NEW HAMPSHIRE AND PORTLAND A. C. ARE OPPONENTS FOR 4TH CLASS POSITIONS.

SANDBURG TO LECTURE HERE

Famous Poet Will Be At University Saturday

Carl Sandburg, the famous poet to the world, will take a break from his busy schedule of book tours and lectures to appear as the special guest of the Chonston Club. The program, which will feature several of the poet's most well-known works, starts at 7:30 p.m. on Saturday. Tickets are available at the door for $5 each.

REPUBLICAN BANQUET—FACULTY ON "POINT SYSTEM"

Governor Brewster to Be Among Speakers

One of the most important events of the college's schedule will take place on Friday evening of this week, when the students of Amherst College will hold a meeting at the Amherst Hotel in honor of President Brewster. The first hour, this year's banquet will be a formal dinner, which is expected to attract the presence of students. At 8 p.m., President Brewster will speak for the University, and all who are interested in this aspect of the event are encouraged to attend.

The outline of this system follows, but some changes will probably be made before the final vote. The system is designed to be in place the following year.

First Class: Two positions may be held.
Second Class: Two positions may be held, but also two positions may be held.
Third Class: No positions can be held.

EIGHT DEBATES FOR 1926 TEAM

Season Opens With B. C. On February 11

Eight debates appear on the schedule for the 1925 season announced by Master Director Willard J. Stover. The first of these is the debate of the motion that "the point system" of extra curricular activities of individual students.

Committee Reports to Student Meeting on "Point System"

Prof. Pollard Explains Methods of Limiting Activities

Last Thursday, a meeting of representatives from the various organizations, which are affected by the "point system," was held at the student union. This system has been created to ensure that all students get an equal chance to participate in extracurricular activities.

Note the following changes from the above:

During the Christmas vacation the Institute will hold its annual exhibition game, at which some members of the varsity will have an opportunity to play in inter-collegiate basketball. The game will be held at 7:30 p.m. on Wednesday, December 26, in the arena of the Maine State College. The game will be played in three 20-minute periods, with a 10-minute halftime. The team from the Institute will be coached by Coach W. A. Ford, and the team from the State College will be coached by Coach W. A. Smith. The game will be played under the rules of the American Basketball Association, and all players will be required to wear the correct uniforms. The game is open to the public, and admission will be free. 

TEN GAMES ON DIAMOND CARD

Baseball Team Opens Season, April 19, With Colby

The ten games on the schedule for the Maine baseball team were made possible by Graduate Manager B. C. Kent. The season opens on April 19 with an annual exhibition game with Colby at Waterville, and closes June 12 with the same team as opponents.

The schedule:
- April 19: Colby at Waterville
- April 21: Bates at Waterville
- April 30: Rhode Island State at Waterville
- May 1: Maine at Orono
- May 3: Maine at Colby
- May 7: Maine at Bates
- May 10: Bowdoin at Brunswick
- May 12: Bates at Lewiston
- May 14: Orono at Colby
- May 22: Colby at Waterville
- May 29: Waterville
- June 2: Open
- June 12: Colby at Waterville

There will be an illustrated lecture under the management of the Civil Club at 7 P.M. on April 17 at 142 U.S. in 14 Wente. Mr. H. C. E. Geil, engineer for the Texas Company, will speak on "General Aspects of Steam Electric Systems" and "Submarines and Kindred Pavements." Red receipts and meals will be served.

Maine Represented by Four Men at Lake Placid Carnival

Maine's invitation to the Invitational games, open to all men in the state, will be accepted by athletes from five institutions. The games will be held at the Lake Placid Club, located near the southern end of Lake Champlain in a beautiful, mountainous portion of New York. This Club has done more to encourage winter sports than any other organization in the country. The hotel of the club is itself a fine logical structure, and the facilities for members who want to get there are quite easily met. The weather is cold, skiing, snow shoeing, skating or swimming. The meadows are open, and the city of Lake Placid is nearby.

The meadows are open, and the city of Lake Placid is nearby.

The New Point System

At first blush, the establishment of a system whereby the distribution of offices and positions of importance may be made a fairer proportion to the students and the faculty is quite a complicated task. It would only appear to entail approval and an appointment of these campus positions to form a workable basis.

But in reality there are many points of common ground from which the program can be put into effect. Naturally the first thing to consider is the type of office or position that is needed at each system. In the present method of student government the most obvious and most important position is the president and vice-president. This position requires some work, but not of a very tedious or exclusive nature. The president or vice-president should be almost always in attendance at meetings, as he is often called upon to be present.

BAND ON FOUR-DAY TRIP TO AROOSTOOK

The Maine ROTC, band, composed of 40 picked men from the total membership of 76, left Tuesday morning for Aroostook on a four day trip. Tuesday night they played in Presque Isle and Wednesday in Caribou. Thursday night they are in Houlton and Friday in Millinocket.

The following is the program for the trip:
1. Welcome to Maine
2. Port and Peasant
3. Friendly Rivals (featuring Gero and McLaughlin)
4. Thackeray
5. Song of the Pines

This band is conducted by First Lieutenant Willie R. Bolling, of Bangor, and is under the management of Hugh B. Hamilton of Bangor. Warrant officer John Edey, U.S.A., accompanied the band.

The men making the trip are:
Clarinets: Downing, Hackett, Medi-
Baritone: Larson.
Trombones: Ames, Moulton, Randell, Weed.
Pianos: Lovjoy.

Drums and cymbals: Benker, bass drum; Furbush, cymbals; Stuart, small drum; Woodard, small drum.

Baritone: Larson.
Horn: Blackwell.

Each person's band history, this was the most memorable thing of all. There were no words that could describe the feeling of the crowd.

We would like to thank you for your support and look forward to seeing you again next year.

The Editors

CORRESPONDENCE

To the Editor of the Campus:

The annual banquet of the Boston Alumni Association will be held this year on February 6, 1924. We hope to have with us President Boardman, Alumni Secretary "Bob" Clark, and a representa-

ive of the undergraduate student body. The association would like to invite all the students to attend this banquet.

Sincerely yours,

T. W. Monroe, '24
Chairman of the Banquet Committee
Boston Alumni Association

Work without Toil

Ten or twelve hours a day toils the cooie. If he car- ries all he can, he moves one ton one mile in one day. For that he receives twenty cents.

Cheep labor! Yet compared with our American worker, receiving at least twenty-five times as much for an eight-hour day, the cooie is expensive labor.

In America we move one ton one mile for less than one cent. The cooie, working by hand, accomplishes little; while the American, with electricity's aid, accomplishes much.

Pleutty of electricity and cheap electricity —these are the greatest advantages which America enjoys over the rest of the world. While our present gener-

ating capacity is 26,600,000 kilowatts, new develop-

ments call for 3,000,000 kilowatts more per year.

To college men and women —potential leaders will fall the duty of finding more and still more work for electricity, with less and still less toil for our workers. For the task is but begun!

Tie a tin to trouble

A TIDY red tin of Prince Albert, to be exact. There's the greatest little trouble-chaser in the known world. Smoke P. A. and pipe-gourds choose the nearest exit.

Yes, Sir, P. A. is right there with the Pollyanna stuff. Sunshine, gladness, the light heart, the bright smile. Because Prince Albert is the cheeriest, chummest tobacco that ever tumbled into a briar or corncob.

Smoke P. A. — and smile, Cool, comfortable P. A. Fragrant, friendly P. A. Not a tongue-bite or throat-parch in a ton of it. The Prince Albert process hungs the "No Admittance" sign on Bite and Parch the day the factory opened. Get a tidy red tin of P. A. today and give pipe-worries the gate.

PRINCE ALBERT

— no other tobacco is like it!
