Bear Treks Bangor

On Wednesday, 35 students participated in Bear Treks Bangor, visiting the headquarters of Bangor Savings Bank and Cross Insurance Agency. They learned about management trainee programs, internships, and early career opportunities. Touring the headquarters and speaking with current employees gave students a sense of company culture and the vast array of career opportunities at each business. After the trek, they gathered at Seasons Restaurant for a recap and networking.

Faculty Presentation

On Monday, February 12, Dr. [Jason Entsminger](#) will join a panel of distinguished colleagues for a discussion entitled "Being an Ally in the Profession: Effective ways to support colleagues and communities." The event is organized by the Committee on Women in Agricultural Economics, a section of the Agricultural and Applied Economics Association. CWAE members nominated Dr. Entsminger to be an invited panelist along with full professors Marianne Bitler (UC Davis), Brian Roe (Ohio State), and Corinne Valdivia (Mizzou). Anthony Ponce, a Ph.D. student at Cornell's SC Johnson College of Business, will moderate the panel.
