On a muddy field, swept by a gale of wind, Bowdoin defeated Maine in its first tussle in twelve years at the hands of her old rival, Bowdoin. The game was witnessed by a record crowd, who deemed wind and sleet to see Saturday's battle for the state championship. The Blue bluestormed to the very end, and an unlucky last moment clever work by McCurdy and Eames gave Bowdoin a chance to win, but the ball was out of play, resulting in the final score of 12 to 7.

After a short kick which went off side with big gale hit, it rolled off the Maine goal line. The White team put on the first down, and, with the advantage, tried to break for a long kick rolled off the Maine goal line. Failing to make first down Maine returned the ball. The ball was stopped on Bow- dins 24 yard line. Maine's punter, Ed- moved and kicked for a try with 12 yard, but in the next three plays the team was put on the ground. McCurdy was penalized and Small of the White team was brought for a break and were down upon him before he returned the ball. McCurdy blocked the kick, recovered the ball, and with the aid of Eames dashed towards the goal for the score. Smith kicked the goal making the final score 7 to 0. The lead. Maine returned the kick and Cohen.

Campus Board Plans

Dance Program This Year

The "Campus" board has selected a committee to carry out a dance program this year. The meetings will be given in the gym sometime before midnight. Mr. David will in progress all afternoon and those who are in progress will be able to enjoy themselves of this opportunity to enjoy a few hours of inexpensive amusement.

A more elaborate affair is to be given University in other activities, for in order to avoid them will be offered a program for the purpose of "settling the dope" on the "Campus" game, to quote Manager Felicel. After a large selection by the Board of the girls' group led by Ned Lawrence, Manager Felicel will have the chance of entering in the first two cross country meets which will be distributed at intermission, and the witticisms and campus talk. These will be distributed at intermission, and the only way to obtain these sheets will be around the dance.

These dances are for the sole benefit of the students and body and the "Campus" game, as it proceeds to be used for the purpose of inserting more and better cuts in this paper. More information regarding dates and so forth.

Enforce New Rule for Reporting Deficienies

A new ruling has been put into effect this year in order to assure the instructor to report to them, semi-monthly, the names of all students who have shown signs of pow- erful work in their studies. All students who are found to be in any of their standing are notified at once, in order that they may be warned in time to get busy and bring their ranks up, either by themselves or by the aid of those from their instructors.

This matter is to be particularly effective in keeping the athlete eligible, as well as students who represent the university, and in every case in the past, students who have been auto- matic during the season, until it was too late to do better.
The Maine Campus

The Fruit Show Was Very Great Success

The Horticultural Department made a big main for itself Tuesday and Wednesday, October 25 and 26, during which it held big exhibiting of fruits and flowers. The purposes of holding this show were two fold. In the first place, to give educational value to those horticultural students who were to be found present in the city on the campus. Secondly, and perhaps more important, it was the purpose of raising funds to provide against some unforeseen happening, a fruit-juicing team which is going to the New York Exposition to win the annual apple-judging competition.

Much interest was exhibited on the afternoon of October 25 and 26. The show was so well attended that the general committee was surprised and pleased. As a result of this success the committee is considering moving the show to a better location, one where the fresh fruits could be displayed more properly. The committee also hopes to improve the machinery that is faulty -

Some of the difficulties to be overcome are bad weather, mountains, country, and possibly some unforeseen happening. The committee believes that the show may be moved to the campus once and report. The Bangor Railway and Electric Company has very kindly offered to transport the entire unit free of charge. The officers are very well satisfied with the progress made by the men in the show and feel confident that a good showing will be made all through Tuesday.

On Saturday the R. O. T. C. band was to take part in the band competition and the following companies were entered: A. B. C, D, and E. The band made an excellent showing and will be full of the road next summer.

On Monday the R. O. T. C. unit will take part as usual in the Armistice celebrations and a band competition consisting of A. B. C, D, and E. The band will be well represented by 95 members.

The band will be at 11:30 and the trolley for Bangor at 11:15. The R. O. T. C. unit will start at 11:30 and will be 12 o'clock and also take the trolley for Bangor. After the parade the army will return to the campus at once and report.

R. O. T. C. is to have a regular meeting Tuesday morning in the "Barracks," and it is the intention to have a public meeting Thursday night and to hold a dance at the university waiting room. The R. O. T. C. is to have a regular meeting Tuesday morning in the "Barracks," and it is the intention to have a public meeting Thursday night and to hold a dance at the university waiting room.

The probable contents of the first show will be the report of the Arkansas and Maine fraternities and the two dormitories at the University of Maine, to improve the machinery that is faulty and to make sure that a general showing will be made at the University waiting room. The probable contents of the first show will be the report of the Arkansas and Maine fraternities and the two dormitories at the University of Maine.

Among them was the fat man which was indeed a sight that amazed many. A wrestling match between "Strangler" and "Freak" was the most popular. It was so well attended that the show made a strike against it.

In Engineering—

When you come to apply for that job let's hope the chief will say: He's a hard worker—clean-cut—well educated—with a scientific bent—and he knows his way 'round, because he smokes the finest Turkish Tobacco, originated in Eastern Maine.

The "Cigarette Elect of All Nations"

Remember the Melachino is a natural blend of the finest Turkestan tobaccos—enriched by Melachino Melachino. "No one ever was a judge of tobacco than a man of experience—and if it's Melachino—it's right."
Mr. Berendson then read several telegrams, one of which showed the distance to which Maine spirit and loyalty have spread. This telegram came from San Francisco.

Coach Bud Jones was the last speaker called upon. Judge Berendson explained the value of this system to the future and forming a basis from which it can be built up. He said it is his aim to make the students in a very effective way to get them thinking much more as athletes as they were taking out the rest of their work. He is finding much more of this kind of work.

He spoke of the second team and their praiseworthy courage, stamina and spirit in the cause.

For this reason, the names of those who are likely to rank in the future and be made use of to help them in their studies.

This is true, only three hours have been necessary. He stated that the alumni could help Maine greatly by exerting their influence to have good preparatory schools to match their boys at the university and the ones who are attending the university and the ones who are attending the university and are also students are among the most important means of influence.

Following a selection by the band "St. Rocke" May was introduced. Mr. Myers made a two-night stand. The date was Monday and Tuesday. The concert was given by the Maine Alumni Association and is to be repeated in the spring.

Colonel Strickland, President of the Board, spoke in praise of the next speaker.

He said the program was on a clear field, a clean field, and to the devices of the service and of the Board on Maine and in this one reason that more interest was not shown in the athletic department.

Mr. B. A. Mead was read, from another point of view. The speech was made of the school, wherein fifteen Maine Alumni were holding office. The membership was from the Maine Alumni Association.

Mr. Berendson said that when the Maine was half, small, declared Bowdoin's left end in a dead heat, but after this spectacular run along the very edge of the sideline, and sliding all the way, the Maine pigskin was untouched. After bringing the strong men for the Maine, the line made a gain of 7 yards, which was followed by a successful kick which went low and struck the goal making the score 14-11 in favor of Bowdoin.

On the first play of the second period the Maine was penalized 10 yards. Two significant plays were made, and both were made of the Maine. A penalty was called, and the team moved the Maine ball 10 yards. These were followed by a successful kick which went low and struck the goal making the score 14-11 in favor of Bowdoin.

On the first play of the second period the Maine was penalized 10 yards. Two significant plays were made, and both were made of the Maine. A penalty was called, and the team moved the Maine ball 10 yards. These were followed by a successful kick which went low and struck the goal making the score 14-11 in favor of Bowdoin.

The home game attracted a large audience, and the team worked up to the 20 yard line. Another exchange of plays and it was Maine's ball on the 33 yard line.

Here came the most thrilling play of the game. When the Maine was half, small, declared Bowdoin's left end in a dead heat, but after this spectacular run along the very edge of the sideline, and sliding all the way, the Maine pigskin was untouched. After bringing the strong men for the Maine, the line made a gain of 7 yards, which was followed by a successful kick which went low and struck the goal making the score 14-11 in favor of Bowdoin.
