friday afternoon the four simultaneous meetings of the conference began. Friday evening there was a formal dance to which all the delegates were invited. About 150 Tech men attended this and the visitors were invited to cut in on them for dances. Saturday forenoon the meetings were continued where they were dropped the night before. Saturday noon those representing publications were given a banquet. The others were entertained by Harvard. In the afternoon the meetings were continued and brought to an end about half past five. At seven o'clock a formal banquet was held in honor of the delegates. At this plans for another conference to be held at the University of Pennsylvania two years hence were made. After toasts by a few interesting speakers the conference adjourned.

The conference, as a whole and in any part, was a success and great praise is due the committees in charge and to the chairmen of the various meetings for the pleasing way that the program was carried out.

Maine Loses Exhibition
Game to Colby 6 to 9

In the exhibition game at Waterville between U. of M. and Colby, Maine was defeated by a 6 to 9 score. Most of the runs were made in the first inning which was a bad one for both sides. A total of nineteen men were at bat and eleven of them came home. The pitchers were all ill at ease at first but gradually tightened up, backed well by their infielders.

The summary:

	COLBY				
	ab.	r.	bh.	po.	a. e.
