Former Univ. of Maine President Speaks To Student Body At Chapel; Emphasizes Loyalty To University

Dr. Little Accorded Great Ovation by Students and Faculty; Combines His Conception of Religion And Appeal for Loyalty in Strong Address

"I little expected that I would be so emotionally upset by giving a lecture to University of Maine students," said Dr. C. C. Little, president of the University of Michigan and former president of the University of Maine, at the beginning of an address delivered to the Maine student body at chapel Tuesday morning.

"Prexy Pete" as he was affectionately called by Maine men and women during his stay here, received a great ovation from the audience of students and faculty as he walked down the aisle to the platform. Heartily handclapping greeted the speaker when he was introduced by President H. S. Boardman.

Dr. Little talked on loyalty to college, and also of his conception of religion.

"Maine's simplicity, rugged honesty, and directness are the outstanding things about Maine," he said. "The emphasis of loyalty to the University instead of to the fraternities, sororities, and small groups, should be the first thing," Dr. Little told his listeners. "Don't let the part become more important than the whole," he continued. "The University of Maine does not need this cooperation because of danger, but because it may be applied by the student in after life. It is wrong to place emphasis on individual. You must be loyal to your organization as a whole unit before its component parts. This develops the character of the individual and is necessary to his success," Mr. Little said.

State Senator Allen To Speak at Last Vespers of This Year

The last vespers service of the year will be held in the chapel Sunday afternoon at 4.15. Since this Sunday is Mother's Day, it is hoped that a large crowd will attend.

The speaker, State Senator Katherine C. Allen of Hampden Highlands will speak on "Our Mothers of Today." Senator Allen is a member of the State Committee of Education, chairman of the library committee, a member of the committee on state school for boys, state school for girls, and state reformatories; a member of the committee of temperance, chairman of the senate committee on engrossed bills; a member of the joint select committee on gubernatorial vote; and chairman of the Penobscot County delegation. Although the University of Maine mill tax bill was introduced by Rep. E. E. Chase of Cape Elizabeth, a trustee of the University, she worked constantly in its behalf and did considerable toward smoothing its pathway.

A.T.O. Absolved of Any Charge for Pledging Infraction by Frat. Conf.

At a meeting of the Interfraternity Conference Wednesday evening, Alpha Tau Omega fraternity was completely absolved from the charge of breaking the interfraternity ruling by allowing freshman pledges to live at the fraternity house.

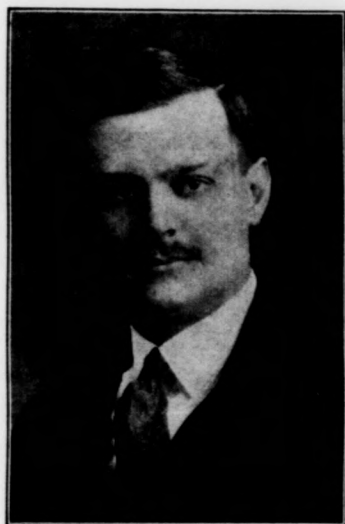

The A.T.O.'s were unaware of the rulings of the Interfraternity Conference, and it was felt that because of improper notice to that effect the conference was as much to blame as the fraternity. A.T.O. is completely exonerated from any undue publicity and its standing in the conference remains the same.

An election of officers for next year resulted in Charles C. Hardy being chosen as president and Franklin E. Pearce as secretary.

WHEELER ELECTED HON- ORARY CAMPUS REPORTER

Maurice R. Wheeler '29 has been elected an honorary reporter on the Maine Campus board. Mr. Wheeler has contributed numerous articles to the Campus this year in the line of criticisms, and in doing so has obtained the sixteen credits which one must receive to become a reporter. Since Mr. Wheeler will complete his course in June his name will not be added to the reportorial staff.

Election of Members Announced by Maine Chapter Phi Kappa Phi

The University of Maine Chapter of Phi Kappa Phi announces the election of the following members of the class of 1929:

Rutilus Harrison Allen, Caroline Ella Collins, George Lester Coltart, Donald Ellsworth Drew, Vernon Alfred Gamage, Edward Gilman Kelley, Clayton Tainter Knox, Karl Davis Larsen, Sibyl Hortense Leach, Philip Merrill Marsh, Mildred McPheters, Maple Ismay Percival, George Wesley Raye, Abraham Louis Rubin, Archibald Van Smith, Alice Burr Webster, Herbert Morrison Wortley.

and of the following members of the faculty of instruction and investigation: Lamert Seymour Corbett, Elmer Robert Tobey, George Edward Simmons.

These members, together with three to be elected from the junior class at the final examination period, will be initiated on Thursday, June 6th, at 5:00 P.M. The annual banquet of the Chapter will follow at 6:00 P.M. in Balentine Hall.

Editor and Manager of Prism

HORTON FLYNT

GEORGE ANKELES

1930 Prism Will Appear Next Week

The 1930 issue of the Prism distributed this week gives to the student body, in attractive form, a written and illustrated account of the events of interest that have taken place at the University of Maine during the past year, going into special detail on junior activities.

Horton Flynt, editor of the book, has given the readers of the publication a volume that will not only commemorate activities of college days, but it is also of real live present interest. The book, bound in gray leather contains much interesting and suggestive art work. The many pictures show real action in college life, and are expected to be more pleasing to students than the old "straight laced" cuts where everything was intact.

The arrangement of the written matter in the book is of interest, and the insertion of a certain amount of live material into the columns of the publication makes the

Maine and M.I.T. Meet Saturday in Dual Track Meet

Meet Marks Maine's First Outdoor Attempt This Season; 28 Men Entered

Friday noon twenty-eight track men will leave Orono for the dual meet with Massachusetts Institute of Technology at Cambridge. Coach Jenkins has selected three men to make the trip for nearly all events. This will be Maine's first outdoor test of the new season. M.I.T. has the advantage of more outdoor training and one dual meet, that being with Cornell last Saturday. Cornell swamped the Engineers 114-23, but the New York college has many intercollegiate stars and a well-balanced club. If Maine can do anywhere near as well as last year, when she overwhelmed Tech by more than 75 points, Coach Jenkins may feel contented.

Raymo White has been entered in the broad jump as well as in the dashes. In practice recently Maine's flashy sophomore jumped well up with the leaders in the long hop event.

In the shorter dashes Berenson, Stymiest, and White are making the trip. Jones, Parks, and Stiles will do the hurdling. Niles, Tolman and Harby will take care of the 440 yard dash.

Austin and Mank are scheduled to run the 880. Lindsay, MacNaughton, and possibly Richardson, are in readiness for the one mile run. Brooks, Stinson, and Richardson will carry the pale blue over the two mile distance.

In the high jump O'Connor and Branch

Frats Announce Their New Pledges

The following fraternities have announced their new pledges:

Alpha Tau Omega: Paul Holmes, John Parkin, Robert Webber, Hubert Vernon, Robert Pitts, William Randall, David Yates, Austin Fittz, and Earl Traynor.

Sigma Chi: Philip Weymouth, James Bates, Robert Timberlake, Herbert Trask, and Herbert Lutts.

Phi Gamma Delta: Albert Gerrey, Benjamin Wood, Cleveland Hooper, Robert Shean, Allen Bratton.

Phi Mu Delta: Keith Percival, Lowell Stuart, Charles Foles, and Lloyd Goodwin.

Phi Kappa Sigma: Donald Pressey, Linwood Elliott, Albert Smith, Merle Pike, and Lewis Barrett.

Lambda Chi Alpha: Albert Howes.

Phi Eta Kappa: Raymond Wendell, Lucien Fontrier, and Donald Fogg.

Alberto Emerson In Auto Crash

Two Cars Badly Damaged In Thursday Morning Accident

A small roadster driven by Alberto Emerson of Sigma Nu was badly damaged when it crashed with a heavy sedan on college avenue near Sigma Chi shortly after midnight Wednesday. The driver of the sedan disappeared after the accident and was not about when investigation was conducted by Orono police. A license bearing the name of Harry L. Chambers of Hampden was found in the car.

Several men who were about the scene shortly after the crash said that they saw a man and two women hurrying up the path in back of Alpha Tau Omega Fraternity house.

(Continued on Page Four)

New Plan Adopted For Reunions of Alumni

Alumni of the University of Maine will hold class reunions this year under a new plan known as the Dix method. The old scheme of a reunion every fifth year following their graduation is to be gradually abandoned.

The principle underlying the Dix plan is the assembling of classes which were in college together for reunions with a progressive arrangement so that there will be a change of one class at every succeeding reunion. Over a period of 19 years each class will have met at least once with each of the six classes that were associated with it in college.

Maine Baseball Team Defeats Bates and Bowdoin; Now in 'Second Place in the State Pennant Race

Game With Bates Goes Eleven Innings in Great Pitchers' Battle; Effective Twirling by Solander and Timely Hitting Leads To Victory at Brunswick

By playing the best brand of ball that has been played so far this season and behind superb pitching by Elliott, Maine turned back Bates 2 to 1 in a pitchers' battle at Orono last Saturday. Marston of Bates had the best of the hurling duel but by bunching their hits in the eleventh inning after Bates had scored a run in the first half Maine was able to grab a victory.

Marston retired 14 Maine men via the strike out route and held them to 4 hits, two of which were clean singles by Air-Oldi. Although Bates outthrew Maine by getting 7 hits faultless fielding by Lee Westcott, Hen Plummer and three difficult catches by Hank Goudy kept Bates out of the run column until the eleventh although two Bates men reached third during the course of the struggle.

After ten scoreless innings Bates forced a run across in the first half of the eleventh and it looked like a Bates victory. Coach Brice rushed in two pinch hitters in the last half of the eleventh but both were retired easily. With two out and two strikes against him Bill Wells who had whiffed three times during the game, smacked a sizzling double down the third base line. Jim Corbett then whaled a fast one down to the third baseman who could not handle it and threw wild over first in his hurry and Wells came home with the tying run and Corbett went to second. Phil Brockway then crashed out a long hit to center field scoring Corbett

(Continued on Page Three)

Elected Valedictorian Of Senior Class

GEORGE COLTART

The Commencement Parts Election held last Monday in Alumni resulted in the choosing of the following people: valedictorian, George L. Coltart; senior marshal, Lyman Abbott; chaplain, Robert Chandler; historian, "Vic" MacNaughton; presenters of gifts, Robert Parks and Priscilla Sawyer; orator, Rod-eric O'Connor; poet, Arlene Robbins; prophets, William Hartley and Helen Bowerman; curator, Sam Gray; and junior marshal, Donald Marshall.

Newly Elected Senior Skulls

First Row Left to Right: Bernard Berenson, James Ashworth, Lyman Abbott; Second Row: Francis Lindsay, Milton Kent, Earl Gowell; Third Row: Harry Richardson, Charles O'Connor, John Moran; Bottom Row: Lee Westcott, Fred Sylvester.

Eleven Men Elected To Be Senior Skulls

The annual election of the Senior Skulls took place last Friday when the juniors, filing from chapel were tapped for the honor of belonging to this leading men's organization on the campus.

The men thus honored are: Lyman Abbott, captain of basketball and member of Sigma Nu fraternity.

James Ashworth, manager of football and member of Beta Theta Pi fraternity. Bernard Berenson, captain of relay, prominent track star, and member of the Dormitory Council.

Earle Gowell, track star and member of Sigma Alpha Epsilon fraternity.

Milton Kent, basketball star, president of the Student Senate, and member of the Phi Kappa Sigma fraternity.

Francis Lindsay, co-captain of cross-

(Continued on Page Four)

Third Annual All Maine Women Pageant Coached by Mrs. Bailey

Mrs. Mark Bailey who was coach of the pageant last year, has begun work on the third Annual All Maine Women Pageant. This feature of Class Day was its theme, this year, the myth of Pandora and Her Box.

Myrilla Guilfoil who was so charming as the graceful dancer last year has the role of Pandora. Priscilla Sawyer who has taken part in the past two pageants will represent the character of Epimetheus and Marjorie Dean Stevens, Hope.

The other principal characters are: Phyllis Gould, Mars; Catherine Jackson Mercury; Evelyn Randall, Jupiter; Sylvia Gould, Juno; Anna Lyon, Ceres; Helen Stearns, Diana; Anna Buck, Vulcan; Mary Soul, Neptune; Ramona Poley, Pan; Jo Jackson, Prometheus.

About thirty other girls are practicing group dances for the event.

Chemistry Instructor Colors Wood of Live Trees by Use of Dyes

Mr. J. G. L. Caulfield, instructor in chemistry here at the University, is performing interesting experiments in coloring the wood of live trees under the direction of A. K. Ames, president of the Machias Lumber Company.

The operations, which have been going on for three or four years near Wesley, Maine, require aniline dyes, which are injected into the butt of the tree. The sap carries the dyes about.

This process puts to service the hard woods, which are plentiful. The hard variety cannot be used in the manufacture of wood pulp, but by means of the dyes, the wood of the beech tree may be made to resemble walnut, pine for mahogany, and the like.

Mr. Caulfield leaves next week for the territory for further experimentation.

PHI SIGMA OFFERS SCHOLARSHIP

The Phi Sigma fraternity is offering a scholarship for the coming year. Each year thirty dollars will be awarded to a sophomore during the spring semester, which shall go toward the payment of tuition. The award shall be made by the executive committee in conference with the faculty of the biology department. The selection shall be made on the basis of proficiency, interest, general promise and financial needs.

MOTHER'S DAY

Sunday of this week the nation celebrates Mother's Day. This one day in the year is set apart to honor our mothers.

Mothers have a way of setting ideals for their children, and there are few that do not, for a time at least, try to follow them.

The least that we can do is to pause for a moment on this day and give mother a thought by sending her some token of appreciation for what she has done for us, or in some way try to fulfill the ideals that she set for us.

GOING UP

When the University of Maine baseball team started practice this season it appeared at first that the squad would not turn out to be over strong, and that Maine had little or no chance of taking the State Series. Within the past week the Pale Blue Stock has gone up several points, in fact the Maine team has made such a favorable showing that she is right up in the running, and one of the strongest contenders for the State Series Title.

The season opened rather quietly for the Maine squad, but it has been warming up ever since, and with a reasonable amount of good weather baseball followers of the Bricemen will have plenty of chance to see some real action on the diamond. The pitcher's box has seemed to be a weak spot in the Maine team for some time. Last year with a hard hitting aggregation, and a good fielding crew Coach Brice was faced with the difficult problem of creating a little hurling ability. The shortage of pitchers made the sledding a bit rough for Maine last season. But this year several new finds have been unearthed by "Foxy Fred," and if the present pace of the Bricemen is held thruout the remainder of the season the squad should hang up its togs in June with a most successful season in its wake.

THE MEMORY LINGERS ON

The great ovation tended Dr. C. C. Little, former president of the University of Maine, now head of the University of Michigan, shows that although Dr. Little has been away from Maine for many years the feeling that he left here and also much of the work started by him has made too deep an impression to be wiped out by the mere graduation of a few classes from the college, and a change in the administration.

During the time that Dr. Little has been president of the University of Michigan he has been sorely criticized on many points. Some of this criticism, together with other misunderstanding led to his resignation as president of the Michigan college, to take effect in June.

While at Maine Mr. Little met with a great deal of criticism, and many of the plans suggested by him were not carried out. But in spite of the fact that his five points were not considered by students and most members of the faculty to be workable or correct Dr. Little did start things moving at Maine by introducing some new ideas that have indirectly resulted in better conditions on the Maine campus today.

Dr. Little is a man that will not soon be forgotten by Maine alumni that have come in contact with him, and from the enthusiasm with which he was received at chapel Tuesday morning, he will always be remembered by the present student body as a man who has done a great deal for Maine, and who still has the best interests of the college at heart.

SENIOR SKULLS

The election of the new Senior Skulls during Junior Week marked the incoming of eleven men into an organization that has, during the past year, been the most outstanding student group on the campus. There is always more or less comment upon the value of such societies as the Skulls, and there is also a question of what the powers of such a body should be. Perhaps the members of the retiring Skulls took too much upon themselves during the past year, and perhaps they may have dealt with propositions that were not considered to come exactly under their jurisdiction by many students, but the organization as a whole carried on good work. Thru the efforts of the members of the society many things for the good of the university have been accomplished. The Senior Skull Society has for the past year been the most truly representative student organization on the campus.

The new Skulls have a real task ahead of them if they would uphold the reputation of the men that are graduating in June. May they always keep the good of the university as a whole at heart, and act for the best good of the majority under all conditions.

PAPER OF MAINE STUDENT ACCEPTED

E. W. Jones, a graduate student at Maine, has had a paper accepted for reading at the 4th annual Student Convention of the Northeast District of A.I.E.E. The convention will be held at Rensselaer Polytech. May 10-11.

Mr. Jones' paper takes up the formation of an electric charge in a cloud, and the manner in which it discharges along a transmission line. The author next discusses methods of controlling the surge of electricity which results from a lightning flash hitting the transmission line.

DR. HARTZELL GIVES FIRST AID DEMONSTRATION

Dr. Grant F. Hartzell of Washington has been giving first aid demonstrations here during the past week. He was sent by the Red Cross.

Thirty-four are taking the course which will continue thru next week. Five men from the International Paper Company are taking the course.

Three Girl Scout leaders and five Boy Scout leaders are also registered. All physical training majors are taking the course.

New Sophomore Eagles Are Announced

The annual Freshman-Sophomore Good Will Banquet was held last night at Bentine Hall. Freda Crozier, President of the Eagles, presided and welcomed the guests. The speakers for the evening were: Sadie Thompson who represented the All Maine Women; Miss Lengyel; Miss Rogers; "Spud" Churchill and "Peg" Hamel spoke for the Class of 1932; Ellen Wareham for the Sophomore class, and Polly Hall spoke in behalf of the Juniors. "Al" Webster presented the history of the founding of the Sophomore Eagles. This year, contrary to the custom, there were two surprises in place of one. Dean Bean astonished her listeners when she arose and announced the founding of a freshman honorary society for recognition of scholarship. The pledges for this year are: Esther Moore, Rachel Gilbert, Beulah Bradbury, Dorothy Somers, Margaret Fowles, Katherine Trickey, Angela Miniutti, Rebecca Spencer, Hazel Adams, Isabelle Robinson. The name of this new organization is the Neai Matheti.

Tillie Crozier then announced the pledging of the following freshmen as Eagles: Dean Bean, honorary member, Anna Buck, Estelle Burrill, Margaret Churchill, Margaret Hammel, Margaret Merrill, Hildreth Montgomery, Esther Moore, Evelyn Randall, Muriel Ross, Helen Stearns and Louise Washburn.

The Olsen Universal Testing Machine recently installed by the Maine Technology Experiment Station, in one of the concrete testing laboratories in Wingate Hall, was received thru the courtesy of the Maine State Highway Commission. The machine has a capacity of 100,000 pounds, and will be used in the testing of Portland cement concrete specimens machine will help materially in the testing work carried on by the Technology Experiment Station. It will also be used in the Civil Engineering department.

A unique feature of the machine is its automatic control, its direct drive and that it reverses with a special type of electric switch. It is expected that this

OPPORTUNITY OPEN FOR PRACTICAL WORK

To earn money, learn some process of manufacture, come to know the character and situation of those permanently in industry, and to have opportunity for systematic analysis, under trained leaders, of the personal factors in industry, is a summer-work proposition hard to beat. Such opportunity is open to men and women students and members of the faculty who have the necessary qualifications and are ready to take their chance in the give and take of industrial life.

Students from all over the country will be working this summer under this plan, sponsored by the Student Division of the Y.M.C.A. and other organizations. They will find their own jobs, be on the same footing as other workers and receive the current wage of the industry. They will be able to see things as they are. Once or twice a week each group will exchange and study experiences and discuss the underlying issues involved. Outstanding speakers, including employers, and labor leaders, will explain the principal types of progressive experiments in industrial relations. What better way is there to make economic and social education real than to work with one's hands among the laborers in established industry?

Applicants should be in good health and should have had work in sociology and economics. If possible they should have attended one of the summer student conferences. They would be expected to have an open mind, readiness to search for the truth and some ability to analyze and evaluate facts. They must be willing to do hard work and take their chances of finding a job as other workers do.

New York is the center for this region, and the dates are approximately July 1 to August 15. The only fixed cost, aside from travel, is a registration fee of five dollars. In addition, one should have a reserve of about \$25.00, to tide him over until he finds a job.

Further information may be had at the M.C.A. or from W. H. Tinker, 420 Lexington Avenue, New York City.

The Freshmen nine defeated Higgins Classical Institute in a walk away game Wednesday afternoon. Friday the Frosh meet the New Hampshire yearlings here.

"OUTWARD BOUND" PRESENTED TO RECORD CROWD

MILLEDGE BECKWITH

The Masque play, "Outward Bound" welcomed a record breaking house last Thursday and the clever mystery play of Sutton Vane's was hugely enjoyed by all and was staged without a "faux pas." The dramatic stars of the campus, "Kay" Buck, "Polly" Hall and "Bob" Parks and Milledge Beckwith were stars.

President Parks of the Masque announced today that the Masque will not stage "What Every Woman Knows" during Commencement Week due to financial reasons. When adopting this policy in past years the Masque has gone behind financially because the play presented has not been patronized well on its second performance. The only conceivable way in which it will be possible for the Maine Masque to avoid the repetition of this will be thru a guarantee from the Commencement Week Committee.

The Masque will hold its annual Initiation Banquet on May 22 at the Penobscot Valley Country Club at which the following pledges will be initiated: Leslie Higgins, Norman Porter, Nelson Cartwright, Wallace Annlicker, Raymond Bradstreet, Sylvia Gould, Helen Bowerman, and Barbara Damm.

At the meeting of the Interfrat Council on Tuesday night, the following officers were chosen for the coming year: President, Charles Hardy '30; secretary, Franklin Pearce '30.

Phi Kappa held a Freshman Smoker Tuesday. Several entertaining acts were put on by Rufo, Caulfield, Claffey.

Read 'Em And Weep

If it is true that the men made the women what they are, they have a lot to answer for.

A college student had a paper returned with a note scrawled on the margin. He studied it diligently, but was unable to decipher the writing, so he brought the paper to the professor.

"I can't quite make out what that is, if you please," said the student.

"That?" asked the astonished professor. "Why that says 'I cannot read your handwriting. You write illegibly, sir,—a very bad practice.'"

"What did the Limburger cheese say to Lindbergh?"

"Oh, boy, what we did for the air!"

MacPherson—What is that Englishman laughing about so hard?

MacDougal—He read a joke in London Punch 40 years ago and has just seen the point.

In a shoe store at Memphis the boss saw a Swedish clerk throw a pair of brand new shoes in the waste basket. "What's the idea of throwing those shoes away?" he asked indignantly.

"They bane no gude," replied the clerk. "I try them on six fellars and they don't fit anyone."

"What is the professor of mathematics so angry about?" "He was just short changed by a huxter."

Book Agent—Can I sell you a treatise on organization efficiency?

Business Man—Come back Thursday.

Book Agent—Sorry but I'll be out of town Thursday.

Business Man—So will I.

Skinnon—I've got half a mind to get married.

Knutson—Well, that's all you need.

There's a woman who makes little things count.

Who is she?

Oh, a first grade school teacher.

"Have you heard the English Pants Song?"

"No, what is it?"

"London Breeches Falling Down."

—California Pelican

Interested Freshman—I'd like to join the outing club if I could be sure of good dates.

M.O.C. Members—Dates? What do you mean?

I.F.—If you're a member of the M.O.C. I thot they hired people to take you out.

CATS WANTED

The ever increasing demand for cats on the campus has forced the dairy department to send out a call for as many of the feline species as are available either inside or outside of the university walls. It seems that the dairy department has been in the habit of having plenty of rat chasers on hand in the past, but lately the cats have been disappearing. Members of the Department of Animal Industry claim that the keepers at the poultry department have a habit of taking pot shots at the pussys. This out of season hunting has resulted in a great shortage of cats at the dairy barn, and incidentally a rather over supply of rats and mice.

"Bring your cats and kittens to the dairy barn, and they will get plenty of tested milk to drink, and plenty of well tamed rats and mice to chase, is the message that Professor H. W. Hall of the Department of Animal Industry sends to members of the student body and faculty that may have cats or kittens to drown or give away.

Spring Semester 1929, MAY 28, JUNE 5—SCHEDULE OF EXAMINATIONS

Time of Exercise	MON. 1	MON. 2	MON. 3	MON. 4	MON. 5	MON. 6	MON. 7	MON. 8

Time of Exercise	SAT. 1	SAT. 2	SAT. 3	SAT. 4				
Time of Examination								

Please report conflicts to the Registrar at once.

NOTE: By the Time of Exercise is meant the time of the first exercise of the week in any given course. For example: If a course is given Monday, Wednesday and Friday at the third period, it is said to be given Monday the third period. By referring to Monday, third period, in the schedule, it will be seen that the examination falls upon Tuesday, May 28 at 8.00.

Any instructor is allowed to continue an examination three or even four hours if it does not conflict with other examinations.

The following examinations will be held as indicated:

Ch 2 Gen. Chemistry	Fri. May 31 1:30	305A
Ch 4 Gen. Chemistry	Fri. May 31 1:30	204A
Ch 40 El. Quant. Anal.	Tues. June 4 1:30	301A

SCREEN

"Beggars of Life" a Paramount picture comes to the Strand Theatre next Wednesday, May 15.

Tramps know more about human nature than any other group of people, according to Jim Tully, who rose from hoboland a few years ago to become America's most widely read author of stories of tramp life.

"Few people I have met in other classes have the hard and keen discernment of life that many tramps have," says Tully.

America's Hobohemia, which includes a half million members, is dramatically depicted in Tully's "Beggars of Life," a Paramount production.

"Hobos are primitive and therefore more intuitive than 'subtle,'" declares the ex-prizefighter. "It would no doubt have shocked many a leader of industry had he known that I, a young beggar on the street, could read in his face whether he would give me a quarter."

"I did this as a gamble once with another young panhandler. He would pick out a victim fifty feet away. As he walked toward me I would read kindness or meanness in his face. I failed once out of eleven times and the man who refused me had just finished arguing with a taxi driver."

"A clever young beggar can hope to succeed in obtaining small change from about thirty percent on the people he approaches. That is if the street has not been 'worked' too hard."

Wallace Beery, in the role of "Okla-homa Red," a "yegg," or safe-blower hiding out in the almost untraceable maze of hobo trails, heads the notable cast in "Beggars of Life." Richard Arlen and Louise Brooks also play important featured roles in the story which William Wellman directed.

Miss Margaret Hammel and Alan Frost will be given two tickets to the Strand good for this week or next if they will present this column at the box office.

TECHNOLOGY TOPICS

Prof. E. H. Sprague recently attended the four-day convention of the New England Public Health Association at Hartford, Conn., held April 22-26, 1929. The second day of the conference he assisted in the formation of a New England Sewage Works Association, a branch of the National Association. On his return, he stopped off at the State House, Boston, for conference with Mr. E. T. Hartman, Secretary of the New England Planning Conference. Professor Sprague is the Maine representative on the New England Planning Conference Board.

Thru the cooperation of the Maine State Highway Commission a Tinius Olsen Testing machine has been installed in Wingate Hall. The testing of concrete cylinders and steel reinforcing bars which will be used during the coming season on our trunk line highways and concrete bridges thruout the State will be tested on this machine which has a capacity of one hundred thousand pounds.

Mr. John G. L. Caulfield will shortly begin further experimentation in the coloring of the wood of living trees for the Machias Lumber Company at Machias, Maine. Mr. Caulfield has been engaged in this work under direction of Mr. A. K. Ames, President of the Company, for the past two summers.

Prof. W. E. Barrows will attend the regional meeting of the American Institute of Electrical Engineers at Troy, N. Y., May 10 and 11.

Prof. W. J. Creamer, Jr., will attend the national convention of the Institute of Radio Engineers at Washington, D. C., May 13, 14 and 15.

Dean Paul Cloke has been appointed to membership on a committee created by the Maine Development Commission for the purpose of studying methods, ways and means of helping college men to get employment within the State.

An engineering smoker will be held in 305 Aubert Hall at seven o'clock May 8.

Tau Beta Pi initiation was held in Wingate Hall at the University of Maine campus late Tuesday afternoon, April 30. Mr. Charles P. Weston presided as toast-master at the banquet at the Bangor House which followed the initiation ceremonies, and Mr. W. J. Creamer, Jr., was the speaker of the evening. The new members are James F. Booker, Gardiner; Gerald W. Butler, Roland D. Butler, Dover-Foxcroft; Roland J. Cyr, Waterville; Howard F. Donald, Franklin, Mass.; Milton F. Kent, Woodland; Harry R. Mayers, Hallowell; Frank W. McCann, Poughkeepsie, N. Y.; Lloyd McCollum, West Jonesport; and Warren A. Stickney, Brownville.

On Wednesday night, the College of Technology held a smoker. Smokes, movies, and a debate held the attention of those present thruout the evening.

The debate, on the "Advisability of Adopting the Metric System," was decided in the negative. Many good points were brought out by both sides. The debate was arranged by the Public Speaking Department.

Frosh Win Over
Portland and
M.C.I. in Track

The Frosh added another victory to their winning streak Tuesday afternoon when they defeated M.C.I. in a dual meet with a score of 71-55. McLaughlin of M.C.I. was the outstanding man of the meet with a total of 16 points while Luttrell of M.C.I. was close behind with 15 points. De-kin, Chase, and Riley were all outstanding for the Frosh scoring ten points each.

Summary:

100 yard high hurdles—Won by McLaughlin, M.C.I.; second, Yerxa, Maine; third, Coffin, Maine. Time 14 seconds.

100 yard dash—Won by Riley, Maine; second, Beecher, Maine; third, Ashworth, Maine. Time 10 3-5 seconds.

1 mile run—Won by Austin, Maine; second, Hardcastle, M.C.I.; third, Fuller, Maine. Time 4:41 3-5.

440 yard run—Won by Deacon, Maine; second, tie between Barbour of M.C.I. and Wendell, Maine. Time 52 4-5.

100 yard low hurdles—Won by McLaughlin, M.C.I.; second, Hawes, M.C.I.; third, McCarthy, M.C.I. Time 12 1-5 sec.

110 yard dash—Won by Riley, Maine; second, Beecher, Maine; third, Wood, M.C.I. Time 24 seconds.

880 yard run—Won by Deacon, Maine; second, Parkin, Maine; third, Percival, Maine. Time 25 1-5 seconds.

12 pound shot put—Won by Luttrell, M.C.I.; second, Fickett, Maine; third, Humphrey, Maine. Distance, 47 feet 3 1/2 inches.

Running High Jump—Won by Chase, Maine; second, McLaughlin, M.C.I.; third, Timberly, Maine. Height, 5 feet 6 3/4 inches.

12 pound hammer throw—Won by Luttrell, M.C.I.; second, Humphrey, Maine; third, Fickett, Maine. Distance, 140 feet 8 inches.

Running broad jump—Won by Chase, Maine; second, McLaughlin, M.C.I.; third, McCarthy, M.C.I. Distance 20 feet 2 1/2 inches.

Discus throw—Won by Luttrell, M.C.I.; second, Sweetser, Maine; third, Fickett, Maine. Distance, 107 feet 6 inches.

Pole Vault—Won by A. McMichael, M.C.I.; second, A. B. McMichael, M.C.I.; third, tie between Monahan and Hawes of M.C.I. Height 10 feet.

Javelin throw—Won by Fickett, Maine; second, Fowler, M.C.I.; third, Haynes, Maine. Distance 155 feet 6 inches.

The freshmen took over Portland High

with a 72-54 victory on Alumni Field, Saturday. Portland made a good showing in the field events, with Larry Johnson running up a total of 18 points, but their runners were sadly outdistanced by the frosh. Chase and Dekin were the two outstanding frosh.

Summary:

120 yard high hurdles won by Dolan, Portland; second, Chapman, Portland; third, Timberlake, Maine. Time 17.4.

100 yard dash won by Riley, Maine; second, Beecher, Maine; third, Ashworth, Maine. Time 10.3.

1 mile run won by Austin, Maine; second, Moriarity, Portland; third, Fuller, Maine. Time 4:53 2-5.

440 yard run won by Dekin, Maine; second, Wendell, Maine; third, Rosenberg, Portland. Time 56.4.

220 yard dash won by Riley, Maine; second, Beecher, Maine; third, Ashworth, Maine. Time 24.2.

220 yard low hurdles won by Zottoli, Maine; second, Dolan, Portland; third, Timberlake, Maine. Time 29.2.

880 yard run won by Dekin, Maine; second, Gardner, Portland; third, Percival, Maine. Time 21.0.

12 pound shot put won by Johnson, Portland; second, Fickett, Maine; third, Chase, Maine. Distance 44 feet, 3 1/2 in.

Running high jump won by Chase, Maine; second a tie between Kimball, Portland, and Flanders, Maine. Height, 5 ft. 1 1/2 in.

12 pound hammer won by Johnson, Portland; second, Fitzsimmons, Portland; third, Kimball, Portland. Distance 166 ft. 8 in.

Broad jump won by Chase, Maine; second, Hider, Portland; third, Moriarity, Portland. Distance 20 ft. 8 1/2 in.

Discus won by Johnson, Portland; second, Jordan, Portland; third, Fickett, Maine. Distance 130 ft. 1/2 in.

Pole Vault won by Hider, Portland; second, Robbins, Maine; third a tie between Chase, Maine, and Zottoli, Maine. Distance 10 ft. 9 in.

Javelin throw won by Fickett, Maine; second, Johnson, Portland; third, Haines, Maine. Distance 157 ft. 5 in.

MAINE STUDENTS CONDUCT
CHURCH SERVICES

Four students led by Cecil Fielder journeyed to Millinocket on Saturday to conduct services in the Baptist and Congregational Churches. Several blow-outs on the carefully harrowed highway leading to Maine's Magic City delayed the party for a few hours. Helen Bowerman and Charles O'Connor led a gathering of over fifty young people in games at the Congregational Church Saturday evening.

(Continued from Page One)
Maine Baseball Team Defeats
Bates and Bowdoin

from second and breaking up the ball game.

By defeating Bowdoin 4 to 3 at Brunswick Monday, the Maine Varsity Pastimers edged into second place in the 1929 baseball championship of the State. The Maine sluggers found Cole for 12 hits while Solander held the Bowdoin batsmen to 5 bingles. Sol retired 9 men by strikeouts and Cole retired 4. Lee Wescott led the batting for the day getting a home run, a triple, and a single. Hammond's four hazzock blow in the eighth put Maine in the lead after trailing Bowdoin for three innings. Captain True connected for three pretty singles.

Maine opened the scoring in the second when Hammond reached first on an error by Crimmins and stole second. He scored on True's long drive to center field. Bowdoin tied the score in their half of the inning by a circuit drive by Dwyer.

Bowdoin went into the lead in the fourth when Dwyer and Crimmins were driven home on Ricker's blow into right field. Maine tallied in the fifth on a single by Brockway, a steal second and a long drive by Wells scoring Brockway.

In the seventh inning Wescott made the score a tie by a long home run into right field. With a terrible clout Hammond scored the winning run in the eighth when he socked one into the far reaches of right field which was good for a home run.

Sunday morning Cecil Fielder spoke upon the topic, "Zachaeus Finds the True Bread," in the Congregational Church.

The work and plans of the Maine Christian Association and the Y.W.C.A. were explained in a brief manner by Charles O'Connor at the Baptist morning services. At the Sunday School sessions two students spoke at each meeting.

A candle-light service was used in the Congregational Church in the evening. The theme was "Jesus increased in wisdom and stature, and in favor with God."

MAINE SECOND IN INTER-
COLLEGIATE WRITING
CONTEST

The fourth annual intercollegiate competition in writing conducted by the University of Maine, the University of New Hampshire, and the University of Vermont, has been won this year by New Hampshire, with a score of seventeen points out of a total of twenty-seven. The University of Maine is second with seven points, and Vermont third with three. New Hampshire won the essay and short story contests, and tied with Maine for first place in the poetry contest. Maine also took second place in the short story contest.

The Maine point winners were Philip J. Brockway '31 of South Hadley, Mass., whose poem "Sanctuary, A Mood" tied for first place with one of those submitted by Miss Dorothy Dunklee of New Hampshire; and Miss Frances H. Babb '30 of Bangor, whose short story "Living Death" won second place in the story contest.

The other Maine contestants were Linwood S. Elliott '32, and Donald H. Fogg '31, in the short story contest; and Paulene Dunn '30, and Jenny R. Hutchinson '30, in the essay contest.

The competition, instituted four years ago by Professor Ellis of the University of Maine, was won in 1926 by Maine, and in 1927 and 1928 by Vermont.

The Sodality Latina held a meeting at Arts and Sciences Thursday afternoon. Dr. Levinson addressed the group on "The Last of the Romans: Boethius."

and man." Hazel Parkhurst, Charles Cogswell, Helen Bowerman, and Charles O'Connor joined in conducting this final impressive ceremony. Cecil Fielder led the Baptist evening group with his entertaining account of "Tigers and Temples of Assam." The students report a cordial welcome and warm hospitality from the people of Millinocket.

NEW M.C.A. CABINET MEETS

The first meeting of the new M.C.A. Cabinet was held Tuesday evening. Cecil Fielder led the group in a short devotional service. Cliff Simpson outlined the work that the Student Movement is carrying on throughout the United States and the world at large. Tom Baldwin reported on the Bangor Cabinet Retreat, and Roy Roulston outlined the attractions of the Northfield Student Conference offers. This year the Northfield Conference will be from June 14-22. Last year Maine was represented by four students; the quota of at least ten is sought for this summer. General plans were further discussed for next year's work on the campus.

Bill Kitchen, Executive Secretary of the N.E. Student Movement, was on the campus last Monday. On Sunday he led the services of the joint Cabinet retreat of the Y.W.C.A. and the M.C.A. at the Bangor Theological Seminary.

Rev. Rodney Roundy, State Superintendent of Congregational Churches, led the discussion groups at the Seminary during a Saturday afternoon and evening. Rev. Roundy has recently come from New Hampshire to Maine. He brought an unusual message to the students of the two cabinets.

Alberto Emerson in Auto Crash

The crash occurred as Emerson was coming from Bangor in the direction of the campus. The other car was proceeding from Old Town in the direction of Bangor. The two machines, which were undoubtedly going at a good pace, locked sides. Emerson's car shot across the road into the Sinclair filling station on College Avenue, and the other machine ploughed over the car tracks and into the back yard of Sigma Chi Fraternity house. No one was injured. Both cars had the left side badly damaged.

The crash, which resounded thruout the neighborhood, brought many fraternity men to the scene from A.T.O., Phi Kappa and Sigma Chi.

FROSH WIN VOLLEY BALL TOURNNEY

Within the next two and one-half weeks there are five tournaments which must be played off by the department of physical education.

Interclass tennis managed by Kay Marvin.

Interclass archery—by Jean Keirstead.

Interclass soccer—by Rebecca Matthews.

Interclass baseball—by Dot Ross.

Varsity hockey.

Each day there is class practice for each sport on the hockey field, by groups.

The Volley Ball tournament is over, and in this sport again the Freshmen took the lead, followed by the Juniors, Seniors, and Sophomores in order. This gives five points to '32, three to '30, and one to '29.

Bucky Berenson Made Captain of Relay Team

Bernard "Bucky" Berenson has been elected to captain the relay quartet for next season and A. C. Holbrook has been elected manager of the team. Berenson has been an outstanding man in both relay and track since entering Maine, has shown an interest in the work of the Athletic Association and has done commendable work in the Men's Dormitory; he was among the outstanding men on the campus nominated to the Senior Skulls for next year.

With such material as Hardy, Wescott, Lathrop, Styliet, Austin and Tolman available next winter "Bucky" should have a strong force of relay material to lead with every possibility of a winning combination resulting.

This season two of Jenkins' best men were out of the running due to injuries and sickness, Tolman and Wescott. Both these men should be available as quarter milers.

(Continued from Page One)
New Plan Adopted for Reunions of Alumni

Maine adopted a modified form of the pure Dix plan in that classes will observe the twenty-fifth and fiftieth anniversaries at the proper time regardless of the Dix plan. This new plan is becoming quite popular with colleges, a large number have adopted it within the last few years.

This year and the next a combination of the old five-year and the Dix plan is to be used until all classes can follow the new plan without too long a period elapsing before their first reunion under the new method.

M.C.A. HANDBOOK

In preparing the M.C.A. Handbook for next year, it is desired to publish a directory of the 1929-30 officers of all organizations, clubs, and activities on the campus. Will some officer of each group take upon himself to make up a list of the officers and send it, with a fifty word description of the aims, accomplishments, and methods of gaining admission, to F. G. Ricker, Sigma Nu House, immediately?

INTRA-MURAL ELECT OFFICERS

The officers of the Intra-Mural Association are: President, Bernard M. Berenson '30; treasurer, Norton H. Lamb, '31; secretary, Frank A. Knight '30.

UNIVERSITY QUARTET TO STAGE CONCERT AT SPRINGFIELD

The University of Maine Quartet will stage a concert at Springfield on Friday, May 10. The concert will consist of a versatile program of quartet numbers, vocal solos, instrumental numbers and selections by the orchestra which the Quartet will carry with them.

The concert will be followed by a dance for which a school orchestra will furnish the music. The men making the trip will be George Berry, 1st tenor, "Deke" Lewis, 2nd tenor, Galen Veayo, 1st bass, Herb Lowell, 2nd bass. Mr. Wilbur Cochrane of Bangor will be at the piano.

(Continued from Page One)
1930 Prism Will Appear Next Week

A new Prism a volume that is of current interest, instead of a mere reference book. George Ankeles is business manager of the book.

FRATS ELECT NEW OFFICERS

Phi Sigma, the biological fraternity and Theta Beta Pi, the French fraternity, have just elected their new officers for the ensuing year.

Those officers for Phi Sigma are: Elizabeth "Lib" Mason, President; Kenneth Haskell, Vice-president; Elizabeth Murphy, Secretary; Carleton Nims, Treasurer.

The Theta Beta Pi officers are: Lois Burr, President; Athalie Sweett, Vice-President; Germaine L'Heureux, Treasurer; Jessie Fraser, Secretary.

(Continued from Page One)

Eleven Men Elected to Be Senior Skulls

country, track star, and member of Theta Chi fraternity.

John Moran, football half-back, president of the junior class, and member of Phi Gamma Delta fraternity.

Charles O'Connor, outstanding track star, debater, president of the M.C.A. and member of Sigma Alpha Epsilon fraternity.

Harry Richardson, co-captain of cross-country, track star, and member of Phi Eta Kappa fraternity.

Fred Sylvester, captain-elect of basketball and member of Kappa Sigma fraternity.

Lee Wescott, track, relay, and basketball star and member of Phi Eta Kappa fraternity.

These men are all outstanding athletes and successful participants in various other activities.

(Continued from Page One)

Former Univ. of Maine President Speaks to Student Body

"It is hard to apply ourselves to spiritual things, even tho the young people of today are more interested in spiritual things than their parents were," Dr. Little told his audience. "It does not pay to worry about the detail of righteousness. Christianity should come before denominations in loyalty just as university should come before its parts."

According to Dr. Little, "there are two levels. The lower level cannot understand or hope to conceive any idea of what the higher level is doing. The higher level, however, is perfectly capable of seeing, understanding, and making use of the activities of the lower level," he said, "As a jelly-fish can never conceive of the fish which swallows it, so can man never conceive of God." Dr. Little concluded.

After the address many members of the faculty met Dr. Little at the platform.

SORORITIES ELECT NEW OFFICERS

The new officers of Delta Zeta sorority are: president, Aline Campbell; vice-president, Barbara Higgins; secretary, Dorothy Somers and treasurer, "Kay" Veazie.

The incoming officers of Phi Mu are: president, Doris Curtis; vice-president, Clarine Coffin; secretary, Evelyn Winslow; and treasurer, Barbara Hunt.

Those of Tri Delta are: president, Sylvia Gould; vice-president, Brenna Blaisdell; secretary, Dora Colomny; and treasurer, Jean Keirstead.

(Continued from Page One)

Maine and M.I.T. Meet Saturday in Dual Track Meet

are the only entries. In the broad jump Jensen, White, and O'Connor are listed to jump. Beckler will have two under-studies, Gatcomb and Whitten to pole vault with him.

Webber, Gowell, and Black are the versatile weight men. Moulton will throw the hammer with Black. The javelin throwers will be Ashworth, Cleaves, and Jensen.

Manager Stanley, Graduate Manager Kent, and Stanley Wallace will accompany Maine's New England Champion track team on its first foreign encounter.

(Continued from Page One)

Frats Announce Their New Pledges

Kappa Sigma: B. D. Snell, F. Battles, J. Eagan, C. Hutchinson, S. E. Smalley, E. J. Stevens, J. Semuta, S. J. Grady, W. G. Merriam.
