BRICE'S CHAMPS MEET NEW HAMPSHIRE FOR CONFERENCE TITLE

THIS WEEK'S GAME EXPECTED TO BE HARDEST FOUGHT OF SEASON

With the State Title safely tucked away, the Maine Bear is engaged in giving his claws a final polish and will step out Saturday in quest of bigger things, namely a New Hampshire scalp and the New England Conference title.

Coach Brice gave his men a day of rest Monday and another Wednesday, on account of the holiday, but the boys fell to it Tuesday afternoon and worked hard in an effort to round off the rough spots which cropped up in the Bowdoin game.

The team came out of the Bowdoin scrap in good shape, as it has come out of every other game this season. A few bruises constitute a major part of the injuries received, and the same lineup will probably be in shape to start against New Hampshire that has started most of this season's games.

Maine's line showed its strength against Bowdoin and the backs, especially Barrows and Sylvester, looked the best that they have all season. Bowdoin's backs found the Blue line impregnable, especially the left side where Capt. Fraser and "Freddy" Newhall had their encampment. New Hampshire will have a tough nut to crack if they intend to gain much ground around that territory. The Blue pair were death on punts also, Fraser blocking one and scoring a touchdown and Newhall blocking two, one of which resulted in a touchdown for "Mike" Lavorgna.

Fraser, Newhall, Barrows, Simon, Elliott, and Stanton will all be playing their last game for Maine, and they may be depended on to give all they have in their final effort.

The New Hampshire game is expected to prove the hardest on the whole Maine schedule, as the Granite Staters have so far gone through the season with a clean slate. They are the only team in New England, outside of Dartmouth, to boast of this record and are coming to Orono this week with the determination of keeping up their work by tying a defeat on Fred Brice's state champs. A victory will mean a lot to either team, as the winner will be recognized as the champion of the New England State College Conference, composed of the state colleges of all the New England states with the exception of Vermont.

CROSS COUNTRY TEAMS TO RUN IN N. E. MEET

BOTH VARSITY AND FRESHMEN WILL GO TO BOSTON

After a short breathing spell, Coach Kanaly's barriers, champions of Maine, have again taken up their work and are hard at it in preparation for the New England Intercollegiate Meet which takes place at Franklin Park, Boston, next Monday, November 16.

This year, in addition to the varsity event, a freshman race will be staged for the first time and Maine will be represented in this also, by the 1929 outfit, under the leadership of Worth Noyes of Lee.

Time trials in the nature of an inter-class meet were held Monday afternoon. The meet was won by the freshmen. The freshman course of three miles was used. The varsity team may be forced to go to Boston without the services of "Bud" Cushing, who has a weak leg. His place will be taken by Calvin Hutchinson, in case it is found that Cushing cannot make the trip. The varsity team will be made up as follows: Capt. Hillman, "Grunt" Taylor, "Charlie" Gero, "Janie" Hart, Calvin Hutchinson, John Snell, and "Brad" Baker. The first five men to finish will

(Continued on Page Four)

JOURNALISTS HERE FRIDAY

Kappa Gamma Phi Entertains School Editors

The annual journalistic conference, sponsored by Kappa Gamma Phi honorary journalistic fraternity, will be held here Friday and Saturday of this week. It will be attended by editors and managers of school papers from all over the state and, from present indications, will attract a bigger representation than ever before. Arrangements for the conference have been in the hands of a committee of Kappa Gamma Phi members, composed of Robert E. Turner, chairman; Robert Tate; John H. Mahoney; and Henry Welch. The sessions of the convention will be held in the M.C.A. building.

It has been customary to hold this gathering in the spring of the year but it was the opinion of the committee in charge of the 1925 conference that more benefit would result to the papers represented if the meetings could be held at the beginning of the school year, instead of near its end. As an experiment, it was decided to change the date to November, and the unqualified approval of the schools which are sending delegates seems to justify the new plan. It will undoubtedly be made a custom to hold future conventions at this time of year.

Besides the regular features of the business program, which include addresses by Hon. Henry Dunnack, state librarian, Acting President Boardman, Dr. Ellis of the English department, and R. T. Patten of the Skowhegan Independent Reporter, probably the best weekly paper now published in Maine, other attractions will be attendance of the delegates at the football rally Friday night and at the New Hampshire game Saturday. A "journalistic dance" Friday evening after the rally will undoubtedly attract a good-sized crowd from the student body to meet the guests and get acquainted.

University students are invited to attend all the sessions of the conference, which will be of general interest, and are also invited to attend the banquet Friday evening.

The detailed program of the conference is as follows:

Friday, Nov. 13
Chairman, R. T. Turner, Business Manager, the Campus
8:00 A.M. Registration
10:00 Words of welcome from Kappa Gamma Phi Irving Kelley, Pres.
10:20 Words of welcome to the University
Acting President H. S. Boardman
10:45 Editorials in the School Paper Kenneth W. MacGregory, Editor of the Maine Campus
11:15 Good English in School Papers Prof. H. M. Ellis of the English Department

Friday Afternoon
Chairman, John H. Mahoney, Managing Editor, the Campus
1:30 P.M. The Year Book Edward M. Engel, Editor of the Junior Prism
2:00 Address

NO OXFORD BAGS FOR FRESHMEN

Sophs Warn Yearlings That Rules Must Be Obeyed

The Owls have spoken. Wide-bottomed trousers are taboo on the university campus as far as the first-year students are concerned. And other stringent regulations, besides the usual ones, will also be rigidly enforced, according to the following communications received by the Campus from the Senior Skulls and the Owls.

Warning to Freshmen:
Freshman rules must be obeyed by all. The offenders will be dealt with according to the established custom. Ask a Sophomore and he will tell you the penalty.

Let this be a final Warning.
In addition to the rules set forth in

(Continued on Page Four)

MAINE NIGHT RALLY DREW RECORD CROWD

ALUMNI AND STUDENTS PACK GYM FOR HOME-COMING EXERCISES

The biggest Maine Night on record was staged in the gymnasium Friday night with more than 1200 wildly cheering students and alumni of the university in attendance. The annual homecoming drew more former students to the campus than ever before and hundreds more were on hand for the Bowdoin game Saturday afternoon.

Cheering, singing and all the other things that go to make up a Maine Night celebration were on the program. Robert P. Clark, alumni secretary, presided and introduced the speakers with fitting words. The principal speakers of the evening were acting President Harold S. Boardman and Norman H. "Spike" Mayo of Portland, vice president of the Alumni Association and an old Maine athlete.

The first speaker was Joseph A. McCusker of East Braintree, Mass., a graduate of Maine in the class of 1917, who was presented with a cheer leader's letter in recognition of his services in organizing Maine cheering sections at intercollegiate athletic events in and around Boston. McCusker led the cheering during the evening.

Chairman Clark called on Coach Fred Brice and Captain Ginger Fraser of the football team to say a few words. Both warned against over-confidence of a victory over Bowdoin.

President Henry Eaton of the A. A., Coach Frank Kanaly of the State champion cross country team, and Captain Art Hillman of the barriers were the next speakers. William MacSawyer of Bangor, chairman of the Gymnasium-Armory Building Committee, told of the progress of the work on the vast structure, now nearing completion. He presented figures to show its superior size compared with the great Yost Field House of the University of Michigan, which he inspected while attending the inaugural exercises of President Little at Ann Arbor.

Mr. Mayo and acting President Boardman were the last speakers on the program, which ended with the singing of the University Stein Song and cheers.

For the first time in history, the football team was not at the Maine Night exercises, with the exception of Captain Fraser. The men were taken away from the excitement on the campus in order to get a good rest before the game. They returned an hour before game time Saturday.

SOPHOMORES ELECT OFFICERS ON NOV. 24

NOMINATE WELL-KNOWN ATHLETES FOR PRESIDENCY

The nominating committee of the Sophomore Class has announced its selections of class officers for the year. The election will be held Tuesday, November 24.

The candidates are as follows:
President: James Branscom, Stanley Deveau, Carroll Osgood, and Harry Peakes.

Vice-president: Thomas Bates, Charles Stone, John Trefethen, and John Walker.

Treasurer: Russell Baker, Preston Maxwell, and Wendell Noble.
Secretary: Delphine Andrews, Edwina Bartlett, Helen Page and Thelma Perkins.

Executive committee: Lynwood Betts, Granville Chase, James Currie, Laurence Getchell, Paul Giddings, Whitcomb Haynes, Clifford MacNaughton, Byron Porter, Samuel Thompson, and Eugene Warren.

Hop committee: Andre Cushing, Emery Dickey, Raynor Fitzhugh, Robert Lane, George Larrabee, Richard Leavitt, Francis Massalink, Philip McSorley, Cecil Race and Fred Thompson.

MAINE TEAM OUTCLASSES GAME BOWDOIN OUTFIT TO CLINCH STATE TITLE

Saturday's Victory Over Ancient Rivals Brings Honors To University

BRICE AND KANALY SIGN CONTRACTS TO REMAIN THREE YEARS

FOOTBALL MENTOR ALSO TO COACH HOOP AND DIAMOND TEAMS

Two announcements that will bring deep satisfaction to the followers of Maine's athletic fortunes were made at the close of the regular meeting of the Board of Trustees Saturday morning. One was that Fred M. Brice of Manchester, N. H., coach of the Maine varsity team which captured the state title by defeating Bowdoin in the afternoon, had signed a contract to also coach Maine's basketball and baseball teams for the next three years. The other was that Frank Kanaly, coach of track at the university since 1923, had signed up to remain here as mentor of the Blue track men for another three year term.

Brice will succeed Joseph "Cuddy" Murphy, whose resignation becomes effective December 1, as director of Maines' hoop and diamond teams, and can be depended on to keep up the good work which Cuddy has done during his service here. He has been coach of Freshman basketball and baseball since the adoption of the one-year rule and his teams have given good accounts of themselves, his basketball teams having won 22 out of 27 games played, while his diamond outfits have taken more than three-quarters of their contests. His success as freshman coach augers well for its continuation with the varsities.

Brice is a graduate of the Boston School of Optometry, and for thirteen years practiced in Manchester. At the same time he was coach of all sports at Pinkerton Academy, Derry, N. H., and later at Manchester High. During the ten years when he coached the football teams of Manchester he turned out teams which captured the state title every year and three of which were contestants for New England championships. Seven of the men who received their early training from Brice at Manchester later became captains of college teams, in itself no small distinction for a prep. school coach. In the fall of 1921 he resigned his position at Manchester to accept the job of directing the fortunes of Maine football, succeeding "Jim" Baldwin, who went from Maine to Lehigh.

Since coming here Brice has had remarkable success with his teams and has kept up his old habits of winning state titles in the same way as while he was at Manchester high. In the time that he has coached Maine teams, the only set-back that they have suffered in a state series was in the fall of 1923, when a powerful Maine outfit went down to defeat before a Colby team recognized as inferior. Every other game has been either won or tied. This year, with the poorest material to work with that he has had in his five years as Maine coach, Brice has put a climax to his career by winning another state championship in three straight games topping it all by soundly trimming a Bowdoin team considered to be the most promising in years. His success as a coach is all the more remarkable when it is considered that he was never a member of a college football team.

The Maine coach is at present the New England representative of the American Coaches Association and the senior college football mentor of the state. He is very popular with the men who work under him and with the student body.

(Continued on Page Four)

POLAR BEARS UNABLE TO RESIST POWER OF GREAT MAINE MACHINE

VISITORS PUT UP STRONG BUT HOPELESS FIGHT

FARRINGTON STOPPED

Biggest Crowd Ever to Assemble On Alumni Field Witnesses Maine Victory

Maine's glorious football team, headed by the indomitable "Ginger" Fraser, crushed Bowdoin College last Saturday afternoon to the tune of 28-14 before 7500 spectators who overran Alumni field. Thus did the men of Fred Brice and "Cuddy" Murphy ascend to the heights of an undisputed state championship, which had been so carefully reserved early in the season for Bowdoin, and later for Colby, with Maine given an outside chance to beat out Bates for third place. The mighty Maine machine reached the climax of its 1925 career by rolling up four touchdowns against Bowdoin, after starting with a fighting comeback against Bates, and a battle against odds with Colby.

Bowdoin came to Orono after two successive defeats at the hands of Colby and Bates and thus were rated the underdogs, but the Maine Bears expected a battle and certainly got what they expected. Headed by the gritty Farrington, who was laboring, as he has all season, against the tremendous handicap of being the heart and backbone of the Bowdoin team, the Black and White fought gamely through to the end of a battle in which they were hopelessly outclassed by the team which Fred Brice has developed from practically green material. It was a case of one man, a brilliant performer, being hounded by eleven other men, none of them stars, but all fighting Mainiacs who were determined that the Bowdoin ace should be stopped, and he was stopped. Time after time, Fraser and Newhall, Lamoreau and Dickinson, nailed the Bowdoin speedster before he could get started, and time after time, three or four Maine linemen, led by "Joe" Simon, hurled him to the ground for a loss. The whole Maine team outdid themselves, outstanding among the stars of the day being the blond Fraser, Barrows, Simon, Newhall, and Sylvester.

The Maine machine lost no time in getting up steam. Dickinson opened the game by kicking off to Farrington, who immediately booted the ball back again to Cassista. Maine took the ball and started a driving offensive which netted five successive first downs and a touchdown before six minutes of play had elapsed. Barrows whirled over the line for the score and Peakes kicked the goal. Bowdoin held the ball in the first period only long enough to punt, and when Maine punted, Peakes kicked low and to the sidelines, enabling Newhall and Lavorgna to nab Farrington before he could get under way.

Maine's million dollar line was again much in evidence, offensively as well as defensively. In the second period, after the Blue and Blue had made eight first downs, Bowdoin took the ball on her own twenty yard line, and Olmstead went back to kick, since Farrington had left the game. Newhall and Nanigan broke through and the former blocked the kick, and Fraser captured the leather and waltzed to the Bowdoin 24 yard mark before he was stood on his head.

Third Annual Journalistic Conference

On Friday and Saturday of this week, the editors and managers of various secondary schools will gather at the University under the auspices of Kappa Gamma Phi, the journalistic fraternity, to discuss the various editorial and managerial problems.

The comment which has resulted from the conferences held in the last two years has been so encouraging, that this year's committee has tried to plan an even better program than before. Its most immediate effect is to acquaint the more inexperienced high school journalists with the problems which must be met; and the provision of solutions to these problems. The change of date from the spring to fall has been done that the benefit received may be incorporated into the year's work, rather than borne away in the minds of graduating editors.

This convention accomplishes more than one purpose. Besides providing a time and a place to thrash out editorial and business policies, it also serves to introduce the University of Maine to prospective students. During the week end, some of the delegates to the conference will come into contact with Maine men and women. The Campus hopes that every effort will be made to make them feel that our hospitality lacks in nothing.

Champions Again

Maine has just reason to be proud of her sons. During the past two week ends, she has proved the supremacy of her athletes in football and cross country. In contest with the other colleges of Maine, she has undeniably proved herself the victor.

The cross country championship came as near to being a perfect win, as one could possibly expect or hope for. The laurels in that sport were undeniably hers. Teamwork was responsible. To say, however, that that was the only reason, would be not to attribute honor where honor is justly due. The individuals who made the score possible, and the man who trained them are undoubtedly the ones on whom the burden of the victory, (if such a figure can be comprehensible) rests. We sincerely hope that that may be only the first of a series of quite as decisive triumphs.

Rated at the first of the season as a rather poor contender for last place, the football team has proved to the state that ordinary "dope" is untrustworthy. Maine's record on the gridiron has been one hundred percent for the 1925 championship matches. And in each case, the remarkable feature has been the strength of the team in the last half of the games. Bates, Colby, and Bowdoin have experienced the helplessness of trying to stop the superb force of the Maine eleven in the later part of the game. Breaks have been many, and have benefited both Maine and her opponents. But never-

theless, it is impossible to overlook the fact that the 1925 football team had a cooperating, gritty, and loyal team; and that the laurels which they have won are no more than their rightful due.

Chautauqua

Last year, a representative of the Swarthmore Chautauqua was on the campus, and in her tour of the various houses and dormitories, received sufficient support to warrant the completion of plans for introducing the Chautauqua to the University. Since then the arrangements have been completed, and the latter part of next week, the Swarthmore Chautauqua will make its appearance in the attempt to provide a program which will have enough variety of interest for the students.

With the Campus pledged to support this Chautauqua, and with a program of such obvious merit, and with the course rates lower than is ordinary, there is little reason why a majority of the undergraduates and faculty should not make it a point to attend all of the meetings; with the possible exception of the fashion show.

REPORT BIG SALE OF CHAUTAUQUA TICKETS

Tickets for the Swarthmore Chautauqua went on sale, Monday, November 9, and up to date a large number have been sold. Many of the students have shown interest in the Chautauqua, helping the chairman of the ticket-selling committee by canvassing Orono.

The Chautauqua has been in many Maine cities and towns this fall, giving several of the students a chance to see its programs while at home. Those who have attended the entertainments unanimously declare that they were among the best that they had ever seen, and are waiting for the opportunity to see them again at the University.

A season ticket costing \$1 admits the student to six entertainments, both afternoon and evening, and the programs Thursday and Friday evenings alone are well worth the price.

Thursday evening, the comedy-drama "Give and Take," in three acts, will be presented. This will provide plenty of amusement for the audience and the largest attendance of all is expected.

Friday evening, Professor Henry, the well-known magician will present a program of magic, art and mirth. Henry has the reputation of keeping his audience thrilled by his spectacular feats, and this promises a fine entertainment for all.

The Chautauqua is being brought here by the organized efforts of the fraternities and sororities.

Boston and New York Alumni Receive Returns of Game

While the thousands of Maine rooters assembled on Alumni Field Saturday afternoon were cheering themselves hoarse, other equally as enthusiastic groups were following the progress of the game with as much enthusiasm and probably almost as much noise. Direct wires from the field carried play-by-play reports of the game to the assembled members of the New York and Boston Alumni Associations who were holding a deferred Maine Night gathering.

The New York meeting was held in the MacAlpin Hotel, and almost 300 loyal Maine alumni were present to follow the game. The Boston gathering was at the Engineers Club on Commonwealth Avenue.

A few Bowdoin alumni attended the Boston meeting to receive the reports of the game. It is rumored that they did not have occasion to display a great amount of enthusiasm during the afternoon.

The novel suggestion was made this year that the Maine Association of Boston invite the Bowdoin alumni in the city to attend next year's meeting on the day of the big game, and that the rival groups be seated one on each side of the hall. This would give some reality to the situation and would lend plenty of excitement.

On account of the holiday Wednesday, this issue of the Campus appears on Thursday.

CORRESPONDENCE

276 Essex Street,
Bangor, Maine,
November 8, 1925Editor, The Maine Campus,
University of Maine,
Orono, Maine.

Dear Sir:

Whoever, at the University, is responsible for the erection of the Press Box at the top of the grandstand, Alumni Field, is deserving of a word of praise. The facilities accorded the newspaper men who covered the Bowdoin-Maine game on Saturday were the best ever and as one of those who have been representing a newspaper at various times during the past 11 years on Alumni Field, I feel that the press representatives owe a lot of thanks to him or those who are responsible. It made pleasant the sometimes arduous task of recording play by play detail. To Bob Turner, who volunteered to act as announcer on the sideline, the newspaper men are also indebted.

Courtesies to newspaper representatives should bring fruit and by the construction of the press box, Maine made friends among the paper fraternity on Saturday.

I would appreciate it very much if space permits you to print this letter in your next issue.

Yours very truly,

John P. Ramsay

MAINIAC APPEARED AT SATURDAY'S GAME

The first issue of the Mainiac appeared at the football game last Saturday, adorned with a very attractive cover drawn by Phillip Ascher. The prize winners for the joke contest were announced together with the jokes which won the prizes. A second contest for the Christmas issue was also announced. The requirements are the same with the exception, that a set of jokes is to consist of but two, instead of three jokes, as was the case for the first.

There was a larger percentage of original material in this issue than in former Mainiacs, and a department for Exchanges was instituted for the first time. The distribution of the Mainiacs is in the hands of A. W. Brewster, the Circulation Manager.

The Mainiac Editorial Staff repeats its invitation to the students to send in cartoons, jokes, and any material which would be included in a humorous magazine. All such material should be handed in before December 5, 1925.

Seniors Win Relay Meet Between Halves of Game

Between the halves of the Maine-Bowdoin game the annual fall interclass relay race was held. Usually the races are run off between the halves of other games and the deciding race run at an important game. This year due to adverse conditions Coach Kanaly had all the four teams run at the same time. In this way competition was much keener and a close race was enjoyed.

At the start of the race Caldwell of '28 handed his teammate Scott a good lead and from then on things looked to be all in favor of '28. At this time '26 swung into action and the splendid running of 'Heinie' Eaton, George Cahill, and Spoff Giddings turned defeat into victory. It was after a hard battle that '27 was able to cop second place, 'Buckey' Roundsville, and Dan Torrey showing their heels to the runners of '28 and '29 and deciding the second honors for '27.

From this aggregation of runners Coach Kanaly has a fine chance to pick a good team to compete this winter at relay.

The summary is as follows:

1926: Wilkins, F. Chandler, Parkman, Tate, True, Dyke, Standish, S. Giddings, Cahill, Burnham, Eaton, Donovan.

1927: Andrews, Moore, Proctor, Guilfoyle, Trask, Bouchard, S. Chandler, Gallagher, Madden, Meserve, Roundsville, Torrey.

1928: Caldwell, Scott, Peables, Porter, Quozzo, Williams, Hill, P. Giddings, Maxwell, Purdy, Thompson, Folsom.

1929: G. Bixby, Means, Russell, Hart, K. Brown, Parks, Kelly, Wagg, Ryder, Hodgman, Hamlin, Niles.

Race won by '26; second, '27; third, '28; fourth, '29. Time, 4:54 2-5.

ORGANIZATIONS

At a meeting of the Maine Rifle Club, October 29, Charles W. Wixon was elected captain. Other officers of the club, who were elected last spring are: President, Vernon H. Somers '26; vice-president, Henry C. Waldo '27; secretary-treasurer, Milton H. Clapp '27; executive officer and manager, Eugene C. Winch '27; coach, John H. Kidney.

The club will hold its first inter-collegiate meet about the first of the year. A rifle range is to be erected in the new armory-gymnasium, and the club expects to start practice next month.

A meeting of the Agricultural Club was held Wednesday, October 28, in Winslow Hall. The meeting was presided over by President Wallace Elliott and there was a good attendance of agricultural students.

The speaker of the evening was Professor Meribout of the department of agricultural economics. His talk was on "what will tickle the farmer's pocket book and how agricultural economic research helps." With the aid of two large sheets he showed the difference between economic survey and research. The project he illustrated was apple growing in Maine.

This talk was followed by an open discussion. Refreshments of apples and peanuts were served.

The first meeting of the Girls' Rifle Club was held in Alumni Hall, October 23. The annual election of officers was held. Those elected are: Mary Larkin, president; Beatrice Myers, manager; Evelyn Farris, vice-president; Edith Andrews, secretary and treasurer. During this meeting Coach John Kidney spoke about the National Rifle Association which offers a competition for national championships to its members.

The next meeting of the Club took place Friday, October 30. The freshmen were told about the Club and practice assignments were given out.

The honorary engineering fraternity, Tau Beta Pi, held their annual smoker Wednesday, Oct. 28, in 305 Aubert. Cigars, cigarettes, apples, and peanuts were passed around after which the program was devoted to speeches.

Acting President H. S. Boardman spoke of the need of intra-mural education and the deplorable number, 50 to 60 percent, who failed to complete engineering courses. He blamed both faculty and students for this condition. Dean W. J. Creamer then told what his idea of an ideal curriculum was. His talk was full of humor and his illustrations exceptionally apt. Becoming serious, however, he advocated the introduction of more A.B. courses into the school of technology. He was followed by Dean J. S. Stevens, who told of the advantages of an A.B. training, and Dean J. N. Hart, who gave a fine illustrated talk on Florida.

A very interesting Y.W.C.A. Council meeting was held around the fireplace in the Reception Hall at Balentine on Wednesday evening of last week. Cecile Ham, president of the organization, presided, and gave a very inspiring talk on the purpose of Y.W. and how we can make it live. She outlined the plans for the winter, in discussion groups, musical groups and poetry groups, meeting a few minutes each week. There is also a chance for Social Work if the girls desire to take it up.

The scripture reading was by Marion Lord and a piano selection by Mary McGuire was enjoyed. All sang "Follow the Gleam."

Phi Omega Delta fraternity held a party in Orono Town Hall, Saturday evening, Nov. 8.

The hall was beautifully decorated in the fraternity colors of blue and white.

A novelty dance in which caps for the men and bracelets for the girls were matched for numbers, added variety to the program.

Music was furnished by the Troubadours.

Refreshments of ice cream and punch were served.

Chaperones for the evening were Mr. and Mrs. Dwight Demeritt.

The hockey girls leave Wednesday morning for a trip to Halifax where they will play the Dalhousie team. Fifteen girls are making the trip, accompanied by Dean Colvin, Miss Lengyel

KANALY HAS HAD NOTABLE CAREER

MAINE'S TRACK COACH LONG PROMINENT IN ATHLETICS

Frank M. Kanaly, who has been re-appointed to serve as coach of track and cross country for the ensuing three years, has had a phenomenal record as amateur and professional runner.

He started running in 1899, for Somerville High School. His first victory was on June 7, 1900, when he won the Harvard Intercollegiate one mile championship, running for Somerville. In that same year he was second in the Senior and Junior two mile championships race.

On Thanksgiving Day of 1900 he won the New England Cross Country 10 mile championship. His time was 50 minutes and 20 seconds for the distance, which established a new record, and one that has never been broken.

On June 13, 1901, he won the National one mile handicap race from virtual scratch of 10 yards. There was no scratch man. At the Pan-American Exposition in Buffalo in 1901, he won the National Senior Championship five miles.

In 1902 he turned professional, and in the next five years he won every race in which he competed except the first. During this time he became the American champion in every distance from one-half to five miles. From 1907 to 1910 he was the American champion in the mile and half mile. Shrub of England beat him for the title in the other distances above one mile.

In 1910 he went abroad, and won the world's championship one mile race between himself and William Day, holder of the British Isles championship at New Castle-on-Tyne. In 1911 he was challenged for this by Fred Davies, and they met at Pontypriddy, Wales, where Kanaly successfully defended his title. Two days later he challenged and won the 1 1/2 mile World's championship from Robert Clark at Liverpool.

In 1914 he lost the one mile championship to Hans Holmer of Edinburgh. He would have challenged for a return race, but the declaration of war made that impossible. He was in the Army and Navy Aviation Service during the war. He retired after 1915.

He first started coaching in 1902, when he served at Cambridge High and Latin school. In 1904 he went to Colby where he coached for a year. From 1905 to 1906 he was the coach for Noble and Greenough School of Boston. He also coached for Tufts College during this period. He retired to New Orleans in 1906 where he was physical director and coach for the Young Men's Gymnastic Club. He resigned however, at the end of a month and returned to Colby, where he remained a year. From that engagement he was called to Massachusetts Institute of Technology, where he remained for 16 years as the coach of the track teams. Since 1923 he has been the coach here at the University, and has coached the Cross Country teams to the state championship during the three seasons he has had charge of them.

and Ascha Bean. It is hoped that this game will be the first of a series aiming toward the establishment of friendly and permanent relations between the two colleges.

An informal party was held at the chapter house of Sigma Phi Sigma fraternity, on Saturday, November 7. Several of the alumni were present, having returned for Maine Night and the Bowdoin-Maine game.

A novelty confetti dance was included in the program. The Island City Five supplied "la musique." During the evening, refreshments of ice cream, fancy cookies and punch were enjoyed.

Among the guests present were Sergeant and Mrs. Ashley. Prof. and Mrs. J. H. Huddilston acted as chaperones.

A banquet was held at the Penobscot Valley Country Club, Friday evening. Alumnae of Pi Beta Phi, their province president, Miss Peene of Toronto, pledges and active chapter members were the guests.

The tables were attractively decorated with nut cups, and place cards in autumn colors.

Alumnae backing for the occasion were: Grace Armstrong, Madeline Brackett, Rena Campbell, Beulah Duran Farren, Rachel Gordon, Victoria Weeks Hacker, Louise Kincade, Flavia Richardson, Arlene Ware.

The party returned to the campus in time for the Maine Night rally.

Freshmen Defeat R. C. I. In One-sided Battle

"Jack" Quinn's frosh eleven came into its own Friday afternoon and cleaned up Alumni Field with the Ricker Classical Institute team. The final score was 34-0. The freshmen presented a smashing attack which rivalled that of their varsity brothers and the lighter, but game, Houlton team was out-classed.

A 60 yard run for a touchdown by Coltart and a 35 yard sprint by La Plant after he had intercepted a pass were features. "Larry" Hobbs booted a 35 yard field goal in the second period.

Frank Hussey '25 Speaker At Sunday Vesper Service

Students who attended the Vesper Services Sunday evening, Nov. 8, had a special opportunity to learn of present conditions among European students from Frank Hussey, '25. Mr. Hussey was one of twelve students who were picked by the National Y.M.C.A. to form the Student Pilgrimage of the past summer.

On the way to England the pilgrimage met the Sherwood Eddy party and profited much from the discussion groups organized by Mr. Eddy. In England the group attended the conference of the British Student Christian Associations. The Americans noticed that the English students attacked their problems by the reasoning method rather than by direct action.

From England the pilgrims journeyed to Holland. Here the men and women students form a single federation of which there are four groups, Catholic, Calvinist, and two Liberal groups.

After leaving Holland the students visited the Ruhr district, Essen, Cologne, Berlin and Dresden. Throughout Germany they observed a hatred of France because of the occupation of the Ruhr.

Prague was the next point visited. In this city there is a very active student association that assists refugee students of 28 different nationalities. American students have no conception of the hardships which these European refugees have undergone, Mr. Hussey said. The European Student Relief for four years has been doing valiant work in assisting these refugee students.

In Switzerland the party had an opportunity to observe the League of Nations at Geneva.

Mr. Hussey emphasized the intense national jealousies which he observed throughout Europe. The outlook is decidedly pessimistic, unless the students succeed in promoting a spirit of true Christian fellowship. We as American students can assist this movement by welcoming foreign students to our campus and by contributing as far as we can to the European Relief work, he said.

The State Teachers' Convention was held the last week of October in Portland. Seven of the professors from the University attended.

Miss Ava Chadbourne of the Education Department, who was vice-president of the association, presided over the meeting Thursday night.

Prof. J. H. Huddilston had charge of the classical section and read a paper on "The Study of the Classics" before the classical section of secondary school teachers.

Others attending were Dr. H. M. Ellis and Harvey Miller from the English Department, Prof. Duran from the history department, Miss Evelyn Buchanan, sociology, and Prof. Walter Page, history.

Y.W.C.A. Begins Annual Drive For Financial Help

The Young Women's Christian Association of the University started Monday on its Finance Campaign which is expected this year to be more successful than ever before. The goal set is higher than that of last year, a fact fully warranted by the increased work of the organization. Many new departures are being made this year along lines of social service, and liberal support from the students is necessary in order that the plans may all materialize. Work for the Good Samaritan Home in Bangor is only one of many things that the Y.W. is planning to do if financially able. The minimum amount is six hundred dollars and the cabinet is hoping that by the time the returns are all in they will have been over-subscribed. The women students of the college were canvassed Monday and Tuesday. Faculty wives are also being given an opportunity to contribute.

Besides social work, this amount is used for conference expenses, upkeep of the Y.W. room, work with the freshman girls, and other worth while activities. The Y.W. is broadening its field this year and is making its presence felt on the campus.

Y. W. Represented at National Convention

The University of Maine was one of the few New England colleges to be represented at the National Country Life Conference which was held this year at Richmond, Virginia, October 27-31. At the meeting of the Maqua division of the National Y.W.C.A. council, Effie Bradeen of Maine was chosen to attend this conference as a delegate from the Maqua division which includes practically all of New England. This is the eighth conference of its kind held in the United States. The questions discussed were those that are concerned with the various phases of rural community life, social, educational, religious and economic problems. Among the leaders were some of the most prominent men in agricultural extension work as well as a number of religious workers and professors from colleges and universities all over the south and west. The University of Maine was the only college north of Massachusetts from which a delegate was chosen.

Phi Kappa Phi Elects

Seven members of Phi Kappa Phi, honorary scholastic society, have been elected from the senior class. The name of Willis M. Barrows of Dover-Foxcroft, highest ranking member of the class, heads the list. The others are Ada Cohen of Bangor, Carl M. Harmon of Buxton, Marion F. Lindsey of Orrington, Joseph R. Dougherty of Bangor, Beulah E. Osgood of Orono, and Ralph R. Parkman of Hartland.

The members of Phi Kappa Phi are chosen from among the highest ranking students in the three colleges of the university.

Erect New Flag Pole

A steel flag-pole has been erected by the University on the lawn south of Fernald Hall. The pole is 80 feet high, resting on a concrete base 4 feet square and 8 feet deep.

The first flag-raising was held Saturday morning, November 7, by the Military Department. It had been planned to have several speakers present for the occasion, but this was impossible.

Two large flags have been purchased—a post flag, to be used in pleasant weather, and a storm flag. The flag will be flown every day.

The erection of this pole fills a long-felt need at the University, as hitherto there has been no official display of the national emblem on the campus. It was suggested editorially by the *Campus* last year that steps be taken looking to the proper display of the flag from a University post.

Mr. Grube Cornish of the State Board of Charities and Corrections spoke before an assembly of sorority girls Tuesday evening. He gave an outline of the work of various branches of his department showing the conditions which exist in the almshouses, prisons and among the poor in the State of Maine and telling of the improvements the State Board hopes to make in the future.

He believes that the courses in Sociology at the University of Maine are very efficient, he said, and since there is a greater need of college graduates in this line of work he hopes that many of the girls will consider seriously entering upon such a career after graduation.

A dancing party preceded by a buffet supper was given Saturday evening in the Phi Gamma Delta house. Berry's orchestra furnished music. At intermission, cake, punch, and ice cream were served.

This year, for the first time, the M. C. A. has organized a Freshman Cabinet to promote activities among the freshmen and to assist the M.C.A. in carrying out its work. Representatives of the dormitories and fraternities have gathered at three meetings, electing officers of the Cabinet at the last meeting, Wednesday evening, November 4. The officers chosen were:

President, Manning Worthley; vice-president, Charles Brown; secretary-treasurer, Horace Brown.

Committees will be chosen in the near future to give each man an opportunity to help in the entertainments and other work throughout the year. Twenty members of the Cabinet have offered their services to the Chautauqua Committee to sell tickets and to arouse interest in the Chautauqua, which will be at the University November 18, 19, 20.

Two men have agreed to act as Assistant Scoutmaster of the troop at the Orono Methodist Church, while five others are to teach Bible classes at the Bangor Y.M.C.A. this winter.

Dr. H. M. Ellis, head of the English department, delivered a lecture on Wednesday evening of last week, before the students in the English literature course. His subject was "Chaucer." The lecture was illustrated by lantern slides depicting Chaucerian dress and customs, and the architecture of the 14th century.

Do you know? "HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study

by
WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigue. ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

Some of the Topics covered

Scientific Shortcuts in Effective Study	Diet During Athletic Training
Preparing for Examinations	How to Study Modern Languages
Writing Good Examinations	How to Study Science, Literature, etc.
Brain and Digestion in Relation to Study	Why Go to College?
How to Take Lecture and Reading Notes	After College, What?
Advantages and Disadvantages of Cramming	Developing Concentration and Efficiency
The Athlete and His Studies	etc., etc., etc., etc., etc., etc.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swain, M.I.T.

"To students who have never learnt 'How to Study,' work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.

Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

A Protein Feed That Pays

Corn Gluten Feed—23% Protein
"Almost Wholly Digestible"

Corn Gluten Feed is a profitable protein ingredient for every ration. Successful feeders in 32 States are feeding it regularly. These practical men know its value. It pays them to feed it.

One or more feeding experiments with Corn Gluten Feed in the ration will make your school work more interesting and profitable to you. There are several good reasons why this is so.

Corn is grown in all the States. It is worth more than any other farm crop. We need corn more than anything else grown on the farm, and without it we would almost starve.

The product of corn most needed by the farmer and feeder is Corn Gluten Feed. A ton of it contains as much protein as 2½ tons of corn and also the natural salts of five tons of the whole grain.

Corn Gluten Feed is palatable and safe. It is never given as medicine nor has it ever caused abortion or blindness. Some dairymen feed it straight for high production tests.

You are going to help the farmer get the most out of his corn crop. This Research Bureau can be of great service to you, and we want to tell you about it.

Write us today and we will send you our bulletins and show what we are doing in our nation-wide campaign for better feeding.

Maine Team Outclasses Game Bowdoin Outfit to Clinch State Title

A pass, Peakes to Sylvester, put the ball 19 yards nearer the goal, but at this critical point, a Maine fumble gave Bowdoin the ball. Again Olmstead went back to kick and again the Blue forwards broke through and this time it was Fraser who blocked the kick. The Maine captain chased the ball over the goal line himself and fell on it for the first touchdown in his brilliant career. Peakes again kicked the goal.

At this point, Bowdoin got her first big break. Peakes kicked off, and on the first play, "Red" Robinson, Bowdoin end, went back and booted a beautiful spiral, by far the best kick of the game. The ball escaped Osgood, Maine quarter, and Fisher recovered for Bowdoin, deep in Maine territory. Another break followed for Bowdoin, when Umpire Dorman penalized Maine fifteen yards on what he termed unnecessary roughness on the part of Sylvester, who used his hands in packing up the line. This placed the ball on the Maine three yard line, from which Olmstead carried it over, after the Maine line had held for three downs. Fisher kicked the goal.

Maine's offensive got going again in

the second half and Sylvester, Peakes, and Barrows carried the ball to midfield shortly after the kickoff. Then Peakes, standing on the fifty yard line, fired an Oberlander pass to Newhall, who took it on the dead run and galloped to the three yard line before he was downed by Olmstead. Barrows hurtled over the line for the touchdown and Peakes added another point. Maine's fourth touchdown occurred a few minutes later, and it was again the line which was responsible. Robinson went back to punt on his own ten yard mark. Newhall blocked the kick, and "Mike" Lavorgna fumbled over the line and fell on the ball for the last touchdown. Peakes kicked the goal, thus completing a perfect score for his days' work. Maine 28, Bowdoin 7.

At this point, Farrington, who had been hurt in the first half, returned to the fray, and the Bowdoin morale perked up immediately. Bowdoin started a drive of their own, which carried the ball well into Maine territory. With a foot to go to make first down, Capt. Fraser smeared Farrington behind his line with a crash which they heard in South Brewer, and Maine took the ball, Peakes immediately punting out of danger.

Bowdoin was not yet done, however, and, with less than five minutes to go, Farrington managed to get away a punt without it being blocked, and Cassista fumbled the hoist, Lancaster recovering for Bowdoin. The enemy center carried the ball to the Maine three yard line before he was downed by "Pat" Peakes. Directly after this, Farrington discovered that Newhall had his mind in the clouds, and circled his end for the touchdown, Fisher kicking the goal. This ended the excitement of the day, as the final whistle put an end to the festivities shortly afterward.

The superb playing of Maine's "high scoring line," every member of which but "Joe" Simon has scored at least one touchdown this year, was one of the high lights of the afternoon. Fraser and Newhall teamed up to perfection, both defensively and offensively. The Maine leader blocked a kick, recovered two other blocked kicks, scored a touchdown, intercepted a pass, and was a whale on the defense. Newhall blocked two punts, and played hob with the Bowdoin backs all afternoon. Barrows, like Fraser and Newhall, playing his last game but one for Maine, shone consistently through the battle. He and

Sylvester pounded the line like demons and shot through their holes like blue lightning bolts. Peakes' careful kicking was also a big factor in the victory.

For Bowdoin, too much cannot be said about the gameness and fighting spirit of one Mr. Farrington. The Maine tacklers gave him terrific punishment but he returned to the game in the second half, although he had all but been carried from the field in the second quarter. The odds against him were too great, however, and the Bowdoin star was unable to display his usual form. Capt. Tucker at guard, Ecker, a sub tackle, and Morrell, who played a great defensive game at fullback, were the other outstanding Bowdoin men.

Brice's Champs Meet New Hampshire for Conference Title

On the basis of early season performances, the visitors will be given a slight edge at the opening of the game, but the Maine team will be sure to give them the busiest afternoon of their young lives before it admits their supremacy. The Bears are still smarting from the 33-0 trimming which they suffered at Durham last year and are out to redeem themselves this week. A Maine victory will put the finishing touches on one of the most successful years of Maine football ever. And such a victory seems not at all improbable in spite of the odds against the Blue, as this Maine team has demonstrated during the recent series that it fights all the harder when it is the under-dog. Saturday's game has every appearance of being the closest and hardest fought that has been seen on the local field for many a moon. The team that emerges on top will know that it has been in a fight.

(Continued from Page One)

Cross Country Teams to Run in N. E. Meet

count in the score.

The freshmen showed that they had a remarkably well balanced team, since there was but one minute and eleven seconds difference between the first and tenth man. Ten men will start and seven will count in the score.

Following are the ten freshmen who will makeup the starting team, in the order in which they finished Monday: Capt. Noyes, Wilkins, Stinson, Murray, MacNaughton, Whittier, Merrill, Syphers, Turner, and Wagg.

The varsity race will be run over the regular Franklin Park course of five miles, and the freshmen will go over the three mile course. The first race will start Monday afternoon at 2 P.M.

(Continued from Page One)

Brice and Kanaly Sign Contracts to Remain Three Years

and is assured of full and loyal support in his new duties. It is generally recognized among the students that the athletic authorities could have made no better choice in picking a successor to "Cuddy" than they have done, and all are looking forward to a successful year which the winning of football and cross country championships has started off so auspiciously.

Sophomores Elect Officers on November 24

Pipe committee: Donald Allen, Charles Bond, Seymour Hammond, Reginald Hoyt, Matthew Highlands, Delmar Lovejoy, James MacDougall, Sidney Perham, Elmer Ward, and Blair Wilson.

Arrangements are already being made for the annual Student, Faculty, Alumni Banquet, which will be held under the auspices of the Senior Skulls, in the Bangor House on Friday, January 15. Governor Ralph O. Brewster will be present as the guest of honor and principal speaker. The Skull committee in charge consists of H. B. Eaton, chairman, A. H. Wilkins, and John R. Durrell.

NOTICE

Basketball practice will start Nov. 18. Only those eligible need report.

"Del" Parsons, Manager.

How This College Man Found the Secret of Making Money Pleasantly and Easily

THE year before he graduated, his father sold out his coffee business and retired.

But he wasn't the kind who could stay retired. "Son" hadn't made up his mind what to do after graduation, so knowing how he liked flowers, Dad kind of concluded he would have a decision ready.

So he built this sassy little flower shop in one of the residential sections of Indianapolis.

Then he called us in to add the greenhouse, which he calls his "big glass show case".

Dropped in to see them not so long ago.

Say man, but there is just one of the nicest little gold mines I've bumped into in many a day.

A delightful business in every way, and growing every day.

How about it, don't you think your Dad would chip in on a proposition like that?

Write us. We'll give you all the facts you want, and then some.

More and more college men are taking up this flower business every year.

It's fun, and there's money in it—that's why.

If interested write to the Manager of our Service Department, Ulmer Building, Cleveland, Ohio, who will give it his personal attention.
