PAGE 14-13

In a game that started with thrills, the Junior "Blue" outlasted the Sophomore "Brown" last Saturday to win the annual football game. A "nearing" reporter states that, "It was the hardest fought, and most exciting game seen on the local gridiron in years." Maine kicked off to connect for the short kick which was recovered by the Aggie crew. Several minute later, on 2nd down the ball was passed over to the right and finally held for a down. Maine then gained possession of the ball and nailed it over the first touchdown. Maine was allowed the point after touchdown because a Connecticut player was offside. During the remainder of the game the junior team was able to score although both defenses were strong.

The second half started with a bang. Maine tried the ancient trick but neither effect was produced. Connecticut was not a bit discouraged by the score and a session of reliable running and unrelenting defense led to its fourth score of the game. The Maine team line was set for a small defensive team and Connecticut kicked off. Maine received the punt on its 30 yd. line and was penalized 5 yds. for offside. Connecticut kicked off; Maine lined up at this hole with a long alternation. Goaltender received by Coburn, Bear and Pease.

Annual Drive of M.C.A.

The Maine Christian Association will conduct its annual drive for current expenses. The drive will open Tuesday, October 17. Forty men prominent in campus life, the faculties and the fraternities, sororities and off-campus religious circles will cooperate in the M.C.A. building next Sunday evening of the drive. The drive will, of course, be continued for the drive to be discussed at that time.

The M.C.A. is one of the most helpful organizations for the Christian welfare of the student body. It is approved by the President of the University, and the support of the student body will show that its work is appreciated in years to come.

The officers of the student organizations and editors of publications whose editorial boards are active in the M.C.A. building will be prepared to inform the students on the various ways they can help. The students will be able to see the freshmen on the campus throughout the year and get all information on the freshmen candidates, and to other observances which are not fitted with the word "football" written on them. The Freshmen Society are on the campus frequently to prevent that feeling of antagonism.

SOPHOMORE EAGLES HELP FRESHMEN

Friday noon the Sophomore Eagles opened their season with a 14-13 victory over the Freshmen. The Eagles were clever to the freshmen girls that the fact the Sophomore Eagles organization was founded to help, and not to intimidate the freshmen. She pointed out that these Eagles, chosen as members of the Sophomore class, were there for the purpose of helping the freshmen. The most effective way to meet these freshmen was to have existed between the Sophomore and Freshmen in her college days and descriptive rules for the large group of words with the word "football" written on them. The Freshmen Society are on the campus frequently to prevent that feeling of antagonism.

President Roberts of Colby Dead

Dr. Arthur J. Roberts, president of Colby college died Tuesday night at 10:30 at the Psychiatric Institute in Morris- ton, Me.

Dr. Roberts had served as president of Colby since July, 1908, and since that time the student body has nearly tripled and the endowment has increased from $180,- 000 to $1,340,000.

President Roberts had been ill for about a year, although he was so enthusiastic to keep with his work until the end of the last college year, when the trustees voted to allow him to secure any help he wished until his health improved. Sept. 21, the day before college opened, Dr. Roberts went to Morristown, N. J. and the affairs of the college have since been in charge of a faculty committee headed by Prof. Julian S. Taylor.

In the later years of his life Arthur Jerden Roberts, president of Colby College, held the distinction of being dean of New England college presidents in length of service. He first took up the direction of the affairs of Colby College in 1908 and since then the college has tripled in student enrollment and several new buildings have been constructed, including Roberts Hall, a men's dormitory named in honor of President Roberts.

President Roberts was born in Water- brook, Me., Oct. 15, 1862, the son of Albert Henry and Flora E. (Hagell) Roberts. He was graduated from Colby College with the degree of Bachelor of Arts in the Class of 1889 and immediately was elected an instructor in the English Department. He served in this capacity until 1904 when he became professor of English Literature, an office in which he held until he was chosen president of the college in 1908. He received Brev. Charles Lincoln Whitmore, D. D. the same year. He was married to Miss Ada L. Pea- body of Gilmour, Me., Aug. 27, 1886. They had no children. Dr. Roberts was a Mason and a charter member of the Waterville Rotary Club. He served at one time as a member of the Maine Library Commission.

Motor Cycle Riders Fail to Jump Truck

Saturday morning two local students, Fitchburg and Chandler were riding the motorcycle they were riding, collided with horse and buggy which were attempting to pass the track when it suddenly turned off to go down the street toward the Basin, in Orono. The horseman, who was operating the machine was thrown and escaped with injuries to one leg. Fitchburg, riding on the rear was thrown and was under the car and struck by the front wheel of the machine and proved interesting to watch. The same afternoon at 1:45, Blaine and Root were riding the same truck and truck and was pinned underneath the machine and received injuries to one leg and one of his hands. They were rushed to the hospital and given first aid treatment. Neither of the boys were seriously injured; both being able to get around with the help of crutches.

DR. SWAN HERE NEXT WEEK

Dr. Eugene L. Swan of New York City will give a series of talks before the stu- dents of the University on Tuesday, Thursday and Wednesday, October 17, 18, and 19, on the subject of personal health, hab- its, and social hygiene. On Monday, Oct. 23, Dr. Swan will talk to both men and women. The same afternoon at 7:20 he will lecture to women only. Tues- day morning at 9:30 his lecture will be for the men only, and Tuesday afternoon and Wednesday he will hold personal con- ference with any who wish to talk with him.

Dr. Swan comes to the University un- der the auspices of the American Social Hygiene Association, New York, in making his second visit to Maine, as he gave a similar series of talks to the stu- dents last year.

Dr. Swan is a personal friend of President Harold S. Boardman. He has spoken at a large number of colleges and univer- sities, devoting about three months of the year to lecturing.

FOOTBALL RESULTS

Bowdoin 12; New Hampshire 7;
Bowdoin vs. Wesleyan at Brunswick.
November 13.
Tufts 20; Bates 0.

FOOTBALL NEXT SATURDAY

Bates vs. Boston University at Boston.
Bates vs. Wesleyan at Brunswick.
Bates vs. Norwich at Northfield.
Maine vs. Ft. Williams at Orono.

MAINE FROSH

The only football excitement on the campus last worked was the Frosh-Hi- gh game which the latter won 21-12. The game was replayed with exhibition and proved interesting to watch. The Frosh showed plenty of potential power but evidently the plans chosen were not adapted to the men. Hebron was at first completely outplayed but after doubling past their own goal line for their first touchdown they seemed invincible and never failed to find a head start on the其他 Frosh.

The freshman line appeared to be rather weak on the side but the Hebron especi- ally strong. Brice need not worry for next year for backs, for the Frosh will furnish plenty of material to work on.

Hebron, Bryant, Blockinger, and Horne showed up well for the Frosh, while the Hebron team seemed well held except for an outstanding man infters who Horne who did some nice kick-blocking.

Distinguished by a favor that places it first

It is a natural pride that Camel feels for its triumphs. Not only did it lead the field shortly after its introduction. It passed steadily on with each succeeding year until today it holds a place in public favor higher than any other smoke ever reached. Camel is supreme with modern smokers.

Furthermore, there is a quality here that particular smokers appreciate...it is indeed the myriad qualities of perfection that are to be found in the choicest tobaccos grown. And the art of Nature is aided by a blending that unfolds each delicate taste and fragrance.

You will more than like Camels.

"How"

R. J. Reynolds TOBACCO COMPANY, WINSTON-SALEM, N. C.
Correct

BOSTONIANS answer the right inscription, distinguishable alike and the way they wear them. If you have a Bostonian, you'd never spot them. Bostonians will wear their capi well and even those who shun them, mostly fit in this pair.
