## Vermont University Wins by Single Point

Takes Game Saturday, 7 to 6;  
Capt. Small Uses Forward Pass  
to Advantage

In a game marked by open playing, Maine lost her first game Saturday at Burlington, Vt., when the University of Vermont won by only a goal kick, 7 to 6. Maine's score came in the second quarter, when Small shot a long pass to Merritt, who ran 25 yards for a touchdown. Small failed to kick the goal.

Vermont was unable to score until the fourth quarter, with only a few minutes to play. Then Gooch, who was the mainstay of the Vermont backfield, fired a pass to Semansky, from the middle of the field, and the Vermont captain ran 20 yards with it to the 20-yard line. After trying to buck the line, Gooch sent another pass to Semansky across the goal line, then kicked the goal and the game was won.

Maine carried the ball during the greater part of the game and completed many forward passes, the visitors' chief method of gaining. Captain Small was in every play and his accurate passes won the admiration of the large crowd. Merritt and Blair also starred for the visitors. Elliott was strong at end. Foster injured a weak leg early in the game and had to retire.

Gooch was the chief ground gainer for Vermont. Captain Semansky carried the ball from forward passes almost as much as did the backfield men and broke up many Maine plays.

Vermont kicked off to Maine at the opening, and soon an intercepted pass and line plunges put Vermont on Maine's five yard line. Then a poor pass from center spoiled it all and Maine had the ball on its own 30-yard line when the quarter ended. Maine carried the ball to Vermont's ten-yard line, then lost it and Vermont punted. Soon afterward Maine scored the touchdown.

Maine had the ball on Vermont's ten yard line again in the third quarter, but could not put it over.

The lineup and summary:

VERMONT (7)	(6) MAINE
Semansky (capt.)	le Elliott
Harms lt.	lt Lunge
Randall lg.	lg Campbell

## Maine Students Will Miss A. L. T. Cummings

After five years of service with the College of Agriculture, A. L. T. Cummings has gone to Portland where he took up his duties on October 1, as manager of the State Chamber of Commerce.

Mr. Cummings started his newspaper career as a reporter for the Portland Press. He was also a special reporter for the Boston Herald during this time, and was later connected with the Portland Chamber of Commerce. Conscientious work soon brought to him the position of night editor of the Press, which position he held until 1918. At this time he came to the University as Agricultural Editor in connection with the agricultural extension service here.

At Maine Mr. Cummings has been very active, and taken a keen interest in all university activities. Being a journalist by vocation, he has taken especial interest in the courses in journalism recently offered by the University, and has given his assistance freely. Mr. Cummings has been directly responsible for the publicity given the agricultural extension work, and for all technical bulletins sent out under the direction of the College of Agriculture.

As yet, no successor has been chosen.

## Squad of 40 Plays Field Hockey Daily

Girls Training Hard for New  
Hampshire Game on Oct. 13;  
Other Women's Sports

Girls' field hockey has made great strides at Maine since last year. Due to the fact that they now have a regulation size field of their own, located on the farm road. The land was given by the College of Agriculture. Last year, the field used in front of Balentine was too small and heavy rains in the fall and spring made it unplayable. Field hockey consequently died a natural death.

Now, about 40 girls train every day, with 11 on a team and 27 to 30 on a squad. Ten of them are freshmen. Coached by Miss Huesman and encouraged and helped on the side lines by "Prexy" Little, the girls have "worked up" endurance and show splendid possibilities in the game.

The girls are under training rules until October 13 when they play New Hampshire State University. They eat at a special table where all sweets are excluded. They must be in bed at 10 o'clock. They are working unusually hard for the coming game as New Hampshire State has had girls' Field Hockey for three years. The team plans to play another team in the spring.

OTHER GIRLS' ACTIVITIES

Rapid strides are to be made in girls' athletics in the coming year. The Girls'

(Continued on Page Four)

## M. C. A. Workers Begin Soliciting for \$1500

The drive for the raising of \$1500 for the maintenance of the Maine Christian Association is now on and will continue until the amount is raised, though Wednesday and Thursday, Oct. 3 and 4 were the days set apart for the special drive.

Final arrangements were made for the annual drive at the supper held Tuesday night in the vestry of the United Parish church of Orono. The supper was financed by Bangor business men who gave because they are interested in the M. C. A. and the work it is doing on the Campus. The M. C. A. cabinet called this supper for the purpose of interesting representatives of the student body and to explain to them the necessity of raising that amount of money. These men will pass around pledges and are ready to answer any questions concerning the drive.

Mr. Clark and members of the cabinet estimate that it will take \$1500 to carry out successfully the program planned for the ensuing year. Mr. Clark said, in an interview, that the students should give willingly this year to such a cause. He explains that every person whether he or she lives on the campus or in Bangor, Brewer, Veazie, or Old Town, is benefitted in some way by the work done each year by the M. C. A.

## Vernon H. Somers Sets New Record with Rifle

A new world's record in small bore rifle shooting was recently established at Camp Perry, Ohio, by Vernon H. Somers, of Bangor, a University of Maine sophomore in the College of Agriculture.

Somers was high rank man in the inter-collegiate matches last spring and high point man at Camp Devens. This showing gave him the opportunity of attending the national match at Camp Perry, Ohio, where he set the world's record of 397 out of a possible 400 points. He shot at prone position, with a twenty-two calibre rifle; twenty shots at fifty yards and twenty shots at a hundred yards. The previous record of 393 was raised to 395 the day before Somers shot. The Maine R. O. T. C. men stood second in marksmanship at Camp Devens competing against the units of the various New England colleges. The men did this handicapped by the lack of a standard rifle range; with an improved range and the co-operation of the Rifle Club. Dr. Little hopes that Maine may retain this marksmanship honor.

## To Award Contract for New Building This Week

Students Pleased with Renovated  
Dormitories and Classrooms

Sealed proposals for the contract for construction of the new Arts and Science building will be received until Wednesday, October 3, at 12 o'clock. Plans for actual construction cannot be made until after the contract has been awarded. General construction, plumbing, and electrical work, however, may be obtained of C. Parker Crowell and Walter S. Lancaster, architects, of Bangor; and Alfred Kellogg, Boston, may be obtained to furnish the plans and specifications. All proposals for the contract will be delivered to the Architects at their office in Bangor. The work will be awarded under separate contracts for the different trades mentioned.

(Continued on Page Four)

## Making Early Plans for Journalistic Conference

At the first meeting of the year, Sept. 26, Sigma Delta Chi, the honorary journalistic fraternity, discussed plans for a conference with the editors of the preparatory and high schools of the state, to be held during the coming year. The idea was tried out last April for the first time, when students from all over the state met on the campus and discussed journalistic matters, going back with fresh enthusiasm and new ideas to inject into their own school papers.

Hazen Ayer was elected chairman of the conference committee, with George Cooper and John Stevens as members.

No definite date was set for the conference, but it was decided to hold it at least a month earlier in the spring, in order that the new ideas gained by the attending students might be incorporated in their school papers during the rest of the school year. Plans were also made to notify the various prep schools of the date of the conference some time in advance, so that they may concentrate on one edition of their paper to enter in the prize contest for the best school publication, which Sigma Delta Chi conducts during the conference.

## FRATERNITY NEOPHYTES

Pledges announced by the fraternities up to the present time are as follows:

Sigma Phi Sigma: (None to be announced as yet.)

Sigma Nu: Charles Harris '27, Augusta; Elwood Murray '27, Madison; Clement Small '27, and Sanford Chandler '27, Auburn; Lester Wass '27, Southwest Harbor; Theodore Fouts '26, Washington, D. C.

Theta Chi: Edward Malloy '27, Gorham, N. H.; Earl Webster '27, Waterville; Raymond Berry '27, Island Falls; Joseph McNamara '27, Gardiner.

Beta Theta Pi: Leon Brooks '27, Brownfield; Daniel Webster '27, Bangor; Everett Waltz '27, Newcastle; Edward Johnson '27, Boston.

Sigma Alpha Epsilon: Maurice Burr '26, Old Town; Frank MacDonald ex-'24, Calais; Clair Brown '27, New York City, N. Y.; Alvin Johnson '27, Biddeford; Richard Willey '27, Bar Harbor; Henry Scribner '27, Augusta; Wesley Densmore '27, York; Daniel Torrey '27, Portland; Albert Redlon '27, Bath; Hubert Richardson '27, Kittery; Charles Evans '27, Portland.

Delta Tau Delta: Kenneth Merrill '27, Augusta; George Lavy '27, Old Orchard; George Lewis '27, Old Orchard; Harold Barker '27, Dover-Foxcroft.

Kappa Sigma: Donald Dressel '25, Bangor; Sprague Whitney '25, Framingham, Mass.; Grant Hackett '26, South Brewer; Arthur Atwood '27, Bangor; Carroll Hackett '27, Farmington; Norman Meserve '27, Gorham; James Drysdale '27, Westfield, Mass.

Phi Eta Kappa: Sumner Atkins '27, Presque Isle; Kenneth Proctor '27, Presque Isle; Paul Lamoreau '27, Presque Isle; Carroll Day '27, Pittsfield; Roy Hobson '27, Portland; Leroy Brown

# Maine's "Big Three" Can Accomplish Much

Brice, Murphy and Kanaly Are Lauded by All Maine  
Sporting Writers; Have Plenty of Material with Which  
To Develop Championship Teams.

Sporting writers agree that Maine has started the collegiate year of 1923-24 with a coaching staff that any college in the East might be proud of. Some of them have even expressed their belief that it is the finest that the University has ever had. At the beginning of the year there were the two best football coaches in the state, Fred M. Brice and Joseph T. "Cuddy" Murphy, and then it was announced that Frank M. Kanaly, the "wonder coach" of M. I. T., was to come here to coach track. These are the "big three" who will determine Maine's athletic standing among the colleges of the East and so far indications point to a series of victories in every branch of sport.

NO DEARTH OF MATERIAL

In the first place it has been pointed out that there is no dearth of husky material for the varsity football team and two years of the sort of training that the Brice-Murphy team gives have produced a super football team that is expected to capture again the State series for Maine. More men are out for track this year than ever before and with training, much is to be expected from the men in track and field. As soon as the football season is over, basketball men will come out and with Murphy coaching in that sport things look exceedingly bright for the University.

Meanwhile the girls will not all be on the sidelines, for much is planned this year for them in the way of athletics. Miss Teresa Huesman will train the girls in field hockey and other branches of sport. They will probably play basketball and may have their own track team. Of course tennis is now out of the question but by another year the girls will be organized for that activity. They are expected to have their own baseball team as well.

The head football coach is Fred M. Brice who came to Maine two years ago and who has been characterized before this time as "miracle man" for the things he did with Maine football material. While much of the credit for football victories is due the men on the team, the major portion of it goes to Coach Brice. He first came into prominence in the sporting world when his Manchester, N. H., high school football team won a phenomenal string of victories against some of the best preparatory school teams in the East. He was director of gridiron activities at that school for eight years. Previous to his entrance into the sporting world, Coach Brice had attended and had been graduated from the Boston School of Optometry.

"Cuddy" Murphy played football at Dartmouth College so well that he was picked for Walter Camp's All American team. But football wasn't the only thing that this genial coach starred in. He played baseball for his school as well. This will be his second year as line coach for Maine and the chances are

(Continued on Page Four)

## Prof. Chapman Injured

Assistant professor Chapman of the forestry department, recently met with a serious accident. While approaching the Orono bridge his car overturned in the car tracks. Mr. Chapman's left arm was pinned beneath the car, splintering both bones above the wrist and causing a compound fracture.

The victim was immediately rushed to Bangor, but as none of the doctors there would guarantee any use of his left hand again, he boarded the train for Boston.

Since the operation he has not been progressing very rapidly and at one time was threatened with lockjaw. But at last report all danger of infection was past and the wrist joint while not perfect will be movable to a slight extent.

### Subscriptions, \$1.00 per year

Single Copies, Five Cents

Entered as second class matter at the postoffice, Orono, Maine.

The editor-in-chief is responsible for the general policy of the paper and for the editorial columns; the managing editor for the news columns and the makeup of the paper; and the business manager for the business and finances.

Communications should be at the postoffice at Alumni Hall before Saturday noon to insure publication.

Printed by the University Press, Orono, Me.

Comment or criticism on any printed matter, either news or editorials, appearing in this paper, is invited by the Campus Editors. Correspondence should be addressed to Editor Campus. Full name must be signed, but will be withheld from publication if requested.

### Congratulations, Bates

Bates College has long been noted for the success of its debating teams, but its latest achievement of meeting and defeating a team sent to America by Oxford University arouses the deep admiration of all. *The Maine Campus* takes this opportunity to offer to Bates its sincere congratulations on this notable victory.

### Where, Oh Where, Has Class Spirit Gone?

Speaking before the Track Club last Tuesday, Coach Kanaly outlined his plans for inter-class relay. A team of twelve seniors will run against a team of twelve sophomores on October 11; two similar teams composed of juniors and freshmen will compete on October 18. The winning teams in these events will try for the Inter-class Relay Championship on November 3. From this rivalry will develop a team which will likely win for us at the B. A. A. games next winter.

The plan is an excellent one, but to date the freshman class is the only one to fill its quota of twelve men. Where is the class spirit about which the classes of '26, '25, and '24 talk? Must the plan fail because there is so little support from the three upper classes?

Let's show Coach Kanaly that this is the home of the old Maine pep and ginger. Here is a chance for any able bodied man to help himself, his class, and the University.

### Congratulations, Co-Eds

In the news columns of *The Campus*, there is a statistical article on the relative scholastic attainments at the University of Maine of sorority women, non-sorority women, vocational students, non-fraternity men and members of fraternities. It seems to show, as the article states, "that women study harder than men."

In its original state, before the copy reader mangled it with his trusty Eberhardt Faber, the story began with the triumphant statement that "women have more mental ability than men." The editor, being a man, did his duty. Now that the statistics are in print, he wonders if he wasn't laying it on a bit strong to say that "women study harder than men."

That the women in our college community get the rank is true, but it is to be doubted whether they study harder than men. For some of the instructors in our fair institution are young and not altogether unsympathetic to subtle glances of admiration, and low toned queries on the part of a co-ed as to her scholastic standing.

Not that there is collusion between co-eds and faculty members. The Campus would never suggest that. But women have ways.

### Why Not Hike?

With the opening game of the State Series less than three weeks away it is time for every loyal supporter of the Maine blue to be considering ways and means of journeying to Lewiston in order to witness the Maine-Bates game Oct. 20. To a great many there is no question at all concerning this, for they have already decided it, but to many more the question is a financial one, accompanied by the question, "Is it worth it?"

To answer the later question first we would say that it is indeed worth while. Those who have once witnessed one of their own college teams fight on a foreign field invariably go again. There is a thrill to it that can never be gained by watching a home game. Not least to be considered is the moral effect on the players themselves. If they see a large crowd of supporters cheering for them, they know they must win, but if the support is scant how can they help but think their student body does not care? It is, then, the duty of everyone connected with the University, as Maine men and women, to support the team if they possibly can.

The financial side of journeying to Bates, Colby or Portland need bother no able-bodied student in the University. Two years ago many Maine students journeyed to Lewiston without expending a cent for travel, and many more went free to Waterville. One method of travel is somewhat illegal, but details may be obtained from any old-timer. The other is perfectly legitimate, and is a lot of sport. What we mean is the so-called practice of "hiking" to games, but as far as we can learn no one ever hiked more than ten miles. A lot of nerve and perhaps the aid of a sign on the back, will secure automobile rides the entire distance and return. So there is no excuse for anyone who really wants to go to stay at home Oct. 20, Oct. 27, or Nov. 3. "What man has done, man can do," is not an idle statement, and "Where there's a will, there's a way" still holds true.

At several colleges there are "Hobo" fraternities whose members must all have "bummed" their way more than 500 miles to athletic games. A chapter may soon be established at Maine. The 1923 football schedule offers ample opportunity for Maine students to become eligible for membership.

"I beg your pardon," said the lady collector timidly, "would you please help the Working Girls' Home?"

"Certainly," said the man, "where are they?"

—Pitt Panther.

Her—They say that prof. has mastered all the modern tongues.

Him—All but his wife's.

—Purple Parrot.

Officer (to man found in gambling den)—You're under arrest.

Man—Why, I'm a locksmith.

Officer—What were you doing in here just now?

Man—Making a bolt for the door.

Young Bride (timidly)—"Eh—I'm not joking—eh—I mean I really want to buy some—quite seriously—eh—might I ask if you have any bananas?"

—Lemon Punch.

## FIGURES DON'T LIE

Undeniable proof of the often heard and much challenged statement that women study more than men is to be found by consulting the list of ranks for the different organizations here at Maine.

Women's sororities lead, non-sorority women come next while fraternity men are at the bottom of the scale.

Following is given the complete list:

Delta Delta Delta	2,540
Alpha Omicron Pi	2,509
Pi Beta Phi	2,492
Alpha Chi Sigma	2,442
Average of 5 Sororities	2,438
Average of Sorority Girls	2,429
Campus Board	2,426
Chi Omega	2,415
Average of all women	2,304
Phi Mu	2,234
Average of Non-sorority girls	2,188
Prism	2,111
Veteran's Bureau Men	2,106
Lambda Chi Alpha	2,077
Beta Theta Pi	2,057
Senior Skulls	2,036
Average of non-fraternity men	1,997
Phi Mu Delta	1,995
Average of University	1,992
Band	1,979
Alpha Tau Omega	1,969
Sigma Alpha Epsilon	1,921
Average of all men	1,901
Scabbard and Blade	1,878
"M" Club	1,842
Average of Fraternity Men	1,831
Average of 15 fraternities	1,827
Phi Gamma Delta	1,783
Kappa Sigma	1,779
Theta Chi	1,775
Phi Kappa Sigma	1,771
Sigma Nu	1,764
Phi Eta Kappa	1,752
Delta Tau Delta	1,743
Junior Masks	1,704
Sophomore Owls	1,653
Phi Epsilon Pi	1,589
Sigma Chi	1,508

## Cattle Judging Team Fourth in N. E. Contest

On September 10, the cattle judging team left Orono. The team consisted of George E. Lord '24, Earl P. Osgood '24, and B. E. Plummer '24. From September 10 to 15 they visited the best dairy cattle breeding establishments in New England. At each place they had an excellent opportunity to examine the different breeds of cattle and, at the same time, to get good training for the contest.

The Cattle Judging Contest for college students, in which eight eastern colleges competed, took place this year on September 17 at the Eastern States Exposition which was held in Springfield, Massachusetts. The Maine Team took fourth place in the contest. Plummer was high man in judging Guernseys. Osgood took fifth place judging all breeds. The teams competing and order in which they finished were Connecticut Agricultural College, Maryland Agricultural College, Cornell University, University of Maine, Massachusetts Agricultural College, Pennsylvania State College, New Hampshire University, and Syracuse University.

On Saturday, September 22, the judging team journeyed to Mount Herman, Northfield, Mass., where it attended a Holstein Judging School conducted for expert judges by W. S. Moscript, Lake Elmo, Minn., who is the chairman of the committee on judging of the Holstein Friesian Association of America. This is an opportunity that is seldom open to students as usually there is but one judging school of this sort held each year, last year's school being held in Kansas.

## Phi Gamma Delta

The Phi Gamma Delta fraternity gave an informal dance Saturday, September 29. The party was one of the first on the campus. Informality was emphasized by the absence of dance orders.

At intermission, refreshments of ice-cream, cake, and punch were served. The music for the evening was furnished by Clark's Orchestra of the A. T. O. house. The chaperones for the party were Dean and Mrs. Hart.

Albright—Have you ever read any of Scott's novels?

Nobrians—No, but I've taken a lot of his Emulsion.

Shopper—What colors have you in window blinds?

Clerk—Window blinds are all shades, ma'am.

—Lemon Punch.

## ATHLETIC NOTES

The Varsity cross-country squad under the guardianship of Coach Kanaly is rounding into shape and a promising championship team is expected to be developed. The squad is out plugging every night and many new men are coming to the front who seem promising candidates to take the places of those lost last year.

This year a very good schedule has been arranged and the competition for the team will be keen. All men will be training hard to be in perfect condition to represent the University when the time comes. Already there is much rivalry being shown in the trials which are held on Mondays.

Some of the men who are doing good work are Strong, a new but promising candidate, Raymond, Hart, Ames, Turner, Noyes, Hillman, Patten, and several others in the front ranks.

A Handicap Track Meet is scheduled for next Saturday to come off just before Hebron tries to wreck the Freshman line. With a little support and cheering, this will have all the fight of a big meet. The Green team will put on a good game, too.

October 11th is the date of the first interclass relay. It's the Seniors against the Sophs. It will be exciting if both have enough men. Come on, you two classes, get enough men out so that cross country men won't have to run.

Fall tennis on the campus opened Monday, when the first games of the inter-fraternity doubles tournament were staged. The schedule of the tournament is as follows:

Oct. 1, 4:00 P. M., Sigma Phi Sigma vs. Sigma Nu on Sigma Nu court.

Oct. 1, 4:00 P. M., Theta Chi vs. Beta on Beta court.

The winners in these matches to meet Oct. 3, 4:00 P. M. on Beta court.

Oct. 1, 4:00 P. M., Sigma Alpha Epsilon vs. Delta Tau on Delta Tau court.

Oct. 1, 4:00 P. M., Phi Mu Delta vs. Commons Council on Commons court.

The winners in these matches to meet Oct. 3, 4:00 P. M. on Phi Eta court.

The semi-finals of this group will be played off Oct. 5, 4:00 P. M. on the Beta court.

Oct. 1, 4:00 P. M., Kappa Sigma vs. Phi Eta on Phi Eta court.

Oct. 1, 4:00 P. M., Phi Gamma Delta vs. Lambda Chi on Phi Gamma Delta court.

The winners in these matches to meet Oct. 3, 4:00 P. M. on Phi Gamma Delta court.

Oct. 1, 4:00 P. M., Phi Kappa Sigma vs. Phi Epsilon on Phi Kappa court.

Oct. 1, 4:00 P. M., A. T. O. vs. Sigma Chi on Sigma Chi court.

The winners in these matches to meet Oct. 3, 4:00 P. M. on Phi Kappa court.

The semi-finals of this group to be played off Oct. 5, 4:00 P. M. on the Phi Gamma Delta court.

## Business Meeting of Maine Rifle Club Held

An important business meeting of the Maine Rifle Club was held Monday noon at which new officers were elected and plans were discussed for the coming year.

Guy E. Griffin, retiring president of the Club, spoke a few words to the new men present, telling them that dues are one dollar for the year, which entitles one to membership in the club with the privilege of using the target rifles furnished by the government on the range as many times each week as can be arranged with the coach.

Coach J. H. Kidney, Warrant Officer U. S. A., was the principal speaker. He said that practice will begin the first of next week and that at least a hundred men are desired for membership in the Club. All who so desire may join by paying one dollar to either he or Hillis Holt, the secretary. Mr. Kidney said that this year only upperclassmen will be eligible to compete in the Varsity Intercollegiate matches, for which letters are awarded to the five men having the highest averages. A freshman team will be formed to compete with the Varsity, and matches will be arranged for them with Bangor High etc. Freshmen, are, however, according to Mr. Kidney, eligible to compete in R. O. T. C. matches.

The finals of the tournament will be held Saturday, Oct. 6, 4:00 P. M. on the Beta court.

All games must be played on date and time scheduled, each team selecting its own referee.

Only two of the teams which Maine will meet on the gridiron this fall lost last Saturday. These were Bates and New Hampshire. Bates was trounced by the powerful Wesleyan eleven and New Hampshire, playing very poor football, was easily beaten by Middlebury.

Bowdoin turned the tide against Amherst in the second half by replacing Blake at left half with Capt. Morrell. Phillips at quarterback replaced Kohler. Bowdoin won 13-0.

Colby started against Westbrook Seminary with her first team and after scoring put in her second team. The game was slow and lacking in spectacular plays.

Dartmouth and the "Conn. Aggies" both won 13-0 from Norwich and Trinity respectively.

The scores:

Dartmouth 13—Norwich 0  
Conn. Agr. 13—Trinity 0  
Bates 0—Wesleyan 12  
Colby 19—Westbrook Seminary 0  
Bowdoin 13—Amherst 0  
New Hampshire 0—Middlebury 21.

The local fraternity of Alpha Sigma Mu has taken over the Farnsworth residence on Grove Street for a chapter house. This house has been converted into a convenient home for the local and there are now 14 men living in the house.

Thru "Ollie" Berg, President of the Athletic Association, special rates of one-half regular fare on round trip tickets have been secured from the Maine Central Railroad for University of Maine students who wish to attend the Bates, Colby and N. H. University football games.

In order to secure these excursion rates it will be necessary for 100 students to sign up to buy round trip tickets, which will cost, approximately, \$2.00 to Waterville, \$4.00 to Lewiston, and \$5.00 to Portland. This will be for regular train service, but a "Maine Special" may be secured by guaranteeing 250 fares.

A drive will soon be started to get at least the 100 names necessary for excursion rates, with a desired object of 250 names in order that Maine students may journey to the games on "Maine Specials," as has been the custom in former years.

If some of you freshmen feel like helping the college and can't run, come out for assistant Track Manager or Cross Country Manager. The track is a three year workout while cross country is a four year. Come over to the track office and ask either of the managers.

Mr. Kidney further said that this year the club will be run under much stricter rules than previously. All candidates for the teams will be required to keep strict training, for which freshmen will be excused from P. T. Matches will be shot only in the evenings with all members of the team present. In conclusion new men were advised to go on the range with minds open to suggestions from older men rather than with "know-it-all" attitudes.

The new officers of the club who were elected for the coming year are: President, Edward C. Cutting '24; Vice-President, Carl H. Bischoff '25; Secretary-treasurer, Hillis W. Holt '24.

It was decided to have the office of Executive Officer held by one man in conjunction with that of team captain. The captain will be elected by the letter men on the team from their number.

## Sigma Nu

The Sigma Nu fraternity opened its social season Saturday night with an informal dance in the chapter house, given in honor of the 1923 pledges. Refreshments of ice cream, cake and punch were served, and music was furnished by the Collegians. Maj. and Mrs. G. Barrett Glover, Jr. were the chaperones.

Col. George S. Goodale, who is in charge of R. O. T. C. affairs within the First Corps area, will make an informal inspection of the local unit at the University on Wednesday, Oct. 10th.

The officers of the University of Maine, 1923, are:

William Comdg.  
Major. Beckett  
John A. Stanton  
"G"; P. Company  
Regiment  
Captain, J. L. J. S. White  
David A. "A"; J. Company

The following appointments of cadet officers in the R. O. T. C. unit of this University to rank from September 18, 1923, are hereby announced:

William W. Patterson, Colonel, Comdg. Regiment; Roger D. Mackay, Major, Comdg. First Bn.; Charles L. Beckett, Major, Comdg. Second Bn.; John A. Small, Captain, Company "F"; Stanton L. Swett, Captain, Company "G"; Philip H. Taylor, Captain, Company "D"; Bentley S. Hutchins, Captain, Company "B"; Guy E. Griffin, Captain, Regimental Adj.; Arthur L. Willey, Captain, Company "H"; Julian H. Merrill, Jr., Captain, Company "E"; Osmond S. Whiteside, Captain, Company "C"; David A. Goldberg, Captain, Company "A"; James E. Mulligan, First Lieut., Company "B"; Paul M. Morrill, First Lieut., Company "A"; Bruce I. Davenport, First Lieut., Company "H"; Leonard J. Bragdon, First Lieut., Company "D"; John M. F. Donovan, First Lieut., Company "F"; Arthur F. Eastman, First Lieut., Company "G"; Frederic A. Soderberg, First Lieut., Company "E"; Leslie G. McGary, First Lieut., Adj. 1st Bn.; Irving B. Kelley, First Lieut., Adj. 2nd Bn.; Joseph F. Kolouch, Second Lieut., Company "B"; Vernon H. Somers, Second Lieut., Company "F"; John P. Downing, Second Lieut., Company "E"; Lawrence C. Connors, Second Lieut., Company "H"; Mansfield M. Packard, Second Lieut., Company "C"; Frank W. Marr, Second Lieut., Company "D"; Vaughn B. Everett, Second Lieut., Company "A"; Cecil J. Cutts, Second Lieut., Company "G"; David C. Jacobs, Second Lieut., Asst. Adj. in charge of publicity; Walter A. Littlefield, Second Lieut., Supply Officer.

The following non-com appointments in the R. O. T. C. unit have been announced by the Military Department. To be Master Sergeants:

Charles F. Moody, George A. Haskell, Leon H. Shea.

To be Staff Sergeants: Stanley B. Hyde, William M. Allen, G. Aldrich Muzzey, James T. Blair, Harold C. Weber, Carl A. Lejonhud.

To be First Sergeants: J. Winthrop Chandler, Lindsay B. Chalmers, Lincoln A. Sennett, Hoyt B. Savage, Harry W. Candage, Francis S. Dole, Frederick L. Nevells, Ernest S. Ridlon.

Sergeant Edward Bays is a new instructor in the Military Department. He enlisted in Kentucky, his native state, on May 18, 1918—joining the 50th Infantry. He was transferred to the 5th Inf., with which outfit he sailed overseas Oct. 16th, '19 to join the American Army of Occupation at Mayence. He returned home March 11th, 1922. This is his first assignment to R. O. T. C. duty.

The junior advance course men are constructing a most practical trench system—known in military science as Type B.—octagonal trench. It is planned to elaborate this each year until a formidable system of trenches, similar to war conditions, is effected.

### Rousing Send-off

About 200 students marched down to the Orono station early Thursday morning, September 27, to give the football men a rousing send-off when they left for Burlington, Vermont, for the second game of the season. The parade, headed by Bananas and the band, formed in front of Alumni Hall at 5 o'clock and marched down College Avenue, increasing in numbers by the addition of men from the fraternity houses along the way. At the station, "Ken" Stackpole led the old familiar cheers, and, as the train pulled out, the band played the Stein Song.

The lure of the warm evenings?  
The disregarding of campus customs by the freshmen?  
That silk stockings are still in vogue?  
The changing fancies of our fair co-eds?  
That Patten believes in "watchful waiting"?

## 258 Students Attend Maine Summer School

The summer session for 1923 reached a registration of 258 students. This was a decrease from last year but the quality of the student body more than made up for this falling off. There were 29 members of the faculty offering 79 courses. Of these, courses in psychology and German were offered for the first time, while a new course in biology conducted by President Little, and the course in the English Bible conducted by Dean Stevens, were also included.

A special feature of the summer session has always been the chapel services. This year the students were addressed by various members of the faculty and several musical selections and readings were heard. On Wednesday evenings, Reverend George S. Cooke, of Houlton, Maine, gave a series of lectures on the Archaeology of Palestine and Egypt. These were very scholarly in their character and proved of decided interest. Sunday afternoons at 4:00 P. M. a vesper service was held and the speakers of these services included Reverend Dr. A. M. Little, Reverend Clinton W. Wilson, Reverend T. E. Fairchild, President C. C. Little, and Dr. Ashley A. Smith. On Friday evenings a social function was held in Balentine Hall for the purpose of giving the students an opportunity to get better acquainted. On Saturdays, week-end excursions were planned by Dean Colvin and Miss Kellogg and a large number of students availed themselves of these privileges. Professor Flack, who had charge of courses in physical training, organized a tennis tournament, for the winners of which suitable prizes were awarded at the end of the session.

As usual a large number of students came from other colleges, there being as many as 16 from one institution. While there were a number of undergraduates registered there was a sufficient number of mature students to lend a spirit of earnestness to the work of the session. It is the general opinion of the members of the teaching staff who have been for a long time connected with this work that the session of 1923 was an unusually satisfactory one.

### Civil Service Exam.

United States Senator Frederick Hale will hold a preliminary competitive examination on October 27, 1923, for the selection of candidates to fill vacancy at the Military Academy at West Point for admission in 1924. It has always been Senator Hale's custom to select his appointees to the Academy through competitive examination held under the auspices of the Civil Service Commission and such an examination will be held in the cities of Portland, Lewiston, Augusta and Bangor on the above date. Candidates receiving the highest ranks in the examination will be appointed Principals and Alternates to take the regular entrance examinations to the Academy or submit certificates from High School or College in lieu of the mental examination. Candidates must also submit satisfactory certificates of physical examination. Candidates to be eligible for admission from the day they are 17 (or 19 if from the Regular Army or the National Guard) until the day they become 22 years of age, on which later day they are not eligible.

Those wishing to take the above examination should advise Senator Hale, 121 Senate Office Building, Washington, D. C., and such notification should reach him not later than October 15th. Candidates should state at which city they wish to take the examination in order that their names may be submitted to the Civil Service Commission. Full information regarding the examination will be furnished by Senator Hale.

### ALUMNI NOTES

Miss Florence Knowles of Ashmont, Mass. and Thurlie Stevens Whitehouse were recently married in Ashmont. Mr. Stevens is of the class of 1921.

Miss Evelyn McGlauffin '23 has a fine position in the New Berlin, N. H. high school.

Mr. Clyde McKeeman '23 has a position with the Westinghouse Electric Co. in Pennsylvania.

Miss Arabelle Hamilton '23 is teaching in Norway, Maine.

"I don't think it's so sinful to play golf on Sunday, do you?"  
"No, but if a man play only on Sunday his game is liable to be a crime."

## Track Club Gets Down to Business Promptly

The Track Club, which is made up of Varsity track men and representatives from fraternities, held its first regular meeting of the season at a dinner in the Phi Kappa Sigma House, Tuesday, September 25. It was voted hereafter, as soon as a man becomes the manager or captain of cross country or captain of relay he automatically becomes a member of the club.

The general policy of the organization was briefly discussed and the regular business attended to. It was voted that jerseys and numerals be awarded to the first four individuals and to every member of the winning team in the inter-class cross country meet.

To relieve the embarrassed treasury, a dance is to be given in Alumni Hall after the Pumpkin Meet on Oct. 17. Cahill, Houghton and Blethen were appointed as the committee in charge. The meeting was closed with a talk by Coach Kanaly.

## Co-ed Sharpshooters Reorganize for Year

A meeting of all girls interested in the Girls' Rifle Team was held in Balentine Hall last Thursday evening. A large group was present, and many signified their intentions of coming out for practice. They were addressed by Coach Kidney, who outlined plans for the coming year.

The following officers were elected for the ensuing year:

President: Anna Ashley; Vice-president: Mildred Brown; Treasurer: Katherine Andrews; Secretary: Madalene Brackett; Ex. Off.: Frances Perkins.

Three letter girls, Mrs. Ashley, Miss Brown and Miss Percival, form the nucleus for this year's team. Several promising 'shots' also turned out. Coach Kidney at this time wishes to state that he is pleased with the new officers, and that he commends the retiring officers for their interest and co-operation.

## Several Courses and One New Department Added

One new department, that of Philosophy, has been added to the University this year. The course in this department are being taught by Professor Taylor, and are: History of Philosophy, Problems of Philosophy, and Ethics. Each is a subject of three hours' credit.

Other new courses also have been added to the Department of English and to the Department of Public Speaking. In English two such courses are News Gathering and Reporting, and History and Principles of Journalism. They are being taught by Mr. Rowlands, a new instructor in English, and are of interest to students working on campus publications. Sub-Freshman Composition, and Teaching of Composition, both two hours' credit, are other new courses. The Department of Public Speaking has added Parliamentary Drill, one credit hour, and Advanced Public Speaking, 2 credit hours.

Comparative Government, two credit hours, is a new course in History; Theory and Practice, two credit hours, in Physical Education for Women; and Physical Training, one-half hour credit, in Physical Training for Men.

### MEMORIES

I rose and gave her my seat;  
I could not let her stand—  
She made me think of mother with  
That strap held in her hand.

—Orange Owl.

### COOKIE-PUSHER PATOIS

Runt—"After the show last night I took my girl to the Coffee Shop?"  
Hunt—"Did sheet?"  
Runt—"I'll satiate."

—The Lawrentian.

### OUTWITTING CHANCE

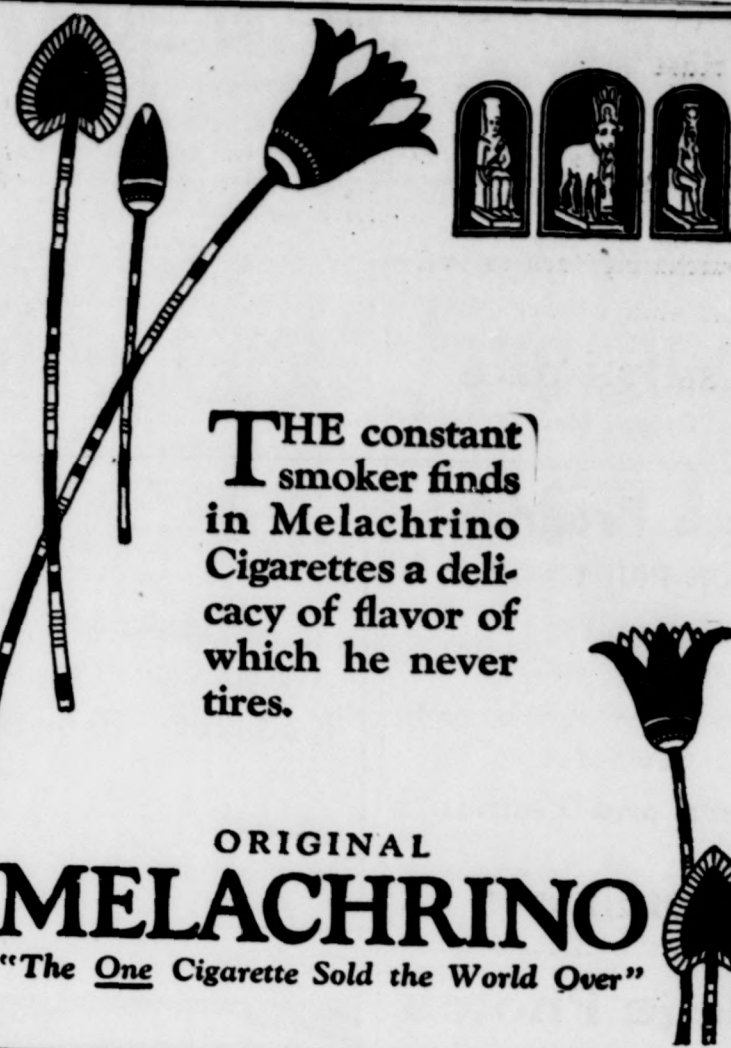

At a golf club one Sunday morning a member turned up late. Asked why, he said it was really a toss-up whether he should come there that morning or go to church.

"And I had to toss up fifteen times," he added.

—Tit-Bits.

### MORAL: NEVER—

"At this point," said the lecturer in one of his thrilling descriptive passages, "she broke down and wept scalding tears." "My goodness!" said a hearer under his breath, "she must have been boiling with rage."

### Maine's "Big Three" Can Accomplish Much

(Continued from Page One)

that he will remain here for some time to come. Not only is he a splendid coach but also is very popular. He will coach basketball and baseball.

To quote his own words, Coach Kanaly is a "freshman" at Maine. It is his first year here and he is pursuing the same methods that have made him famous as a track coach. Throughout his coaching career he has accepted every candidate regardless of his previous experience, and that plan, sporting

writers say, is the reason for his great success.

Kanally's athletic career started in Cambridgeport in 1899. He remained an amateur runner until 1902. On Thanksgiving day of 1901 he won the 10 mile cross country race in 53 minutes and 25 seconds, breaking the previous best record by three minutes. Among other important athletic events in which he played an important part was the Pan-American Exposition games in Buffalo. From July 4, 1902 until 1907 he won every race in which he started. He held the American Professional Championship from 880 yards up to, and including, five miles.

From 1910 through 1914 he ran in all parts of the British Isles and won the World's Championship at 880 yards at Pontyrridd, Wales, on a grass track in one minute and 56 and 2-5 seconds. He won the one mile championship at Liverpool in seven minutes and 10 seconds. During the late World War he was in charge of the physical training of the men at both the Army and Navy aviation ground schools. He retired as a professional athlete in 1915.

Coach Kanaly began his college coaching career at Colby College in 1904. He was at Tufts in 1905 and 1906 and coached the Noble and Greenough School track team. At that time President Little was captain of the team which position he held for two years. It was at that time that a strong friendship and mutual respect grew up between the now president and the head track coach at Maine. In 1906 Kanaly accepted a position in one of the largest gymnastic clubs in the South at New Orleans, but after a month he resigned and returned to Boston. He again went to Colby at track coach.

In 1907 Kanaly was engaged as track and field coach at Massachusetts Institute of Technology, where he remained for 16 years. He was given the office of physical director in 1909.

Capt. Joseph L. Ready has returned from detached duty in Bangor, where he had been assigned to relieve Capt. Tribolet.

JOSEPH HENRY  
1797-1878

Born at Albany, N. Y., where he became teacher of mathematics and physics in Albany Academy. Leading American physicist of his time. First director of the Smithsonian Institution.

## When Henry rang the bell

If any bell was ever heard around the world, Joseph Henry rang it in his famous experiment at the Albany Academy. The amazing development of the electrical industry traces back to this schoolmaster's coil of insulated wire and his electro-magnet that lifted a ton of iron.

Four years later when Morse used Henry's electro-magnet to invent the telegraph, Henry congratulated him warmly and unselfishly.

The principle of Henry's coil of wire is utilized by the General Electric Company in motors and generators that light cities, drive railroad trains, do away with household drudgery and perform the work of millions of men.

The work that was begun by pioneers like Joseph Henry is being carried on by the scientists in the Research Laboratories of the General Electric Company. They are constantly searching for fundamental principles in order that electricity may be of greater service to mankind.

# GENERAL ELECTRIC

### Squad of 40 Plays Field Hockey Daily

(Continued from Page One)

Athletic Board is for the first time serving from the beginning of the year on. Last year the fall semester was well under way before they had separated from the men's Athletic Association. A general outline of this year's activities in athletics has already been made.

An ice skating rink is being investigated as well as the number who can skate. It is hoped that ice hockey will be one of the winter sports.

The Athletic Board is also planning on weekly sings to keep up interest and enthusiasm, and promote the learning of the new songs.

A log cabin is to be hired to which the girls can hike, snowshoe, or ski. Here there will be a fireplace and an opportunity to prepare something hot to drink.

A delegate is to be sent to the national convention if enough money can be raised at the annual Penny Carnival.

The expense of a bowling alley is being carefully looked into.

Volley ball which has never been played here before is being started by the physical training classes.

Spring sports will include as usual, an inter-class track meet which has been one of the important events in girls athletics for several years.

Tennis stars are keeping in practice and new material is being worked up. There will be interclass and interhouse competition in the spring, and a tournament with some outside college is hoped for.

Indoor baseball practice will be continued in the gymnasium classes this fall. There will be interclass games in the spring.

Basketball is again a varsity sport. Practice will begin at the end of the hockey season. There will be a definite schedule of several games as last year. Several of last year's veterans are still here to start the season. It is the longest established form of girls' athletics and is always well backed by everyone.

Snowshoes can be rented from the Association this winter.

### Vermont University Wins by Single Point

(Continued from Page One)

Jackson, Cutts for Merritt, Ward for Cutts. Vermont: Payne for Tarpey. Touchdowns made by Merritt, Semansky. Goals from touchdown, Gooch. Referee, Carpentier of Harvard; umpire, McCabe, Holy Cross. Head linesman, Sherlock, Harvard. Time, 4 10-minute periods. Score, 7 to 6.

Don't forget the Maine "Hello."

### To Award Contract for New Building This Week

(Continued from Page One)

The foundation of the new greenhouse is being finished, but the work is going ahead very slowly. Material is on the road; so it is not known when the work will be completed.

Repairs on campus buildings have made them quite habitable. The men's dormitories, Oak and Hannibal Hamlin Halls, have received sheet rock ceilings and walls, stair-treads, and new flooring. Also the desks have been repaired and the finish restained. New fire-escapes have been added to both the men's and women's dormitories. Other repairs have been made in Winslow, Coburn, Wingate, and Estabrooke Halls; and in Mt. Vernon House, The Maples, North Hall, and Balentine paint and new ceilings have been added.

Many students may be relieved to know that the Power House has received a new roof, and the boilers have been repaired since the heatless nights of last winter.

### John Donovan is Head Of Intra-Mural Association

John M. F. (Pooch) Donovan was elected president of the Intra-Mural Association at the last meeting of the spring semester of last year. Mr. Donovan has served for two years on the Intra-mural, last year being secretary and treasurer.

Mr. Donovan is Business Manager of the Maine-Spring and a first lieutenant of the R. O. T. C. He is a member of the Theta Chi fraternity.

Kenneth Prouty was elected secretary and treasurer for the ensuing year. Mr. Prouty is a member of Sigma Phi Sigma fraternity.

The Intra-mural Association is composed of representatives of the fraternities and dormitories upon the campus. It oversees all matches of an inter-fraternal nature. The Tennis tournament which was started last spring, but postponed, is now being carried on. Plans are already being formulated for the Winter Carnival and the committees are to be announced at the next meeting of the Association.

Coach Kanaly has charge of the freshman cross country candidates and is developing them with the varsity. They have some promising material that will make several of the varsity men travel when the dual meet takes place between the freshmen and varsity teams. The freshmen also have a dual meet (pending) with Edward Little High School, November 3.
