**NEW ENGLAND'S TO BE AT BOWDOWN**

**INTERCOLLEGIATE TRACK MEET TO BE HELD OUTSIDE MASS. FOR FIRST TIME**

For the first time in over thirty years the New England Intercollegiates will be held out of Massachusetts. This year the meet will be held at Bowdowm, near Brunswick, Me.

The decision of changing the meet to Bowdowm this year was made at a new policy adopted at a special meeting of the executive committee of the New England Intercollegiates who decided to hold the meet in Boston. It was decided at this meeting that it would be best to change the place of the meet every year, exchanging it between the different colleges and universities competing in it. Although it has not been decided definitely as yet the meet will probably be held at Williams in Williamsburg, Pa., and at Brown in their new stadium the following year.

There have been rumors that Maine might hold the New England Canners in this spring but this cannot be true as a definite decision has been reached. However, the State Meet comes to Orono this year which will mean enough work for the track and field officials here at the University.

**EDUCATION MAJORS TO GET PRACTICE**

**WILL FILL VACANCIES ON HIGH SCHOOL STAFFS**

As a part of the program of teacher preparation the department of education has recently offered to the school superintendents the service of seniors who are qualified to supply in cases of temporary vacancies in the high school teaching staffs. Some persons are selected from among the better qualified seniors who are preparing to teach and who have taken longer courses than the requirements for graduation in Maine. Thus the experience so secured serves as a form of practice to the teachers and students in the service of the work in the Methods course. The superintendents employing students in this manner are asked to make a written report relative to the character of the work done in such cases. These reports may be turned over to the dean or the appointment bureau of the university and serve as recommendations as the case may be to the certification of the students going out to teach for temporary positions on the staff of the university and serve as recommendations to the various school districts.

**DEBATE NEXT FRIDAY NIGHT**

**George Washington Faculty to Opponents**

The U. of D. debating team will meet the George Washington University Debating team Monday evening at 7:30 in the chapel. The question is resolved, "The right of thought and speech must be modified to the legal, social and economic advancement of the state and world."

The George Washington team has been selected by the Institute of International Relations of the British Isles to debate on this topic in the spring. It consists of Mr. W. A. McNally, Mr. W. J. Jarrell, and Mr. J. W. Harrington, and has the reputation of being very creditable.

The Maine team (supporting the negative) will be composed of Arthur J. Kellogg, A. L. Jenkins, E. F. Parrott and others.

**VARIETY AND FROST MEN AND GIRLS VICTORIOUS IN SERIES OF GAMES**

In a game that was one sided but interesting to watch, the Fifth Infantry, of the U. of M. track team won Friday evening in the Maine gymnasium. In spite of the difference in the scores, the game was very much entertaining by displaying the clever basketball, "speed" Blanchard, center, and "Nate" Efford, forward, were the high scorers of the game, Blanchard contributing 24 points, and Efford 24. "Archie" Kamieniecki, fably left forward, exhibited his usual style of clever basketball, causing the opponents to sustain at his advrsonces. "Bill" Hanscom, left guard, did his good turn. "Bob" Darrell, was the same dependable pair, figuring greatly in both offensive and defensive.

The game started quickly, Hanscom sweeping the first three baskets, the first of which was capped within a half-minute of the game. Men's hoop held their opponents down to only one to lead it to eighteen minutes of the game—nothing but non-capping orders often in college basketball. In the last two minutes of the half, the Infantry added two baskets and a lead to their lone point, and the score stood 29-6. Men's hoops continued to lead by five points at the start of the second period. Coach Biere sent his second team on the floor, substituting them at intervals for the first team whom they thought superior at that time. The work of Dorrall, diminutive Fort William forward, was most aggressive, and his dodging under the attacks of several of the Maine men was amazing. It worked, however, 100 per cent on the backboards during the second half. "Mrs." Biere, on the other hand, was forced to play a much reduced team, that made no effort in the second half,

**STUDENT SUICIDES NOW TOTAL NINE**

**VARIOUS REASONS GIVEN**

With the suicide of J. Morgan Dorr, Jr., twenty-year-old sophomore at the University of Rochester, the total of student suicides since January 3, reaches nine. According to the Associated Press, the fatal incident occurred at 9:37 last night in the Old Campus dormitory. Disconsolate over her health and dissection with his marks in mid-year examinations caused her to end her life, according to J. Morgan Dorr, Jr.

This suicide is closely linked with the first of the series, that of Ruby Wooster, who committed suicide in the Old Campus in 1864. The second case was marked by unrelenting and beautiful despair and lasted for months.

The other cases were marked by extreme physical weakness and were conducted with the support of friends, relatives and the faculty.

There have been five cases of suicide in the last five years, but this is not the first time that a suicide has occurred on campus. The last suicide occurred in 1892, when a student was found dead in the Old Campus dormitory.

The cause of death in this case was not known, but it is believed to have been due to a combination of anemia and malnutrition.

**ANNUAL EVENT IS AT BANGOR HOUSE FEB. 25**

The Hon. W. R. Patteanagl ´94, number of the supreme court of Maine, is to be the host at a banquet to be held at the Bangor House, February 25, at 8:00 p.m.

In previous years, each school and honorary organization is expected to send two delegates but any student, faculty member, or alumni may attend. The banquet hall, however, is limited to two hundred diners so tickets should be bought early. Tickets may be secured from the Junior Skulls, the Book Store, or the Bangor House.

Robert Clark, Alumni Secretary, is to be the toastmaster and Dean Paul Cloke is to represent the faculty. All of the speakers are to have constructive criticism of the central theme.

Everyone can look forward with pleasure to hear Patteanagl speak. Although he is not a brilliant speaker and always kept at hand for he has not been a frequent visitor to the campus. On the following reading of his record of his career it can be seen that he did not speak much of his time making social calls. He was born in Pembroke, Me., in 1865, graduated from Maine with a B.S. degree in 1883, and graduated from Maine with a M.D. degree in 1893 and practiced law in Columbia Falls, Bangor, Waverly, and Anson. He died in 1927 and managed the Maine (Continued on Page Two)

For Joyce Cheney Tomman with her little dog Memory has an appeal of its own. The dog is a medium-sized dog and is quite the talking point. The dog is beautiful and is well proportioned. The dog is excellent inrexion and in its perfomance. Its color is chiefly in the author's personal opinion. The dog is a character, which is excellently done. The price has also been reduced to $100 in accordance with the revised price. The dog is well acquainted with the world and is not so interesting as it might have been. DEPUTATION TEAM TO VISIT AROOSTOOK

A deputation team representing the M.C.A. and Y.W.C.A. made a trip to Bucksport over the past week-end through the invitation of the Eastern Maine Conference Society, and the Congregational and Methodist churches of that city. Services were held in the two churches in the morning, and a union service in the evening completed the program. The students making this trip were Henry Tracy, Merrill Doony, Susan Service, and Virginia Smith.

The big trip for the deputation teams will be taken this week-end, when a group made up of Paul Lamoreau, Clare Brown, Virginia Smith, and Arlene Dooey, visits Presque Isle through the invitation of four churches of that place.

has been very generous in his attitude toward this work and stands ready to cooperate with the University in its entire program of teacher training.

Among the students who have gone out to teach for temporary periods recently are the following:

Miss Muriel Cooper at Guilford; Miss Angeline Moreau and Miss Femal at the Orono High School; Miss Eleanor Ford at Lincoln; and Miss Evelyn Farr at Blue Hill. At the present time Miss Sylvia Kinson is substituting in the high school at Milo. The time served by these persons has ranged from three days to as much as three weeks. In every case so far the students have come back with a feeling of enthusiasm and a new confidence in their ability to engage in the art of teaching. It is hoped that opportunities may develop in the future whereby many more undergraduates may be filled and thus our seniors who are preparing to occupy the pulpit in one of the churches, and on Sunday evening there will be a service in the Perry Theatre. The famous tenor had just started to sing, when I started to cough. Everybody gasped and I felt like a cookie. Next day I reviewed to Old Gold Cigarettes. There isn't a cough in a carload. Nor a throat-scratch in a store-full.
