## REPORT OF SUPERVISOR OF SCHOOLS.

---

*To the citizens of North Yarmouth:*

The Supervisor of schools respectfully submits the following report :

### SCHOOL DISTRICT NO. 1.

The Summer, Fall and Winter terms were taught by Miss Carrie T. Whitney, who was in charge last year.

At each visit the school was in a flourishing condition. The recitations were prompt, accurate and intelligent, the school making advancement from term to term.

In the course of the Winter term Miss Whitney was obliged, on account of measles, to close her school for a short time. It is now in session again.

### SCHOOL DISTRICT NO. 2.

Miss Mabel Winn taught the Summer term. Miss Winn, though inexperienced, did her work in a creditable manner. The examination at the close of the term showed clearly that the instruction had been kind, judicious and efficient.

Fall and Winter terms in this district were taught by Miss Abbie S. Hall, who had charge of the school last year. Miss Hall possesses qualifications which render her labors in the schoolroom easy and with good success. The school made good advancement under her discipline.

### SCHOOL DISTRICT NO. 3.

There were but two terms in this district throughout the year. The Fall and Winter terms were taught by Miss Luna Dolloff. The progress made was good. Miss Dolloff displays an earnestness for her work which promises success.

## SCHOOL DISTRICT NO. 4.

Summer and Fall terms were taught by the same teacher, Miss Addie Hodsdon. This was Miss Hodsdon's first attempt at teaching, and had the school been larger more work might have been done. The teacher worked for the good of her pupils, and those who attended school learned well.

## SCHOOL DISTRICT NO. 5.

Summer and Winter terms taught by Miss Minnie Morse. Although a teacher of little experience, Miss Morse manifests an interest in school work, and makes every effort for the advancement of her pupils. The terms gave general satisfaction.

## SCHOOL DISTRICT NO. 6.

Summer term taught by Miss Margaret L. Drinkwater. In this respect the agent has undoubtedly carried out the practically unanimous wishes of the citizens of this district. Miss Drinkwater did faithful and efficient work. She has merited and has received the hearty commendation of parents and supervisor. Fall term taught by Miss Josephine Hodsdon. This was Miss Hodsdon's first term. Her methods of teaching are good, and the school did well under her care. Her kind attention endeared herself to all her scholars. Miss Hodsdon will make one of our best teachers. The Winter term in this district has been in charge of the same teacher as last winter, Mr. Conrad S. Snow. Mr. Snow is a teacher of superior excellence. The intelligent interest in the different exercises indicate that the minds of the scholars are thoroughly awake, and are in process of development in the right way.

## SCHOOL DISTRICT NO. 8.

Schoolhouse in Yarmouth.

## SCHOOL DISTRICT NO. 9.

The Summer term was taught by Miss Inez Rowe, who soon gained the good will of her scholars, and by her untiring effort made them very proficient in their studies. Winter term taught by Miss May C. Morrill. Miss Morrill's qualification and experience as a teacher well fit her to take charge in the schoolroom. When the term was within two weeks of finishing, Miss Morrill was obliged to leave for a short time at least on account of diphtheria, Miss Edith Rowe taking her place during her absence.

The past year of instruction has witnessed on the whole most gratifying results. The schools have been very good. There have been exceptions, but for the most part teachers and scholars have worked together with a commendable degree of enthusiasm, to the attainment of the best results. The zeal and interest manifested have been most praiseworthy.

Prompt and regular attendance has been aimed at. Regular attendance, it need hardly be said, is indispensable if the best work is to be done, by both teacher and scholar. Of course the teacher will always be there, but too little consideration is given in most cases to the fact of how little the best of teachers can do for a scholar whose work is continually being interrupted by tardiness or absence. And, though there is still room for improvement here, it is reason for congratulation that so large a proportion of the parents have recognized this, and laid their plans to co-operate with the teachers in securing a uniform attendance.
