SOPHOMORES CHOOSE PEAKES PRESIDENT IN TUESDAY'S VOTING

FOOTBALL STAR TO LEAD CLASS DURING COMING YEAR

Harry Peakes of Milo, half-back of the Maine football team, was elected president of the Sophomore class yesterday, defeating James Branscom of Northeast Harbor, Stanley Deveau of Lexington, Mass., and Carroll Osgood of Orono. Branscom is a basketball man, Deveau and Osgood members of the football squad. Osgood has held the presidency during the past year.

Thomas Bates of Bath was named vice president, being chosen over Charles Stone of Fort Fairfield and Gordon Walker of Millinocket. Wendell Noble of Blaine and Thelma Perkins of Old Town will act as treasurer and secretary during the coming year. Noble defeated Russell B. Baker of Bangor and Preston Maxwell of Stoneham, Mass. Miss Perkins was victorious over Delphine Andrews of Hallowell, Edwina Bartlett of Hampden and Helen Page of Lincoln.

Other elections were as follows:
Executive Committee—Samuel Thompson of Lee, Lynwood Betts of Dover-Foxcroft, James Currie of Eastport, Lawrence Gatchell of Bar Harbor and Paul Giddings of Augusta.

Hop Committee—Hugh Cushing of Bangor, Raynor Fitzhugh of Mount Vernon, N. Y., Robert Lane of Winchester, Mass., Richard Leavitt of Portland and Fred Thompson of Millinocket.

Pipe Committee—Seymour Hammond of Shrewsbury, Mass., Donald Allen of Bangor; Charles Bond of Bangor, James MacDougall of Milo and Sidney Perham of Augusta.

STATE CONFERENCE HERE IN FEBRUARY

CHRISTIAN ASSOCIATIONS TO MEET FOR THREE-DAY CONVENTION

The University of Maine has been chosen as the rallying point for the first State Student Conference to be held February 26, 27, and 28, 1926. This came as a result of the efforts of "Bill" Wilson, Secretary of the Maine Christian Association and Cyril Cogswell, Maine's delegates to the forty-fourth annual State Convention of the Y.M.C.A. held in Auburn, Maine, November 21st.

Those who will be invited to be at this Conference are representatives of the four Maine colleges, both men and women, the Bangor Theological Seminary, and the State Normal Schools. The purpose of this convention is to extend to Maine workers privileges and advantages similar to those to be derived from the larger Northfield Conferences. Furthermore the benefits will be available to more than the two from a college stipulated for the Massachusetts convention.

Cyril Cogswell has been elected chairman of this first convention. The main subject for discussion will be the "Christian Way of Life." A speaker of national reputation is already assured for the conference, and he will be assisted by other prominent Christian speakers.

This is expected to be the largest gathering of its kind ever held in this state, and has the staunch support of all of the organizations who are included within its scope.

The results of the Y.W.C.A. financial drive which was concluded last week total two hundred and fifty dollars. This is an increase of fifty dollars over the amount raised last year. It is expected that this sum will be swelled still further, since the aid of faculty members and off-campus friends of the organization has not yet been solicited.

GIVE LETTERS TO ATHLETES

Eighteen Football and Seven Cross Country Men Rewarded

Varsity letters were awarded to seven men in cross-country and eighteen in football, including the two managers, at a meeting of the University Athletic Board last Thursday evening. Numerals were awarded to ten members of the freshman cross country squad and fourteen on the football squad. Numerals were also awarded to the twelve seniors who ran on the winning team in the recent inter-class relay race.

Following are the men who were awarded the varsity "M": Football: Capt. Oren F. Fraser '26, of Medford, Mass.; Capt.-elect Paul D. Lamoreau '27 of Presque Isle; Fred C. Newhall '26, of Lexington, Mass.; Willis M. Barrows '26, of Dover-Foxcroft; Wallace H. Elliott '26, of Presque Isle; Joseph C. Simon '26, of Millinocket; Edward F. Stanton '26, of Hartford, Conn.; Vernon C. Bryant '26, of Lincoln; Anthony A. Becaker '27, of Rumford; Michael L. Lavorgna '27, of Rumford; Thomas L. Dickson '27, of Mexico; Achilles J. Castista '27, of Nashua, N. H.; Arthur C. Sylvester '27, of Mars Hill; Moses Nangian '28, of Madison; Carroll P. Osgood '28, of Orono; Harry W. Peakes '28, of Milo; Emery S. Dickey '28, of Portland; and Manager E. Leith Chase '26, of Brownville.

Cross-country: Capt. Arthur S. Hillman '26, of Island Falls; Clarence E. Hart '26, of Orono; Charles E. Gero '26, of Waterville; Forrest A. Taylor '27, of Waterville; Russell B. Baker '28, of Bangor; Andre Cushing '28, of Bangor; and Manager Robert E. Turner '26, of Walpole, Mass.

"1929" numerals were awarded as follows: Football: Capt. G. Coltart, H. Folsom, L. S. Gray, F. R. Hinckley, Lawrence Hobbs, J. R. LePlante, J. W. Lambert, K. B. Lydiard, M. E. Leavitt, J. W. McCarthy, H. N. Powell, F. I. Brown, George Noddin, and F. B. Stewart.

Cross-country: Capt. Worth Noyes, F. Lamoreau, H. Murray, V. MacNaughton, W. F. Turner, B. Merrill, A. Syphers, G. A. Whittier, R. Wilkins, and C. Stinson.

BASKETEERS TO PLAY 11 GAMES

Football Schedule Also Announced by Manager Kent

Maine's varsity basketball team will open its schedule Dec. 5, at Orono with Fort Williams of Portland as the opponent, according to the schedule for the 1925-6 season announced by Graduate Manager Benjamin C. Kent.

The usual Christmas trip will be cut to three games this year, instead of five as has been the custom in past years. The complete list of games follows:

Dec. 5 Fort Williams at Orono
Dec. 9 Dartmouth at Hanover
Dec. 11 Renneselaer at Troy
Dec. 12 Union at Schenectady
Jan. 15 New Hampshire University at Durham
Jan. 23 Pending
Feb. 6 Pending
Feb. 12 Connecticut Aggies at Orono
Feb. 19 New Hampshire University at Orono
Feb. 24 Trinity at Hartford
Feb. 25 Rhode Island State at Kingston
Feb. 26 Clark University at Worcester
Feb. 27 Worcester Tech at Worcester

The Maine Bears will again open their football season against Fort Williams at Orono next fall, according to the 1926 schedule. Two changes have been made in the schedule. St. Stephens College will appear on the Maine card for the first time in a number of years, replacing Dartmouth. This will give the Brice-men their first trip to New York since 1921. Rhode Island State also returns

INTRA-MURAL DEBATES BEGIN DECEMBER 7

FRATERNITY TEAMS TO ENGAGE IN TWO WEEKS COMPETITION

A series of debates will be held on the campus during the two weeks of Dec. 7-19 inclusive, to be known as the Intra-Mural Debating League of the University of Maine. The League, which is sponsored by the University of Maine Debating Society, is for the purpose of arousing greater interest on the campus in debating. Debating is a phase of college activity that has been practically dormant during the past few years and one that it is hoped can be revived and developed. The following are the rules for the debates:

I. The League is made up of three subdivisions as follows:

1. The Northern League composed of: Sigma Phi Sigma, Sigma Nu, Theta Chi, Beta Theta Pi, Phi Omega Delta, Hannibal Hamlin, and Oak Halls.

2. The Central League composed of: Sigma Alpha Epsilon, Delta Tau Delta, Kappa Sigma, Phi Eta Kappa, Phi Kappa Sigma, Lambda Chi Alpha, and one off-campus team.

3. The Southern League composed of: Phi Mu Delta, Phi Gamma Delta, Alpha Tau Omega, Sigma Chi, Alpha Gamma Rho, and two off-campus teams.

II. Each of the above 21 named groups may be represented by a team of two men.

III. The question for debate will be, Resolved: that the United States should have Uniform Federal Marriage and Divorce Laws.

IV. Although the question is evenly divided as regards sides, however, if any team has a preference for one side, by stating this preference during the week of Nov. 23-28 it may have that side to uphold, providing it makes for a balance.

DORMITORY STUDENTS CONFER WITH BOARD

DISCUSS PLANS FOR CHANGE IN INSPECTION SYSTEM

As the denouement of the controversy between the students of the dormitories, and the powers behind the inspection of their rooms, a committee of three seniors met the Board of Administration Tuesday afternoon.

The members of the committee were Trygve Heistad, Dick Uong, and Ivan Wood. President Boardman opened the conference by detailing the exact purpose of the inspection. Arising from a suggestion of Dr. Little, it was instituted with a two-fold purpose in mind. First, it was to serve as a check upon damage to university property, which naturally arises from the activities of healthy college students. Second, it was to further a program of cleanliness or neatness as fundamental to a healthful and well-ordered college life. Those points alone promoted the policy of inspection.

President Boardman stated at the outset, the readiness of the board to agree to student manipulation of the matter.

Chairman Heistad then delineated the principal objections to the present system, as expressed by the students. They were four in all. They felt that military inspection, what it seemed to be, was hardly fair since the University is not basically a military institution. Furthermore, the students felt that the reaction of the policy upon non-dormitory students would be to promote a feeling that the dormitory students were of such a type that police inspection was necessary to keep them at a "proper level." This, he stated, was not true to actual conditions. Again the students felt that the inspectors might have misinterpreted their duties, so as to be conscious only of certain factors at the expense of others more vital. The students also felt that the times of inspection were not only too frequent, but came at a time when
(Continued on Page Four)

CHAUTAUQUA SUCCESSFUL

Three Day Program Proves Popular With Students

The Swarthmore Chautauqua which presented entertainments at the University, Wednesday, Thursday and Friday, of last week, was a success in all ways. There was very little interest shown in the affair until the time for the first performance, when a large crowd listened to Marchetti's Swiss Yodlers. These musicians pleased the afternoon audience to such a degree that they returned for the evening entertainment, bringing their friends with them. The evening program consisted of another recital by the Yodlers and a lecture by Captain T. Dinsmore Upton on "Metal and the Mould."

Many of the coeds attended Mrs. Josephine Dominick's lecture on "Well Dressed on a Moderate Income," Thursday afternoon, learning the latest styles in gowns and dresses, illustrated on living models. Thursday evening the largest audience of all roared at the comedy-drama "Give and Take." From the beginning of the first act to the end of the last, it was just a series of laughs.

S. S. Henry and Company presented the last program of the Chautauqua on Friday evening. This consisted of "Magic, mystery and art."

The Chautauqua was sponsored by twenty-three fraternities and sororities. At the conclusion of the engagement they decided to bring the company here again next year. The guarantee for the Chautauqua was \$450, and after this was paid \$44 was left to be used in a manner chosen by the committee in charge. This has not yet been decided upon.

Much of the success of the Chautauqua was due to the efforts of Irving Kelley '26, who was chairman of the committee picked by the fraternity and sorority heads to carry out the preparations, and to "Bill" Wilson, who offered the M.C.A. building as a meeting place for the committee and also helped to arouse interest in the affair.

The other committee members were Richard C. Dolloff, Harold L. Ballo, Shirley Roberts '28, Trygve Heistad, Frances Brewer, and Mary McGuire.

Lawrence Cogswell '27 has been elected chairman of the Chautauqua Committee for next year.

S. F. A. BANQUET COMES JAN. 15

Governor Brewster and Dr. Boardman to be Speakers

The annual Student-Faculty-Alumni banquet will be held at the Bangor House on Friday, January 15. In the past two years this get-together of the three branches of the University has been very successful and has grown to be a recognized function of the college year.

The Senior Skulls, who have charge of preparations, are arranging an interesting and somewhat varied program in hopes that the banquet may afford a constructive as well as an interesting evening.

Governor Ralph O. Brewster and Acting President H. S. Boardman will be the main speakers of the occasion. In addition to these, representatives of the faculty, alumni, and student bodies will be heard.

As has been the custom in other years, the different organizations on the campus will send their delegates and all members of the faculty and alumni who can come are expected to do so.

It is hoped by the Skulls that the banquet will receive the hearty support of all, so that it may fully realize the purpose: "A Bigger and Better Maine."

An informal party was given by Pi Beta Phi sorority, Saturday evening, November 21, in Balentine Hall.

Music was furnished by the Troubadours. Refreshments of punch and fancy cookies were enjoyed.

CAPT. HILLMAN TAKES THIRD PLACE IN RACE AT NEW YORK MONDAY

MAINE LEADER FINISHES IN RECORD TIME—BLUE HARRIERS FOURTH

SYRACUSE WINNER

Hillman Runs Wonderful Race To Break Record by 18 Seconds

Frank Kanaly's harrier's staged a comeback in the annual I.C.A.A.A. Meet Monday and romped home in fourth position with a score of 144. In one of the fastest races ever held over the Van Cortlandt Park course, the Maine runners displayed brilliant form and finished second only to Syracuse, Pittsburg, and Harvard. "Artie" Hillman, without question the greatest runner who ever wore the Maine Blue, finished in third place, and by so doing broke the old course record of 31:24 made by Smith of Yale, last year's individual winner, who finished in eleventh place this year. Tibbetts of Harvard, Loucks of Syracuse, and Hillman all bettered this mark. The race between

CAPT. ART HILLMAN
Maine's Greatest Runner

the three winners was one of the most remarkable ever seen on the New York course. All three took their turn at the lead, Hillman being in front most of the time until the last mile. Tibbetts and Loucks finished less than two yards apart with Hillman twenty yards behind. The Maine captain finished his last race in the proverbial blaze of glory, and lived up to all expectations.

The time of the three winners, all of whom broke the old record, is as follows:

Tibbetts	30:34
Loucks	30:35
Hillman	31:06

"Grunt" Taylor, "Janie" Hart, and "Charlie" Gero all finished well in the van of runners, while "Brad" Baker, fifth Maine runner was not far behind. In spite of the loss of "Bud" Cushing, one of the stars of the recent State Meet, the Maine hill-and-dalers were able to make a remarkable showing.

Maine's runners finished as follows: Hillman 3, Taylor 22, Hart 25, Gero 28, Baker 66, Rollins 76, Snell 78. The teams scored as follows:

1. Syracuse, 47; 2. Pittsburg, 84; 3. Harvard, 122; 4. Maine, 144; 5. Penn State, 146; 6. Bates, 159; 7. M.I.T., 186; 8. Yale, 188; 9. Princeton, 205; 10. Cornell, 268; 11. Pennsylvania, 275; 12. Rutgers, 305; 13. Columbia, 321; 14. Dartmouth, 325; 15. New York Univ., 357; 16. C.C.N.Y., 480.

The time of Tibbetts, the winner, was but seventeen seconds slower than that made by Willie Ritola over the same course a week ago, establishing a new A.A.U. record.

Together with the great news of "Art" Hillman's great running at New York came the sad realization that the diminutive star had run in a cross-country race

Debating at Maine

The debating teams at Maine have been working under a handicap for several years, and working well. But it seems needless when the handicap is known.

The University of Maine has been enjoying a very unusual year from the point of view of intercollegiate competition. We have all of us revelled in the honors which our football and cross country teams have brought us. It has suffused us all with a pardonable pride for the accomplishments of Maine men; and not only men but women as well. A little over a week past the girls' hockey team introduced an international aspect of university activity, by winning a match with the Dalhousie team in Canada.

So our athletics are a healthy successful group, and deserving of the pride that the students have in them. But an individual who is desirous of perfecting himself as far as possible does not concentrate all his energy and capacity for improvement on but one phase of his life. Rather he attempts to "broaden" himself, and so feel at home wherever he may be.

In this there seems to be something for us to consider. Our debating teams have been drawn from a meagre supply of aspirants. Competition alone is responsible for real recognizable success, in every part of the world of pleasure or business. Lack of competition invariably is a synonym for mediocrity. We can never hope to produce a debating team without opportunity for wide choice of material, no matter how sincere and industrious may be the few who do support the art. There must be some means of inducing a "many" from whom may be chosen a "few." And it should not be phrased as anyone's duty to try for the team. We have stressed more than once the firm conviction that, in a group of this size, there must be some who are interested in every organization, society and team that the college supports. There would be no such organizations if it were not so.

We do think, however, that in this college there is a curious backwardness about participating in any but the extremely successful athletic teams, and that attitude is one which must eventually be weeded out forever before Maine can assume a truly well-rounded fully-developed position in inter-collegiate circles.

The Debating Society has taken a very creditable and potential step in their promotion of intra-fraternity debating. In this way a far greater number of students will feel the influence of debating, with a very good possibility of a more successful team for the ensuing year.

It has always seemed incongruous that such international reputé should come to Bates, a far smaller college than Maine through her widely advertised debates with Oxford college. If with a less number of possibilities, Bates can develop a team which is of quality

sufficient to warrant their entrance into international debating, there seems little reason why the University of Maine should not foster a group of men who would be better fitted to cope with other colleges on an equal, if not more than equal, basis. After all, why should not Maine be a luminary in the world of argumentation as well as in athletic competition. It would only be another notch cut in a series which will ultimately mean the really versatile Maine of which we all dream.

Chautauqua Audiences

Speaking of pride in our University, it seems a *propos* to mention the effect which the audiences who attended the various Chautauqua programs, left with the performers.

The lecturer, who gave such an interesting and really vital address, frankly admitted that he talked far longer than was his usual wont, merely because he appreciated the devoted attention and keen understanding of his hearers.

The members of the cast who presented the play were sincere in their approval of the success of their efforts, and evidenced it in their inclusion of parts of the play which are ordinarily cut.

The remarkable Mr. Henry expressed this same sentiment to his listeners at the close of the Chautauqua, and really meant it. Such an agreement of opinion is a bit of flattery which ought not to harm the reputation of the University with such performers. Furthermore it is gratifying to know that Maine men and women can be treated to a worth while series of programs and consistently elicit praise for their courtesy and appreciative sincerity.

LETTERS RECEIVED FROM LEE VROOMAN

Recent letters from Lee Vrooman contain interesting details regarding the progress of Maine-in-Turkey. The following extracts give a vivid picture of the tremendous changes taking place in the East. "At last we are in Smyrna at the International College and we feel mighty happy to be placed. Things are happening here. We are seeing a country jump in one stride from the fifteenth to the twentieth century. The great mark of distinction between the Orient and Occident in the Near East has always been the fact that westerners wore hats. The Turks are rapidly putting on hats now, and the government is hastening the movement by an order that the government officials must wear hats.

"Now comes an order abolishing the dervish orders, which have had great influence in the past, and confiscating all their property. The buildings and lands will be used for education. This is another blow at Islam and at the past. The whole watchword now is Europeanization, and the old water-tight social system of Turkish exclusiveness is being dynamited, and they are becoming part and parcel of European civilization.

"Last week Helen and I took our first trip to the interior since arriving. I was interested to compare conditions with five years ago when I left. I found cities had installed electric lights, and Ford cars were everywhere, whereas five years ago there were absolutely no private cars in Asia Minor. We saw a new school building in a town of twelve thousand people, Bergama (the ancient Bergamum), and this building was one of which any American community could well be proud, a fine large stone structure. The people have definitely turned their eyes forward and though the people are poor, they are making every sacrifice to modernize themselves. And yet there are timid souls who maintain that we American missionaries in Turkey are butting our heads into a stone wall, and that we would do well to withdraw!

"The only answer is what the University of Maine is doing. Last year two alumni. This year one new alumna here. Ruth Crockett. Next year we expect a couple more. In Smyrna the girls' and boys' schools will be crowded to the limit. Only lack of buildings and personnel will restrict the student body."

ALUMNI ASSOCIATION TO ENTERTAIN TEAMS

The Penobscot Valley Alumni Association is to entertain the letter men of the Maine football and cross country teams at a banquet to be held at the Country Club on December 3. A buffet supper will be served at 6:30.

Besides the letter men and the members of the Association, Coaches Brice, Kanaly, Murphy, Quinn and Wiggin, and Trainer Stanley Wallace will be present. Acting President Boardman and Col. Frederick H. Strickland will be guests of honor.

Speakers will be Dr. Boardman, Colonel Strickland, Coaches Brice and Kanaly, Captain Fraser and Captain-elect Lamoreau of the football team, and Captain Art Hillman and the captain-elect of the cross country team. John P. Ramsay of Bangor will act as toastmaster.

The committee in charge of arrangements consists of John Ramsay, president of the Association; C. Parker Crowell, vice-president; Ralph Whittier, secretary-treasurer; Horace A. Hilton; and Lawrence P. Libby.

The Penobscot Valley Association entertained the letter men at banquets in 1922 and 1923. No banquet was held last year.

Outing Club Lecture Dec. 3

Thursday evening, December 3, there will be an illustrated lecture on the Dartmouth Outing Club in 30 Coburn at 7:30. Mr. J. A. Russell of the English department, a member of this famous organization, is well qualified to talk about its activities. Prof. A. L. Grover hopes that enough interest in winter sports will be shown at this meeting to organize a similar club at Maine. Everyone interested in skiing, snowshoeing, and other winter sports is invited to attend. Pictures of the White Mountains and the Winter Carnival at Dartmouth will be shown. It is believed by those sponsoring the undertaking that the formation of such a club at Maine will result in a bigger and better Winter Carnival.

M. C. A. NOTES

The regular Vesper Service Sunday night was well attended and two interesting speakers were heard.

Mr. Paul Braistad, the first speaker, graduated last year from Brown University, and is visiting college campuses throughout the country. Mr. Braistad is connected with the Baptist Church Board of Education, and plans to go to India next year, in connection with this Board. He is doing work in organizing prayer and discussion groups, and stimulating interest in church work on the various campuses which he visits.

Mr. Booth told the students of the conference to be held at Evanston, Ill., from December 29 to January 1. This conference is to be limited to twelve hundred students. It is expected that Maine may be represented.

Penny Carnival Dec. 4

December 4 is the date set for the Penny Carnival and the girls plan a real Carnival, not the usual noisy circus midway. Booths and novelties are on the program though they are such that have never before been used. There will be dancing with music by the Troubadours. To add to this feature, specialties have been arranged. The Womens' A. A. invite everyone to come and enjoy something different this year.

Pledges to Scabbard and Blade, honorary military fraternity, were announced at the R.O.T.C. assembly Saturday morning. They are as follows:

Active members: Phillip A. Rowe, Robert E. Stewart, Carl E. Bischoff, Lawrence B. Blethen, Maurice P. Billings, Chester E. Baston, Douglas E. Donovan, Myles Standish, Willis Rollins, Charles O. Myatt.

Associate members: Lt. Richard G. McKee, Lt. Raymond E. Vermette.

Never again will there be a number 77 at the University of Illinois. The Athletic Board of that school has decided that "Red" Grange will be the only man in Illinois history who is privileged to wear this number. His blue jersey, uncleaned and spotted with mud, will hang in the trophy room at the University. The orange "77," seen on Grange's back by so many teams, will be displayed thru the frame.

ORGANIZATIONS

Saturday night, November 21, a Phi Mu dance was given in the gym for the pledges. The gym was well disguised to represent the interior of a college room. Refreshments of ice cream and cake, made in the sorority colors (pink and white) were served.

The chaperones were Dean and Mrs. Hart, and Mrs. Huddleston. The guests were Mr. and Mrs. Douglas. Two features of the evening were novelty dances, namely the "Snake Dance" and "Forward Pass." Music was furnished by Lloyd Berry's orchestra.

A meeting of the Liberal Club will be held Wednesday evening, December 2, at the M.C.A. building, at 7 o'clock, to discuss the question "Are American Colleges justified in making Attendance at Classes Compulsory?"

Students are cordially invited to attend this discussion. Prof. P. W. Whiting will preside.

At the Nov. 23 meeting of Pi Pi Kappa, local honorary Economics society formed by the faculty and high-ranking students of the Economics Department last year, six new members were initiated. The students thus honored were Bartlett, Bryant, Chippendale, Ginsberg, Maxwell, and Whitehead.

The new members were addressed by Doctor Ashworth, faculty member, who clearly set forth the ideals and aspirations of Pi Pi Kappa, and who expressed the hope that this might become one of the strongest and most active groups on the campus.

The present membership of Pi Pi Kappa consists of Howard Dyke, president; Cyril Cogswell, vice-president; Prof. Chadbourne, treasurer; Harry Stern, secretary; Doctor Ashworth, Prof. Janzen, George Ladner, Fred Edwards, and the six initiates.

The chemical fraternity, Mu Chi Sigma, held a smoker in Aubert Hall last Tuesday night, at which there were about forty present. Pledges were announced as follows: Paul Giddings, Kenneth Proctor, Clare Brown, Milton Clapp, Charles Myatt, Granville Chase, and Ralph Hill.

Mu Chi Sigma was recently founded on the campus to replace the national chemical fraternity, Alpha Chi Sigma, which has been in existence on the campus for many years; but due to exacting requirements from the Grand chapter and increased national dues, the charter was returned and the local fraternity founded.

The active members of Mu Chi Sigma are: Andrews, Brown, Doherty, Gero, Giddings, Pierce, Hammer, Thurston, Kalouch, Morrison, Bockus, Engel, Mitchell.

The members of the Chi Omega sorority held an informal dance at the Country Club on October 20, in honor of their pledges. A most delightful evening was enjoyed. Music was furnished by the Country Club orchestra, and several novelty dances were introduced. Delicious refreshments of sandwiches, coffee, ice cream and cake were served at intermission.

The patrons and patronesses were Prof. and Mrs. Simmons, and Mr. and Mrs. Walkley. The Chi Omegas were also delighted to entertain as their guests Mr. and Mrs. Harlowe and Mrs. Brown of Old Town, and Mr. and Mrs. O'Connor, Mr. and Mrs. Thompson, Mrs. Willets, Mrs. Dakin, and Mrs. Hathorne of Bangor.

The Alpha Omicron Pi sorority gave a tea in honor of Mrs. Boardman last Saturday afternoon, at Mt. Vernon. A very pleasant afternoon was enjoyed. Piano and cello selections by Miss Anna Stinchfield and Miss Inez Stevens furnished a delightful entertainment.

As the four members of the hockey squad, of whom Mt. Vernon House is duly proud, returned from their victorious trip to Dalhousie University, about two-thirty on the morning of November 15, a happy but decidedly weary quartet, they found to their surprise, instead of a dark, lonesome house, wrapped in sleep, a royal reception awaiting them. The girls of the house, led by "Ma" Estabrooke, had prepared a fitting welcome. Everyone was up to receive the veterans and the house was lighted from top to bottom. A dainty lunch of sandwiches (Continued on Page Three)

Did you ever get to the stage where you wondered if you really were made of college material or if you should be jumping counters, slinging hash, wielding a monkey wrench or be engaged in some similar menial occupation?

Now that mid-semester is over we wonder why our rank is high in one course, if we happen to be in that small minority, and begin to worry if it is low in another. That is, we take an inventory. "Flunking out" indicates intellectual insolvency. Our business now is that of getting what is called, so unspecifically, an education. The Rank Sheets are our Profit and Loss Statements.

If the Statement registers a loss we must scurry around and pull down the "overhead" and increase production per hour. Overhead to us means hours spent in useless pastimes and just hanging around, or it may mean time spent in campus activities. Increasing production per hour consists of applying ourselves more efficiently while we are studying; that is, making the best use of our Capital which is the extent of our college preparation, our I. Q., and the actual hours available for study.

The ability to chase an explanation or derivation through several pages of a book and be totally immune to outside disturbing influences is a God-send. If we have it our production per hour rises rapidly. There are many ways of increasing this; a classmate-illustrator says that he can concentrate best while he is eating an apple and from the way he spoke we can visualize his room littered with apple cores during pre-examination weeks. Two co-eds intimated that their best work is turned out after they have become saturated with half brewed, grill-made coffee and cited instances of their success directly traceable to this influence. Scoop himself thinks best crouched over with his elbows on a desk and his knees on a chair. Many indeed are those who claim that smoking induces them to do their best work.

Everyone is entitled to his own formula for efficient study; that is, his production per hour. Perhaps you can get a suggestion from the following externals that lead to success.

Shelley had the habit of stretching himself on the hearth rug at full length before the open fire when he composed. Schiller wrote best when his feet were immersed in ice cold water. Both Pitt and Fox wrote their best speeches after excessive beer drinking. Tennyson walked in his garden and smoked clay pipes. Liebnitz lay prone on the floor when working out his problems. Rossini and Paisello composed their music while they were in bed. Balzac wrote best when standing. Lafcadio Hearn had the habit of stretching himself along a table when he wrote. Rousseau worked best while sitting in the sunshine with bare head. Carlyle could not work except in perfect silence. Milton and Bacon found inspiration in violin music. Dr. Johnson disliked the sound of a violin and could not work well for some time after hearing one. Beethoven often poured water over his head while composing.

Even apparel seems to have its effect on efficient work. Was it not Oliver Goldsmith who wore lavender velvet knee breeches and waistcoat to the disgust of his London friends? We wonder if the production of "soul poetry" has increased since its producer here on the campus has donned an orange tam-o-shanter, and if the wearing of red and black cross word puzzle trousers will aid the campus Beau Brummel in securing his degree.

PROSPECTS PROMISING FOR FOOTBALL IN '26

FRASER, NEWHALL, BARROWS AND ELLIOTT ONLY REGULARS LOST

With the arrival of the first snow, Thanksgiving dinner, and the sorority party season, the "stove league" has also loomed on the horizon. It has already held its first meeting in the Maine sector, and picked all possible all-Maine teams, received criticisms and suggestions for same and survived for the second meeting. Our particular local chapter is now engaged in reviewing Maine's prospects for next fall, and on the whole the outlook seems extremely bright.

Six seniors who were lettermen on this year's squad have hung up their moleskins forever as far as Maine college football is concerned. Of these six, four were regulars, and two all-Maine players, the only two which were allotted to Maine this year, in spite of the fact that Brice's team swept through to its most impressive state championship in years. Capt. "Ginger" Fraser, star left tackle, "Freddy" Newhall, left end, "Moose" Elliott, left guard, and "Bump" Barrows, right halfback, are the four who have gathered up their last layer of mud from Maine gridirons. "Ed" Stanton, right end, and "Cub" Bryant, left halfback are the other two seniors who made their letters.

Although the loss of Newhall, Fraser, and Elliott, removes the whole left side of Maine's great line, there is plenty of material which is ready to step into these berths. Fraser and Newhall have been a part of Maine teams for four years, and it will seem queer at first not to see them on the field, but Brice has a wealth of ends and tackles from which to pick the successors of these two Massachusetts boys who have done a fairly good job on Maine soil.

As a nucleus for the 1926 team, Brice will have eleven letter men with which to make a start. Captain-elect Paul Lamoreau, Nanigan, Lavorgna, Beaker, Dickson, Simon, Dickey, Cassista, Osgood, Peakes, and Sylvester are the veterans who will be on deck. Besides these lettermen, there will be "Jack" Miniutti, a tackle who played in several games this year, Neil Bishop, a guard, "Dibby" Deveau, who showed more than ordinary promise at end, and Masselink, sub fullback, from this year's squad. From "Jack" Quinn's freshman team, there are several players who look good as varsity material.

Foremost among these are Capt. Coltart, fullback; LaPlante, a half back, "Larry" Hobbs, quarterback; and Lydiard, Gray, Lambert, Powell, McCarthy, and Leavitt, linemen. Besides these men, there are several who were ineligible this fall, notably "Ken" Young, a half-back, "Rip" Black of Portland, and others.

Were it necessary, Brice could pick a starting lineup for his first game next year on paper today from the material at hand. It might read something like this: Lavorgna, le., Miniutti, lt., Beaker, lg., Simon, c., Dickson, rg., Capt. Lamoreau, rt., Deveau or Nanigan, qt., Cassista, qb., Peakes, lb., Young, rbb., Sylvester, fb. It will be interesting to observe how this lineup, picked a year in advance, will compare with the team which Maine will present to Fort Williams for the opening kickoff on Saturday afternoon, Sept. 25. Coaches Brice and Murphy started this year with three veterans and built up a winning team with material which was far from promising. With eleven lettermen to work with next year, Maine should have no trouble in annexing another state crown.

ELECT MANAGERS DEC. 2

The student election of managers and assistant managers of football and cross-country for the 1926 season will be held Wednesday, December 2.

The student votes will count for two of the seven votes that elect the managers. Students must cast one vote for manager and two for assistant managers or their ballot will not be counted.

The following are the candidates:

Manager of football: Sumner Atkins '27, Daniel Webster '27.

Assistant manager of football: Whitcomb Haines '28, George Larrabee '28, Blair Wilson '28.

Manager of cross country: Harry Hartley '27, Clarence Otis '27.

Assistant manager of cross country: Hollis Garey '28, James Waldron '28.

Freshman Coeds Tie M.C.I. Girls With 1-1 Score

A spirited hockey match took place last Saturday when the Maine freshman hockey girls held M.C.I. to a score of 1-1. The teams were both evenly matched. Spaulding scored for M.C.I. and Alice Webster made the freshman goal.

After the game both teams were informally entertained around the fireplace in Balentine, when refreshments were served.

The lineup was as follows:

FRESHMEN	M.C.I.
Kneeland, rw.....rw,	Milton Webster, ri.....ri,
Hunter Robinson, cf.....cf,	Simms Marvin, li.....li,
Spaulding Mahoney, lw.....lw,	Lauder Collins, rh.....rh,
Humphrey Thompson, ch.....ch,	Linfert Robbins, lh.....lh,
Laborio Young, rb.....rb,	Davis McGary, lb.....lb,
Leach Scott, goal.....goal,	Davis

Archery has been introduced here in the university and there are about 35 girls who are interested in mastering that picturesque sport. Some of them have developed a creditable amount of technique in getting distance and "weight on the bow." Miss Lengyel plans to enter the best shots in the National Tournament which is held in the spring; it will be a special honor for those who are chosen to compete. The instructor is a student, Mr. George Jacobs, popularly known as "Robin Hood."

Behold! North Hall needs a fireplace. Is everybody coming to the gym Saturday Night to help buy the bricks? The Troubadours will make the music and the "Home Ecs" will make the "eats."

Four departmental plays are to be given under the supervision of the students of the Public Speaking Department. The purpose of these plays is threefold: to build up a little theater on the campus, to introduce the lesser plays, and to give the students training in putting on plays.

Two of these plays are under the direction of Miss Rose Adams and the remaining two of Miss Edith Beal. Miss Adams' plays are of the Russian type while Miss Beal's are of the fantastic type,—one being an Irish play and the other an English play. The casts have not been announced at this time.

The exact dates of the presentation of the plays are uncertain, but it is hoped that at least one can be presented before the Christmas vacation.

ORGANIZATIONS

and hot chocolate was enjoyed by all before a cheerful fire in the living-room, where the jollity continued well into the morning hours.

Delta Delta Delta sorority was honored the past week by the official visit of Mrs. Edmund Stevens, Province Deputy, from Cornell University.

Mrs. Stevens was presented to Dean Colvin, and spoke to the Pan-Hellenic Council.

The girls gave a supper at the Elms Swiss Chalet in her honor.

There has been some doubt expressed by freshmen and upper classmen concerning membership in the Maine Men's Rifle Club which recently commenced practice.

There are two parts to the Rifle Club—the varsity team, of which any one can be a member who is scholastically eligible; and the R.O.T.C. team, whose members must belong to the R.O.T.C.

Fifteen men are trying out for the varsity team, practicing in Lord Hall on Monday, Wednesday and Friday of each week, under the direction of Lieut. Vermette. All those who desire to try out for this team are invited to attend the practice.

Eugene C. Winch '27 is manager and executive officer of the club and Charles W. Wixon is captain.

The R.O.T.C. team will commence work during February.

The Y. W. held a social meeting on Wednesday evening in Balentine reception hall. After the girls were gathered in front of the open fire Effie Bradeen led the music accompanied by her "uke."

After songs the girls had learned at Maqua a pantomime was staged. Marion Lord was reader and the parts were taken well.

Achsa Bean gave a vocal solo and more songs were sung, the meeting breaking up to the strains of "Good-night Ladies."

Here's A Way to Make Money After Graduation In Your Own College Town

TAKE this Flower Shop at Wellesley, Mass., for example. It is located handy by, just outside the college grounds.

It wasn't so long ago that all there was to it was a plain little frame building, with some rather diminutive green-houses hitched to it.

Now the shop is a most attractive brick building, with up to date greenhouses, and this show house opening right off it.

You should see the way the college girls come here and buy flowers! Christmas and Easter week, the Western Union brings a private wire right into the shop, and has an operator on the job to take the Florist Telegraph Delivery orders that come from parents and friends, for flowers to the girls.

From one of his rose houses alone, this man took \$9,000 last year.

Doesn't all this start you thinking?

Man alive, where is there a business as healthy, fun-filled and profit yielding?

Just the kind that to-be-wife-of yours would like.

Had you ever stopped to think how many graduates are going into the greenhouse flower growing or shop business?

Hadn't we better start in getting acquainted so you can have the facts. Write us.

Ask us the hundred and one questions you have on your mind.

If interested write to the Manager of our Service Department, Ulmer Building, Cleveland, Ohio, who will give it his personal attention.

**When it's Thanksgiving—and the teams
are drawn up for battle on the gridiron—when the first
touchdown goes over and the grandstands rock with frenzy
—have a Camel!**

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and domestic tobaccos. The most skillful blenders. The most scientific package. No other cigarette made is like Camels. No finer cigarette can be made. Camels are the overwhelming choice of experienced smokers.

WHEN the rival bands are playing to make your blood tingle. And the cheers and answering songs sweep back and forth between the opposing thousands of rooters. When, following that tense hush, a swift player darts out from the flashing formations on the gridiron and races across the field for the first touchdown—oh, man, or superman, when the taste of joy is too keen to endure—have a Camel!

For Camel is the boon companion of your joys. Roam as far as you will from the prosaic things of every day, Camel will be the truest smoke friend you ever had. Not a tired taste, not a cigarette after-taste, not a regret in a million Camels! Just full and fragrant smoke contentment, just added zest in living.

So when your own college's team tears through for its first smashing goal this Thanksgiving Day—when life seems fullest of the frenzy of happiness—joyfully apply the fire and taste the smoke that's loved by millions.

Have a Camel!

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Co.

Intra-mural Debates Begin
December 7

anced league. Otherwise sides will be assigned by lot.

V. Speeches shall be 10 minutes constructive and 5 minutes rebuttal for each speaker. (This is maximum limit).

VI. By elimination in non-public debates the teams will be sifted to two in number. These two will debate in public before the Christmas holidays and the winner awarded a cup.

VII. Debates will commence the week of Dec. 7. The schedule will be announced by the first of the week of Nov. 30, with any changes in the division of subleagues that may be necessary.

VIII. Suitable judges will be provided by the Society. Three debates will be run off simultaneously at different places on the campus, i.e. one debate in each subleague.

IX. The progress of the debates will be posted on the bulletin boards and announced through the Campus.

Each fraternity, dormitory and off-campus group have been requested to inform the Society of its preference of sides at the earliest possible moment and not later than Saturday, Nov. 28, in order that schedules may be arranged at once.

R. F. Scott, debating manager, has charge of arrangements for the debates.

Capt. Hillman Takes Third Place
in Race at New York Monday

for the last time for Maine. Maine has turned out some great men, but few have received such national recognition as has Hillman. He is considered universally to be one of the greatest cross

country runners in the country.

Three years ago, "Artie" Hillman came down to Maine from Island Falls and decided to go out for cross country to get out of "Wally's" beloved "P.T." Although he had never worn a spiked shoe, he developed wonderfully, and, although he failed to place in the State Meet that year, he took seventh place in the "New Englands."

In his sophomore year, he showed great improvement. He placed second in the State Meet, which Maine won as usual, third in the New England, and fourth in the Nationals. That spring, he also showed his ability on track, winning the mile in the State Meet against a fast field of contenders.

Last fall, "Artie" mounted to even greater heights by winning the State Meet, taking third in the New England Meet and second in the Nationals. He ran as anchor man on Maine's two-mile relay team, and ran in both the mile and two mile events in the State Track Meet, a Herculean feat in itself.

And then this, his final season, which has been his best—second only to his teammate Taylor in the State Meet, third in the New Englands, and third in the Nationals—joint breaker of the course record at Van Cortland Park. What a wonderful finish to a glorious career! What a pity that Maine has not more Hillmans—and what a shame that "Artie," like women's tongues, cannot "go on forever."

So let's take "time out" a minute, folks, and give a thought to "Artie" Hillman, who hates publicity and doesn't like to be called "that plucky little runner."

(Continued from Page One)
Basketeers to Play 11 Games

to the Maine list, after a lapse of a year, replacing Tufts. Maine will play five home games next fall, and will make but three trips, those to New York, Brunswick, and Durham, N. H. The recurrence of Rhode Island on the schedule gives the Bears three games in the New England Conference. The complete list follows:

Sept. 25 Fort Williams at Orono
Oct. 2 Rhode Island at Orono
Oct. 9 St. Stephens at Annadale, N.Y.
Oct. 16 Conn. Aggies at Orono
Oct. 23 Bates at Orono
Oct. 30 Colby at Orono
Nov. 6 Bowdoin at Brunswick
Nov. 13 New Hampshire at Durham, N.H.

Dormitory Students Confer with Board

the students were least able to meet the regulations. This, he felt, was a distinct curtailing of personal liberty, in consideration of the freedom from such regulations of non-dormitory students. He then gave way to Mr. Wood who presented the plan unanimously adopted by

PHI KAPPA PHI INITIATION

The fall initiation of Maine chapter of the honor society of Phi Kappa Phi took place at the University Inn, Tuesday evening, November 17, with the newly elected officers in charge. Professor C. C. Janzen in the capacity of marshal conducted the candidates. The following members of the senior class were received into membership: Willis M. Barrows, Ada Cohen, J. Roy Dougherty, Marion F. Lindsey, Beulah E. Osgood, and Ralph R. Parkman. After the close of the ceremonies an address was given by Professor E. H. Sprague on "Diamond Mining in South Africa," and several vocal selections were rendered by Mrs. Clifford Patch of Bangor. Refreshments of ice cream and cookies were served. The officers for the current year are: president, Roy M. Peterson; vice president, Marion Buzzell; secretary, E. R. Hitchner; treasurer, W. S. Evans.

G. H. Reid, from Harvard, T. S. Eckert, from Ohio State University, and G. M. Juredini, from Syracuse University, are new members of the teaching staff in the Department of Chemistry and Chemical Engineering at the University. Mr. Reid and Mr. Eckert replace respectively, W. N. Greer who went to Leeds and Northrup and J. Goggin who went to New York University. Mr. Juredini is an additional instructor secured because of the relatively large registration in general chemistry classes.

the Dormitory Council to replace the present system, yet perpetuate its motives.

The council would, according to the plan, elect three Seniors to conduct the inspections. The time would be changed to a definite hour after dinner; after which time all was to be in readiness for an inspection. The frequency of their occurrence would average once a week, but on no definite stated day of the week. In this way a permanent state of preparedness would be provided for. He expressed the conviction of the committee that there must be "teeth in the rule." That is, a definite penalty for offenders must be decided upon. He then added the opinion that in view of the unanimous approval of the Council, given the proposal, that this sentiment of cooperation would certainly continue if the system were adopted.

At the conclusion of Mr. Wood's explanation, various details of the plan were discussed. The function of the Board in this matter, would be to enforce rigidly what penalties might become necessary. The Board suggested that these plans be put in writing and circulated among the dormitories, that all have an opportunity to subscribe to it. The Board concluded by expressing its unanimous approval of the proposition in its present state.

FRESHMEN, SOPHOMORES, JUNIORS, SENIORS, ATHLETES

Do you know?
"HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study

by WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigue. ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

Some of the Topics covered

Scientific Shortcuts in Effective Study
Preparing for Examinations
Writing Good Examinations
Brain and Digestion in Relation to Study
How to Take Lecture and Reading Notes
Advantages and Disadvantages of Cramming
The Athlete and His Studies
Diet During Athletic Training
How to Study Modern Languages
How to Study Science, Literature, etc.
Why Go to College?
After College, What?
Developing Concentration and Efficiency
etc., etc., etc., etc., etc., etc., etc.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is vain." Prof. G. F. Swain, M.I.T.

"To students who have never learnt 'How to Study,' work is very often a chastisement, a flagellation, and an insuperable obstacle to effort." Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.
