### Persistent Links Update Instructions for BrightSpace

We are excited to announce the first significant update to the University of Maine System Libraries (UMSL) catalog and search experience since 1988, set to debut in mid-June 2024. This will modernize how you interact with library resources, offering a more intuitive and efficient platform for discovering information.

**Before June 7, 2024, all Library patrons should [review these action items](#) related to their library accounts' saved searches and history. Faculty should also [preview these action items](#) to learn how this will impact their persistent links on BrightSpace or other Course Management Systems.**

**Please read [this for instructions on how to update persistent links](#).**

For more information and updates, please visit the [UMSL ILS Transition Guide](#).

## Fogler Library Receives Appreciation Award

On Saturday, March 2, 2024, Fogler Library opened its doors for extended hours to host the Western Winter Carnival, welcoming 550 students for this lively and fun event developed by the Center for Student Involvement. Calf petting, mechanical bull, lassoing, contra dancing, hobby horse racing — The Center for Student Involvement had it all! For our participation (displays, logistics, and on-site support that evening), Fogler received a University of Maine Appreciation Award for hosting Student Life's "Program of the Year." Here are some pics of the event!
