R. O. T. C To Take Part in Old Town Memorial Day Parade

The annual Memorial Day Parade of the University R.O.T.C. corps will be held in Old Town next Wednesday afternoon. The assembly at the Indoor Field will take place at 12:30 P.M. and trolley cars will transport the men to Old Town. The parade will start at 1:30 P.M. and the Memorial exercises will be held at Forest Hills under the direction of the Tedd-Lait post of the American Legion. The Maine band will accompany the cadets.

Commencement Program Is Issued; All Students Are Invited To Remain

Baseball Game and Student Hop Are Added Inducements To Undergraduates

Exercises Start June Seventh

Commencement this year will be held from June 7-11. In the past, many of the students have not stayed for Commencement, giving the campus a deserted appearance to parents and friends of the graduating class. In order to have something going on which would induce the student body to remain for these exercises, a Student Hop will be put on, on Friday night, and an Alumni Hop, which is informal, on Saturday evening. The All-Maine Women will present a pageant.

An added feature this year will be a baseball game between the varsity and the Newport Training School. This is the first time in many years that there has been a real baseball game during Commencement. There will be a band to play for the baseball game and other happenings. A large number of Alumni have expressed their intentions of coming back for Commencement, and it is hoped that a great number of the students will remain for the exercises. The program for this year is as follows:

THURSDAY, JUNE 7

5:00 P.M. Phi Kappa Phi Initiation
6:00 P.M. Banquet Phi Kappa Phi
7:45 P.M. Masque Play, Chapel,
Alumni Hall, "The Enemy"
9:00 P.M. Open house at fraternities

FRIDAY, JUNE 8

Juniors Add Volley Ball Title to Other Victories

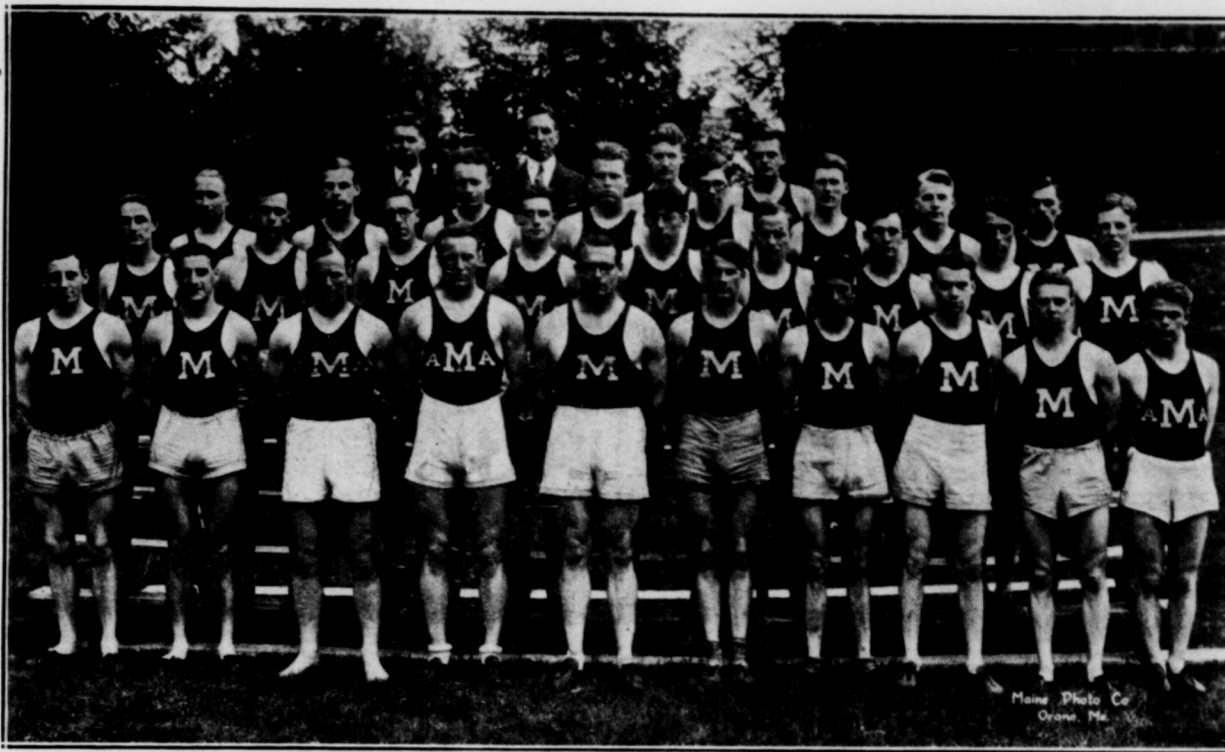

The volley ball tournament is over and the Juniors are again interclass champions. For winning this event, they receive five points toward the shield which will be awarded by the physical education department at the end of the year. The sophomores, winning second place, receive three points, and the freshmen, one. The juniors now have 18 points toward the shield, the sophomores and freshmen, seven each, and the seniors, four.

Before the close of the tournament the seniors were eliminated, and the other classes were tied. It was necessary to play extra games. The teams draw lots as to who should play, and the sophomores drew the "bye," that is, the juniors were to play the freshmen, and the winners, to play the sophomores.

The scores of the junior-freshmen games were 21-13 in favor of the freshmen, 21-14 and 21-9 in favor of the juniors. The juniors as winners played the

Track Champions of State of Maine and New England

Superiority In Field Events Enables Maine Team To Win New England Championship Again

Black, Thompson, Richardson, Gowell, Harding and O'Connor Gather Thirty-one and Three-fourths Points; Holy Cross Finishes Second and Bates Third

Superiority in the field events enabled Maine to retain its New England intercollegiate track title in the Meet at Technology Field, Cambridge, last Saturday. By winning 31 3/4 points, while Holy Cross who finished second gathered 26, and Bates which took third honors won 18, Maine added a second leg on the eight year cup. Five first places, two second places, and a tie for a third were the means of giving Maine the distinction of being the leading New England school in track.

Harry Richardson turned in a fine performance in winning the two mile race with comparative ease against a strong field. The race was packed full of thrills at the finish when R. A. Mead of Wesleyan came up from the rear, took second by passing Wardwell of Bates, and made a futile attempt to pass Richardson.

The Maine runner's time on the wet track was 9 minutes, 50 4/5 seconds.

Rip Black contributed eight points to Maine's score by taking a first in the hammer throw and a second place in the javelin event. His throw in the hammer was 132 feet, 4 inches, 2 feet farther than that of the runner-up, Bruce of Rhode Island. A toss of 168 feet, 2 inches in the javelin throw gave him a second place.

Captain Thompson of Maine won the shot put with a throw of 44 feet, 4 inches, 2 feet farther than the second best throw. Gowell's heave of 132 feet, 4 inches in the discus throw added another five points to Maine's total.

Beckler and Harding, Maine's star pole vaulters tied for first honors in the pole vault with the bar at twelve feet. C. E. O'Connor tied for third place in the run-

ning high jump, clearing 5 feet 9 7/8 inches.

Colby and Bowdoin finished in the summary with 6 3/4 and 6 points respectively. Charley Sansone of Colby won the 100 yard dash in 14 3/4 seconds.

New Hampshire. Wakeley of Bates took first in the quarter mile, while his teammate Chapman, star freshman runner, carried away the honors in the half mile run.

The meet being held in a steady drizzle of rain, only one record was broken. Collier of Brown lowered the mark in the 120 yard high hurdles when he turned in the fast time of 15 seconds for this race.

Pale Blue Sends Seven Men To Intercollegiates

Maine will be represented in the Eastern Intercollegiate under the auspices of the I.C. 4A. at the Harvard Stadium in Cambridge next Friday and Saturday by seven athletes. The men who will be entered are Black in the hammer throw and javelin, Thompson in the shot put, Gowell in the discus, Harding and Beckler in the pole vault, and Richardson and Cushing in the two mile race.

The best of American college athletes will compete in this meet, and it promises to be one of the most interesting and

Brice's Pastimers Drop Two Weird Home Games

The Connecticut Aggies took the Maine baseball team over 9 to 8 last Thursday, in an eleven inning game. Pat Peakes pitched a sterling game of ball for six innings but had little support from his team-mates. Maine made many and costly errors. Wass did a good job for the remainder of the game, but the damage had been done and the errors could not be rectified. Jim Buzzell went on a spree, socking the ball for a home run with two men on, and two pretty base hits, showing plenty of speed in getting down to the first sack. Lathrop played a good game at center field, making some pretty catches which robbed the Aggies of several runs. Stewart and Plummer also played a smooth game for Maine.

In one of the oddest games seen here in many years, the Maine baseball team was overcome by the snappy University of New Hampshire club last Saturday. At times, both teams played a brand of baseball which one would expect to find in the sand lots but on other few occasions it was a lively game. It was quite a hitting contest, with New Hampshire chalking up thirteen runs to Maine's five. Five home runs were made during the game, three going to New Hampshire and two to Maine. Taft and Goudy pitched for Maine while Clement and Slayton hurled for the Granite Staters.

The freshman baseball team took a jaunt to Durham last Friday only to be beaten by the New Hampshire frosh 13 to 4. The weather was quite unfavorable and the game lasted only seven innings.

Truck Drivers Win W.A.A. Meet; Co-eds Walk Home

At the Track Meet which took place on the W. A. A. Picnic on Saturday, May 19, the Sophomores were victorious. The team, composed of but two members, Rachel and Rebecca Matthews, placed in every event. The Juniors came in second, and the Freshmen were last.

Besides the meet there were several other features of the picnic. Baseball and swimming were enjoyed in the morning and a delicious lunch was served. After the Track Meet the girls were given an introduction to Soccer by Miss Rogers.

At four o'clock, the girls left the picnic grounds, only to find that the drivers of the truck that awaited them were indisposed. Consequently, the athletes were forced to show their sportsmanship by walking home.

Final Chapel of Year Honors Students of High Scholastic Standing

Scholarship Awards Made To Winners In Various Fields of Study

Professor Creamer Is Speaker

The last chapel exercises of the year, held Monday morning were devoted to scholarship recognition. It seems fitting that there should be a special occasion for public acknowledgement during the school year of scholarship and prize awards just as there is for awarding of letters and such things in athletics. At this time President Boardman announced

The program opened with an organ prelude, invocation, the singing of the University Hymn and the Lord's Prayer. Then Professor W. J. Creamer gave an address on "The Hero as a College Student." President Boardman announced the following awards:

CHAMPIONS

We have nearly completed another year, and, as we look back and examine our athletic record we can justly feel proud. Our cross-country team won the championships of Maine and New England and took third place in the National Meet. Our football team won the New England Conference championship, piled up one of the largest point totals in the East, and tied with Colby for the State championship. Our relay team enjoyed a successful season. Our basketball team had an average year. Our track team won decisive victories in both the State and New England Meets. Our baseball team, handicapped by a dearth of pitchers and veterans, has played a fair game, losing most of its encounters by one or two runs. What university or college has made a better record? What is the reason for our victories? Frank Kanaly and Fred Brice say that cooperation is one of the most desirable elements of success in athletics. They are the men who know. Let us endeavor to instill a spirit of cooperation in a few more of our relationships at the University in the years to come. One can easily see that it is necessary.

COMMENCEMENT

The members of the class of 1928 have only a few more days at Maine. They will then go forth to strange fields of labor and will attempt to apply the knowledge which they have obtained during the past four years. Some will be glad to leave—they have been dissatisfied; others will hate to realize that their college days are over. They will all miss Maine and its memories, tho some will refuse to admit it. Yet they are all leaving and we believe that it would be a fitting tribute to the men and women of the class who have done a great deal for the University if a large number of underclassmen should stay for the final exercises.

Stay for Commencement!

SUMMER SCHOOL

By the end of the month of June many students of the University will discover that they will be unable to secure summer work. We recommend that those students who can afford to attend the Maine summer session take advantage of the opportunity. They will find that the gain will be greater than the expense. The Maine summer session is now recognized as one of the best in the East and its faculty, courses, and general atmosphere make it well worth attending.

IGNORANCE?

The R.O.T.C. held a battalion parade on Alumni Field last Saturday morning. Many student spectators were in the grandstand. As the colors were carried down the field, more than one-half of these onlookers failed to pay it any sign of respect. Is this ignorance or just lack of patriotism?

BANANAS

The student body is wondering if any generous soul will present the University with a Bananas before the fall athletic season opens. Here is an opportunity for some alumni or student organization to help the spirit of the followers of our teams. There are several student groups which are financially able to buy a bear, and we are sure that many others will be willing to provide for its maintenance.

THE COLBY FIRE

As a result of the report that the recent fire in the gymnasium at Colby College was set by students, many alumni have withdrawn their pledges of financial support for the proposed athletic building. Investigation by college authorities and Waterville officials has disclosed no trace of incendiarism by students.

We wish to express sympathy to Colby for the unfortunate occurrence and the unjust publicity given the incident. Maine has also suffered from press reports in the past.

FINALS AND FAREWELL

This is the last *Campus* which the larger part of the student body will receive. A Commencement issue will be published for the benefit of

CORRESPONDENCE

To the Editor of The Campus:

May I appeal through your columns for the kindly support of the student body for the newly organized Orono Public Library and Community Center Corporation?

As may more or less be known on the campus this duly incorporated body proposes to take over the old Congregational church, repair and alter the main auditorium and vestry to best adapt them for general public use and for enlarged and improved quarters for the town's library. At the end of a series of years, the property, free of all incumbrances and generally improved, will be turned over to the town.

To assist in defraying the initial expenses of the organization, a generous percentage of the receipts from the movie production of "Her Wild Oat" at the Strand Theatre on Thursday, May 31, has been offered by Messrs. Goldsmith and Owen and the advanced sale of seats for the three shows on that day is now on.

The admission will be 35¢ for each performance but in addition to seeing a fine show in which Coleen Moore appears at her best, each coupon of admission properly filled in will entitle the signer to 25¢ credit on associate membership in the corporation or for every four signed in one name a fully paid membership certificate will be made out.

The coupon tickets of admission, different colors for each performance, may be had at the several dormitories and fraternity houses or at the Campus post-office in Alumni Hall. As only the seating capacity of the house will be sold for each performance, it will be wise to get yours before the 31st.

those present at the exercises. The *Campus* wishes the students luck with their finals and a pleasant vacation, and hopes that they will return to the University next fall prepared to settle down to their duties once again. At this time we, as students, wish to bid farewell to those members of the faculty who will not be with us next year. They will be missed.

Campus Notes

The members of Philosophy 2 and faculty members imported for the occasion were recently regaled with a lecture by a peripatetic philosopher from Brown University, Dr. Charles Baylis. Drawing his illustrations from the whole family of the sciences, Dr. Baylis presented an acute analysis of that much-discussed concept in contemporary philosophy, the idea of *emergence*, pointing out some of the logical pitfalls to which the application of the idea is exposed. It is devoutly to be hoped that the traveller's next itinerary will again include Orono.

Delta Sigma Mu will hold its initiation banquet at the Commodore Hotel, Bangor this evening.

George Ankeles, David Fuller, Asa Wasgatt, and Edward Greely will be initiated.

The girls' debating team will be the guests of Delta Sigma Mu at the banquet.

Phi Sigma will meet at 30 Coburn Hall this evening at seven o'clock. Professor Young will be the speaker.

George "Mike" Coltart was again elected president of the Athletic Association at the second election which was held Tuesday.

The other officers are as follows: Charles E. O'Connor, vice-president; Fred Hall, secretary; and Roderic O'Connor, senior member.

Due to a misinterpretation of the constitution, the co-eds were not allowed to vote in the first election, making it illegal.

The M.C.A. is conducting a campaign for old clothes which will be used for charity purposes. Any discarded clothes will be kindly welcomed by the association.

WANTED—A 1925 *Prism*. See Registrar or Miss Weed.

George "Mike" Coltart was elected president of the Maine chapter of Tau Beta Pi at a meeting held at Wingate Hall Tuesday evening. The other officers elected were as follows: vice-president, John B. Ames; recording secretary, Archibald V. Smith; corresponding secretary, Roderic O'Connor; treasurer, George Raye.

Dean Paul Cloke was reelected faculty advisor.

Coltart was chosen as delegate to the Tau Beta Pi convention to be held at St. Louis in November.

Roderic O'Connor and George Coltart were initiated at this time.

At the final meeting of the year, held May 22, the Circulo Espanol elected the following officers:

President, Erma White, '29; Vice-President, Phyllis DeBeck '29; Secretary, Goldie Modes, '31; Treasurer, William Wells, '31; Social Committee, Dorothy Mayo, '30, Evelyn Winslow, '31; Membership Committee, Parker Spear, '31, Germaine L'Heureux, '31.

Kappa Gamma Phi, honorary journalistic fraternity, is to have a chapter at Colby College. The men at that institution who are interested in journalism have expressed willingness to become members of the society, and they will be installed this spring or next fall.

Kappa Gamma Phi is now made up of those men at the University who are actively engaged in the publication of the *Campus* and *Prism*. The officers for the coming year are: President, George F. Mahoney '29; Vice-President and chairman of Journalistic Conference, Donald H. Small '29; Secretary-Treasurer, Orville T. Swift '29.

A letter recently received from Helen Vrooman, a Maine girl in Turkey, states that the recent earthquake has been exaggerated in this country. One hundred people were injured and fifty were killed in Smyrna, while the college suffered damages amounting to three thousand dollars.

READ 'EM AND WEEP

We weep—when we think of the poor souls who majored in History to escape English major exams. Dr. Colvin is introducing major exams in the History dept. next year.

Messrs. Patrick Peakes, Gordon Walker, Otto Swickert, Mose Nanigian and Sherman Rounselle wish to have it made known that they did not write the anonymous letter published in last week's *Campus*. As far as we have been able to find out every member of the senior class has been interviewed but not one of them knows who the author is. 'Squeer.

Wouldn't you cry if you thought you were going to pass military after several years—and then failed? Pray that no one will flunk.

Now is the time to prepare your cribs for finals. They are wonderful helps—until you're caught.

See the little bed-bug?
Is he yours or is he mine?
No, he isn't either one;
He lives in Balentine.

Notice—Daily instructions in swimming on banks of Stillwater. Classes co-educational—expert training. Address Larry Murdock, Beta House for further information.

SUNDAY SPECIALS

1. Men wear bathing suits
2. One girl privileged to get special training after other pupils have left. (This feature may cause Civil War among the co-eds.)
3. Special Sunday lunches for teacher's pet.

We suggest that in the future the Women's Athletic Association provide its picnics with roller skates—or kiddie cars. It's a long walk home.

From the pen of Philip Marsh

There was a young flirt at Mt. Vernon
Who spent little time at her learnin'
Her principal joy
Was ogling some boy
From the dawn 'till the hour to turn in.

Near by at the Phi Eta Kappa
A rough-neck had noticed this Flapper
She wiggled her eyes
But to her surprise
This fellow proceeded to slap her.

And then when this fellow subdued her
She came like a prowling intruder
To capture his heart
With her slinky art
With which the spanking imbued her.

They married, this son and this daughter
And eloped far away to Stillwater
Where, the story is told
She left the boob cold
Just after he thought he had caught her.

"Oil will not be well along the Yangtze" because "Pete" Swickert is going to China in the interests of oil. Now, Pete, you're a citizen of the United States, so don't do anything to shame your country. And remember the old American adage "Tea and oil do not mix!"

We read, the other day, about an absent-minded farm hand who ate with his fork. Then, of course, there is the absent-minded co-ed who was on time for a date.

Maine and Colby will meet in a series baseball game next Saturday afternoon.

Trade followed Commodore Perry's flag into Japan. Today, as Bell System pioneers develop their service, trade follows the telephone.

In advancing the art of telephony, there are still plenty of doors to open, plenty of new steps to take.

What apparatus will meet some newly-arisen condition in serving the sub-

scriber? What are the machines and methods to make it?

How can the value of long distance telephony be best presented to industry, and the great potentialities of this service developed?

These questions and many like them point the way to fields which still leave ample room for the explorer.

If you vibrate to quality, you'll gravitate to P.A.

Quality sent P.A. to the head of the class

YEARS ago, P.A. showed a clean pair of heels to the field of smoking-tobaccos. It has maintained its lead ever since putting more distance behind it every year. There must be a reason why P.A. is the world's largest-selling brand.

There is! Open a tidy red tin and get a full breath of that class-by-itself fragrance. Then tamp a load into the bowl of your pipe and light up. The first pull tells you why more men smoke P.A. than any other brand. Cool and smooth and mellow and mild—not for one pipe-load, but always. Try this long-burning tobacco, Fellows. You'll say so!
