## THIRTEEN MEMBERS OF MAINE FACULTY ARE LISTED IN WHO'S WHO SEVERAL HAVE PUBLISHED BOOKS OF NATION- WIDE FAME

Thirteen members of the faculty of the university are listed in *Who's Who* for 1927.

They are:

**Harold Sherburne Boardman:** born in Bangor, Maine. Degrees: B.C.E., Maine 1895; C.E., 1898; Eng.D., 1922. Dean of the College of Technology 1910-25; Acting President 1925-26; President 1926-. Member of Maine Association of Engineers, Tau Beta Pi, Phi Kappa Phi, Scabbard and Blade, and Beta Theta Pi.

**Lucius Herbert Merrill:** born in Auburn, Maine. Degrees: B.S., Maine 1883; Sc.D., 1908. Professor of Biological and Agricultural Chemistry. Member of Phi Beta Kappa, Alpha Zeta, Alpha Chi Sigma, Phi Kappa Phi, and Fellow, A.A.A.S.A.

**James Norris Hart:** born in Willimantic, Maine. Degrees: B.C.E., Maine, 1885; C.E., 1890; M.S., Chicago, 1897; Sc.D., Maine, 1908; Ph.D., 1922. Dean of the university and Professor of Mathematics and Astronomy. Member of Mathematics Association of America, Astronomy Society, Phi Kappa Phi, Tau Beta Pi, Phi Beta Kappa, Phi Gamma Delta, and Fellow A.A.A.S.A.

**James Stacy Stevens:** Degrees: B.S., Rochester, 1885; M.S., 1888, and Syracuse 1889; LL.D., Rochester, 1907; Litt. D., Maine, 1922. Dean of the College of Arts and Sciences and Professor of Physics. Author of "Outline of General Physics", "Outline of Laboratory Physics", "Theory of Measurements", "A Dramatization of Job", "Chapel Service Book", and "The English Bible". Member of American Physics Society, French Physics Society, Dickens Fellowship, (President of Maine branch 1922), Delta Kappa Epsilon, Phi Beta Kappa, Tau Beta Pi, and Fellow A.A.A.S.A.

**George Davis Chase:** Degrees: B.A., Harvard 1889; M.A., 1895; Ph. D., Leipzig, 1897. Dean of Graduate Study and Professor of Latin. Member of American Philosophical Association, Association of University Professors, Linguistic Society, Phi Beta Kappa, and Phi Kappa (Continued on Page Four)

## ALL-MAINE WOMEN BANQUET TONIGHT

### PLEDGES FROM TWO UPPER CLASSES WILL BE ANNOUNCED

The third All Maine Women banquet will be held at the Penobscot Valley Country Club, tonight at 7:30 P.M. At this time the pledges to the organization will be announced. There will be faculty and alumnae speakers and delegates from the various organizations on the campus. All faculty women, alumnae and students are encouraged to attend.

The All-Maine Women were organized in 1925 as an honorary but non-scholastic organization to be made up of girls from the two upper classes chosen on the basis of character, Maine spirit, honor, dignity and willingness to accept responsibility. The purpose of the organization is to act as a balance wheel on campus, to cooperate with all organizations and movements, to carry on work that will tend to draw the faculty and students together and at all times to stand for those things that are highest and best and most worth while in college life.

The present members are:

Amy Adams, Frances Fuller, Crystal Hughes, Sylvia Kurson, Marion Lord, Lorinda Orne, Helen Peabody, Margaret Preble, Alma White, Daphne Winslow and Serena Wood.

This year the All Maine Women will give a pageant during Commencement Week. The work is being carried on under the direction of Mrs. Bailey.

## ZOOLOGY AND BOTANY PROFESSORS NAMED

### DRS. YOUNG AND STEINMETZ TO BEGIN DUTIES SEPTEMBER 1

President Boardman has announced the appointment of Dr. D. B. Young as Professor of Zoology and chairman of the department of Biology, and Dr. F. H. Steinmetz as Professor of Botany and Entomology, effective September 1, 1927.

Dr. Young is a native of Massachusetts and a graduate of Amherst '11, B.S., and Columbia '23, Ph.D. He has taught in William and Mary College, Springfield (Mass.) College, Dalhousie University (Canada), Carlton College, and is at present professor and head of department of Biology in the University of Arizona.

Dr. Young comes to Maine well equipped for his new duties, and has already published many studies in leading scientific journals. In addition to his work in biology, Dr. Young was track coach at Amherst in 1918.

Dr. Steinmetz is a native of Illinois and is a graduate of the University of Illinois, B.S., '15; Minnesota, M.S., '21; and Ph.D., '26.

He has previously taught in the University of Minnesota and has been a member of the Minnesota Experiment Station. The results of his research studies have been published by the Minnesota Experiment Station, University of Minnesota and numerous scientific journals.

As previously explained in the *Campus*, the department of Biology, the division of zoology to be classified under the College of Arts and Sciences; the division of botany and entomology under the College of Agriculture. Both colleges will cooperate through a Chairman for administrative purposes, of the entire department, who will be the head of one division also.

## STATE POLICE WATCH STUDENT DRIVERS

### TOO MUCH VIOLATION OF MOTOR LAWS IN FOUR COLLEGE TOWNS

The *Campus* has learned from a reliable source, that the Maine State Highway Police have been given orders to concentrate their attention on the four Maine college towns during the next few weeks to check up on student drivers for violations of the motor laws. There has been a great deal of driving without licenses, overloading of cars, swapping of registration plates, and speeding by students this spring and the police have decided to stop these practices before any serious accidents occur. A Bowdoin student was arrested last week as the result of an accident in which he took part and a stiff penalty has been promised him. This should serve as a warning to others who operate collegiate flivvers without regard for anything except to get to their destinations in the shortest time possible.

## Senior Class Proposal Rejected by Trustees

The Board of Trustees has rejected the proposal of the class of 1927 to erect a memorial gateway at the entrance to the campus, as their class gift.

In rejecting the proposal, the Board felt that it would be unwise and impossible to erect a suitable gateway with the funds available to the senior class. A gateway which would endure and sufficiently adapt itself to the future development of the campus, would cost considerably more than was planned at the present time, and for this reason the Board suggested that some other form of gift be chosen which would perpetuate the memory of the class indefinitely.

At a meeting of the senior class, held in the chapel, Wednesday noon, it was voted to apply the treasury funds toward the purchase of diplomas for each mem-

(Continued on Page Four)

## BOARDMAN SPEAKS AT ANNUAL BANQUET OF CAMPUS BOARD

### STUDENT WEEKLY CAN BE USED FOR MANY PURPOSES

The Annual Banquet of the Maine Campus board was held Wednesday, May 11, at the Penobscot Valley Country Club. Bob Clark, toastmaster, introduced as speakers, "Ed" Engel, retiring Editor-in-Chief; Dorothy Steward, new Associate Editor; Professor Zeitler, "Pete" Swickert, new Editor-in-Chief; and President Boardman.

"Ed" Engel said that at the three banquets of the Board which he had previously attended, the retiring Editor, fearing that his remarks might be too discouraging to the new board, had very little to say. But "Ed" did not sound discouraged. He made several helpful suggestions. He expressed the hope that the credit course in journalism given this year in connection with the *Campus*, would be continued. He urged that every member of the new board do his or her part of the paper carefully and faithfully, that the Editor-in-Chief may more successfully put out a *Campus* better than any other college paper in the state.

That the *Campus* is receiving the support of the faculty was proved by Professor Zeitler in the course of his address. He urged the board to put new strength into the work of publishing the best *Campus* ever.

"Pete" Swickert, the newly elected Editor-in-Chief spoke of the high standard set by last year's Board, which must not only be maintained but advanced to even a higher degree.

The *Campus*, according to President Boardman, can be used for innumerable purposes. It is the mouthpiece of the university and speaks student sentiment. It can do more. Since there is no Chapel, there is no means by which the President or the faculty may present their ideas to the student body. The *Campus* would make an excellent medium through which it could be done. He urged that the *Campus* represent Maine as a University, at its best, to the other colleges. "We have at last gained prestige," he said, "and let us keep it." In closing he promised to help the Board, in so far as he is able, to make the *Campus*, not a bulletin, but a growing and thriving newspaper.

The Banquet closed with the presentation of shingles and keys to the members of the retiring board.

## WOMEN'S A.A. ELECTS OFFICERS FOR 1927

### TIE VOTE IN THREE CASES MAKES ANOTHER POLL NECESSARY

The results of the Women's A.A. elections are as follows:

President, Mary McGuire, Frances Fuller.

Vice-President, Mary Robinson.

Secretary, Jenny Hutchinson, Dorothy Ross.

Undergraduate Representative, Alice Lincoln, C. Elizabeth Sawyer.

Manager of Tennis, Alma White.

Manager of Track, Caroline Collins.

Manager of Baseball, Beulah Kneeland.

Manager of Archery, Phyllis DeBeck.

Manager of Hockey, Mary Levine.

Ass't Mgr. Hockey, Katherine Marvin.

Claire Callahan.

Manager of Basketball, Beatrice Bryenton.

Ass't Mgr. of Basketball, Eunice Jackson, Alice Webster.

Cheer Leader, Pauline Hall.

A reelection of the President, Secretary and Undergraduate Representative will be held on Monday, May 23, from one to three-thirty, as neither of these candidates received a majority vote.

## MAGEE'S TRACKMEN AGAIN OUTSHINE OTHER MAINE COLLEGES AND WIN TITLE

### Lyden and Hobson Break Javelin and Pole Vault Records While Wills and Brudno Turn in Fast Times for Long Runs

#### KENDALL SNATCHES MEET FROM MAINE

## THREE SERIES GAMES ARE POSTPONED

### TUFTS OUTFIT FACES BRICEMEN HERE SATURDAY

Following a week of bad weather in which three state series games were postponed, two between Maine and Bates; one scheduled between Colby and Bowdoin, Maine colleges will swing into action this coming week.

The two Bates-Maine games which were called off on account of rain on Tuesday and Friday will be played on May 23, and May 31, at Lewiston and Orono respectively, according to an announcement made on Saturday by Faculty Manager Kent. No announcement has been made as to when the Colby-Bowdoin game will be played at Waterville.

Tufts with its star pitcher Stan Robinson will come to Orono on Saturday to face Coach Brice's Maine team in the only game remaining on the Maine card with an out of state team. The Tufts outfit has wins over Colby and Bowdoin and Maine would be pleased to bag a victory over the Jumbos of Medford.

It was expected that Rip Black would go to the mound at Brunswick on Wednesday in the series game, with Hap Crozier ready for duty against Tufts at Orono on Saturday, as Black will probably be competing for Maine in track on the week-end at the New Englanders on Whittier Field, Brunswick.

The next series battle at Orono is with Bowdoin a week from next Wednesday afternoon.

## Dean Stevens Attends Meeting of N.E. Deans

Dean J. S. Stevens attended the twentieth meeting of New England Deans on May 13 and 14 at Clinton, New York. President Ferry of Hamilton College was formerly Dean of Williams College and as he is still a member of the Association the meeting was held at his institution. President Ferry, Dean Nicolson, and Dean Stevens are the only members who attended the first meeting at Middletown in 1907. The Association includes deans from Harvard, Yale, Dartmouth, Brown, Amherst, Wesleyan, Bowdoin, and several other institutions. A number of topics relating to administrative affairs were discussed, the principal attention being devoted to the question of class attendance and the improvement of teaching. It seemed to be the general opinion of those in attendance that too little attention was being paid to class room methods of instruction, and that one of the important duties of an administrative officer was to see that the teaching methods should be as efficient as possible. This was thought to be especially true in freshman and sophomore courses.

The Faculty of Hamilton College proved to be very gracious hosts. The Association will meet in Orono in 1930.

At a meeting of the student branch of the American Institute of Electrical Engineers last Friday the following officers were elected: Robert F. Scott, President; Lawrence E. Lymburner, Vice-President; Elton W. Jones, Secretary; and Warren E. Creamer, Treasurer.

In a hard fought struggle, Johnny Magee's trackmen outshone the other Maine colleges in the thirty-first Annual Track and Field Meet held on Alumni Field last Saturday. Two records were broken and two others nearly broken. To Bowdoin goes first place honors by winning six firsts to Maine's and Bates' four each. But to Maine goes the honor of breaking two records, one held by a Maine man and the other held by Bates. To Captain Kendall goes the individual honors for he snatched the meet out of the hands of Maine and made it Bowdoin's ninth consecutive victory.

Mostrum was high point man taking firsts in both dashes. Niles, a dark horse in the furlong, placed second to Mostrum after a gruelling race. A few minutes previous Niles placed third in the 440 so was tied at the start.

The 440 was easily won by Baker and Wakely of Bates. Baker led most of the way but at the last corner Wakely came up strong and tied with Baker, saving himself for the half.

In the half a thrilling struggle ensued. Karl Larsen led the field in a fast 600 but couldn't hold out and Wakely passed into the lead. Ham of Bowdoin was running second but Freddie Thompson in a last minute burst of speed overtook Ham and nearly caught Wakely at the finish.

ALLIE WILLS

Allie Wills came from behind in the mile and passed Charlie Sansone, Colby's star who led for three laps, and in a flying finish, tied the state record of 4:21. Had he been really pushed he might have broken the record.

The two mile was a thrilling race to watch. Grunt Taylor surged into the lead and held it for five laps. Brudno of Colby then took the lead and opened up quite a distance. Taylor fell back to third position. In the last 200 yards, he put in all the reserve that was his and finished second. Brudno who ran the last two laps alone could have easily broken the record had he had competition to force him.

Greene of Bowdoin upset the dope when he won the high hurdle event in which he competed against three Maine men. This race proved the heartbreaker to Maine followers. Torrey passed Farrington in the last few yards of the hurdle race to win handily, altho the time was quite fast.

Lyden only heaved the javelin twice, one throw going 182 ft., the next for a

### Responsibility of Honors

There isn't a campus in the entire country that isn't deluged with a bountiful supply of honorary committees, societies, clubs, associations, and just plain organizations. For the most part, the only excuse for these useless honoraries and otherwise, is only to provide a happy hunting ground for zealous activity boys and girls. With the steady increase as time goes on, the growing tendency has been to so over exert oneself in soliciting votes and bids, both through political and social channels, that the actual achievement of these honors has left the aspirant in such an exhausted condition that the responsibility connected with the achieved office has been totally neglected. The thrill, or moral obligation, if you will, had all petered out!

It is not to the glory of Maine's record of student activity achievement, when the fact remains that, in recent years, there has never been such a wholesale evidence of indifference to responsibility as the past year has shown. We hear of "Maine's highest honor," etc., but a moment's consideration will show that honors are not honors, but responsibilities, until such a time as the work connected with such honors has been satisfactorily completed. An honor is the measure of a person's labors, not the ability to get votes.

As yet we have seen no Sophomore pipes, or 1928 Prism, and recently have struggled through a mediocre Prom.

### Those "Gimme" Blues

During the hectic days of the recent war, the continuous cry of "Give-give-give" became so numerous and bothersome, that some clever Babbitt devised the now-familiar term "Community Chest," in order to systematize charity. All contributions were made in a lump sum, and were voluntary.

We understand that the Student Senate, in a desperate effort to do something before school closes for another year, is fostering a "College Community Chest" whereby the numerous demands made upon the students from time to time during the year, will be consolidated into one sum. The sum will be nominal, we understand, possibly \$4 and upwards, per year. Success of the Chest is assured by making the contribution compulsory from each student, and placed on the term bill. Poor old term bill! If it carried every item that was requested, the tuition fees would be the smallest and most insignificant sum demanded.

It has always been a great difficulty to use the word "compulsory" with "charity," especially when such expenditures do not produce tangible results of local character and to every student.

Let those that can afford to give, give, as they have in the past. The average Maine student, as a rule, carries enough financial burdens at the present time. Enough of this madness!

## HI-LITES OF THE STATE TRACK MEET

The State Meet being past, the colleges are now bending their efforts toward the New Englandals at Bowdoin. The Maine colleges will have nothing to fear because most of the records of Saturday compare favorably with those of the other New England colleges. Maine and Bowdoin both are expected to pile up quite a few points with M.I.T. close by.

All of Maine's first places are good enough to place in the New England's whereas many of Bowdoin's firsts will be lost to other colleges.

Wills time of 4:21 in the mile was also the best time made in the East Saturday. Red Haggerty of Harvard in the Dartmouth-Harvard dual meet was six seconds slower.

Mostrum won the hundred easily but found a rival in Win Niles who placed a close second to him in the 220. Niles had previously ran two quarter mile races and one 220 trial and so was somewhat exhausted when going to the mark. He led Mostrum to near the finish when he slowly "tied up" allowing the spectacled youth to win.

Had Jimmy Brudno been pushed a new record might be held by Colby college in the 2-mile event. Brudno ran second to Taylor for five laps but in getting the lead he opened up a wide gap and soon crossed the line a winner.

Max Wakely who won the half and tied for first in the quarter could have been a two first-place winner had he chose. Rather than do that he slowed up and crossed the line with his teammate Baker.

Rip Black, expected hammer throw winner, threw it four feet less than Pillsbury for a second place. He has thrown the hammer fully ten feet farther than his mark of Saturday. Baseball and track hardly mix.

Captain Kendall of Bowdoin is an ideal captain. Going into the pole vault knowing he must win a point or lose the meet he won three points clinching Bowdoin's title to the meet.

Johnny Magee by his strategy showed why Bowdoin has won nine straight track victories. Nate Greene in the hurdles, Ham in the mile, Hill in the shot put and Farrington in the hurdles all illustrate Mageeism.

Bowdoin has won nine consecutive track victories, making 22 in all, Maine 8, Bates 1 and Colby 0.

### New Officers Chosen For Maine Masque

The Maine Masque Banquet was held at the Country Club, Wednesday evening, May eighteenth. Cyril Cogswell, president of the Masque was toastmaster. Professor Bailey gave an interesting review of the year's work, and offered suggestions for improving the work in the future. The initiates put on various comic stunts which were afterwards humorously criticized by Otto Swickert. The newly initiated members of the Masque are:

Josephine Patterson, Catherine Buck, Pauline Hall, Thelma Shea, George Dudley, Arthur Connor, Milledge Beckwith, William Walkley, Matthew Highlands, Ellston Cooper.

After the banquet, election of next year's officers were held. The following were elected:

President, Otto Swickert; Vice-President, Oscar Birch; Secretary, Pauline Hall; Business Manager, Robert Parks; Stage Manager, Oscar Turner; Historian, Josephine Patterson; Custodian of Wardrobe, Catherine Buck; Electrician, Ellston Cooper.

Ottawa, Kans.—(IP)—In a poll of the undergraduates at Ottawa University here, it was discovered that the majority of the students do not object so much to compulsory chapel as they do to the sort of chapel programs to which they are forced to listen. Dissatisfaction with the present system was almost unanimous among the students.

## HARVARD NINE SWAMPS U. OF M.

Harvard's heavy hitters triumphed over the University of Maine baseball team by an 11-1 score, at Cambridge, Tuesday while Roy "Spike" Booth, Crimson hurler, pitching his first game held the opposing batsmen to four scattered hits. Maine's only run was the result of an infield error.

Harvard's scoring came as the result of 13 safe bingles, many of which went for extra bases.

Losing pitcher, Gowdy. Umpires, Stafford and Barry. Time 1:40.

## Stock-Judging Team Is Being Selected

The Heck Club is always, at this time of year, engaged in furthering a project about which the general student body knows very little. This project is the sending of a stock-judging team to Springfield, Massachusetts, to compete with other college teams at the Eastern States Exposition. It is a fact well-known among all the Agricultural colleges of the East and of Canada that the University of Maine team is a shrewd competitor and one not often beaten. Last year Maine placed second, being defeated by Cornell, a close rival in the judging field. The Maine team contained the high point man of the contest, "Dick" Dolloff.

The Heck Club raises the necessary funds for most of the travelling and other expenses of the team, by selling ice cream among the various fraternity houses and dormitories on the campus. The ice cream is made in the dairy by the Senior classes of the Agricultural College, and only the best material is used.

Members of the stock-judging team to represent Maine this year are being selected now, the final selections being made by Professor Corbett after the trial judging is completed.

Roy Hobson

## Lambda Chi Freshmen Have Scarlet Fever

Three freshmen, members of Lambda Chi Alpha, have been removed to the college infirmary, suffering with mild cases of scarlet fever. The house has been quarantined and will remain under the observation of health officers for several days. The freshmen are Roy C. Shean, Kenneth Levensalor, and James F. Book-er.

Health officers believe that the disease is confined to one house and that no further cases will develop among the other students.

## ORGANIZATIONS

The following spring house parties were held over the weekend of May fourteenth:

Sigma Alpha Epsilon, a formal dance on Friday night and an informal Saturday night. Carleton Hackett's orchestra furnished music, and scarfs were given as favors.

Sigma Nu, a formal dance Friday night and an informal Saturday night, Cobby O'Brien's orchestra. Photo albums were given as favors.

Phi Kappa formal, at the Country Club, on Friday night. Silver jewel cases as favors.

Kappa Sigma gave a formal dance on Friday night and an informal one Saturday. Kane's orchestra played. Scarfs were favors.

Alpha Tau Omega gave an informal open house party for the visitors from Colby A.T.O. house on Saturday night.

Beta Kappa gave an informal dance Saturday night. Favors of purses were presented. Bunny Russell's orchestra played.

Sigma Phi Sigma houseparty on Saturday night. The Star orchestra furnished music. Favors of leather pocket books were presented.

At a regular meeting of the Contributor's Club, held May 12, the Maine-Spring Board for the coming year was chosen:

Editor-in-Chief.....Mary A. McGuire, '28

Associate Editors.....

Carolyn W. Peasley, '28

Beatrice E. Bryenton, '29

Faculty Advisor.....Dean James S. Stevens

Literary Advisor.....Dr. Percie H. Turner

Plans were also made for the annual picnic to be held Saturday, June 4.

The Latin Club held its last formal meeting of the year on Tuesday afternoon. The very enjoyable program included a summary by President Doocy of the club's work during the past year, with several very good suggestions which may be worked out next year.

Plans were made for the annual picnic to be held on May 26 for the entertainment of Freshmen planning to major in Latin. This will not interfere with activities of Rising Night as it will begin at five o'clock and will be over about six-thirty.

Officers for the coming year were elected as follows:

Mary Burns, President; Beatrice Bryenton, Vice-President; Claire Callaghan, Executive Committee.

The Maine Outing Club held its annual election in the M.C.A. building, Thursday, May 12. The following officers were elected:

Frederick Dodge '28, President.  
Arlene Robbins '29, Vice-President.  
Rebecca Matthews '30, Secretary.  
Malcolm Marston '30, Treasurer.

Installation will take place May 31, at which time the M.O.C.'s will be awarded to those, who have earned them during the past year.

The club, which was founded only last year, has been very successful. There has been a large increase in membership and the officers expect this increase to be even greater next year.

Its present plans are under way to renew the lease of the Maine Outing Club Camp at Chemo Pond.

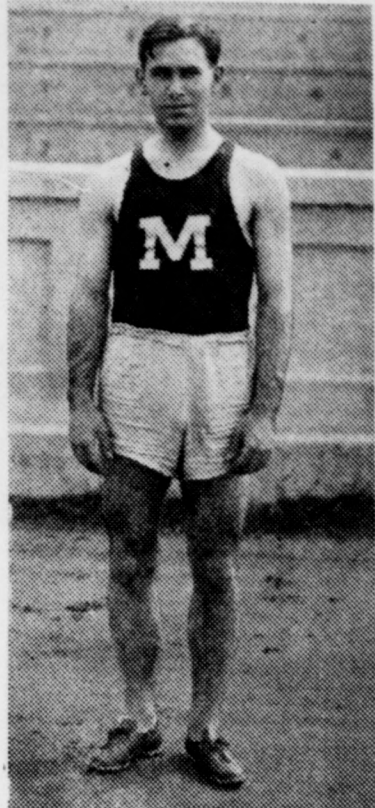

The Math Club held a Buffet Lunch at the Elms on the evening of May 15th, after which a business meeting was held. The following officers were elected for next year: President, Mary Levine; Vice-President, Helen Moore; Secretary and Treasurer, Frank Steward.

**This is a Bank

## Tufts College Dental School

offers a four-year course leading to the degree of Doctor of Dental Medicine. Candidates for admission must present a certificate of graduation from an approved high school, and in addition must have completed two years of work in an approved college of liberal arts and science, including six semester hours in each of the following subjects: English, Chemistry, Biology, and Physics. Men and women are admitted. Effective for students entering the session of 1927-1928. School opens on September 28, 1927. For further information write to

WM. RICE, D.M.D., F.A.C.D.  
Dean

416 Huntington Avenue  
Boston, Massachusetts

**• YOU •**  
**The Graduating Seniors**  
Are facing the question  
of  
**"WHAT TO DO  
NEXT"**

Some of you are well fixed; you have a family business to work with. It will be to your interest to think about the new development, Group Insurance, which will be a factor of increasing importance in the relations of your business to its employees.

Some of you have a decided bent, and are going to follow it. One way of making sure that you will finish the course of life you have chosen is to take advantage of Annuity, Endowment, and Straight Life Insurance.

Some of you have worked for your education and must earn as much money as you can, as quickly as possible. The selling of Life Insurance gives the most and quickest return for hard work; it also offers the greatest freedom for original enterprise. It is not a push-button job. The John Hancock is looking for men like you and would like to hear from you.

Write to us in regard to any of these points. We shall answer your inquiries without any obligation to you. Address the INQUIRY BUREAU.

*John Hancock*  
LIFE INSURANCE COMPANY  
OF BOSTON, MASSACHUSETTS

197 Clarendon St., Boston, Mass.

If your policy bears the name John Hancock, it is safe and secure in every way.

Editor of Campus:

It certainly was very gratifying the way that our students helped at the State Track Meet last Saturday.

Every student asked to do any work did it willingly and many offered their services especially after seeing the condition of field and track.

I want personally to thank the students and assure them that I believe Maine Spirit is as good as it was in the old days about which they are always hearing.

B. C. Kent,  
Faculty Manager

If any undergraduate is intending, or contemplating a trip to Europe this summer, it may be to his advantage to get in touch with me at once.

Robert F. Scott  
President, Student Senate

**Modern smoking pleasure  
that never fails**

THE smokers of this age are the most independent ever known. Accepting no hearsay, they have smoked out the facts. They have learned that the choicest Turkish and Domestic tobaccos grown are rolled into Camels, that here is the incomparable blending for goodness, that Camels simply never tire the taste.

Camel is the cigarette that never fails to please the modern age. Regardless of how often you want the comfort of a smoke, of how steadily you light one after another, Camel

will never fail you, never give you any but the finest thrill of smoking pleasure. This is why Camel's popularity, by far the largest in the modern world, keeps overwhelmingly in the lead. As modern taste becomes more insistent upon choice tobaccos, increasing millions discover Camel's incomparable mildness, smoothness and mellowness.

If you want the cigarette that's good to live with from morn to midnight, the one that is the choice of the modern age, "Have a Camel!"

R. J. REYNOLDS TOBACCO COMPANY, WINSTON-SALEM, N. C.

### Thirteen Members of Maine Faculty Listed in 1927 Who's Who (Continued from Page One)

Phi. Author of "Selected Lives of Nepos" and papers in the Harvard Classic studies.

### Senior Class Proposal Rejected by Trustees (Continued from Page One)

ber of the class.

The entire matter is still unsettled however, as there was not a necessary quorum of class members at the meeting. There is also some question as to the legality of dispensing class funds in this manner, since the exact treasury surplus will not be known until all accounts have been closed following the Commencement Ball.

The class is beginning to appreciate the worries of Rockefeller, in having so much money that it is difficult to spend.

Bowdoin golfers won a best ball four-some match with Maine golfers here on Saturday in handy fashion, 4 to 2. The summary showed that Riley of Bowdoin defeated Lewis of Maine and Wilson of Bowdoin defeated Kinney of Maine, with Riley having the best ball. In the other foursome, Wheeler of Maine defeated Fogg of Bowdoin, and Farnham of Bowdoin defeated Ring of Maine with Wheeler having the best ball.

### Magee's Trackmen Again Outshine Other Maine Colleges (Continued from Page One)

new record at 191 ft. 5 inches. He claims no ill effects from the throwing now and expects to compete in the New England's Saturday. Black made a great throw to cop second, but this cost him the chance to win the hammer event in which he placed second, having thrown well beyond the winning mark.

Captain Hobson broke the vaulting record by about three inches. Captain Kendall placed second in the vault winning the meet for Bowdoin. Had he tied for third, Maine would have won by a fraction of a point. Hobson tried the record at 12 ft. 4 1-4 inches but failed in the three tries at a higher record.

The meet was a struggle from beginning to end and one of the most interesting ever held in the State.

#### Summary:

One mile run—Won by Wills, Bates; second, Ham, Bowdoin; third, Sansone, Colby. Time 4 minutes 21 seconds (equals record).

440 yard dash—Tie between Wakeley, Bates and Baker, Bates; third, Niles, Maine. Time 51 4-5 seconds.

100 yard dash—Won by Mostrum, Bowdoin; second, Connor, Bowdoin; third, Coutts, Bates. Time, 10 seconds.

120 yard hurdles—Won by Green, Bowdoin; second, Torrey, Maine; third, Hammond, Maine. Time 16 3-5 seconds.

880 yard run—Won by Wakeley, Bates; second, F. H. Thompson, Maine; third, Ham, Bowdoin. Time 2 minutes.

220 yard dash—Won by Mostrum, Bowdoin; second, Niles, Maine; third, Connor, Bowdoin. Time 22 2-5 seconds.

Two mile run—Won by Brudno, Colby; second, Taylor, Maine; third, Wardwell, Bates. Time 9 minutes 46 1-5 seconds.

220 yard hurdles—Won by Torrey, Maine; second, Farrington, Bowdoin;

third, Lucas, Bowdoin. Time 25 4-5 seconds.

High jump—Won by Kendall, Bowdoin; second, Seekins, Colby; third, Wood, Bates. Height 5 feet, 10 inches.

Shot put—Won by S. Thompson, Maine, 42 feet 5 1-2 inches; second, Hill, Bowdoin, 41 feet 1-8 inch; third, Brown, Bowdoin, 39 feet 9 inches.

Javelin throw—Won by Lyden, Maine, 191 feet 5 inches (New record). 2nd Black (M) 3rd, Adams (Bo).

Broad jump—Won by Rowe, Bates, 22 feet 3-4 inches; second, Caldwell, Maine, 21 feet 2 5-8 inches; third, Soule, Bowdoin, 21 feet 2 1-4 inches.

Hammer throw—Won by Pillsbury, Bowdoin, 156 feet 1-2 inch; second, Black, Maine, 152 feet, 5 1-2 inches; third, Moulton, Maine, 141 feet, 8 inches.

Discus throw—Won by Hill, Bowdoin, 123 feet, 11-4 inches; second, Soule, Bates, 120 feet, 6 1-2 inches; third, Hathaway, Maine, 120 feet 1-4 inch.

Pole vault—Won by Hobson, Maine, 12 feet 1-4 inch (new record); second, Kendall, Bowdoin, 11 feet, 8 1-8 inches; third, tie between Proctor, Guilfoyle and Stitham, all of Maine, 11 feet, 5 1-4 in.

### Over Eighty Men Work On Bowdoin Projects

With a crew of over 80 men, work on three different projects at Bowdoin College is well under way. Construction of the new swimming pool and organ, the gifts of Mr. Cyrus H. K. Curtis of Philadelphia, has been under way for some time, and within the last few days work has been started on the development of the new playing fields which were presented to the college last commencement by Mr. Frederick W. Pickard of Lansdale, Pa. Mr. Pickard, a graduate of Bowdoin in the class of 1894, is vice-president of the Du Pont Company. At present the land is being cleared of stumps and ploughed. It is expected that in this way it will be possible this Spring to level about one-half of the entire tract, which includes 40 acres. In addition to leveling half of the land a baseball diamond and two soccer fields will be laid out and graded. The construction of a new diamond will probably mean that the varsity baseball team will leave Whittier Field, and that all of the varsity games will be played on the new location. The work that is being done has been made possible through the recent gifts of a number of alumni.

The foundation of the swimming pool is nearing completion, work having progressed thus far very favorably. A number of experts are assembling the new organ, which is being placed in the rear of the chapel over Bannister Hall, in what was formerly the surveying room.

When it's  
18,000 degrees—in June

B. A., B. S., E. E., C. E. and many others soon to be awarded to thousands of students throughout the land.

Degrees representing a wide variety of work, and all of them qualifying the graduate to enter the broad field of electrical communication.

For men of technical training, of course, and for many others besides—salesmen, accountants, purchasing men, potential executives—here is an industry in which America leads the world, but which is only on the threshold of greater things.
