Field Day and Fun Run

Saturday, September 7, 2024

10a.m. - 1 p.m. • Rogers Farm, 914 Bennoch Rd. Old Town, ME

This seasonal celebration will feature demonstrations, taste tests, and art in the garden. Visitors can explore over 30 themed gardens, including the new Color Trail and the well-established native plant collection. Staff and volunteers will provide insights on soil testing, composting, pollinator-friendly gardening and wildlife management.

Children up to 12 years old can participate in a ½ mile Harvest Fun Run through farm fields adjacent to the demonstration garden. The event will also feature the Great Veggie Race, where competitors of all ages can create and decorate wheeled vegetable vehicles. Participants can bring their own vegetable (under 3 lbs, please) or select one upon arrival.

The Field Day and Harvest Fun Run are free and open to the public. Find more information about the event, as well as the Harvest Run registration form, on the event website. Registration is also available on the day of the event. In case of inclement weather, please check the website for updates. For more information or to request a reasonable accommodation, contact Kate Garland at katherine.garland@maine.edu or 207-942-7396.

Rogers Farm is part of the Maine Agricultural and Forest Experiment Station at the state's R1 public research university.
