## Basketball Team Loses to Harvard

**Maine Throws Scare Into Strong Harvard Team. Long Range Shots by Crimson Team Decide Outcome of Game**

Maine's fast quintet, which has developed rapidly under Coach Flack's tutelage, bucked up against the strong Harvard five on their own floor last Saturday night. Our boys showed the old fight thruout the game. But the final score favored Harvard in spite of their efforts.

The game opened with the two teams about evenly matched and the game was in the balance all of the first half. The score was nearly even till the last three minutes of play in the first half, when the Harvard team broke away and the half ended with the score 18 to 13, Harvard leading by a bare five point margin. The Harvard boys had as yet gained no advantage. As was evidenced by the later score. When there remained but three minutes to play in the second half, the score stood 23 to 25, Harvard still ahead. Then the thing that lost the game for Maine began to happen. Harvard went shooting crazy, dropping baskets from all angles and corners of the floor. When the whistle blew, the score stood 36 to 23. Harvard having sunk five long baskets and one foul. While Maine had not scored once.

## Masque and Domino Play Presented Successfully

The program of the Second Annual Winter Carnival opened Thursday evening, February 8, with the staging of the play, "The Lion and the Mouse." This was presented by the Maine Masque and Domino Societies under the supervision of Professor Mark Bailey and Mr. Wallace.

The play centers around the love affair of Jefferson Ryder, son of a great money king whose power has been obtained by his wealth and Shirley Rossmore, the daughter of Judge Rossmore who is about to be removed from office because of having opposed the interests of the money king, John Burkett Ryder.

At the opening of the play Judge and Mrs. Rossmore are found in a very unpretentious little house in the suburbs awaiting the return of their daughter, Shirley, from Europe. The judge is almost overcome with grief because of the fact that his honor and position are at stake and he has not the courage to tell his daughters of the reverse which he has met. However, after her arrival, matters are explained, and Shirley resolves to sift the matter through and restore her father "to honor and position." Having met Jefferson Ryder, the son of the great money king, in Paris, she seemed to see her way clear and starts upon her conquest. Shirley, who was somewhat of an authoress had previously written a book called "The Great American Octopus" in which she had made John Ryder the central figure. The great money king had read the book, and wishing to meet the writer a means is afforded to Shirley to reach him. Posing as Miss Green she enters his home, is taken into his confidence and he becomes very much attached to her. All the time

## Literary Discussion Held at Mrs. Corbett's

Mrs. Corbett's literature group for the discussion of modern novels met at her home last Wednesday evening. The book read was "Babbitt" and Mrs. Corbett presented it to the girls in a very interesting manner.

After reading the book, a short time was given to a general discussion of it. Refreshments were served with the freshman girls acting as waitresses.

## New Hampshire Defeated By Girls' Varsity Team

The Maine Girls' Varsity Basketball Team started their season well last Friday by winning their game from New Hampshire State by a score of 27-15.

The game was one of the most interesting contests of the season in either men's or women's athletics, and was a success from every viewpoint. The spectators showed unusual spirit. The girls had a series of new cheers and songs which went off splendidly and took well with the men. The men, entering into the spirit of the thing, responded with hearty cheers.

This real spirit shown by the spectators, together with the hard practice, and careful training they had obtained under Miss Huesman, led the Maine six to victory.

The Maine girls are especially good in their passing. The guards held down the score splendidly. The centers cooperated with the guards and the forwards, who made quick and excellent shots. The girls did not depend upon any one player, but upon the all round

(Continued on Page Four)

## Pease and Somers Give Skating Exhibition

An exhibition of fancy skating was given at the close of the hockey game Friday afternoon. As the Carnival Committee was unable to obtain any professionals from away to give an exhibition, Mr. Ivan Pease and Mr. Vernon Somers of the student body offered to perform.

The ice was not in the best of condition on account of the hockey game but the performers made the best of circumstances and showed some clever stunts. Mr. Pease spun around on one foot so long that the spectators became dizzy. He also dived over an obstacle four feet high, landed on a coat, executed a somersault and regained his feet starting off as if nothing had happened. Mr. Somers skated with ease in the meantime maneuvering in his turn and cutting many figures on the ice.

Many spectators left the scene of the game at the end because of the cold, but those who did stay were very glad to stand the weather in order to see the exhibition which lasted about fifteen minutes.

## Mrs. James Entertains The R. O. T. C. Sponsors

Several of the R. O. T. C. Sponsors were entertained at the home of Mrs. James on Essex Street, Bangor, on February seventh.

Mrs. James told the guests about plans for the future and also about the R. O. T. C. Scrap Book which she is compiling.

This Scrap Book is to be kept up to date by the members of the R. O. T. C. It is to be sent to the National Office in order that they might get an insight into what the R. O. T. C. is doing here, as this is one of the first colleges to instigate the Sponsor idea.

At present, Mrs. James is planning on having the Captains' and Sponsors' pictures put into this Scrap Book, and this plan is to be carried out in the future.

The tea table at Mrs. James' was decorated appropriately for Saint Valentine's Day and dainty refreshments were served.

## First "M" Club Review Makes Its Appearance

Interesting Booklet Containing Records and Pictures of Athletic Teams and Other Information Published by "M" Club

The first Annual "M" Club Review will be sold on the Campus this week. The booklet contains the records and pictures of the athletic teams Maine has had during the past year, a statement by President Little, a little about the coaches, and other interesting information.

The object of the "M" Club in publishing these booklets is to stimulate interest in the University by sending them to prospective Maine men. They will be distributed thruout the high schools and preparatory schools of New England.

The purpose of the "M" Club as a whole is toward the betterment of athletics and athletic policies at the University of Maine. It is composed wholly of men who have earned their letter thru some branch of athletics. It acts as an advisory committee to the Athletic Association in the awarding of letters.

The "M" Club wants good men to come to Maine, men who can study as well as participate in athletics, men who are clean sportsmen, who will deserve to carry the undying and beloved "Maine Spirit" from those who are continually passing on—and those who place Maine first in their hearts always.

## Winter Carnival Ball A Real Social Success

The Carnival Ball, the big social event of the Winter Carnival, was held in the gymnasium, Friday, February 10.

The hall was attractively decorated in blue and white, the University colors. At the lower end of the hall there was a poster of a large polar bear, which was illuminated by a large electric bulb. The lights were covered with white crepe paper which gave the room a wintry atmosphere. Festoons of blue and white hung from the balcony and were caught at the center of the hall to form a dome. The sides of the balcony were decorated artistically with the same colors.

The booths along the sides of the hall were occupied by the various fraternities and also one for the non-fraternity students. These were decorated in the color scheme and attractively furnished.

Among the order of dances were two moonlight dances and a confetti novelty. The confetti was white with a little of the pale colors scattered amongst it to represent the snow. Colored streamers were also thrown to complete the merriment.

Music for the ball was furnished by Ray Thompson's Portland Orchestra and was greatly enjoyed by the large crowd present.

At intermission ice cream and fancy crackers were served.

The chaperones were Dr. and Mrs. C. C. Little, Mrs. Estabrooke, Mrs. Hendrickson, Mrs. Munson, Madam Parcher, Mrs. Stuart, Mrs. Moulton, Mrs. Mason and Mrs. Weeks.

The committee in charge of the ball were John Behringer, Howard Reiche, and Leo St. Clair.

## Informal Houseparties Close Winter Carnival

Saturday evening, March 10, informal house parties were held at all the fraternities and men's dormitories. Following the custom established last year at the First Maine Winter Carnival, 'open house' night was observed.

As there were many guests on the campus, this plan afforded a very efficient means for them to visit the different houses.

Each house was suitably decorated for the occasion, many of them having informal dance orders, favors, and confetti dances. Good music was found at each place, and all entered into the gay spirit of the event which was promoted by this progressive dance program.

## The Winter Carnival Passes Into History

**Thrilling Winter Sports, Contests and Delightful Social Functions Make Second Annual Carnival A Decided Success**

## Maine Hockey Team Defeats Colby 3-2

Before a large and enthusiastic audience, Friday afternoon, the University of Maine hockey sextet defeated the Colby puck chasers, 3-2. Altho the game was not particularly fast as hockey games go, there was no lack of interest as the puck shot up and down the rink. With Colby ahead at one time, Captain Stearns and his team tied the score shortly and in the last period, shot the goal that won the game.

Maine outplayed Colby, both individually and by team work. Stone and Stover were the stars of the game and with Stearns at center showed some very clever team work. Elliott, Mackay and Coakley played very creditably at guard and Baxter at the goal position was on the job every minute.

Stone shot two goals and Stover shot one. Both players came down thru several times but were unable to get the puck by the goal tender. Vail starred for

(Continued on Page Four)

## Mr. Edwards Speaks At Civil Club Meeting

The members of the Civil Club had an interesting program for their meeting in Wingate Hall, Wednesday evening, Feb. 7. Mr. Edwards, an alumnus of the University of Maine, and bridge engineer of the State Highway Department, lectured on the history of bridge construction and illustrated his talk with some lantern slides. He spoke of the evolution of the bridge, from the crude attempts of the ancients to build some substantial structure across their streams down thru the ages when the Romans constructed their stone bridges and aqueducts, to the massive constructions of the present day.

Of course a lecture on bridges would not be complete without telling something of that historic structure across the Thames River in England, and known to everyone as London Bridge. Mr. Edwards told in detail the history and construction of that famous bridge.

The speaker also proved to be a good story teller and amused his audience by telling a number of stories in southern dialect.

Refreshments of apples and peanuts were served thruout the evening.

## University Debating Council Established

With the approval of the Board of Administration a University Debating Council has been established for this year. By the aid of this Council, it is hoped that Debating will be placed on a firmer footing than ever before. It is believed that under this system more debates can be arranged, as the burden of coaching and advising is now shared by several.

The Council consists of student members who have taken part in Intercollegiate Debating and the following faculty members: Prof. Ashworth, Prof. Bailey, Mr. Dougal, Prof. Toelle and Mr. Wallace.

The Department of Public Speaking as before arranges opportunity for oral practice; but shares with members of the Economics and History Department the advising of Case Constitution and General Argument.

With perfect weather Maine opened its second annual Winter Carnival at 9 o'clock Friday morning. Trials for university competitors in the intercollegiate events to take place on Friday were conducted, in the forenoon, on the river and at the skii jump, a hockey game between Maine and Colby featured the afternoon, and a formal ball, the biggest social affair held on the campus in recent years, was the climax of the first day of the Carnival.

Beginning Thursday afternoon friends and relatives kept arriving and soon fraternities and dormitories were taxed to their capacity.

The long distance snow-shoe race over the old cross country course was easily won by "Pat" Patten, the other contestants being far in the rear. Philip Sargent was the winner of the long distance skii race and had a comfortable lead over Carl Switzer and Ivan Pease. Elizabeth Harkness was the first to cross the tape in the seventy-five yard snowshoe dash for women.

Preceding the hockey game, Drew Stearns was elected Captain of hockey. Drew is a senior, a Junior Mask, member of Sigma Nu fraternity and a letter

(Continued on Page Three)

## The A. B. Seniors Pass A Mental Examination

The Seniors in the College of Arts and Sciences were given an examination Wednesday, Feb. 7 by Dean Stevens at the Chapel hour. The purpose of the examination was to test them on the extent of their general information concerning questions of current interest.

The questions as given below are exceedingly interesting and the satisfactory results obtained indicate that the modern college undergraduate is by no means as ignorant on questions of current importance as the critic delights in picturing him.

### SPECIMEN EXAMINATION

1. The Legislature of Kentucky very nearly passed a resolution forbidding the teaching of evolution in the schools. The same question is being discussed in Minnesota and elsewhere.

a. Why was the teaching of evolution opposed?

b. What is your point of view in the matter?

c. State your reasons.

2. Do you think the recent occupation of German territory by the French justified? State your reasons.

3. What was the origin of the Ku Klux Klan? Certain high-minded men belong to the organization: How do they justify it? What is the chief argument against its existence?

4. Who are the Fundamentalists, and for what do they stand?

(Continued on Page Four)

## Special Feature for Annual Sophomore Hop

The annual Sophomore Hop is to take place in the gym Wednesday evening, February 21st. The decorations are to be handled by a special decorator, and will be out of the ordinary. The special attraction of the evening, however, is to be the music, furnished by the Collegians, led by Rudy Vallee himself, who has returned especially for this event. The committee of which George Gruhn is chairman, has gone to considerable expense to make this Hop the best ever, and it is hoped that the affair will be well supported.

### On the Carnival

Maine's mid-winter carnival was a success; there can be no doubt of that. All events occurred with the smoothness that can only be achieved by the most systematically organized motive machinery, contributing to make the whole week-end a success from start to finish. We would compliment the Carnival Committee for its general efficiency and ability to produce the goods.

It is interesting to note the timeliness of our recent mention of the finding of the deed, establishing the fact of state ownership of this institution. At the same time an article appeared in the columns of the *Press Herald* dealing with "Governor Baxter's fluctuating classifications of the University's corporate character." We might say that viewpoint could be a great causal factor in such "fluctuation." One could easily hold different views, as Chairman of the Budget Committee, than as a candidate for office.

### A New Publication

Another publication appears in the field of collegiate journalism. "The American Student" will make its premier entrance with a goal in view—thrift for the college student. As the champion for such a worthy cause this new arrival should succeed in meeting some of the needs of its reading public.

### Lessons in Achievement

We wonder how many of the great thinkers of the past, men who have been outstanding figures in history, owed their supremacy to the degree of interest with which they devoted themselves to interpretation of existing conditions among mankind—meaning with regard to men in their relations to each other. Every man may profit by including in such practice now and then. Observation of others when linked with introspection becomes a strong factor in personal development—an educational possibility.

When we cease to merely give things and people the "once over," and really begin to measure ourselves by the achievements of others, we become aware of our own possibilities, our shortcomings and our abilities. Just as the business man totals his assets and liabilities to obtain sufficient knowledge for carrying on his business—so should we employ a mental trial balance from time to time to aid us in efficient management of the business of living.

We are offered excellent opportunities for such interpretation of the activity of others in our every day college life. Lessons in achievement are before us every day. If, when some obscure fellow places himself to the forefront by cultivation of ability along some line, we would only take heed and study the elements of his success we might be that much wiser.

At times like the winter carnival which we have just had many such lessons come to the forefront. Always, there are a few individuals who are outstanding their achievement—always are there one or two new names or faces that spring into the limelight. It is then, that we are meeting success face to face. But do we always recognize it as such? We merely applaud the individual in a good-natured way and forget that in

studying the reasons for his success we may find means for making our own star that much brighter.

## Shriners Entertainment Was Decided Success

The indoor circus of the Shriners held in Bangor last week was a most decided success, as was also the masked ball, held Thursday evening.

After everybody had tried their luck with the various fakers the big show started with a novelty dancing act by the Morak sisters. This was followed by some clever and thrilling stunts on the bars by Zeno, Hall, and Carr who kept the audience in suspense during every minute of their act. After some more aerial and tightrope work by the Morak sisters, Fred's pigs came squealing into the ring. Pigs are not generally credited with having any great amount of brains, but these little animals went through stunts it would be difficult to train a dog to do.

The show closed with an exhibition of bareback riding by Bostack's comedy circus and riding school, consisting of two lady riders, two men, two magnificent white horses and a pony. Much amusement was furnished by those amateurs who joined the school to learn how difficult it is to keep one's balance on the jouncing back of a horse, and also appear graceful when flying through the air at the end of a rope in a wild endeavor to catch up with the trotting horse and try again.

Thursday night the Auditorium was packed with an enormous crowd and many attractive costumes were observed on the floor. Virginia Pearson arrived a bit late, and after a brief talk held an informal reception. The last waltz was played shortly after twelve, the happy throng crowded out and aboard the long line of waiting cars, and the Shrine Circus was over.

## Keen Rivalry Is Big Feature of R. O. T. C. Camp

This is what one man had to say about an R. O. T. C. Camp at Plattsburg.

Immediately upon arriving at camp the University of Maine men were assigned to the First Company, with the men from New Hampshire State, University of Vermont, Boston University, Rhode Island State, Connecticut Agricultural College and Cornell University. The men from Vermont and Cornell composed the first platoon, while the remaining colleges comprised the second platoon. Then war began.

Talk about rivalry! If the same spirit could be shown here in our unit, it would work wonders. Not only was the individual rivalry very noticeable, but the rivalry between the two platoons of our own company was of the keenest variety and the rivalry between companies was much keener. The captain of the fourth company even bribed his men with the promise of twenty gallons of ice cream, if they would keep their average efficiency above that of the other companies. With eleven companies of nearly one hundred men each, one can imagine the interest shown in the efficiency records of the various outfits.

Our efficiency was based on our athletic ability as well as our work. Each company had a baseball team which took part in a regular "World Series" with teams from other companies.

Maine had two men on the company team and one on the team that represented the entire camp. A camp track meet was held and the golf links and tennis courts were open to members of the R. O. T. C.

Two dances a week were also held for R. O. T. C. men, the orchestra for these occasions being composed of members of the unit.

Barracks life gave most of the humor to the trip. There was a time when one of the Maine men came in after lights were out and could not find his bunk. He made so much noise that the sergeant came around and said, "Boy, light a match and let me see your name." After that those words were a sort of pass word with the Maine fellows.

Lambda Chi Alpha, under quarantine, gave their informal dance at the Niben Club Saturday evening. The barge ride and dance was greatly enjoyed by the couples who participated.

Mother: "Lucille, you stood on the front porch quite a while with that young fellow last night."

Lucille: "Why, mother, it was only for a second."

Mother: "But I'm sure I heard a third and a fourth."

## HISTORY OF FRATERNITIES

### Phi Kappa Sigma

Alpha Delta chapter of the Phi Kappa Sigma fraternity was established at the University of Maine on May 27, 1898, when the Omicron Epsilon Eta Pi Society was initiated into Phi Kappa Sigma. The ceremony took place in Bangor City Hall. This was the fourth charter fraternity at the University of Maine to become national. Twenty-two members assumed the responsibility of the new fraternal organization, of which five

Bureau of Science 1903-19; Director of the Bureau of Science 1919. At the present time considered the greatest authority in the world on tropical vegetation.

Bridge and Structural Engineer. During war, Senior Highway Bridge Engineer, Bureau of Public Roads, U. S. Department of Agriculture. At present, State Bridge Engineer, Augusta.

PHI KAPPA SIGMA HOUSE

were freshmen, six sophomores, six juniors, and five seniors.

During the early life of the fraternity, meetings were held in the Q. T. V. hall on the campus and at nearly every meeting for over four years it was the custom of the society to carry out an extensive literary program. During the winter of 1900-01 the Q. T. V. hall was burned and it was only through the daring and persistent efforts of Brother F. M. Davis that the charter was not destroyed.

In November 1903 the chapter moved into its new home, a house built to hold about thirty students, a matron, and a chef. From that date as is universally the case, a new life began for Alpha Delta. Since that time she has had her full quota of famous college men, successful business men, distinguished soldiers and noted scientists.

### A FEW NOTED PHI KAPS

Elmer Drew Merrill, B.S., M.S., '98  
Assistant Professor of Biology at the University of Maine, 1898-99; Botanist to the Philippine Bureau of Agriculture and Forestry 1902-03; and same to the

William Hilton, B.S. in C.E., '11  
Superintendent of Forest Engineering Division, Great Northern Paper Co.

Oscar Mountfort, C.E., '12

Pilot Engineer on Federal Valuation for Pennsylvania lines west of Pittsburgh.

Allen Stevens, B.C.E., '99  
Phi Kappa Phi. Chief engineer, Turner Construction Company, New York City.

Alfred Andrews Starbird, B.S., '98  
Officer of the United States Army. First Lieutenant, Artillery Corps, 1901; Captain, Artillery Corps, 1903; Captain, Fifth F. A., 1907-16; Major, Fifth F. A., 1916-17; Major, Inspector General's Department, 1917-18; Brigadier General, 1918-19. Present rank, Lieutenant Colonel.

George Kemp Huntington '05.  
Kidder Scholarship; Phi Kappa Phi. Now Acting Treasurer for the Western Union Telegraph Company.

Lloyd E. Houghton, '12.  
College record two mile, college record five mile marathon, State record, two mile. Now Forest Engineer with the Great Northern Paper Company.

Leonard Alexander Lawrence '04  
Varsity Track 1, 2, 3. Holder of two mile college record.

### PHI KAPS IN THE FACULTY

Archer Lewis Grover, B.M.E., B.S. '99  
Professor and head of department of Engineering Drawing.

James Adrian Gannett, B.S. in E.E. '08  
Registrar at the University of Maine

James Strothard Brooks '14.  
Instructor in Engineering Drawing; Assistant coach of cross country.

Arthur L. Deering  
Head of County Agents, College of Agriculture extension work.

Hampton Bryant '12  
Graduate manager of athletics.

### PRESENT CHAPTER ENROLLMENT

Seniors: Paul W. Anderson, Gloucester, Mass.; Edward C. Fossett, Bristol; Edgar E. Lineken, Thomaston; Milton C. Prentiss, Greenville; Ronald C. Stevens, Kingfield; Richard B. Stuart, Houlton; Daniel F. Thomas, Camden; Ralph E. Thomas, Camden; Robert F. Ham, Guilford.

Juniors: Hazen H. Ayer, Union; Gregory Baker, Bingham; Herbert S. Brasseur, Haverhill, Mass.; Edward C. Cutting, Warren; Earl M. Dunham, Dixfield; Ralph M. Hutchinson, Houlton; John T. Skolfield, Brunswick; George O. York, Old Town.

Sophomores: George N. Coburn, Weld; Wilmer R. Elliott, Montreal, P. Q.; Harold L. Gerrish, Brownville; Mark A. Hurd, Pittsfield; Arthur N. Pendleton, Dark Harbor; Harold Pressey, Bangor; Hollis A. Smith, Haverhill, Mass.

Freshmen: Thompson L. Guernsey, Dover-Foxcroft; Alfred W. Hammer, Wethersfield, Conn.; Fred E. Littlefield, Brewer; Albert H. Olsson, Litchfield, Conn.; Robert E. Pendleton, Islesboro; Philip A. Rowe, Haverhill, Mass.; Charles A. Sherer, Rockland; Clinton A. Woodard, Bingham.

## Journalistic Fraternity Has Editorial Contest

Is the college graduate poorly equipped physically? Has his bodily development been neglected because of attention to mental development? Should a new standard of physical fitness be required of every student as a qualification for a degree?

Every male undergraduate in the United States and Canada has been invited by Pi Delta Epsilon, honorary collegiate journalism fraternity, to answer these questions.

In announcing as the subject for Pi Delta Epsilon's 1923 Intercollegiate Editorial Contest "Physical Development as a Requisite for the College Degree," Cecil F. Gordon, of Dartmouth College, General Undergraduate Chairman, said: "Last year hundreds of editorials were entered in our contest. Pi Delta Epsilon has two objects: first, to interest American college students in affairs affecting them all as a group; and, second, to arouse a greater interest in journalism in general and editorial writing in particular. We confidently expect no less than 3000 editorials."

### Medals to Be Awarded

As in the past, Pi Delta Epsilon will award its coveted gold, silver and bronze medals to prize winners. One gold medal, two silver medals and 10 bronze medals will be given. Because of the nature of the subject chosen, extensive publicity will be given by the metropolitan press in general and particularly by

sporting editors interested in intercollegiate athletics.

### Faculty Aid Solicited

Philip C. Pack, Grand Editor of Pi Delta Epsilon, has urged cooperation by college faculties in making this subject compulsory with all students in English and rhetoric classes. "In 1921-22," he said, "many instructors in these subjects required entry by every student. Since the student is offered the additional incentive of participation in a contest of national scope, instructors may well expect very creditable work."

### Harding Praises Contest

A letter received from the White House from President Warren G. Harding, a member of Pi Delta Epsilon, indicates his thorough endorsement of the contest. As a former newspaper and college man, he is in whole-hearted sympathy with its object.

Announcement of the Contest Rules will be made within the coming week.

Williams College—The results of the swimming tests given to all members of the freshman class at Williams College show that more than 80% of the men can swim well enough to pass the exam. The test consisted of four events, treading water for one minute, deep and shallow stroke for sixty feet. Those who did not pass have been organized into classes and are being taught the fundamentals of the art. In addition much swimming talent has been unearthed which is being trained for the varsity swimming team.

## The Winter Carnival Passes into History

(Continued from Page One)

man in track. His election is a popular one as he has been prominent in undergraduate activities during his school course.

"Pat" Patten was the high point man of the Carnival, annexing both first places in the long distance snowshoe races, first place in the quarter and half mile snowshoe races, third in the obstacle race and ran anchor on the winning Maine relay team. He is a sophomore, member of Phi Eta Kappa, Sophomore Owl, "M" man in cross country for the last two years and prominent in his class affairs. He was a member of the winning team at the Waterville Carnival two weeks ago.

Bill Elliott, repeating the performance of last year, won the skii jump with "Chris" Christopherson and "Scrapper" Hay furnishing keen competition. Both Christopherson and Hay have shown wonderful improvement since last year and are dangerous rivals of Elliott. Ivan Pease made the longest jump but was disqualified for failure to hold his balance. "Pat" Patten won the quarter mile snowshoe race with Curtis second and Blethen third.

Bangor 1st; Brewer 2nd; Old Town 3rd.

Bangor (Smith, Robinson, Shannon, Atwood). Time 1:23-10 min.

### FINALS FRATERNITY RELAYS

1st, Phi Kappa Sigma (Smith, Gerish, Ham, Dunham); 2nd, Lambda Chi Alpha (Collins, Blethen, Snow, Davenport); 3rd, Phi Gamma Delta (Curtis, Wiswell, Plummer). Curtis ran twice. Time, 2:51 2-10 min.

### GIRLS' DORMITORY RELAYS

1st, Balentine Dormitory (Snow, Hitchings, Twitchell, Harkness); 2nd, Mt. Vernon (Staples, Peabody, Hersey, Bunker). Time, 1:13 5-10 min.

### FINALS 100 YARD SNOWSHOE DASH

1st, Curtis, Phi Gamma Delta; 2nd, Plummer, Phi Gamma Delta; 3rd, Snow, Sigma Alpha Epsilon. Time 16.1 min.

### INTERSCHOLASTIC SKII JUMP

1st, Burpee, Orono, distance, 35.3 ft.; 2nd, Willey, Bangor, distance, 33.3 ft.; 3rd, Mulherin, Bangor, distance, 30.4 ft. 100 Yd. SKII DASH FOR BOYS UNDER 12

### YRS. OF AGE

1st, Floyd Redmond, Orono; 2nd, Bruce Ashworth, Orono; 3rd, Murray Goodine, Orono.

100 Yd. SKII DASH FOR BOYS OVER 12

### YRS. OF AGE

1st, Mulherin, Bangor; 2nd, Anderson, Orono; 3rd, Modery, Orono.

All the events of Saturday morning were closely contested. The weather was ideal altho the mercury had fallen a little from that of Friday. The skii jump was faster than Friday and the schoolboys gave some very creditable performances, the jump of Burpee of Orono was exceptionally good.

Competition was keen in the interfraternity relay finals—Sigma Alpha Epsilon, Kappa Sigma, Theta Chi, Phi Gamma Delta, Lambda Chi, and Phi Kappa Sigma were the starters. Dobbins of S. A. E. jumped into the lead but lost his advantage by falling down, Phi Kappa Sigma, Phi Gam and Lambda Chi, were about holding their own and after the first 220 yards had been run, it settled into a contest between these three. Phi Kappa Sigma won by a few yards, Collins of Lambda Chi making a desperate effort to overtake Curtis of Phi Gamma Delta. Phi Gam was handicapped in that one of their men had to run twice and thus spoiled their chances of victory.

The Mt. Vernon and Balentine relay is always exciting and this year was no exception—due to a bad pass of the by Peabody to Staples, Balentine gained the advantage in the last part of the race, Staples ran a good race at anchor and finished only a few yards in the rear of Harkness.

Curtis and Plummer of Phi Gamma Delta had very little difficulty in placing first and second in the 100 yard dash, outdistancing the rest of the field.

### LONG DISTANCE SNOW SHOE RACE

(1), Patten, Maine; (2), Laughton, Colby; (3), Eastman (Bowdoin); (4), Spear, Bowdoin; (5), Lavigne, Bowdoin; (6), Hyde, Maine; (7), Wilson, Maine; (8), Vais, Colby.

Bowdoin won, Maine 2nd, Colby 3rd. Team scores: Bowdoin 12; Maine 14; Colby. Time 22 min. 39.8 sec.

### SKII JUMP (INTERCOLLEGIATE)

1st, Elliott, Maine, distance, 34.6 ft.; 2nd, Christopherson, Maine, 33 ft.; 3rd, Hay, Maine, 31 ft.; 4th Stubbs, Bowdoin, 30 ft.

### INTERCOLLEGIATE RELAY

1st, Maine; 2nd, Bowdoin, 3rd, Colby. Time, 1:51 2-10 min.

### SKII DASH—220 Yds.

1st, Elliott, Maine; 2nd, Stubbs, Bowdoin; 3rd, Pease, Maine. Time, 40 seconds.

### SNOWSHOE DASH—100 Yds.

1st, Plummer, Maine; 2nd, Eastman, Bowdoin; 3rd, Snow, Maine. Time, 16.6 seconds.

### FACULTY SNOWSHOE DASH—100 Yds.

1st, Grover; 2nd, Evans; 3rd, Brooks. Time, 20 seconds.

### OBSTACLE RACE FOR MEN

1st, Curtis, Phi Gamma Delta; 2nd, Ham, Phi Kappa Sigma; 3rd, Patten, Phi Eta Kappa.

Time, 2 min. 31 3-10 seconds.

### OBSTACLE RACE FOR WOMEN

1st, Harkness, Balentine Hall; 2nd, Twitchell, Balentine Hall; 3rd, Staples, Mt. Vernon. Time, 1 min. 55 6-10 sec.

### INVITATION HALF MILE RACE (SNOWSHOES)

1st, Patten, Maine (Phi Eta Kappa); 2nd, Blethen, Maine (Lambda Chi Alpha); 3rd, Eastman, Bowdoin. Time, 7 min. 37 5-10 sec.

### SKII JOORING

1st, Eaton, Phi Gamma Delta; 2nd, Plummer, Phi Gamma Delta; 3rd, Merrill—Alpha Tau Omega.

The final standing of the fraternities was Phi Gamma Delta 33 points, Phi Kappa Sigma 27, Phi Eta Kappa 13, Lambda Chi Alpha 8, Commons Council 5, S. A. E. 3. In the intercollegiate events Maine romped away an easy winner with Bowdoin and Colby trailing. Eastman of Bowdoin was the scoring factor on Bowdoin's team.

### OFFICIALS

Judges at Finish—Prof. Grover; Prof. Sprague; Prof. Pollard; Coach Murphy; Prof. Corbett.

Timers—Capt. Norris; Mr. Wallace; Mr. Dorsey.

Starters—Mr. Brooks; Mr. Sweetser. Judge at Skii Jump—Ed. Hall.

Clerk of Course—Mr. Gannett; Mr. Bryant.

Custodian of Prizes—Prof. Toelle. Measurers for Skii Jump—Stuart; Campbell.

Announcer—Stackpole.

## Prize Essay Contest Announced by V. F. W.

Captain Walter I. Joyce, Chairman of the National Americanization Committee of the Veterans of Foreign Wars of the United States, has announced a competition for essays from school children under 16 years of age, during the present year. Subjects to be used are the Monroe Doctrine or on the life, and value to his country, of any great American. Ten prizes have been offered and the conditions of the contest are that the essays be in the hands of the Chairman not later than April 2d, 1923. Announcement of the winners will be made on Americanization Day, April 27th, 1923. The essays will be printed in pamphlet form and Foreign Service, the official magazine of the Veterans of Foreign Wars, will give the entire competition full publicity. Three judges have been picked to decide the contest.

The Oliver Cup, which was placed in competition in 1921 by Comrade A. C. Oliver, Past National Chaplain, as a prize for the most efficient Americanization work done by a Post of the Veterans of Foreign Wars, is now in competition. A Post must win this cup three times before it becomes permanent property.

Bowdoin College—The Bowdoin faculty has adopted some new regulations whereby students who are deficient in the use of English are given the alternative of improving or going on probation. A faculty committee on the use of English, of which the president of the college is a member ex-officio, examines the cases of men who are notably deficient in English. A student who is reported to this committee by an instructor is given special instruction, and is required if necessary, to take an additional course in English composition. No student who, in the opinion of the faculty, has failed to remove his deficiency in the use of English, shall be recommended for a degree. These regulations go into effect immediately with the class of 1923, and continue with all following classes.

Jack: "Julia, won't you go to the show with me tonight?"

Julia: "I can't, it's Lent."

Jack: "Well, when they bring it back will you go?"

## APPRECIATION

We wish to thank those Students who so willingly allowed us to substitute Full Dress Suits for Tuxedos, Friday, Feb. 9th. The demand for Tuxedos on that date was unusually large and it was impossible to take care of all orders received.

We wish also to thank those Students who so generously patronized our Second Annual "Carnival Sale" which was an entire success. Respectfully yours,

GOLDSMITH BROS.  
ORONO

NOT so many years ago (when some of us ourselves were undergraduates) the college student was a hoodlum. Today he's as conservativ as can be—but with definite expression of his individuality none the less. Witness, John Ward Shoes. They are made to meet the tastes of collegemen: dignified, but carrying a note of real distinction.

Masque and Domino Play Presented Successfully

(Continued from Page One)

during her stay there, she works with Judge Stott in the interests of her father. After many complications she finally discloses her identity, completely floors John Ryder by showing his baseness and forces him to realize the wrong he is committing. She is successful and saves her father and marries the money king's son.

Miss Betty Armstrong as Shirley Rossmore, the heroine of the play, showed remarkable dramatic ability and proved a charming miss with many captivating ways.

"Stubby" March as John Ryder, the Lion and money king, is undoubtedly one of the best actors of the University and he carried out every detail very effectively.

The role of the lion's cub, Jefferson Ryder, was taken by Irving Kelley who played up to Miss Armstrong throughout the play and with the combined efforts of the two the play seemed almost a reality.

Due to two of the former cast being unable to be present for the play the part of Mrs. Rossmore was taken by Miss Fisher and that of ex-Judge Stott by Mr. Patterson.

The cast of the play in the order of their appearance was as follows:

Eucoxia	Elizabeth Berry
Rev. Pontifex Deetle	John Seymour
Jane Deetle	Mary Harris
Mrs. Rossmore	Sarah Fisher
Miss Nesbit	Ardis Woodard
Judge Rossmore	Newell Townsend
Ex-Judge Stott	Wesley Patterson
Expressman	Lawrence Thurston
Shirley	Elizabeth Armstrong
Jefferson Ryder	Irving Kelley
Hon. Fitzroy Bagley	Bryant Patten
Jorkins	George Stackpole
Senator Roberts	Arthur Patterson

Kate Roberts  
Mrs. John B. Ryder  
John Burkett Ryder  
Maid

playing of each member of the team. The entertainment after the game was original and well planned. "Prexy" Little was exceedingly pleased to see that the girls could make a success of an entertainment which did not include a dance.

The line-up:  
U. OF M. N. H. STATE  
D. Winslow f. f. Scott  
K. Dennison f. f. Dudley  
E. Ring c. c. Hill  
R. Hersey sc. sc. Svenson  
R. Crockett g. g. Brady  
A. Sargent g. g. Baker  
Goals: D. Winslow 6, K. Dennison 7, Dudley 4, Fouts, K. Dennison 1, Scott 1, Dudley 6.

Maine Hockey Team Defeats Colby 3-2

(Continued from Page One)

Colby and backed up his reputation as a skillful player.

The game was clean and well refereed. Three penalties were imposed; two on Colby and one on Maine.

The summary:

MAINE	COLBY
Stover lw	rw Rackcliffe
Stearns c	c Vail
Stone rw	lw McGowen
McKay ld	ld Hume
Elliott rd	rd McBey
Baxter g	g Berry

Goals, by Stone 2, Stover 1, Vail 1, Hume 1.  
Substitutes, Maine, Coakley for McKay; Colby, Young for Berry. Berry for Young. Referee, Blair, Medford. Time, three twelve minute periods.

The A. B. Seniors Pass a Mental Examination

(Continued from Page One)

5. Make a brief statement about the following: Bonar Law, Sarah Bernhardt, Judge Landis, Charles E. Hughes, George Bernard Shaw.

6. What do you understand by:  
a. Eugenics?  
b. The Einstein theory?  
c. A luxury tax?

Practically every question was answered satisfactorily. The results showed (1) that all believed in teaching evolution; (2) that the class was equally divided on the justification of the French invasion; (3) that no one advocated the Ku Klux Klan; (4) that few were familiar with the term "Fundamentalists"; and that all were familiar with the names and terms in No. 5 and 6.

A Correction

Correction for the Kappa Sigma History in Campus of January 17. William J. Gorham '17 received the first gold watch from the Washington Alumni Association rather than Guy Palmer '17 who holds the Maine Intercollegiate High Jump Record.

M. I. T.—March 1 is the date set this year for the end of the Technology Prize Song Contest. A prize of \$200 is offered for the song which, in the opinion of the judges, is most applicable to Technology.

The object of this annual competition, which was started last year, is to produce a song which will best represent the ideals of the Institute. There will be two more competitions after this year. A loving cup will be awarded for the best of the four songs thus selected. In this way a new song for Technology may eventually be evolved.

Somewhere Lives a Man I Am Looking for and He Is Looking for Me

I want a man who worked his way thru college by selling books, aluminum ware, brushes, bonds, maps, views or other specialties; a clean-cut, congenial fellow who has been trained in the science and art of selling merchandise direct to the consumer; has had experience in hiring and training college men to sell specialties; has made a record; a worker who believes in knowing his merchandise; a man who has made and saved money; a man who has ambition backed up by a burning desire and a willingness to pay the price of success; where the reward is only limited by the limitations of the man himself. If you are the man, write me a personal letter, giving me full details of your past experience and tell me why you think you are the right man.

Cost \$10

—you can sell them  
for thousands

Why is a used book unlike a used car? Because the more you use it, the more you can sell it for.

Books make brains, and the world pays high for brain power.

The bulging dome on the library is worth emulating. It marks the way to bulging pockets.

Don't take our word for it. Ask some of the old grads, the men who have gone out before you to sell their books.

Some have sold them for more than others. Why? Just ask.

But, you may say, books are not the only thing. You're right.

Still, they help.
