Varsity and Freshman Baseball Men Answer Call; Both Have Strong Squads

**Capt. "Jake" True at Third Base; Gowans, Wells,
Sezak Out For Backstop; Three Veterans
In Brice Team**

All candidates for the varsity baseball team were called out for practice in the Indoor Field by Coach Fred Brice, on Monday and Tuesday of this week. The batteries have already had a week's work-out and are now shooting them across the plate for the men to try their eyes on. The outfielders were called out Monday and the infielders Tuesday.

The prospects for the season can be estimated only when the team has been worked into better shape but it depends largely upon the results of the pitchers. There is more material out for pitchers this year but they are as yet of practically unknown quality.

The infield and outfield will be strong with almost all lettermen to fill the positions. The lineup will probably consist of Captain Jake True, third base, an able fielder and a fair man with the stick; Lee Westcott and Jim Corbett, second base, lettermen who alternated at second last year; Hen Plummer or Seymour Hammond, first base, while short stop is debatable with Plummer probably filling this berth if Hammond stays with the club. It is not known at present whether Hammie will play baseball or not this spring. He led the 1927 team at hitting and is a very strong fielder. Hen Plummer held down the initial sack last year and is a good man at bat.

With three lettermen and a few other men of experience Coach Brice will have no difficulties with the outfield. Louie Aioldi in left, Russ Lathrop in center, and Jim Buzzell in right, the outer gardens will be plenty well covered. All
(Continued on Page Four)

Varsity and Freshman Athletes Get Letters

Basketball letters were awarded to the following men at the recent meeting of the Athletic Board: A. C. Emerson, H. J. Gunnarson, H. A. Hebert, F. W. McCann, G. V. Packard, F. A. Sylvester, and William C. Wells. The following Freshmen were also awarded their basketball numerals: C. L. Arnold, S. Carbone, J. D. Dickson, L. C. Fickett, A. W. Frost, L. E. Goodwin, A. T. Leland, J. R. Moore, and J. M. Sims.

The following men were also awarded letters for varsity track: Robert Parks, F. C. Lindsay, R. White, Harry Richardson, Victor McNaughton, "Rip" Black, Charlie O'Connor, and "Bill" Gowell.

Freshman track numerals were awarded to F. Battles, Albert Dekin, Gunning, L. C. Fickett, L. Chase, A. French, M. N. Flinders, and Elgin Lowell. Numerals were awarded in track to the following upper classmen: E. K. Gatchomb, Stymiest, W. Stiles, W. Jones, B. Berenson, Cozzz, W. B. Cleaves, L. E. Westcott, N. W. Webster, P. A. Beckler, and J. P. Ashworth.

The following Freshmen received numerals for relay: C. H. Hardison, R. E. Timberlake, A. A. Dekin, B. P. Ashworth, W. E. Riley, and L. C. Ciera.

Special Train To State Hoop Tourney Sat.

A special train will be run from Old Town and Bangor to Lewiston Saturday for the play off game between Old Town High School and South Portland High School for the championship of the state at Bates. The train will leave early in the afternoon and return late Saturday night. The round trip fare from Bangor will be 3.75.

The scrap between Old Town and South Portland promises to be a fast and interesting one. These two teams are undoubtedly the best in the state. South Portland High School seems to be favored as the winner of the contest but from the exhibition of fine basketball that Old Town staged against Houlton High School in the Tournament, the battle will be a close one.

Old Town has the rangiest team in the state having it over South Portland in being, although the Portland quintet is an especially fast one. If Sirois and the late break loose in one of their shooting streaks and Sleeper at center for Old Town can get the tip off, the South Portland team will have their hands full to score a win over Old Town. The Old Town team have five men who are all-around hoopers and all scoring aces.

Retired Campus Editor

GEORGE F. MAHONEY

New Campus Board Takes Over Paper This Week

George F. Mahoney, editor-in-chief of the Campus for the past year gave his last contribution to University of Maine journalism in the Campus of last week. Mahoney, who has been connected with university publications ever since his coming to Maine four years ago has done much in journalistic work. His editorial policy in the Campus during the past year has been lauded by both students and faculty. He was managing editor of the Campus his junior year. He was also athletic editor of the Prism his third year. The other members of the retiring board are Hector Lopans, athletics editor; Keith B. Lydiard, news editor; Barbara Johnson, and Arlene Robbins, women's news editor, and Charles J. Hurley, staff reporter.

At the meeting of the Maine Campus board Monday, the following officers were chosen for 1929-1930:

- Editor-in-chief, Edward W. Greely '31.
 - Managing editor, George H. Ankeles, '30.
 - Athletics editors, Horton B. Flynt '30, Charles E. O'Connor '30.
 - News editor (men), Norman A. Porter '31.
 - News editor (women), Alice H. Bagley '30.
 - Fraternity editor, Donald F. Marshal '31.
 - Humorous editor, Franklin Pearce '30.
 - Sports (women), Barbara Hunt '31.
 - Social, Isabella B. Lyon '31.
 - The personnel of the business department for 1929-1930 will be as follows:
 - Business manager, Alfred H. Howard '30.
 - Asst. business manager, George M. Hargreaves '31.

CHESTER A. JENKINS

Phi Gam, Delta Tau, Dorm Win Interfrat Bouts

Phi Gamma Delta, the Dormitory Council and Delta Tau Delta were the winners of the Intra-Mural Boxing finals held at the Gym Saturday afternoon before the concluding game of the Basketball Tournament. The Dormitory copped the trophies for the finals in the 126-140 class and in the 140-158 class. Asali of the Dormitory put up a fine bout against Ruffo of Phi Kappa defeating his opponent and displaying some of the cleverest footwork and boxing technique of any man in the ring. Vernon of the Dormitory also put up a fine battle against "High" Larry of Phi Kappa Sigma. In the Semi-Finals these two men put up such a close fight that the bout was called a draw and they were obliged to fight for a decision in the finals. Vernon boxed Larry, winning the championship for the 126-140 class. Butler of Delta Tau Delta ousted Gleason of Phi Mu Delta in a close battle winning the championship for the 126 lb. class.

The sensational bout of the afternoon took place between "Spud" LaPlante of Alpha Tau Omega and "Bill" Daley of Phi Gamma Delta in the heavyweight class, 158-170 lbs. Daley completely out-boxed LaPlante in two rounds winning the heavyweight championship of the campus.

- Summary:
- 126 lb. Class
- Butler (Delta Tau Delta) vs. Gleason (Phi Mu Delta). Bout won by Butler.
- 126-140 lb. Class
- Vernon (Dormitory Council) vs. "High" Larry (Phi Kappa Sigma). Bout won by Vernon.
- 140-158 lb. Class
- Asali (Dormitory Council) vs. Frank Ruffo (Phi Kappa). Bout won by Asali.
- 158-170 lb. Class
- "Bill" Daley (Phi Gamma Delta) vs. "Spud" LaPlante (A.T.O.) Bout won by Daley.

Rising Night Celebration Success In Spite of Snow and Mud; Free Show At Strand and Fires Features

Frosh Take Annual Rope Pull With Ease

The annual Rising Night celebration Wednesday witnessed the triumph of '32 in the rope pull. An attempt was made in the morning to kidnap an Owl from in front of Coburn Hall. This failed when the engine of the automobile stalled.

At noon, a reluctant band of freshmen were persuaded against their better judgment to attack a group of sophomores composed chiefly of Owls. Although outnumbered considerably, the sophs were again victorious and put the frosh to rout, thereby vindicating the judgment of the freshmen.

In the middle of the afternoon, a spirited encounter took place near Wingate Hall. A group of freshmen with a number of agitators were waiting for something to start. Something did, when a group of sophs rounded the corner. At first with even numbers, neither side could prevail, but as the noise of battle arose, more frosh heeded the call, and their arrival gave 1932 an advantage which won the skirmish for the freshmen.

All these were entrées to the piece-de-resistance, the rope-pull and battle at the power-house which took place that evening.

At 6.15, the sophs marched onto the field in front of Balentine and were greet-
(Continued on Page Two)

Co-eds Center Celebration Around Bonfire

Popping with enthusiasm the women of the sophomore and freshman classes gathered in the light of a gigantic bonfire to perform weird snake dancing.

A new plan was carried out this year in the competition between the classes: round and round the wooden outdoor track the snake dances wreathed, the sophomores going one way, the freshmen going the other, and as the two passed great hails of '31 and '32 to the sky.

In one corner a court was set up made up of Louise Washburn, lawyer for the offense, Stubby Burrill, judge, and a jury of twelve members of '32. The dignified court summoned certain sophomores who had violated the freshman rules which they had promised to keep during Rising Day.

The first accused '31-er called for their own lawyer and a farce trial was conducted after which the prisoner was penalized. The penalty—cheer for '32. In a puddle of oozy mud, the girls of '31 stood before her class and the class of '32. The pyramid of fireworks at her back. There was no way out. A moment's hesitation and then snap! went the bars that were holding the rivals back. It took pretty strong tempers to keep '31

Maine May Meet B.U. Track Team This Spring; State Meet At Colby May 18

**Athletic Board and Coach Jenkins Favor B.U. Meet;
Maine Bears at M.I.T. Field Twice
This Season**

Maine Man Dies After New Jersey Plane Crash

Delmont Parsons who was seriously injured in the airplane crash in New Jersey Sunday, and afterwards died as a result of the accident was a graduate of the University of Maine in the class of 1926 receiving a B.S. degree in electrical engineering. He received his preparatory education at Deering High, Portland. He is the son of Mr. and Mrs. George H. Parsons of Belmont Street, Portland.

Mr. Parsons has been employed by the American Telephone and Telegraph Company in New York since the August after his graduation and has made his home at Brooklyn Place with two other University of Maine men, Ellsworth Ross of Portland and Lawrence Buck of Orono, who were not involved in the accident although early reports listed them among the victims.

Parsons suffered a fractured leg and lacerations of the scalp. His condition was reported as serious although not critical at the St. James Hospital in Newark last Sunday night although he had regained consciousness and was able to give a clear account of the accident. He was being examined for possible internal injuries.

He was a track athlete at Maine and a high ranking student in college. He had made rapid progress in his work and holds a responsible position with the American Telephone and Telegraph Company. He is 26 years old.

His father and a brother, Winslow Parsons, of 524 Ocean Avenue, went to New York on a late train Sunday night to be with the injured man.

Buck, it was learned, had accompanied Parsons to the flying field Sunday afternoon and had made a trip up with Pilot Lou Foote the flight before the crash. Ross, it is believed, was not with his roommates but spent the day in Connecticut. Relatives of Ross, Mrs. Lena M. Ross, a sister-in-law of 172 Concord St., this city, talked with Buck after the accident.

Frosh Co-eds Treat Sophomores To Razzoo

A new precedent was established Wednesday morning at 4 A.M. in Balentine when the frosh tendered the soph Eagles and other flagrant offenders of '31 a razzoo. For the first time an affair of this sort was given, and we hope taken, in a friendly spirit. Several misguided Sophs changed their place of abode temporarily, to the amusement of the frosh; one misguided Eagle went so far as to inhabit the guest-room for the night—or at least part of it.

The girls, amid wielding of paddles, were conducted into Balentine gym where they were asked several poignant questions: to wit: "Which is the best class on campus?" Of course the one answer was given "32."

These proceedings were interrupted by the arrival of all the Sophs in the house, who number about 35. This over-enthusiastic mob was ably taken care of by the 10 Frosh, who were armed with borrowed fraternity paddles. They were made to await the end of the show-down outside of the gym doors.

Due to the carefulness and efficiency of the participating Frosh and the cooperation of the Sophs any sign of fighting was strictly avoided.

ANNUAL SOPHOMORE HOP TO BE HELD APRIL 19

The annual Sophomore Hop will be held April 19, the week-end following the Military Hop. The dance will be a formal affair; and another of the late social events of the spring semester, dancing continuing from 8 until 2 A.M.

Altho bids are still out for orchestras the favored team seems to be Hood's Merry-makers of Waterville.

The Hop Committee consists of: Chairman, "Don" Marshall, Norman Webber, George Anderson, Barbara Hunt, "Dot" Osgood and "Fredie" Hall.

The annual Freshman Banquet will be held on the same night.

During the past week Boston University has been communicating with B. C. Kent, Faculty Manager of Athletics, in regard to a track meet between the two institutions to be held at Orono early this spring. Boston University has consistently presented a strong cluster of trackmen at the New England meets, indoor and out. If the meet can be secured it would mean at least one home performance of Capt. Black's New England Champions. As yet no definite action has been taken by the Athletic Board. Coach Jenkins is reported as favoring such an arrangement.

Tech Field in Cambridge will entertain the Maine team twice this spring—on May 11th there will be the M.I.T. dual meet, and on May 25th the New England take place.

The tentative schedule follows: Boston University at Orono May 4. M.I.T. at Cambridge May 11. State Meet at Waterville May 18. New England at Cambridge May 25. I.C.A.A.A. at Philadelphia May 31-June 1.

The Maine Intercollegiate Track and Field Association, held a meeting here this afternoon and it was an amicable affair. No bricks were thrown, no bombshells exploded, and the finish was in perfect harmony.

One amendment was adopted, and that was that each college should be allowed to send three delegates to each meeting of the Association, said delegates to be anyone, faculty, coach, student, friend,
(Continued on Page Three)

Old Town High Wins Maine Hoop Tourney Trophy

Old Town High School defeated Houlton High School 30-20 to win the Inter-scholastic Basketball Championship for the Northern part of the state and earned the right to play the Champions of the Bates Tournament at Lewiston this Saturday for the championship of the state.

Old Town had by far the best team that was entered at the conference defeating all their opponents easily; Brownville Junction 35-8, Gilman High School of Northeast Harbor 52-20 and Houlton High School 30-20. Old Town had a particular advantage in the height of their players who are tall and rangy lads. All the men were experienced floor workers and fine shots.

In the final game with Houlton, Old Town broke away with the whistle and obtained a lead that Houlton was unable to cut down. The margin would have been a much greater one if it had not been for the skillful playing of the Houlton backs and the hard work of Captain Peabody. Old Town led by a margin of five or more baskets thruout the game. The score at the half was 18-8.

Houlton staged their usual comeback in the final half and fought hard to cut
(Continued on Page Three)

Univ. of Detroit Co-eds Cannot Talk To Men

An attempt to carry out a plan similar to the famous five point system of former president of Maine Little was stated at the University of Detroit on March 15 when John P. McNichols, president of the institution announced that co-eds would be expelled if they were detected talking to men on the campus.

The campus of the University of Detroit was stirred when an announcement by the President, the Rev. Dr. John P. McNichols, that the 50 co-eds enrolled in the University would be expelled if they were detected conversing with any of the 2,000 male students on the University grounds.

The ban on conversation was defended vigorously by John S. Malley, associate editor of the Varsity News, student paper. Malley's statement said: "The President's dictum is the greatest thing to come to U. of D. in years. The co-eds waylay and harass the male students. They destroy the studious and scholarly atmosphere of the college with their blandishments. * * * It is the greatest single step forward in the history of education."

A co-ed reply was "one reason Malley hates girls is because he can't dance. He's asked me to teach him how. He can't dance and the girls can't be annoyed with him."

BEGINNING

With the passing of the old *Campus* staff and the coming in of the new one there will naturally come about some slight changes in the editorial policy of the paper. In this case they will be few. The *Campus* will continue the constructive editorial policy of the passed board, continuing to probe student organizations that do not appear to be serving their purpose on the campus. It will use all means possible to bring about the settlement of student and university problems to the satisfaction of all.

There will be little change in the policy of the paper with regard to news matter. The motto of the *Campus* will be like that of the New York Times, "all the news that's fit to print." Recognizing that University of Maine students and faculty are interested in everything that goes on about the Maine campus, and also things off campus that have a bearing on life at the university or on college life in general the *Campus* will make every effort to print in its columns everything that might prove of interest to the students and faculty of the college.

Under the new staff it is hoped to get more departmental news. It is planned to devote a special column to departmental activities in the three colleges of the university. The *Campus* will in this manner make an attempt to let the members of each of the colleges know what the others are doing.

The creating of the new position, fraternity editor is an attempt on the part of the new board to get inside of the fraternities, and bring into the columns of the *Campus* happenings and events that take place in the several houses and dormitories on the campus that should be of general interest to the student body and to the faculty.

The Faculty News column is another section of the paper that will be improved under the new board. It is planned to cover all faculty events, and faculty personals in this column.

Starting out in an attempt to please as many of the students and faculty as possible we are aware that we will be severely criticized at times, as our predecessors were and as those that come after us will be, but criticism is the road to improvement, and the *Campus* will welcome it at all times from either faculty or students.

A WARNING

That a city court should have to issue a warning to college students to refrain from evading car fare, and from the destruction of the property of a local trolley company seems almost impossible. But such was the case when three University of Maine men faced the Bangor court Monday morning, after being caught by deputy sheriffs late Saturday night while alighting from a car by illegitimate means.

The evading of car fare is a childish prank, and while it should be beneath the dignity of a man of college age, "crashing the gate" on trolley cars of the Bangor Hydro Electric Company has become an altogether too popular pastime with University of Maine students. And like children the students must have something to fear placed before them in order to cure what seems to have become a habit. The leniency of the Bangor judge in allowing the Maine men to go free is almost more than could be expected after the treatment that the car company has received at the hands of university students. That the men were released was a good thing for them, but in releasing these men the court made it plain that the next offenders would not receive such consideration. In fact it was stated by the presiding judge that offenders in the future would be prosecuted to the full extent of the law. So the court has been obliged to threaten "a whipping," as it were to university's wayward children, who apparently have not as yet grown up to the realization that they are not children any longer, and that they will be held responsible for their misdemeanors. Registration in the University of Maine or any other college does not license students to rob an individual or a corporation of its just pay for merchandise or service.

A DEAN OF MEN FOR MAINE

The suggestion of the Intra-Mural Association that the University of Maine have a dean of men is something worthy of consideration of both the Board of Administration and the student body. The creation of such a position at the University of Maine would simplify the duties of the Board of Administration to a considerable extent. It would make it possible to bring matters dealing directly with men's affairs before the dean of men instead of forcing them upon the Board. It would simplify the settlement of minor affairs between the student and the Board of Administration, in that the settlement could be made with the dean of men, who could make the decision in minor matters and recommend to the board in matters of greater importance. In this way many of the petty troubles and arguments of men and intra-mural matters could be settled before the dean, and thus free the board from being crowded with such matters.

Maine has a dean of women, and settlements on women's matters have been made by her to the satisfaction of all. She has simplified the problem of the Board of Administration in dealing directly with the women of the college. Why could not a dean of men serve the same purpose? A prominent part is played by the dean of men in most in-

CORRESPONDENCE

EASTERN ADVERTISING CO.
Street Car Advertising all over New England

EASTERN ADVERTISING SALES CO., INC.
Merchandising thru Street Car Advertising
New York, March 7, 1932

Mr. Boardman, President
University of Maine
Orono, Maine

Dear Sir:
Would it be possible for you to make a request of the boys under your supervision asking them to be good enough to refrain from interfering with the cards in the street cars in your city.

Our man, who places and removes cards on our instructions, advises us that he is bothered a very great deal with the interference and asks us if there is anything we can do to prohibit this.

We presume that the boys give the matter no thought whatever, but simply remove the cards, perhaps for a pastime, but it is a matter of importance to us that the cards which we place in the cars are left there until someone in authority removes them.

If you can do anything to co-operate with us, we assure you now of our appreciation.

Very truly yours,
(Signed) N. E. Ryerson

President Harold S. Boardman,
University of Maine,
Orono, Maine.

Dear President Boardman:

May I take this opportunity of expressing in behalf of the Commission, its sincere appreciation of the co-operation which you and your professors gave the Commission in the preparation of the College Economic Conference. I have heard the most splendid comments on the Conference.

The way in which the young delegates handled themselves and the seriousness with which they attacked the problems made a great impression on the people who watched the progress of the proceedings. If the older citizens of Maine would participate in their Conferences in the same manner as did these young delegates, the results of all our efforts would come nearly to 100% perfect.

Each and every one of the speakers who addressed the Conference, told me that it was one of the most serious and earnest audiences he had ever addressed.

One thought has occurred to me in connection with any further Conferences which may be held, and that is this, that it might be well to invite to such Conferences the various classes of employers who might be in search of young college men as future employees. In this way the Conference might bear practical fruit in retaining for Maine her young men.

As a matter of fact, at the last Conference there were present one or two executives who were looking the young men over. I believe that one of the delegates has already secured a position as a result of his appearance at the Conference.

stitutions, and the work of a dean with the men has brought about the settlement of more than one problem that might have caused trouble had it been brought before the Board of Administration of the institution. A dean of men can be in direct contact with the male students of the university, and so would be in a better position to settle student problems than the Board of Administration which is not in direct contact with the members of the student body.

The Intra-Mural Association has been taking a vote in the houses on the campus, and the houses as well as the association seem strongly in favor of Maine taking a step forward and having a dean of men. It is also suggested that the dean handle intra-mural affairs. These affairs have been ably handled by Professor Pollard of the University Extension Service this year. The handling of the affairs by Professor Pollard have made it possible for the Intra-Mural to make a financial success of their functions this year. However, with the abolishment of the Extension Service there will be no one to handle Intra-Mural affairs. Under such conditions the Intra-Mural management might fall back into the hands of students, and thus go back into the hole from which it has just emerged.

The fact that the installing of a dean of men at Maine would involve the creation of a new position might make it appear that the university could not afford it. But with the abolishment of the Extension Department there will be a reduction in the operating expenses of the university. This might well be used to employ a dean of men. The advantages of the new dean are innumerable, but the taking away of general direct dealing with the men students, the settlement of petty student difficulties from the Board of Administration; the handling of Intra-Mural affairs; and direct general supervision by a dean of men are outstanding among the reasons why Maine should have the new dean.

Such a dean would aid the Board of Administration, help the men students of the university, and the new position would be a step forward for the University of Maine. We have gone forward this year in obtaining the passage of the "Mill Tax Bill" by the State Legislature, in the drive that brought the completion of the new Memorial Gymnasium nearer, and we have gone forward in athletics. Why not keep improving and add to the administrative staff of the university a dean of men?

The painting of class numerals on buildings was carried beyond the limit when some celebrators decorated the log cabin owned by Pi Beta Phi Sorority. This building is private property and should not have been defaced by students.

The cabin is in the same class as a fraternity house. If the members of the society chose to decorate it that would have been all right but when students outside of the sorority do the work it is time to check up on whether the student body in general have the right to deface property that does not belong to them. We believe they do not.

Faculty News

Professor Francois J. Kueny, head of the Department of French was the speaker at a meeting of the Language Conference held in the Arts and Sciences Building Monday evening. His subject was "Peculiarities of French Spelling and their English Analogies."

Dean Stevens was the speaker at a meeting of the Physics Club Tuesday evening in Aubert Hall. His subject was Measurements with Light.

Dr. Draper who has been ill for some time, is recovering from an attack of pneumonia.

Miss Pearl S. Greene of Orono is a guest at the Wardman Park Hotel in Washington, D. C.

Mid-semester reports are due on or before Tuesday, March 26.

WOMEN'S NEGATIVE DEBATING TEAM ON TRIP

The negative team of the Women's Debating Council leaves Tuesday on its annual trip. The schools which it will visit are International College at Springfield, Mass., on Wednesday, Rhode Island State University at Kingston, R. I., on Thursday, and Pembroke College at Providence, R. I. on Friday.

The subject will be Resolved: that the American Jury System should be abolished. The team is composed of Sylvia Gould, first speaker, Goldie Modes, second speaker, Helen Bowerman, third speaker. Miss Bowerman is the only member of the team who has had experience in intercollegiate debating. Doris Beasley, the manager of the Women's Debating Council, will accompany the team. The chaperone will be Miss Alma Johnson. The debate with Pembroke College will mark the end of the Women's Debating season.

FRATS TO RUSH MAY 1

The Board of Administration in a ruling handed down this morning provides for the pledging of freshmen May 1.

This ruling was a compromise to the original desire of the Inter-fraternity Council that would have made pledging possible April 18.

In order that the colleges may have a complete record of the Conference the Commission is preparing a complete set of the reports and addresses which will be sent out shortly by the Commission office in Augusta.

Again let me thank you for your kindness and interest in this movement.

Very truly yours,
Clarence C. Stetson,
Chairman
Maine Development Commission

MERCURY OFFERS COLLEGE GRADUATES WRITING PRIZES

The following communication was received by the editor of the *Campus* and may be of interest to Maine students:

THE AMERICAN MERCURY offers two prizes, each of \$500, for articles by college graduates of this year, discussing their experiences in college. One will go to the best article received from a male student, and the other to the best from a woman student. The conditions:

1. No article should be less than 3000 words long, or more than 8000.
2. Each must be the original work of a student graduating from an American college with the class of 1929, and taking the A.B. or its equivalent.
3. Each must bear the full name and address of the author, the name of the college attended, and a statement of the course followed and the degree to be taken.
4. Each must be accompanied by a stamped and addressed envelope for its return in case it is not accepted.
5. The Editor of THE AMERICAN MERCURY will be the sole judge of the competition.

All MSS. entered for the prizes should reach this office not later than July 1 next. The two prize-winners will be printed in the issue for September. In case others are received that seem to be worth printing, offers will be made for them. But no contestant will be obliged to accept such an offer. There are no other conditions.

The aim of the competition is not to bring forth learned treatises on the higher education, but to obtain records of personal experiences. How do the four years in college strike an intelligent young man or woman—and only the highly intelligent will be able to formulate significant verdicts—immediately after they are over? Does the time seem to have been well spent?

(Continued on Page One)
Co-eds Center Celebration Around Bonfire

and '32 apart. But the crisis passed and the play was on again, the remainder of the trial being omitted.

A giant frosh cap was hoisted on two long sticks, and two classes once again started the weird wiggle until they writhed as far as the flaming fire into whose flames they hurled the hated cap. Up it went in smoke, symbolic of the death of freshman rules for the class of '32.

Considering that the new plan of comradeship and friendly rivalry has behind it a background of fights and kidnappers unparalleled even by the rope-pull of the men, it was a decided success. The moment of crisis passed successfully, and now a new precedent has been set in motion. It remains for future classes to perfect the system, now that it has been given a send-off by '31 and '32.

(Continued from Page One)
Frosh Take Annual Rope Pull with Ease

ed by cries of "32!" from the freshmen who had already assembled on the side of the pool farthest from Balentine, where the footing, such as it was, was better than the footing the sophs had to be content with. The freshmen outnumbered the sophs considerably, and at the gun, the rope commenced to move slowly towards the freshmen, with the sophs slipping and sliding on ice and snow in an endeavor to halt the march of the frosh. But finally the sophs crossed the pool and took up the rope on the other side, where they succeeded in dragging the freshmen back a short distance. The freshmen kept plugging, however, and finally reached the street, with their end of the rope. The shooting of a pistol announced the end of this phase of the struggle.

Then the freshmen turned a hose on the sophs and dispersed them for a while, but the upperclassmen barricaded themselves in the power-house and proceeded to "say it with whistles." A battle royal was waged on the roof of the plant, the frosh "saying it with soft coal." The soft coal prevailed over the whistle. Then the class of '32 broadcasted to the world that it was victorious, and that henceforth it was emancipated from the duty of carrying matches, and was entitled to wear bow ties and knickers. The evening ended with both classes trooping down to the Strand Theater in Orono where they attended a free movie.

New Campus Board Takes Over Paper This Week

Circulation manager, John A. Roberts '31.

It will be noticed that in the editorial department two new positions, those of Fraternity and Humorous editors have been created, while several assistant editor's positions have been abolished. It was felt that the assistant editor's positions which were abolished were of little significance, while at the same time, the need for Fraternity and Humorous editors has been keenly felt.

George Berry was elected to the reportorial staff.

Read 'Em And Weep

Our friend, one Mr. Allen, has departed for other gold mines in his wreck of a ramshackled apology for Lizzie's daddy. This quaint character from the hard-boiled Nutmeg State is a phrenologist. To those who do not know what that means may it be known that he is the entertaining sort of person who oologizes his friends—all for the insignificant fee you'd pay for four shows at Abe's Palace of Sighs.

Some of us found out that we would never make engineers, others terrible economists and still others crute teachers!!

Well, well, it was funny some of the advice he gave. Of course we took it all in seriously.

The Orono wholesalers are being surprised at the sudden rush of house stewards for whole wheat bread and 'them thar' baby lentils he so strongly recommended. Why, didn't Teddy Roosevelt and J. Pierpont Morgan revolutionize their health habits on his advice?

But you should have heard that garage man expostulate in 'endearing young terms' as brother Allen left in the aforementioned flivver. "What, that old fossil a mind-reader? Get that Jake? Boy, he certainly ought to appreciate what we thought of him. The idea of trying to hold up that old antique with haywire sure beats all!"

Prof. Jordan in Astronomy: "What is the cause of double stars?"
Mal Long: "To much moonshine."

We wonder whether Messrs. Kent, Sparrow or Sloan will claim credit for the artistic lettering now being displayed on the prominent places of the campus. At last engineering drawing has its advantages.

Capt. Vermette hasn't yet been able to get across to Norm Webster the fact that one form of military musketry is *infilade* and not *infidel* fire.

Spring—ah! A season, a fountain—a metamorphosis—a flivver—a girl—a moon—oh youth eternal where is thy sting?

Half a lap, half a lap
Half a lap onward—
Into the valley of tests
Ride the twelve hundred.

MATCHMAKING

"Your school isn't a college; it's a match factory," said a smart young scamp to a coed.

"You're right," replied she. "We furnish the heads and get the sticks from the men's colleges."

—Cincinnati Enquirer

Mid-sems are here, but don't mind them. The ranks aren't put down—oh no—but the *memory* lingers on!

So let's be gay
While we may.
Life is young.
Spring's on the way.

Oh Wood may pipe a single tune
And the students may "cut" him for such.
But it's a clever tune.

And he's a darned good sport
While "students"—so-called—
Don't bother him much.

"What," asked the brainy Sophomore, "is the difference between a vacuum and a clothes-line?"

But the freshman knew his stuff.
"A vacuum draws the air, while a clothes-line airs the pillow-slips."

Proverb: A woman with money to burn has no trouble in finding a match.

Lady: If I give you a piece of pie, you'll never return, will you?
Tramp: Well, lady, you know your pie better than I do.

A grass widow is *not* the wife of a vegetarian. Liquid assets do *not* necessarily mean the bank deposits of a boot-legger.

Wife (to returning husband at seaside resort): Oh, darling, I'm so glad you've come. We heard that some idiot had fallen over the cliff and I felt sure it was you.

Old Town High Wins Maine Hoop Tourny Trophy

down Old Town's lead, Captain Peabody dribbling the ball the length of the floor and dodging the Old Town backs, and Davenport at guard breaking up pass after pass. There was punch enough left in the Houlton team to play a game on a par with their adversaries, scoring seven baskets to seven for Old Town.

Capt. Walter Peabody was the best basketball and high scorer of the Houlton quintet and Capt. Sleeper of Old Town was the high man of the game with 11 points.

Summary: Old Town (30): Ouellette, rf, 5; Sirs, lf, 2 (2); Sleeper, c, 5 (1); Warren, rg, 2; Matusiak, lg, 1 (1); Fields, c. Houlton (20): W. Peabody, rf, 3 (4); R. Peabody, lf, 1; Brown, c, 2 (2); Davenport, rg, 1 (1); Dobbins, lg, 1 (1); Beck, lf, 1; Way, lg.

Old Town High School, Houlton High School, Gilman High School, and Fort Fairfield High School were the teams competing in the Semi-Finals in which Houlton and Old Town were the winners.

In the Gilman-Old Town game, Old Town was an easy winner, defeating Northeast Harbor 52-20. Sirs was the high man of the game with 20 pts. and Davenport for Gilman with 11 points.

Summary:

Old Town: Ouellette, f, 5; Sirs, lf, 10; Sleeper, c, 5; Warren, rg, 4 (1); Matusiak, lg, 1 (1); Pelletier, rf, 1; Fields, lf, 1; Giro, lg. Gilman: Stanley, rf, 5 (1); Saulsbury, lf, 3; Smallidge, c, 1 (1); Manchester, rg, 1; Bagley, lg, 1; D. Bagley, c; N. Bagley, rg; Coombs, lg.

The Fort Fairfield-Houlton battle was a close one ending 23-21 in favor of Houlton. Houlton took the lead at the start and held it until near the end of the final half when the Fort staged a comeback and began popping in baskets which brought them within striking distance of the Houlton quintet and with another minute to play the Fort would have tied the score. W. Peabody looked the best for Houlton and LeVasseur was the scoring ace for Fort Fairfield.

Summary: Houlton (23): W. Peabody, rf, 5; R. Peabody, lf, 3 (3); Brown, c, 4; Davenport, rg, 1; Dobbins, lg, 1; Way, lg.

Fort Fairfield (21): Hamilton, rf, 1 (2); LeVasseur, lf, 4; Everett, c, 3; Ayoub, rg, 1; Towle, lg, 1.

In the preliminaries the Dexter-Northeast Harbor game was quite a tussle in which Gilman nosed out Dexter 30-25. The teams were easily matched and of the same caliber. Dexter held the lead until the third period when Gilman broke away to shoot to a win. Stanley looked the best for Gilman scoring 9 points and Richards of Dexter was scoring ace of the game with 10 points.

Summary: Gilman (30): Stanley, rf, 4 (1); Saulsbury, lf, 3 (2); Smallidge, c, 2; Manchester, rg, 1; W. Bagley, lg, 3 (1); D. Bagley, c.

Dexter (25): Richards, lf, 5; Ambrose, rf, 1; Atwater, c, 2; Nutting, rg, 2 (1); D. Palmer, lg, 1 (1).

The Old Town-Brownville Junction game was a walk-away for Old Town who swamped Brownville 35-8. Ouellette and Sleeper tied for high place with 12 points each and Cunningham was high man for Brownville with 7 pts.

Summary: Old Town (35): Ouellette, rf, 6 (1); Sirs, lf, 3; Sleeper, c, 6; Warren, rg, 1; Matusiak, lg, 1; Pelletier, rf.

Brownville Junction (8): Vickers, rf, 1; Gail, lf, 1; Cunningham, c, 2 (3); Stanford, rg; Grovener, lg.

The battle between Fort Fairfield and Gardner in the preliminaries was a one-sided affair, the Fort swamping Gardner 38-12. Towle of the Fort was the scor-

MERCURY OFFERS COLLEGE GRADUATES WRITING PRIZES

spent? How much was learned? What was gained in other directions—by social contacts, and so on? How many of the instructors encountered seemed to have anything genuinely valuable to impart? Was life, in general, pleasant or not? Is there any feeling at the end that equipment has been improved? Does college arouse a desire for further learning, or do the four years seem enough?

The contestants will be expected to name their colleges, and to give the names of any teachers they may discuss, especially those who have struck them as competent. The final day for sending in MSS. has been put beyond commencement time, so that frankness need not imperil diplomas. The MSS. submitted will be judged by their honesty, their intelligence, their freshness of viewpoint, and their interest as human documents. The competition is open to the students of all American colleges of good repute. Contestants will be free to discuss all of the matters suggested, or any one of them, or anything outside them. It is desired to give them the utmost practicable freedom. MSS. may be sent in at any time before July 1. The names of all contestants save the prize-winners will be held strictly confidential.

ing ace of the game with 12 points and Canavan high man for Gardiner with 3.

Summary: Fort Fairfield (36): Hamilton, rf, 3; LeVasseur, lf, 4 (3); Everett, c, 1 (1); Ayoub, rg; Towle, 5 (2).

Gardiner (12): Jones, rf, 1; Canavan, lf, 1 (1); Hayes, c, 2 (2); Weeks, rg; Andrews, lg; McCurdy, lf, 1; Baker, rg; Burns, rg; Weeks, lg.

The opening game of the Tournament between Shead Memorial High School of Eastport and Houlton High School was a fast battle in which Shead outplayed Houlton but could not shoot well enough to score a victory. Both teams played a fast game but Shead outdid Houlton on passing skill and floorwork. Brown of Houlton was the scoring ace of the game with 12 points and Swett and MacGregor of Shead tied for team honors with 7 points.

Summary: Eastport (28): Swett, rf, 3 (1); Mitchell, lf, 2; Kane, c, 2 (1); Calder, rg, 3; A. Calder, lg, 1; Mathews, rg; MacGregor, lf, 3 (1).

Houlton (31): W. Peabody, rf, 3 (2); R. Peabody, lf, 3 (3); Brown, c, 4 (2); Davenport, rg, 1; Dobbins, lg, 1; Way, lg.

Time: four eight minute periods. Referee: Coach Edwards (Colby). Wallace; Umpires: Coach Brice, Coach Kenyon; Scorers: Kingman, Ridlon; Timers: Professors Hall and Corbett. Awards made by Professor Corbett.

NOTICE

THE CAMPUS WILL BE PUBLISHED THURSDAY, APRIL 4.

AFTER COLLEGE WHAT?

After College What?—This is a question which occasionally mulls around in our subconsciousness while we listen to words of wisdom from on high, or brush our teeth. Often we have the feeling that had we but sufficient leisure, 'surcease from this eternal round of toil, we might put a few moments of deep thought upon the subject. Occasionally we receive those letters from home asking when we are going to be President of the U.S.

After College? We have a suspicion that five or ten years from now we will know. In the meantime we are a bit hazy.

In our springtime we were more certain. For years our lode-star was that lordly and greasy personage who sits at the throttle of a locomotive, and spits tobacco juice out the window.

Three dots...signifying the passage of the years. Somehow we're not so certain now. The wisdom of the ages has been injected in us. But we don't know whether it will take. We don't know where we're going or what we're going to do.

Appended are a few of the things we may do some day. They are alphabetically arranged, and haven't got to marriage yet. We are leaving that as a last resort. We understand that the books are on a table in the library. Some day we may have to go over there and see about that marriage proposition.

CIVIL ENGINEERING Sackett, R. L.—The engineer... 1928. Civil engineering.

The Bucknell University debaters defeated the University of Maine by a unanimous decision at Alumni Hall Wednesday night. Bucknell upheld the negative of the resolution: That the American jury system should be abolished.

Due to Rising Night activities, there was a small attendance. Both teams presented excellent arguments and displayed a keen, penetrating insight upon this much discussed problem.

Bucknell University was represented by N. T. Raker, E. W. Lore, and D. J. Evans. The Maine speakers were Mr. Greeley, Mr. French, and Mr. Roche. Dean Cloke presided.

Persons interested in a cooperative buying plan met in the library Monday afternoon.

Y.W.C.A. elections will be held in Alumni from 9 A.M. to 2 P.M. on the first Wednesday after vacation. Nominations to be posted later.

If a couple of men get along well it's a sure bet their wives will dislike each other on sight.

Did you ever visit an art gallery and on your way out look at the postcard reproductions of the pictures and find yourself enjoying them more than the originals?

CO-EDS START VOLLEY BALL PRACTICE THIS

This week marks the beginning of volley ball for the coeds. Practice for the freshmen is held on Monday and Wednesday evenings at seven o'clock, and for the upperclassmen on Tuesdays and Thursdays. There are already quite a number of girls out for this sport, but there is always room for more.

After vacation interclass games will take place, and much competition is anticipated.

On the same evenings at eight o'clock, practice in apparatus work is held. This is in preparation for the Indoor Meet which will take place sometime in April.

Physical Training credit is given for both these activities, and all girls are urged to come out.

Dr. Ellis is visiting the high-schools in the larger cities of Connecticut. Among these larger cities are New London, New Haven, Hartford, Norwich. Dr. Ellis' visit is in connection with a "Further Education" week sponsored by the cities to acquaint prospective graduates of the high schools with the opportunities offered by the different colleges and universities in New England.

Have you chosen your life work In the field of health service?

The Harvard University Dental School—the oldest dental school connected with any university in the United States—offers thorough, well-balanced courses in all branches of dentistry. All modern equipment for practical work under supervision of men high in the profession.

FROSH CO-EDS RULE SOPHOMORES FOR A DAY

This year, due to the extremities of last year's fighting, a group including representatives from All Maine Women, Soph Eagles and 10 Frosh met with Dean Bean to decide of what nature should be this year's activities.

It was thought best to avoid all signs of violence, and abduction as '31 still owes large amounts of money. It was voted that all the sophomores take over frosh rulings; wearing the toque, pouring water, opening doors, running errands, etc. In the 2 houses Mt. Vernon and Balentine various Eagles were assigned to the regular frosh tasks. Four were relegated to sort laundry and two on mail duty in morning and afternoon.

An appeal was made to the sophomores to show their class spirit and their personal sportsmanship by obeying these rules and doing all in their power to prevent a fight.

In the evening a huge bonfire was held on the football field and a huge paper freshman cap supported on two poles, held by Paulie McCready '32 and Evelyn Winslow '31, was burned. Followed a snake dance led by these two delegates. Mr. Goldsmith invited the freshmen and soph classes to attend the movies in Orono free of charge Wednesday night.

These new rules which, it is hoped, will become precedent, were set forth and put in effect to endeavor to promote a better feeling between the two lower classes of girls. It was thought that physical combat was unworthy of college women.

On Friday, Dean Stevens will speak at Seal Harbor before a women's club on the subject of "Present-Day Peace Movements."

STUDENT-FACULTY SOCIAL COMMITTEE PROVIDED FOR

A member of the faculty has brought to our attention the fact that the regulations of the Social Committee of the University have provided, since 1926-27, for a combined student-faculty social committee. The regulations, a copy of which was sent to each fraternity and to student organizations, provided for a conference committee consisting of a representative from the different fraternities and dormitory council.

We suggest that those students who desire more social life at the University call a meeting of this conference and tell the social committee how the present situation may be improved.

SENIOR ENGINEERS ON TRIP

The Chemistry and Chemical Engineering seniors will visit on their inspection trip the following concerns:

United Drug Co., American Solvents and Chemical Corp., Boston Consolidated Gas Co., Beacon Oil Co., Mystic Iron Works, General Elec. Co., General Baking Co., Amer. Sugar Refining Co., Merriman Chemical Co., Arthur D. Little, Inc., Lever Bros.

The Mechanical Engineers will visit: Boston Woven Hose Co., Ford Motor Assembly Plant, American Steel and Wire Co., General Electric Co., Lynn Gas and Electric Co., Moth Aircraft Corp., Edison power-plant at East Weymouth, Dennison Manuf. Co.

The Electrical Engineers are to inspect: New England Tel. & Tel. Co., General Electric Co., Boston Edison Substations, American Steel and Wire Co.

The Civil Engineers are to visit: United Shoe Machinery Building, Watertown Arsenal, Stone and Webster Building, Cambridge Water Filtration Plant, Charlestown Navy Yard, Worcester Polytechnical Institute.

WEEK-END PARTIES

Four sorority and fraternity parties were held during the last week-end. Alpha Omicron Pi entertained Thursday night at the Bangor house. They held their formal initiation dinner dance at the Country Club Friday. Dr. and Mrs. Rice, Dean Achsa Bean and Mr. Brush were the chaperones.

Thursday night Delta Zeta held an informal dance. Prof. and Mrs. Jordan and Prof. and Mrs. Ashworth chaperoned.

Saturday night Theta Chi opened their house to an informal party, and Phi Gamma Delta staged an Excentric Air-fair. Excentric is the word. To enter the guests must needs believe or disbelieve as much as they could of the horrible stories told them, and while following a piece of string through the cellar, trust that the next corner would not bring them face to face with dire misfortune.

Once in, they were confronted with a sign "Beware, Chaperones at Work." Wally and Mrs. Wally were seated on thrones.

The Harmanians furnished music for the dance. When everyone had found his or her cushion, for only the dignitaries were provided with chairs, Tom Harvey, dressed in a Tux coat and vest, a hard boiled shirt and green linen knickers, recited a Mississippi River Ballad.

Joe Cooper as a Scotchman with a whisk broom, butterfly skirt and what have you, fiddled out the Lady of the Lake. Bob Parks, like a big bum, told jokes and sang for the people. Whitie Marsh recited verses about "An old feller he knew once who went to that there city, b'gorry."

Varsity and Freshman Baseball Men Answered Call

are good hitters but Buzzell leads them all.

There will be a big scrap for catcher's berth with Mike Coltart, Bill Seavey, Charlie Gowans, Bill Wells, and Sam Sezak all fighting for a chance to wear the mit. Although this material is somewhat green for the varsity they have all played plenty of ball.

Good pitching backed up by this strong lineup should make a combination which should go places and do things in Maine collegiate baseball circles this spring.

The following infield candidates appeared Tuesday: H. Plummer, A. Corbett, H. Knight, L. Wescott, S. Pratt, V. Springer, W. Hackett, E. B. Bryant, C. Horne, S. Hammond and M. Wadleigh. There will be a few more out after vacation.

The following men reported for the outfield: Airoldi, Blaisdell, Brockway, Buzzell, Donahue, Dunn, Ellis, Ernest, G. Frost, Lathrop, E. Palmer, J. Palmer, Stevens, Sturtevant, D. Wilson.

Bill Kenyon issued his first call for battery candidates for the 1932 baseball club on Monday. He will spend the week taking the winter's kinks out of the boys with exercises, running and a little ball tossing.

After vacation a general freshman call for all candidates for the club will be issued. As so many will report it will be necessary for all of the candidates to bring all their equipment with them, including baseball shoes and some kind of a uniform.

The following men reported as pitchers: R. J. Tibbets, G. A. Haines, F. Battles, A. F. Kisonak, M. Hineks, L. E. Spurling, F. E. Weirs, T. Nutting, F. W. Austin, D. Allen, and R. Higgins.

The catchers are: J. Moore, A. J. Gatti, H. A. Vernon, E. J. Traynor, V. H. Cogswell, P. Ward, F. H. Boynton, R. E. Pineo and C. Ingalls.

(Continued from Page One) Spanish Club to Honor Miguel Cervantes

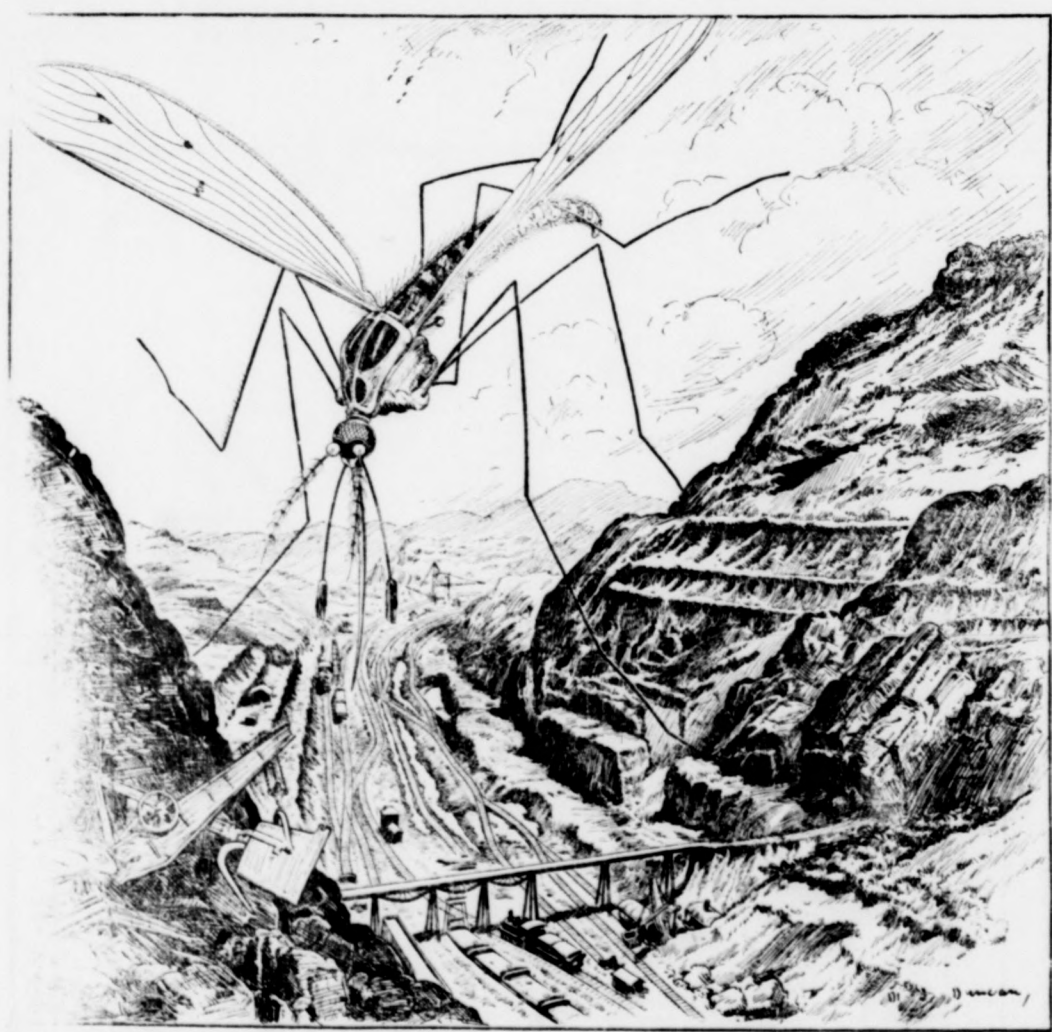

made it plain that because of the large enrollment at present that only students who have had courses in Spanish would be admitted. Students who have taken courses in Spanish in high school.

Plans are already underway for "Spanish Night" next year.

"Spanish Night" this year was a great success, and brought out one of the largest audiences that ever witnessed a production on the campus.

A bigger and better production with all new song and dance numbers will be held next year. Senor Cabrera told the Campus.

The Spanish Club has been one of the most active organizations on the campus this year.

...but a mosquito blocked the way

THE Panama Canal diggers had engineering brains and money aplenty. But they were blocked by the malaria and yellow-fever bearing mosquitoes, which killed men by thousands.

Then Gorgas stamped out the mosquito. The fever was conquered. The Canal was completed.

The importance of little things is recognized in the telephone industry too.

Effective service to the public is possible only when every step from purchase of raw material to the operator's "Number, please" has been cared for.

This is work for men who can sense the relations between seemingly unrelated factors, men with the vision to see a possible mountain-barrier in a molehill—and with the resourcefulness to surmount it.
