REPORT OF FIRE CHIEF

The fire department upon the election of a new chief was reorganized and new members have been added.

During the summer a practice drill was held once a week which has proven most beneficial.

Fire insurance has been placed on the fire truck.

Attention is once again called to the fire hazard of the present heating equipment of the Town Hall and hope that something will be done about it.

Respectfully submitted,

ARTHUR E. HAGGSTROM, Chief

Fire Department

REPORT OF HEALTH NURSE

To the Citizens of the Town of Monson I submit a brief report of the Services rendered the Town by the Piscataquis County Health & Tuberculosis Association for the period from January 1, 1946 to December 31, 1946. Tuberculosis Prevention:

New Cases admitted to Service	1
Number X-rayed at Greenville Hospital	6
Admission to Sanatorium (new case)	1
Re-Admission to Sanatorium	2
Home visits to contact cases	12
Number tuberculin tested (school age	
group)	80

Immunization was given to 39 for diphtheria and 37 were vaccinated. The immunization and testing was done by Dr. Charles Stanhope, Districe Health Officer with the nurse assisting.

Hearing Conservation:

Treating Conservation.	
Number tested with audiometer	91
Retested	2
Defective both ears	1
Defective right ear	1

Unclassified: Accompanied patient to hospital via ambulance Home visits Investigations

School Health Service:

In September the pupils were weighed, measured and health cards were checked. 133 students received this service.

8

3

In November the annual physical examination of pupils was made by the school physician Dr. P. B. Thomas with the nurse assisting. In the group examined were those from Blanchard and Elliottsville who attended Monson Academy.

No. of pupils examined	177
Number of pupils with defective teeth	86
Number of pupils with defective throat	30
Number of pupils with enlarged glands	30
Number of pupils with defective speech	2

I wish to thank the Superintendent of Schools and Citizens, teachers and pupils for their cooperation in supporting the community health program.

Respectfully submitted,

Piscataquis County Health & Tuberculosis Association

By: NELLIE R. GIBBONS, R. N.

Public Health Nurse

ANNUAL REPORT FOR MONSON

January 1 to December 31, 1946

Bureau of Health Nursing Service

The fight against the enemies of health is never ended. Your community needs to find better ways, more effective weapons to use. One of these is more enlightened parents. Leaders in programs to promote and safeguard health have proven that more time and attention needs to be given the prospective mothers and fathers, the infant and preschool age child. Much harm is done by waiting until the child enters school focusing attention on his health.

During the past months your Bureau of Health nurse has made home visits to parents stressing the importance of continuous medical supervision, and giving health guidance before and after the birth of the baby. Visits were made to assist parents of infants and small children with health problems. Parents were urged to take their children to their own family physician for examination and immunization.

During the year Venereal Disease control measures were taken by the Bureau of Health. Follow-up was done on cases referred to us.

The Child Health Conference Committee deserves a great deal of praise for the splendid work done at the three conferences that were held here during the summer months. The committee arranged for the publicity, the volunteer workers, the immunizing material, the examining physician, and the place to hold the conferences. A total of 29 children were examined by a doctor and recommendations for the correction of physical defects were made when needed. Nine children were vaccinated against smallpox, 11 were immunized against diphtheria and 9 against whooping cough.

The services of the Pediatric and Crippled Children's Clinic were available to the children of this community.

A local Health Council in Monson made up of interested citizens would greatly increase the effectivness of the Bureau of Health service to your community.

Respectfully submitted,

EILEEN THOMAS

Bureau of Health Public Health Nurse

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Monson:
I am herewith submitting my annual school report.
In this report I wish to review some of the pressing problems facing the schools in this state and the provisions that have been made to solve them. In addition there will be found a limited report on local school conditions, together with suggestions to be considered in planning for the maintenance of the school program for another year.

The scarcity of capable teaching personnel continues a serious educational problem in our state. Even during the depression Maine was already beginning to experience a shortage of skilled and capable teachers due to declining enrollments in the normal schools and to loss of teachers to school systems in other states. During the years since the depression various steps have been taken in an attempt to relieve the teacher shortage at least to the extent of making it possible for schools to remain open. Intensive recruiting campaigns have been conducted to secure the services of former teachers and to enroll promising high school graduates in our normal schools.

In order that many small schools might remain open Teaching permits have been issued to persons without the minimum educational requirements for teaching, and the State Department has found it necessary to issue Teaching Sanctions to persons having no formal education beyond the high school. Approximately 500 persons are now teaching in Maine schools on temporary permits and teaching sanctions. Despite the steps taken to meet the need for teachers, there is little likelihood that a sufficient number of well qualified persons will be available very soon to fill all of the teaching positions.

From a state-wide point of view the most important problem facing the schools at this time has to do with

state support of public education. The legislature of 1945 increased state school appropriations to towns and cities by a sum to make possible a minimum salary of \$1,000.00 per year. This would have constituted a substantial step in the improvement of the teacher-salary situation had not inflated living costs eliminated most of the benefits thus provided. At this time it appears that costs for public schools will continue to rise, making it more urgent than ever that the state supply additional aid to towns and cities for public education.

Most likely the Legislature of 1947 will make some provision for agian incerasing the minimum teacher-salary. At this time we may consider that one of the resolves now being considered by the Legislature will be enacted into law and estimate what additional state appropriations will be provided. The most promising bill at this time seems to be the MacKinnon Bill. A preview of this bill is being given. This bill provides:

\$1,500 minimum salary for every certified teacher.

\$150 additional state subsidy for every certified teaching position (now \$300), plus, in towns with a school tax rate of over 12 mills, the MacKinnon Unit, guaranteed to be at least \$50, to be applied only towards certified teachers. Sanction and permit teaching positions, from now on, will get only \$300. No MacKinnon Unit to be provided.

One MacKinnon Unit to be given as an extra bonus to every town for every teacher who earns 6 units in summer and/or extension courses during a given year.

Cost of benefits proposed under the MacKinnon Bill has been estimated at \$1,050,000.

There have been only a few changes in the school program during the year that might be mentioned. Mrs. Esther Pennington resigned her teaching position at the end of the school year in June, and for this year Mrs. Lucille Simpson was engaged to fill the vacancy. While we were sorry to lose Mrs. Pennington as one of our teach-

ers, we may feel that we were very fortunate in finding a capable teacher to fill the position. It may be considered very fortunate for the school that we were able to find so readily a capable teacher for the school.

Another change that might be mentioned is the new arrangement that was made for the seating of the first three grades. Previous the sub-primary and the first grade pupils have been seated in the same room and the second grade pupils seated in another room. This year we had to seat the first and second grade pupils in the second grade room and seat the beginning pupils in what has been the first grade room. There seems to be an unusual large number of children entering school for the first time last September. If we continue to have such a large number of children to enter each September, some plan must be devised for providing additional seating room.

There is a state law that requires towns to provide educational facilities and services for physically handicapped children who are unable to properly care for themselves without assistance or who cannot be adequately taught with safety and profit in the regular public school classes of normal children. It is, therefore, necessary that school officials include in the annual school budget a sum sufficient to cover the expense for the education of such children. It seems now that the town will need funds for its part of the expenses for two of these children during the coming year. Hence the reason for including an item in the annual school-budget for that purpose.

REPORT OF PRINCIPAL OF MONSON ACADEMY

To the Superintendent of Schools and Trustees of Monson Academy:

The present school year of Monson Academy opened on September 3, 1946, with an enrollment of forty-four Houston

ents. By classes the enrollment is 10 Seniors, 12 ors, 10 Sophomores, and 12 Freshmen.

The faculty of Monson Academy is composed of Mrs. Shorey of Dover-Foxcroft, Mr. Charles Vickery of sfield, and John Houston, Monson.

We are maintaining our standing as a class A school as a member of the New England College Board and itled to send accredited students to member colleges hout an examination.

The schedule of classes being maintained this year s follows:

Houston	Mrs. Shorey	Mr. Vickery
lish 12	Gen. Math. 9	French 10
sics 12	Geometry 11 & 12	Pub. Spkg. 9 & 10
lish 10	W. History 10	English 9
. History 11	English 11	Consumer Goods
ı. Science 9	Algebra 10	11 & 12
. Problems 12	2Bus. Math. 10	French 11
		Civics 9

Extra curricula activities have been maintained with vies, Curtis Magazine Contest, Basketball, and winter nival. Preparation of the "Pharetra", track, senior pray, baseball, and graduation will be the chief activities of the spring term.

At the end of the first half year's work, 23% of the students achieved the honor roll. Although this in itself is gratifying, our principal aim is to stimulate the mediocre students to greater application to their school work.

The attendance for the half year was better than in the past few years with an average attendance of more than 96% for each school day. 36% of the students were not absent or tardy during the first semester.

May I once again express my appreciation for the cooperation and interest that the citizens of Monson have given me.

Respectfully submitted, JOHN HOUSTON, Principal

SCHOOL FUNDS AND NEEDS

The school budget for this report has been planned on the basis of paying a minimum teacher-salary of \$1500 with the start of another school year. You will see that the estimated cost for maintaining the schools for the ensuing year indicate an increase over the cost for the present year. Teachers' salaries were increased for the present school year and provision has been planned for paying any stipulated minimum salary for teachers for the next school year. It has been indicated in the prepared budget that larger state appropriations will be available to aid the town in maintaining its schools.

The prepared budget shows that the town faces the problem of providing more funds as its part in maintaining the Academy. Teachers' salaries are being raised in secondary schools as well as in elementary schools. We cannot expect to meet the needs for textbooks and supplies for any less than \$350 for each of them. The cost for books and supplies have been increasing, as one might expect. Two insurance policies of \$2500 each should be renewed this coming year.

A much larger sum was expended during the year for school repair purposes than is usually expended in any one year. Itemized figures for these expenditures will be found in the financial statement and they are not being included here.

One thing planned for this year but which had to be carried forward to next year was getting the new pump. A new pump has been on order since last summer and we expect that it may be here soon. Another job which may be quite expensive has to do with finishing the work on the sewer to the town school building. The old sewer had been giving trouble for some time. When the old pipe was uncovered during the work on the athletic field it was found to be nearly filled with roots and sediment. The part of the work that needs to be done this year is to provide in some way for a cesspool.

SCHOOL BUDGET AND APPROPRIATIONS

Elementary School	Account	
Amount needed for-		
Teachers' salaries	\$7,012.00

ANNUAL TOWN WARRANT

To Lyman E. Davidson, a constable in the Town of Monson, in the County of Piscataquis:

GREETINGS

In the name of the State of Maine you are required to notify and warn the inhabitants of the said Town of Monson, qualified by law to vote in town affairs, to assemble in Town Hall, in said town of Monson, the 24th day of March A. D. 1947, at ten o'clock in the morning, to act on the following articles, to wit:

- Art. 1. To choose a moderator to preside at said meeting.
 - Art. 2. To choose a Town Clerk for the ensuing year.
- Art. 3. To see if the Town will vote to accept the Town Report as printed.
- Art. 4. To see if the Town will vote to employ a Town Manager and fix his compensation.
- Art. 5. To see if the Town will vote to fix the powers and duties of the Town Manager in accordance with Chapter 130 of the Public Laws of 1939.
- Art. 6. To see if the Town will vote to elect the Selectmen, Assessors and Overseers of the Poor on the basis of one, two and three year terms.
- Art. 7. To see if the Town will vote to fix the compensation of the Board of Selectmen, Assessors and Overseers of the Poor.
- Art. 8. To elect three Selectmen for the ensuing year.
- Art. 9. To elect three Assessors for the ensuing year.

- Art. 10. To elect three Overseers of the Poor for the ensuing year.
- Art. 11. To elect a Fire Chief and to authorize him to form his department with complete authority of the same in behalf of the Town of Monson.
- Art. 12. To elect a Town Treasurer for the ensuing year.
 - Art. 13. To elect constables for the ensuing year.
- Art. 14. To choose all other necessary officers for the ensuing year.
- Art. 15. To authorize the selectmen to fill all vacant offices that might occur from failure to elect.
- Art. 16. To see what sum of money the Town will vote to raise for the Interest Account.
- Art. 17. To see if the Town will vote to elect or have appointed at Town Meeting the Budget Committee for the ensuing year.
- Art. 18. To see what sum of money the Town will vote to raise for the support of schools.
- Art. 19. To see what sum of money the Town will vote to raise for the support of the poor.
- Art. 20. To see what sum of money the Town will vote to raise for the repair and maintenance of roads and bridges, and how the same shall be expended.
- Art. 21. To see what sum of money the Town will vote to raise to defray all incidental and town charges for miscellaneous purposes.
