Maine Defeats Rhode Island State 7-0

Although the University of Maine football team was weakened by the loss of several injured men and by a lack of practice contest work, they outtrused and outplayed Rhode Island State 7 to 0 in the opening game of the season on Alumni Field, Saturday. The game was a typical first contest, filled with mistakes and poor playing. The Maine line made a good showing on the defensive but was unable to stop the opponents from rushing thru the line on the offensive, thus many of the Maine plays were stopped before fairly under way. The green backfield made a rather poor showing largely because of a lack of experience as three of them were sophomores playing in their first game of college football.

Warren Blockinger did a very creditable job at quarterback, running his team in a capable manner. His punting was satisfactory, getting plenty of distance on most of them. His forward passing was incidental in the Maine victory. Milton Sims did the most ground gaining outside of Blockinger and it looks as though his speed would be relied upon in future games.

In the line Hank Horne, Captain Zakarian and Ted Palmer did most of the tackling and opening of holes. Palmer's pass catching from Blockinger paved the way for the Maine touchdown. Several times in the game he made difficult catches right among the opponents for substantial gains of 15 to 20 yards. While making a tackle in the fourth period Palmer received an injury which turned out to be a broken jaw. This will keep him out of the game for at least two weeks.

Frats Announce Names of Pledges

The new pledges at the houses on the campus are as follows: A.T.O.—John Stinchfield '33, Turners Falls, Mass.; Carl Hand '33, Medford Mass.; Sigma Chi—Frederick Burke, Swampscott, Mass. Robert Zoetel '32, Quincy, Mass.; Bert Spear, South Portland; Phi Kappa—O. Pelletier '32, Presque Isle; S. Protio '32, Biddeford; A. Scelfo '32, N.J.; A. Kiszouak '32, Lisbon Falls; J. Roche '32, Portland; L. Asoli '32, Portland; F. Shea '33, Quincy, Mass.; J. Farnsworth '33, S. Portland; C. Kaulakis '33, Auburn; G. McGillicuddy '32, Fairfield; Phi Gamma Delta, Frank Craig '33, Worcester, Mass.; Brice Jose '33, Needham, Mass.; Wilbur Hagen '33, Bath; Allan Broton '33, Williamstown, Mass.

Phi Mu Delta, L. Patchell '32, Whitopitlock; R. Pendleton '33, Lewiston; Beta Kappa, Thomas Mains '33, Fort Fairfield; G. Hackenhoull '33, Limestone; F. Sandborn '33, Standish; Phi Kappa Sigma, Ernest Gatcomb '31, E. Machias; Donald Pressey '32, Bangor; Lewis Barrett '32, Bangor; Alfred Smith '32, Hempstead, N. Y.; Robert Currie '32, Eastport; Merle Pike '32, Livermore Falls; Linwood Elliott '32, Portland; Richard Elliott '33, Montreal, Canada; Lambda Chi Alpha, Linwood Bowen '32, Bangor; Charles Ingalls '32, Bar Harbor; Albert Hawes '32, Bingham; B. C. Stewart '32, Sanford; P. D. Whitmore '33, Honolulu; Melburn Means '33, Biddeford; Phi Eta Kappa, Madison Haskell '33, Lee; Harry Booth '33, Lewiston; Alfred McMichael '33, Newport; Albert McMichael '33, Newport; Delta Tau Delta, Rodney (Continued on Page Four)

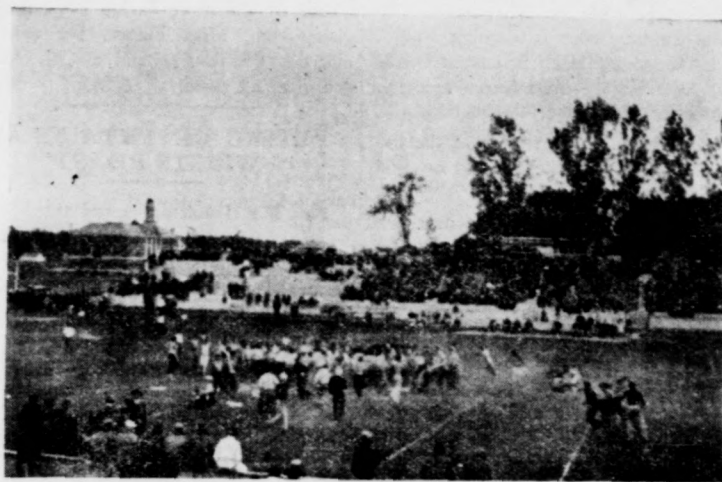

University Band Will Make Extensive Tour

The University of Maine Band will make a trip thru Aroostook County this fall according to Galen Veayo, student director of the organization. Concerts and dances have been booked as follows: Presque Isle, Dec. 10; Caribou, Dec. 11; Fort Fairfield, Dec. 13; and Houlton, Dec. 15.

About 75 students will make the trip, and a dance team composed of members of the band will be featured. Soloists will be announced at a later date.

A trip of a similar nature was planned last fall, but on account of hard times up state it could not be arranged. Things look very bright in Aroostook this year and officials of the band had no trouble in booking the towns listed above. A large number of students have registered for band this year and the outlook for a successful season seems very favorable.

Freshmen Trample Over 1932

Senate To Conduct Meal Ticket Drive For Maine Bear

"The Maine Athletic Association is very much interested in the welfare of Bananas, and hopes that the student body will be successful in raising enough money to keep the bear in good health and spirits." With these words, Dean Corbett launched as fine and noble a program as has been seen on the campus for years. The uprighteous cause to which reference is made, is the plan of the Student Senate to raise money for the care and feeding of Bananas XII, king of Maine's mascotdom. Meal tickets will soon be issued in the form of blotters, each selling for twenty-five cents, and all the proceeds resulting therefrom will be devoted to the upkeep of Maine's bear. The Student Senate, sponsors of the plan, inform us that each ticket sold will pay for one meal for Bananas; hence the appellation—meal ticket.

"Izzy" Goldsmith, well known Orono clothier, is the donor of Bananas and is deserving of commendation by the whole student body. It is to be recalled that Mr. Goldsmith also gave to the school the last bear which it had. Such fine spirit, we think, is deserving of notice.

The first meal ticket has already been asked for by the M.A.A., which feels that it must support such a versatile star. It should be recorded that Bananas is the only all-around star the university boasts of. He is alone in his class, making a name for himself in every branch of sports. Long live Bananas XII; may his rule be long and happy. Every fellow is asked to contribute to his happiness by buying at least one meal ticket. It would be a most pitiful, and a most unusual, sight to see Maine's bear with a lean appearance and hungry face.

Prominent Maine Athlete Married

The wedding of Victor B. MacNaughton and Miss Dorothy Pond on Saturday evening, Sept. 14, at seven o'clock at the home of the bridegroom has been announced. The ceremony was performed by Rev. Ashley A. Smith, D.D. Miss Pond comes from Butler, Pa. She is an alumnae of Butler High School and Washington Seminary at Washington, Pa.

Mr. MacNaughton is well known in this city. He is a graduate of Bangor High School and the University of Maine. At the University he was captain of the cross country team and was the New England Intercollegiate mile champion. He was also a member of the Sophomore Owl and Senior Skull societies. He belonged to the Phi Mu Delta fraternity. At present he is running for the New York A. C. and is located as a forester in Rye, N. Y. The couple have just returned from their honeymoon by motor.

SEVEN GIVEN SOPHOMORE PRIVILEGES

The Senior Skulls have exempted the following men from all freshman rulings: Richard Hurd, William V. D. Bratton, Gordon A. Clark, Lauris C. Miller, Edwin V. Halsted, Maurice Dennison, Malcolm M. Street.

The publication of the names of other men who are seeking exemption from restrictions, and who are now under consideration will be made at a later date.

Annual Bag Scrap Proves Disastrous To Class of 1932

The shirt-tearing, pants-ripping annual freshman-sophomore event known as the "Bag Scrap" which took place immediately following the Rhode Island game Saturday was won by 1932 before a large and appreciative crowd. Great was the damage suffered by the wearing apparel and manly modesty, and greater was the joy of the numerous co-eds present as shirts, stockings, and sundry other articles forever parted company with their owners.

At the signal both classes rushed madly toward the two bags placed in the center of the field. The freshmen reached the objective first and in a short time had dragged one bag to their end. Possession of the other was bitterly contested, however, the battle surging first one way, then the other. Superior numbers prevailed in the end, though, the bag resting halfway between the starting point and the freshmen's goal as hostilities ended.

University R.O.T.C. Group Excels at Summer Camp

The University of Maine contingent did especially well at Camp Devens this summer in all fields of activity and their good work deserves comment. True to form the University of Maine kept up its reputation in Track, bringing home the Camp Track Trophy Cup after nosing out the University of Vermont in a closely contested battle. Hardy, Lathrop, Parks and a relay team composed of Sweatt, DeCosta, Libby, and Beckwith were the stars of the Meet. Maine won the meet with a total of 18 points, Vermont was a close second with 17 points while New Hampshire nosed out a third position with 15 credits. The events that Maine scored in were:

100 yd. dash: Won by Lathrop (M), 2nd Lyman (Vt.), 3rd Buswell (B.U.) Time 10 3-5 seconds.

Quarter Mile Run: Won by Hardy (M), 2nd Grenier (N.H.), 3rd Flaherty (R.I.) Time 59 seconds.

High Jump: Won by Parks (M), 2nd Lyman (Vt.), 3rd Roberts (N.H.) Height 5 ft. 1 in.

Relay Race: Won by Vermont, 2nd New Hampshire, 3rd Maine (Sweatt, DeCosta, Beckwith and Libby).

In the two games of baseball that Maine competed in a good showing was made, the home team defeating Vermont 15-2 and losing to M.I.T. 10-2. From an athletic point of view the Maine R.O.T.C. made a commendable showing.

The Maine pistol team made a good showing, ranking third in the camp competition and also came third in the rifle team competition. Fred Lamoreau qualified as a sharpshooter with the rifle and Hoff, Kingman and Sweatt qualified as marksmen. Hoff qualified as sharp shooter with the pistol and Sweatt, Parks and Kingman qualified as marksmen. Charlie Hoff and Fred Lamoreau both qualified for the rifle team to represent the 1st Corps Area in the small arms competition at Camp Perry. Dave Kingman was chosen a member of the camp Guard of Honor and received a medal designating him (Continued on Page Two)

Maine Encounters Boston College at Fenway Park Sat.

Large and Enthusiastic Crowd Expected To Follow Team; Maine Conceded Slim Chance Against Undefeated Aggregation of Last Year

Student Membership In Chemical Society Offered As Prize

In order to stimulate interest in chemistry among the students of the University, a student membership for one year in the American Chemical Society will be given to the Junior Chemical Engineer or Arts student majoring in chemistry that has attained the highest rank in chemical subjects during his first two years. At the next meeting of the society, on October 11th, the name of the student selected will be announced, and the membership awarded to him.

The American Chemical Society is the largest purely scientific society in the world, and publishes several important periodicals, dealing with the industrial and educational, as well as the scientific side of chemistry. The meeting of the Maine section of the society will be held at 4:15 P.M. in room 301 Aubert Hall, on Friday, October 11th; talks will be given by members of the staff. The program will be announced shortly on the Bulletin boards in Aubert Hall. All students of chemistry, and those interested in chemistry are cordially invited to attend.

Frosh Hockey Squad Shows Lively Play

At their Saturday morning workout the freshman co-eds displayed some real lively hockey. A number of the 84 who reported for the first practice have transferred to other fields of sport offered for the women of the University, but the squad is still a good sized one.

On the forward line, the two centers, Anna Ansen and Polly Brown showed up in keen competition, while Mary Sewall did well at wing. Martha Smith, Eloise Young and Emily Thompson appear to be the most promising inners.

The complete lineup for their first regular scrimmage was:

BLUE TEAM
Left Wing.....Blanche Henry
Left Inner.....Eloise Young
Center Forward.....Polly Brown
Right Inner.....Martha Smith
Right Wing.....Jane Barry
Left Halfback.....Bertha London
(Continued on Page Two)

Dean Stevens Speaks In First Assembly

The first chapel meeting of the year was held Monday in Alumni Hall with a large attendance. President Boardman introduced as the speaker Dean James S. Stevens, who delivered a brief but pointed talk on "Shall We Eat Spinach?" He compared our literary tastes with our gastronomical tastes. The works of Sinclair Lewis, he said, were analogous to whale's blubber which to the Eskimos is food but to more refined tastes is intolerable. He referred to the works of Job, Homer, Milton, Shakespeare and all the classics as being analogous to beef steak and chicken. Spinach is another food which is good for us even though we do not enjoy it. To him Joseph Conrad is spinach; Browning is spinach to many. He then quoted "Memorabilia," one of Browning's shorter poems to illustrate the incomprehensibility of the great poet's works. In conclusion Dean Stevens said that when we find one who can make us like spinach or appreciate good literature in other words we should do as Polonius charged Laertes, "grapple them to thy soul with hoops of steel."

The University of Maine football team, 27 players strong, leaves Thursday for Boston where they will do battle against Boston College on Saturday. The Maine team is even more banged up than last week as there are now three first string men on the sidelines. Lyman Abbott, rated as one of the best passers in college circles, is still out with an injured foot and Bill Gowell, regular tackle is still convalescing from the mumps. Ted Palmer, the regular right end, will be out for some time with a broken jaw.

Coach Brice has given his men a stiff workout this week, smoothing out the many rough spots as seen in the game against Rhode Island. Much time has been spent in perfecting the timing of the intricate Brice plays which was noticeably lacking in the first game. Scrimmage held during the week helped the backs and line to improve their offensive work. The first team gained at will through the second team, making many long runs of twenty to forty yards.

The first team has been polished so that the plays are running about right. Many of the substitutes have been drilled in their duties so that more men will be ready for call in the game Saturday.

Two full teams and five utility men are making the trip. The first team and starting line-up will be: Arthur Lufkin, end; Cecil Horne, left tackle; Eugene Vail, left guard; Captain Zakarian, center; right guard, Ralph Davis; Lester Fickett, right tackle; Raymond Smith, right end; Warren Blockinger, quarterback; Milton Sims, right halfback; Francis McCabe, left halfback; John Jasionis, fullback. The other men are: Ends, Webber, Lester; tackles, Tracy, Elliott; guards, Moyer, Gowans, Wasgatt, Robbins; center, Sezak; quarterbacks, Daley, Arnold; halfbacks, Hincks, Riley, Ruzma; fullbacks, Hebert, Leland. Coaches Brice and Kenyon, Trainer Wallace, Manager Ashworth and Faculty Manager Kent will make the trip.

Cross Country Has Great Prospects

Jenkins Harriers open up the season with a beautiful prospect in view for a stab at the Nationals. Several veteran men are back in togs; Capt. Lindsay and Richardson are in the pink of condition and the star distance man of the Junior Class, Buddy Brooks, barring a little superfluous avoidupois, will be up front in the ranks. A valuable asset to the team is found in Everett Gunning, captain of the 1932 harrier squad. Gunning seems fit for a good season and with four exceptional good distance men in the foreground Maine should be up to par under competition.

Capt. Lindsay and Richardson stated in an interview that the big problem facing the Pale Blue Harrier Pack was the development of a fifth man to fill in the scoring position left open here. Although seven men run in cross country competition, only the score of the first five men receives credit so that if Coach Jenkins can find a man to fill the booth left vacant

The Swarthmore Chautauqua is scheduled to appear at the University of Maine. The Radcliffe Chautauqua is scheduled to appear at the University of Maine from October 17 to 20. If the pamphlets and advance enthusiasm are criterion one could safely say that the program indicates a variety of talent which should provide entertainment for all types.

"Dead Man's Holiday," a powerful and much-heralded three act comedy, operatic selections by the Christine Bingham Co., Novelty Trio, and "The Potter and The Clay" are among the program presentations which are indicative of a well-balanced production.

Freshmen In Pajama Parade

Women's Student Gov't Elects New Officers

Helen Beasley was elected senior member of the Council of Women's Student Government Association at its first quarterly mass meeting in the chapel last Wednesday. The other officers elected were as follows: junior, Louise Durgin; sophomore, Margaret Churchill; freshman, Martha Smith.

The present officers are president, Martha Wasgatt; vice-president, Helen Beasley; secretary, Erma Barton; and treasurer, Evelyn Randall. Because of the (Continued on Page Four)

Junior Attempts To Overcome Gravity

Motorcycles may be both fast and excellent means of transportation, but they are not to be trifled with when they begin to run wild. At least, that is what Harry Davis, a junior at the University and a member of the Sigma Chi house, discovered when his machine "ground looped" in Webster last week.

Davis had just purchased a motorcycle and was taking a trial spin with it. He started down the road to Webster from the Sigma Chi house, everything (Continued on Page Four)

WORTHWHILE

Down through the years on the Maine campus there has grown an institution known as the Maine Christian Association. The purpose of the association has been to foster the religious growth of students of all creeds. With the aid of adult secretaries and an advisory board consisting of faculty members and representatives of State church organizations, the work of this student activity has prospered. This year the former Young Women's Christian Association has joined hands with the M.C.A. and together these two organizations are administering to that necessary element of our lives here on the campus.

In order to meet the expenses of a year's program, the M.C.A. is launching a three-day financial campaign beginning next Monday morning, the seventh of October. Solicitors will visit all students at their rooms during that period.

We feel that an institution which has devoted itself faithfully and continuously to the development of our university warrants the serious support of all Maine men and women. Let us show that support during the first three days of next week.

SUPPORT THE "MAINE-SPRING"

Work will soon be started on the publication of the *Maine-Spring*, the University of Maine literary magazine. This book is published by the Contributors' Club and is the result of the literary efforts of the students and faculty of this university. The *Maine-Spring* is a really good book, and contains the best stories, essays, and poems that come from the pens of University of Maine authors. For the reason that the *Maine-Spring* is a Maine publication devoted wholly to Maine, it should be the duty and pleasure of every student and faculty member in the college to support it both from the standpoint of subscribing to the magazine and also contributing to its columns.

A BEAUTIFUL THING

Although the new women's dormitory, now under construction, may turn out to be a very beautiful little building, and be a decided addition to the campus, it will not take many co-eds out of the local boarding houses. Good things may come done up in small packages—but small buildings do not house large numbers of people.

THINK IT OVER

The Student Senate has held two meetings this year, but nobody seems to have heard about them proposing any additional vacations to the college calendar, or suggesting the abolishment of fraternity politics. Has the organization died, or is it waiting for someone to start something? There will be no cheerleader from the University of Maine at the Boston College game Saturday. There's a thought.

WATCH WHERE YOU PARK

People who drive cars must not park on this road or that lane, but yet there are no signs to tell them where and where not to park. When you get a "bawling out" from the traffic policeman you wonder what it's all about. "There was no sign there," the indignant motorist may say. No signs! Of course not. The officer will tell you that when signs are put up they are stolen. With so many bold robberies there should be a few more night watchmen added to the campus staff.

THE BOSTON COLLEGE GAME

When the Maine eleven takes on the Boston College team at Fenway Park Saturday it will be another step on the part of the University of Maine to break into the larger football circles. Many Maine rooters are expected to greet them at Boston. May the team have the best of luck in what shapes up to be a hard game for "Foxy Fred" and his men.

GIRLS' HOCKEY

There is considerable question as to who will make the first team for the Maine-Wilton Academy game scheduled for October 26th. There is good competition for all positions especially for wing, goal and center half. '32 stands a good chance of being well represented in comparison with the smaller members of Juniors and Seniors. Although the weather has been excellent too much dust on the field has considerably hindered the practice.

Friday afternoon, Coach Lengyel elected R. Matthews and Thelma Lapworth to select their own opposing teams. The two teams, being easily matched, varied the practice and greatly increased the interest.

MARGARET CHURCHILL WINS NORTHERN MAINE TENNIS CHAMPIONSHIP

One of '32's women athletes has recently added another honor to her list. "Spud" Churchill, who was prominent in freshman athletics last year, won the Northern Maine Tennis Championship for women's singles this summer. "Spud" defeated Eloise Young in a close match. Miss Young is a freshman at the University.

DEAN BEAN RETURNS AFTER ILLNESS

Dean Achsa Bean, whose return to college has been delayed because of illness, has recovered sufficiently to return to Orono and is resting before coming back to her duties at the university.

WILLIAM HARTLEY MARRIES RUTH SKELTON

Friends will be glad to hear of the marriage of William Hartley and Ruth Skelton. They are making their home at Lewiston. Mr. Hartley is a Maine graduate in the class of 1929, and is a member of the Phi Eta Kappa Fraternity.

MISS MERRILL ENTERTAINS FRIENDS AT DINNER

Miss Ernestine Merrill entertained several members of the freshman class at a dinner party at her home on Forest Avenue Sunday night. Those present were Helene Osgood, Virginia Berry, Helene Findlay, Dorothy Findlay, Jeanne Kennedy, Evelyn Smith, Dorothy Blair, Eloise Lull, Violet Peterson, Kathryn Small and Rosamund Cole.

Miss Lydia Douglas spent the week-end at her home in Brunswick with her parents who were celebrating their golden wedding anniversary.

Marian Avery, Phi Mu, entertained Sadie Thompson '29, at her cottage over the week-end.

(Continued from Page One)

Cross Country Has Great Prospects

by the graduation of Capt. McNaughton, Maine bids fair to duplicate last seasons work and a chance to step up a peg in the Nationals.

The old veterans of last season, Reid of Harvard, and Cox of Penn State who gave Richardson and Lindsay such a battle last fall are no longer in the ranks and Maine has the cream of the crop that looks like the logical first place team this fall when the boys line up at Van Courtland Park, New York.

There is a wealth of material out striving for a position on the team that mentors say will be one of the best cross-country teams that Maine has turned out. John Stanley, another veteran from last year, with the sand he possesses will make some aspirant pant to outdistance him. Horace Caler, another veteran is rounding into shape for competition, and the Austin brothers are pegging away at a six mile grind. Ashur Perkins, a former Frosh star is after a berth, and Jack McGowan, a former Hebron captain whom ineligibility has kept dormant is in fighting togs. Other men on the firing line are: Gillespie, Wells, Snyder, Wescott, Nason, Murray, Percival, Swain, Fuller, Draper and Masterman.

University R.O.T.C. Group Excels at Summer Encampment

the second most efficient man in his platoon.

The men who attended Camp Devens this summer were: R. D. Parks, D. R. Kingman, F. L. Lamoreau, J. Sweatt, C. E. Hardy, Lathrop, M. Beckwith, J. Ashworth, R. Scott, C. Hoff, Ramsdell, H. Caler and DeCosta. Chilman attended a signal corps school at Camp Vail and Powell was present at the Edgewood Arsenal in Maryland. The Junior students who are members of the Cadet Corps this fall are G. G. Berry, Cheney, W. Cleaves, Crocker, Flint, D. Fogg, Flynn, G. Hargreaves, K. Lapworth, N. Lamb, Perry, Ryan, Schultz and W. Wells.

The Instructing Staff has a new man this year in the person of Capt. Wear, formerly of Fort Benning, Georgia. Capt. Wear is a capable executive and an officer with a long military record. Previous to the war Capt. Wear was stationed on the Mexican Border. He went overseas with the Fifth Infantry in the capacity of a machine gun company commander. From 1922-28 Capt. Wear was stationed with the Fifth Infantry at Portland, serving in the summers at Camp Devens. From 1925-28 the captain served in the capacity of Regimental Supply Officer and left in 1928 for Fort Benning and from there came to serve as Instructor in the R.O.T.C. unit at Maine.

FACULTY NEWS

Practically the entire English department attended a steak roast on September 27. The affair was held on the riverbank in the grove owned by the Contributors' Club.

Dr. Anna J. Mill after spending the summer in Scotland has taken up her duties as assistant professor of English at Vassar College.

Miss Zaidee Green is teaching English at the Duxbury High School in Duxbury, New York. Miss Green spent the summer at Cambridge.

Mrs. Albert M. Turner gave the first tea for the English department on Sunday, September 22.

Dr. John W. Draper is the new head of the department of English at the University of West Virginia.

Maurice Kelly is also on the West Virginia faculty at that university. On the recommendation of Dr. Draper the system of English X for those not capable of English I and English IA for those who are capable of something beyond the regular freshman English, has been adopted there.

Mrs. L. S. Corbett entertained about ninety people at a tea which she gave for Mrs. J. Robert Smyth last Wednesday afternoon. Mrs. Gould and Mrs. Tomlinson poured for Mrs. Corbett. They were relieved during the second hour by Mrs. Drummond and Mrs. Dorsey.

Mr. and Mrs. Smyth are here from Kentucky. Mr. Smyth is the new assistant professor of Poultry Husbandry at Maine.

The Arts faculty meeting will be held on Monday, October seventh.

JEANETTE RONEY ELECTED PRESIDENT OF PAN-HELLENIC COUNCIL

Jeanette M. Roney, president of Alpha Omicron Pi, was elected president of the Pan-Hellenic Association at their first meeting held Sept. 19.

The purpose of this organization is to maintain a spirit of good fellowship among the women students, and to promote high social and scholastic standards. The membership comprises two delegates from each fraternity.

A "Kiddie" Party for all women students will be held in Alumni Gym next Wednesday evening. This will afford an opportunity for a better acquaintance between the freshmen and upper class girls. Another party is scheduled to take place some time in December.

Kathryn Ranney and Jerry Davidson, Phi Mu, spent the week-end with friends in Old Town.

Read 'Em And Weep

Bill Gowell—You should place your hand over your mouth when you yawn. Frosh—What!! And get bit?

They say—

1. You do not have to be a forestry major to make a stump speech.
2. The old autograph album is not lost—it is now worn in college, as a slicker.
3. One touch of scandal makes the entire world chin.

Don Libby—Can a person be punished for something he hasn't done?

Miss Cohen—Why, of course not.

D. L.—Well, my roommate hasn't done my German.

Off Campus Girl—How many students are there at your college?

"Pat" Huddleston—Oh, about one in every ten.

How did Lib L. cut her lip?

On one of her biting remarks, I presume.

You've heard of Naples, the famous Italian port, haven't you?

No; how much a bottle?—Tit-Bits.

Limey Abbott—I say, doctor, don't you think it would be a good idea if I dropped off to a place where the climate was warmer?

Doctor—Good heavens! Isn't that just what I've been trying to prevent.

STUDENTS ATTENTION

For self supporting students desiring fascinating, remunerative work either temporary or permanent, may I suggest that many students of both sexes have earned scholarships and cash sufficient to defray all college expenses, representing national magazine publishers. If interested, write or wire for details.

M. A. STEELE, National Organizer,
5 Columbus Circle, New York, N. Y.

FREESE'S MEN'S SHOPS

Are pleased to announce the appointment of
Malcolm Y. "Mal" MacCormick

AS CAMPUS AGENT FOR

Men's Suits and Coats - Men's Furnishings - including the famous SOCIETY BRAND clothes

The College Girl Will Like Our Newest WOOL DRESSES In Chic Campus Modes

Leave it to the sophisticated young co-ed to know the ins and outs of Style. We can almost see the expressions of enthusiasm that Maine girls will wear when they try on one of our brand new wool dresses in the very latest modes for college.

JERSEY DRESSES

5.95 8.95 10.95 16.50

The new longer skirt and the higher waistline are features of our new jersey dresses in radiant color combinations of brown and tan, brown and orange, etc. In two- or three-piece styles.

KNITTED SUITS

16.50 22.50 25.00

Knitted suits are ideal for wear on campus, and our new diagonal weaves and herringbone weaves will demand unusual attention from tasteful co-eds.

TWEED MIXTURES

16.50

The smartness of tweeds for fall and winter can be understood when one sees our splendid new collection.

A special Sale of 8.95 and 10.95 Fall Dresses is Being Held This Week-end 2 for \$15

FREESE'S

SCREEN

Maintaining the policy of showing the best and latest sound pictures, the Strand Theatre announces two late releases for the first of next week. On Monday and Tuesday the management will present "CHARMING SINNERS", an all talking high class comedy picture with such stars as Ruth Chatterton, Clive Brook, Mary Nolan and William Powell. It is a typical story of the twenty century idea of marriage. The setting is in London and Clive Brook makes excellent appearance as an English doctor. His wife, played by Ruth Chatterton a former stage star and possesses of one of the sweetest voices on the talking screen today, makes an excellent portrayal.

If Jeanette Roney '30 and Walter Riley '32 will present this column at the Strand box office they will receive a pass to any performance at the theatre.

ROGERS HALL

Rogers Hall, the new Agricultural building, is being furnished with the latest and best of equipment. The apparatus being installed at the present time is a six and one-half ton ammonia compressor and accessories, installed by the R. N. Flagg Co. of Bangor.

This compressor furnishes refrigeration for three cold storage rooms, a brine cooler, a brine freezer, and a fifty quart ice cream freezer.

The entire system is of the semi-automatic type, driven by a fifteen horse power electric motor.

This apparatus will be ready for operation about the last of the semester.

There is also being installed a complete bacteriological laboratory, which will include an electric incubator, sterilizer, and equipment for dairy research work.

Alice Webster who was graduated from Maine last June is teaching home economics at Maine Central Institute.

FRANCES FULLER MARRIED

Spofford Giddings, a Maine graduate in the class of '26 and Frances Fuller, a graduate of the class of '28 took place Saturday the 14th of September at the bride's home in Hallowell.

CHI OMEGA STAG DANCE

Chi Omega Fraternity will hold a stag dance Friday night in Alumni Hall. Harold Lloyd's Harmainiacs will furnish music.

TAU EPSILON PHI HOLDS SMOKER

Tau Epsilon Phi fraternity held a smoker for freshmen at the M.C.A. building last Friday evening.

PLEDGES

Tau Epsilon Phi, William Wolf Wein-er, Boston, Mass.; Leo Glaser, Gardiner; Paul Stone, Bangor; Arthur Stern, Bangor; Max Rubin, Bangor.

The Maine Outing Club will hold the first meeting of the year Thursday evening at 17 Winslow Hall at 7:30. At this time plans will be made for a steak party and a hike to be held Saturday.

Old Gold tobaccos are *naturally good*
..they do not require "artificial treatment"

When meat or fish or fowl has to be *made good*
by artificial flavoring or sauces, let your stom-
ach beware! Beware, also, of tobaccos that
have to rely on "artificial treatment."

OLD GOLD tobaccos are naturally good; made
honey-smooth and free of "throat scratch"
by Mother Nature herself. By the "violet

rays" of natural sunshine . . . not by *artificial*
treatment.

More than three million smokers have changed
to this smoother and better cigarette. No
other cigarette ever won so great a fan-family
in so short a space of time. Try a package
. . . and you'll know why.

© P. Lorillard Co., Est. 1890

**YOU'LL GET
AN AWFUL BIG KICK OUT
OF THIS LITTLE CASE!**

MUSIC—the kind you want, when you want it, and where—it's all yours with the Columbia Portable. Why, it's just like having a private band right at your elbow! And the price leaves no headache! Just let your Columbia dealer put the Viva-tonal Columbia Portable through its paces for you—and you'll want it if it's the last thing you buy! It has the tonal beauty and volume of an expensive cabinet machine. It looks like a million—yet it costs only \$50!

If you like your melody in a more elaborate case, there's the electrically operated Columbia Portable at \$60. But if you feel economical, there's a Columbia Portable for only \$25.

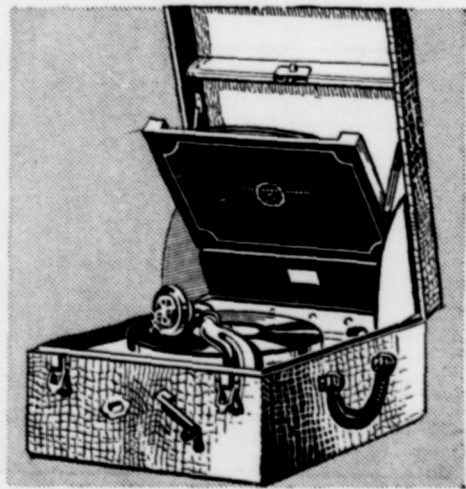

Whichever one you pick, be sure these

"Let's sprinkle
Spangles on the floor
Then we need wait for
nothing more
Turn on the Vic,
turn down the glim
And let me dance
this dance with him."

DANCE TONIGHT!

Everyone dances when the floor has been prepared with Spangles. Good for any floor. Just pure white crystalline flakes that can be sprinkled on in a minute to give a smooth, glossy finish. Then the fun begins. No waxing, no polishing. Makes dancing a pleasure at any time. Keep a package on hand.

20 MULE TEAM

SPANGLES

Wagner represents the Cement Reference Laboratory recently created by the National Bureau of Standards and the American Society for Testing Materials. The apparatus now used in making tests for the Maine State Highway Commission and the technique of their operators will be reviewed. This is one of the first laboratories to be inspected by this organization.

W. J. Sweetser spent the latter part of the summer at his camp at Meredith, New Hampshire.

W. S. Evans, I. H. Prageman, T. A. Sparrow, E. H. Sprague, W. J. Sweetser, and H. D. Watson attended the meeting of the Maine Association of Engineers at Waterville, September 28. A very interesting feature of the program was the inspection of the model of the Bingham development which is located at the Central Maine Power Company Pumping Station Plant.

AGRICULTURAL NEWS

Dean Merrill has recently returned from Houston, Texas, where he attended the annual meeting of the Grand Lodge of Odd Fellows.

(Continued from Page One)

Junior Attempts to Overcome Gravity

running smoothly, and all went well until he tried to make the turn into Pond Street. Then the "bike" suddenly showed its true nature and headed for a big elm on the side of the road. The base of the tree was outflaring and enabled the bike to climb. Up it went, higher and higher, but at eight feet it began to realize that a law known as gravity had been passed some time back, and decided to stay within the law. At this point the rider slid off the seat, and one leg was caught underneath the motorcycle as it crashed down.

When a bunch of anxious frat brothers, disturbed by Harry's absence, came rushing to the scene in an auto, they found him limping around with a bruised right leg, vainly trying to start the machine. Upon examination, however, it was found that the only damage received by the bike was a smashed headlight.

Reports have it that Harry has since then been seen riding the machine, but if rumors are true, the "bike" is for sale.

From an engraving of the time in Harper's Weekly

Autumn of '79

WHILE Yale and Princeton were battling to a tie at Hoboken, New Jersey, a small group of scientists, directed by Thomas A. Edison, was busy at Menlo Park, only a few miles away. On October 21, their work resulted in the first practical incandescent lamp.

Few realized what fifty years would mean to both electric lighting and football. The handful who watched Yale and Princeton then has grown to tens of thousands to-day. And the lamp that glowed for forty hours in Edison's little laboratory made possible to-day's billions of candle power of electric light. In honor of the pioneer achievement, and of lighting progress, the nation this year observes Light's Golden Jubilee.

Much of this progress in lighting has been the achievement of college-trained men employed by General Electric.
