Maine Will Tackle Bowdoin After Emerging From Scoreless Battle Of Mud With Waterville Mule Team

Buzzell, Coltart, Black, Gray, Lynch, Noddin, and LaPlante Will Don Uniforms For Last Time In Defense Of Their Alma Mater

Battle At Brunswick Expected To Decide Several All-Maine Berths

Two wild, fighting Bears will clash this Saturday in the most colorful football game played in the State of Maine, on Whittier Field, Brunswick. Both Bowdoin and Maine are at top form and the natural rivalry between the two will bring out the best football in each team. Many of the players are seniors who will be playing their last game of college football so will be playing the best they know how.

With Rip Black making spectacular catches of passes thrown by Lymie Abbott and Jack Moran in practice sessions this week it appears that this worthy will have a busy day at Bowdoin. Most of the

from Abbott who was at a loss without his usual passing game. Jack Moran did most of the real ground gaining for the Bear, slipping loose for several long gains. Mike Coltart's driving power al-

ZAKARIAN AND WASGATT, Centers

famous Brice plays worked upon for the State Series are still untouched as Maine did not have to dra against them to beat Bates and the wet fields prevented their use against Colby. The past week has been spent in drilling on these plays so that they are in perfect form now. Long dummy scrimmages and signal practices have been keeping the men in the pink for the last game of the season.

Captain Buzzell sent the squad through a short scrimmage on Wednesday afternoon and the team looked especially good on passes. Black caught several 25 and 30 yard passes from Abbott and Moran that would have resulted in touchdowns if worked in a real game. Maine should have a big day in the air if the field is in good condition.

Captain Buzzell, Mike Coltart, Rip Black, Sam Gray, John Lynch, George Noddin and Jack LaPlant will be playing their last game for Maine and will be going at top form. The eyes of the State will be turned on the Maine performers as this game just about decides several All-Maine berths.

Maine's lineup will probably be about the same as the last two games although Sam Gray and Bill Gowell may get the starting tackle assignments over Horne and Lynch. These four huskies can stand with the best of them and would strengthen any club.

Colby Game

Playing under conditions which were not made for football, the Colby football team held the Maine gridders to a scoreless deadlock in an ocean of squishy quagmire, normally known as Alumni Field, Orono, last Saturday. The prayers of the Colby team were answered in full while the Maine hopes were blasted into a thousand parts as the Maine offense is built upon speed, deception and passing. Even with a decided advantage in punting Colby failed to score although they made several close attempts. Maine was completely tied up by the weather man and although they threatened Colby's goal line three times they could not score.

The game was long drawn out from the frequent drying of the ball and it was a dreary, colorless contest with few flashes of brilliant playing as neither team could play real football. The periods of the last half were shortened to 10 minutes so the game could be finished in time for supper.

Captain Buzzell could not get his usual dazzling end runs started because of the sloshy footing but he did get away for a couple of long gains and a 15 yard pass

ways skidded him along for 2 or 3 yards. Both lines were playing under slushy difficulties and could not do much breaking through. The Maine linemen all played steady games.

Captain Scott was constantly a thorn in the Maine defense. His gains were the feature of the game although Donovan's punting stood out far above any that has been seen at Orono this fall.

Maine made 12 first downs and Colby made 8, although in the second half Colby could not make one. Colby rushed the Bear performers off their feet in the first period and Maine did the same, with many of them, in the third quarter. The

Frosh Eleven Defeats E.M.C.S.; Closes Season

The Maine Frosh proved themselves to be able seamen in the last game of their season by pulling through with a 6 to 0 victory over the husky team from E.M.C.S. on the soaked Alumni Field in the middle of a pouring rain here last Saturday morning. Neither team could play good ball because of the soggy footing. Both teams lost chances to score by costly fumbles of the slippery ball.

The Freshmen fumbled twice on the 5 yard line on what should have been touchdowns if the ground was dry. Sims, Riley and Rummaza tore off long gains while Fickett and Robins stood out in the line for the Frosh. Powell, and Connelly were consistent ground gainers for E.M.C.S. while the work of Bing Connolly at tackle was strong.

Bill Kenyon started most of the second string men who made a good showing but the first team was put in the game before the end of the period. Neither team could get the advantage in this period, both punting and fumbling frequently. In the second quarter Sims made a 30 yard run and Riley made another of 20 yards that paved the way for Sims to plunge the ball across the line. In the last half Riley got loose for a 40 yard run but was pulled down on the 10 yard line where the Yearlings fumbled the ball. Edwards of E.M.C.S., the dusky flash, made a run of 30 yards which almost resulted in a score but Jasonis pulled him down from behind.

Both teams had much potential strength that was kept in leash by the poor field although the E.M.C.S. line was very rugged it did not make such a good showing as the 1932 line.

Student Senate Will Probe Freshman Rules

The President of the Student Senate has been authorized to appoint a committee to investigate and make what suggestions deemed necessary to adopt concerning the present Freshman rules. This has come about in response to widespread student and faculty comments. The committee shall consist of two members each, representing—All Maine Women; Senior Skulls; Sophomore Eagles; Sophomore Owls; Women's Student Gov't; Men's Student Senate Ex Comm (5); Student Research Comm. (as appointed by Pres. Boardman) Dean Bean and Registrar Gannett.

Several groups on the campus have gone on record as being in favor of changing the present freshman rules. An example of the sentiment is the following letter:

To the President of the Student Senate, My dear Mr. Robey:

We, the members of the Sigma Alpha Epsilon Fraternity wish to go on record as unanimously in favor of a definite change or modification of the Freshman rules now in vogue on the campus. There has been considerable agitation concerning this subject, and we believe that a definite step is necessary. We have, therefore, instructed our delegate to vote favorably upon any action which may justly be termed a modification of the present Freshman rules.

Sincerely yours,
Sigma Alpha Epsilon,
by: Donald W. Brockway, Pres.

Skull Calendar Is Attractive This Year

The University of Maine calendar for the remainder of the year 1928 and the whole of 1929, which is arranged and published by the Senior Skull Society, was placed on sale Maine Night. It has been customary in the past to have the calendar appear in February or later but this year's Skull Society felt that a calendar which could be used for a longer time would be appreciated by students and faculty.

The 1928-29 calendar is larger than those published in the past and the expense involved in its printing is much greater than ever before. An attractive cover of dark blue with gold trimmings, with a small picture of the completed Gymnasium-Armory attached, is one of the new features. There are about twenty pictures, all but two of which have been recently taken; the new buildings on the campus—Rogers Hall and Crosby Hall—are shown. The football, cross-country, hockey and track teams are pictured, as well as the All-Maine women, Senior Skulls, and the present coaching staff. New photographs of Balentine and Hannibal Hamlin Hall complete the calendar. The work inside the cover is done in blue ink, which is also a new idea.

The calendars are on exhibition at the University Store and may be bought there or from the Skulls or All-Maine Women. The price is fifty cents. Five hundred copies were printed and they are selling fast. The calendars are not only useful to students and faculty but make splendid Christmas presents for friends and relatives.

Committee Comes Through at Eleventh Hour To Put New Gym Drive Over Top \$25,000 Fund Raised After Solicitors Engage In Squeezing Battle With Students

When the clouds were hanging low and the outlook not very rosy, 48 team captains and their solicitors together with the student Memorial Fund committee members firmly resolved at one o'clock Friday to put the job across before seven o'clock that night—And they did—by securing over \$4,000 additional subscriptions, making a total slightly in excess of \$25,000. All who attended Maine Night already know the unusual manner in which the announcement was made.

Because of the accumulation of work in the Alumni Office immediately preceding and during the student Memorial Fund Campaign it has been impossible to check carefully the subscriptions and publish a revised statement of the total contributed as well as the corrected list of team and individual subscriptions. This will be done however and as early as possible a final announcement made in a regular or special edition of the *Campus*.

To the Student Senate goes much of the credit for making possible the attainment

Student Body Votes To Forfeit Two Days of Christmas Vacation and Washington's Birthday In Order To Lengthen Thanksgiving Recess

Armistice Day, Washington's Birthday, and One Day From Christmas Recess Will Be Cut Next Year To Extend Turkey Day Furlough Five Days; Annual November 11 Parade Will Be Abolished Next Year

Board of Administration Allows Student Vote on Question After Student Senate Acts

Prism Board Editors Announce Associates

Announcement was made this week by Horton Flynt and George Ankeles, editor-in-chief and business manager respectively, of the appointments to the *Prism* board. Flynt and Ankeles were elected by the executive council two weeks ago.

Horton Flynt of Augusta, the editor-in-chief, is a member of Beta Theta Pi, Pi Pi Kappa pledge, and sports reporter for the *Campus*.

George Ankeles of Peabody, Mass., the business manager, is also a pledge of Pi Pi Kappa the honorary economics fraternity, member of the Student Senate, and of the Student Research Committee, a reporter for the *Campus*, and a member of Delta Sigma Mu, the honorary debating society.

Norwood Mansur of Augusta, the art editor, is a member of Sigma Alpha Epsilon.

Miss Edna M. Bailey of Wiscasset, is the literary editor.

James Ashworth of Orono, the athletics editor, is a member of Beta Theta Pi.

Pauline Hall of Kennebunkport, is the organization editor.

Harold M. Cutler, of Old Town, is the assistant business manager.

Richard Bradford of Carmel, the associate editor, is a pledge of Pi Pi Kappa.

Alumni Celebrate With Students On Maine Night

The annual Maine Night ceremonies were held Friday evening at the Indoor Field. A crowd of 1500 students and alumni attended and much spirit was noticeable.

The speaking program was made up of introductory addresses by President Boardman, and short talks by Prof. Corbett, Fred Brice, Buzzell, McNaughton, Jenkins, and Hartley.

The Maine band furnished music. A clever announcement of the result of the Memorial Gym Campaign was carried out by Bob Parks and Edda Bailey. A monster bonfire was ignited—one of the best ever seen on Maine Night.

Parties at the various fraternity houses and dances in Orono and Bangor completed the evening's entertainment.

The Inter-class Cross Country Run, held yesterday over the three mile Freshman course, resulted in a win for the Juniors. As in the Pumpkin Meet, the Freshmen placed second. The Seniors were third and the Sophomores last.

Maine Runners Victors Over Bates Harriers

Maine's great cross country team scored an easy victory over the Bates team, 17 to 44, Friday, Nov. 2, on Alumni Field. Coach Jenkins withheld Capt. MacNaughton from the race, not wishing to take any unnecessary chances with MacNaughton's sore leg.

HARRY RICHARDSON

Lindsay and Richardson, as in every meet this year, were again the individual leaders. They finished a quarter of a mile ahead of the next two men, Brooks and Caler of Maine.

Two Bates men were the next finishers, then came three more Maine men.

Summary:
1, Tie, Lindsay M, Richardson M; 3, Tie, Brooks M, Caler M; 5, Hobbs B; 6, Capt. Chesley B; 7, Mank M; 8, Stanley M; 9, Stinson M; 10, Jones B.

Frosh Hockey Squad Wins Twice By 3-2 Tally

The freshman hockey team cut another notch, the deepest of all, in their hockey sticks when they took over Bangor High at Broadway Park in Bangor Tuesday afternoon with a score of 3-2. This is the first time in six years that a Maine freshman team has defeated Bangor High.

The game was fast and furious all the way, with the ball mostly in Maine's territory. Time and time again Captain "Spud" Churchill of the "pale blue" tore loose and broke through the opposing backs with the ball. Lewis and Findlen showed up well, each with a goal to her credit. Had it not been for Maine's center-half, "Stubby" Burrell, Bangor would have scored many times.

In the second half Bangor began a short spurt of good teamwork and passing, and secured her only two points of the game. As a whole, however, her spirit of cooperation was inferior to that of the Maine outfit.

A set of signals, the first to be used by the Freshman team, were tried out, and proved profitable to them. Maine had an advantage in having on her squad "Polly" McCready, "Stubby" Burrell, and "Kay" Trickey, former Bangor high hockey stars, who were familiar with the Bangor style of hockey.

The Bangor team was a worthwhile opponent, and it was a hard fight to defeat them.

(Continued on Page Two)

A statement granting a five day recess at Thanksgiving this year was issued by President Boardman through the president of the Student Senate Wednesday evening. In order to make this change in the calendar it will be necessary to cut two days from the Christmas recess, and also make Washington's Birthday a regular class day.

This decision was reached after each house and dorm on campus had the opportunity to vote on the question. This vote resulted in a victory for the new vacation plan by an 11-8 majority. Many organizations opposed the plan on the grounds that they lived a great distance from the campus, and the shortening of the Christmas vacation would be an inconvenience to them.

The new plan states that classes will close Wednesday at 5:05 p.m. and resume Tuesday morning at 8 o'clock. The change is the result of action taken by the Student Senate, which brought the matter before the Board of Administration stressing the fact that it was the popular wish of the majority of the student body that the recess be lengthened. The board turned the matter over to the president with power. Mr. Boardman suggested a referendum among the students, and after this was held and the change was favored by the majority the president issued the statement allowing the prolonged recess.

This plan will also hold for next year, except that but one day will be taken from the Christmas recess. Armistice day will be made a regular class day to fill out the other day. The annual R.O. T.C. Parade will be abolished. The Thanksgiving recess will begin Wednesday noon next year instead of Wednesday night.

The correspondence between President Boardman and the Student Senate follows:

President Harold S. Boardman
University of Maine
Dear Sir:

The University of Maine Student Body for several years has desired a real week-end holiday at Thanksgiving. Its representative body, the Men's Student Senate, has not in the past taken seasonable action on the matter, nor presented a sensible solution of the problem. The present Student Senate feels that the entire Student Body should not be made to suffer further for the past negligence of its former representatives. Therefore, after careful investigation and consideration of the whole problem, after consultations with members of both the Student Body and Faculty, the present Senate earnestly offers for your approval the following plan:

That there shall be declared for 1928-29 a Thanksgiving holiday from Thursday, November 29, to Monday, December 3, inclusive; that, in exchange for the enlargement of the present holiday, Wednesday, December 18, and Washington's Birthday, Friday, February 22, be made days of regular class attendance; and, if in your opinion this plan is not a suitable one, you will make some arrangement which to you appears more satisfactory.

Respectfully yours,
Versal Robey,
Pres. Student Senate

Mr. Versal Robey
President, Student Senate
University of Maine,
Orono, Maine
My dear Mr. Robey:

The petition of the Student Senate relative to an extension of the Thanksgiving recess has received serious consideration. In discussing your proposal with the Committee on Administration, attention was called to the fact that although the offer which you propose comes within one-half day of meeting the total time requested, it will not form an offset for the work of the present semester. You of course appreciate the fact that your petition should have been presented before the calendar was made up and before the various departments had planned their work.

There are also two other features which should receive serious consideration by you. The student pays his money and

One Act Play Class To Present Two Plays Soon

Professor Bailey's One-Act Play Class gave two plays in the chapel Tuesday evening. The first play *Indian Summer*, coached by Pauline Hall had the following cast:

Madame Lebreton, Athalie Swett; Adrienne, Barbara Hunt; The Uncle, Asa Wasgatt; Noel, R. Plugett Merrill.

The second play, *Between the Soup and the Savoury*, was coached by Ramona Foley. The cast was:

Kitchen Maid, Vivian Drinkwater; Cook, Evelyn Winslow; Waitress, Helen Bowerman.

Two more plays will be presented Thursday evening, November 8. These are *Memory Rose* and *Jeremiad*. The cast of *Jeremiad* is:

Rebecca Braunstein, Eleanor Thompson; Esther, Marguerite Lincoln; Leah, Alice Burr; Max Lieber, Jack McGowan; Aby, Raymond Bradstreet.

In *Memory Rose* are:

Judge James Cary, Charles O'Connor; Dr. Frederick Erwin, Don McComick; Mary, the Judge's former wife, Lois, Mary's daughter, Doris Curtis.

Memory Rose was coached by Don Tracy and Thelma Shea coached *Jeremiad*.

On Monday, Nov. 12, the Freshman Cross Country Team races the crack Hebron team here on Alumni Field.

Varsity Hockey Team Defeats Posse-Nissen

On a wet muddy field last Saturday morning, the Maine hockey eleven, facing the Posse-Nissen team, slipped and slid to a 7-0 victory.

Maine began the game with pep and perfect teamwork which carried the ball within a few minutes over the Posse goal. The opposing backs were unable to stop the swift onrush of the blue, and Maine scored again and again. Mary Robinson and "Dot" Ross starred in a triangle pass which cleverly evaded the Posse backs and made possible most of the goals.

Only twice was the Maine goal in the least danger, and then only for a minute or two before the ball was cleared out of danger. A penalty bully between the Posse goalkeeper and the Maine center forward was an interesting feature of the game, and netted another goal for the blues.

The visiting team was at a disadvantage because of the condition of the field. They wore sneakers, and were consequently unable to get a footing in the slippery mud. The Maine team wore heavy cleated shoes.

Maine outplayed their opponents all through the game.

A comparison of the score of this game with that of the Posse-Nissen-Sargent game is interesting. Sargent defeated Posse-Nissen 2-1. Maine defeated Posse 7-0.

DR. C. C. LITTLE WIRES REGARDS ON MAINE NIGHT

President Boardman received the following telegram from former-President C. C. Little on Maine Night, too late to be read:

President H. S. Boardman

Alumni Hall

Orono, Maine

May the Maine Spirit always grow greater and finer under your leadership. Good luck and best wishes.

(Signed) C. C. Little

Professor Francis B. Sayre of the Harvard Law School will speak at Bangor City Hall on the evening of Armistice day, Sunday, November 11, at 7:30 on the subject, *America's Outlook on World Affairs*.

He will take up all the efforts made during the last ten years toward establishing world peace. His talk will be interesting and instructive especially to students of modern history and to all interested in world affairs. There will be no admission fee to Dr. Sayre's address.

Radio Directs the Navy's Flyers

Where do young college men get in a large industrial organization? Have they opportunity to exercise creative talent? Is individual work recognized?

AIRPLANE carriers are a recent development in naval history—and they have a communication problem that calls for the engineering resources of an organization which has shown it can make radio history.

Complex maneuvers are directed, scouting expeditions controlled, and far-flying planes recalled—by radio.

On the U. S. Navy Airplane Carriers "Lexington" and "Saratoga" the situation is met with crystal control transmitters designed to send on different wave lengths. Each plane's receiving set has its own wave length. A turn of the dial on the transmitter selects the wave length corresponding to that of the plane to be reached with a message.

Radio equipment on the "Lexington" and "Saratoga" was de-

signed, built, and installed by Westinghouse—the organization which in 1920 established KDKA, the pioneer radio broadcasting station of the world, and which also operates stations KFKX, KYW, WBZ, and WBZA.

Opportunities to do the history-making things in engineering fall naturally to an organization with a record for making history in its field. And Westinghouse, quite as naturally, offers powerful attractions to those young college men whose initiative and enterprise fit them for history-making tasks.

Westinghouse

...but a mosquito blocked the way

THE Panama Canal diggers had engineering brains and money aplenty. But they were blocked by the malaria and yellow-fever bearing mosquitoes, which killed men by thousands.

Then Gorgas stamped out the mosquito. The fever was conquered. The Canal was completed.

The importance of little things is recognized in the telephone industry too.

Effective service to the public is possible only when every step from purchase of raw material to the operator's "Number, please" has been cared for.

This is work for men who can sense the relations between seemingly unrelated factors, men with the vision to see a possible mountain-barrier in a mole-hill—and with the resourcefulness to surmount it.

Student Body Votes to Forfeit Two Days of Vacation

gives his time to receive an education under the direction of the University. Too many vacations and holidays in addition to the many extra curricula activities seriously interfere with the main purpose of the Institution. The work of the fall semester, already broken into by the intense interest in football, will be further hampered by a vacation such as you suggest, coming as it does only three short weeks before the Christmas vacation.

The other point which you should investigate relates to the effect which the proposed week-end will have upon those students who are forced to remain at the Institution during the Thanksgiving period. It will of course be necessary for them to pay their board during that period.

If after seriously considering the above points, you are still of the same opinion, I have the following proposal:

First, for this year—the Thanksgiving recess shall extend from Thursday, November 29 to Monday, December 3 inclusive. That in exchange for the added time, Wednesday, December 18, Thursday, December 19 and Washington's Birthday, Friday, February 22, a total of three days, be made days of regular class attendance.

Second, for future years—the Thanksgiving recess shall extend from Wednesday noon to the following Monday night and that in exchange Armistice Day, one day of the Christmas recess and Washington's Birthday shall be made days of regular class attendance.

Sincerely yours,
H. S. Boardman,
President
