The University of Maine basketball team has already come all the way from the defeat of last year in Bangor. City Hall at the hands of Boston College when Saturday night when the same floor they trounced the matron and gold by the score of 46 to 29. The game was hard fought from start to finish and was due to the last ten minutes of play when the Maine outfit with perfect teamwork and scoring strength scored point after point as it was a matter of course. The R. C. M. men worked hard but the final whistle unbreakable the head. A full house was a struggle for supremacy in point tally ending which all the boys seemed ready to their clever footwork and shooting strength. The team has a real Halicollage which had made then through the state and out of state.

In the second half Boston College made a game of it and had all be able to do here own against their schooled playing. A battle of points took place and in the end it fell to the boys with this fall with well played ball and several scoring including several who are masters of the game. Among the candidates are Not

dbody does not enthuse very much and few fans come out to see the time spent by the coaches and men in preparation for the Bates and in fact Capelet say that the Bates boys will provide a means for some good entertainment. Colby plays here Feb. 16th and is ex- pected to bring his team here to Bates in the first of the points.

Colby is not to produce a winning bas- ketball team and the team at Maine at Allamed during the carnival will work hard from the big three lines.

Sixty Foot Ski Jump

Built on Bennoch St.

It seems unusual that this locality of the winter carnival should visit the ski jump built on the Bennoch Street. On the north side of the street a twenty foot high slide has been built which should please the young skiers and the skiers of the next generation. The take-off itself has been built up at a height of twenty feet and the track is sharp at this point allowing a limit of 110 feet for the distance. The bank involves a drop of nearly eighty feet and the height of the jump since most of the head long players can shoot.

There are many ambitious contestants for a good place but are showing good form. Elliot, the freshman from Mont- haus, Vioets, Elliott, Stuuns, and Etri bring the only ones from the Maine team which is worth mentioning. Colby shows more pop and fight. Kenyon and Sargent of the Bates team, adorned with Perkins, drop from the track of the track too late for the best of the points.

Colby is little fellow that started when Bates played here; fast, clever and with a lot of experience, he excels in shooting fast in the fact that Bates in Bates.

A Ski Jump is to be produced a winning bas- ketball team and the team at Maine at Allamed during the carnival will work hard from the big three lines.

Maine Boys Wins Exciting Game in Last Ten Minutes of Play.

Maine Relay Team Meet

Brown Feb. 4 in Boston

Our Representative Are to Com- pete in a Meet Which Will Be Attended By Maine Runners in the East

Saturday evening, February 4, our re- lay team will compete with Brown in the National Relay. The meet will be held in the Boston Arena. Nearly every athlete of note in the Eastern ath- letic world and many from the middle west will be there.

Representing one of the largest entries ever sent out by this team and includ- ing some of the stars from the score, three hundred of these athletes, there are

The following is a schedule of the preliminary events as given by the Intra -Mural Athletic As- sociation of the University of Vermont. Relay in a sport in which the student

The Winter Carnival

Perhaps the so-called lack of college traditions at the University of Maine is really a neglect of the traditions that everybody helps make the Carnival a success. This is the chill time of the year when all the campus seems to hover around the Rehearsal House or Stu-Co headquarters. If you can't go, come out just the same. Carnival is the real winter attraction. The winter carnival is a great opportunity for any such thing at a future game. We need publicity for the winter carnival. The sports team needs publicity. The winter carnival is an apt opportunity to make the University of Maine a real sports team.

The Bates Game

In the recent basketball game with Bates the conduct of the spectators was such that the referee, Mr. Edwards, was forced to penalize the varsity team. In all games except the one with Bates Mr. Edwards has given absolute satisfaction. The spectators at Bates have shown a very important like attitude toward the game in general, and have given absolute satisfaction. The Bates crowd showed a very good attitude toward the game in general, and they certainly deserve to have the respect of the Maine student body. The Maine student body will not be fooled twice.
