Maine Defeats Bowdoin and Colby In Closely Contested Games; Wins Put Maine in Tie for Second Place Loosely Played Game With Bowdoin Goes Ten Innings Twirling and Stickwork of Arvo Solander Proves Too Much for Colby

Maine sent the Polar Bear tumbling into the cellar position of the state series muddle by grabbing a long, loosely played 10 inning game 5 to 4 at Orono, Friday. Errors and bone head plays were profusely pulled by both sides. Coaches Brice and Houser had an interesting game of checkers on the side between left handed pitchers and right handed batters.

Plummer and Wescott had a good day in the field for Maine while Whittier was their outstanding fielder. Wescott, Ellis and Perkins had some good hits to their credit.

Maine scored two runs in the first inning on three walks and a single by Bill Wells. Bell brought one run across for Bowdoin in the second when he showed some flashy base running, scoring from second on an infield out. Maine took another run in the fifth on a triple by Perkins and a single by Wescott.

Bowdoin made it three all in the sixth on two hits, two walks and a boot. They went into the lead in the seventh on a walk, a passed ball and a base knock, by Whittier. Souther was given the gate in the 8th after he allowed Maine to tie the score on two walks, an error and a hit.

Maine Freshmen Defeat Hebron 8-1

The Maine Freshmen took an easy game from Hebron, this evening 8 to 1, on Alumni Field. Putting held Hebron to three hits, one a homer by Pooler. Grane and Hinks made some beautiful catches for Maine while Hart starred for Hebron. Sims and Grane led the batting.

President Boardman Announces Dormitory Proctors for Next Year

The proctors for the men's dormitories for the coming college year were announced this week by President H. S. Boardman of the University of Maine. The list includes George Ankeles '30, Peabody, Mass.; Bernard M. Berenson '30, Portland; Emerson A. Stymiest '30, Rumford; Richard P. Ireland '30, Dover-Foxcroft; Lloyd McCollum '30, West Jonesport; Ralph L. Perkins '30, North Waterford; Robert M. Scott '30, East New Portland; Lincoln O. Spencer '31, Biddeford; Kenneth R. Webber '30, Bowdoinham; Theodore R. Bickmore '31, Stockton Springs; Arvo A. Solander '31, Winchenden, Mass.; Merrill Kilby '31, Denysville; Ralph L. Drisko '30, Harrington; Luthan Crosby '31, Milo.

Ankeles is manager of the Prism, the Junior Class annual, and managing editor of the college newspaper. Berenson is captain of next year's Relay Team, and Stymiest is a member of the Track Team. Crosby is a member of the University Glee Club.

NOTICE

The barrel of the 3" Trench Mortar, used in decorating for the Military Ball, disappeared from the gym shortly after the Ball. Anyone having any idea as to its location will kindly notify R. C. O'Connor at the Beta House.

This piece of equipment is valued at \$28, which amount will have to be paid by the R.O.T.C. unit as a whole, unless the piece can be located.

Maine's First Coed Lieutenant Colonel

PAULINE HALL

Miss Pauline "Polly" Hall, first co-ed to be chosen honorary Lieutenant Colonel at the University of Maine, snapped while reviewing the Maine R.O.T.C. unit for the first time.

She was given the honorary position as a result of a popular election held at the military hop this year.

Colonel R. I. Rees Speaks On Studies Made of College Grads

Colonel R. I. Rees, assistant vice-president of the American Telephone and Telegraph Company, recently delivered an address before a luncheon meeting of the Western Universities Club of New York City, in which he called attention to facts which seem to shatter a stubborn myth. The facts were based upon studies made of college graduates in the Bell System.

Colonel Rees referred to the three

Work on the Annual Pageant by All Maine Women Well Underway

The Annual Pageant given by the All Maine Women during Commencement Week is well under way. The various dances are being coached by Mrs. Mark Bailey. The General Chairman is Jessie Ashworth. Jennie Hutchinson, Alice Webster, Kay Marvin, Rachel Mathews, and Helen Moore have completed their plans for costuming the pageant. The color scheme aims at a harmonization with the grass on which the performance is to take place. Music is under the chairmanship of Marion Hawkes, who obtained several of the women students to play for the rehearsals. The Properties Committee is composed of "Pat" Barton and Jeanette Roney. Carlita Mutty is in charge of the grounds. Publicity is being taken care of by Jessie Ashworth. Martha Wasgatt is supervising the rehearsals. Some of the dance-games in the Pageant are: Blind man's Buff, Game of Ball, Torch Dance. Each girl in the All Maine Women Organization is responsible for the presence at rehearsals of one set of dancers. With this adequate system the Pageant for 1929 promises to be even more of a success and more enjoyable than that of 1928.

Interscholastics To Be Held Here This Weekend Schoolboys Representing Many Institutions Will Be Entertained at Various Houses

The annual Interscholastic track and field meet opens at the University of Maine Friday morning, when the prelims for events will be held. This meet draws much attention from about the state, and is also of great local interest.

The meet is divided into two divisions, the high school and preparatory school classes. The competitors are being entertained at the local fraternity houses during their stay on the campus.

A summary of the past records of the high and prep school classes follows:

HIGH SCHOOL

100 yd. dash—10½ sec., Morrill, Gardiner.
220 yd. dash—23½ sec., Holding, Lewiston.
440 yd. dash—52½ sec., Marsters, Deering.
880 yd. dash—2 min. 4½ sec., Trickey, Portland.
One mile run—4 min. 45 sec., Preti, Portland.
Two mile run—10 min. 2½ sec., Clancy, (Continued on Page Three)

Scholarship Awards Made to Students at Special Chapel

Scholarships were awarded in chapel Monday to the following people:

Trustee Scholarship for excellence in scholarship: In Agriculture, Clifford McIntire '30; Arts and Sciences, Erieta Hatch '30; Technology, Harry Mayers '30; and At Large, Helen MacLaughlin '30.

Penobscot Valley Alumni No. 1 and 2: Clovis Breton Jr. '31 and Donald Fogg '31.

William Emery Parker to the male student of the sophomore or junior class, who, in addition to being above the average rank scholastically, shows most clearly those qualities of manliness, honesty and constructive effort which characterized the college career of the alumnus in whose memory the scholarship is given, was awarded to Horace Pratt '30.

Phi Mu to Rebecca Matthews '30.
New York Alumni No. 1 to George Ankeles '30 for excellence in debating, and No. 2 to Harry Mayers '30 for excellence in English.

Pittsburgh Alumni to Frank McCann '30.

Sigma Theta Rho award given to the

Victorious Maine Track Team Expected To Retain The New England Championship Brilliant University of Maine Track Aggregation Overwhelms Its Opponents at the Annual State Meet and Is Strong Favorite To Repeat Last Year's Victory at the New Englands This Weekend

Student Senate Meets at Home Of Pres. Boardman

The Student Senate that has served during the past year met Thursday evening at the home of President Boardman. This meeting marked the installation of the new officers and the last meeting for the outgoing officers, and several men who have been delegates. Versal Robey, the retiring president addressed the group. He pointed out the earnest attempt the Senate had made during the past year to actually better conditions and to primarily make for a better organization of the Senate for the purpose of insuring a stable group capable of carrying on the work that is demanded of it. Mr. Robey pledged the incoming officers and men to a sincere effort at bettering the Senate and its activities in every possible manner.

President Boardman spoke to the members emphasizing the fact that there were really no absolutely specific duties that might be imposed, yet a continuance of the work undertaken this year was highly desirable. He complimented the officers and members on their work during the past year. He pointed out that a greater amount of coordination and cooperation between the students and administration might well be sponsored by the Senate as well as fostering of loyalty—loyalty to the institution first of all, and constant remembrance of the fact that the University of Maine is fundamentally an educational institution. Dr. Boardman stressed the latter considerably—pleading that the Senate impress this upon the students and use its office to constantly maintain the prestige of Maine as an educational institution with the other activities secondary.

Mr. Gannett spoke briefly on the work of the Senate during the past year—he having been a member of the administration who has had considerable opportunity for close observation of the work of the Senate through his attendance at a great majority of the Senate meetings. It is the opinion of the writer that considerable of the success of the Senate has been due to the interest manifested by

(Continued on Page Two)

Breaks Broad Jump Record

CHARLES O'CONNOR

The 1929 State Champions are leaving today for the "little old New Englands" at Cambridge on Friday and Saturday. Twenty-three men will represent Maine in her attempt to stretch her New England championship to a three year length. Maine has been assigned the favorite position by nearly all the Boston sports writers. It is a precarious situation for any track team, but a review of outstanding men in all events may clear the problem.

In the 100 and 220 yard dashes Maine's strongest man to place is Emerson Stymiest. His equalling of the State meet mark of 21 4-5 seconds should bring him close to Daley and Morin of Holy Cross, Troy of Brown and Knox of Bates.

Win Niles must beat Capt. Noyes of N. Hampshire in the 440. Noyes ran the quarter in 49 seconds flat last Saturday, the best time in the East. Eddie Tolman might finish third or fourth. Adams of Bates should place.

It must be conceded that Maine will not place in the half-mile. Russell Chapman of Bates should win easily in fast time.

The mile promises to be a merry struggle between Bud Lindsay and Vic MacNaughton of Maine, Callahan of New Hampshire, and the speedy Billy Madden of Holy Cross. All of these men made better than 4:30 time in last Saturday's meets.

Harry Richardson's record thus far this season ranks him again as the pick

of New England two-milers. The cross country captain should repeat his first place of last year. Bud Brooks may pick up a point if he can show the form that placed him second at Waterville.

Collier of Brown is easily the favorite over the hurdles. His time against Army and Colgate Saturday places him ahead of Win Jones of Maine and Sucke of New Hampshire in the highs. In the lows Jones should press Collier as their times are nearly the same.

Phil Beckler will be in good shape to go well over 12 feet with Martin of Northeastern and possibly Dill of Bates. Beckler's runway mark was moved without his knowledge at Waterville, and thus he appeared to be off form. He ought to retain his title as New England's best this coming Saturday.

Charlie O'Connor has registered the longest broad jump of any of the entered men. Carney of Brown, Soule of Bowdoin, and Knowlton of Bates will fight the State champion. The high jump will see Red Russell of Brown duplicating his first of last year. Benjamin of Tech, Jones of Wesleyan, and Morang of Northeastern should place. O'Connor has little chance in this field.

Bill Gowell's tosses over 140 feet undoubtedly place him as gold medal man in the discus throw. Gowell's bid for his second New England championship will be sharply challenged by Houle of Bates, Cornsweet of Brown, and Grondal of Tech.

Norm Webber may possibly pick up a fourth in the shot put. Cornsweet of Brown, Brown of Bowdoin, and Grondal

(Continued on Page Three)

Dorm, Kappa Sig, And Phi Gam Ahead in Tennis Tourney

The battle for the Intra-Mural Tennis Cup has reached the semi-finals. Breton and Farrar of the Dormitory won the championship of the Northern League, by defeating Hebert and McComb of Theta Chi (6, 3) (6, 3). Mann and Bassett of Kappa Sigma won the championship of the Central League, by defeating Thompson and McPherson of Phi Kappa Sigma (6, 0) (6, 4). Harvey and Willets of Phi Gamma Delta were the victors over York and Hackett of Phi Mu Delta (6, 4) (1, 6) (6, 2). The semi-finals and finals will be played off this week. The house having the winning team receives possession of the cup for the ensuing year. The first house to win this cup twice will be the permanent possessors of it. The two players of the championship team will receive individual medals.

Richardson and Lindsay in Action

"Bud" Lindsay, left, and Harry Richardson, right, are expected to cop in the distance events at the New Englands this week-end. They are co-captains of the Maine cross country team for next year.

ON TO THE NEW ENGLANDS

After taking the honors at the Maine State meet at Waterville last week the University of Maine track squad will invade M.I.T. Field this week-end in an attempt to score a win in New England collegiate track competition. Maine has held the championship of New England for the past two years, and with the Maine State meet for a background Chet Jenkins' men should bring the New England champ back to Orono again this year.

Records were beaten, and records were equalled at Waterville last Saturday by both Maine men and representatives from other colleges of the state. However the Pale Blue succeeded in taking over the majority of these records, and also in winning the meet by a wide margin. Chet Jenkins is to be praised for the good work that he has done with the Maine track squad this season so far, and it is with the best wishes of the student body that he will take his team to the New England games Friday.

Maine runners and field men will go against much of the same competition at the New England that they met at the State Meet. This should aid the Maine team to some extent, and with the feeling that the whole Maine student body, faculty and alumni are behind them, at least in spirit, when they take the field this week-end the team should be able to go thru with their best.

WELCOME

The opening of the Interscholastic track meet at the University of Maine this week-end marks another period when many men who are prospective students for the University will invade the campus to compete in sports.

Thruout the year there are several periods when high and preparatory school students come to the Maine campus for some purpose. During these times it should be the aim of every Maine student to make the visitors feel at home, and to let them see the college at its best. Visitors feel at home, and to let them see the college at its best.

Maine welcomes the men from the high schools and preparatory schools of the state of Maine who are to compete for honors in track events here over the week-end. The men who will be guests at the local fraternity houses are invited to inspect the campus, and to feel free to ask any questions or directions that they may desire during their stay at Maine.

GOOD PSYCHOLOGY

There seems to be no question but that the presence of two state traffic policemen about the campus during the week has had, at least a good psychological effect, upon reckless drivers. No one seems to have had serious trouble with the troupers although several people have been "bawled out" by them.

People on the campus seem to have gotten in the habit of ignoring police officers. The college officer is hardly considered as a real police officer by campus people, and he is often disregarded to some extent because of this. Perhaps the presence of the State Police on the campus for a few days will get the campus public in the habit of seeing police about, and may save them no little trouble when they go back to the "home towns" after college closes, and find that the man in the policeman's uniform will hail them into court if they refuse to obey his orders.

VARSITY LETTERS

The apparent disregard for rules governing the type of letter to be worn for the different varsity sports at the university has been in evidence on the campus for some time. Many men are wearing the large sized knitted-in football insignia in place of a regular track, basketball, or baseball letter. While all these sports are majors at the University of Maine there are rules that state the type of letter awarded for the different sports, and athletes should follow these rules. If they are unsatisfactory to the student body they should be changed. Such a change could be brought about by the action of some representative body on the campus. The Senior Skulls recently handed in a set of recommendations governing the awarding of letters and the type of letter that should be given for the various sports at the university, but from outward appearances these, or no other rules are being obeyed by the wearers.

ATTENTION SENIORS

Many students who will graduate from the university this year have expressed a desire to subscribe for the *Campus* next year. This will be made possible in the graduation edition to be published the week after next in which a coupon will appear. This may be filled out and sent to the *Campus* any time before fall. In this way the *Campus* hopes to increase the alumni subscription list. The *Campus* is the only real means of keeping in close touch with what is taking place at the university, and should be of interest to a large number of alumni to have a complete resume of the events of the week at the University of Maine at their door every week. Don't forget to send in your subscription next week or after the commencement issue has been published.

MAGNA CARTA DAY CHURCHES CELEBRATE

In the churches and Sunday Schools of The Seven Nations the Third Sunday in June is observed as Magna Carta Sunday. Teachers, swift to sense the world peace value of the kinship of our nations, impress upon their classes the significance of the Day and the historic event from which it is born.

Magna Carta Day is celebrated as Interdependence Day because the Great Charter, which Elihu Root terms "The greatest of all events in the political development of modern liberty," is the bedrock of our freedom. It is the outstanding day in our concurrent history. Law and language link men and nations and the custom of celebrating Magna Carta Day cements the mutual ties.

Today 200,000,000 people live under the traditions, laws and culture born of Magna Carta. The need of awaking and uniting these millions (not politically) presses hard upon us. Unify these English-Speaking millions in mind and spirit and there is created such a power for peace as the world has not yet seen. It is being done more and more every year in the celebration of Magna Carta Day.

This is the spirit of that Great Charter: That there shall be a government of law and not a government of force. This is the Great Charter materialized: Not a fortification or a gun on the long boundary between the United States and Canada. It is an age-long effort to turn the nations from war to law. When it is accomplished, not alone The Seven Nations, but the nations of the world will celebrate the granting of Magna Carta as the political event of all history.

STUDENTS SHOW SURPRISING KNOWLEDGE OF AERONAUTICS

Wing loading, dihedral and gliding angle are becoming stock terms among technically inclined college students as a result of growing interest in commercial aeronautics.

Thousands of students now discuss the merits and advantages of various types and makes of aircraft as formerly they compared popular automobiles. It is a sign of the times.

The extent of this aeronautical knowledge on the campus was a revelation to the judges of the Alexander Eaglerock Awards, a scholarship program sponsored this spring by one of the country's leading light plane manufacturers. In papers submitted to the committee, airplanes were discussed intelligently from both engineering and operation standpoints. Many students revealed a surprised grasp of aerodynamic fundamentals. Others showed insight into the present situation in the industry, and indulged in much practical speculation as to its future.

COLUMBIA OFFERS COURSE IN WRITING

In recent years an increasing number of men and women have shown their desire for instruction in the various phases of the art of writing. Schools of journalism have sprung up in answer to the demand for instruction in news editorial writing, but instruction in less journalistic forms of literary expression naturally falls outside the special province of the schools of journalism. To serve those students who desire instruction in the writing of short stories, novels, plays, verse, magazine articles, essays, photo-plays and criticism, Columbia University offers through University Classes a wide variety of special courses in writing.

Admission to these special courses in writing is flexible. Elementary courses are open to students who have had one year of college composition. Admission to advanced courses is open to those who have shown promise in elementary courses and to those whose manuscript shows that they can do the advanced work with satisfaction to themselves and to the University.

THE WRITERS CLUB

A meeting ground for students with special interests in writing is afforded by the Writers Club. The Club arranges for its members, shop talks on various phases of the art of writing by authors, editors and critics; it publishes an annual anthology COPY, in which it republishes the best of the published stories, poems, articles and plays which its members have done as class assignments; it produces plays done in the courses in play writing.

LIST OF COURSES

The following special courses in writing are offered:

English composition; Advanced composition; Business writing; Advanced English composition; Magazine articles; Critical writing; Advanced magazine article writing; The short story; Juvenile story writing; Advanced juvenile story writing; The technique of the novel; Individual problems in fiction writing; Advanced short story writing; Play writing; Play writing and stage work; Play production; Play writing, advanced course; English prosody, elementary course; Photoplay composition.

Further information in regard to these courses is to be found in the *Announcement of University Classes* which may be obtained from the Secretary of the University.

ALLERTON HOUSE OFFERS EMPLOYMENT SERVICE

The Allerton House, Official Intercollegiate Alumni Residence of Chicago, was the first of the Intercollegiate Alumni Hotels open an Employment Bureau for college men and women. The Allerton House is a 1000-room club residence and accommodates on the average of nearly 1,000 permanent guests, both men and women. Out of this number of permanent guests, there are from 500 to 600 college graduates.

The management through their contact with so many college people, had the following facts brought to their attention: First, that the college man or woman coming to Chicago to look for employment comes with something to sell; he or she comes equipped with some specialized or technical training and is in search of an employer who wants to buy his services. Second, there is the employer who is in search of someone with specialized or technical training whose services he wishes to buy. The one knows that the other exists, but does not know where to find him. The object of the Allerton House in starting this service is to facilitate the college man's getting in contact with employers who can offer him desirable employment.

The Allerton House started its employment service by calling on the larger business houses, 2,000 in number, in the city, with the object of acquainting the business men with the employment service that they were going to render and to ask for the business men's co-operation.

The success of the Allerton House in developing this service has been phenomenal. Together with getting the cooperation of those firms which have previously employed college trained employees it has succeeded in pointing out to others the desirability of employing well educated men and women.

On an average of fifty good positions are listed with the Allerton House each month. Listed below are a few of the positions opened at the present time:

1. Nutritional director wanted; must have training in nutrition, Ph.D. preferred. Must have published articles on nutrition; hospital and dietetics experience desirable. Salary, \$8,000.
2. *Young college man (degree in Business Administration) wanted to fill position in credit department of large packing company.
3. *Young college man (3) wanted to fill sales position with firm manufacturing Nationally known product. Salary \$175 and expenses.
4. *A college man who has had experience managing a retail store is wanted by chain store organization. Salary \$300 per month.
5. Girl with journalistic training and experience. Must have editorial experience. Must be able to edit house organ for large bank. Beginning salary \$175 per month.
6. *Sales correspondent, a young college man who has sales ability, to fill position with large manufacturing firm. Beginning salary \$125 to \$150.
7. *Secretary, must be able to take dictation and typing rapidly, wanted by manager of national advertising department of large newspaper. Beginning salary \$30 per week.
8. Efficiency engineer wanted by large manufacturing concern. Must have engineering training and factory experience. Salary \$300 per month.
9. College men with retail store experience (preferably grocery line) are wanted to fill sales position with large manufacturing firm. Salary and expenses.
10. Salesman, clean-cut and experienced, to sell classified advertising for Chicago newspaper. \$30.00 and commission.
11. Man to recruit sales organization. Salary \$35 to \$40 per week.
12. Two college men, preferably just out of school, with degrees in Business Administration to fill positions in trust department of a Chicago bank. Those who are going to Chicago in search of employment after receiving their degrees this Spring will find the Allerton House glad to lend them a helping hand.

Campus Notes

Professor Albert D. Fitch, head of the department of Physics, has recently returned from New York where he attended a meeting of physicists and engineers interested in the problem of acoustics. A new society known as the Acoustical Society of America was formed at this conference.

This society will engage in the general study of all phases of sound including the acoustics of auditoriums. Professor Fitch is a charter member of the new organization.

The annual spring formal of the Sigma Tau Sorority was held May 17 at Society Hall, Bangor. The chaperones were Judge and Mrs. Gleazier, Dr. and Mrs. French. The hall was decorated with the banners of the sorority.

The officers of Sigma Tau Sorority for next year have been elected. They are: President, Ruth Grossman; Vice-president, Goldie Modes; Secretary, Sophia Marx; Treasurer, May Epstein.

Dean Cloke will discuss Honors Courses at the meeting of the local Society for the Promotion of Engineering Education Friday, May 24, at 4:15 P.M. Wingate Hall. All are welcome.

THIS IS "OLD CLOTHES WEEK"

Old Clothes Week is here and it's just the time to get rid of those clothes that you wore in the Night Shirt Parade or the Rope Pull or the Bag Scrap. If there is anything left of them just turn them in. The M.C.A. and Y.W.C.A. can use them.

Student Senate Meets at Home of Pres. Boardman

Mr. Gannett, his attendance at meetings, and the kindly counsel that he has rendered.

Dean Corbett who was a speaker at the meeting stated that he expected, during the coming year, to keep constantly in touch with the work of the Senate, and that thru his office as Dean of Men he would be able to assist the Senate in its work.

The newly elected president, Milton Kent, in a brief inaugural pointed out the necessity of constant cooperation and loyalty to the University. At the conclusion of the formal speaking a vote of thanks was accorded the retiring officers, Pres. Robey and Sec'y Harold Payson for their highly efficient work in the conductance of the executive affairs of the organization. They were then awarded suitably engraved shingles indicative of their membership in the Senate. President Boardman presented the shingles. One of the most surprising things to happen at the meeting was when George F. Mahoney, former editor of the *Campus* was given a shingle by the Senate.

(Continued from Page One) Scholarship Awards Made to Students at Special Chapel

woman of the junior class who, on the basis of her habits and everyday practices, gives greatest promise of fulfilling her obligations to any group of society in which she may find herself, was presented to Jenny Hutchinson '30.

The Joseph Rider Farrington prize was won by Kenneth Haskell '30. Roland Butler '30 received the Stanley Plummer award.

Chi Omega Sociology Prize to the woman student receiving the highest grade in the beginner's course in sociology won by Fanny Fineberg '31.

The Elizabeth Abbott Balentine prize went to Grace Lemoine '31.

Phi Sigma for excellence in Biology won by Eunice Copeland '31.

Class of 1905 Scholarship to the freshman obtaining the highest rank in the mid-year examinations won by Charles Stewart '32.

Deutscher Verein Prize won by Thomas Smith '30. Honorable mention to Everett Conlogue '29.

Walter Balentine Prize for excellence in biological chemistry won by Thomas Harvey '29.

Central District Alumni to the sophomore who attains the highest rank of his class during the freshman year won by Paul Elliott '31.

The Alpha Omicron Pi Alumnae Prize to the woman student showing the greatest improvement in her work during her freshman year was given to Elizabeth Livingstone '31.

Prize of the Class of 1873 for excellence in Mechanical Drawing won by David Marr '30.

Track Club Award, Norman Webber. The Henry L. Griffin Prize for excellence in English Composition and Literature was won by Wilfred Davis '32.

The Senior Skull Scholarship Cup, awarded to the fraternity having the best academic standing for the past calendar year was won by Delta Tau Delta. The Pan-Hellenic Scholarship Cup has been won for the same period by Sigma Theta Rho.

The Maine *Campus* Cup, awarded to the fraternity having the best freshman class during the past fall semester, was won by Alpha Tau Omega.

Read 'Em And Weep

The favorite ambition of M. Catherine Buck—to have a book-er two.

Polly Hall—to know all about parks. Edda Bailey—thru psychological research to prove herself a shrinking violet. Jean Campbell—to get five more demerits.

Elsie Crowell—not to lose her holt of A.T.O.

"Red" Snell—to have an "Old Clothes Week" every fortnight (Doesn't he look it.)

Min McPheters—Arizona here I come. Don Goodie—to keep out of athletics (one in the family is enuf.)

Baldy Inman—to find out how many demerits a girl has, before he asks her to a houseparty.

Tommy Lawler—to get a D—in his Mt. Vernon astronomy course.

"Lou" Grindel—Gray shall always be my color.

Churchill & Brockway—T-T-Tilly, I'll be waiting at the d-d-dormitory doah!

Lambert—What did you have for lunch?

I. Lyon—Three guesses.

Lambert—No wonder you are so hungry.

First Arts Student: What do you think of these cow calling contests? Lanky Lancaster: I think they're a lot of yodel-ai-i.

The harassed looking young man was being shown over some works.

"That machine," said his guide, "does the work of fifty men."

The man smiled glumly.

"At last I have seen what my wife should have married."

PROVISION MADE FOR DEBATES WITH FOREIGN COLLEGES

Next autumn American colleges and universities will again have the opportunity to debate with several foreign debating teams under the auspices of the National Student Federation of America. These teams will represent Oxford University, Cambridge University, and Victoria University College of New Zealand. A charge of \$125.00 for each debate is made to the American colleges wishing to hold a debate with one of these visiting teams to meet expenses. Colleges should make application to the Foreign Relations Office of the N.S.F.A. at 218 Madison Avenue, New York City.

The activity of international debating was started about five years ago under the auspices of the Institute of International Education and was turned over to the Foreign Relations Committee of the N.S.F.A. a year ago. At first only teams from Oxford came to the United States for debating but as the interest in international debating grew in this country, Cambridge and the British Dominions began to send teams also. Each team spends about seven weeks in the Fall term travelling through one section of the United States meeting our Colleges in debate. The National Student Federation of America plans to rotate the territory visited by the teams and this year is sending the Oxford team west of the Mississippi river, Cambridge through the South and Central West, and New Zealand to the East.

As it is impossible for the English teams to meet their own travelling and living expenses during the tour, American universities have always invited these foreign teams as their guests. Each American college included in the schedule of the visiting teams pays a fee of \$125.00 and offers hospitality to the members of the team for the day of the debate.

During the past year two teams came from England and one from Australia, and one from the National Federation of Canadian University Students. One of the English teams was the first women's team to come to the United States for international debating. It represented the National Union of Students of England and had a most successful tour. Next Fall one of our visiting teams will be the first debating team to visit the United States from New Zealand.

May 29 is the date set for the annual senior supper. To this event which will be strictly a house affair the juniors, who are the hostesses, have invited the freshmen.

Just glance at the program the Strand Theater is offering for the coming week. It is truly a wonderful program for a small town theater to be offering its patrons.

This town has enjoyed "Gentlemen of Paris," "Serenade" and other Adolphe Menjou starring productions, but his latest, "A Night of Mystery," is hailed as being greater than any of his previous efforts.

"A Night of Mystery" will be shown at the Strand Theater, and according to reports from Manager Goldsmith is one of the best pictures of the season.

The production is Ernest Vajda's adaptation of Victorien Sardou's stage play, "Captain Ferreol," and presents Menjou as the handsome and dashing captain of the French-African Chasseurs, who becomes involved in a killing as a result of a love tryst with a married woman.

Ferreol's lips are sealed as to the name of the actual murderer, for the latter threatened to tell of his heart affairs if he hurls any accusations. The story reaches a tremendous climax when the brother of the girl Ferreol loves is tried for the murder another committed, and Ferreol is made to choose whether he will ruin the reputation of the married woman, the wife of a good friend, or break the heart of the girl he really loves.

Evelyn Brent plays Gilberte Boismartel, wife of the judge who tries the case, the woman who tries to revive a spark of the old love in Ferreol. Nora Lane plays Therese, Ferreol's betrothed and William Collier, Jr., is her brother.

Vajda, celebrated playwright, author of "Fata Morgana," "Grounds for Divorce" and others, not only adapted the play to the screen, but supervised the production, which was directed by Lothar Mendes, European genius.

A "NIGHT OF MYSTERY" comes to the Strand on Tuesday, May 28. Priscilla Sawyer '29 and Donald Tracey '30 will receive tickets to the Strand this week. Each will receive two passes if they will present this column at the box office.

(Continued from Page One) Victorious Maine Track Team Expected to Retain New England Championship

of Tech will lead the lead ball contestants.

Jack Lambert, State champion in the javelin throw, may take a second or third. Geoffrin of New Hampshire leads in previous distance.

Rip Black should wind up his brilliant career with a first place in the hammer throw. Lunt of Colby and Crout of M. I.T. are other outstanding hammer tossers.

Here is a crack at the dope based upon previous dual, triangular, and State meets:

| | points |
|---------------------------------|--------|
| Stymiest, fourth, 100 yd. dash | 1 |
| Stymiest, second, 220 yd. dash | 3 |
| Niles, second, 440 yd. dash | 3 |
| Lindsay, first, mile run | 5 |
| McNaughton, third, mile run | 2 |
| Richardson, first, two-mile run | 5 |
| O'Connor, first, broad jump | 5 |
| Beckler, second, pole vault | 3 |
| Gowell, first, discus throw | 5 |
| Black, first, hammer throw | 5 |
| Lambert, fourth, javelin | 1 |
| Jones, third, high hurdles | 2 |
| Jones, fourth, low hurdles | 1 |
| Total | 41 |

Conceding but four first places and failing to place in only one event, the half-mile run, Maine walked away with the annual State Track Meet, swamping all contenders for the crown. Due to the injury of "Phil" Beckler who was forced to withdraw from the pole vault, Maine lost a first place she would have copped easily. Stymiest put up a great battle in the 100 yard dash and was nosed out by Knox of Bates in a margin the clock could not click. Chapman of Bates took the half easily and Brown nosed out Weber in the shot by a foot and a half.

Maine started off with a bang in the trials in the morning when Charlie O'Connor in one of his trial jumps broke the state record in the broad jump which has been held by Pat French of Maine for thirteen years with a new record of 23 ft. five-eighths inches. This jump was not bettered through the meet and Charlie brought home the honor of having captured a record of long standing. "Rip" Black kept up the good work, leading in the hammer throw and surprising everyone with a heave of 168 ft. with the javelin, the farthest Rip has thrown the javelin this year. "Jack" Lambert, a "dark horse" also was right up in the foreground in the forenoon trials with a heave of 168 ft., giving him second place. In the afternoon finals, however, "Jack" ran wild and tossed the stick 175 ft., surprising the mentors and copping first place in this event. Due to a poor pivoting circle "Bill" Gowell was not able to do his best in the discus throw but copped a first by tossing the platter 142 ft. One of the high lights of the morning's performance in the quarter mile run was Charlie Hardy's battle with a Bates man for second place in which Hardy won his place by the fraction of a second.

CIGARETTES**

Stymiest and White did their bit in the 100 yd. dash and the 220, with "Bucky" Berenson nabbing a place in the 220 as well. Stymiest battled forward for a win in the 220, turning in the time of 21 four-fifths seconds which equalled the state record. In the 440 the dope sheet was sadly upset for Niles crashed thru for a certain win from the start while the fast quarter miler from Bates, Chapman was taken over by one of Maine's promising dark horses, "Ed" Tolman, giving Maine the first two places. Lindsay won his hardest fought mile in the afternoon when he and MacNaughton battled it out for a first place on the home stretch. "Win" Jones, the class of the field in the hurdles ran wild to cop a first in both the high and low hurdles and share honors with Charlie O'Connor as the high point men of the meet. Charlie duplicated his prowess of the forenoon in the broad jump, breaking the record several times and hurtling over the bar in the high jump to win a first at 5 ft. 8 in., with Seymour Hammond copping a second. Weber put up a great battle in the shot put to take over Brown of Bowdoin but lost by a little over a foot, but secured an easy second which will award him his "M". Capt. Black failed to break the old state record of Tootell's in the 16 lb. hammer, but heaved the big brass sphere out thru space 160 ft. 3 one-eighths in. to cop an easy first. One of the most exciting moments of the meet and incidentally one of the best displays of grit was seen when young "Buddy" Brooks and Whitten of Bates battled for a second in the two mile run, which was won by Richardson with half a lap to spare. With Whitcomb of Bowdoin in second place and Brooks and Whitten a third and fourth respectively, Whitten opened up in the last one hundred yards for what looked like a sure second. He failed to consider the "sand" of Brooks who opened up a stride worthy of a dash

man to tear by both Whitcomb and Whitten for a well-earned second.

As a result of the meet there will be some new letter men on the campus; "Norm" Webber, second in shot put, "Ed" Tolman, second in 440, and Jack Lambert, first in the javelin.

The final tally of the meet conceded Maine 81 points, Bates 27, Bowdoin 17 and Colby a poor fourth with 9.

100 yard dash—Won by Knox, Bates; second, Stymiest, Maine; third, White, Maine. Time 10s.

220 yard dash—Won by Stymiest, Maine; second, Brown, Colby; third, Berenson, Maine. Time 21 4-5s.

440 yard dash—Won by Niles, Maine; second, Tolman, Maine; third, Adams, Bates. Time 49 4-5s.

880 yard run—Won by Chapman, Bates; second, Chesley, Bates; third, Rivkin, Colby. Time 1m. 56s.

One mile run—Won by Lindsay, Maine second, MacNaughton, Maine; third, Viles, Bates. Time 4m. 45 1-5s.

120 yard hurdles—Won by Jones, Maine; second, Parks, Maine; third, Stanwood, Bowdoin. Time 16 1-5s.

220 yard low hurdles—Won by Jones, Maine; second, Scott, Bowdoin; third, Hammond, Maine. Time 25s.

Pole vault—Won by Dill. Bates; second tie between Giroux of Bates, Appleton of Bowdoin, Beckler of Maine, and Butler of Bowdoin. Height 11 ft. 6 in.

Running high jump—Won by O'Connor, Maine; second, tie between Stanwood of Bowdoin, Seekins of Colby and Hammond of Maine. Height 5 ft. 8 in.

Shot put—Won by Brown, Bowdoin; second, Webber, Maine; third, Butler, Bowdoin. Distance 42 ft. 2 5-8 in.

Running broad jump—Won by O'Connor, Maine; second, Soule, Bowdoin; third, Knox, Bates. Distance 23 ft. 5-8 in.

Hammer throw—Won by Black, Maine; second, Lunt, Colby; third, Nilson,

NOTICE

If you are in doubt about your ability to successfully undertake an engineering course or are uncertain of the particular engineering course to elect, I suggest that you read some of the books listed below. If you haven't time to read any before school closes, keep them in mind for summer reading. If you have time for only one, I recommend R. L. Sackett's which is listed below.

Bernays, E. L.—An Outline of Careers, 371.425*, B457.

Book, William F.—Learning How to Study and Work Effectively, (Ginn).

Fraser, Chelsea—Story of Engineering in America, (Crowell), 620*, F862.

Hammond, J. H.—The Engineer, (Scribner), 620.07*, H18.

Holland, Maurice—Industrial Explorers, (Harpers), 620.92*, H714.

Jackson, D. C. and Jones, W. P.—Profession of Engineering, (Wiley), 620.07*, J133.

 Studies Made of College Grads**

time-consuming activities of the student during his undergraduate days, namely: Scholarship, extra-curricular activities, and the need on the part of large numbers of students to contribute toward earning their way through college, and discussed them as predictive factors of success of college graduates in industry.

The result of the Bell System's analytical study was the determination that the most predictive factor for progress in future life was scholarship. It also ap-

peared that participation in extra-curricular activities was an undoubted advantage to the student as preparation for future life but only about half as important as that of good scholarship.

The result of the study of the effect of the necessity of earning part or the whole of one's expenses at college seemed to be negative. In other words, such a necessity did not seem to influence one way or the other the progress of a graduate in after life in industry.

Dean Paul Cloke will be employed by the General Electric Company during July on research and consulting work, as he has done in past years.

(Continued from Page One)
**Maine Defeats Bowdoin and Colby
 in Closely Contested Games**

Maine shoved the winning run across in the tenth after a parade of pinch hitters and easy pitchers. Ellis was safe on a scratch and two boots of bunts by Shute filled the bases. Ellis was thrown out at the plate as Palmer hit to short. Rose was promptly pulled after pitching to just one man. Stiles was then brought in from center field to try his hand at tossing them over. He proved to be even worse than the others as he gave Jim Corbett a free ticket to first forcing in the winning run and ending the tiresome tussle.

Playing good ball with the exception of a wild fourth inning Maine defeated Colby 5 to 4 in a close game at Orono Monday. This ties Maine and Colby at 500 for second place in the state series. Hen Plummer, Russ Lathrop and Lee Wescott led with the stick for Maine while the playing of Klusick was the feature of the visitors. He got a single and a double and accepted difficult chances in the field.

Maine broke loose in the second inning, scoring four runs and sending Arber to the showers. Wells and Hammond were both retired in handy fashion then the next two batters, Airoldi and True were given free tickets by Arber. Solander then caught one sending it to

the left field fence for a good double scoring two runs. Russ Lathrop then poled one out to the center field fence for a home run. Wescott fled out to left field. Brown then replaced Arber in the box for the rest of the game and held them to five scattered hits.

The balloon broke loose for Maine in the fourth inning, all nine Colby men facing Solander, the slaughter ending after they had scored four runs, tying the score. Lovett started it off but he was thrown out at first by True. Tierney drew a pass and Nizolek hit a fast one to Plummer who messed it up with everyone safe. Klusick then took hold of one sending it far over Airoldi's head to the left field fence for a double, two scoring on the play. Klusick then scored on Thornton's blow into right field. Hedderig hit to Plummer who tossed it to Wescott for an attempted double play but Wescott let the ball slip through his fingers, leaving men on second and first. Brown then sent a grounder out to Plummer who fielded it, tossed it to Wescott, forcing Hedderig, then Wescott threw to first to get Brown but Hammond let the ball filter off his fingers and Thornton scored on the muff. Roberts was then safe on an attempted bunt that Solander failed to field but Deetjen was thrown out by True at first, retiring the side.

Wells knocked a clean single into right after two were down in the fifth but Hammond just pounded the air and left Wells on first. Nizolek slammed out a long triple in the fifth after two were out but Klusick fled out to Ellis. The sixth looked like another Maine score as Airoldi hit clean, was sacrificed to second by True, reached third on Solanders ground ball to Klusick who threw him out at first. Goudy then fled out to left field, Colby threatened again in the sixth when Brown tripled with two down but Solander made a pretty stop of Roberts smash through the box. A Colby man reached first in each of the last three innings but could not score against the errorless defense of Maine.

Maine pushed the winning run across in the seventh when Wescott, the first man up crashed out a triple. Plummer popped out to Tierney and Corbett pulled a pretty bunt to squeeze Wescott in. Brown fielded the ball but threw wild to the plate.

The score:

**ALICE BAGLEY ELECTED
 PRESIDENT OF M.O.C.**

Alice Bagley was reelected president of the Maine Outing Club at its last meeting of the year Wednesday night. The other officers chosen were Edward Stevens, Junior Vice-President; Secretary, Beryl Bryant and Treasurer, Anna F. K. Wilfred Davis was elected chair man of the Winter Sports. The Hike Committee is composed of Hartwell Pratt, chairman and Ronald Miller, Phyllis Gould, and Helen Beasley; Publicity, Doris Beasley; Cabin and Trails, Allan Hamilton and Hartwell Pratt; Photographer, Carlton Nims; Insignia, Kay Veazie and Clara Richardson; and the Social Committee consisting of Carl Herrick, Kenneth Laughlin and Helen Stearns.

DRAMATICS

The Longer Play course this semester has been unusually successful. Two of the plays have already been given, and to-night the third one takes place.

"Oh Kay", the play directed by Thelma Lapworth and Reginald Wilson, was presented in the chapel last Thursday evening. A large audience supported the players who gave a worthy performance.

The second play "Patty Makes Things Hum" was given Tuesday evening. Ramona Poley and Donald Tracy directed this comedy.

To-night "Tea for Three" will be given in the chapel. There are but three players in this long three-act play.

**PHYSICS CLUB HOLDS LAST
 MEETING OF YEAR**

The Physics Club held its last meeting of the year on Tuesday at Aubert Hall. Jack Atwood of WLBZ, the Bangor Broadcasting Station, gave a very interesting talk on Radio Broadcasting. Mr. Atwood was a recent student of this University, and is now in charge of the broadcasting station in Bangor. The meetings of the Physics Club this year have been very successful, and many instructive lectures, dealing with various phases of physics, have been given. If the same interest shown this year is maintained next year, the members hope to receive a charter for the installation of a chapter of the National Honorary Physics Fraternity, known as Sigma Pi Sigma. It is hoped that all students interested in physics will co-operate in making this organization a success.

CAMEL

CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels contain such tobaccos and such blending as
 have never been offered in any other cigarette.

They are made of the choicest Turkish and American
 tobaccos grown.

Camels are always smooth and mild.

Camel quality is jealously maintained . . . by the
 world's largest organization of expert tobacco men
 . . . it never varies.

Smoke Camels as liberally as you choose . . . they
 will never tire your taste.

Nor do they ever leave an unpleasant after-taste.
