## Plenty of Reserve Men on Track Squad

### "Ray" White Outstanding In Dash Events; Bixby and Tolman Fast Sprinters

Many new track men are developing rapidly these days over at the Indoor Field. Besides an unusual array of veterans, Coach Jenkins is building a substantial attacking force from green and inexperienced material.

Raymo White in the dashes continues to show the strength and speed that easily placed him first in the recent Bates meet. Bill Bixby and Eddie Tolman have lately joined the sprinters. These three boys, with Berenson and Szymist, make the fastest troupe of dashmen that Maine has had in the last six or eight years. Bill Jensen and Jim Ashworth are throwing over 160 feet in the javelin throw. With Capt. Black this event is the strongest since the days of Jack Lyden. Johnnie Branch bolsters the stock in the high jump. He possesses good form and a lively spring. Bob Parks, Seymour Hammond, and Bill Stiles are pushing Win Jones harder every day in the hurdles. Maine has four experienced men in this contingent. Hammond placed in the State Meet two years ago in the high hurdles. Bob Whitten, the diminutive pole vaulter, is proving that Dill of Bates is not only the only exception to the rule in the long stick art. Norm Webber and Doc Moulton are matching muscles in the shot put and the hammer throw. Moulton is a letter man of last year's team.

The long wind specialists are having a merry time. Bob Chandler, Gilbert Austin, Horace Caler, and Bud Brooks are leading the chase upon the heels of Lindsay and Richardson.

It will not be definitely known until this coming Friday whether the four mile relay team will journey to Philadelphia for the Penn Relays. The Athletic Association holds its April meeting Thursday evening.

## Co-ed Sponsor For Maine Corps To Be Elected At Military Hop Friday Night

### Scabbard and Blade Nominate Ten Girls To Compete For Honor; Gala Program Of Entertainment Arranged

At a meeting of the Scabbard and Blade Society it was decided that a sponsor for the Corps should be elected at the Military Hop this Friday night. After much discussion a list of ten nominees was chosen from the three lower classes. The men only will be allowed to vote and the young miss elected will reign as honorary lieutenant colonel of the corps for the coming year. The nominees are as follows:

Misses Edda Bailey, Myrilla Guilfoyle, Sylvia Gould, Pauline Hall, Sylvia Hickson, Anna Lyons, Mary McLoom, Julia Shiro, Helen Stearns, Inez Watters.

The "Hop" promises to be one of the gayest social events of the year. Tickets and favors may be obtained from the Bookstore or from any member of Scabbard and Blade.

"Heads up", "Eyes right", "Pass in Review". Everyone slick up and polish your "pats" for the Military Hop, Friday night at Alumni Hall. The Scabbard and Blade presents the first festive gala occasion of the Spring Semester. Dancing from 8 till 2. Hear Hood's Merry-makers play their dreamy waltzes and captivating song hits, and listen to syncopated royal.

Captain "Rod" O'Connor, Lieutenants Lancaster and Minutti will meet you at the door and you will place your personality within the radius of Sergeant Sweet's sunny smile. Greet the austere, commanding personages of Major Oliver, Captains Stuart and Vermette, and see how "Dick" McKee looks at a festive occasion.

## Most Collegians Not "Collegiate" Report Shows That Most College Men's Purpose In Life Is Serious

Washington, D. C.—The American "collegiate" of the stage and the comic papers constitutes an unimportant fraction of the American college youth, and his idiosyncrasies are "high school stuff" indulged in frequently by irresponsibles who are not even students at any college, in the opinion of the deans of men or presidents of about three hundred leading colleges of the United States.

According to these college officials, the American collegian today is a reasonably serious-minded young man, who is particularly about his appearance, keeps his hair neatly trimmed, wears clean linen, light starched collars, shines his shoes and eschews the coonskin coat, tumble-down socks, the gaudily painted flivver, hard drinking and bad manners.

These conclusions, with others, are announced today by Henry Grattan Doyle, Dean of Men of George Washington University here, and are based upon approximately three hundred replies received by him from a questionnaire sent to four hundred colleges and universities.

Dean Doyle will make a detailed report of his survey and conclusions at the annual convention of the Association of Deans and Advisers of Men in Washington, April 11, 12, 13.

In spite of public opinion and comment (Continued on Page Two)

## Kent, Coughlin, and Beckwith Nominated For President Of Senate; Submit New By-Laws

### Fraternities Asked To Vote On New Laws; To Be Presented To Administration After Vote

## Women's Student Government Fails To Get Majority For All Officers But Secretary; To Vote Again Friday

Milton Kent, Charles Coughlin, and M. Beckwith were nominated for president of the Men's Student Senate at a meeting Wednesday night. These men have been active in the Senate all year, and have done much to keep the organization active on the campus. It is believed that the election of any one of these men to the Senate would be a step forward for the organization and eventually lead to it becoming a real power on the campus. The other officers nominated were L. Elliott, William Daley, and M. Kilby for vice president and A. Crockett and C. Roberts for secretary-treasurer. The election will be held in two weeks.

A new set of by-laws prepared by the Senate for the approval of the student body follow.

**New Senate By-Laws**  
Article 3  
(a) Representatives to the men's Student Senate shall be Juniors and Seniors only.  
(b) Recognized Social Fraternities of less than (20) members not living in a chapter house must be represented by the dormitory or by off-campus representatives.  
By-Law  
1. The men's Student Senate shall have a regular meeting every third week of the school year. Announcement shall be made by the Secretary at least two days previous to the meeting.  
2. The men's Student Senate shall be financed by an assessment of twenty cents per man student. This assessment shall be placed on the fall semester term bill.  
3. Elections of officers of the men's Student Senate shall be held at the last regular meeting in April.  
Notification of elections shall be made at the regular meeting previous to the election.  
4. Newly elected and appointed mem-  
(Continued on Page Four)

## Colby and N. H. Have New Deans of Men

Prof. Ernest C. Marriner, chairman of the Executive Committee and Librarian at Colby College, Waterville, was elected to fill the newly created office as Dean of Men at that Institution by the Colby Trustees at a meeting held at the Falmouth Hotel in Portland this morning. Prof. Marriner has been librarian and professor of bibliography at Colby since 1923. He will assume the duties of his new office next fall.

Prof. Marriner took his Bachelor of Arts degree from Colby in the class of 1913. He was born in Bridgton, Oct. 16, 1891 and graduated from Bridgton High School in 1909 as valedictorian of his class and entered Colby the following fall. He was especially popular as an undergraduate and participated in many extra curricula activities. In the course of his four years he received special honors as a speaker and in scholarship. He is a member of the Phi Beta Kappa Scholarship Society and of the Alpha Tau Omega social fraternity.

As a college administrator as well as a teacher and librarian he has demonstrated his worth, and his election as dean of men by the trustees comes as a well-deserved promotion.

In affairs other than those directly connected with the college Professor Marriner has been especially prominent. In 1925 he was president of the Waterville Kiwanis Club, in 1928 president of the Maine Library Association, and during the present year he is book reviewer of biography for the Portland Evening News. As a lecturer he has appeared before numerous audiences speaking on the topics, "Life-Rafts of Reading," "Better Than Their Fathers," "Lives That Remind Us" and "The Naughty Nineteen-Twenties."

His courses at Colby have included bibliography, a study of the use of his-  
(Continued on Page Three)

## MAINE TO HAVE DEAN OF MEN

Pres. Boardman announced to the Campus this morning that the Administration had decided to create the position of Dean of Men. The name of the man who will be appointed to fill this position will be announced in the near future.

## Princeton English Head To Conduct Maine Exams

Dr. Charles Grosvenor Osgood, since 1913 professor of English and chairman of the department at Princeton University, among the most notable living authorities on the poet Spenser, is to conduct the final examination in the honors course in English literature and culture of the 16th century at the University of Maine.

The examination will be conducted orally, each student answering questions for fifteen or twenty minutes. The entire class will be present for all the examinations and Professor Osgood has consented to the presence of a few members of the faculty as visitors.

Professor Osgood was graduated from Yale in 1894, and received the degree of Ph.D. there in 1899. In addition to other works, he is the author of a "Concordance to the Poems of Spenser," published in 1915, as well as of numerous articles on Spenser, the chief non-dramatic poet of the century.

## Fred Sylvester Will Lead Maine Varsity Hoopmen Next Year

Fred Sylvester of Mars Hill was elected to captain next year's hoopmen at a recent meeting of varsity letter men. Sylvester seems the logical man to step into Capt. Abbott's shoes. He is one of the most consistent men that Brice has coached for years. Fred is a fine floor-worker with plenty of individual technique and such a "roving" center as it is hard to find in these parts. Throughout the year he has been a consistent scoring ace, in his second term as pivot man for Brice's basketeteers. Fred is a former A. C. I. star and one of Kenyon's strong rangiers from the Frosh squad of two years ago.

For his size we must hand it to "Slim" for his speed, it's fast enough to make him good relay material for Intra-Murals. It isn't every towering farmer from the Spudland district that can equal "Slim's" basketball prowess. A "go-getter" and a hard-worker on the court there is no doubt but that Slim will lead his quintet to a successful season next winter.  
(Continued on Page Three)

## Coach Brice Elected To Ethics Commission Of Football Coaches

Coach Fred Brice, varsity football, basketball, and baseball coach received communications last week appointing him to the Ethics Commission of American Football Coaches. His prowess in football coaching and knowledge of the fundamentals and playing secrets of America's leading college sport, football, brand Coach Brice as a college coach worthy of national recognition.

Since handling the football eleven at Maine Coach Brice has a consistent and enviable record to display which he has been able to establish without resort to luck or chance playing into his hands but the sheer coaching ability and prestige as a leader of men on the gridiron.

Two years ago Coach Brice was the New England representative and two years ago he was a member of the Committee on Rules, and this recent appointment to the Ethics Commission is the latest recognition of his position as a football coach.

## New Pledges Announced By Kappa Gamma Phi

Kappa Gamma Phi, honorary journalistic fraternity, announces the following pledges: Horton Flynt '30, editor-in-chief of the 1930 *Prism* and athletics editor of the *Campus*; Donald F. Marshall, fraternity editor of the *Campus*; George Ankeles, business manager of the 1930 *Prism*, editor-in-chief of the *Maine-Springs*, and managing editor of the *Campus*; Charles O'Connor '30, athletics editor of the *Campus*; Norman H. Porter '31, news editor of the *Campus*; Franklin Pearce '30, humorous editor of the *Campus*; George M. Hargreaves '31, assistant business manager of the *Campus*, and Walter R. Whitney, instructor in English.

These men will be initiated Thursday evening, April 18. At this time Alfred H. Howard '30, Warren A. Stickney '30, Hector R. Lopans '29 and Edward J. Greely '31, fall pledges, will also be initiated.

The annual banquet of the Maine Campus Board will be held on Tuesday evening, April 23, at the Penobscot Valley Country Club. All members of the old and new editorial and business staffs are invited. Tickets may be secured from George F. Mahoney or Edward J. Greely.

## W. A. A. Announces Events For Play Day

The Women's Athletic Association will substitute a "Play Day" on May 25 for the annual picnic. Fourteen or fifteen neighboring high schools will be invited to send representatives about seventy girls are expected.

This affair will take place on the same day as the Men's Interscholastic Track Meet. It is planned to invite the girls to the finals of the meet and to participate in a program of their own. It will be the first day of its kind at Maine. The purpose is to introduce our college to these outside girls and to give an opportunity for meeting them, as well as to have a good time.

The following committees have been chosen to make this "day" a success.

Program Committee: Jean Keirstead, "Spud" Churchill, Rebecca Mathews, Barbara Higgins.

Invitation Committee: Hazel Parkhurst, Claire Callaghan, "Pat" Barton.

Entertainment: Sylvia Gould, Marion Hawkes, Evelyn Winslow, Helen Beasley.

Officials: Rachel Mathews, Ellen Mulaney, "Dot" Ross, Caroline Collins, Vera Hill, "Bea" Bryenton.

Advertising: Barbara Hunt, Clara Floyd, Alice Bagley, Isabella Lyons.

The features are being worked on and will be published at a later date.

## Dr. Katz To Be On Maine Summer School Faculty

Dr. David Katz, professor of philosophy and pedagogy at the University of Rostock, making his first visit to the United States this summer, will be a member of the faculty of the University of Maine summer school, July 1 to August 9. Dr. Katz, who is highly recommended by prominent psychologists in America and in Europe, will give a course here in child psychology, and a course of development processes and learning. He will take up the psychology of the human hand, speech, and similar functions. His special interest is in the psychology of children.

Dr. Katz, a native of Kassel, Prussia, attended the Universities of Gottingen, Berlin, and Munich, receiving the doctorate from Gottingen in 1906. From 1906 to 1911, he was assistant in the In-  
(Continued on Page Four)

## DEAN STEVENS WRITES FOR "CHICAGO BAPTIST"

Dean Stevens was the author of an article which appeared in a recent number of the Chicago "Baptist." The article dealt with the characters in the second part of "Pilgrim's Progress," and compared those characters with the characters in the first part. The article was of timely interest because of the fact that the 300th anniversary of Bunyan's birth was recently celebrated.

## Baseball Season Opens April 18

The opening game of the Maine varsity baseball team is less than a week away and still no star pitcher has been found. Maine opens against Harvard on next Wednesday, April 17, at Cambridge and on the following Friday plays Colby in the opening game of the Maine State series, at Waterville. The week following the team will make a five day southern trip.

Earl Taft, by leaving college, has deprived the squad of one of the two veteran pitchers. Hank Gouly will bear the brunt of the pitching as it now looks as he is the only veteran left on the squad. Kelly Elliot, Lopy Gray, Perkins, Heck Hebert and Bangs are all making a good showing at hurling. These men are fairly green, but so is the rest of the team.

Maine will be at a decided disadvantage, especially against Harvard because at best the Pale Blue will get only two or three days of outdoor practice while the other teams have had weeks of outdoor sessions. With a few more good drying days the fields will be in fair shape by Saturday but one rainy day will spoil everything. The training in the cage has already been long enough as batting is seriously affected by a too long a period inside. The timing in hitting is changed somewhat after the boys get outside.

The first string infield looks snappy now with Hammie Hammond on first base, Lee Wescott on second, Jake True on third, Hen Plummer at short and Bill Wells as backup. These boys have all played at least a year of baseball at Maine and as soon as the greenness is worked out of them will be a fast working defense. The whole crew is fair on hitting although no real line can be drawn on them yet as it takes outdoor practice to develop an eye for the ball. These men are backed by good subs.

Jim Buzzell may not be able to play in all of the games on the trips because of the work he has to do to graduate in June. But Jim will certainly be played whenever he is around because of his limber willow. He cuffs them high, wide and handsome. His place in right field will be filled with either of the following men: Charlie Dunn, Squid Ellis, Phil Brockway, or Frankie Stewart. Left field is capably covered by Louie Airoldi while Russ Lathrop will cavort in the center garden.

## Wearers Of The "M" Are Guests At Strand

Maine's wearers of the "M" stepped out in a body Tuesday night to attend the free show presented for their amusement at the Strand Theater. All kinds of hats, and no hats at all were in order at the party which seemed on the whole to be a strictly stag affair. However, co-eds were not entirely missing from the ranks. Some of the "just can't go without you" kind were seen bringing the little girl along.

The large group of the men bearing the "M" on blue or white sweater seemed to hang together. The athletes went to the show in sections, but were seen returning home in a large body. "Squads right" was forgotten, and the runners, jumpers, football, baseball men etc., walked at ease with the collegiate shuffle. "Drag your heels, if you're tired or indifferent."

The girls turned out to see the boys, and how. There were the "I wish he would take me out" kind, and the "I like that big boy, he must be terribly strong" type, all mixed together. Of course there are the usual number of women at the Strand every night in the week, and a few more on Friday and Saturday, but when Abe Goldsmith told Maine's own in the athletic that the Tuesday night show would be open for their inspection free he simultaneously brought out the fair co-ed on an inspection party of their own.

There may be sweetheart nights, Maine Nights, Rising Nights, and every Saturday night, or anything you say, but the old "M" made its little showing Tuesday evening. A free invitation to women of the university might fill the playhouse with men if things turned about as they should, but that remains to be seen.

## Clarence Stetson Talks On Maine Developments

Clarence Stetson, chairman of the Maine Development Commission, gave an interesting lecture in Chapel Monday on the work of that organization. He stated the importance of the Commission as an aid to the State of Maine and told of the extensive advertising which it is carrying on in other states to induce people to come to Maine. The vacation-land features of the state were the prominent points stressed in these campaigns. The Commission also makes surveys of the possibilities in various industries which may be carried on in the State.

Mr. Stetson also mentioned the work of the College Economic Conference held at Augusta last winter under the auspices of the Maine Development Commission. He finished his speech by saying that the future development of Maine depends on the loyalty of the present college generation in remaining within the State and working for its best interests.

## Dr. Fitch Writes New Physics Text Book

A text-book by Dr. Albert L. Fitch, head of the department of Physics at the University of Maine, has just been received from the Thomas Y. Crowell Publishing Company. It is printed in excellent fashion and the method of treatment contains a number of original features. Dr. Fitch has published a large number of investigations since coming to the University of Maine and has invented a number of ingenious devices for use in the physical laboratory. He has recently been asked to become associate editor of Science Wonder Stories in a department conducted by Lee DeForest. He has also been asked to prepare the article on electricity for a forthcoming book by the Thomas Y. Crowell Company.

Faculty News

Professor and Mrs. Peterson entertained the Spanish majors and minors at a supper and bridge last evening. Those who attended the affair report a most delightful time.

Dean Stevens will speak tonight in Coburn Hall at a meeting of Sigma Xi.

Dean Hart and Dean Cloke are visiting schools in the northern part of the state. They expect to be gone for about a week.

ROBERT F. CHANDLER APPOINTED STATE HORTICULTURIST

Robert F. Chandler has recently been appointed to the position of State Horticulturist, according to a recent announcement by the Commissioner of Agriculture. He is to succeed the late George A. Yeaton of Chelsea who held the position for many years.

(Continued from Page One)

Colby and N. H. Have New Deans of Men

Story of reading materials, and a course in Teachers' English. Last fall he instituted a course in Freshman Orientation designed to familiarize the student with scope and aim of college life.

Prof. Marriner is tremendously popular with the student body and he will be welcomed as dean of men.

Commenting upon the selection of Prof. Marriner as dean of men, Dr. Franklin W. Johnson, president-elect of Colby, said this morning:

"The trustees have taken a very important step in providing for the office of dean of men. They have thus relieved the president of many pressing details and made possible the enlargement of the work of administration to include a more extensive study of the problems of student personnel. The selection of Professor Marriner for this new post seems quite natural. His acquaintance with the students and his qualifications for the work are apparent. His experience as chairman of the executive committee, which has directed the internal affairs of the college during the past year, has proven his capacity for administration."

DURHAM, N.H., April 5—Norman Alexander, associate professor of economics at the University of New Hampshire, has been appointed dean of men effective next September, President Edward M. Lewis has announced. He will succeed Adrian O. Morse, who resigned recently to become executive secretary at Pennsylvania State College. Prof. Alexander is a graduate of the University of North Dakota and of the Yale Law School.

BANGOR

SOCIETY

Phi Kappa

Phi Kappa festivities last week-end gave the members of the fraternity and visitors an enjoyable time. Hood's Merry-makers furnished the music both for the dance on Friday night and for open house on Saturday night. Many couples from all over the campus who availed themselves of the opportunity to visit the Phi Kappa's at their new house were not disappointed.

Sigma Nu Entertains

Saturday night was a queer night at Sigma Nu when boys found their partners by the size of their feet, and the girls cut in. Gingham frocks, white flannels and frat jackets were the fashion. The music by the Troubadours was peppy. Pat Loane's xylophone was a feature of the evening. Dr. and Mrs. Young were the chaperones.

Lambda Chi Party

At Lambda Chi where the same sort of a party was going on the Flying Clouds made the evening happy for everyone. Mr. and Mrs. Jervis and Coach and Mrs. Jenkins who were chaperones entered into the spirit of the affair by appearing in costume. Farmers and Farmerettes a la straw hats by Goldsmith, slid down banisters and Jerry Getchell displayed all the grace and agility of a true Hawaiian sheik.

The A O Pi initiates were hostesses to the initiates and pledges of the other sororities at a tea, at Mt. Vernon, on last Saturday afternoon. The A O Pi patronesses, Mrs. Marion Sawyer and Mrs. Kenneth Rice, together with the Misses Ellen Wareham and Anna Lyon received. Miss Sylvia Hickson poured. The affair was a pleasant one and dancing was enjoyed.

The Phi Kappa Sigmas entertained on Friday evening at an informal house dance. The music was by the troubadours.

Coming Events

There will be a house party at Sigma Chi Saturday evening, April 13.  
Captain and Mrs. Stewart will chaperone. Music will be furnished by Harold Lloyd's Harmainiacs.  
President and Mrs. Harold S. Boardman will hold an informal reception for the seniors at their home on April the sixteenth.

Kent, Coughlin, and Beckwith Nominated for President of Student Senate

Members of the men's Student Senate shall meet jointly with the out-going members at the first regular meeting in May. At this meeting the out-going members shall retire.

5. On matters pertaining to the University as a whole the women student body shall have one vote for every forty women.

6. Eligible members of the men's Student Senate shall receive Student Senate shingles at the end of the school year. The shingles shall be awarded by the retiring president at the first regular meeting in May.

The shingles shall be paid for from the Student Senate treasury.

7. Representatives eligible to receive Student Senate shingles shall attend or shall provide for a substitute to attend every regular meeting but two.

8. A representative shall be sent to the National Conference of Federated Student Senates each year.

The representative shall be elected by a majority vote by the Student Senate.

Expenses of the representative shall be paid from the Senate treasury.

The Women's Student Government elections held Wednesday resulted in the election of but one officer, the secretary. Miss Erma Barton was elected to this office. Because of a failure to get a majority vote for any of the other officers, the election will be run Friday.

**Campus Notes**  
 The All-Maine Women Banquet will be held Wednesday evening April 17 at 6:30 at the Penobscot Valley Country Club. The women members of the student body, the women faculty members, and the faculty wives are invited to attend. The speaker of the evening will be Henry Dumnoek, librarian of the State Library in Augusta. His subject will be concerning "Women's Contribution to Maine Literature." The tickets for the banquet are \$2, and may be obtained from any of the All-Maine Women. "Kay" Marvin is in charge of the banquet.

Owing to necessary changes in the plans of Rev. Cymbrid Hughes, who was to have been the speaker at Vespers next Sunday, and the impossibility of making other satisfactory arrangements at short notice, the meeting has been cancelled.

**ATTENTION SOPHOMORES!**  
 Your chance of procuring the traditional class pipe will be lost after Saturday noon, April 13. Please act promptly. The pipe is on display in the Bookstore, and may be ordered from the following: Robert Whitten, Phi Eta Kappa; Roger Brown, Beta Kappa; Paul Jarrett, Delta Tau Delta; Arthur Holbrook, Phi Mu Delta; Richard Blanchard, Lambda Chi Alpha.

**DEAN STEVENS PRESENTED WITH BOOKS WRITTEN BY MEMBERS OF FACULTY**  
 It is a rather unusual experience for a college dean to have two books presented to him on the same day written by members of his college. While it is understood that the primary concern of an instructor in an institution like this is the work of the classroom, it is nevertheless gratifying to know that work of a valuable nature is being carried on in connection with the regular routine. Dr. Fitch's book has the title *Fundamentals of Physics* and it aims to cover the important topics in a one year's course. It contains some rather interesting features which do not appear in other texts. Having had a long experience in teaching Physics 1 and 2, the writer appreciates the difficulties with which it is attended. When a teacher uses his own text-book his efficiency should be materially increased. During Dr. Fitch's ten years' service at the University of Maine he has averaged a published investigation a year. He has invented a number of laboratory devices, some of which have been put on them market, and his ability as a popular expounder of Physics has recently been recognized by an invitation to become associate editor of *Science Wonder Stories*, and by an invitation from the Crowell Publishing Company to prepare the article on Electricity in a forthcoming book.

The title of Dr. Draper's latest book is *The Funeral Elegy and the Rise of English Romanticism*. In this book the theory is advanced that Romanticism is an outgrowth of Middle-class Puritanism and that this first appears in the Funeral Elegy. The preparation of this book involved a considerable amount of research which the author was able to carry on during his leave of absence.

**The Mines Field Illumination**

Where do young college men get in a large industrial organization? Have they opportunity to exercise creative talent? Is individual work recognized?

MINES FIELD, Los Angeles, is famous as the scene of the 1928 International Air Races and Aeronautical Exposition. Equally famous among flyers is the perfect illumination which enabled pilots on the night programs to land with all the ease and assurance of those who did their flying there by day.

To blanket the field with brilliance and yet avoid dangerous glare was the problem assigned to the Westinghouse engineers who designed the Mines Field lighting for this greatest of air meets. Twenty-one huge floodlight projectors, each with a maximum beam candlepower of one million, provided the brilliance. An ingenious system of louvres cutting off upward rays of light provided protection from glare at all times.

The result was an achievement in airport lighting which has been pronounced the most nearly perfect of any in the United States.

The outstanding jobs go to organizations with the resources and facilities to handle them. Westinghouse, because of the outstanding opportunities which are of almost daily occurrence within its organization, offers strong attractions to young men of enterprise and ability who are anxious to make a mark in the world.
