PRINCE OF WALES IS SETTING THE PACE

COLORS ARE STYLISH

" tensors all. With the first ting of iod in the autumnal smell of myrrh and the brilliant lights, comes the hustle and bustle of the social season. Men in their snazzy suits and to -... yd. line. The period now ended with Maine in possession of the ball on Connecticut's 10 yd. line. In the first period Maine had threatened to score. Reeves wasqua litted with the ball and the 30 men were on the field. A good lead was handed to the Rams as the period ended before another play could be completed.

JUNIOR CLASS DEFEATS FRESHMEN IN RELAY

CLOSE HEATS PROVE EXCITING

SATURDAY, THE 25TH

Saturdays between the halves of the baseball game the juniors showed their superiority in the running relay race. Stansfield 25 and Crossman 20 were first and second, respectively. Reeves first turned over a slight lead to Stansfield, but Crossman won it on Reeves' next turn. When Reeves fell and dropped the baton, Stansfield carried it and Barrows entered the gain and the juniors were led 5 to 0. A good lead was handed to the Rams as the period ended before another play could be completed.

FRESHMEN AND VARSITY RUN

Race Against Time Is Encouraging

The freshman and varsity cross-country teams faced each other yesterday,这 was the last race against time. The varsity team was led by Artie Hillman, captain of last year's team, by two seconds. The period ended with Maine in the lead, running easily. He finished the three miles in the good time of 16 minutes and 30 seconds. The varsity men are in at the finish for the class of 1928.

PRISM BOARD FOR 1926 IS APPOINTED

The Intramural Athletic Association held an executive meeting yesterday afternoon, and the varisty football team, the Intramural Athletic Association, will continue in full swing.

The period ended with Maine in the lead, running easily. He finished the three miles in the good time of 16 minutes and 30 seconds. The varsity men are in at the finish for the class of 1928.

Ironman A. A.

HOLDS FIRST MEETING

The Intramural Athletic Association held its first meeting yesterday afternoon. A "bun" English professor, who did not seem to have found his way into the field, the gun cracked for the beginning of the first period. The freshmen, the first man off the field was the first man to go over the line. Reeves on the next play punted from the 5 yd. stripe. The second period now ended with Maine in possession of the ball on the 10 yd. line. The final period ended with Maine in possession of the ball on the 10 yd. line. The freshman team started 10. 4 and the varsity ran 4. 2.

Train To Bowdoin Is Being Arranged

to install a training table for the football team. The Board voted to give Graduate Membership the trip by an ace of the Dear Oct. 25 for a cross country meet with工业大学. The Board also ratified two year contracts with H. B. F. and M. I. T. for dual cross country races and dual track meets.

MAINE MASQUE WILL GIVE SHAW'S "CANDIDA"

Robert Hamilton, president of the Maine Masque, says that the organization is ready for its annual performance. The play will be given on Wednesday, October 15. The play will be given will be Bernard Shaw's "Candida." This play was selected by the committee as a result of the students' interest in the play. It has been a decided increase in interest in Shaw's work. The performances will be held in Paris this summer, "Candida" will be given as a play for the first time in America.

(Continued on Page Three)

The Board voted to award a cup. S. A. E. won the championship cup last October and will, in all probability, be continued. An Intramural baseball series will be held this season.

(Continued on Page Four)

October 26th is the date set for Maine Night. It's time to invite former stu-
dents to come back for the rally re-
union.

Hodgkinson Hall, responsible for the new
seat of painting, is practically ready for
use. When what is once a dormitory is a
new home for the art students, better known as the M. C. A., the stu-
dents are expected to work hard and to
wear on its work.

Hodgkinson Hall is the only completed of the three buildings that are being
built, the others will be used for student
rooms next year. The third building will
be ready in a few years.

The large room is available for club
and social meetings and has already been used for the freshman tea.

Five Curtiss for the building were very popular.

Refreshments of chicken salad and fruit were served to the guests at the open
fireplace of the art students. After refreshments everyone is invited to take part in
the regular dances.

The music for dancing and songs was
arranged by Charles Thaner and Tri-
by Hunted.

Campus reporters continued this week the
absorbing diversion of probing into
people. Professor Incompleate as it is the
press is the best judge of good and bad in
coldidge is the favorites.

SPO1R
HE,
FRE

"Sad to hear that the glowing testimonial of a former student of the class of '27
of the English Department replied, "I
lieve that Dawes is the stronger man. If
1 rejoice in the thought that Davis is
in some way '80, I am an Independent
and do not adhere to any one polit-
cal party."

DEAN BOYD

Dean H. S. Boardman of the College of
Education, who is in charge of the presi-
tion to support President Coolidge. He
said: "As far as I see, Coolidge is the
man that the country wants. He
promised to do a good job as Presi-
dent, but, of course, that is the reason I
am for him. I believe that Coolidge
stands for the things that we want in
the United States.

I don't believe that reactionary
La Follette. I think he's going up like
a bubble, and he will be washed away.
Frank M. Kintz, track and cross country
runner, will be elected for the positions.
I shall cast my vote for "Cal" at the
November elections. I think he is the
best man of all the candidates, and the
time he has been in the White House
and I think that he should be given an-
other chance.

Mr. Vernon Party

Most three-cornered enjoyed the party of the Maine Vernon party last Friday night. The House was not ex-

pected, but the good floor and better music made up for everything else.

The main hall was attractively ar-

ranged, club, coaches, chairs and small canopies were

there. At intermission, refresh-

ments of coffee and confectionery were

served. Mrs. McBackow and Mrs. H. H. Hunt were

very popular in the area.

And Mrs. Stevens and Doctor and Mrs. Jordan were the guests of the Mansion.

Contributors' Club

Discusses Policy

A meeting of the Contributors' Club was held in the Arts and Sciences Building on Thursday, October 7. The

issue of president being vacant, the vice-

president, Hope Porter, presided. Over the meeting.

The future policy of the club was discussed, and a committee was formed to revise the constitution.

Last year the Contributors' Club comprised of two circles. The inner circle consisted of undergraduates and fac-

ulty members, while the outer circle included all members interested in the work of the club.

The plan now is to divide the club into three sections: a literary, an athletic, and a social.

The Club plans to invite certain of its members to join a group interested in literary work and criticism. Meetings

will be held every other Tuesday at 7 P.M. A proposal to hold the meetings alternately at the different dormitories and honor of the members and with considerable favor.

Prism Board for 1926 Is Ap-

pointed

Positions of Grinda Editor and staff photographer are still open. Applica-

tions should be made at once.

This year an endeavor will be made to sell more Prisms, and if sufficient sub-

scriptions can be obtained the cost will be materially decreased. In an attempt to increase the sale of Prisms, members of the faculty, and members of other classes will be urged to buy.

It is proposed that pictures of the fac-

tivity on the campus be included in the book this year.

Sidelights on the Game

Don't get discouraged. Maine has a powerful team with plenty of drive and courage. Next Sat-

day we will see the blue come into its own.

The hand members were blue dev-

oters and bookies instead of the

regular military uniform. This gives them a snappier appearance, and the student body likes it bet-

ter.

It was one of the warmest days of the fall. By next week we can expect something like real football weather.

Paul Laverne played his first varsity game on Alumni Field. Two weeks ago he got in to the game at Kingston.

Cassius was forced to don a new jersey early in the game. The little foothill easily led in front of the bench while the managers made the necessary change.

Give the boys plenty of encour-

agement this week. The time to rally the Maine Spirit and Fight is now. Let's stand with the men.

Worth looking into

**T**HE most interesting study in the world.

What is it? Why you, yourself.

Put yourself under the microscope. Examine yourself most searchingly to find out just what kind of work you have a natural aptitude for.

Don’t leave your career to chance. Don’t be satisfied with any nonchalant observation of what may seem to be your best field.

Upperclassmen who have applied this careful self-study will tell you it helped them pick out the “major” which fell in just closest check, and their natural fitness. The result—greater interest and greater profit through their whole college career.

Graduates will tell you that the man who turns the microscope on himself is happiest in his choice of a life-work.

It comes down to this—some patient analysis now may be the means of putting you on the right track for the rest of your life.
