TRACK "DOPE BUCKET" UPSET WHEN BOWDOIN WINS THE STATE MEET

BATES SHOWS UNEXPECTED STRENGTH AND TAKES SECOND PLACE

At Brunswick last Saturday the Maine track team finished in third place. The so-called "bucket of dope" was spilled in grand style; not a little falling on the athletes wearing the pale blue.

Mostrum of Bowdoin took the highly touted Mittelsdorf into camp in both dashes. In the mile run our own "Artie" led for three laps closely pursued by Wills and Sansone. On the last lap, however, Wills came thru and finished in the fast time of 4.21½ only ½ of a second behind Colbath's record. In the two mile, "Grunt" Taylor led for about five laps, until Wardwell and Brown of the Garnet came plugging by, stride for stride. They kept the lead and finished a few feet apart—another splash. "Bud" Cushing ran a good race, finishing fourth.

The half mile was closely contested, finally being won by Allison Wills who made a beautiful sprint the last half lap coming from the rack and overtaking them all. "Heinie" Eaton led for the first 660 but couldn't keep his pace. Hanging grimly on, he was overtaken at the last minute by his teammate, "Freddie" Thompson who took third.

Kendall of Bowdoin tied Ray Hobson at eleven feet. Another spill of dope as Hobson has done better than twelve.

Thompson and Dickson literally cleaned up in the shot put while Barrows won the decision.

"Hal" Littlefield was hard pushed in both hurdle events by "Bill" True in the highs and "Dan" Torrey in the lows. "Freddie" Chandler placed third in the high, beating out both Lucas and Green who were counted on as sure point winners for Bowdoin.

"Doc" Porter placed second in his heat in the quarter, and fourth in the finals making Fanning of Bowdoin step to his laurels for third position.

Sager of Bates broke the record for the javelin, Emery placing second. Sager later broke the record at 182 ft. 9 in.

John Caldwell placed second in the broad jump at 21 ft. 4½ in.

MAINE DELEGATES AT ATHLETIC CONFERENCE

WOMAN'S DIVISION OF NATIONAL AMATEUR ASSOCIATION HELD IN NEW YORK

The third annual meeting of the Women's Division of the National Amateur Athletic Federation was held May 10 and 11 at Hotel Astor, in New York City. Delegates from physical education schools, women's clubs, colleges, Y.W.C.A.'s, and other organizations interested in women's athletics were in attendance. Mrs. Herbert Hoover acted as chairman. Elimination of men's rules and men coaches, and the removal of the championship idea from women's athletics were subjects stressed by many of the speakers. The substitution of intramural games for the physical benefit and recreation of all the girls, rather than interscholastic games for the exploitation of the few, was held to be desirable.

Tuesday, group or student leadership was the subject of discussion. This plan as successfully carried out from the elementary schools up was discussed by leaders from several states. A course in leadership in physical education was recommended which is quite similar to the one now being given at the University of Maine.

Several delegates came from California to attend the meeting. The state of Maine was represented by Miss Francis of Bates, and Miss Helen Lengyel and Amy Adams of Maine.

TENNIS TEAM LOSES MATCH

Colby Wins From Maine Team 5-1

Wednesday, May 12, Colby tennis team succeeded in downing the Maine team by a score of 5-1. Captain Brown of the Maine team was the only one to win in the day's play. The results of the match are:

SINGLES

Capt. Brown defeated Capt. Macomber (4-6) (8-6) (6-2).

Tattersall (C) defeated Knox (M) (6-2) (6-0).

Nickerson (C) defeated Webber (M) (6-3) (6-2).

Knox (C) defeated Parker (M) (7-5) (6-4).

DOUBLES

Capt. Macomber and Tattersall defeated Capt. Brown and Webber (3-6) (6-4) (6-2).

Nickerson and Knox defeated Parker and Hamer (2-6) (6-4) (6-2).

The State Meet is to be held this week, Thursday, Friday and Saturday and the following will represent Maine.

In the single: Capt. Brown and C. Baxter.

In the doubles: Capt. Brown-Webber, Hamer-Parker.

Bowdoin is considered very strong and is favored to win in this meet. The Maine team has been going good this week and will put up a good battle in the coming play.

The Freshman Tennis team is to play Hebron this Saturday and are represented by: Brown, Mann, Carter, Lopaus, and Coggins.

FRESHMAN TEAM IS DEFEATED BY COBURN

Coburn Classical Institute defeated the freshman nine in a loosely played game Thursday, May 13, by a score of 6-3. Both teams played a poor brand of baseball, as there were numerous errors on both sides. Taft started for the freshmen, but was replaced in the 3rd by Lyden. Both Maine pitchers were wild, hitting four batsmen and giving nine bases on balls in 5 innings. Black replaced Lyden in the sixth and stopped the scoring for the day, not allowing a hit for the remainder of the game. Pollard pitched a good game for Coburn, allowing but four well scattered hits.

INTERESTING LECTURE NO EMERSON, MAY 26

On Wednesday, May 26, in the Library at 8 o'clock, Mr. Charles J. Woodbury, the only author and lecturer now living who knew Ralph Waldo Emerson, Thoreau, and the great Concord personalities, will give a lecture on these men as he knew them. His mission for years has been among our institutions of education, winning readers to Emerson's and Thoreau's literature by his charming revelations of these leaders as they lived at home.

That this talk is to be worth while is shown by these few of the many tributes given Mr. Woodbury:

"The talk of a great man when he was not, so to speak, on show."

—Yorkshire (Eng.) Post.

"Mr. Woodbury makes it seem as if Emerson himself stood before us. I have received more downright gratitude for having brought him to Stanford, than for anything else I have ever done here."

—Henry David Gray, Ph.D., Prof. of English Literature, Stanford Univ.

"Through the charm of Mr. Woodbury's description Emerson became a living presence to us, and the spell of his personality was laid upon us."

—Stephen B. Penrose, D.D., Pres., Whitman College.

COMMENCEMENT WEEK PROGRAM ANNOUNCED

REV. JAMES FRANCIS ALBION TO DELIVER BACCALAUREATE ADDRESS

To the Seniors, the next three weeks are filled with many tasks; the end to be Commencement Week which lasts from June 11 to June 15.

Friday, June 11 is Class Day. The class parts are as follows:

Valedictory: Ralph Parkman
Historian: Fred Newhall
Orator: Kenneth MacGregory
Poet: Pearl Graffam
Prophets: Cora Emery, Myles Standish
Presentation of Gifts: Kathleen Hunt, Arthur Hillman

Curator: Douglas Donovan

Saturday, June 12, is Alumni Day. The various classes will gather to talk over old times and engage in "stunts". Sunday, June 13, is Baccalaureate Sunday. The speaker is Rev. James Francis Albion, pastor of the Universalist Church of Brunswick. He is a former pastor of the Congress Square Universalist Church in Portland.

The Senior Class Chaplain is Wallace H. Elliott. Senior Marshal: Paul D. Lamoreau. Junior Marshal: Fred Thompson.

Monday, June 14, at 9.30 A.M. the Commencement Exercises take place in the following order:

Music
Prayer
Music
Address

"Forward Steps in Civilization" by George Emory Fellows
Prof. of Political Science and History at Utah University and formerly President of University of Maine
Presentation of Diplomas
Announcement of Honors

Monday night is the Commencement Ball to be held in the gymnasium.

MAINE BASEBALL NINE AGAIN DEFEATS BATES

TIMELY HITS AND BATES' ERRORS GIVE BEARS 5-2 VICTORY

For the second time this season the Maine Varsity has succeeded in taking Bates into camp. By pounding out hits, which, with Bates' errors allowed them to run up a score of 5-2, the team has again climbed up amongst the winners.

"Pete" Perry pitched a fine game for Maine while "Charlie" Small held down the mound for Bates.

Bates scored in the second inning on Peck's single and Young's sacrifice, with a single by Palmer. Bates held Maine scoreless until the fifth when Perry was safe on a poor throw by C. Small. Cassista "came through" with a three sacker into left field and came home when Crozier bunted a squeeze through first and second. Hackett took first on an error and Crozier scored on Nanigan's single.

A double by Hackett, a pass and single by Newhall gave Maine their final scores.

Charlie Ray, the Bates colored ace, made the feature catch when he speared Gay's long fly in center field and then throwing to Karkos to get Nanigan at home. Joe Gay also came in for applause when he froze to a swift bounder, catching the runner at first by a single step.

(Continued on Page Four)

Coach Kanaly is taking the following men to the New England Intercollegiate Athletic Association Track Meet to be held at the Harvard Stadium, Cambridge, Friday and Saturday:

Capt. Barrows, Thompson, Hobson, True, Chandler, Hillman, Torrey, Caldwell, Proctor, S. Thompson, Dickson, Emery, Young, Fraser, Donovan, Mgr. Maxwell.

STUDENT SENATE MAKES PLANS

Will Become Active Next Fall

At the last meeting of the Student Senate, held Tuesday night, a marked interest was shown for the continuance of the organization. Plans were made which will require that the Senate become active at an early date next fall. The duties of the organization will automatically become more responsible from now on.

At the last meeting it was voted that the present constitution be so amended, that the women will have equal representation, and that the name of the organization be changed to the Maine Student Government.

Future plans were made for the administration of the point system which was recently accepted by the Senate. The faculty and Student Government will cooperate in carrying out the system.

A committee is now working on the rearrangement of the schedule of holidays, with the plan in mind of adding the Monday following the Easter Sunday and the Friday following Thanksgiving as general holidays.

It was voted that three general election days be held each year. This means that the various classes and organizations will be required to make all arrangement and post all nominations, two weeks in advance of the election day designated by the Student Government.

It was voted that the Student Government hold a Registration dance at the beginning of next year, in order for the Government to gain recognition and at the same time to make a small sum of money as a working fund. Arrange-

(Continued on Page Four)

POPULAR CONCERT TO BE GIVEN MAY 31

Students, harassed by final examinations, will be given an opportunity to rest themselves by going to the Chapman Concert to be given in Old Town, Monday evening, May 31. The artists are: Miss Beatrice Belkin, soprano, and Mr. Benno Rabinoff, violinist, both of New York where they have won an enviable position in musical circles. Accompaniment by William R. Chapman. The program below was arranged to meet the popular taste. It is predicted that all seats will be sold early.

PROGRAM

- Concerto No. 2 *Vieuxtemps*
First Movement
Benno Rabinoff
- Bell Song, Lakme *Leo Delibes*
Beatrice Belkin
- (a)—Mimnet in D *Mozart*
(b)—Londonberry Air *Fritz Kreisler*
Old Irish Melody
(c)—Dancing Doll
E. Poldini, arr. by Kreisler
Benno Rabinoff
- (a)—Sweet Mystery of Life *Victor Herbert*
(b)—Lullaby *Cyril Scott*
(c)—A Heart that's Free *Robyn*
Beatrice Belkin
- (a)—La Capricieuse *Elgar*
(b)—Melody, Vice-President Dawes
(c)—Valse Bluette, *R. Drigo—Auer*
(d)—Perpetuum Mobile *F. Ries*
Benno Rabinoff
- Group of Peasant Folk Songs in Costume—
(a)—Swiss—O Du Liebs Angelli
(b)—Italian—Cicerenella
(c)—French—La Petite Jeanneton
(d)—Russian—Nightingale
Beatrice Belkin
- (a)—Souvenir de Moscow *H. Wieniawski*
(b)—Polonaise Brillante No. 2 *H. Wieniawski*
Benno Rabinoff
- Ave Maria *Bach-Gounod*
Beatrice Belkin
Violin Obligato by Benno Rabinoff

BASEBALL TEAM GETS REVENGE ON BOWDOIN IN HARD FOUGHT GAME

BOWDOIN GIVEN 2-1 SETBACK WEDNESDAY

Maine is now one game nearer the state crown by defeating Bowdoin yesterday by the score of 2 to 1. The game was tense and exciting all the way thru and held the largest crowd that has witnessed a baseball game here for some time in suspense until the final ball had been thrown. This game was a retaliation for the defeat handed Maine by the Bowdoinians last week and brings up our State Series record to three won and one lost.

Captain Crozier occupied the mound for Maine and although he got caught in some tight places he succeeded in pulling himself out by some air tight pitching. Bowdoin got its only run in the eighth, when Lord, Ranney and McLaughlin the first three men nicked the Maine leader for singles. Deblois the next man up sacrificed and Lord scored. Crozier threw a man out at first and Durrell smothered a hot grounder from McGowan and nailed him at first.

In the third frame Maine chalked up their first tally when Hackett singled and was knocked in on Nanigan's double to left field.

Newhall had a wonderful day pounding out three hits out of four times at bat, one of which was a home run in the sixth inning and was the second of Maine's scores. His fielding was also very good, as he stopped four fast grounders.

RIFLE TEAM PLACES FIFTH AT NATIONALS

MAINE MARKSMEN WIN HIGH HONORS AT ANNAPOLIS

The University of Maine Men's Rifle team received fifth place in the Fourth National Intercollegiate Service Rifle Matches held at the Naval Academy at Annapolis, Maryland, Saturday, May 15. The highest possible number of points for a team was 1500. Maine received 1312. The highest possible individual score was 250. Castle of Norwich was high man with a score of 237. Winch of Maine followed closely with 232. The scores are as follows:

TEAM

Navy-Blue—1396
Navy-Gold—1381
George Washington—1368
Norwich—1349
Maine—1312
Syracuse—1311
Rutgers—1273
Penn—1143
Delaware—1075

Postponed Victory

The thirtieth annual State Intercollegiate Track Meet is past and we have gone down to honorable defeat. We are not downhearted for defeat which follows the display of one's best efforts is merely the postponement of victory.

Next year will be Coach Kanaly's "senior year" at Maine since he began his duties with the present Junior class. Although he is losing several seniors by graduation he has at least two first place winners in the freshman class. In addition, the Meet next spring is to be held on Alumni Field which should be an advantage.

Captain Barrows was hurling the discus while his team was steadily losing. There is a report extant that discouragement or a "jinx" prevented him from doing his best. It appeared as if he was about to lose the event. Then something returned to him and with a final heave he whirled the discus many feet farther than he had done previously and won, thereby, first place for his team. Some day Maine will come back like that. Perhaps it will be next year.

Although he did not win the Meet, Kanaly should be happy to know that he helped make several good sportsmen. Thompson, running with a strained tendon and against an osteopath's advice, forced himself through the half mile and literally fell over the line to win third place against strong competition. Burnham, running in the trials, sacrificed the thrill of being in a state meet final heat by purposely slowing up so that Rouns-ville, who was limping with a "Charlie Horse," might place. It was not a judicious decision but none the less heroic.

Change of Title

Since the name the *Maine Campus*, or oftener, just the *Campus* results in confusion and errors; and since there are some fourteen other student newspapers by the same name, it has been thought feasible to make a change. Some name that would be as suggestive as the *Mainiac* or the *Maine-Spring* would be desirable. The editorial board is open to suggestions and would like to receive some comment on the following three names: the *Maine Mirror*, the *Maine Issue*, and the *Maine Review*.

"A rose by any other name would smell as sweet," likewise, this student publication would be just as good or as bad if it had another name. Yet, a "catchy" title would make a good first impression on strangers and incoming freshmen which might lead to a greater interest in the publication, and eventually, to a better paper.

NOTICE

All Technology personnel recommendation blanks should be filled out and returned to the Technology office at once in order that the Department may complete all records before the end of the college year.

ORGANIZATIONS

Tuesday evening the Musical Club held a meeting to elect the officers for next year. They are as follows:

President: Lewis J. Carpenter; manager: Robert Scott; publicity: Merton McLaughlin; Glee Club leader: George Dudley.

The new president has been an active member of the Glee Club for three years and has taken a prominent part in all of its concerts. He has a good baritone voice, and has received compliments on his solos which were broadcasted from the University Station.

At this meeting it was also decided to give keys to all members who had taken part in the majority of concerts this year.

The Scabbard and Blade, Military Fraternity, held its spring banquet Thursday evening May 13, at the Penobscot Valley Country Club.

The speakers for the evening were: Kenneth W. Barker, Major G. B. Glover, Sylvester L. Poor, Hosea B. Buck, Harold S. Boardman, James A. Gannett.

The initiates were: Ernest H. Grant, Harry G. Howard, George F. Kehoe, Donald F. McGary, Howard S. McPhee, Vernon H. Sommers, Sylvester L. Poor, Myles H. Standish.

On Wednesday evening, May 12, the Phi Kappa Sigma Freshmen gave a smoker. Moving pictures were shown including "The Nut" played by Douglas Fairbanks, also pictures of the Winter Carnival and of Mt. Katahdin.

During the intermission refreshments were served consisting of ice cream, punch, and wafers. Cigarette holders were presented to each as a remembrance.

The Order of the Temple held its last meeting for the year, Tuesday evening, May 11, at the Masonic Hall, in Orono. During the evening the officers for the year were elected. They are as follows: Charles A. Sherer, Worshipful Master; Arthur Robins, Senior Warden; Allan Chesterton, Junior Warden; George Dudley, Secretary and Treasurer.

During the informal banquet hour, speeches were given by retiring Master Bischoff and Master-elect Sherer. A committee of three was chosen at this time to design, buy and present an emblem to retiring Master Bischoff in token of his services. This presentation of an emblem to the retiring master is to be established as a custom.

On the evening of May 13, twenty-eight of the dwellers of Oak Hall gathered around the board at the Elms Inn to partake of their first annual banquet. George Jacobs acted as toastmaster. Clarence P. Hotson, guest of the evening, gave an interesting and inspiring talk on "Curiosity". The purpose of these banquets is to develop a fraternal spirit, in the true sense of the word, among the students living in Oak Hall.

Election results for Women's Athletic Association offices and managerships are as follows:

President: D. Winslow; vice-president, F. Fuller; secretary: Z. McKenzie; manager of tennis: Q. O'Connor; manager of track: A. White; manager of baseball: R. Thompson; asst. managers of hockey: M. Levine, D. Stuart; manager of basketball: M. Preble; asst. managers of basketball: M. Marston, L. Springer; archery: M. Cooper; cheer-leader: M. Hawkes.

The Home Economics Club entertained the Agricultural Club Thursday evening, May 13, at North Hall. Dr. Maynard Jordan of Orono gave a very interesting illustrated lecture on American and European travel. Games and music were enjoyed and refreshments of pumpkin pie and coffee were served by the girls of the club.

At the M.C.A. building there are numerous articles that have been found. Within thirty days of their discovery they will be returned to the people who turned them into the Lost and Found department. At present there is: a freshman toque, a scarf, a silk handkerchief, a glove, three fountain pens, four pencils, two pair of glasses, four keys, a pair of "earlappers", a pocket book containing two keys, a button, a rain coat and hat, and a Boston bag.

Military Camp to be Held At Newport, June 6-11

The annual Spring Camp of the University R.O.T.C. is to be held June 6-11, inclusive, at Camp Andrews, near Newport. As in former years the "troops" will march to Orono Sunday afternoon and entrain to Camp Benson. They then shoulder their packs and march to the camp site. Not much information as to the procedure to be followed this year has yet been divulged, but it is expected that drill and reviews will occupy most of the time. The evenings will probably be spent in holding "fire drill" and "hangings" in the "city" of Newport. A turkey dinner as a farewell meal, and the Scabbard and Blade dance in the pavilion on the last evening in camp will probably be the features of the camp as in former years.

Mainiac Staff Named By Kappa Gamma Phi

Kappa Gamma Phi held a business meeting last Tuesday and elected Philip Ascher as Editor-in-Chief, and Carroll Day as Business Manager of the *Mainiac* for the next year. John Mahoney was elected as president of the fraternity and Stuart Chapman as Vice-president of the fraternity, and chairman of the secondary school journalistic conference to be held next November. It was decided at this meeting to secure a room in the M.C.A. Building and have it carefully furnished with files and desks for the editors and business managers of the three undergraduate publications.

The discontinuance of compulsory chapel for Yale undergraduates has been approved by the Yale Corporation. The move was made after consideration of the recommendation of the faculties of Yale College and of the freshman year that the requirement of attendance at the chapel service be discontinued.

PHILIP SPACE SAYS

The State Track meet is over and the members of the Benevolent Order of the Knights of the Dusty Shoe can hang up their hiking footwear and put away their signs for another year. This annual event is the big time of the year for the above mentioned B.O.K.D.S., for nothing short of the Bowdoin-Maine football game will draw such a delegation from their numbers. The scene of the meet was the Mecca of our foot-loose friends who, because of straightened pecuniary circumstances, excessive frugality, or natural desire for adventurous travel, had rather trust to the generosity of the more fortunate automobiling class than pay toll to that exorbitant instrument of capitalistic enterprise, the railroad.

The writer, merely for experience as he had \$1.18 decided to try this method of progression and accordingly joined the ranks of that devoted band who started in the drizzling rain of last Friday. Of all methods of travel this is probably the most broadening as far as the human element is concerned. A man taking in a total stranger whom he will probably never see again will voice his opinion on things that he would never mention to one of his acquaintance. Conversation varied from a discussion of the existing policy of wages with a truck diver to an enthusiastic religious agreement with a lightning rod salesman from Aroostook. Between these extremes was a talk on modern surgery and the probable cause of the suicide of a mutual acquaintance with a well-known surgeon. These are examples of conversations

which could be multiplied by anyone making the trip. These conversations show both sides of the question without doubt and even if one knows he is right he should at least be attentive and open to conviction. Remember that it is not one's own car and in these hard headed times ideals are too often sacrificed to realities, shoe-leather to gasoline.

As for the meet itself the results of that will be bandied about, and the blame fixed far beyond the writer's poor power to condemn or praise. Suffice to say the result was unfortunate and should be allowed to wander down the halls of time unattended by any guiding spirit of reproach. Next year is coming and with it another track meet.

After the meet the problem arises of getting back. In the first flush of the exodus the one thought was to get to Brunswick, now the great desire is to get back to school before the ever present double cuts begin to take their devastating toll. This is accomplished either by returning as they came or, as in the case of the fainter hearts, taking the special train even if it is subjugating high principles to the weakness of the flesh.

The next few days after the return one hears marvellous tales of adventure, a mixture of De Maupassant, the Arabian Nights, and any standard edition of fairy tales skillfully blended into a story that could only be the product of a young and vivid imagination. According to these romances, bank presidents, young heiresses and Lady Luck vied with one another to give rides and refreshments to the travelers. Each successive audience gets more detail until the final product is an astounding story that would be worthy of Grimm or Munchausen himself. However the youthful Ananias goes his way unhindered and only waits for a new audience.

Kueny Finds Solace In His Flower Garden

When Professor Kueny is weary of "Petit Chinois" he finds solace in his flower garden. This industrious mentor has reclaimed a piece of land back of the University Inn, and transformed it into a beauty spot. Two years ago he began clearing away the witch grass. The process was laborious, because the ground had been untouched for many years. The top soil proved very rich, needing no fertilizer. After repeated spading he planted various perennials with good results. Last year the garden was more successful, and this spring he expects even better returns, although the season has been backward. Professor Kueny has had the greatest success with delphinium, to which the soil seems peculiarly adapted. Other blooms which will soon scent the air are canterbury bells, sweet-william, foxglove, columbine, and hollyhocks. This garden affords pleasure to many people during the summer months, particularly the residents of the Inn, while the professor finds it a most delightful hobby.

"Nation" Again Offers Prize to College Students

A contest was inaugurated by *The Nation* last year and was so successful that it is to be repeated.

The contest is open to university and college students who have spent the summer of 1926 at work in some industrial or agricultural occupation.

For the best account of such an experience and interpretation of the industrial situation involved, *The Nation* will award a prize of \$100. There will be a second prize of \$50. The following are the conditions:

The contest is open to graduate and undergraduate students, men and women, who were enrolled in some college or university in the spring of 1926, and worked as laborers for at least two months in the summer of 1926.

The contestant must give name, class and college, name and address of employer, and dates of employment; also the name of a member of the faculty of the contestant's school who vouches for his or her eligibility.

Manuscripts must be typewritten and not over 4,000 words in length. The ar-

ticle winning first prize will be published in *The Nation*. *The Nation* may accept others for publication, reserving the right to cut the manuscript of any article printed. Winners will be announced and prizes awarded not later than January, 1927.

The Y.W.C.A. held a picnic on the banks of the Stillwater river Wednes-

day, May 12. "Weenies", pickles, and coffee were on the menu. Miss McGinnis of the department of Home Economics gave an interesting informal talk entitled, "Home-making". In the afternoon a candy sale was held in the Arts and Sciences building to raise funds for the delegates who are to go to the Marqua convention this spring. About twenty dollars was realized on the sale.

"THE NEW KLONDIKE"

The Dawn of a Better Cigarette

Fifteen men on a Live Man's Quest Yo-ho - and a better CIGARETTE

HERE'S merry luck, Mates! Just as you were drifting along, aimless-like, in your smoking habits, with nary an adventure to tickle your smoke-taste, in the Seven Seas of Commonplace Tobacco—

along comes a rollicking breeze of good news that sends you bounding into a treasure-land of new smoking satisfaction.

A new cigarette—as welcome as a Port of Thrills after a dreary voyage. A relievingly different cigarette—with a new and teasing fragrance that anchors to your favor like a home-sick brig to its native harbor.

It remained for those veteran pilots of superior tobacco enjoyment—the P. Lorillard Company, 166 years at the wheel—to chart out the way to a better 15c cigarette—a smoother, cooler, more winsome cigarette.

Identified for generations with uncom-

monly fine cigarettes, they lay their course to find a still better cigarette, to retail at an uncommonly small price.

And they found it in OLD GOLD, the treasure of them all—20 white and brown cargos of golden cigarette enjoyment and satisfaction for 15 cents.

OLD GOLD offers three distinct improvements over old cigarette standards. It's cooler—because made from finer and lighter leaf, hand-selected. It's milder—because a new-day method takes out any hidden harshness in the tobacco. It's more fragrant—because it's made from the choicest of all Turkish and domestic tobaccos, chosen for their aromatic perfection and blended by old masters.

Stow your hold with your first treasure chest of OLD GOLDS today, men. Buy one package—that's all we ask. We're more than content to let that trial package make its own bid for your permanent patronage.

OLD GOLD

The New and Better cigarette ~ 20 for 15¢

THE TREASURE OF THEM ALL

The Product of P. LORILLARD CO., Established 1760

What Is A Life Underwriter?

One who executes and delivers a life insurance policy. In other words, a person whose business it is to offer the known benefits of life insurance to individuals, to corporations, to partnerships, etc.

But further, the life underwriter is one who must convince those clients of the benefits offered. This means stimulating contact with human character, and with large affairs. Some underwriters prefer the game of character and deal mainly with individuals. Others prefer affairs; to them is open the great field of business insurance.

Furthermore, the business of life underwriting pays highly for initiative and ability.

And still more, the life underwriter offers to his client a commodity which has no risk in it, does not deteriorate, and adds no burden of mental worry. The life underwriter sells absolute security, the foundation of serenity of mind.

It is worth while to think these things over now and to remember them when, perhaps, you find yourself wrongly placed in whatever business you may have chosen.

Freshmen Numeral Men In Track Announced

Numeral men have been awarded by the Athletic Board to the following freshmen winning first and second places in the Freshmen-Bridgton dual meet.

George Bixby, Worth Noyes, Winfield Niles, Karl Larsen, Victor MacNaughton, Philip Beckler, Laurence Hobbs, Capt. Edmund Black, John Lowell, Olin Moulton, Louis Soderberg, Clyde Stinson, Harry Murray, Robert Parks, John McCarthy, Roger Wilkins, Harold Folsom, John Lyden.

Monday evening, May 17, Dr. Edgar Wherry, head of the United States Department of Agriculture, Washington, D. C. gave a very interesting talk on the Flora of Mount Desert. He showed many beautifully colored slides, illustrating the various flowers that grow on the island.

In the afternoon he met a special class of students, and gave an informal talk on the relation of the soil to the various flowers, and stressed the careful preservation that should be made of the flowers.

Maine Baseball Nine Again Defeats Bates

Track "Dope Bucket" Upset when Bowdoin Wins State Meet

Summary:
100 YARD DASH
First heat won by Mostrum, Bowdoin; Donovan, Maine, second. Time 10 sec.
Second heat won by Farrington, Bowdoin; Rowe, Bates, second. Time 10 1-5 sec.
Third heat won by Connor, Bowdoin; Mittelsdorf, Colby, second. Time, 10 1-5 sec.
Final heat won by Mostrum; Connor, second; Mittelsdorf, third. Time, 10 sec.

220 YARD DASH
First heat, tie between Davis, Bowdoin and Farrington, Bowdoin; Rounsville, Maine, third. Time 23 sec.

Second heat won by Mittelsdorf, Colby; Mostrum, Bowdoin, second; Simpson, Bowdoin, third. Time 22 3-5 sec.

Final heat won by Mostrum; Farrington, second; Mittelsdorf, third. Time, 22 2-5 sec.

440 YARD DASH
First heat won by Tarbell, Bowdoin; Fanning, Bowdoin, second; Fisher, Bates, third. Time 52 sec.

Second heat won by Baker, Bates; Porter, Maine, second; Hewett, Bowdoin, third. Time 51 3-5 sec.

Final heat won by Tarbell; Baker, second; Fanning, third. Time 51 1-5 sec.

120 YARD HIGH HURDLES
First heat won by Lucas, Bowdoin; True, Maine, second; Costello, Bates, third. Time, 16 sec.

Second heat won by Littlefield, Bowdoin; Chandler, Maine, second; Green, Bowdoin, third. Time, 15 3-5 sec.

Final heat won by Littlefield; True, second; Chandler, third. Time, 15 3-5 sec.

220 YARD LOW HURDLES
First heat won by Littlefield; Standish, Maine, second; Lucas, Bowdoin, third. Time, 25 2-5 sec.

Second heat won by Torrey, Maine; Tarbell, Bowdoin, second; Newhall, Colby, third. Time, 25 3-5 sec.

Final heat won by Littlefield; Torrey, Maine, second; Lucas, Bowdoin, third. Time, 24 4-5 sec.

880 YARD RUN
Won by Wills, Bates; Wakeley, Bates; second; Thompson, Maine, third. Time, 1 min. 59 2-5 sec.

ONE MILE RUN
Won by Wills, Bates; Sansone, Colby, second; Hillman, Maine, third. Time, 4 min., 21 3-5 sec.

TWO MILE RUN
Won by Wardwell, Bates; Brown, Bates, second; Brudno, Colby, third. Time, 9 min. 49 2-5 sec.

RUNNING HIGH JUMP
Won by Kendall, Bowdoin, height, 5 ft. 10 1-4 in. Seekins, Colby, second, height, 5 ft. 8 in. Costello, Bates, third, height 5 ft. 6 in.

RUNNING BROAD JUMP
Won by Rowe, Bates, distance 22 ft. 5 1-2 in. Caldwell, Maine, second, 21 ft. 4 1-2 in. Smith, Colby, third, 21 ft. 2 3-4 in.

PUTTING 16 POUND SHOT
Won by Thompson, Maine, distance, 42 ft.; Dickson, Maine, second, 40 ft. 1-2 in. Ray, Bates, third, 38 ft. 11 5-8 in.

THROWING 16 POUND HAMMER
Won by Pillsbury, Bowdoin, distance 152 ft. 6 1-2 in.; Loud, Bowdoin, second, 147 ft. 2 1-2 in. Gallup, Bates, third, 147 ft. 1-2 in.

THROWING THE JAVELIN
Won by Sager, Bates, distance 182 ft.

1-2 in.; Emery, Maine, second, 170 ft. 2 in.; Young, Maine and Adams, Bowdoin, tied for third, 155 ft. 6 in. Sager broke record on try after competition with throw of 182 ft. 9 in.

THROWING DISCUS
Won by Barrow, Maine, distance, 127 ft. 8 3-4 in. Snow, Bowdoin, second, 125 ft. 2 1-2 in. Seekins, Colby, third, 120 ft. 10 1-4 in.

POLE VAULT
Tie for first between Hobson, Maine, and Kendall, Bowdoin, height 11 ft. Proctor, Stitham and Guilfoyle, all of Maine tied for third, height 10 ft. 6 in.

The University of Chicago
95 ELLIS HALL CHICAGO, ILLINOIS

Where two steam locomotives formerly puffed and strained to pull a 360-ton freight train up the steep slope of Maltrata incline, two electric locomotives haul a 660-ton train with power to spare.

Electricity levels the Mountains

In Mexico, romantic land of pretty señoritas and languorous minstrelsy, practical American engineers have harnessed streams so that mountains may be leveled.

The winding thirty-mile Maltrata incline on the road from Vera Cruz to Mexico City is now electrified. Ten electric locomotives replace twenty-three steam engines. The electrics haul twice the tonnage of the steam locomotives—and in half the time, with obvious benefits to traveler, railroader, and shipper.

Yet Maltrata is but an example of electrical progress. For electricity is conquering the grades of railroads and of industry alike, the world over.

Impressive, no doubt, but still modest when compared with the possibilities of electricity in years to come. And it remains for college-trained men, with trained capacity for initiative and leadership, to become ambassadors for further electrical conquests in foreign lands.

The General Electric Company required but eighteen months to electrify Maltrata incline—locomotives, power plant, transmission equipment complete. Engineering skill, backed by vast manufacturing facilities, has enabled G-E to serve humanity in many ways.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

Resists Corrosion

THIS picture, taken in the salt marshes near Kearny, N. J., shows two lines of 30-inch Cast Iron Pipe replacing pipe made of other material. The alternate exposure to the action of salt water and air is a severe test.

While the pipe shown in the picture is subjected to unusual corrosive influences, all underground pipe must be able to withstand corrosion to a greater or less degree. Cast Iron Pipe has this quality. It does not depend on its coating to resist rust; the material itself is rust-resisting. The first Cast Iron Pipe ever laid is in service today at Versailles, France, after two hundred and sixty years' service.
