CROSS-COUNTRY MEN ARE TRAINING HARD FOR COMING MEETS

KANALY DECLARES THAT SQUAD LOOKS STRONG

Fourteen Runners Out

"The varsity cross-country team looks better at the present time than did our team of last year at this time," is the statement recently made by Coach Kanaly, Maine's mentor in cross-country and track.

Stating it would be hard to compare the two teams because the first full course time trial is yet to be held, he thought that the team wearing the blues of Maine this year would be as strong a contender as last year's. A large squad is at hard training for the coming meets. Saturday, time trials are to be held over the varsity course. These will determine the team to meet New Hampshire State here

CAPTAIN CUSHING

the following week, but will not be the men to represent Maine in later meets, necessarily.

There are fourteen men that seem to be a little in advance of the others. A great struggle is going on to determine the different positions. None seem to be a surety as yet. Added to the nucleus of last year's team, are several stars of last year's Frosh team. Headed by Captain Cushing, the list of the leaders are Benson, Caler, R. Chandler, Larsen, Lindsey, McNaughton, Mank, H. Murray, Noyes, Ramsdell, Richardson, Stinson and Wescott.

Time trials are to be held Saturday for the Frosh team. There are several likely looking boys for the yearlings among whom are Brooks, Carey, Cogswell, Draper, Flynn, Joy, Lee, Nason, Thurston and Weston.

Sophomore Owls Announce Their 1930 Pledges

Between the halves of the Rhode Island State game, last Saturday, the Sophomore Owls announced their pledges for this year. They are: Eugene Libby Vail, Beta Theta Pi; Francis Costello Lindsay, Theta Chi; Harry Levi Richardson, Phi Eta Kappa; Frank Cole Brown, Sigma Alpha Epsilon; Lyman Abbott, Jr., Sigma Nu; Milton Francis Kent, Phi Kappa Sigma; Merton Howard Ames, Alpha Tau Omega; Willis Millington, Delta Tau Delta; John Wilfred Harkins, Phi Kappa; Henry Almon Plummer, Phi Mu Delta; Lavon Zakarian, H. H. Hall; Panayiotis Theodore Tsiales, Sigma Chi; Fred Alton Sylvester, Kappa Sigma; Harold Duncan Harding, Sigma Nu; Lee Eugene Wescott, Phi Eta Kappa; John William Moran, Phi Gamma Delta, and Bernard Martin Berenson, H. H. Hall.

216 SENIORS RECEIVED COVETED DIPLOMAS

SCHOLARSHIPS AND PRIZES ANNOUNCED AT 1927 COMMENCEMENT

Two hundred sixteen seniors received diplomas at Maine's 56th Commencement, held on the Oval, June 13th. William R. Pattangall, Associate Justice of the Maine Supreme Court, was the Commencement speaker. Previous to these exercises meetings and banquets were held by the several honorary fraternities on the campus. Dances and receptions were held and a special feature was a pageant, "The Pioneers," presented by the All-Maine Women on the lawn between Coburn Hall and the Library. The President's reception was held at Alumni Hall, Friday evening, June 10 and was followed by an informal Student Hop in the gym.

Scholarships were awarded at this time as follows: The trustee scholarships providing a year's tuition for graduate study: College of Agriculture, Elwin A. Wixson of Belfast.

College of Arts and Sciences, Miss Ruth W. Tucker, of Portland.

College of Technology, Clayton Turnbull Bockus of Stoneham, Mass. in Chemical Engineering.

The Phi Beta Kappa scholarship was awarded to Dorothea M. Bussell of Old Town, B.A. 1920, M.A. 1921, U. of M.

Paul D. Lamoreau of Presque Isle was awarded the Washington Alumni Association Watch, and Serena Wood of Bangor received the watch awarded by the Portland Maine Alumni Association.

The Senior Skull scholarship cup was won by Beta Theta Pi. Beta Kappa received the freshman scholarship cup.

The Pan Hellenic cup, to the highest ranking sorority awarded to Delta Zeta.

The Joseph Rider Farrington Scholarship, to Russell M. Bailey '28 of Waterville.

The Phi Mu Scholarship to Ramona M. Leadbetter '29 of Belfast.

The Elizabeth Abbott Valentine Scholarship (Continued on Page Four)

U. OF M. DEBATING LEAGUE HAS GOOD PROSPECTS

More Women Are Needed for Intercollegiate Debate

The Women Intercollegiate Debaters have started work in earnest. The manager, Doris L. Beasley, and the assistant manager, Margaret Grover, are already making plans for the year. There are still vacancies for more women interested in Intercollegiate Debate.

The University of Maine Debating League for Secondary schools has prospects for a good year. The question is: "Resolved that a Federal Department of Education should be established with a Secretary in the President's Cabinet." There has been a complete reorganization this year which includes the entire state. Preliminary debates are to be held within these six districts: District no. 1, Aroostook County; No. 2, Penobscot and Piscataquis Counties; No. 3, Washington and Hancock Counties; No. 4, Lincoln, Kennebec, Waldo, and Knox Counties; No. 5, York, Cumberland, Sagadahoc, and Androscoggin Counties; No. 6, Oxford, Franklin, and Somerset Counties. The Director reserves the right to so alter a district that traveling expenses may be cut down. In case of only one entry in one of these districts, that school will automatically go into the semi-finals at Orono unless arrangements can be made for debates with schools nearby in a neighboring district.

The registration fee is two dollars which is used to help defray expenses. Already considerable material is being sent from school to school among those which have registered. November the first is the last date for entry in this league. Present indications certainly look encouraging for a good enrollment from all parts of the state.

The semi-final and final debates will be held on the campus in the spring of 1928.

FRESHMEN WIN BAG SCRAP

Sophs Outnumbered By Frisky Frosh

The day of days in the minds of all frosh, was last Saturday when the Sophomores were put to a complete rout in the annual bag scrap.

An indication as to who was to be the ultimate winner was shown when the entire student body was in front of Alumni Hall waiting to march to the football field. The frosh were quickly organized into a unit and then proceeded to give the class yell. Not to be outdone, but not pugilistically inclined, the sophomores gave a cheer. However, the frosh were in fine spirit by this time and drowned out the class of '30 cheer with a chorus of groans.

Soon after this the parade was started, and for a while trouble was averted.

There were no serious outbreaks during the game, but as soon as the final whistle had blown, there was a mad scramble of the freshies to help carry the bags, filled with straw, onto the field. They were so enthusiastic that a mere barrier of wire was of no avail and they broke the fence to get the bags into place.

The Senior Skulls had charge of the festivities, and after arranging the bags in the field and placing the rival classes behind their respective goal posts, the feud was ready to commence.

At the crack of the gun, a howling mob of maniacs tore for the bags. The frosh collected first blood, this time it had the honor of having the first man to reach the center of activity. From then on it was a battle royal.

The real battle was on the center bag and by dint of superior strength, the Sophomores started it for their goal. This march was soon halted, and from then on it was a struggle to see whose clothes were the easiest to tear.

A howling, surging mob soon started to tear each other apart, and one by one, many had to drop out of the fray, for lack of any clothing.

The battle lasted for twenty minutes, and after this time the war was over, with the frosh superior.

The field was left with many old clothes torn asunder but who cared for this as long as the honor of the classes had been upheld.

Soon the whistle was heard to utter screams of defiance, with the Sophomores in possession of it, but the frosh by this time had the lust of battle in them and after a brief but hard fought struggle the class of '31 had charge of festivities.

FOUR MAINE COLLEGES PLAYED SATURDAY

The other Maine colleges showed their comparative strength and weaknesses last Saturday. Bates conquered Mass. Aggie 7-0, Colby played New Hampshire to a scoreless tie, and Bowdoin went under to Yale by an overwhelming score.

There is rumor of a new football era at Bates and this seems the case now, for Bates played a strong game Saturday.

New Hampshire was outplayed by Colby, who is reputed to have one of the strongest, the lightest team in years. Colby was in scoring position several times but luck seemed to look the other way each time, and they failed to score.

At Yale Bowdoin was crushed by a heavier and superior team.

	Won	Lost	Tie
Maine	1	0	0
Bates	1	0	0
Bowdoin	0	1	0
Colby	0	0	1

SCHEDULE OF GAMES SATURDAY

Maine vs. Connecticut Aggies at Storrs.
Bates vs. Tufts at Medford.
Colby vs. B. U. at Boston.

Bowdoin vs. New Hampshire at Durham.

Freshmen vs. Hebron at Orono.

The Maine Varsity will go into action with the whole regular team playing. Coach Brice expects the Connecticut game to be the hardest of the year.

McSORLEY TO COMMAND R.O.T.C. BATTALION

CAPT. READY ANNOUNCES APPOINTMENTS AND ASSIGNMENTS

The following appointments and assignments of Cadet Officers in the R.O.T.C. Unit are hereby announced:

Philip E. McSorley, Lieut.-Colonel, Comdg. Battalion; Carroll P. Osgood, Captain, Adjutant; James V. Bradley, Jr., Captain, Comdg. Co. "D"; Lee F. Hestcock, Captain, Comdg. Co. "C"; Garfield S. Young, 1st Lieut., Comdg. Co. "A"; Robert P. Thaxter, 1st Lieut., Comdg. Co. "B"; Elwood E. Folsom, 1st Lieut., Company "A"; Roscoe E. Staples, 1st Lieut., Company "C"; Nelson L. Manter, 1st Lieut., Company "D"; Russell E. Whitcomb, 1st Lieut., Company "C"; Stewart E. Walsh, 1st Lieut., Company "B"; James M. Bridges, 1st Lieut., Company "D"; Francis G. Fitzpatrick, 1st Lieut., Company "A"; Virgil M. Lancaster, 2nd Lieut., Company "C"; John H. Sweatt, 2nd Lieut., Company "D"; Roderic C. O'Connor, 2nd Lieut., Company "D"; Firovanti O. Miniutti, 2nd Lieut., Company "A"; Robert D. Parks, 2nd Lieut., Company "B".

Cadet non-commissioned officers:

Carroll E. Horslin, 1st Sergeant, Company "D"; Harold N. Powell, 1st Sergeant, Company "C"; Herbert R. Fitz-Morris, 1st Sergeant, Company "B"; Noyes D. Shirley, 1st Sergeant, Company "A"; Merton F. Morse, Sergeant, Company "A"; John B. Lynch, Sergeant, Company "A"; John R. LaPlant, Sergeant, Company "B"; Popkins Zakarian, Sergeant, Company "B"; Francis B. McCormick, Sergeant, Company "C"; Henry E. Libby, Sergeant, Company "C"; Lawrence A. Gonyer, Sergeant, Company "C"; Louis R. Soderberg, Sergeant, Company "D"; Frank R. Hinkley, Sergeant, Company "D"; George W. Crimmins, Sergeant, Company "A".

Joseph L. Ready, Captain, Infantry, D.O.L. Commandant of Cadets

FRESHMAN GRIDSTERS PLAY SCORELESS TIE

FINAL PUNCH TO REACH GOAL LACKING ON BOTH SIDES

Coach Kenyon's Colts played off the first game of their schedule last Saturday with E. M. C. S. at Bucksport. Although the game resulted in a scoreless tie it was not without plenty of the thrills that make football the favorite fall sport. As the score might indicate, the game was quite evenly played. Both teams at different intervals of the game were within striking distance but either lacked the final punch or the renewed effort on the part of the defense stopped them from scoring.

At times the play was rather rough but it is often hard to determine whether this sort of thing is intentional or just an expression of hard play.

The '31 backfield uncovered at least two luminaries. Hall, former Lewiston High star and Peaslee, both played very good football. At different stages of the game these backs broke loose for gains of thirty or forty yards only to be stopped by the strong Bucksport defensive play.

In the line positions both ends played well. Lait and Webber were both outstanding in offensive and defensive play. Horne, former Kents Hill luminary, played great football at right tackle smashing thru and breaking up a great many plays.

Lineup:
E. M. C. S. MAINE FRESHMEN
Tansley, le.....re, Webber
Cassidy, lt.....rt, Horne
Arey, lg.....rg, Hamblet
Matheson, c.....c, Anderson
Merrill, rg.....lg, Chasse

BRICEMEN CONQUER R.I. STATE AGGIES IN FIRST CONTEST

PEAKES LEADS CRIPPLED TEAM TO EASY VICTORY

Maine Backfield Strong

Led by Peakes, the Bricemen last Saturday conquered the Aggies from Rhode Island State by the score of 27-0. The blond-haired Peakes has been nicknamed the "galloping ghost." Peakes was the most consistent ground gainer of the team. Buzzell and Coltart also came in for their share of yardage. A new find in the backfield is Jack Moran from Brewer. This was Jack's first varsity appearance and he heralded it by several neat gains and some of the cleanest tackling ever seen by a defensive halfback. The game showed

COACH BRICE

Maine's strength which appears to rest in the backfield. The line appeared to be especially vulnerable; clearly showing the loss of Captain Nanigian and Black at the ends, and Powell in the center of the line. Maine was completely outweighed but made up for it in speed and deception. Brice's chief weapon as proved by Saturday's game is deception, several plays going through one side of the line when from all appearances the ball was in the play on the opposite.

Maine gained the first touchdown within the first three minutes of play, Coltart capping the climax after gains by Peakes and Buzzell, carrying the ball from mid-field. Soon after that Peakes tore off a pretty run around left end, behind perfect (Continued on Page Four)

Traffic Officer Appointed To Assist In Parking

F. S. Youngs, treasurer of the university, announces the appointment of Frank Cowan as special traffic officer on the campus. In an interview, Mr. Youngs stated that the present system of traffic regulation depends largely upon the cooperation which the students show toward it.

Rumors about the campus have intimated that Maine would adopt a similar policy employed by other colleges lately in banning autos from the campus. Inasmuch as the cars are used at the present time almost wholly by students commuting from nearby cities and towns, the administration is not seriously considering any such action. The problem is one of growing importance however, and some system of regulation has become necessary. During the football season, especially since the Bowdoin and New Hampshire games are at Maine this year, auto traffic will be larger than usual. Parking (Continued on Page Four)

Tammany Stalks Again!

It seems little short of ridiculous that here in a state-owned university, and in a state distinctly renowned as a Republican stronghold, that Tammany and its complex political methods should find such fertile ground, as has been recently so flagrantly and brazenly demonstrated.

The Sophomore Owls have announced their pledges for 1928. Amid the plaudits of a gullible student body, each received his mark for "their ability in college affairs and their popularity."

To the seventeen who were so honored, the *Campus* offers congratulations for having survived another political picking; to those less fortunate, but possibly equally deserving, we point to the election of Mayor Thompson of Chicago for consolation!

An Equalized Bag-Rush

Each year, generally at the end of the first home football game, spectators are thrown into "convulsions" at seeing three hundred freshmen drag three immense bags away from a handful of Sophomores. The whole affair, in truth, is just a denuding contest and a whistle blowing jubilee at the power house. It would seem much more interesting if the number of contestants from each class could be equalized. If so, the outcome would not be such a foregone conclusion.

Maine vs. Yale

Maine demonstrated much strength last Saturday when it crushed Rhode Island, and showed the possession of both power and speed. Colby showed considerable strength also, outplaying New Hampshire, but failing to score. Bates nosed out Massachusetts Aggies, while Bowdoin was badly beaten by Yale as was anticipated. In recent years there has been talk here and there about Maine being fully capable to step out of the class of some of the colleges they have been playing and taking on larger colleges. To this question comes the advisability of scheduled games that will take Maine out of its present class.

It does not appear to be of particular advantage to the development of a football team to meet a vastly superior eleven, and there is the strong possibility of accidents that will weaken the team for the remainder of the season. Bowdoin, as a rule, in recent years has refrained from games with the outstanding eastern colleges but the other Maine colleges have not been equally wise. This fall the Bowdoin plans were changed. The Brunswick eleven, however, appears fortunate in that it has not been crippled by the Yale game.

Next year, according to present statements, Maine is to play Yale, and the outcome will be watched with considerable interest, since this is a decided innovation to the schedules of the past few years. The infusion of new blood to football schedules, should act as an incentive to the already well-established prestige which Maine enjoys among New England college teams.

Keep off newly-sown grass on the campus, and do *your* share in making Maine a beauty spot.

Maine Alumnus Wins Important Post

Word has been received of the appointment of His Excellency, Wallace Rider Farrington, Maine '91, Governor of the Territory of Hawaii, as Governor-General of the Philippines, succeeding the late Leonard Wood.

Governor-General Farrington is the youngest child of a family that has distinguished itself in connection with the history of the University. At the time of his birth in 1871, his father was superintendent of the farm and the first instructor in Agriculture at Maine. Following the other five sons and a daughter in the family, Wallace was graduated from the old Maine State College in the class of 1891.

His career, started as business manager of *The Cadet*, the predecessor of *The Maine Campus*, he entered newspaper work and was engaged in various lines of this calling in Bangor, Waterville, Rockland and Springfield, Mass., before going to Honolulu, where he became editor of the leading evening paper of the islands. He became connected with the business management of the paper and at the consolidation of the evening and morning paper, he became vice-president and business manager of the Honolulu *Star-Bulletin*, which position he now holds, although his work in connection with the publication is limited because of his executive duties.

He was appointed to the position of Governor of the Territory of Hawaii by President Harding in 1921 and his reappointment for the position by President Coolidge went to the Senate in January, 1925.

During his residence in Honolulu he has been a member of the territorial board of education and prominently connected with the University at Honolulu. He is married and has three children.

STUDENT GOVERNMENT HELD ANNUAL MEETING

The annual meeting of the Women's Student Government Association was held Wednesday noon, Sept. 28 in the chapel. The purpose of the meeting was to make known to the freshmen and review in the minds of the upper-classes the rules made by the Women's Student Government Association for the ensuing year.

Dean Bean spoke to the students on the powers of the Council, and of the necessity of the girls cooperation with the Council. Dean Bean then introduced the President of the Association, Erdine Bessie. Miss Bessie read the constitution of the new Women's Student Government Association and the Regulations and Privileges.

Following the meeting, representatives for the Council from the four classes were elected.

Those elected were: Alice Webster '29, Sylvia Gould '30, Jean Kierstead '31.

The delegate of '28 has not been elected at the present time.

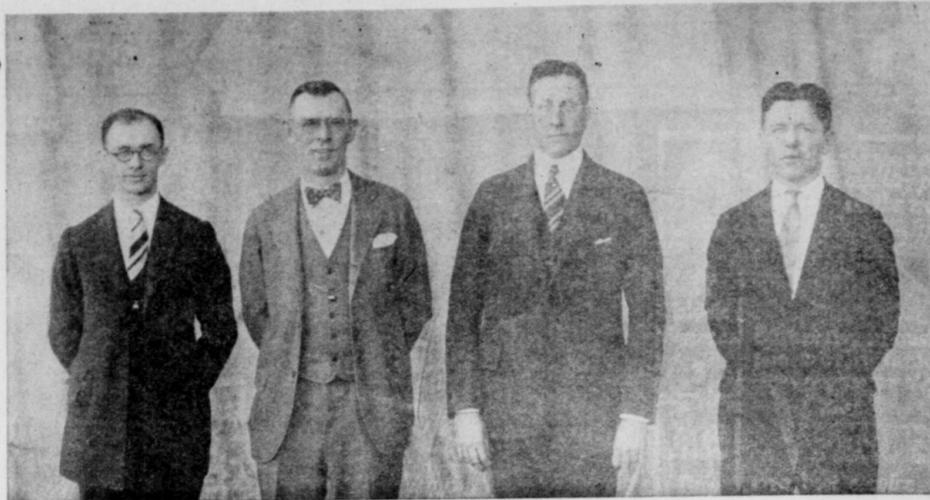

Debaters Had Meeting Tuesday Afternoon

The intercollegiate debaters met last Tuesday afternoon. The relatively small number present elected a temporary manager and proceeded at once to a discussion of debating policy. It was decided to hold a mass meeting for all students interested in trying out for the debating teams on Oct. 11 at 275 A. S. At that time faculty members and students will speak briefly about U. of M. debating teams and what they can do. The policy of debating will be touched upon. It has already been planned to arrange several debates with other educational institutions of a high standing; some of these debates to be held on campus, and the remainder to take place away. Thus it will be necessary for the home teams to travel to other places.

The fact that women, as well as men and freshmen will be welcomed as candidates for the teams, will probably call out a large number next Tuesday evening. No discrimination against inexperienced candidates will be made. Maine is giving every man and woman the opportunity to come into this field. Everyone is welcome at 275 A. S. on October eleventh, at seven o'clock P. M.

Season tickets for the Auditorium Circus, Bangor, Oct. 17-22, may be obtained from R. B. Scott, George Dudley, or Thelma Perkins. Tickets 50 cents.

Maine Mentors Who Will Endeavor Once More To Produce Champion Teams

Left to right: Stan Wallace, trainer, Fred Brice, football, Frank Kanaly, track and cross-country, Bill Kenyon, freshman coach

STOCK JUDGING TEAM WON THIRD PRIZE

The stock judging team has returned from the Eastern States Exposition at Springfield, Mass. in possession of the third prize for cattle judging. Besides being awarded third prize Maine had high team in judging Guernseys. O. K. Gibbs of Maine was awarded a silver medal for second high man in the contest and R. E. Foster received a cash prize, taking sixth place.

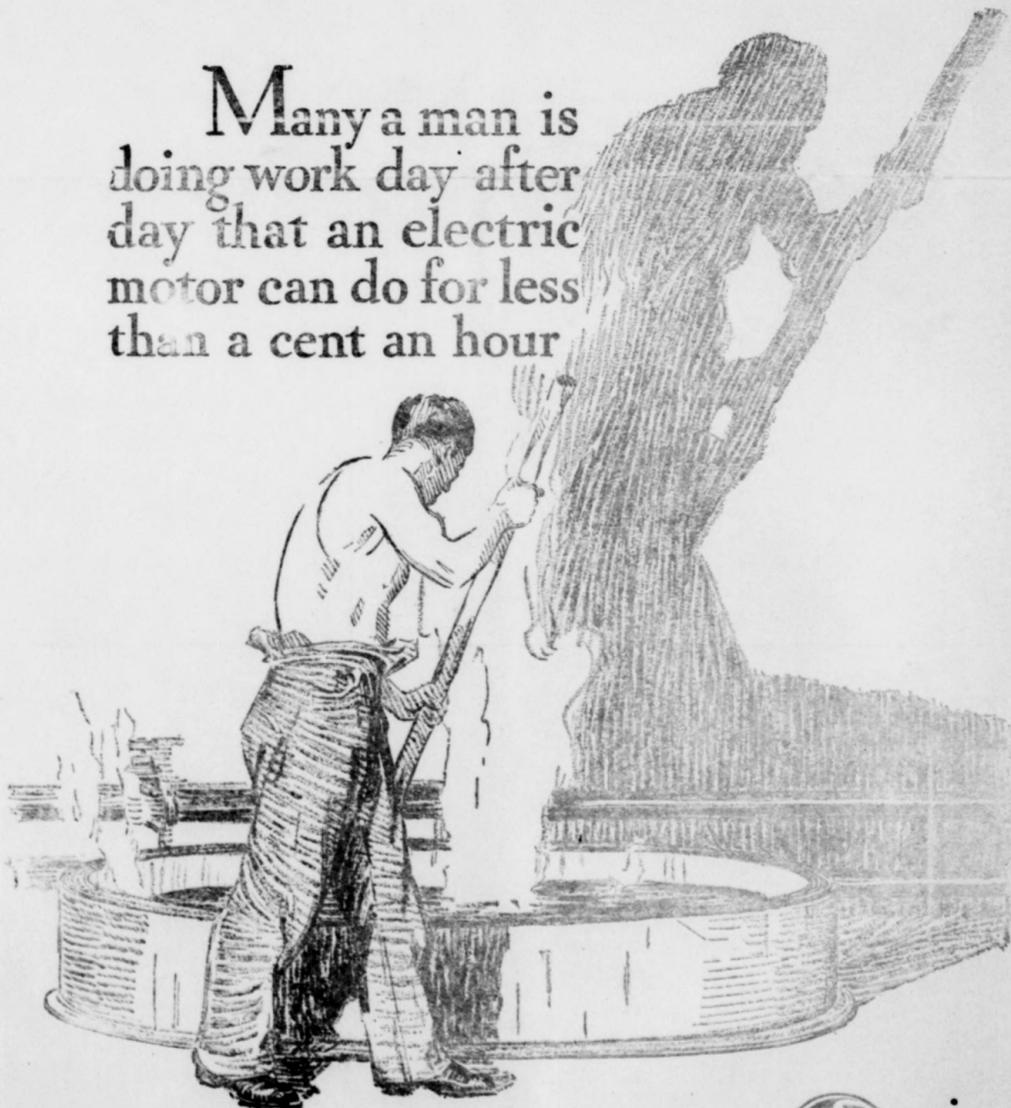

The contest was won by Vermont University with a score of 4190. Cornell took second honors, scoring 4105. Maine's standing is shown comparatively with the other competitors in the following list: Vermont, 4190; Cornell, 4105; Maine, 3990; Penn State, 3945; Maryland, 3920; New Jersey, 3825; New Hampshire, 3795; Syracuse, 3775; Connecticut, 3710; and Rhode Island, 3575.

There will be a gym dance Friday night, October 7, given by the Home Ec Seniors. Music will be furnished by the Troubadours. Admission 50 cents.

In the August number of *The Physical Review* is an article written by M. E. Meserve '23, entitled, "Some Current-Time Relations in the Aluminum Cell." The article is an extract from a thesis written by Mr. Meserve for his Master's degree in the physics department here under Dr. Fitch. Meserve, who obtained his degree in 1926, is now studying at Cornell.

Dean Stevens of the College of Arts and Sciences, gives a talk this evening in the Universalist Church, Old Town. His subject will be, "Teaching the Old Testament to Young People."

Many a man is doing work day after day that an electric motor can do for less than a cent an hour

College men and women recognize electricity as one of the principal aids to progress in the factory, on the farm, and in the home.

Guided by human intelligence, electricity can do almost any job a man can do. From stirring to grinding, from lifting to pulling, there is a G-E motor specially adapted to any task.

M.C.A. to Establish Freshman Cabinet

There will be a meeting of all freshman boys interested in the forming of a freshman Cabinet Wednesday evening, Oct. 12, at 6:45 in the M.C.A. building. At this meeting plans will be discussed for the coming year. There will be boys' club work, Boy Scouts, Hi-Y, deputations, entertainments and freshman service carried on by this committee.

Boys' clubs have been formed in the three Orono churches and there will be competition among them in athletics during the winter, under the direction of

HECK CLUB HELD FIRST MEETING

The Heck Club held their first meeting of the year in Winslow Hall, Wednesday, September 28th. Over fifty members were present. Neil Bishop, president for the coming year, presided. The other officers were introduced: Vice-president, Rutillus Allen; Secretary, Harold Elliott; Treasurer, Omar Gibbs.

The main part of the evening was given to the Stock Judging team to tell of their trip to the Eastern States Exposition. This team was composed of Omar Gibbs, Russell Foster, Ardrion Lewis and Merwyn Woodward. They were accompanied by Professor Hall of the Animal Industry Department.

Dispatches from Madison, Wis., says the *Daily Iowan*, relate that fraternities on that campus are now rushing by air. While soaring in the clouds, members extol the virtues of their club. The freshman takes the pin. By this time, however, those freshmen are no longer in the clouds. Fraternities have a way of bringing their pledges down to earth!

BOWDOIN HAS 556 STUDENTS

With the completion of registration at Bowdoin College the total enrollment is found to be 556, which is an increase of 13 men over that of a year ago and the largest number of students ever enrolled. Of this number 164 are members of the Freshman class, while 5 are transfers from other colleges.

The Freshmen come from 13 states and Mexico and Porto Rico have each sent one man. Sixty-five of the first year students are from Maine. This is but 39.6 per cent as compared to 44 per cent of the entering class of a year ago. The Massachusetts quota is 62 men or 36.9 per cent, an increase of 7 men and about 2 per cent more than last year. There are 10 men from New York, 7 from New Jersey, 5 from Connecticut, 3 from Pennsylvania, and 2 each from New Hampshire, Ohio and Illinois, Rhode Island, Delaware, Maryland, and Iowa are each represented by one man.

Portland has sent 12 of the Freshmen while Newton, Mass. has sent 7. This is a reversal of the figures of a year ago when there were 10 Newton men entering as compared to but 9 from Portland. It is interesting to note, however, that of the total student body 37 men or 6.3 per cent are of Portland origin while the Massachusetts city is represented by 22 or 3.9 per cent. Brunswick, the home town of the college, is entering 5 men this year as compared to 7 in 1926 while 6 men came from Auburn, a city which contributed no freshmen a year ago.

On Friday evening Sept. 30, the Alpha Omicron Pi sorority held a stag dance in the gymnasium, the proceeds of which will be used for a philanthropic cause.

This dance was given jointly with the alumnae chapter of Alpha Omicron Pi in Bangor. Alice Webster was in charge of arrangements.

The patrons and patronesses were Mr. and Mrs. Youngs, Mr. and Mrs. Hitchner, Mrs. Buffum and Mrs. Sullivan. Bunny Russell's orchestra played.

Patronize Our Advertisers

A Drama Loan Service has been established at the University, under the supervision of Luther J. Pollard, Director of University Extension, for the benefit of amateur groups. This service will help groups to select plays without going to the expense of ordering sample copies from publishers. Six volumes may be borrowed for examination at one time, and may be kept for one week. Plays are also loaned free of charge, for reading purposes, to individuals or groups interested in drama.

A meeting of all Sophomores and Juniors who plan to teach is called for Monday, October 10, at 1:00 P. M., Room 275 Arts and Sciences. While these groups are specially urged to attend, other undergraduates who are interested are welcome to do so.

Undiscovered country in industry

THE globe's surface no longer holds much undiscovered country, but the pioneer-minded man can still find plenty of it in industry—particularly in the telephone industry.

In the Bell telephone companies throughout the entire country, men are now exploring the 1930's and

40's and 50's, charting the probable trend of population and the requirements for service.

In research and development, and in telephone manufacture as well, the Bell System takes seriously its responsibility to give adequate service now and to guard itself for a long future.

It is interesting to note that Bates College, founded sixty-three years ago by Free Baptists, today registers one solitary Free Baptist freshman in the entering class.

Bates while a school rich in religious traditions and fundamentally Christian, is an institution wholly nonsectarian in organization, administration and purpose. Perhaps this point is best emphasized in the 1927-28 freshman class registration, which represent fifteen religious denominations, as follows:

Baptist, 38; Congregational, 37; Methodist, 32; Catholic, 17; Universalist, 12; Episcopal, 12; Jewish, 9; Christian, 3; Christian Science and one of each from the following churches: Free Baptist, Federated, United Baptist, Unitarian Disciple and Advent. Six students are unclassified as to religious preference.

WHAT have they found—these million and more men who wear Bostonians? Some call it good looks; some, style, some, character. We call it individuality, that quality of style and comfort that is never absent in Bostonians. Mostly \$7 to \$10 the pair.

Southern California Gives Novel Course

Utilitarians who have been spending a few happy years berating the universities for their failure to deal in the practical may now be of good cheer. The inevitable has come to be, and the University of Southern California, keeping step with the march of civilization, has introduced a four-year course of training for motion-picture industry.

The specified course of study included architecture and fine arts, technique of cinematography, and composition, literature and criticism. As outlined the study will deal with the technical phases of the motion picture industry. Hollywood has not yet been mentioned in connection with the cultural innovation.

The New York World gives proof of its interest in Southern California's venture by submitting a proposed curriculum. This, in part, follows:

"CINEMA 3a. Understudying. How to substitute for Rin Tin Tin without running foul of the dog-catcher. I hour a week. Prof. Lon Chaney."

"CINEMA 2b. Osculation. While some instruction is given in theory this is primarily a laboratory course. During the first semester the student will work under the direction of the instructor; during the second he will be required to perform one original experiment, to be not less than 100 film feet in length. 8 hours a week, to count as 4. Prof. Richard Barthelmess."

In the meantime registrants in the new course might begin their work by studying "The Drop Kick," with Richard Barthelmess and the ten college men who were selected last spring in a nation-wide search for cinema talent. They may begin a reform movement right at home.

The University recently purchased six Cheviot sheep from G. M. Twombly of Mumroe, Maine. The animals are well-bred and of excellent conformation. They will be used in the course of live-stock judging.

Bricemen Conquer R. I. State Aggies in First Contest

interference, for a gain of 30 yards, which he followed by another run for 20 yds. to a touchdown—all within eight minutes of play.

In the second period Rhode Island punted to Osgood who received the ball in midair and ran it back for eight yards before being downed. Peakes then twisted thru the line, eluded and dodged the secondary defense and dashed down the field for Maine's third touchdown—shades of the once popular Red Grange.

Maine's final touchdown came in the last period after Rhode Island punted to Peakes on his 40 yard line. He twisted and turned, shifted his field, side-stepped his opponents, and so safely parked the ball across the goal line.

Peakes added three points to the score by place kicking the points after touchdown. Rhode Island threatened once, and that in the last period when a pass was completed, a gain of 24 yards was made by some brilliant running.

Bill Wilson and Fred Thompson are attending the meeting of the N. E. Field Council of Student Christian Associations at Hartford, Conn. The Field Council is composed of one student from each N. E. college and three student secretaries.

There will be Vespers in the M.C.A. building next Sunday evening at 6:30. Rev. W. L. Robinson of Bangor will speak. There will be special music.

arship to Dorothy M. Culley '30 of Bangor.

The Walter Balentine Prize to Merton Stanley Parsons '29 of South Paris.

Commissions of second lieutenant in infantry were conferred upon nine former University R.O.T.C. officers by Major Barrett Glover, Commandant of the local unit.

Traffic Officer Appointed to Assist in Parking

space for football fans has been provided north of Alumni Field, and there is sufficient space to provide for 750 cars. Parking space for everyday use has also been provided for in the central parking area near Alumni Hall, one just south of the Arts & Sciences Building, and one near the stables. Cars are not to be parked elsewhere on the campus, and will be tagged if found parked in any other than the designated areas.
