REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Monhegan Plantation:

I herewith submit my first annual report as Supt. of Schools for the year ending March 1, 1920.

We have been extremely fortunate this year in that the same teacher who began the fall term last September is still with us today. It is not too much to say that Miss Robinson is a first-class teacher. She prepares her school work carefully and takes a great interest in the work of her pupils. At the time of my visit I was very favorably impressed with the discipline of the school. The pupils were orderly and obedient and devoted to their work. Examinations were being given and I had a good opportunity to judge of the work that had been done previously. I found that the pupils had a good understanding of what they had been over.

I wish to congratulate the people of Monhegan for the financial support that they give their school. This is something that can be said of very few small communities. The teacher is well paid and a well paid teacher is a contented teacher. The school is abundantly supplied with text books, school paper, and other necessary articles.

Considerable repairs were done on the school building last year and it is in pretty good condition. A new outside door would add to the warmth of the building.

Although teachers' wages will be higher next year than they have been this year yet I do not think you

will have to raise any more money for school purposes than you did last year. You are now paying far more than the average wage now paid in the state. Fuel may cost more but it ought not to. It would seem that the price limit had been reached in that very necessary commodity.

I wish to thank school officials and citizens for the support that they have given me.

Respectfully submitted,

ELMER C. VINING

Supt. of Schools
