ORONO, MAINE, MARCH 21, 1923

No. 21

TWO TRACK MEETS ARE
SCHEDULED FOR ORONOConfidence High for Victories in
Meet with Brown May 5 and
State Meet May 12

Maine is fortunate in her track schedule this year as there will be two important meets here at Orono. The dual meet with Brown takes place May 5th and the following week May 12th will witness the struggle between the four Maine colleges, the annual State meet. No pains will be spared to make this one of the biggest events of the year. Graduate Manager Hampton Bryant has arranged to have the snow removed from the cinder track on Alumni Field so that early work may be done on the track to prepare it for spring training.

EDWARD S. LAWRENCE
CAPTAIN OF TRACK 1923

Bowdoin has won every state meet since the war, Maine winning the event for the last time in the spring of 1916. When the final points were checked up at Waterville last year Maine was third, Bowdoin having won the meet with a good margin, and Bates nosing the blue and white out by a few points. It is also the first time since the war that Maine has had the state meet at Orono.

Maine men are not over-confident but are working hard to make this season a successful one. The prospects in the weight events have risen rapidly with the addition of "Cuddy" Murphy to the coaching staff. "Cuddy" is a weight man of ability and was prominent while an undergraduate at Dartmouth College.

Prospects are bright for a good season there being many veterans left from last year and some promising material in the freshman class. In the quarter mile, Capt. Lawrence, Cahill, Strong, Scott and Blethen will be the main contenders. Kneeland.

New Faculty Ruling

Beginning with the fall of 1923 all girls attending the University of Maine will be required to live in one of the girls' dormitories. The only girls to whom this rule will not apply are those whose permanent homes are in Orono or vicinity.

The administration wishes to take this opportunity to make the above announcement so that plans will be made accordingly and no confusion will result.

Co-eds Take Victory
From Plymouth NormalLast Basketball Game of Season
Proves a Close Contest—
Final Score 23-13

The girls' basketball team closed their season by winning a hard contested game with Plymouth Normal last Saturday evening. No individual player starred, but all the girls played good ball thruout the game. At the end of the first quarter the score was 7-7; the first half, 12-11, Plymouth leading; the third quarter 12-12, and then Maine got the lead and kept it the rest of the game. The game was not supported as it should have been, but the spectators there saw a fine game. An entertainment was enjoyed by all after the game.

Maine 23 Plymouth Normal 13
Snow rf. lg Duffy
Dennison lf. rg Andrews
Ring c. c Darling
Hersey sc. sc Hazzard
Crockett rg lf Thornton
Sargent lg rf Nichols
Goals from floor: Snow 4, Dennison 4, Winslow 2.
Goals from fouls: Dennison 1, Winslow 2, Nichols 3.

Substitutions: Plymouth: Carr for Hazzard, Maine: Dennison for Snow, Winslow for Dennison, Hunt for Sargent, Sargent for Hunt, Hunt for Ring, Ring for Hunt, Hunt for Hersey.

Referee: Search of Bangor.

Letters Awarded in
Basketball and Hockey

At a meeting of the Athletic Board March 18th the following letters were awarded: In basketball: Capt. Harry M. Newell, Old Town; Captain-elect Olaf Berg, Springfield, Mass.; Melvin Holmes Old Town; Louis Horsman, Presque Isle; John N. Jowett, Uxbridge, Mass.; and Harold D. Cahill, Bangor. In hockey, Captain Drew Stearns, Hebron; Wilmer R. Elliott, Montreal; Clyde N. Stover, Brookline, Mass.; Roger D. Coakley, Beverly, Mass.; Roger D. Mackay, Dorchester, Mass.; Roger Stone, Swampscott, Mass. and Charles L. Baxter, Rockland, Mass.

Olaf Berg of Springfield, Mass. was chosen captain to lead the basketball squad for 1924 at the reception given by Mr. and Mrs. Buck of Bangor for the team. "Ollie" has been active thruout his three years at Maine being a member of the Sophomore Owls, Junior Masks and connected with many student activities.

The hockey team will meet in the near future to choose a leader for next year.

Sigma Delta Chi Plans
Journalistic Conference

For the first time in the history of the University of Maine, a Journalistic Conference for preparatory schools of the State is to be given by Sigma Delta Chi, the honorary journalistic fraternity.

While this is not a new idea it has never before been attempted at Maine, although such conferences are given annually by many of the Middle Western colleges. The purpose of the conference is to arouse interest in journalism, to bring representatives of the various prep schools together for an interchange of ideas, and to attract students to the college giving the conference.

Invitations are to be sent out soon by Sigma Delta Chi to practically every High and Prep school in the state, inviting the editor and business manager of the school paper to attend, or any two other students interested in journalistic work. Reduced rates have been secured on the Maine Central Railroad and from 50 to 100 delegates are expected to be present.

Registration will be held Friday afternoon, April 20, the conference opening that evening with a banquet. Several prominent newspaper men of the state are expected to be present as speakers. On Saturday besides meetings and other

Farmers to Rule Campus
During Easter VacationRegistration Will Be Large for
Annual Farmers' Week—Fea-
tures Are Promised

The College of Agriculture will have a special inning during a part of the Easter vacation. Four days next week Winslow Hall will be the assembling place of a number of hundreds of folks from Maine farms. The occasion will be the annual Farmers' Week, a free short course of lectures, demonstrations and discussions on numerous topics pertaining to agriculture and farm home economics.

Balentine Hall will be headquarters for women and married couples attending the course. Others will be furnished board and lodging in the men's dormitories. It is expected that at the annual banquet, Thursday evening, the seating capacity of the commodious dining hall at Balentine will be given a severe test.

Registration in Winslow Hall will begin Monday afternoon and evening. The regular program will start Tuesday morning, the agricultural section at 8.30 and the home economics section at 9.25. Each day's program will be run off in 50-minute periods. Most of the home economics sessions will be held in room 17, but room 35 will be used for the millinery school each day, and room 35 for an evening lecture. The agricultural sessions will be divided among rooms 11, 22, 25, 28, 31 and 33. The list of speakers includes many members of the College of Agriculture and extension service faculty and prominent agriculturists of Maine and other states.

A poultry school of four days and a marketing day's program will be special features. Nine state-wide agricultural organizations will hold meetings and have an important part in the program. These meetings will be held in this order: Tuesday, Maine Federation of Farm Bureaus, Maine Seed Improvement Associations; Wednesday, Maine Beekeepers' Association, Maine Federation of Agricultural Associations; Thurs-

(Continued on Page Four)

Interfraternity Relay
Won by Phi Eta Kappa

The Phi Eta Kappa's took the finals of the Interfraternity Relay Meet by a good margin last Friday afternoon. The Commons Council Team came in second and the Theta Chi's third.

The weather was of the best and the large crowd was well rewarded. The race between these three teams which had survived the preliminaries and the semi-finals, proved a thriller. The Phi Eta Kappa team proved itself the faster by winning by more than a quarter of a lap. The team made up of cross country stars showed that they were none too slow over the short distances even the unexperienced in them. The Commons Council took second place by only a small margin over the Theta Chi's.

The shouting and cheering of the crowd could be heard all over the campus as they encouraged the runners.

The teams were as follows:
Phi Eta Kappa: McKeeman, Raymond, Patten and Ames.

Commons Council: Ridlon, Drisko, Moody and Cutting.

Theta Chi: Newell, Scott, Donovan, Webb.

Time: 3.22 2-5.

Prepare to Give

Use the vacation to convince the family of the fact that your pocket-book and theirs is about to be seriously strained. Think and talk the Memorial Gymnasium Army during the whole week and come back to your work on April 2nd determined to do your individual bit to obtain the full quota of \$100,000 and a one hundred per cent support to the Memorial Fund drive on the 2nd, 3rd, and 4th. It is a big job. Do it right!

C. C. LITTLE

MEMORIAL DRIVE
TO START APRIL 4

Committee in Charge Confident of Success--Alumni Associations Pledge Support--"Give Until It Hurts" is Slogan

Student Quota to Be Raised Wednesday--Doctor Little Will Help Solicit

Maine Alumni Organize for Drive Over Entire U. S.--Publicity Campaign Carried on

The program for actual solicitation among the students at the University is as follows. Doctor Little will speak at the various houses on Wednesday, April 4. He will begin speaking at the Mount Vernon House at 12 P. M. From there he will go to Balentine for lunch. After lunch, he will start at the A. T. O. House and with the band accompanying him, he will proceed up the Campus. The amount the previous house visited has pledged will be announced at the next in order.

President Little expects to get one hundred percent from the student body, whether the pledge be large or small.

Monday and Tuesday after vacation will be devoted to the campaign and the completed plans will be given out at that time. The solicitors will also be announced and thus everything will be set for the big drive.

President Little and the members of the committee will follow as nearly as possible the program, which is given elsewhere in this paper, for speaking at the various houses.

There will be, necessarily, some variations, but all the houses are requested to have all of their men in the house to receive Doctor Little when he arrives. Solicitors will be on hand to distribute the pledge blanks and collect them filled.

East and West to Meet
In Occidental Debate

The University of Maine will hold a debate with Occidental College of Los Angeles, California, on Friday evening, March 30. This will come during the holiday recess, but while deplored on this account, was made necessary by the fact that it was the only available date for the Occidental team. Occidental College is making a tour holding debates with strong teams representing colleges and universities scattered throughout the country. The question to be debated is: "Resolved, that the United States should adopt the Cabinet-Parliamentary form of government."

The University of Maine will be represented by Howard E. Wilson '23 and Theodore E. Hatch '24, who will debate

(Continued on Page Four)

A Unique Contest Is
Sponsored by "M" Club

When the seats for the M Club Minstrel Show go on sale there will be a card presented to every purchaser that will entitle him for one vote each for the most popular girl and the homeliest man on the Campus. To the winners of this novel contest will be given two tickets each, with the seats all reserved for them in the best part of the hall. Members of the cast are eligible for the seats, if they are the choice of the student vote.

The seats are to be placed on sale this week and are to be handled thru the cast, M Club and the co-eds. Reserved seats can be obtained at the book store.

Rehearsals are to be held the following dates, all members in the cast should take note of these: April 2, 5, 6, 8, 10, 11, 12. There will be special rehearsal for the men in the front row on the evening of April 1, and the dress rehearsal in Bangor will be the evening of April 8.

Drive Schedule

President Little and the Student Committee will visit all the houses on the Campus to receive subscriptions to the Memorial Fund on the afternoon of Wednesday, April 4.

The time of these visits is as follows:

12:00 P.M.	Mt. Vernon
12:30 P.M.	Balentine
1:15 P.M.	Alpha Tau Omega
1:30 P.M.	Sigma Chi
1:45 P.M.	Phi Epsilon Pi
2:00 P.M.	Lambda Chi Alpha
2:15 P.M.	Phi Kappa Sigma
2:30 P.M.	Phi Gamma Delta
2:45 P.M.	Phi Eta Kappa
3:00 P.M.	Kappa Sigma
3:15 P.M.	Delta Tau Delta
3:30 P.M.	Sigma Alpha Epsilon
3:45 P.M.	Beta Theta Pi
4:00 P.M.	Theta Chi
4:15 P.M.	Sigma Nu
4:30 P.M.	Sigma Phi Sigma

Entered as second class matter at the postoffice, Orono, Maine.

The editor-in-chief is responsible for the general policy of the paper and for the editorial columns; the managing editor for the news columns and the makeup of the paper; and the business manager for the business and finances.

Communications should be at the postoffice at Alumni Hall before Saturday noon to insure publication.

Printed by the University Press, Orono, Me.

Fair Play

Since the interscholastic basketball tournament, here, articles have appeared in a certain newspaper deploring the shameful treatment that was received by their home team at Orono. We would remind them that all the other teams attending the tournament were warmly received and royally entertained by their hosts, and that remarks made concerning this particular team were in the nature of a rebuke for most unsportsmanlike attitude. Maine men and women are essentially lovers of fair play and show only the utmost courtesy to visitors who show themselves to possess a true idea of sportsmanship.

At last, another telephone is promised for Balentine Hall. Truly, persistence is a virtue.

Sub-Freshman Day

The announcement of May 5 as the date for Sub-Freshman Day gives everyone an opportunity to get a line on people that they would consider to be good prospective Maine men. When you go home for the vacation, look up your acquaintances in your high school. Talk to some of those that are destined to be successful college students, prepare to entertain them on Sub-Freshman Day and sell them the idea of going to Maine next fall.

Altho many wise decisions have been made by the Council of the Girls' Student Government in administering punishment for the breaking of rules, it would seem that that body is by no means infallible. It also seems to have a faculty for making unwise decisions and for imposing penalties that are much too severe.

Memorial Drive

The drive for the Memorial Gymnasium and Armory has received much publicity. Everyone has been urged to give, but even now there may be some individuals who do not appreciate the full significance of the project—how much it really does mean.

Here are some of the reasons why you should contribute your share:

1. "The Gymnasium-Armory will give every student in the University regular exercise during the four years. Every college attempts to train the mind. Few really develop the body. Right living and right thinking come as a result of a clean healthy body. In the present gymnasium only a portion of the student body can take even the old routine of setting up gymnastics. In the proposed building the whole student body can get the benefit of the new program of physical education which is based on competitive play."

2. "The erection of the new building will release the present gymnasium in Alumni Hall for the entire use of girls. Plenty of space will be afforded. The new type of physical training for girls, where they are taught to play, can here be developed. Maine can then turn out young women better fitted for teaching, for the rigors of motherhood and for the exactions of business or professional pursuits."

3. "Maine's share of victories can be increased by the erection of a new Gymnasium-Armory. Why? Because the handicaps of a rigid northern New England climate can be eliminated. When this is done better trained teams will go forth to represent the University. The baseball team often starts on its spring trip thru New England without a single day's practice on a diamond; the track team candidates are confined to the board track in preparation for the early cinder track meets; the relay team competes with Bowdoin at the B. A. A. relays at an unfair disadvantage, Bowdoin having trained under shelter and Maine outdoors in zero weather on a slippery track; and the football men cannot now have practice in rainy weather; and when laboratory engineering causes delay the start of practice until 3.30 P. M. and there remain only 1½ hours of daylight a handicap is again present which can be removed only by the use of the dirt playing field of the proposed building, where early or late practice can be carried on regardless of weather conditions."

4. "The best is none too good for the 41 Maine men who died in the service of their country. Four years have elapsed since the 1700 who were in the service have doffed their uniforms, but until now no memorial has been planned. Only the efforts of an undergraduate group of overseas men who formed a post on the campus of the Veterans of Foreign Wars in honor of Maine's great track athlete, Charles A. Rice '17, have resulted in activity. Funds for the memorial tablet have already been raised by them. The sacrifice of the Forty-One demands a like sacrifice on our part."

5. "A generous response in the Memorial Fund Campaign resulting in the immediate erection of the finest type of a Gymnasium-Armory by the alumni will attract attention, not only of the people of the state, but those people all over the country who are interested in college life and training. A memorial gift of this magnitude will stimulate other gifts, private in nature. Many other fine buildings will result. The effect on the conservative Maine legislature will be at once apparent. The gift will be the greatest source of inspiration to President Little, who is also attempting a difficult yet worth-while program of development for the University. The gift will stimulate the faculty and the student body into a realization of the loyalty of those who have gone out of the institution. The gift will make each donor a booster for the college."

Subscriptions Must Be Paid Within Five Years

There has been some talk of extending the time of payment for undergraduates' Memorial Fund subscriptions from five to eight years. This idea, however, while it might make it possible for undergraduates to make larger subscriptions, will destroy the plan of financing the actual

expenses of the new building, in the process of construction, for while the \$500,000 will be reached in subscriptions, that amount of actual cash will not be received. Therefore, it will be necessary, to make arrangements with banks, to secure the necessary current funds, on a five year loan basis. This makes the change from five to eight years for payment of undergraduate subscriptions impossible.

Rifle Team Wins Match With Connecticut Aggies

The University of Maine Rifle Team won a match which was fired with the Connecticut Aggie Rifle Team by a score of 1856-1655. The lower five of the Maine team shot 1774, making a higher score than the high five of the Aggie team.

The team scores:

MAINE	
Somers, V. H.	378
Haskell, R. H.	377
Snow, R. O.	368
Kelley, I. B.	367
Leighton, R. S.	364

Score	1856
Lower five	1774

CONN. AGGIE	
Steele	352
Mehaffey	332
Jacoby	330
Purple	324
Reveley	317

Score	1655
Lower five	1540

In a match shot with Ohio State, the score was 399-392, in favor of Ohio State but as their manager failed to forward the targets as required the match may be defaulted.

The University of Maine R. O. T. C. Rifle Team won from the Massachusetts Institute of Technology by default due to the inability of the M. I. T. manager to gather a team to fire.

B. C. Kent Master of Order of the Temple

A meeting of the Order of the Temple was held at the Masonic Rooms in Orono on the evening of March 12, 1923. Prof. B. C. Kent was elected Most Worthy Master to fill the vacancy caused by the death of Prof. McCulloch, and William A. MacDonald of Woodfords, Me. was initiated into the society.

It is planned to have faculty night the first meeting after the Easter vacation, at which meeting all members of the faculty who are Masons will be guests.

The following men have been initiated into the Order of the Temple since last fall: R. C. Hutchins, H. F. Davis, E. J. Lyons, J. D. Farquhar, A. C. Perry, W. H. Whipple, M. R. Driscoll, E. S. Lawrence, R. C. Merriott, T. S. Curtis, L. E. Curtis, F. R. West, O. S. Simpson, J. M. Grant, W. W. Chadbourne, G. H. Gruhn, Leonard Lord, Fernald Hodgdon, Theodore Monroe, L. C. Clark, P. L. Johnson, E. S. Ross, C. R. Farrington, J. C. Horne, W. R. MacDonald.

Coach Clark is Anxious To Have Snow Disappear

All baseball candidates reported to Coach Clark last Friday in the gymnasium. The old men were all out, and a very worthy looking crowd were the new candidates. There will be only limbering up exercises and two or three laps around the track for the present. None of the men will be asked to stay over the vacation but all are ordered to report April 2, when practice will start in earnest.

Coach Clark has been watching the snow disappear this past week with great pleasure for he is very anxious to have all the baseball candidates out on the athletic field soon after vacation. Coach Clark does not intend to even give them the afternoon of April 4th off, but will be glad to have the solicitors for the Memorial Fund meet the candidates on the field between innings.

Tech Seniors Have Left On Their Inspection Trip

Seventy-four seniors in the College of Technology, accompanied by Dean Harold S. Boardman and Professors Brautlecht, Sprague, Sweetser and Barrows left Bangor Sunday morning for a week's tour of large manufacturing plants in Boston and nearby cities. The students are divided into four parties, each one of which will follow a different itinerary. The electrical engineers are under the charge of Professor Barrows, the chemicals under Professor Brautlecht, the civils under Professor Sprague and the mechanicals under Professor Sweetser. The expenses of the trip are borne by the students and notes are taken at the various plants visited. The trip ends with the beginning of Easter vacation.

Solicitors Chosen for Memorial Fund Drive

The following men and women have been chosen as solicitors for the Memorial Fund Drive. President Little will address the solicitors at his office at 5 P. M. Thursday.

Edwin L. Kneeland, William Sawyer, David Hoyt, Chester Austin, Olaf Berg, William Whipple, Fred Webb, Carleton Merritt, Arthur Wilson, Guy Griffin, Gerald C. Dunn, George H. Webb, Rudolph A. Nissen, George Gruhn, Larry Connors, Conrad Kennison, Edward L. Lawrence, Philip Taylor, Roland Stevens, D. Ferris Thomas, Merle Niles, Ithael Prescott, Leonard Lord, James P. Boyden, Roland Cony, Oscar Judkins, Erle L. Goldsmith, Wesley Patterson, Alden Wilkins, Benjamin English, Marie Hodgdon, Beatrice Cleaves, Pearl Snow, Katherine Dennison, Cora Russell, Lois Mantor, Harriet Weatherbee, Betty Kingsbury, Martha Sanborn, Lillian Dunn, Elizabeth Ring, Doris F. Twitchell, Regina Sparks.

Every house, dormitory, sorority and non-fraternity is represented in the Committee and these men and women will be held responsible for the obtaining of pledges in their own organizations. A booth will be placed on the day of pledging in the corridor in Alumni Hall to give the out-of-town men a chance to pledge and make the work easier for the committee.

Dormitory Council Gives St. Patrick's Party

Saint Patrick's Day offered an excuse for Burdick, Gammell and Behringer to give a Victrola dance in Hannibal Hall. The dance was held in the afternoon in the north end of the dining room with the men' smoking room doing service as a lounge.

Green was the predominating color of the decorative scheme which was quite simple but very effective. Even the ice cream served at intermission was green as was the punch which was served all afternoon.

"T. D." pipes, tied with bows of green ribbon, were given as souvenirs. Some of the men had their partners names lettered in green ink on the pipes which were hung around the fireplace. Needless to say there was quite a scramble during intermission to find the right pipe.

A large shamrock and a high green hat tacked to the ceiling of the smoking room furnished just the right touch to finish off the rest of the decorations.

Dean Colvin and Miss Chadbourne were the guests of honor. The Misses Noonan, Hall, Sanborn, Hamlin, Dennison, Libby, Weatherbee, Osborne, Shaw, Ware, Brewer, Emery, Yarkin, Murchie, and Andrews from the Campus, the Misses Dunn, Wright, Baker, Page, Tenney from Orono and the Misses Cushing and Piper from Bangor were among the other guests.

Try-outs for Masque Held Twice Last Week

The first try-out for the Maine Masque was held at 3 Alumni Hall last Wednesday evening. There were about twenty candidates out for the cast. At a second meeting, held Friday evening, a few parts were definitely assigned.

The play this season is a three act comedy entitled, "Three Live Ghosts." This play was originally produced at the Greenwich Village Theatre, New York City, during the season of 1920.

Hal Moon, who is coaching the play, is very pleased with the selection made by the Masque. Mr. Moon coached last year's play, "A Couple of Million," which was very successful. The players feel confident, that under his direction, the "Three Live Ghosts" will excel all former productions.

The Masque is planning a four or five day trip for the latter part of April. Organizations that underwrote last year's production are eager for return engagements. The campus production will be staged Thursday evening of Junior Week.

A meeting of Kappa Phi Kappa was held in 26 Fernald Wednesday evening, March 14. A Constitution and set of By-Laws for Maine Gamma Chapter was submitted by the committee appointed to draw them up. They were accepted unanimously.

The Chapter has practically decided to send a delegate to the National Convention of Kappa Phi Kappa, which is to be held in New York City, April 6 and 7.

CORRESPONDENCE

Phi Eta Kappa House
Orono, Maine
March 10, 1923

Editor of The Maine Campus,
Orono, Maine.

Dear Sir:

This letter is written as a reply to the editorial of the last issue of The Campus, in which the band is reproved for having so few members present when we had the Committee on Education of the State Legislature as our guests. For several days in advance, all knew that we were to greet them on that day.

On Monday morning at about 8:30, Dr. Little called up saying that it was a late request, but asked that the band be present at Chapel that day. I replied that I would get together as much of a band as possible in the short time that I had.

At that hour most of the bandmen were at classes, and their instruments lived in Bangor, and their instruments were at their respective houses. Many were at home. To look up 35 men, and to arrange that their instruments be brought to them, couldn't be done on such short notice. I am sure that those that were present deserved praise and nothing else.

The band in many ways may be likened to a pup; just whistle and it is expected to be there right pronto. This point may be illustrated. One Thursday a poster appeared stating that there would be a Rally the next night, and on the bottom of the poster in large letters was the word, "BAND." This was the first notice that any of the bandmen had of the rally, or that its presence was wanted. Ask any one who attended the last rally (if you can find any one who did) where the band was. I'll state that the band numbered nearly half of the entire number of those present.

The band is an organization of men, many of whom live off Campus, which is not far akin to an athletic team, and it takes more than a whistle to collect a band team that can make a presentable appearance.

Now the student body has always supported the band loyally, and we appreciate that support. The band is always ready and willing to respond to its duty, and to cooperate in all ways possible; but we ask that we be given proper notice when called upon, so that we may do a job that we all may be proud of. The job of a "public servant" is not an easy one, yet we plan to do our part.

This letter is not written in a spirit of antagonism, nor just a reply to the editorial referred to, but hoping to state a few facts that have been overlooked in the past. It takes cooperation on both sides to make for success, and we ask for that cooperation.

Very truly yours,
(Signed) Ivan R. Pease
Band Leader

March 9, 1923

To the Editor of the Campus,
University of Maine.

Dear Sir:

May I have space enough to correct a statement which was made in the last issue of the Campus to the effect that work in the summer session is largely for low grade students? An inspection of the lists of students for the past few years will show, I think, a good proportion of the best ranking men and women in the university. The summer session appeals to students who wish to take subjects in advance of their curricula, or who register for subjects which they are unable to get during the regular sessions, either on account of time conflicts or a full schedule. The courses are well adapted for students in the Colleges of Agriculture and Technology who may wish to meet the requirements of subjects in the College of Arts and Sciences. I trust that no one will hesitate to attend the session of 1923 on account of possible low intellectual environments.

Yours truly,
J. S. Stevens

C. E. Kennison Elected State Track Manager

At a recent meeting of the M. I. A. A. in Waterville, Conrad Kennison, Manager of Track, was elected President of the Association for the coming year. Graduate Mgr. Bryant and Mgr. Kennison were delegates from Maine to the Association meeting. Plans for the state meet and eligibility rulings were discussed with a few minor changes taking place in regard to field events.

Moving Pictures Shown To Hecks and Foresters

Under the combined efforts of the Heck Club and Forestry Club, a series of moving pictures relating to agricultural subjects were shown in the chapel last Wednesday evening. Each reel portrayed a different phase of the life on the farm, from the planting of crops and caring for them to the raising and breeding of thoroughbred livestock.

One reel of film, which was exceptionally interesting, showed the motions of a horse when travelling at a walk, trot, gallop, etc., and as it was taken with a slow motion camera, the difference between the different gaits of a horse was easily distinguishable. Another reel showed the damage done by insects and parasites on the farm, and that the damage done by one insect alone, the Ox Warble, amounted to more than \$50,000 a year.

"Gus" Fenderson enlivened the audience by playing the piano while the pictures were being shown, and a good representation of both clubs was present.

Pledges Announced by The Phi Sigma Society

Phi Sigma, the honorary biological fraternity, announces the following pledges: Dr. Edith M. Patch, entomologist of the Maine agricultural experiment station, Prof. Elmer R. Hitchner, Gregory Baker of Bingham, Mrs. Irving H. Blake of Orono, Mary Bunker of Bangor, Arthur Cloudman of Saco, Philip Harriman of Melrose, Mass., Charles E. Noyes of Norway, Bernie E. Plummer of Weld, Max G. Shapiro of Newport.

The Phi Sigma fraternity is an honorary society founded at Ohio State University in 1915, for the purpose of the advancement of the biological sciences. The society chooses its members on the basis of scholastic standing and general qualifications.

Mr. L. M. Edwards Speaks To the Civil Students

Mr. L. M. Edwards, chief bridge engineer of the State Highway Department was again the speaker at a Civil Club meeting held Thursday evening, March 8. His subject was Engineering Supervision and Inspection, and the civil engineering students present at the meeting received some valuable information concerning this part of the engineering game.

According to Mr. Edwards, the engineer must take a certain amount of responsibility upon himself. He should be a responsible person both to his contractor and to the owner and must use absolute fairness even tho it is against his personal feelings. But even then the engineer is often blamed for poor work because people often expect to get perfect work irrespective of the contractor's character. Mistakes are primarily the result of ignorance either of the contractors or foreman or the conditions under which the work is done. Misunderstandings are too often the fault of the engineer because of ignorance of the contract or specifications. Mr. Edwards said that this is where the need of inspection is apparent and the inspector must be observing and not let things slip.

Mr. Edwards quoted several rules of the inspector which can be applied by everyone beneficially.

"Be sure you are right, then go ahead."
"Be sure you are wrong before you quit."

"A sense of work well done is a reward worth having."

While being told why many inspectors fail, our young engineers were entertained with some lantern slides of structures and their good and bad points were pointed out. One of these showed a perfectly good cement culvert, but it was made solid everywhere and not a trace of a place for the water to run thru it. The problem, said Mr. Edwards, was to find the culvert.

Refreshments and smokes were enjoyed after the meeting, and Mr. Edwards told some more of his famous southern stories.

V. F. W. Meeting

The Charles A. Rice Post, Veteran of Foreign Wars, had a regular meeting Thursday evening, March 15. It was requested that every member should be present at the next meeting as important business is to be discussed.

STUDENT'S SUPPLIES AT UNIVERSITY STORE Fernald Hall

**Neatly
Combed Hair**

Neatly combed in the morning—but what about three o'clock in the afternoon?

For wiry, unruly hair—for soft, fluffy hair—for any kind of hair that won't stay combed all day use Stacomb—then your hair will stay combed just as you want it.

Ideal after washing your hair. Leaves the hair soft and lustrous. Ask your barber for a Stacomb Rub.

At all druggists.

Teaching Engineering—a Real Man's Work

"Why are you satisfied to spend your days here when you might be doing bigger and more remunerative work with us?" The speaker was the Vice President of a big corporation, and he was addressing a great chemist.

The man to whom he spoke looked from his study window out over a well-loved campus for several moments before he replied. Finally his answer came, "I guess it's because I am more interested in helping to make men than I would be in just making things."

This thing of building men is one of the most fascinating vocations known. The pleasure that grows out of watching men develop, out of seeing them make effective use of the fundamentals that have been so carefully given them to use—it is doubtful if there can be any pleasure much deeper or more satisfying.

The teacher honors himself in the usefulness of his students. And the teacher of engineering, especially. His laboratory and his materials are in the minds of men. He shows them the right and constructive use of the senses and the memory in securing and storing information. He trains the judgment and the will to analyze and to decide. Little by little he develops the will to do, the ability to turn decision into accomplishment, the quality that always marks the successful engineer, who is a man who gets things done.

Westinghouse, and every engineering business, must acknowledge a deep obligation to those teachers whose training and interest have been an inspiration and a sure foundation for the individual successes that are constantly being recorded. And nothing that men or events may do can deprive the teacher of his rightful share of such triumphs!

Two Track Meets Are Scheduled for Orono

(Continued from Page One)

O'Connor and Murray will probably run the eight hundred and eighty yard run. The two twenty yard dash will have Thomas, Lawrence and Lawry; the one hundred yard dash: Thomas, King and Lawry; the mile: Ames, Webb, and one or two promising freshmen; the two mile: McKeeman, Raymond, Hillman, Noyes and Patten; the hurdles: Dunn, Fenderson, Sweatt, Standish and Wheeler; the high jump: Ackley, Boyden, Giddings, Houghton, Ward and Doerr; the pole vault: Stearns, Perkins, Hall and O'Connor; the broad jump: Newell, Fraser, Doerr and Lawry; the discus: Webb, Jordan, Monroe and Sargent; the hammer: Cambell, Fraser and Barrows; the shot put Jackson, Collins, Jordan and Chalmers. Practically all these mentioned are working daily on the outdoor board track or in the cage in the gymnasium. Many freshmen are showing promise and should be among the leaders in the various events.

The complete track schedule is as follows:

April 28 Dual meet with M. I. T. at Cambridge (Pending)
May 5 Dual meet with Brown at Orono

May 12 State meet at Orono
May 19 N. E. meet at Cambridge
May 26 National meet at Philadelphia
Ample opportunity is given for the track enthusiasts to witness some good meets at Orono. Now that basketball has passed into history. Coach Flack is devoting his entire time to the track team, and immediately after Easter vacation, training will be begun in earnest.

East and West to Meet in Occidental Debate

(Continued from Page One)

the negative side of the question. Wilson has represented the University on several previous occasions and Hatch is a debater of some experience.

The question is of considerable interest, since there has been more or less discussion on it for several years. The team has worked hard preparing for the debate and they need the support of the student body that remains during the holiday recess.

Sigma Delta Chi Plans Journalistic Conference

(Continued from Page One)

entertainment, there will be a dance in the evening at the Gym. This dance will be for the delegates and for the students of the University also.

The delegates will be entertained at the various fraternity houses and everyone is urged to cooperate to make this affair a success. The conference should be instructive and entertaining to those attending, is the aim of its sponsors.

Engineer from Eastern Lectures to Mechanicals

Mr. R. P. Miller, production engineer of the Brewer plant of the Eastern Manufacturing Company, explained to the members of the mechanical engineering department of the University, the functions of a mechanical department and the duties of various engineers in a modern manufacturing plant.

Taking his own plant as an example, Mr. Miller outlined the services performed by the mechanical superintendent, the advisory superintendent, chief draftsman, efficiency engineer, production engineer, chief of stores, and the chief steam engineer. He also explained the bonus system of the Eastern plant and outlined the policies of the superintendent in dealing with employees.

"A mechanical department is a success," he said, "when it receives credit for being efficient, when it keeps the mill running at the lowest possible cost for repairs and replacements, when the whole department operates as one family, when it can do any job and give satisfaction, and when it 'sells' its service."

He cited the following rules laid down to foremen of the Eastern Manufacturing Company:

"Produce results—buck passing gains nothing."

"Tell people why."

"Provide good environment for employees."

"Be frank with the crews—if a man is doing wrong, tell him so frankly—don't just lay him off."

APPRECIATED

"Did you ever get back that hat of yours that blew away?"

"No, but I got back the visiting card which was inside it, with the words:

"Thanks, it fits."—Berlin

Now Biggs Gets to Class On Time!

AN exciting tale of adventure might be written about the hunting expeditions Biggs used to make after the elusive cap of his old tube of shaving cream. For months Biggs was late to class because he spent valuable minutes scouring the corners of the bathroom for a cap that persisted in getting lost.

But those troubles are over. For Biggs has started using Williams' Shaving Cream, which comes in a tube with a hinged cap that can't get lost. You see pictured here this cap which saves his time and patience and which will do the same for you.

The convenience of the Hinged Cap would alone be ample reason for your using Williams'. But when you consider that in addition Williams' is good for your skin, and is the most remarkable beard softener known, then it does seem that you would be missing a good deal in getting along without it. Buy a tube and see if it isn't vastly better.

Williams' Shaving Cream
