STUDENTS STEAL 200 BOOKS FROM LIBRARY

Also Take Pamphlets and Electric Light Shades

Larceny of books, pamphlets and electric light bulbs from the library is becoming more and more common, according to R. L. Walkley, librarian. Since last year, more than 200 books and pamphlets, roughly estimated to be worth \$250, have been stolen.

In accounting for this condition Mr. Walkley advanced the following opinions:

(1) That the books were taken intentionally by dishonest persons.

(2) That the books were taken without the intention of keeping them by students, who, due to either forgetfulness or laxness, have not, as yet, returned them to the library.

(3) That the books were either lost, or misplaced.

The missing books fall into three general classes: (1) Fiction, (2) Textbooks, (3) Engineering handbooks.

The librarian also reports the loss of many electric light bulbs as well as several green light shades taken from the American History Room. Very few articles are stolen from the cloak rooms except freshman caps and toques.

WOMEN DO NOT READ ENOUGH--DEAN COLVIN

"The women students at the University of Maine," said Dean Colvin in a recent talk with a *Campus* reporter, "are not as familiar as they should be with current events. This condition," she added, "is not by any means limited to our own university, but is to a large extent characteristic of all college students. The varying interests of college life take up the student's attention, and many topics of political and economic interest are disregarded. This is especially true among the women."

Dean Colvin has had a wide acquaintance with college women all over the country, and her statement is founded on a personal knowledge of existing conditions.

Fraternity Initiations

Alpha Delta chapter of Phi Kappa Sigma held its annual initiation banquet at the chapter house Saturday evening.

The dinner was prepared by "Doc" Coombs, that old sea cook, who has been making fat men out of Phi Kappa boys for 13 years.

Archer L. Grover acted as toastmaster and was very successful in this capacity. The following students and alumni members responded to toasts: J. Strothard ("Stut") Brooks, Hazen ("Hot") Ayer, Gregory ("Blondy") Baker, Harold ("Bugs") Pressey, Austin (Wilkie) Wilkins, Edward ("Baldy") Engle. The initiates were as follows: 1926, Theodore Spurling Rowe of Brewer; 1927, Stuart Hutchings Chapman of Hartford, Conn.; Robert Dunbar Eastman of Fryeburg; Edward Martin Engle of Uby, Mich.; Kenneth Sellers Fields of Millinocket; Edward George Poster of Haverhill, Mass.; Alfred Eugene Knox of Houlton; Arthur Rowe Miles of Patten and Sherman Hall Rounsville of Fairhaven, Mass.

Kappa Psi Initiates

Kappa Psi sorority held its initiation dance Saturday evening, February 16, at Mayo's Hall in Orono. Blue and silver, the sorority colors, were used in decoration, and a Valentine Day scheme was carried out in the form of many little hearts hanging from the looped streamers which formed the overhead decoration. Reiche's orchestra furnished music for an order of 16 dances, including a heart dance and a confetti dance. Professor and Mrs. Corbett and Professor and Mrs. Drummond were chaperones.

The initiation banquet was held Thursday evening, February 14, at the Bangor House, with 22 present. Margaret Fraser was toastmistress and introduced the speakers among whom were the seven initiates.

FRESHMEN WIN ONE AND LOSE ANOTHER

Defeat Westbrook and Are Defeated by Deering

The Freshmen won a close game from Westbrook Seminary, 17-14 Saturday night. The score was ten and ten at the end of the first half and it was not until the end of the last period that the 1927 team increased a one point lead to three point victory. The Freshmen started every period but the third with a goal before the ball was hardly into play. The practice of getting the jump at the beginning of each period probably won the game. Few goals were caged by either team, but a number of fouls were called and a majority scored.

Wass and Humphrey were the stars for the Freshmen. Capt. Clune starred on individual play but did not team well with his fellows. Ippolito played a fine game.

The summary:

MAINE 1927			
	G.	FG.	Pts.
Wass rf	1	0	2
Humphrey lf	2	2	6
Hanscom c	2	1	0
Beatty	1	0	2
Johnson rg	1	0	2
Lavorgna lg	0	0	0
			17

WESTBROOK SEMINARY

Clune lf	1	3	5
Farrel c	0	2	2
Ready rg	1	0	2
Ippolito lg	1	1	3
			14

Substitutes: Dolloff for Wass, Gallagher for Wass, Beatty for Hanscom. Referee, Bryant; Timer, Harriman, Scorer, Lincoln. Four 8 minute periods.

The Maine freshmen lost to Deering High school, Friday night, 22-23 in a fast, close game. Maine '27 was one point ahead with three seconds to play when Davis, the Deering star, dropped in another basket, which gave the Deering outfit a victory.

The Maine freshmen outplayed the Howard Flack team the first period, but due to fine foul shooting, Deering was only one point behind at the end of the first half.

The second half was a hard fight, and when victory seemed near for the freshmen, with only three minutes to play, the clever Deering right forward caged the winning basket.

Captain Guptil and Davis were the Deering stars while Johnson starred for the freshmen.

MAINE FRESHMEN 22			
DEERING HIGH 23			
Wass rf	Davis rf (9)		
Gallagher	Bailey lf (3)		
Humphrey lf (6)	Cannon (2)		
Dolloff	Silver c

Johnson rg (8)	Frates (6)		
Lavorgna			
Brown (2)			

Referee, H. Newell. Scorer, Lincoln. Timer, J. T. Murphy. Time, 4 ten minute periods.

New Fraternity

A new fraternity, Phi Omega Delta, has been formed on the campus. The fraternity held its first initiation on December 7, 1923. This was followed by a banquet. The members are: Paul Perch '24, Murray K. Kittredge '25, Charles B. Donovan '25, Harold A. Hussey '26, Charles Myatt '26, Joseph F. Kolouch '26, Jack A. MacCracken '26, Aubry H. Snow '26, Kenneth C. Nealley '26, Leon M. Sanborn '26, Howard S. McPhee '26, Maurice W. Sedgley '27. The pledges are: G. C. Haskell '25, E. L. Dean '25, K. C. Chapman '26, R. Noyes '26, P. E. Farley '27, L. T. French '27, E. G. Kelso '27. The pledge pin is a plain, gold "Omega." The colors are dark blue and white.

Snappy Stories Claims Leisure Hours of the Balentine Girls

The *Cosmopolitan* and *True Story Magazine* head Balentine's recreation reading list. Whether it is the spicy tales or the alluring illustrations that please, they are first in demand. Their covers are gone; their pages are wrinkled. For dateless nights they provide second hand thrills.

This information was obtained by a *Campus* reporter who interviewed Mrs. Munson and examined periodicals in many of the rooms.

Good Housekeeping is the next favorite. No, not for its domestic department, but the girls say it contains "darn good" stories. The *Red Book* and *Smart Set* are

popular. The more conservative read *The Ladies' Home Journal*, *Woman's Home Companion*, and *The American*.

The movie magazines have their place. To adorn their walls, the girls clip out the Rudolphs, Richards and Glorias. In the long fifteen minutes before dinner, Vogue is the rage. On the reading table, *The Woman's World* and *The Outlook* lie neglected. Sometimes the girls read them for history references. On account of its "Spice of Life" and the cartoons, the *Literary Digest* holds its own.

But *The Atlantic*, *Century*, and *Bookman* are white elephants at Balentine.

WINTER SPORTS TEAM TRIUMPHS AT AUBURN

The University of Maine's Winter Sports Team staged a come-back by winning the Auburn Carnival last Saturday; Maine 15, Bates 12 with Bowdoin and Colby nine points each. Despite the cold and windy day some exciting races were run off to take the spectators minds off the weather.

Trials were held in the morning for the 150 yard snowshoe dash and Maine had two qualify: Eastman and Snow.

The three mile Cross Country snowshoe was run off in the morning with a large field of starters. It was a hard mile and a half grind out against the wind and climbing hills with a couple of Bates men leading but on the return Patten took the lead and was never headed. Wilkes of Bates was second and Lawton of Colby third. Time 23 minutes, 18 seconds.

In the 5-mile Ski Race, Bates contestants came in eight minutes ahead of the other contestants, but had cut the course and were disqualified. The race was won by Stubbs of Bowdoin. G. Barnes of Colby second and Andrews of Bowdoin third. Time 58 min. 45 sec.

150 yard Snow Shoe Dash was won by the Maine flyer, "Rube" Eastman, J. Barnes of Colby second and Lawton of Colby third. Time 13 4-5 sec.

220 yard Ski Relay Race was won by Bates (Matunaga, Fletcher, G. Gilpatrick and W. Gilpatrick); Bowdoin second (Atwood, Wilson, Andrew and Stubbs); Colby third (C. Jordan, A. Jordan, Smith and G. Barnes).

Ski Jump was won by Merrill who pulled a big surprise and came within three points of being State Amateur Champion. O. Baker of Bates second and Matunaga of Bates third. Merrill's score was 81.5 points.

Girls' Basketball Team Wins Game at Castine

The Girls' Varsity Basketball Team won its first game of the season from Castine Normal School at Castine last Saturday. The score was 19-18. The game was a hard fought and exciting from start to finish.

At the end of the first half the score was 16-9 in favor of Maine, but the Castine quintet woke up then and the contest really began. The final result was 19-18.

The line-up:

MAINE		CASTINE NORMAL	
K. Hunt lf	Sterling, lf		
R. Crockett rf	Hughes rf		
C. Hughes c	Griffith c		
A. Sargent lg	Gallant lg		
A. Perkins rg	Wardwell rg		
Maine subs: K. Clark for R. Crockett.			

The trustees of Gettysburg College have decided to abolish co-education. They were greatly influenced by the sentiment around the campus that the college should be a man's institution.

MAINE WINS OVER FITCHBURG NORMAL

The University of Maine defeated Fitchburg Normal School with a score of 38-30. The Normal school obtained six of their points when the entire Varsity team was replaced by the second team, in the last quarter. Maine started scoring early in the game, obtaining 15 goals in the first period. The third period was the fastest, both teams playing air-tight ball. Maine was able to obtain only three points while Fitchburg obtained four.

In the beginning of the next period, the entire Blue team was sent out, and the second team put in. The second team held them for a few minutes and then Fitchburg scored three baskets. As the game was about to close, the first team went back in.

Everett led in basket shooting from the floor, while Lake led in the foul shooting department. Horsman played his usual stellar game on the defensive.

Kennedy was the outstanding star for Fitchburg, while Rabouin was a close second, featuring with his speed and ability.

Summary:

MAINE 38			
	G.	FG.	Pts.
Everett rf	5	1	11
Newell lf	2	0	4
Lake c	3	5	12
Berg lg	3	0	6
Horsman rg	1	3	5

Roach rf	1	1	3
Rabouin lf	2	3	7
Kennedy c	4	0	8
O'Toole	2	0	4
Leland rg	1	0	2
Scott lg	2	2	6
			30

Substitutes—Driscoll for Everett, Carter for Newell, Woodbury for Lake, Mason for Horsman, George for Berg, O'Toole for Kennedy.

Minor Sport Letters Awarded Rifle Team

Five members of the University of Maine Rifle Team were awarded minor letters in rifle shooting at a meeting of the Executive Board of the Athletic Association last Thursday. These men have placed in the high five the greatest number of times during the past season, which recently came to a close with a total of 11 victories out of 19 intercollegiate matches fired.

The high point man of the team is O. W. Wixson of Waterville, who qualified in 17 matches with an average score of 98.44%. Vernon H. Somers of Bangor is second, having qualified in but 17 matches, altho his average score was 99.06%. The third, fourth and fifth places are held by H. W. Holt of North Orrington, average 96.73%; F. P. Mor-

DEBATERS WIN OVER NEW HAMPSHIRE AND RHODE ISLAND STATES

ALSO CONQUER M. A. C.

Maine Teams Have Three Victories and Two Defeats before Boston University Debate

Handicapped by the withdrawal of Capt. Curran and John Behringer, Maine's debating squad surprised the student body last Thursday night by winning two arguments on the World Court question, one in the Chapel with New Hampshire University, and the other at Kingston, R. I. with Rhode Island State. These victories are the first Maine has gathered in the forensic field for the past two years.

Maine's negative team, composed of Harrison L. Richardson '24, Robert N. Haskell '25, Theodore F. Hatch '24, and Albert A. Rights '27, alternate, contested with the New Hampshire team in the Chapel, and were awarded a two to one decision by the judges. The issues which the Durham men endeavored to prove were (1) that the World Court represents progress, and is a step toward world peace and the settling of international disputes by arbitration rather than by force; (2) that it will be to our political and economical advantage to join the World Court; (3) that joining the World Court is in accord with American ideals and the fulfilling of our moral principles. These contentions were made the subject of the arguments of Gaston H. Davidson, William W. Smith, and Hyon S. Pearson, respectively.

Maine's first speaker, Mr. Richardson, delivered an excellent constructive speech in which he showed that the present World Court does not get at the real causes of war, and that it constitutes a menace to the United States because of its connection with the League of Nations. Mr. Richardson stated that "a World Court, to be successful, must be based on the whole world's desire for peace, and on the good will of every nation."

Following Mr. Smith of New Hampshire, Mr. Haskell, the next speaker for the negative, proved that this court is not a real court since it has no codification of international law upon which to base its decisions. He also contended that our entrance into the World Court would result in entangling alliances with foreign powers; and that this court of justice places the Covenant of the League of Nations above a code of international law.

The final speaker for the University of Maine, and, in the opinion of many in the audience, the best speaker of the evening was Mr. Hatch. In a very effective display of forensic ability, this debater forcibly reasoned against our entering the World Court; for he asserted that this country should not sacrifice any of its rights by placing its disputes before a foreign body which acts upon no code of international law.

Maine's affirmative team, consisting of Charles G. H. Evans '27, Chester W. Cambell '25, and John L. McCobb '25, and speaking in the order named, clashed at Kingston with the Rhode Island State team, and won the judges' decision. The remaining contest in the triangular meet occurred at Durham, New Hampshire, where the New Hampshire State team, debating the affirmative side of the question, was awarded winning honors in the clash with the Rhode Island State College team.

The judges of the debate in the Chapel were Superintendent Willard O. Chase of Old Town, Mr. Erastus C. Ryder of Bangor, and Mr. James W. Sewall of Old Town.

The debating schedule has recently been augmented by the addition of three debates—a dual meet with Colby to take place on February 29, with our affirmative team speaking here; and the other debate to occur on March 14 in the Chapel at which our affirmative team contends with the University of Vermont team.

(Continued on Page Two)

The "Dartmouth" is the oldest college paper in the United States. It was started in 1800, and Daniel Webster was one of the early editors.

Hockey

There is considerable agitation on foot for making hockey a major sport at this University. Those who are in favor of the measure base their arguments on (1) the fact that the hockey men worked hard this year and deserve greater recognition than the minor letters hMt. and (2) that the largest percentage of the other New England colleges give major letters for this sport, and consequently Maine should do the same.

Those who oppose the idea of making hockey a major sport have three reasons for their arguments. (1) That the budget of the Athletic Association will not allow the increased cost which would be involved, as an extra coach would have to be hired; (2) that hockey has not developed to the point here that it should be made a major sport on the same basis as football, track, and baseball; (3) that too many major sports would detract from the prestige of the other major sports.

Both sides have sound arguments, we believe, but let us face the proposition on its own merits here at Maine. What some other college does should not necessarily effect our decision. We cannot, however, blame the players for wanting more than their present recognition.

Why, then, should not a compromise be effected? Let hockey remain on a minor sport basis, but give the players a major sport letter with crossed hockey sticks through it. We are told that this is sufficient to satisfy the demands of the players, yet granting this type of letter is not such a radical step that the conservative element should greatly object. This is the recognition that Bowdoin gives hockey, and seems sufficient to meet the present situation here, at least until hockey develops to a greater extent, and different coaching arrangements are made.

We believe that this is the most satisfactory solution of the matter that can be evolved at the present time.

The "S. F. A." Banquet

The more we hear about the "Student, Faculty, Alumni" Banquet, the better we like the idea, for in it there seem to be great possibilities for co-operation among the various interests for carrying out the slogan "Boost Maine."

For this reason, if no other, those persons who are invited to represent their organizations should feel it a duty and privilege to attend. Any organization which has no representative there will miss not only an opportunity to help "Boost Maine," but also to receive something in return. The price is reasonable, and each organization should attempt to supply the tickets of its representatives.

Faculty members and alumni need just such a social contact with the students, for they will get at first hand the ideas and opinions of every student organization, as well as those of each other.

For all three, Students, Faculty and Alumni, opportunity is given on this occasion to get in touch with what each is and trying to do, and to help one another for the best interests of the University of Maine.

Dr. John W. Draper was the dinner guest of Miss Jones at Balentine Sunday. Coffee was served afterward in the sunparlor. Those girls wishing to meet the professor were present.

THE DEAN'S LIST

The Dean's list for the spring semester has been announced as follows:

Freshmen

Amy B. Adams, Henry R. Beatty, Mary A. Belinian, Joseph H. Bernstein, Neil S. Bishop, Anna E. Clark, Royce P. Davis, George F. Dow, Alfred G. Dymond, Waldron E. Fernald, Ernest H. Grant, Henry G. Howard, Marada Johnson, Maurice H. Mack, Annette S. Matthews, Watson B. O'Connor, Jr., Emily Pendleton, Ada Peters, Taxiarchis Protopapas, Louie H. Smith, John A. Snell, Harry Stern, Raymond E. Tobey, Henry Welch, Joseph Wuraftic.

College of Arts & Sciences

Anna J. Ashley, Katherine E. Atkins, Hazen Ayer, Aileen H. Bennett, Lois Chadwick, Lewis B. Clark, Ada Cohen, Mary Copeland, Cora Emery, Frances S. Farrar, Raymond S. Finley, Annie M. Fuller, Cecil G. Garland, Anna E. Green, Eugene B. Griffiths, Ernest E. Haskell, David Jacobs, Beatrice Johnson, Ina Jordan, Esther A. Lord, James A. Nichols, Velma K. Oliver, J. Hollis Orcutt, Ethelyn Percival, Herbert M. Peterson, Alberta G. Pierce, Ellen V. Pierson, Frances H. Porter, Harold E. Pressey, Clifford S. Reynolds, Willis R. Rollins, Donald L. Trouant, Balfour S. Tyndall, Muriel L. Varnum, Lynette A. Walker, Helen B. Wentworth, Blair C. White, Walter P. Morse.

College of Agriculture

Gregory Baker, Edith L. Beckett, Mervin I. Bowden, Irvill H. Cheney, Frank H. Clark, Sarah E. Crehore, Leroy L. Dawson, Lester V. Goff, Frederick G. Hills, George C. Hilton, Ruth Leman, George E. Lord, Hope Norwood, Beulah E. Osgood, Clayton P. Osgood, Robert S. Pike, Bernie E. Plummer, Harrison L. Richardson, Philip A. Sargent, Max G. Shapiro, John A. Small, Mary E. Wallace, Sprague R. Whitney.

College of Technology

George C. Barney, Willis M. Barrows, Carl L. Beal, Carl H. Bischoff, Henry S. Boynton, Herbert E. Bragg, Randall H. Doughty, Leo Friedman, Spofford Giddings, Guy E. Griffin, Francis E. Handy, Donald Hastings, Theodore F. Hatch, Clifford V. Irish, Ruel L. James, John A. Lawry, Frank L. Lincoln, Carl W. Meinecke, Leroy A. Mullin, Mansfield Packard, Ralph R. Parkman, Albert H. Repscha, Carl E. Ring, Virgil C. Smith, George L. Thompson, Diong D. Uong.

SPORT SPARKS

The Fitchburg Normal School, who lost to the Varsity Saturday night 38-30, had some clever individual players. Kennedy, playing center, was a whirlwind in the first half. Proper training and coaching for teamwork, would undoubtedly make them a powerful team.

The freshmen took a good game from Westbrook Seminary, after losing to Deering High the night before by only one point. The game was lost in the last minute of play. This is the first defeat of the season aside from that they received from the Varsity. The freshmen will meet the Old Town five, Friday night in the Gym.

The Varsity five start on a trip which will bring them in competition with the Mass. Aggies, Thursday night at Amherst; Worcester Tech, Friday night at Worcester; and finally, Trinity at Hartford on Saturday evening.

Practice is still being held in Track and Field events in anticipation of the Intramural events which commence next month. Practice for regular Spring Track starts after the Spring vacation. Come out now and get those kinks out before starting the regular practice.

Coburn Classical, Mattanawcook, and Rumford have fallen in order. None but the Varsity and Deering High have been victorious over the freshman basketballers. The tussle with the boys from Waterville was a close one in both periods, Coburn leading in the first half. The two clever forwards, Kamenkovitz and Epstein, came thru and lead the team to victory.

The Maine Frosh outplayed the Mattanawcook team, 42 to 15. Kamenkovitz and Humphrey split even on goals, both obtaining seven from the floor. Beatty and Johnson also came in for their share.

Rumford lost to the Maine Freshmen in the second half of their game, holding

them to a tie in the first half by the ability of Kersey at right guard. The Frosh forged ahead in the second to win a close game. Kamenkovitz was well covered and team work won the game.

Two freshman basketball stars, Archie Kamenkovitz and Nathan Epstein have been barred from playing for the rest of the year because they have played on teams of organizations other than the university.

The charge is that the two boys played under assumed names. Six weeks ago when told that they were violating college rules they stopped playing, saying that they did not understand the rules.

Student-Faculty-Alumni Banquet Well Supported

Thus far the "Student, Faculty, Alumni" Banquet has met with enthusiastic approval. It is slowly rounding into shape, and by the date set, Feb. 28, everything will be in readiness for a big affair.

"Scissors" Weston is to be the toastmaster, and Dr. Little one of the principal speakers. Another feature of the program will be three or four minute speeches by the head of each organization represented. A four piece orchestra is to furnish the music. The banquet itself will be served in the best Bangor House style.

Owing to the number expected to be in attendance, the banquet will be served in the large dining room on the second floor of the Bangor House, and will begin at 8.30. Special cars will leave the campus about 7.30 and return when the banquet is over.

Invitations have been sent to each student organization, to each department head, and to various alumni and alumni organizations. The price of the banquet is to be only \$2.00, but only those invited (as listed in last week's Campus) will be allowed to attend.

Sorority Pledges

The following girls have been pledged to sororities during the past week:

Phi Mu: Rachel Huddleston '27, Orono. Delta Delta Delta: Dorothy Dinsmore '27, Machias.

Alpha Omicron Pi: Mary Watt '27, Fort Fairfield.

Pi Beta Phi: Rachel Gordon '25, Livermore Falls; Ardis Woodard '26, Greenville; Margaret Johnson '27, Bangor; Jane Bessy '27, Deer Isle.

Chi Omega: Lucy Farrington '27, Brewer.

Graduate Scholarships

Prof. Chase has announced the establishment of three graduate scholarships to provide free tuition for one graduate student in each of the three colleges. Applications for these scholarships must be made on or before March 1, 1924, to the deans of the respective colleges. The applicants must consider that the subject in which they intend to pursue their graduate study is one for which the present facilities of the University can provide. It is the intention of the University to widen these opportunities for graduate study as soon as time will permit.

Sodalitas Latina

The Sodalitas Latina held a regular meeting Thursday evening, February 14 at Wingate Hall. Plans were made for a social evening at the next meeting. Professor Chase gave an interesting talk on India and the Sanskrit language. He discussed its relation to the history and grammar of the languages of Europe, and translated a portion of one of the great epic poems.

Forestry Club

A report of the Forestry Camp by Mr. Chapman and Mr. Demeritt was the feature of the joint Heck and Forestry Clubs meeting Thursday night. The report was illustrated by snapshots projected on a screen. Over 60 members were present.

From the report, it was evident that the Senior Foresters did many things besides studying during those nine weeks. A trip to the top of Mt. Katahdin was perhaps the greatest thriller.

Ruth Bessey, Aileen Bennett, Ruth Waterhouse, and Edith Beckett were the guests of Miss Chadbourne at lunch Sunday evening at the Inn.

Debaters Win Over New Hampshire and Rhode Island States

(Continued from Page One)

On Monday evening the affirmative team defeated M.A.C. at Amherst, adding a third victory to the string.

In the third debate of the trip, the negative team lost to City College of New York before a crowded house. The Maine debaters did well, but had to bow before the superior experience of the New York men.

Monday evening Maine broke even in the fourth and fifth debates. The affirmative team defeated Massachusetts Agricultural College at Amherst, while the negative team lost to Clark College at Worcester.

Tuesday evening the trip was concluded when the affirmative team clashed with Boston University at Boston. At the time the Campus went to press this outcome of this debate was unknown. In the five earlier debates Maine had won three and lost two, so that regardless of the outcome of the last debate the trip may be deemed successful.

Extension Work

The Home Economics Department has a plan to visit all the alumnae teaching in the state to get an idea of the work they are doing. Miss McGinnis made the initial trip this last week end. She visited Gladys Gould '22 at Milo, and Edna Packard '22 at Guilford. She gave informal talks on Home Economics, to the high school girls.

Next week she plans to go to Bath and to Cumberland Center, where she will visit Helen Hamlin '23 and Mabel Norell '22.

Phi Eta Kappa Initiation

Phi Eta Kappa fraternity held its annual initiation last week at the chapter house. The following men were initiated:

Eugene Benjamin Griffiths '25, Presque Isle; Sewall Young Austin '25, Augusta, Leroy Elmer Brown, Carroll Sturtevant Day and Lloyd Hollis Sturtevant of Pittsfield, Sumner William Atkins, Paul Dombey Lamoreau and Kenneth Lee Proctor of Presque Isle, James Winslow Chapman of Newcastle, Hiram Humphrey of Bangor, Roy Clinton Hutchinson of Portland, and Calvin Morgan Hutchinson of Hallowell, all of 1927.

The Best Business Career

IS what every ambitious senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively underdeveloped. Only 7 per cent of the economic value of human life in the United States is covered by insurance. This gives an idea of the big field still to be worked, especially business insurance for firms and corporations.

As to remuneration: Reports of college graduates who have entered business indicate that life insurance is at the very top as a source of income. Now is the time for you to consider what you are going to do after graduation. If you are ambitious and willing to work hard and are interested to know about life insurance, address

"Shall I brain him?" cried the Hazer—
And the victim's courage fled
"You can't. It is a Freshman.
Just hit it on the head."

Barber: Shave, sir?
Prof.: No, a hair cut.
Barber: You don't need a hair cut, sir. You need a shine.

Fresh: How can I cure a sleep-walking habit?
Dok Mathas: Sprinkle tacks on the floor.

LAW STUDENTS

THE BOSTON UNIVERSITY LAW SCHOOL

Trains students in principles of the law and the technique of the profession and prepares them for active practice wherever the English system of law prevails. Course for LL.B., fitting for admission to the bar, requires three school years.

Post graduate course of one year leads to degree of LL.M.

One year in college is now required for admission. In 1925, the requirement will be two years in college.

University of Maine students may obtain both A.B. and LL.B. degrees in six years by application at University of Maine for special arrangements.

Special Scholarships \$75 per year to college graduates.

The pathways of power are the highways of progress

Before Alternating Current Dominated the Electrical Industry

What Engineering Owes to the Far-Sightedness of George Westinghouse

THE impregnable position now occupied by alternating current was attained only after a bitter struggle, for, due to its supposedly deadly characteristics, practically the entire electrical fraternity once opposed the progress of what was generally referred to as "Westinghouse Current."

Gaulard and Gibbs originated the alternating current system in Europe. Their system was impractical in many respects, but had been used with some success for lighting.

George Westinghouse became interested, and immediately recognized that the weakness of their system lay in the design and principles governing the transformer.

He devoted the resources of his organization to the development of the transformer. When he made it a practical unit, alternating current, with its vast commercial advantages, then became possible.

The beginning of the bitter struggle by George Westinghouse for the supremacy of alternating current goes back to 1885 and 1886. Remarkable progress has been made since then and voltages as high as 220,000 are in commercial use today.

Engineering owes much to the far-sightedness and fighting qualities of George Westinghouse.

You won't fumble this cap!

Professional jugglers could handle the old-style shaving cream caps and never once drop one down the drain or under the bath tub. But for most of us, this new Williams Hinge-Cap puts an end to an ancient nuisance.

Williams Shaving Cream is just as much pleasanter to use as is the Hinge-Cap. It softens the beard with uncanny speed. The thicker lather holds the moisture in against the skin where it is needed. This lather lubricates the skin, too, so that painful razor friction is eliminated. And when your shave is done, that famous ingredient in Williams which helps the skin, leaves your face cool, soothed and refreshed. No coloring matter is used in Williams—it is a pure, natural-white shaving cream.

Don't forget the Maine "Hello."

Minor Sport Letters Awarded Rifle Team

(Continued from Page One)

rison of Bangor, average 95.82%, and Russell C. Snow of Northeast Carry, average 95.41%. This is the second year that Somers, Holt, and Snow have won their letters on the team.

Five other members of the team qualified for the high ten, as follows: A. F. Stevens of Oakland, 95.01%; Trygve Heistad of Rockport, 94.61%; C. H. Bischoff of Franklin, Mass., 94.47%; W. A. Cutting of Andover, 94.12%; and O. L. Wyman of Rumford, 91.9%.

Maine opened its matches Nov. 17, losing five of the first six matches, but after the first of December the team found its stride and won ten of fourteen matches fired from then on. The team competed with many of the largest and best known colleges and universities in all parts of the United States. That the University more than held its own against strong competition is shown by the following scores, in the order in which they were shot: Columbia University 494, Maine 491; Boston University 492, Maine 491; City College of New York 499, Maine 485; University of Pittsburgh 475, Maine 486; University of California 495, Maine 493; Virginia Polytechnic Inst. 496, Maine 489; University of Vermont 475, Maine 490; Mass. Inst. of Technology 493, Maine 488; New York University 473, Maine 492; Mississippi 458, Maine 490; West Maryland College 478, Maine 489; University of Minnesota 485, Maine 496; Ohio State 498, Maine 491; Rutgers 494, Maine 496; Yale University 496, Maine 492; University of Tennessee 486, Maine 489; Carnegie Tech 492, Maine 496; University of Nevada 443, Maine 477; Ripon College 473, Maine 491; Syracuse 495, Maine 491.

Only Eight Freshmen Dropped by the Deans

Gannett Blames Failure on Inadequate Preparation

Out of the 360 freshmen enrolled at the University, eight were required to leave at the end of the fall semester because of low scholarship. This record is slightly better than that of last year, for out of these eight men, five had been admitted on trial. Mr. Gannett says that this number is relatively low, although at mid-semester some of the weaker students were recommended to register out, or at least drop some of their work so that they would be carrying the minimum number of hours.

A few left voluntarily because of low ranks, and several others for financial reasons. As far as can be determined, athletics are not responsible for the low grades in the class taken as a whole. Inadequate preparation for college and activities outside of the campus seem to be the greatest factors in keeping many from attaining the Dean's List.
