Maine R.O.T.C. Camp Proves a Success

Proved to Be a Real Taste of
Army Life to Students Who
Attended. Should Become
Annual Affair

The R. O. T. C. regiment's four day encampment at Newport was the most successful undertaking that has been put across by any organization on the campus for many years. It was the first real taste of army life to most of the two hundred and fifty military students who attended. The muster grounds, known as Camp Benson, two miles from Newport village furnished an ideal place for the encampment. During the entire four days not a drop of rain fell and the nights were warm enough so that no one suffered from sleeping on the ground.

The regiment started at 5.30 A. M. Thursday from the University by train to Bangor and continued from Bangor to Newport in auto trucks. The best part of the day was spent in pitching camp and perfecting the necessary organization. Major James and Lieutenant Nichols of the Regular Army, with the detachment of army sergeants stationed at the University were in charge of the camp. Captain Richardson had charge of the supplies. Close order drill took place during the afternoon.

Friday was devoted to close order and extended order drill, manoeuvres and the routine of camp duty. During the afternoon the regiment went on a short hike, returning to camp about 3 P. M. At 5 o'clock a grand review took place which was very impressive.

After supper Prout and Edwards gave an interesting fast exhibition of boxing. A Knights of Pythias minstrel show and dance drew many of the boys to Newport village. Two members of the regiment during the evening turned over in a canoe about a mile from shore. The wind prevented their cries for help from being heard at camp but fortunately farmers on the opposite shore, 2 miles distant, heard their shouts and rushed to the military camp. Help reached the victims barely in time.

R.O.T.C. Student Campers Narrowly Escape Death

While canoeing on Lake Sebastian, John Angus McKay and Bryant McLellan Patten, students of the University who were camping out at Lake Benson, Newport, had a very narrow escape from death by drowning, Friday night, when their canoe was accidentally upset in the middle of the lake about a mile and a half from land.

The boys shouted for help and, after a half hour, were heard by Homer Miles, a Newport boatman, who motored over immediately, picking up the boys just as their hands were getting numb from prolonged clinging to the canoe. First aid was quickly applied by Dr. N. R. Cook, the camp doctor, and the boys were put to bed immediately. Saturday noon the boys had completely recovered and were planning to attend the big dance at the camp.

The two boys had gone to Newport Friday night in the Miles motor boat and hired a canoe at the boat wharf. They paddled out to the middle of the lake, which was five miles wide and six miles long, and were resting on their paddles. The lake was choppy and a swell came rolling along unnoticed by the boys. Before they knew it, the canoe was overturned. They fell clear of the canoe and one boy went down twice before he grasped the boat, which was a narrow light Old Town make. They held on to the edge of the canoe and shouted for help. They noticed a boat putting from the wharf. The night air was remarkably clear and noises could be heard for miles on the lake. Had the boat arrived five minutes later the boatman would have found only the canoe, as the boys' fingers were numb with intense cold.

McKay is an adjutant at the camp being attached to the headquarters of the commanding officer, Major Luther James, U. S. A., and Patten is a major of Co. I.

Intramural Baseball Is At the End of Schedule

The Intramural baseball league is at the end of its schedule with a few postponed, and two tied games to be played off this week and the first part of next. The championship games will probably be played off the middle part of next week.

In the North League there are two postponed games to be played off, Sigma Nu plays Theta Chi, May 13, and Beta Theta Pi, May 16. In the games that have been played since the last issue of the *Campus* went to press the Commons Council won from Theta Chi by the score of 4 to 1 and Sigma Nu beat the Commons Council 7 to 4. Lambda Delta lost their game to Beta Theta Pi 11 to 3.

There are five postponed games and two tied ones to be played off in the Central League. The only game that was played in this league this past week was the one between Delta Tau Delta and Sigma Alpha Epsilon. This game was rather interesting and the final score was not determined until the last man was out. The score was 2 to 1 in favor of the Delta Tau Delta team. The game between Phi Eta Kappa and Delta Tau Delta ended in a tie 7 to 7, and was called on account of darkness.

In the South League Sigma Chi and Alpha Tau Omega have all of their games. These two teams have a postponed game to play off which will probably decide the championship of this league. In the past week the Alpha Tau Omega team won from the Phi Epsilon Pi and the Sigma Chi captured a game from the Phi Kappa Sigma team.

Hold Interesting Rally At Last Student Chapel

With Sid Osborne as a live cheer leader, Friday's student chapel was a "peppy" rally for the dual meet with Tufts and for the Bowdoin baseball game. Bill Cobb, who presided, said that in anticipation of these two events he was asking various speakers to stir up some enthusiasm and tell what Maine's prospects were.

Coach Flack first remarked on the absence of freshmen from the rally. This was a surprise, he added, because the freshmen usually show a very good spirit, due, perhaps, to the fact that they have not been here long enough to get into bad habits. He urged the students to show the spirit that he heard so much about before he came to Maine, the right kind of spirit, which realizes that the track team does not belong to the coach, but to the University; and that the men have been chosen because they are the best men in college scholastically eligible to compete. The attitude of the students may in many cases influence the results. Instead of lying down in the face of defeat and saying "Ain't Nature cruel?" as Crowley mournfully remarked after viewing the Syracuse coaches, buck up and make the best of what you have; who knows but you may put one over on the old Dame?

According to Captain Pratt, the Tufts Meet was a preparation for the State Meet, an opportunity to get per-

Maine Loses to Bowdoin In Good Baseball Game

Bowdoin Team Stages Comeback
After Being Trodden Upon
by Maine for Six
Innings

In the first of the two games with Bowdoin Maine came out on the short end of the score 10-8. After the Bowdoin team had trailed Maine for eight innings they suddenly woke up and sailed into Maine with both fists and feet, scoring seven runs in one inning. Up to the eighth Maine was in the lead with eight runs to Bowdoin's three.

Jowett had been pitching good ball until Bowdoin got after him and that after he had fanned two in the inning before. Nichols proved easy for Bowdoin and Rusk was sent in. He had somewhat better luck but the damage had been done.

Bowdoin hit the ball hard all through the game but Maine's fielding was good and Maine's hitting was well placed. Al Morrell and Dave Needleman were the clean-up men for Bowdoin with lusty triples. Stearns and F. Johnson clouted well for Maine. There was some rather bad fielding on both sides. Maine out-hit Bowdoin and should have won the decision.

Junior Week Prize Speaking

All juniors interested should see Mark Bailey, No. Estabrook, immediately. There is a \$15 prize for men and for women also.

Interscholastic Prize Speaking Contest Held

The Maine Interscholastic prize speaking contest took place in the chapel Friday, before a small but appreciative audience. The prize of \$15 for first place in the contest was awarded to Miss Ellen Williams, of Bar Harbor High School, whose rendition of a cutting from The Twelve Pound Look, by James M. Barrie, was delivered with the art of a professional. Miss Thelma Louise Coolidge, of Monument Academy received honorable mention from the judges, as her selection "Helen Thimre" by Elizabeth Stuart Phelps, was excellently rendered.

The competition in the contest was very keen and the audience was at a loss to conjecture who the winner would be until the final decision of the judges was announced by Professor Mark Bailey who was in charge of the contest.

Eight secondary schools were represented by one delegate each. Due to the small number of contestants it was not necessary to hold any preliminary trials in the afternoon as was the original intention. The judges of the contest were Mr. J. H. Higginston, Rev. Clinton W. Wilson, D. D., and Professor Stith Thompson.

The following was the program of the speakers:

"Mirandy on the Sweet Girl Graduate"	Dorothy Dix

Maine Outclasses Tufts In the Dual Track Meet

Blue Track Men Pile up 107-19
Score. Tufts Fails to Secure Any First Places

The University of Maine track men outclassed those from Tufts in every event Saturday afternoon on Alumni Field at the Tufts-Maine Dual Track Meet, winning first place in every event and piling up a score of 107-19.

On an ideal day for the track event the Maine boys showed the spectators what they might expect at the State Meet Saturday. Coach Flack's men are in good condition and have fine form.

The 120 yard high hurdles started the list of events and from the beginning Maine took the lead in point-getting and held it thruout. Castle, and Dunn easily won first and second with Littlefield a poor third. Pinkham took the lead in the 100 yard dash and finished first to Thomas and Macchia. The showing of the famous Capt. Bart Macchia was not up to expectations. He finished third in the 100 and 220 and failed to place in the running broad jump.

One of the best events of the meet was the mile run with the spectacular finish, when Ames and John Doherty passed and repassed each other on the home stretch with Ames finally pulling away and winning by inches.

The 440 yard run was a race between Capt. Pratt, Lawrence, Rock and Hegarty. Lawrence just edged by Pratt who was followed by Hegarty and Rock. This was run in the fast time of 51.4, one-fifth of a second slower than the quarter mile record for Alumni Field, 51.3.

The 880 yard run was won by Webster with Herrick a close second and Cooper third.

Raymond and Barnard, of cross country fame, placed first and second, respectively, in the two mile, leading John Doherty, who finished third.

Maine took all three places the 220 yard low hurdles with Dunn first, Kelley second and Castle third.

Tufts scored 11 points to Maine's 43 in the field events, winning their points in the hammer throw, shot put, and discus. Maine took all three places in the pole vault and the running broad jump.

The summary:
100 yard dash won by Pinkham, 2nd Thomas, 3rd Macchia of Tufts. Time 10 flat.

220 yard dash won by Thomas, 2nd Pratt, 3rd Macchia of Tufts. Time 22.1 sec.

440 yard run won by Lawrence, 2nd (Continued on Page Four)

The New Board

With this issue of the *Campus* the new board, elected for the coming year, takes control of the paper. The new board fully realizes the responsibility and trust placed upon it and enters the work with an honest desire to give the best that is in it.

Since the departure of compulsory chapel there has been no common meeting place for the students of the University. The *Campus* is the only weekly publication at the University and consequently must serve to unify the student body, faculty and alumni of the institution. It shall be the purpose of the *Campus* not only to publish current news but to discuss the current topics pertaining to the University and if possible solve, in part, some of our numerous difficulties. Communications from any member of the student body, faculty or alumni would be more than welcome. If you have an idea that would aid the University, let the *Campus* help you "put it across."

From time to time many articles will appear in the columns of the *Campus* that are not news to you, but please remember that the *Campus* serves many alumni who do not have access to the local papers as you have. There will be a column each week devoted to alumni notes. It is hoped in this manner to hold the interest of our alumni.

It is the wish of the new board to obtain all news possible of our faculty; to publish news of the activities of all faculty organizations, entertainment, and the like.

The board will take note of all activities of the colleges, and will place what is considered the most interesting in your paper. Special attention will be paid to the colleges in this state and what they are doing toward advancement.

The editorials will be constructive wherever possible. They will not be the products of one man's mind but rather the ideas of the entire board of editors acting together. They will place before you opinions they consider are for the best interest of the University. In this column black will be called black and white, white. If a committee, having charge of an important function, does not discharge its duty properly this board believes attention should be called to the fact in order that it may not occur again.

In following out the program for the remainder of this year and next year the board asks for the cooperation of all students, faculty and alumni. If this cooperation is given *The Maine Campus* will be a truly representative paper and a paper that you will all be proud to call "my college paper."

On the Tufts Meet

The dual meet held on Alumni Field Saturday was gratifying to all who attended the affair. The meet was run off smoothly. The only things which would have added to the meet were numerals for the contestants, and programs.

It seems to us that a fine opportunity for some honorary society to make money by selling programs was passed up. We all would have enjoyed having some souvenir of the meet in our M books.

The Tufts men put up a hard fight and took their defeat as all teams should. We wish them the best of luck and hope to meet them again.

Our results in this meet compare

favorably with the other meets held in the state this year. Pinkham's time in the 100-yd. dash, 10 seconds; Thomas' time in the 220-yd. dash, 22.1 and the work of Lawrence and Libby in their events proves that Maine will be a formidable contestant in Saturday's meet.

We feel that Manager Fifield and his assistants as well as the track team and coach deserve a lot of credit for the fine exhibition which they gave us last Saturday.

The State Track Meet

The track meet determining the championship of the state will be held at Brunswick next Saturday. Are you going to be there to cheer our Maine men to victory? Those of the student body who have been here two years or longer remember the feelings of disappointment we all experienced in our defeat here at Maine and again at Bates last year.

This year we have a very good chance of winning the state championship. In order to win this meet the team must have support. They must hear that M-A-I-N-E above all other cheers next Saturday. How are they going to hear this cheer above those of Bowdoin, Pates and Colby if you do not attend? The old remark "Let George do it" simply will not go. *You*, personally, must go to Brunswick.

Many of you say, "It costs too much." Is ten dollars too much to pay in order to see the blue M of your college lead all others in the meet for the championship of the state? Let us all be there Saturday and tell the team what we think of them.

Shall the Band Go?

Shall the Band go to the State Meet at Brunswick this year? What is that? You all say they shall go! We all agree that they should go but do you realize that it costs \$300 to take the thirty piece band down and back? The athletic association is in no condition to pay this amount. The next question is, where are we going to raise the money? There will be some definite plan formulated soon and you may be asked to contribute. Do not fail to do all in your power for you all know the effect of the "Hound Dawg" on any of our athletes.

On Scholarship

With the issuing of a comparative scholarship record by the registrar our attention is called to the often overlooked record of our scholastic standing. This record as is printed elsewhere in this issue of the *Campus* gives the careful observer some very interesting information. We notice that the average of the University is slightly below a satisfactory passing grade. This condition must be remedied. We find the average of the sororities to be above the average of non-sorority women but the average of the fraternities is below the average of the non-fraternity men.

In order to justify their existence the fraternities on the Campus should take every means known to them to increase their scholastic standing. Pi Beta Phi the sorority having the highest rank and Lambda Chi Alpha, the fraternity having the highest standing are certainly to be congratulated on their fine showing. Let us all try to raise the average of our University and our organizations this semester.

On Canoes

With the accident at the R. O. T. C. camp in which J. A. McKay '23 and B. M. Patten '23 were nearly drowned the old question of the dangers of a canoe are brought back fresh to our memory.

It seems that the warning given all of us by that accident must not go unheeded. At this time of the year there are many who go canoeing. How many of you are able to swim? Those of you who are unable to answer this question in the affirmative should never be allowed to enter a canoe.

For those of you who are able to swim the old warnings "always step in the center of a canoe" and "never fool in a canoe" still hold true today as they did in the time of our fathers. The fellow who takes a girl out in a canoe and does not know how to properly handle the canoe does something which is nothing short of criminal.

Let us all take the matter seriously and be more careful than we have been in order that no sorrow may come to those dear to us. Remember the saying, "Never take a girl canoeing if you can not swim well enough for two or unless you know she can save you."

Commencement Ball to Be Big Event of Year

Seniors and undergraduates should plan to attend the Commencement Ball which is coming June 6. The committee is planning to make the event one which will never be forgotten. The ball this year promises to be the most successful event of its kind which has ever taken place on this campus.

The seniors need not be impressed with the fact that attendance at this function is expected from every man and woman in the class. The committee is making preparation on the basis of 100% of the senior class being present. Underclassmen may also attend this affair.

The committee which is hard at work making preparations for the event consists of: George Ginsberg, chairman, Francis Foley, George Lambert, Helen Reed and Dorothy Hart.

Nominations Made for Student Government

The annual picnic which is to be held Wednesday, May 11, was discussed and plans were made to make it as enjoyable a time for all as possible.

Two Dual Track Meets Held by Maine Colleges

In the annual meet between N. H. State and Bates held last Saturday at Lewiston the New Hampshire institution won, 71 to 55. Farley, Bates' star sprinter pulled a tendon in the 100 yard dash and will be unable to be in the state meet Saturday. Wiggin won both the 100 and 220 yard dashes in 10 2-5 sec. and 23 3-5 sec. respectively. Ray Baker won the two mile run easily while his brother Dick won the mile. Pates failed to score in the weights. Burrill of Bates won the broad jump by doing 20 ft. 7 1/2 inches.

Bowdoin lost to Brown in their dual meet by the close score of 64 2-3 to 61 1-3. Brown's winning of the pole vault decided the meet. Brown won the 100 yard, 220 yard, 440 yard, 880 yard, mile. Towle of Bowdoin won the 2 mile in 10 m. 2-5 sec. 120 yard hurdle race was won by Hardy of Bowdoin in 17 3-5 sec. Parent of Bowdoin won the low hurdles in 27 sec. In the shot put Bisson of Bowdoin came second with 35 ft. 8.8 in. Tostell of Bowdoin won the hammer throw by 132 ft. 9.2 in. Philbrook won the high jump by 5 ft. 6 3/4 in. Parent came second in the broad jump with 21 ft. 5 in. Bishop came second in the pole vault with 10 ft. 9 in.

It was reported that Goodwin, Bowdoin's crack distance star has been dismissed from the team for insubordination and would not compete for Bowdoin again this year.

A dual track meet has been scheduled between Boston University and New Hampshire State, May 14, at New Hampshire State.

The student body of Wilson College, Chambersburg, Pa. has requested ex-President Wilson to reconsider his refusal of the \$150,000 offer to write of his experiences. They have asked that

Our track team?
How the Fernald bench moves with the sun?

The daily victrola conflicts between the fraternity houses?

Coach Flack's new hat?

That the state meet will be held at Brunswick Saturday?

"Fruit" Carey learning how the movie idols do it?

"Strouty" trying to kill Bananas at the track meet?

How good the white flannels look? Mac's lonesome look?

The cigarette stubs on the library steps?

The chemistry "prof" wearing his straw hat about a week ago?

That rumors have started again? That A. B. seniors have to take finals?

That the Prism is still on its way? That picnics are popular?

That Mr. Chasman overlooked the letter A when he learned his alphabet because he wanted to be original?

That Mr. Bless has a new theory on the induction coil?

PANAMA CANAL EMERGENCY DAMS

GATUN LAKE, eighty-five feet above sea
level, is the reservoir holding the water
to feed the Gatun Locks (which lead to the
Atlantic) and the Miraflores and Pedro Miguel
locks on the Pacific end of the Canal.

Every ship going through the canal in either
direction uses the water from Gatun Lake to
lift it from the one ocean and lower it into the
other. Should some accident destroy a lock,
the weight of water released might force down
the others and cause tremendous damage and,
by lowering the level of the lake, make the
canal inoperative until rain had refilled the lake.

Therefore these big emergency dams were con-
structed. Normally they are not used. In
emergencies they would be swung over the
locks, the gates would drop into position and
effectually dam the opening.

Otis engineers designed, constructed and in-
stalled the machinery for operating six of these
gigantic dams. It is a feat typical of the world-
wide scope of Otis activities in engineering and
the vertical transportation of men and materials.

Most of the famous buildings of the world
are equipped with Otis Elevators.

of embarrassment. To put him at ease once more, the band under the leadership of Dad Woodman rendered a spirited march.

Al Johnson spoke briefly on the splendid spirit of Tufts and hoped that Maine would make as good a showing in the New Hampshire game. The sooner Maine gets down to business, he concluded, the better it will be; you can't stay out in the field with your mouth open, and catch flies too.

Baseball may be compared with life. was Monty Cross' idea. The game of life has three bases, physical, mental and moral; the captain is conscience and the umpire is God.

The rally closed with the Stein Song.

Maine R. O. T. C. Camp Proves a Success

(Continued from Page One)

but the men recovered quickly from their long exposure in the cold water and answered at roll-call the next day.

Saturday morning a sham battle was staged, the result of which will furnish food for argument for some time to come. Governor Baxter was unable to inspect the camp as was planned but sent his staff. The visiting officers reviewed the regiment and commented very highly upon its appearance and military behavior. Major James entertained for luncheon at Jones' Inn the members of the Governor's staff and visiting officers. The party consisted of Brigadier General Haley of Augusta, Adjutant General of Maine; Colonel A. W. Greenlaw of Eastport; Lieut. Colonel Gillin of Bangor and Captain Cole of Bangor. The afternoon was devoted especially to visitors, many coming from Orono and Bangor besides the immediate vicinity. The visitors were entertained by a ball game between the two battalions and many other camp amusements.

An orchestra composed of college students furnished splendid music for a dance during the evening which was attended by the fair sex for many miles around.

Camp was broken Sunday morning and the return made in a cloud of dust via auto to Bangor and thence to college by electric.

Army cooks and cooking equipment were sent by the War Department from Fort Williams in Portland. A wireless outfit was set up which kept in constant communication with the college. The reports sent out by the wireless station

were heard as far west as the Mississippi River.

No one who attended the camp had the least fault to find and the military department of the University is so well pleased at the result that a camping trip will probably become an annual event.
