Maine Crushes Tech in Dual Track Meet

Well-Balanced Maine Team Takes Eleven Out of Fifteen First Places

A well balanced University of Maine track team crushed the team of the Massachusetts Institute of Technology, 94 to 41 on Tech Field last Saturday. The New England champions made a clean sweep of the 120-yard hurdles, 100-yard dash and the javelin while winning 11 of the 15 first places.

LEAD NEARLY COMPLETE

From the M.I.T. viewpoint, the showing of Fred Ladd in the 220, Dick Berry in the half, Bror Grondal in the shot and Phil Benjamin in the high jump were the only consoling features of an otherwise complete rout. Ladd came through in the final yards of the furlough to nip Emerson Stymiest of Maine by inches, while Ray White of Maine was a very close third. To Winfield Niles of Maine goes the honor of defeating Captain Jack Hallahan of the engineers in the quarter mile. Hallahan was favored to win his event but Niles had a little too much stamina for him in the final sprint. The time of 21 seconds flat was very good under the conditions, as a strong wind slowed down all the races.

The mile race was a walkaway for Victor MacNaughton of the visitors. At the start, Baltzer of Tech and MacNaughton jockeyed in the first lead until Francis Lindsay of Maine went out on the second lap. MacNaughton was right on his heel and the engineers could not hold the pace. In the final lap, Herberts of Tech was up battling for first place but he uncorked his sprint too soon and the Maine pair passed him in the home stretch. The summary:

(Continued on Page Two)

House Parties Mark Conclusion Of Festivities

Hood's Merry-makers of Waterville will be at the Phi Gamma Delta House for the weekend. The house party will begin with a formal on Friday night and will include the State Track Meet on Saturday plus a buffet supper and informal dance that evening. On Sunday members of the fraternity expect to take their guests to a clam bake at Castine. Professor and Mrs. Young will chaperone. Among those invited, are about fifteen girls from out of town, mostly from Boston and Portland.

Beta Kappa will entertain at a formal house dance on Friday evening. Mrs. Sutton and Professor and Mrs. Bray will chaperone. The Troubadours will play. The committee has planned a lighting effect for the outside of the house.

Mrs. George Simmons and Professor and Mrs. Hitchner will chaperon at the Alpha Gamma Rho dance on Friday night. The Lucerne-in-Maine orchestra has been engaged for this event.

Another formal to be crowded into this last week-end of social activities will be that to be given by the Mt. Vernon girls on Friday night. Mrs. Marion Perkins, (Continued on Page Four)

College of Technology Open House Exhibits Interesting Apparatus

Thursday evening, May 9, the College of Technology held open house. All four engineering departments and the department of physics demonstrated interesting pieces of apparatus.

In Lord Hall a 150,000 volt spark gap was the center of attraction of the electrical exhibit. Modern household labor saving devices, generators, motors and telephonic instruments were also displayed.

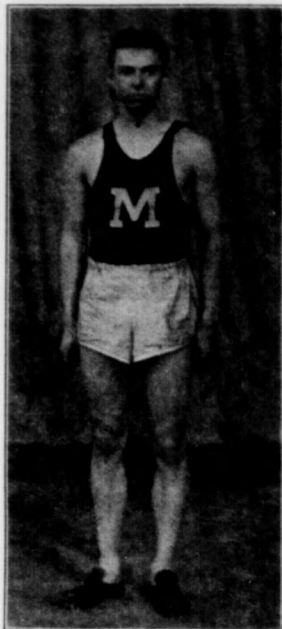

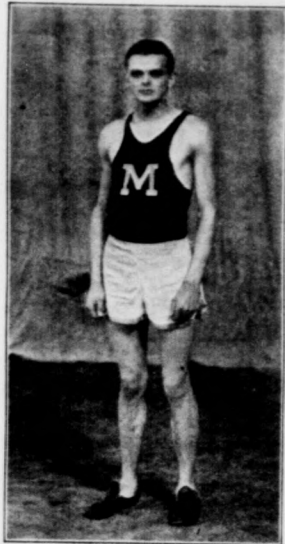

The new hydraulic apparatus featured the show of the department of Mechanical Engineering in Crosby Hall.

In Wingate surveying instruments and the concrete testing apparatus caused a great deal of discussion.

Across the road the department of Chemical Engineering demonstrated photography and the Aubert laboratories were open for inspection.

Dr. Fitch illustrated fundamental principles of physics by a series of interesting experiments in Aubert Hall.

On To Waterville And Another Victory

Powerful Maine Track Team Expected To Repeat Victory and Remain Champions

Four New England Champions and Eleven Who Placed in Last Year's State Meet in the Well-Balanced and Experienced Team that Will Represent Maine at Waterville Saturday; Tech Meet Reveals Strength Of Team

The Maine track team will journey to Waterville and the State Meet feeling considerably easier than any Maine team has for a good number of years. There is reason for such a condition. Coach Chester Jenkins will bring a well-trained, well-balanced and experienced group of thirty athletes onto Seaverns Field next Saturday. In that pack will be four New England champions, and eleven men who placed in last year's State Meet at Lewiston. The results of the recent dual meet with Tech show that these boys are in as good or better shape than at this time last year. It promises to be a mighty blue day for our neighboring institutions.

The Tech Meet revealed some surprising conditions. Raymo White was a little below form in the dashes, but he amazed the blue outfit by his sensational broad jumping of 21 feet 5 inches. Emerson Stymiest and Bucky Berenson stand as stronger sprint contenders because of their powerful lifts at the finish. Yet all three of these boys will give Giles of Colby, Knox of Bates, and Yancey of Bowdoin a real scrap at Waterville.

Win Niles will require a sweet 440 man to trim him if he runs with the same stamina that took the heart out of Capt. Hallahan of M.I.T. to the tune of 51 seconds flat in a stiff breeze. Hardy and Tolman will try to push Niles at the quarter-mile test. Win Jones was Maine's only double winner at Cambridge; he is now in beautiful form and may easily turn last year's second in the high hurdles to a first in that event and a place in the lows. Bob Parks and Bill Stiles may pick up an odd point in either event.

Maine is not strong in the half-mile. Steve Mank has a strong finish but cannot really match strides with Bates' Rus-

sell Chapman. Gilbert Austin may surprise and place in this event.

Harry Richardson and Bud Lindsay are already doped to figure well up on the score sheets. Harry should win the two mile run by at least fifty yards, while Bud will battle Vic MacNaughton for a first in the mile. No other Maine college can touch these three men in the distance runs. Bud Brooks ought to place third in the two mile run with Clyde Stinson a possibility.

In the jumping Charlie O'Connor appears to be stronger at the broad jump. His leap of 22 feet 3 inches at the Tech encounter promises that the favored Bates man, Knowlton, must extend himself. Johnny Branch cleared 5 feet 8 inches in the high jump at Cambridge and should push Seekins of Colby, Stanwood of Bowdoin, and Knowlton of Bates in this event.

Rip Black will not have much competition in the hammer throw unless he strains his shoulder with his senior cane this week. Rip should place in the javelin throw, shot put, and possibly in the discus. Doc Moulton may take a third in the hammer as he did two years ago. Bill Gowell should win the discus, and may break the State mark. He made one toss of over 150 feet last Saturday, but just barely fouled. Norm Webber hopes to win his letter in the shot put, but the rugged sophomore must do 40 feet or better to place.

Jimmy Ashworth pulled his stock up to the first rank by his letter-winning toss of 178 feet in the javelin throw last Saturday. Cleaves and Jensen will try to turn the tables as dark horses. Phil Becker as New England pole vault champion should have little trouble with Dill (Continued on Page Four)

Reunions of Twenty Classes Will Be Prominent Feature of Commencement Program

Extremely Large Registration of Alumni Expected This Year; Dix Plan To Be Inaugurated and a Special Program Held in Honor of the Fifty Year Alumni

Women's Athletic Program Underway

Archery, tennis, soccer and baseball are the chief women's sports this spring. A great deal of enthusiasm and interest has been aroused among the girls.

On May 25th an archery tournament with other colleges will be held. The competing schools are Conn. Aggie, Cornell, Mt. Holyoke, and Vassar. The distances are to be 38, 40, and 50. There will be 12 arrows each, or 36 arrows, this type is called the Columbia Round.

In tennis elimination between classes is taking place. For the class games individual numerals will be awarded, and to the winning class, five points toward the shield will be given. The schedule for the games will soon be out.

Soccer is a new phase in women's sports at Maine. Great enthusiasm has been aroused, and a large number of girls are out for this sport. The game is easily played, and the small number of fouls (Continued on Page Four)

Pi Delta Epsilon Offers Prizes To College Journalists

Students connected with University of Maine publications and also those who are taking courses in journalism at the University are eligible to compete for the Pi Delta Epsilon college journalism awards. The list of prizes and conditions of the contest follows:

Prizes

For the current year (1928-29) the fraternity has authorized the following awards:
Editorial Competition—First prize, \$50; Second prize, \$35; Third prize, \$25; Fourth prize, \$15; Fifth prize, \$10.
News-Story Competition—First prize, \$50; Second prize, \$35; Third prize, \$25; Fourth prize, \$15; Fifth prize, \$10. (Continued on Page Two)

Boston Reader Will Entertain Members of Arts Club Saturday

Miss Alice Mansur, talented Boston reader, will entertain the members of the Arts Club next Saturday evening at its final meeting of the year. An appropriate musical atmosphere will be provided by the Neighborhood String Quartet.

Miss Mansur's program will open with a reading of selected lyrics from the works of the Harvard poet Robert Hillier and conclude with Josephine Preston Peabody's play *Marlowe*. A feature of Miss Mansur's art is her fidelity to the aesthetic intentions of her originals. To this end her practice is to arrange frequent rehearsals whenever possible in the presence of the artists whose work she is to present, as in the case of Mr. Hillier. The Club will be the guests of Prof. and Mrs. Brautlecht and Prof. and Mrs. L. H. Merrill at the home of the latter, 178 Main St., punctually at eight.

Special Chapel For Scholarship Awards Will Be Held Monday

There will be a special chapel for scholarship recognition Monday at 9:40. The program will include a speaker, announcement of scholarships and prizes, and special music.

This chapel is sponsored by the honor societies, Phi Beta Kappa, Tau Beta Pi, Alpha Zeta and Phi Kappa Phi. All student members of these organizations will meet in the gym and march in as a group. Front seats will be reserved.

Plans are underway for an exceedingly interesting set of activities for Commencement Week. This year approximately twenty classes are to hold reunions and as a consequence a large registration of alumni is expected. A special program is to be held in honor of the 50 year alumni.

This year marks the inauguration of the Dix Plan whereby classes that were in college at the same time will celebrate together. During the transition from the old to the new plan of reunions, a combination of both will be used.

The entire program is replete with various receptions and activities that will mark the 57th Commencement as successful and enjoyable.

Following is the complete Commencement Program:

THURSDAY, JUNE 6
5:00 P.M. Phi Kappa Phi Initiation
6:00 P.M. Phi Kappa Phi Banquet
FRIDAY, JUNE 7
9:30 A.M. Meeting of Alumni Council, Library
2:00 P.M. Class Day Exercises, University Oval
4:00 P.M. Pageant, presented by All Maine Women, Campus
7:30 P.M. President's Reception, Alumni Hall (Informal)
9:00 P.M. Student Hop, Gymnasium
SATURDAY, JUNE 8
9:00 A.M. Meeting Board of Trustees (Continued on Page Four)

Freshman Ball Team Wins Over N.H. Yearlings

Kenyon's Frosh outdid the boys from the Granite State 3-0, May 10 in a fine display of baseball. Both nines were made up of consistent batmen, clever ball twirling on the part of "Nuts" Nutting gave Kenyon's Frosh the edge and clever infieling prevented the visitors from scoring. The spectacular play on the part of "Don" Dillon, holding the bag at second for the Maine Frosh, prevented the threatened tally of the visitors. A hot ground sizzled out between first and second for a hit, out of reach of both 1st and 2nd basemen. Dillon after a fine fight to nab the apple finally secured it, too late to get the runners at first or second. With a quick well-timed drive to home plate he caught the runner from third in time to prevent a score. Ward scored the first hit of the game, homing Battles, and Nutting won his own game with a nice hit over short stop, homing Ward and Hincks.

Critics maintain that this battle between Kenyon's Frosh and the cubs from New Hampshire is one of the best exhibitions of baseball staged here this year. The Frosh have a snappy outfit. Let's watch them.

Interscholastic Track Meet To Be Held Here May 25

The interscholastic track meet to be held at Maine May 23 will bring representatives from many high and prep schools of the state to the Maine campus, where they will compete for honors in track and field events.

The standing records for high and prep schools at Maine interscholastic meets follow:

HIGH SCHOOL
100 yd. dash—10½ sec., Morrill, Gardiner.
220 yd. dash—23½ sec., Holding, Lewiston.
440 yd. dash—52½ sec., Marsters, Deering.
880 yd. run—2 min. 4½ sec., Trickey, Portland.
One mile run—4 min. 45 sec., Preti, Portland.
Two mile run—10 min. 2½ sec., Clancy, (Continued on Page Four)

"Oh Kay" Presented In Chapel Tonight

"Oh, Kay!" will be presented this evening in the chapel by one of Professor Bailey's classes in the production of the longer play. This is being coached by Reggie Wilson and Thelma Lapworth. Tickets may be obtained from members of the cast for 25 cents.

The play is a farce comedy in three acts interlarded with mystery and thrills. "Gram" with his flivver and its accessories, and "Gram" with her habit of trying every patent medicine on the market are enmeshed in mystery. And the "Black Terror" himself who is the cause of the trouble. Can it be—? Do you suppose—? But the secret must be kept!

The players:

Edith Whitman, Marjorie Deane Stevens
Evelyn Whitman, her mother
Gloria Wadleigh
Arthur Whitman, her brother
Art Fairchild
Capt. George Whitman, her father
Asa Wasgatt
Doris Curtis
"Gram" Pembroke
Alice Borden
Beulah Starrett
The "Black Terror" Charles O'Connor
"Gram" Pembroke Roy Holmes
Kay Millis of Millis Detective Agency
Barbara Hunt
Fred Alden

"TEA FOR THREE" TO BE GIVEN MAY 23

The Play Production Class presents "Tea for Three" on Thursday, May 23, at 7:30 P.M. in the chapel.

THE STATE TRACK MEET

The University of Maine track team should have a large following of students, alumni, and faculty members when they take the field at the State track meet at Waterville Saturday. The Maine band is making the trip, and plans have been made to take care of a good sized delegation from Orono.

That the University has the best chance in the world of winning the meet is evident from the past performance of the men who will represent the Pale Blue at the state games this week end. At one time during the past year it rather looked as though Maine might be out in the cold when it came time for the State meet, because of difficulties that arose with other state colleges last season. The Maine Athletic Association went to work and straightened out the matter so that followers of the Pale Blue will go to Waterville in high spirits, and let their money on Maine with more than a reasonable degree of safety.

The University of Maine has always held a high position in track circles both in Maine and in the New England States, and have kept up a high standard. Chet Jenkins has held to that standard this season, and has sent out teams from the University of which the institution and alumni can be justly proud. Such teams are a great asset to the college. The good advertising that the school receives by sending out a fine class of men to compete in athletic games cannot be measured in dollars and cents. The members of the team and the coach deserve the support of the student body at Waterville Saturday. This will be your chance to see a University of Maine squad in action with one of the best lineups that has ever represented the school. Go to Waterville Saturday morning and lend your support to the team.

FOR THEY WHO WISH TO SERVE

In past years it has been a common practice to blow the whistle on the power house after athletic contests to inform those interested of the outcome. This year the whistle has been very inactive, and for some reason or other no one has seen fit to blow it after games and track meets. Many students have been complaining because they were not able to learn the results of some of the baseball games until the following day. Of course there is no one exactly bound to let the students know the outcome of the contests at once, but since it is the student body who are supporting the teams it seems that the least that those connected with athletics could do would be to inform them how the organizations that they support are progressing.

Some group should be delegated to do such work as this. Since the Sophomore Owls have been sorely criticised because of their lack of activity this year it might be well for that organization to consider doing something that would be of real service to the student body and others interested in university sports.

The whistle should be blown after every college contest that is held either off campus or on the college grounds. A plan could be followed that would make it possible to sound the scores of the contests on the whistle. Such a plan could be published so that the listeners might understand how to interpret the signals. This is something that is of general interest to the majority of students in the college, and should be given just consideration by some active body on the campus that has an earnest desire to be of some service to the student body.

SLOW DOWN

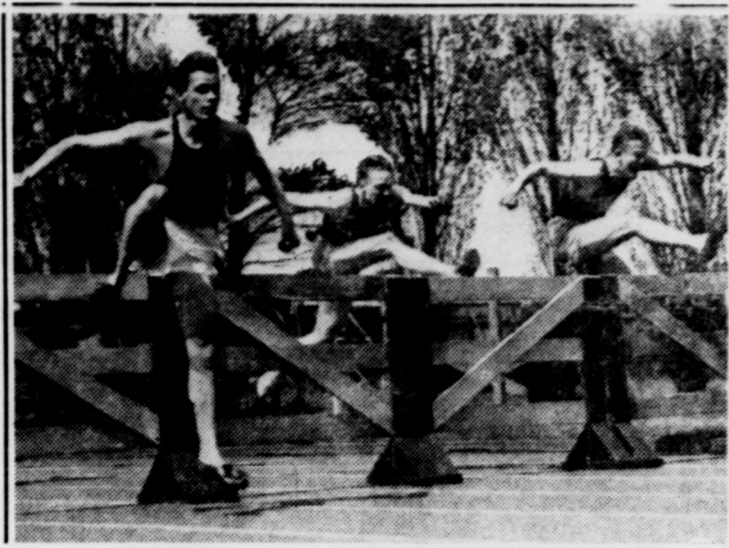

That the campus is fast turning into a speedway would be the natural conclusion drawn by a casual observer watching the flashy roadsters and tin can products of the Ford factory tearing about the narrow and crooked campus lanes. No one has to spend much time along these roads to see one or more "close shaves" where two or more automobiles barely miss crashing.

An attempt is made to enforce parking rules on the campus that would not seem out of place in New York City, but no one seems to be aware of the fact that the narrow paths on the campus are not wide and spacious state roads. Rules have been made that aim to prevent cars from being parked on the campus except in regularly prescribed places, and these rules have worked out quite well. If we need parking rules we need speed laws even more, for if motorists insist on driving at high speed on the narrow and winding roads on the campus accidents are bound to be the outcome.

Fast traffic is a progressive measure, and proves a real help in keeping the busy streets of a large city clear, but on the Maine campus where there is much more time than there is room on the roads, and where sharp and blind corners seem to be a feature in the road construction plan, a slow rate of speed should be maintained in an attempt to prevent, not only costly damage to automobiles, but also the possible injury of persons.

Some members of the faculty and student body are reckless in the manner which they operate their cars about the campus. If these people do not know enough to take precaution for their own self protection authorities should take action to apprehend them before they do damage to others.

Maine Wins Hurdles At M.I.T.

(Continued from Page One)

Maine Track Team Crushes Tech in Dual Meet

100-Yard Dash—Won by Stytiest, Maine; second, Berenson, Maine; third, White, Maine. Time: 10 4-5 sec.

220-Yard Dash—Won by Ladd, Tech; second, Stytiest, Maine; third, White, Maine. Time: 23 4-5 seconds.

440-Yard Dash—Won by Jones, Maine; second, Parks, Maine; third, Stiles, Maine. Time: 16 2-5 seconds.

880-Yard Dash—Won by Berry (Tech); second, Hallahan, Tech; third, Tolman, Maine. Time: 51 seconds.

1 Mile Run—Won by MacNaughton, Maine; second, Lindsay, Maine; third, Herberts, Tech. Time 4 min. 32 2-5 seconds.

Two-mile Run—Won by Richardson, Maine; second, Thorsen, Tech; third, Brooks, Maine. Time 9 min. 58 4-5 sec.

Shot Put—Won by Grondal, Tech; second, Black, Maine; third, Webber, Maine. Distance 42 ft. 9 1-5 inches.

Hammer Throw—Won by Black, Maine; second, Crout, Tech; third, Moulton, Maine. Distance, 158 feet, 1 1/2 inches.

Javelin Throw—Won by Wadsworth, Maine; second, Black, Maine; third, Cleaves, Maine. Distance, 178 ft., 6 in.

Discus Throw—Won by Gowell, Maine; second, Grondal, Tech; third, Gray, Tech. Distance, 143 ft.

High Jump—Won by Benjamin, Tech; second, O'Connor, Maine; third, Branch, Maine. Height, 5 ft. 11 inches.

Pole Vault—Won by Beckler, Maine; second, Slack, Tech; third, Elmer, Tech. Height, 11 ft. 9 in.

Broad Jump—Won by O'Connor, Maine; second, White, Maine; Wood Tech. Distance 21 ft. 11 inches.

KAPPA GAMMA PHI ELECTS OFFICERS

At a meeting of Kappa Gamma Phi held last Thursday, the following officers were elected for the coming year: Pres., Edward J. Greeley '31; vice-pres., Alfred Howard '30; sec.-treas., George Ankeles '30.

PLAY DAY TO BE HELD MAY 25th

The plans for Play Day on May 25th are nearly complete. The following High Schools are sending representatives as follows:

Lee Academy, 5; Mattanawcook, 5; Ellsworth, 5; Hermon, 2; M.C.I., 5; Bangor, 5; Orono, 5; Old Town, 3; Brewer, 5; Hampden, 10.

The committees have worked out two programs in case it should rain.

If the weather permits the following program will be used:

Registration 8:00-9:00—Balentine Gym
Races 9:30-10:15
Baton, Hockey, Toboggan, Obstacle
Baseball—Field
Tennis—Balentine Court
Archery 10:15-11:00

Between Library and Balentine
Picnic—Piney Knoll
Songs and Stunts
Soccer 1:30-2:15—Field
Clean up 2:15-2:30—Balentine
Alumni Field 2:30-6:00

See finals
If time out of campus
6:30 Banquet

If it is rainy the following program will be used:

Registration 8:00-9:00—Balentine Gym
Volley Ball 9:00-9:30—Alumni Gym
Races 9:30-10:30

Baton, Basketball, Toboggan, Obstacle,
Potato
Dodge Ball 10:30-10:50
Tug of War 10:50-11:15
Squash Pyramid
Ready for lunch 11:15-11:30

Balentine Gym
Lunch—Songs and Stunts 11:30-12:30
Hot Potato 12:30-12:45
Elephant Walk (4) 12:45-1:00
Wheelbarrow Races (4)
Captain Ball 1:00-1:20

NEW W.A.A. OFFICERS ELECTED

Jenny Hutchinson was elected president of the Women's Athletic Association at the election held Wednesday.

The other officers elected were Dorothy

Ross, senior representative; Elizabeth Livingstone, vice-president; Helen Sterns,

secretary; Jeanette Roney, manager of hockey; Carrie Williams, manager of basketball; Beatrice Spiller and Ellen

Wareham, assistant managers of hockey; Helen Beasley and Ruth Hasey, assistant

managers of basketball; Olive Perkins, manager of archery; Alice Bagley, manager of tennis; Evelyn Winslow, manager of baseball; "Kay" Jackson, manager of track; Hazel Parkhurst, manager of soccer; Polly Sterns, manager of volleyball; and Mary Soule, cheer leader.

VARSITY CANDIDATES HOLD SPRING FOOTBALL

About thirty prospective football candidates were given a spring limbering by Coach Fred Brice last Monday. Coach

Brice was very well pleased with the good turnout and said that the prospects of a good team next fall are good. If there

are any other men who expect to go out for football next fall they should give their name to Manager Henry Favor for eligibility rating.

1930 PRISM DISTRIBUTED TODAY

Distribution of the 1930 Prism started Thursday morning at the window of the campus post office in Alumni Hall. There

will be another lot ready for distribution Friday and the balance will be cleared up on Monday. All students who ordered

Prisms payable on demand should get their copy as soon as possible by bringing cash with them. There are sufficient

copies for anyone to obtain one although it has not been ordered.

CENSUS INFORMATION

The University office has been asked by the Bureau of the Census at Washington to secure the names of students at the University whose parents are dead and

who make Orono their home. Names should be left with the Registrar on or before Monday, May 13.

TOWN CATS SUFFER

The wish of the Department of Biology for cats has resulted in much worrying in Orono. The family pussys seem to

have been taking a bad beating. Last Saturday a student of biology picked up, what he thought to be a stray cat in Orono. He

put his find in a bag, and hurried it to the laboratory where he intended to kill the beast. But the student was not quick

enough, for when the University Pharmacy in Orono discovered that their store

cat was among the missing they immediately started a search. Someone tipped the storekeeper off that he had seen the animal being fondly carried off in the

arms of a university student. This at once led the proprietor of the store to biological thoughts. He called the Registrar's office thru which he traced the

pussy to the Biology Department just barely in time to save its life.

PHI BETA KAPPA HOLDS INITIATION

The Phi Beta Kappa initiation and banquet took place last Thursday evening at the Country Club. The pledges were

initiated at 6 o'clock, the banquet following.

Stanley Chase, professor of literature at Bowdoin College, was the speaker of the evening. Professor Fascett of the

Maine English department represented Colby.

Buck and Horse 1:20-1:45
Slain the Snake 1:45-2:00
Basketball 2:00-2:15
To Armory 2:15-2:30
See finals 2:30-6:00
Banquet 6:30

COLBY DEFEATS VARSITY BALL TEAM

Colby grabbed off the State series game with Maine, 5 to 2, here Saturday afternoon in a rather featureless set-to outside of the good hurling of Brown, Colby's portside. Brown was slow in getting his feet placed and looked doubtful when he walked the first man to face him and Wescott hit the ball about a mile for a homer.

Put these two runs were all that Maine gathered for the afternoon. Brown tightened up and fanned 11 in the course of the afternoon. The only time Maine threatened was in the 7th with two men on and none down, but Brown sent the next three to the bench on strikeouts in a row.

The first inning flash of Maine was about all there is to say about that side Colby got one run back in the second on a triple by Klusick who was batted in by Hedderig. Another one came in the second without a hit on two errors by True and a sacrifice. Wescott for Maine was going pretty good and the game moved along without much excitement until the break came in the 7th for Colby. Brown was safe on a boot by True, Roberts got a scratch. Dietjen sacrificed, Lovett hit to Elliott who cleverly held everyone while he ran down Brown between third and home. Tierney then drove a hot one to Buzzell who let it go through and it was as good as a homer, three runs coming in.

Pi Delta Epsilon Offers Prizes to College Journalists

Judges

Karl Bickel, President of the United Press; Ken Cooper, General Manager of the Associated Press; Russell Kent, President of the National Press Club; David Lawrence, President of the Consolidated Press and Editor of the United States Daily; and Richard V. Oulahan, Washington correspondent of the New York Times, will act as judges in the news-story competition, initiated this year. In the editorial competition, all the judges of last year's successful competition have consented to serve again. They are: Ira E. Bennett, Editor of the Washington Post; Claude G. Bowers, Editor of the New York World; Louis Ludlow, Congressman from Indiana and former President of the National Press Club; Major Oliver P. Newman, Vice-President of Thomas R. Shipp, Inc., and former Commissioner of the District of Columbia; and Frederic William Wile of the Frederic William Wile News Service.

Eligibility

Both competitions are open to all colleges in the United States, and to men and women contestants alike.

Conditions of the Award

To be eligible for prizes, editorials or news-stories must be submitted to the director of the competition, Henry Gratton Doyle, Dean of Men, George Washington University, Washington, D. C., not later than July 1, 1929, in accordance with the following rules:

1. Editorials or news-stories must have been written by an undergraduate and must have been published during the academic year 1928-29 in a college journal (daily, weekly, bi-weekly, tri-weekly, etc.) Monthlies, quarterlies, literary magazines, alumni publications, or "comics" are not included in the competition.

2. Editorials or news-stories must be submitted in duplicate, as follows:

a. One copy in the form of a clipping, so trimmed as to eliminate any indication of the source, and pasted on regular size copy-paper, or plain white paper.

b. One copy, marked, of the complete issue of the publication in which the contribution appeared.

3. A statement, signed by the editor-in-chief, editorial chairman, faculty adviser, or other responsible officer of the publication, must accompany the two copies of the contribution. This statement must give the name and address of the author and certify that he is a regularly enrolled undergraduate student in the institution.

HAZEL PARKHURST ELECTED CAPTAIN OF BASKETBALL

Hazel Parkhurst '31 has been elected as next year's captain of the varsity basketball team. She was a member of the freshman hockey team last year, and is now a member of the varsity hockey and class teams. Hazel is secretary of the Y.W.C.A. Cabinet and last year was the only freshman to hold an office in Y.W. She is a member of the Sophomore Eagle Society and of Alpha Omicron Pi sorority. She was on the Freshman basketball team last year and won her letter in varsity basketball this year. She is popular and well-liked among the students.

The last meeting for the year of Der Deutsche Verein was held last night. These officers for the coming year were elected: Harold M. Cutler '30, president; Joseph Schultz '31, vice-president; Frances Babb '30, secretary; Lyndell Smith '30, treasurer.

FROM OFF CAMPUS

Once I had a charming beau,
And he was quite a sheik,
He came to see me Sat. night,
And that had to do for a week.

He had pretty eyes and curly hair,
Stood about five foot six,
I really thought I loved that boy,
But did he love me? nix.

Then Easter holidays came round,
He went home to see his folks,
He said he must see me before he went,
Spouse he knows any more funny jokes?

I guess he thought he could kid me,
And string me along galore,
He came to see me Sun. at three,
And stayed till nearly four.

He said he'd be down on Thursday night,
And I waited till seven thirty,
Then I decided the little snort,
Had planned to play me dirty.

I stepped out to the Bojow,
And he called at half past eight,
I guess he must have discovered,
That t'was a little late.

Now when they break a date with me,
I call it an offense,
And I guess he must have known it,
For I haven't seen him since.

Perhaps he's thrown me over,
For another Jane up there,
Or perhaps he hasn't the car fare
But Hellofalot I care.

I've had a lot of fellows,
And probably will again,
But the funnest set I ever met,
Are the boys that go to Maine.

Auntie: I notice your dolly doesn't cry
"Mamma" when she is squeezed now.
H. Stearns: No, Auntie, this is her second season out, you see.

The philosophy of "Fat" Davis, Asa Wasgatt, Paul Butler, etc.

Many people eat more than they think, otherwise they would starve. (What wonderful thinkin' powah those boys do have.)

Proverb—A woman with money to burn has no trouble in finding a match.

Nan MacCreary: Who wrote the first short story.

F. Burrill—A Scotch author.

"Pat" Huddleston believes that: A man who drives with both hands keeps the modern girl worried.—She wonders what he'd do if he had to light a cigarette.

"Jerry" Getchell (having surrendered his seat): I beg your pardon.

Co-ed: I didn't speak.
Jerry: I'm sorry. I thought you said "Thank you."

She—Kiss me, Billy.
Father (entering)—Yes, billet-doux.
She—What faux pas.

Thelma Lapworth (sad to say) lost her thumb in a trolley accident, lately.

"But why," asked the company's attorney, "do you think your thumb was worth \$20,000?"

"Because," Thelma replied, "it was the thumb I kept my husband under."

A PLEA—TO A TRUSTEE

Superfluous courses there are, indeed, And courses long since gone to seed, While the things we really need to know—To play our parts well, in Life's Grand Show—

In the curriculum are never found. I will proceed, my case to propound. How many senior lassies can juggle tea. With someone jostling each elbow, And a tipsy plate on the knee?

And nearer—more specific— Oh, but it gives me pain! How many members of '29 Know how to carry a cane?

They use them—absurd!—for golf sticks, Or to give their pals a bunt, Till that same hickory cane has become a white elephant.

Oh, dear Trustees, Will you hearken to the pleas Of the students who lack In socialities?

Take away Pose Study, please And Animal Husbandry, Teach the boys to carry canes, And the girls to juggle tea.

SCHOOL LIFE PICTURED

Entertainment for the whole family! This defines Fox Films comedy-drama, "Prep and Pep," a hilarious, clean cut story of a boy's life on the campus, filmed under direction of David Butler in Culver, Ind., with David Rollins and Nancy Drexel playing the featured roles.

"Prep and Pep" is a picture that abounds in humor, excitement and drama.

Rollins and Miss Drexel carry off their roles with honors. They are supported by a brilliant cast, including John Darrow, E. H. Calvert and Frank Albertson.

"PREP & PEP" will be shown at the Strand Friday, May 17, for one day only. NO MACHINE GUNS OR MURDERS SEEN IN "ME, GANGSTER"

Patrons of the Strand Theatre are going to have a real treat in "Me, Gangster," which comes for a one day showing, May 21.

"Me, Gangster," based on Charles Francis Coe's story, which ran serially in the Saturday Evening Post and has been published in book form, was directed by Raoul Walsh, Fox Film ace, along progressive lines.

Believe it or not, there is not a machine gun in the entire pictured story, murder is not committed, there is no enmity between law breakers and police, yet there always is poignant, human drama, thrills, suspense, romance, battles of wits, battles of brawn with no scene that is not as natural as it is logical.

From all of which one can gather that "Me, Gangster," as a story of the underworld, is refreshingly different and it is.

Don Terry, juvenile, playing the lead in his first picture, is a real artist in Walsh's hands, and June Collyer is more beautiful than ever. Anders Randolph, Carol Lombard, Joe Brown, Nigel De Bruiler, Arthur Stone, Stella Adams and Burr McIntosh are part of the brilliant supporting cast.

Polly Hall '30 and Frank Battles '32 are invited to attend the Strand this week or next. If they will present this column at the box office they will each receive two passes.

STUDENT SENATE MEETS AT HOME OF PRESIDENT

The Student Senate will meet this evening at the home of President Boardman. The new officers will be installed and those men who will represent the respective groups will attend together with their predecessors in office. Pres. Boardman, Mr. Gannett, and Dean Corbett will address the group.

FROSH TRACKMEN DEFEAT OLD TOWN

The Frosh added another victory to their long string of wins for the spring track season when they defeated Old Town High School 84-42 Tuesday P.M. at Alumni Field. First place men were not allowed to compete on the Frosh team but the remainder of the cubs made a good showing. Wendell and Timberlake shone for the Frosh and Sleeper and Ouellette were the strong point men for the green and white.

Summary:

100 yard dash: Won by Beechler, Maine second, Hardison, Maine; third, Cust, Old Town. Time 11 seconds.

220 yard dash: Won by Wendall, Maine; second, Beechler, Maine; third, Cust, Old Town. Time: 24 seconds.

440 yard dash: Won by Wendall, Maine; second, Jackson, Old Town; third, Barker, Maine. Time: 56 seconds.

880 yard dash: Won by Jackson, Old Town; second, Percival, Maine; third, Sleeper, Old Town. Time: 2:10 and 2-5 seconds.

1 mile run: Won by Fuller, Maine; second, Lerner, Maine; third, Folso, Old Town. Time: 4 minutes, 56 seconds.

High hurdles: Won by Timberlake, Maine; second, Fields, Old Town; third, Yerxa, Maine. Time: 17 2-5 seconds.

20 low hurdles: Won by Timberlake, Maine; second, Yerxa, Maine; third, Jero, Old Town. Time: 26 seconds.

High jump: Won by Sleeper, Old Town; second, Timberlake, Maine; third, Hildreth, Old Town. Height 5 ft. 2 in.

Broad jump: Won by Arnold, Maine; second, Beaulieu, Old Town; third, Ouellette, Old Town. Distance: 19 ft. 6 1-2 in.

Pole vault: Won by Robinson, Maine; second, tie between Nelson and Sleeper

TECHNOLOGY TOPICS

At the meeting of the New England Section of the Society for the Promotion of Engineering Education, held at the Yale Engineering Camp, East Lyme, Connecticut, May 10 and 11, Dean Paul Cloke was elected Chairman of the Section for the ensuing year.

Professor H. D. Watson of the Mechanical Engineering staff, will attend Purdue Summer School for Engineering Teachers, sponsored by the national Society for the Promotion of Engineering Education.

Mr. A. O. Willey has resigned as Instructor in Mechanical Engineering to accept a position in the Mechanical Engineering Department of the Case School of Applied Science.

Mr. T. A. Sparrow has resigned as Instructor in Engineering Drawing to accept appointment as Instructor in Mechanical Engineering.

Mr. Alvin Sloane of the Engineering Drawing Department has accepted appointment as Instructor in Mechanism and Machine Design at Massachusetts Institute of Technology.

Mr. D. H. Stevens of the Civil Engineering Department has accepted a position with the New York Telephone Company.

Mr. L. D. Stephenson of Bellevue, Tennessee, has accepted appointment as Instructor in Civil Engineering for the next college year.

Mr. H. C. White of the Chemistry Department has accepted a position in the Operating Division of the Du Pont Rayon Company, as supervisor of certain areas at their Waynesboro, Virginia, plant which is now under construction at a cost of \$43,000,000 and will employ 10,000 men in producing an artificial silk yarn called "Accele" by the acetate process.

Shot put: Won by Ouellette, Old Town; second, Sweetser, Maine; third, Gesner, Old Town. Distance: 38 ft. 10 in.

Hammer throw: Won by Gesner, Old Town; second, Jasonis, Maine; third, Carbone, Maine. Distance: 101 ft. 11 in.

The javelin: Won by Bicknell, Maine; second, Hooper, Maine; third, Osier, Maine. Distance: 123 ft. 8 in.

Discus: Won by Sweetser, Maine; second, Hooper, Maine; third, Ouellette, Old Town. Distance: 95 ft. 1 1-2 in.

of Old Town. Height: 9 ft.

MAINE LOSES TO BATES 1-0

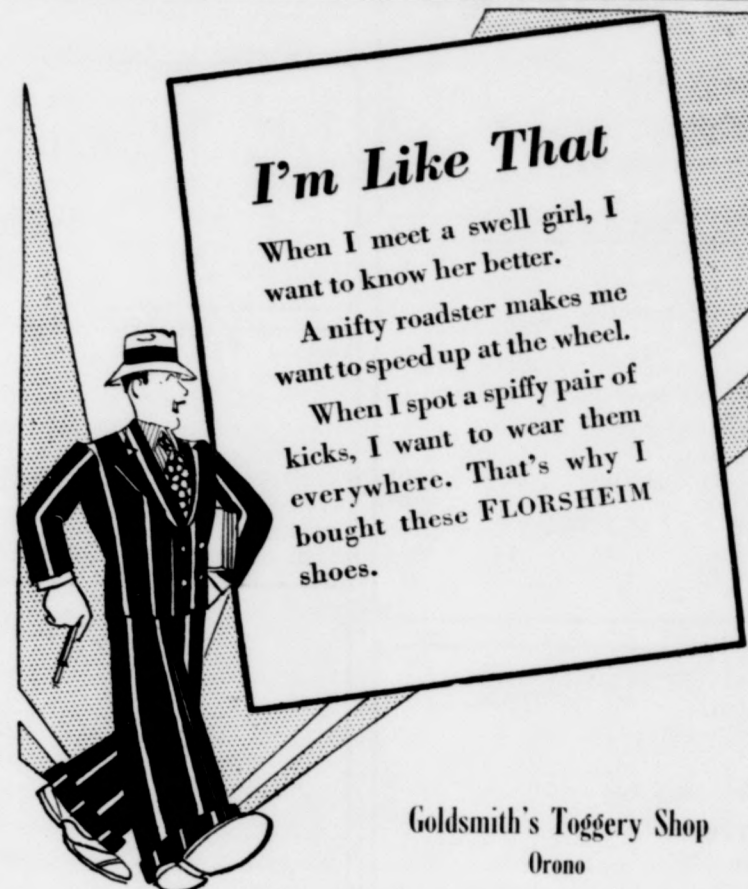

Bates College nosed out the University of Maine 1-0 today in a pitchers duel between Ralph Giroux and Solander.

Bates bunched three singles into left field in the first inning to score the only run of the game. From this stage of the game until the final put out, neither team threatened to any great extent.

Cascadden opened the initial frame by lining to Plummer. Turner singled over third and Cole dropped a one base blow into left. Plager halted the rally momentarily by poling a long fly to left center but Gilman produced what proved to be the winning run with another single into left field, Turner scoring from second.

Maine had two chances to score but lacked the punch. Each club worked two fast double plays while Casey Cascadden turned in some neat catches in right field for Bates.

Many kinds are needed

One man supervises the construction of a new telephone line, a second is responsible for efficient service on that line, a third conceives an idea for its greater scope and shows the public how to use the service.

Each is furthering an important side of the many-sided business of rendering reliable, uniform and economical tele-

phone service to every corner of the nation.

Bell invented the telephone; Vail made it a servant of every-day life. Today, the widely different types of ability represented by those two men are still essential.

What is more, as the Bell System develops in complexity, opportunities for interesting life-work become constantly more varied.

BELL SYSTEM

A nation-wide system of inter-connecting telephones

of Bates, the best the opposition can offer. It will be a great meet, at least from a blue and white viewpoint. Upsets will be in order and will certainly take place if it is a wet day. However, the prediction of this paper, and it is backed by an enthusiastic and loyal student body, is that the University of Maine will repeat her last year's triumph and that her total score will be over 70 points. On to Waterville!

(Continued from Page One)

House Parties Mark Conclusion of Festivities

Professor and Mrs. Bailey and Doctor and Mrs. Rice will chaperon. The Harmanians will play.

Last weekend there were many social events.

Mrs. Shea, Professor and Mrs. Lucas presided over the two Delta Tau Delta dances given last weekend. Many out of town girls were among the guests. Attractive crystal pendants with the frat-

nity seal were given as favors, and Tom Kane's orchestra furnished music. Between one event and another worked out by the social committee, it would seem that the Deltas outdid themselves in providing a pleasant weekend.

Kappa Sigma, too, entertained at parties over the weekend. The house was decorated with green and white streamers. On Friday night the favors were black embroidered scarfs. Saturday night the Kappa Sigs held open house for Sigma Nu. A Bangor orchestra played and Mrs. Ella Mason and Professor and Mrs. Rice chaperoned.

Sigma Chi and their guests had a weekend party. The Troubadours furnished music with Neil Calderwood at the piano. The house was lighted and decorated. The favors given at the formal on Friday night were pleated scarfs. Prof. and Mrs. Chadbourne, Prof. and Mrs. Bray chaperoned.

Portland and Wheaton girls were among the guests at Beta Theta Pi for last week's festivities. This spring house party began on Friday evening with a formal dinner and dancing from nine until one. The porches were gaily lighted with many col-

ored Japanese lanterns. A balloon dance and a "whoopie" dance, with bells, streamers, and noisemakers helped make the party a lively and gala one. The favors were colored leather pocketbooks. The Reo Flying Cloud orchestra played with a snappy team.

An informal dance was held on Saturday night, and Sunday the whole merry party drove to Lucerne in Maine for the day. There a formal dinner was served. Mr. and Mrs. Fred Youngs were the chaperones.

Trellises of artificial flowers augmenting the gay effect of paneled walls were the decorations for the Sigma Alpha Epsilon dinner dance on Friday night. The chaperones were Mrs. Edith McCollum, Prof. and Mrs. Hitchner. Many who attended the formal went to Dreamwood on Saturday night.

Alpha Tau Omega entertained last weekend. The decorations were the fraternity colors of gold and blue, with an effective lighting arrangement. Captain and Mrs. Stewart, Major Oliver were the chaperones for both the formal on Friday night, and the informal on Saturday.

serves to maintain the interest. Last week Mr. Dermen gave the girls a clever exhibition of evading; his lightness and dexterity was astonishing.

The schedule for the games is as follows:

May 20, Mon. 3:15, Seniors vs. Soph.

20, Mon. 4:10, Frosh vs. Juniors.

21, Tues. 3:15, Frosh vs. Soph.

21, Tues. 4:10, Juniors vs. Seniors.

24, Fri. 3:15, Frosh vs. Seniors.

24, Fri. 4:10, Soph. vs. Juniors.

Class baseball is also taking place. The schedule for the games is:

May 16, 3:16, Juniors vs. Frosh.

17, 3:15, Seniors vs. Juniors.

22, 6:15, Sophomores vs. Frosh.

23, 3:15, Seniors vs. Sophomores.

The Senior vs. Frosh and the Junior vs. Sophomore games are to be arranged.

DR. HARTZELL GIVES FIRST AID DEMONSTRATIONS

The First-Aid Instruction now in progress at Wingate Hall is being conducted by authorities of the American National Red Cross and under the auspices of the Bangor Red Cross Chapter. The class enrollment numbers thirty-three and is composed of students, scouts and representatives of a number of industrial concerns. The course will cover a period of ten days instruction and those attending 80 percent of the sessions will be given a certificate issued by the National office.

Safety and carefulness to avoid accidents are stressed and the principles involved in both practical and theoretic first aid are fully explained and exemplified by practical demonstration. Some of the subjects covered are Shock, its cause and treatment; Fractures, Dislocations, Sprains, Strains, Bruises, Wounds, Infections, Proper application of tourniquet in controlling hemorrhage; Burns, Scalds, Unconscious conditions and "Artificial Respiration" by the Sheaffer Prone Pressure method.

Dr. G. F. Hartzell, employed in the capacity of Field Representative of the Red Cross organization is giving the instruction. He has given years of service to the particular work and believes that nearly all accidents are preventable if proper care is exercised. The large number of accidents occurring daily emphasizes the urgent need of this instruction and requests for this service are increasing daily.

Reunions of Twenty Classes Will Be Prominent Feature of Commencement
