Maine Track Teams Swamp Opponents in Dual Meets

Junior Week Exercises Open Friday Morning; Frank Kanaly Is Speaker at Chapel Services

Masque Presents "The Enemy" Tonight; Promenade Takes Place Friday Night; Track Club Cabaret Saturday Ends Three Days' Festivities

Senior Skulls Choose New Members Friday

Junior Week will open formally Friday morning at eleven o'clock with the Junior Chapel services. Harold E. Russell will preside as chaplain. James C. Buzzell, president of the class will deliver the Salutory address. Coach Frank M. Kanaly will give an address to the Juniors. After the chapel exercises the Senior Skulls will choose the new members of this organization from the present Junior class. Junior Chapel is an impressive and inspiring service, and one that draws the attendance of the entire student body.

Members of the Junior Class who are taking Military Science and Tactics will be excused from the review which takes place at the same hour.

S.A.E. Freshman Hurt In Automobile Crash

Clifford Stimpson '31, a member of the S.A.E. fraternity was seriously injured when he was thrown about fifty feet from an automobile in which he was riding with Thomas Bates, also of S.A.E., on the Orono road Tuesday night.

The car which Bates was driving crashed into another machine which was parked on the side of the road, while the driver was changing a tire. Both cars were badly damaged by the impact.

Stimpson was removed to the hospital early Wednesday morning suffering from concussion of the brain.

Bates and the other driver were unhurt.

The long-awaited Junior Week is now here. The festivities begin Thursday evening with the Maine Masque play, Channing Pollock's "The Enemy." They continue on Friday with Junior chapel services in the morning and Junior Promenade in the evening. The annual Inter-scholastic Track Meet takes place Saturday afternoon, with the trials in the morning. The Track Club Cabaret Saturday evening will be the culmination of these few crowded joy-packed days.

Channing Pollock's play "The Enemy" which will be presented in Alumni Hall

PRESIDENT BUZZELL

at eight o'clock Thursday evening, by the Maine Masque is of a more serious nature than those produced earlier in the year. In this famous play, Pollock presents a powerful appeal for universal peace, declaring that the real enemy is hatred, and in a vitally dramatic manner shows the absolute folly of war.

Earl Hanson and his Royal Arcanum Band from the Congress Square Hotel, Portland, will play at Junior Prom Friday evening. It consists of eleven pieces which will help to make the hours disappear on winged feet.

The trials for the annual Inter-scholastic track meet will take place Saturday morning. The finals will be held in the afternoon.

(Continued on Page Four)

Maine Musical Festival Opened By Chorus Of University Students

On Tuesday evening, the University chorus opened the 32nd Maine Music Festival at the Bangor Auditorium. The Chorus, made up of about 100 U. of M. students directed by Professor Sprague, rendered three numbers on Tuesday and three on Wednesday. Opening the Festival with Handel's "Hallelujah Chorus", it sang as its next number, the "Song of Destiny", by Brahms, and for the final number of the evening, a Cuban folk-song "Under the Silver Stars". On Wednesday evening, the chorus sang Cesar Franck's "150th Psalm", "Dayspring", and "Sun and Moon".

The audience showed marked appreciation and enjoyment of the singing of the well-trained chorus, and applauded the singers generously.

The visiting artists were Allen McQuhae, the popular Irish tenor, Florence Austral, famous dramatic soprano, the Cleveland Symphony Orchestra, and John Amadio, master flute-player.

The orchestra was ably led by Nikolai Sokoloff, assisted by Rudolf Ringwall, a former resident of Bangor.

On Wednesday afternoon, those present at the matinee were treated to an exhibition of flute-playing by a master of the art. Amadio performed exceedingly difficult technical feats upon his silver pipe, and yet did not detract from the musical qualities of his selections in so doing.

The choral features of the Festival gave the people of eastern Maine an opportunity to observe the good work being done by the director and the students. At the same time it gave the chorus the opportunity to work in conjunction with artists of nation-wide prominence.

Sentence on Freshman Co-eds Removed Monday

The three freshman coeds who were ordered to remain on the Campus until the end of the year for disobeying a ruling of the Board of Administration concerning the painting of numerals were removed from probation Monday. President Boardman and Dean Bean advised this action by the Board, feeling that the girls had received sufficient punishment during the past three weeks to teach them a lesson and to serve as an example for others.

In removing the girls from probation the Board pointed out that punishment had been meted out for two purposes: to make the offenders realize the seriousness of the offense committed, and to prevent others from committing similar offenses. President Boardman and Dean Bean had given close attention to the conduct of the three girls since the sentence was imposed, and, believing that the punishment had served its purposes and that the continuing of the sentence would make a too severe punishment for the nature of the case, they recommended that the ban be removed.

An inspection of the Department of Military Science and Tactics will be held Thursday and Friday of this week. The inspecting officers are Major Charles A. French, C.A.C., and Major Robert H. Barrett, Infantry. The Department will hold a Military Review of the entire unit Friday, May 4, at 11 A.M. on Alumni Field. In case of bad weather, the Review will be held in the Armory. The members of the faculty are cordially invited to attend.

The 1929 Prism has arrived and is ready for distribution. Copies may be obtained at Mr. Kelley's office.

Henry H. Crane, Malden, Mass., will be the speaker in Chapel, 9:40 A.M., Monday, June 7.

M.I.T. Overwhelmed By Varsity And Portland High By Freshmen; Capt. Thompson Breaks Record

Stymiest, Gowell, Mank, Jones and Beckler Earn Letters By Winning First Places In Their Events; Yearlings Take Twelve Firsts

Kanaly's Coaching Brings Unexpected Results

The freshman track team showed unexpected strength and helped to make the day a complete victory for Maine track men when they defeated the Portland High track team by a score of 91½ to 34½ in an indoor meet last Saturday.

Twelve out of fourteen first places went to the freshmen. In the 440 yard dash, the 880 yard dash, and the twelve pound shot put, all three places were won by Maine contestants.

White's winning time of 10½ seconds in the 100 yard dash was the most outstanding event of the meet. Captain

Taking first place in every event but the two mile race, the Maine track team buried M.I.T. under a score of 108½ to 28½ in the dual meet held at the indoor field last Saturday. Captain Sam Thompson broke the indoor field record for the 16 pound shot put when he tossed it 43 feet, 4¾ inches. Fred Chandler equaled the record in the high hurdles.

Five new letters were won as a result of the meet. Stymiest, Gowell, Mank, Jones, and Beckler are the men to whom this honor goes. The first four of these men are sophomores, and are to be reckoned with in future State and New England meets.

Five years ago, the M.I.T. track team, then under the tutelage of Frank Kanaly, Maine's present coach, came to Orono and carried off the honors in a dual meet by a score of 86½ to 48½. The results of Saturday's meet cast a pleasant reflection on the work of Coach Kanaly.

The summary:

100 yard dash—Won by Stymiest; second, Jandris; third, Barbour. Time, 10.2.
220 yard dash—Won by Niles (M); second, Ladd (MIT); third, Tolman (M). Time 10.3.

440 yard dash—Won by Niles (M); Meagher (MIT); Porter (M). Time 51.4.

880 yard run—Won by Mank (M); Austin (M); Fay (MIT). Time 2 minutes.

One mile run—Won by Knivin (MIT); second, MacNaughton (M); third, Lindsay (M). Time 4.30.

2 mile run—Won by Richardson (M); second, Lindsay (M); third, Benson. Time 54 4-5.

100 yard high hurdle—Won by Chandler (M); second, Jones (M); third, Lenring. Time .13.

220 yard low hurdle—Won by Jones (M); second, F.M. Thompson (M); third, Caldwell (M). Time 26 2-3.

16-pound shot put—Won by S. A. Thompson (M); second, Black (M); third, Wilcutt (MIT). Distance 43.4¾.

Running high jump—Tie between Cuozzo (M) and O'Connor (M); Tie for (Continued on Page Four)

COACH KANALY

"Bud" Brooks ran a creditable race in the mile and appears to be promising varsity material.

Stiles, star hurdler and jumper, sprained his ankle while participating in the high jump.

The team showed a decided improvement over its work exhibited in the meet with Hebron Academy several months ago.

The summary:
One mile run—Won by Brooks (M); second, Moriarty (P); third, Thurston (M). Time 4m. 38 1-5s.

440 yard run—Edgecomb (M); second, Anliker (M); third, Twombly (M). Time 57 1-5s.

100 yard dash—Won by White (M); second, Shulman (P); third, Curtis (M). Time 10 2-5s.

(Continued on Page Four)

Maine Will Be Represented By Strong Team at State Meet

Last Saturday the Maine track teams made surprising records in the M.I.T. and Portland Meets. The results show that Maine has a well balanced varsity team, which fact often proves to be valuable. The freshmen showed the same results, and with a continuation of the good work it will mean that Maine will have a varsity team next year as good as if not better than this year's.

The next event which is of importance to Maine, is the State Meet at Lewiston, May 12th. Bowdoin, having won the championship for so many years, is still a chief contender, and Coach Kanaly is not treating this team at all lightly. Bates, having had more dual meets and publicity than the other competitors seems to be a worth while contender. Colby has a few individuals who are favorites for first place in various events, and as these places are ones in which other teams are weak, it

will hit the Maine outfit a bit hard. The Blue's chief hope lies in the fact that it has probably the strongest dual meet team in the State if not in New England.

This year Kanaly has several fast dashmen. Maine's chances in the last few years have suffered because of a lack of material in the sprints, but there will be a change in these departments this year. The field events are well taken care of and with such a balance it is safe to predict a sizeable increase in the total of points.

The Inter-scholastic track meet will be held Saturday at the indoor field. The trials will be run off at 9:00 A.M. and the finals at 2:00 P.M. Ninety-five men are entered in the prep school division, and three hundred and forty in the high school division. The prep schools competing are: Hebron, Ricker, M.C.I., Kents Hill, E.M. (Continued on Page Four)

Combined Musical Clubs Make Successful Aroostook Trip

The Glee Club and Instrumental Club made a very successful trip through Aroostook County last week, visiting Houlton, Mars Hill, and Presque Isle. The clubs were received cordially and large crowds attended all the concerts. A dance followed each concert except the one at Houlton. One of the features of the concert was the Banjo solo given by John Bohnsen. He was called back several times for encores. The men in the Glee Club who made the trip are: G. F. Dudley, Pres.; H. E. Russell, Mgr.; B. Bates, Asst. Mgr.; P. J. Findlen, C. S. Haselton, G. Kinney, C. E. Nims, H. E. Bell, E. F. Lewis, K. E. Lapworth, D. S. Marr, D. F. Marshall, G. H. Winter, P. Wadsworth, L. A. Crosby, W. M. Draper, C. T. Knox, S. C. McIntire, E. W. Merchant, T. G. Harvey, and G. E. Rose, accompanist.

went are: Frederick C. Murphy, Leader; L. Lloyd, C. Hooper, W. Brown, Jr., H. Ingalls, B. Clark, H. Harwood, J. Bohnsen and E. Gartley.

1. Symphonic Jazz—Instrumental Club
2. Clang of the Forge—Glee Club
3. Song for Tenor—George Dudley
9. University Trio—Messrs. Kinney, Ingalls, Rose
5. Quartette—Dudley, Haselton, Bell, Lewis, Russell, Kinney, Knox, Crosby
6. Symphonic Jazz—Instrumental Club
7. Shadow March—Glee Club
8. Instrumental Specialty—John Bohnsen
9. Quartette
10. University Trio

JUSTICE

We wish to compliment the Board of Administration on the justice of its action in removing the sentence imposed on the three freshman girls. We feel that the punishment has served its purpose.

FRESHMAN FREEDOM

After eight months of upperclass regulation the members of the Class of 1931 have attained the privileges and pleasures which they have been forbidden to enjoy throughout the year. At this time there will be some unfriendly feelings between the members of the two lower classes, but if the freshmen realize that they will extend the same treatment to next year's entering students as they have received this year the trouble will be short lived. Don't hold a grudge.

THE CUT SYSTEM

When the University opened last fall both students and faculty members breathed sighs of relief upon learning that a new cut system had been put into effect. This was the result of a great deal of investigating and everybody hoped that there would be a decided improvement in attendance regulations.

The catalog of the University states concerning attendance at classes: "Each student is expected to be present at every college exercise for which he is registered," or in short: "no cuts." The new system is based upon this sentence. However, instructors expected that there would be some cutting and they interpreted the new rule to mean that a student could cut until his absence from class affected his ranks. Most of them have tried to co-operate with the students and to bring about a general understanding of the value of regular attendance at classes, but a few have carried the regular attendance idea to extremes. Regardless of whether a student has a high or a low grade in their courses, if he cuts, his mark is lowered. Several cases have arisen where the grades of high-ranking students have been lowered due to the fact that they cut certain classes several times, though they had received honor marks in all their work. This is extremely unfair to the students, and the instructors who are making a practice of grading on attendance rather than the quality of work done by the men and women in their classes should endeavor to get a clearer understanding of the cut system, which can be made a success.

We believe that when an instructor lowers a student's grade because his absences are affecting the quality of his work, he is doing the proper thing; but when he lowers the grade although cutting has not affected it, he is not carrying out the purpose of the system.

THE STATE MEET

One of the strongest track teams which has ever represented the University of Maine will compete with the three other Maine college teams at the State Meet in Lewiston on Saturday of next week. Many students, alumni, and faculty members will be unable to attend, but all who can afford to go should endeavor to do so. The prospects of a victory for Frank Kanaly's men are brighter this year than for many years past, and a spirited crowd of loyal supporters will do a great deal to bring out the best in every fellow on the team.

THE 1929 PRISM

The editorial board of the Junior Prism today presents to the reading public the result of its six months' labor. Although the Prism is primarily a publication for the members of the Junior Class, it contains material which is of interest to all connected with the University. The activities of the present year are reviewed in the book, and it is hardly possible to obtain a more complete summary of the events in which the students have taken part.

MORE TROUBLE AT THE STRAND

A few days ago the management of the Strand Theater invited the freshmen and sophomores who were to participate in the Rising Night festivities to attend the second show at the Theater last night. Directly after the rope pull, however, these men rushed the gate and were prevented from entering the building only by the plea of members of the Senior Skull society.

Is there no appreciation at Maine?

Annual Freshman Theme Writing Contest Held

The English Department held its third annual freshman theme writing contest last Friday afternoon in 275 Arts and Sciences Building. About forty freshmen participated, a greater number of contestants than in the past two years.

To the winner will be presented the Griffin Prize of ten dollars for excellency in English Composition and Literature. This prize is awarded in honor of the late Henry L. Griffin of Bangor through the agency of Mr. Harvey Miller of the English Department.

Dr. Turner, Dean Stevens and Miss Linehan are the selected judges. The results will probably be determined this week and the winner's name will be announced at Commencement.

Letters were awarded to five members of the girls' rifle team for the past season. Those receiving letters were: Clara Floyd '30, Carlita Mutty '29, Dorothy Cully '30, Mildred McPheters '29, Jeanette Roney '30.

Summer School Has Recreation Program

The University of Maine Summer Session of 1928 is to be better provided with varied entertainment than any previous session, according to the program being laid out by Director H. M. Ellis and Assistant Director Irving T. Richards. From July Fourth, the second day of the session, to the eve of examinations, there will be plenty of diversion to keep Jack from being a dull boy or Jane a bored flapper.

The first off-campus event planned is an all-day steam-boat trip down Penobscot River and Bay on the Fourth, two days after registration. The steamer Castine, with a capacity of 125 passengers has been chartered for the trip. A shore dinner will probably be enjoyed at Dark Harbor or elsewhere down the bay.

The first Friday evening will see the annual Progressive Dinner at the Commons, where the faculty and students will have their first and best opportunity to get acquainted. After the dinner, the first of the weekly Friday evening dances will be held in the old gymnasium. A good orchestra will be engaged and punch served at each dance.

The week-end excursions will begin with a visit to Bar Harbor on Saturday, July 14. These are all-day trips made in large automobile buses, with dinner and supper eaten along the route. Other trips are scheduled to Castine and Blue Hill on July 21 and to Belfast and Camden, with a lobster supper at the Searsport lobster pound, on August 4. The excursion of greatest interest is usually the two-day trip to Moosehead Lake and Mount Kineo, leaving Orono Saturday morning, July 28, spending the night, after a sail up the lake, at the famous Mount Kineo House, and returning to the campus Sunday night.

A series of mid-week evening lectures is also being arranged for, and vesper services will be conducted in the chapel on Sunday afternoons. It is expected that President and Mrs. Boardman will repeat their delightful informal afternoon reception of last summer to the summer students and faculty.

Tentative plans have been made to bring the Jitney Players, one of the most individual and talented troupes of traveling actors in the east, to the campus for a performance during the last week of July. These players bring their own automobile stage, seats, lights, and equipment, and present out-door performances of a very high order. The Public Speaking department will also offer a program of one-act plays by the play-producing class toward the end of the session. Play-lovers are also enabled to make frequent trips from Orono to Lakewood during the summer, for the performances of the noted Lakewood Players.

The culminating event of the season is the Summer Session "Commencement," on the Friday evening preceding examination week, when mock degrees and honors are conferred upon fortunate and unfortunate professors and students, greatly to the amusement of their fellows. This is held out of doors and provides a fitting conclusion to the social activities of the session.

The committee appointed by Governor Brewster to make a survey of higher education in the state will meet at Brunswick, May 8. This committee is made up of the presidents of the four Maine colleges, Dr. Augustus O. Thomas, State Commissioner of Education, the principal of Farmington Normal School, the president of the Maine Teachers' Association, and

Cow Merits Existence Despite Odd Handicap

Another university bossy has come into the limelight. This time it is Pogis Pretty Lassie, a five year old bobtail Jersey cow.

When this unusual animal was born in February, 1922, Oscar Sanborn, who was then herdsman, and now a prominent livestock breeder in the state, suggested that she be disposed of because she had no tail, whereupon Professor Corbett dissented for her pedigree indicated that she should be a good producer. Other than having an abbreviated tail she is normal in every way.

Thus far she has dropped four calves, all of which have been perfectly normal. She has just completed an official record as a five year old of 640 pounds of butterfat from 11,100 pounds of milk. While this record is by no means an outstanding one, since it does not even approach the university herd record for Jerseys, yet it is much better than the total production of two average cows in the state and very nearly equal to the total production of three average cows, both in butterfat and in milk.

In commenting upon this cow, Professor Corbett and Howe W. Hall, instructor of animal industry, who is in direct charge of the herd, both state that while they had heard of and seen many other kinds of freaks, such as calves having two heads or six feet, they had never seen nor heard of a cow being born tailless.

Northfield Conference Will Be Held June 15-23

The Northfield student conference, to which all the colleges in New England send representatives, will be held this year from June 15 to June 23.

The program includes platform addresses by the best men in religious and social fields. A series of informal talks on life work will be given each evening on famous "Round Top" overlooking the Connecticut valley.

Athletics will also have their place in the conference. Each afternoon will be devoted to sports, including track, tennis, swimming, touch football, and baseball, under the guidance of Coach Wood of Wesleyan.

Several men have expressed their interest in the conference, and as Maine's quota is 25, those interested in going should see "Bill" Wilson at once for further particulars. Don't let this chance go by without taking advantage of it. It may mean everything in your life; it will certainly mean much!

The University of Maine Appointment Bureau which is conducted by the Department of Education is busy at all times placing University graduates in teaching positions throughout the State of Maine.

Recent appointments are: Miss Helen Benner who was graduated in February, has a position at Easton, Maine, for the rest of the year.

Mr. Lucien French, a graduate of the College of Technology this February, is teaching Science and Mathematics in Houlton High School.

Mr. Neil Bishop, who was graduated from the College of Agriculture at the close of the fall semester, is principal of Brownville High School for the remainder of the year.

Mr. Merrill Dewey, University of Maine '27, obtained a position in Jonesport High School this February teaching Latin and English.

At the present time the Bureau has several vacancies which it is endeavoring to fill.

There have been many questions asked about the construction of the new gymnasium, and when it would be started. The students may be pleased to learn that the Executive Committee of the Alumni Council is hard at work on this question. The committee held a meeting last week in Bangor. In order to speed up time for the construction of the new gym, the committee has put two men on full time, at the job of interviewing the people who still owe money for the fund. A big percentage falls due on the 1st of June. If it is encouraging at that time, they hope to get the foundation in next year, or perhaps this fall, although this is an optimistic report. At commencement the chairman will make a full report, the nature of which will determine what step will be taken towards the construction of the new gym.

Mrs. Arthur Staples of Lewiston. President Kenneth C. M. Sills of Bowdoin is chairman of the committee.

READ 'EM AND WEEP

The ethical significance of primitive philosophy might be stated thus: *Spirits* were to blame for the conduct of man. And to-day we see survivals of those old primitive ideas!

The rain, though raining every day
Upon the just and unjust fella,
Falls chiefly on the just—because
The unjust has the just's umbrella.

Remember all those college girls who said they wouldn't marry Lindy? We wonder what one of them would do if he really asked her! (Of course, none of them are at Maine.)

If you get an idea treat the little stranger tenderly.—Advice to students from Mr. Terhune.

Congratulations, you who used to be Frosh. Now's your chance to take out that co-ed friend. But if this weather continues it's "ten to one you kiss her in the Rain, Rain, Rain."

A new song hit—"There'll be more stars in Bangor to-night." Introducing the musical co-eds now singing at the Maine Festival in the Queen City.

Buck Foster, a bland Theta Chi
Got tired of living a lie
So he finally confessed—
With a wife he is blessed.
Deceitful Buck Foster—oh my!

A College Student's Sonnet à la fraternity life.

When I consider how my time is spent
As o'er this university I roam,
With not one talent, though I do write
home

To tell them of my work, my soul more bent

To get my poor old governor to present
Me with a check, lest penniless I become,
Deprived of drinks that spurt and fizz
and foam,

I fondly ask but practice to present
My cribbed account in class; at morn I cry
"What ho! Shall not my prof more
lenient be,

When weary from my party night before,
I answer to that murmur which says,

"Try
To sleep those cocktails off, my boy."

With glee
I lie abed and cut—ah! just once more.

And McGowan continued to lead a double life in spite of Sophomore (H)owls.

Seniors wishing to learn the technique of carrying the cane, call "Doc" Pierce. Phi Eta Kappa House. Instruction free.

Tho the members of the Maine track team and the new-type freshmen are feeling pretty happy this week, the three freshman co-eds who are free once again are much happier.

It is reported that on the Glee Club trip, a gang of school boys in Houlton snow-balled Tom Harvey's new derby. He was finally forced to put the "iron hat" under his coat and run.

A prominent sophomore, mistaking the Masque advertising signs for freshman battle warnings, proceeded to destroy all those posted on the campus.

"Rise and shine" was the battle cry of the freshmen last night, but Breton's clipped head was the only shining element.

If you don't like these jokes and think you know some better ones, send them to Box 49, Campus postoffice.

L. T. Ibbotson Succeeds Librarian Walkley

Louis T. Ibbotson, present assistant to the librarian of the Rochester, N. Y. public library, is to succeed Raymond L. Walkley as librarian of the University of Maine, it was announced today by University administration officials. Mr. Walkley will become librarian at Tufts College, Medford, Mass.

Mr. Ibbotson prepared for college at Utica Free Academy, Utica, N. Y., and was graduated in 1922 from Hamilton College, Clinton, N. Y., with the degree of B.A. He studied at the University of Munich in Germany in 1922-23, and at the New York State Library School from 1923 to 1925, receiving the degree of B.L.S. from the University of the State of New York in 1925.

The University of Maine's new librarian began his work at Duke University, where from 1925 to 1927 he was reference librarian, coming to the Rochester Public Library in 1927. He is a member of the American Library Association, the North Carolina Library Association and the New York Library Association, and has contributed articles to the Library Journal and the North Carolina Library Bulletin.

The M.C.A. deputation team, accompanied by Clifford Simpson made a trip to Pittsfield last week-end. Those on the team were Sylvia Gould, Josephine Hartwell, Charles O'Connor, Reginald Wilson, and William Wells.

Walter A. Danforth, treasurer of the Bangor Savings Bank, was nominated a member of the Board of Trustees of the University of Maine by Gov. Ralph O. Brewster last Friday. Mr. Danforth will succeed E. B. Draper, who was not a candidate for another term.

The Maine intercollegiate track and field association selected the following officials to conduct the annual championship meet of the association, which will be held on the Bates College field, Saturday, May 12. Referee, Maj. Frank E. Lowe, Portland; starter, Hugh McGrath, Boston Athletic Association; clerk of course, Benjamin B. Osthuus, Armory A. A., Boston; chief judge at finish, Roger V. Snow, Portland; chief judge of field events, Frank McGrath, Boston Athletic Association; chief scorer, Ray Shaw, Lewiston.

The University of New Hampshire has taken a drastic step to raise its scholastic standing. At the end of the fall semester 100 students were dropped because of too low grades, and the surprising part is that the reinstatement committee absolutely refused to reinstate a single one of the 100

who had "flunked" out. In the last few months the faculty has taken other steps beside dropping low ranking students. There are rumors of higher average being required for completing the University course, and also a new plan for a junior and senior college in the Liberal Arts branch. They are especially strict with the freshmen, and plan to weed out the inferior students early in their college course.

"Money in Oil," a three-act play will be presented by the advanced class in play study next Wednesday evening in 275 Arts. The students taking part are Harold McLaren, Moses Nanigian, David Kingman, John McGowan, Maurice Wheeler, Lucille Buckley, Carlita Mutty, Arlene Palmer. Admission 25 cents.

Blindfolded . . . in scientific test of leading Cigarettes, Princess Paul Chavchavadze selects OLD GOLD

"I was much intrigued by the invitation to make a blindfold test of your leading brands of American cigarettes, to see how they compared with each other and with those I had smoked abroad. Could one really taste the difference? I wondered.

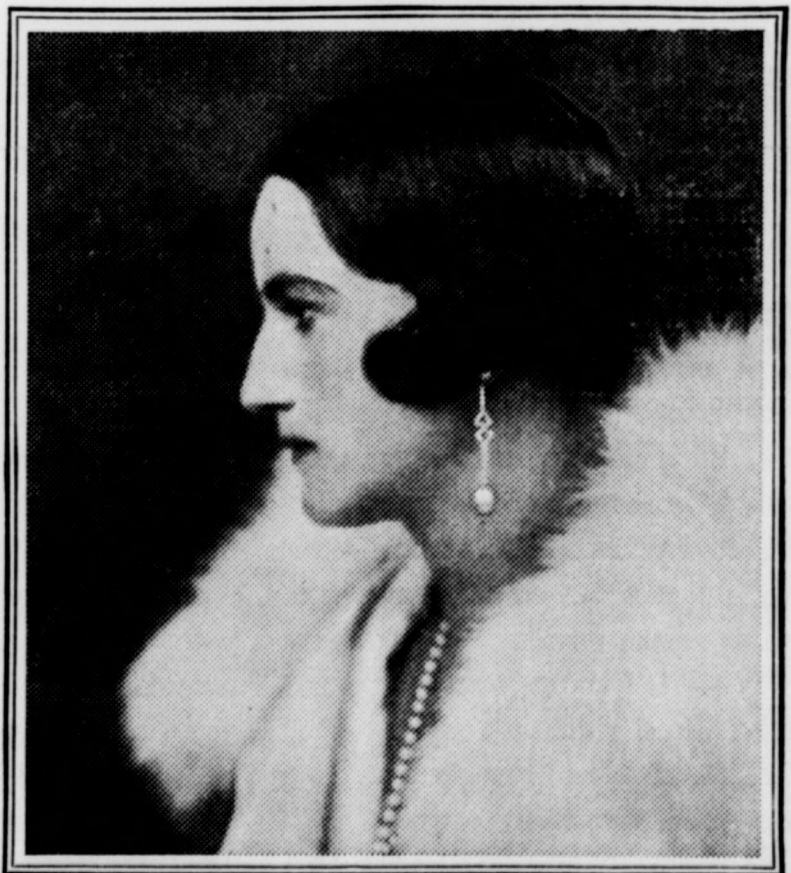

"But when I was handed these cigarettes, one by one, I realized at once that there was a difference and that the test was conclusive. One cigarette was so much more appealing, so much more delicate in flavor. Oh, and so much smoother!

"When the test was over and I was told that the cigarette of my choice was OLD GOLD I understood at once why this cigarette is so popular among my American friends."

Nina Chavchavadze

© P. Lorillard Co., Est. 1760

PRINCESS PAUL CHAVCHAVADZE, Sister of Mrs. Wm. B. Leeds

How Test Was Made

Subject was blindfolded, and, in the presence of two responsible witnesses, was given one each of the four leading cigarettes to smoke. To clear the taste, coffee was served before each cigarette. The Princess was en-

tirely unaware of the identity of these cigarettes during test. After smoking the four cigarettes, the Princess was asked to designate by number her choice. Without hesitation she replied, "No. 3"... which was OLD GOLD.

SMOOTHER AND BETTER - NOT A COUGH IN A CARLOAD

**JUNIOR WEEK EXERCISES OPEN
FRIDAY MORNING**

(Continued from Page One)

Junior Week draws to a close with the Track Club Cabaret Saturday evening in Alumni Hall. A feature of the entertainment will be the Follies Chorus in their performance of the Varsity Drag and the Floradora. Priscilla Sawyer, Katherine Marvin, Eunice Jackson, Margaret Fellows, Edna Bailey, Viola Purinton, make up the chorus.

The complete program for the week is as follows:

THURSDAY, MAY 3
8:00 P.M. The Maine Masque presents Channing Pollock's "The Enemy"
FRIDAY, MAY 4
11:00 A.M. Junior Chapel
8:00 P.M. Junior Promenade
SATURDAY, MAY 5
10:00 A.M. Annual Interscholastic Track Meet Trials
2:00 P.M. Annual Interscholastic Track Meet
8:00 P.M. Track Club Cabaret
The committee in charge of Junior Week is composed of "Bill" Hartley chairman, Beatrice Bryenton, "Ed" Mer-

rill, "Bob" Parks, and Harold Brown. The "Prom" committee consists of Emory Kidlon, chairman, Priscilla Sawyer, "Dick" Fitzmorris, "Lanky" Lancaster and "Tommy" Lawler.

Javelin—Won by Twombly (M); second, Stirling (P); third, Peterson (P). Distance 131 ft. 2 in.

Campus Notes

George Raye was awarded the prize, a gold watch chain, for the best essay delivered at the Tau Beta Pi initiation held in Wingate Hall last Wednesday evening.

Following the initiation the party went to the Bangor House where a banquet was served. Dean James S. Stevens was toastmaster. The speakers were Clarence Flint, president of Alpha Chapter of Maine, who spoke for the members of the fraternity, and Gordon Smith who spoke for the initiates.

The chess club which has been formed among the members of the faculty held its first tournament Sunday evening. Dean Cloke and Mr. Fasset played two games, each winning one. Major Glover and Dean Stevens each won one game, and Captain Vermette won both his games from Professor Chadbourne.

Major Glover was the originator of the club and is at the head of it.

Several blank pistol shots were fired at a nocturnal visitor from off campus who tried to enter North Hall, presumably to visit a co-ed, after hours Tuesday night, by a member of the Sigma Nu fraternity. The man was under the influence of liquor and caused quite a disturbance for a short time.

The trouble started when the university night watchman tried to drive him away. This commotion brought several Sigma Nu boys to the scene, one of whom fired the shots which caused the night owl to abandon his visit and disappear into the darkness, probably thanking his lucky stars that the one who shot at him had a poor eye.

"Yea! we're free," yelled 1931, following the annual rising night rope pull held last night. A sack of rotten eggs, spirit, and overwhelming numbers gave the frosh an easy victory over the sophs. After both classes got "all wet" in the not so hot Stillwater, they proceeded to Orono where a huge bonfire in front of the town hall dried clothes and held up traffic for about an hour. "Crashing the gate" at the Strand Theater closed the program.

Thirty-one is all ragged out to-day, knickers, bow ties, etc.

The Y.W.C.A. will sell roses for the Junior Prom at the book-store Friday, May 4. These roses are of the best coloring and beauty obtainable and they are to be sold at the incredible price of \$1.25 per dozen. Corsages for the same price, i.e., \$1.25 each.

The State series baseball game between Colby and Maine, which was to be played yesterday, was postponed because of rain.

**Dr. Anna Mill's Volume
Published in Edinburgh**

Dr. Anna Jean Mill, assistant professor of English in the University of Maine is the author of a notable work on the Scotch drama recently published in Edinburgh. The volume bears the title *Mediaeval Plays in Scotland*, and is the revision of Miss Mill's doctoral thesis at St. Andrews in 1924. Miss Mill's treatment of this subject, although bearing evidence of an enormous amount of research is nevertheless written in an effective and interesting manner. The History is remarkably full and satisfactory in view of the scattered and often fragmentary condition of the source material.

Dr. Mill's home is in Dundee, Scotland. After being graduated from St. Andrews University at Edinburgh, she did graduate work there, at the University of Oxford, London, and Radcliff College. She was appointed Assistant Professor of English at the University of Maine in 1926.

Two victrola parties were staged in Balentine last week-end. On Friday evening the Phi Mu girls held a dance and eating contest, and on Saturday evening the non-fraternity girls put on a similar affair. Both affairs were decided successes.

PORTLAND HIGH SWAMPED BY FRESHMAN TRACK TEAM
(Continued from Page One)

3rd, Kehoe (M), M. O. Lilger (MIT). Height 5 feet 7 inches.
16 pound hammer throw—First, E. F. Black (M); second, Wilcutt (MIT); third, P. D. Crout (MIT). Distance 155-11.

When Dad was a "Modern Youth"

BICYCLES, stereopticon lectures, and the "gilded" youths with their horses and carts; at night the midnight oil burning in student lamps while the gas lights glared and flickered across the campus—the gay nineties when Dad was in college seem primitive to us to-day.

Now it's sport roadsters, the movies, and radios. At night the MAZDA lamp replaces the midnight oil in dormitory rooms, while modern

street lighting sheds its friendly glow over the campus.

Without electricity we would have none of these improvements. To-day's marvel of electrical invention becomes to-morrow's accepted utility. In the coming years, by taking advantage of new uses of electricity you will be able to go so much farther that the "tearing twenties" will seem just as primitive as the "gay nineties".

Scientists in the research laboratories of the General Electric Company keep G.E. a leader in the field of electrical progress. Skilled G-E engineers develop each latest invention. The G-E factories carry out the engineers' designs with high-quality material and expert workmanship.
