ATHLETIC ASSOCIATION

Elections for Next Year Took Place Friday

As a result of the election held Friday afternoon by the University of Maine Athletic Association the following men were elected to office for the ensuing year: For President of University of Maine Athletic Association, William R. Ballou;

W. R. BALLOU, '12, President-Elect of Athletic Association.

Vice President, Warren McDonald; Secretary, Guy V. Dyer; Senior Members on Athletic Board, Warren McDonald and William E. Parker; Junior Member of Athletic Board, Glenwood G. Tilley; Manager of Track, Leon E. Seekins; and Manager of Baseball, Clifford W. Wescott.

BATES GAME

Maine Won by Score of 3 to 1

Maine evened up things a little bit in the championship series Saturday afternoon by defeating Bates in the fourth game of the series by the score of 3 to 1. All the scoring was done in the first two innings, Maine managing to send two runs across the plate in the first inning. Smith and Fulton, who had singled and drawn a pass respectively, scored on a wild throw by Keaney after F. Cobb's hit. Bates, in her turn, in the second inning scored on a double by Reagan and a wild throw by Abbott. Maine added another run in the last of this inning when Phillips reached third on a Texas leaguer

which took a bad bound and scored on a single by H. Cobb.

Things looked rosy for Maine again in the eighth when Fulton laced out a three-base hit along the right field foul line. Maine, however, was unable to score. Ryan pitched for Maine, and, with the exception of the first innings, pitched good ball. Stinson, Bates' freshman pitcher, proved himself a clever slab artist and succeeded in fanning eleven men.

Maine's outfield, by snappy work saved several long hits. Phillips made a sensational bare-handed catch that robbed Capt. Griffin of Bates of what looked to be a home run. Fulton also robbed Griffin of a hit to deep center field. Bearce at first base played a good game as did F. Cobb on third. Reagan, Mayo and Griffin were the stars for Bates.

NEW ENGLAND MEET

Maine Took Fourth Place With Thirteen Points

The New England Meet, which was held on Pratt Field, Springfield, Saturday, was won by Williams with a score of thirty points. Maine took fourth place with thirteen points. This is an improvement over last year when Maine had a total of seven points. The points for Maine were won by Walker, '11, fourth in the 440-yard run; Powers, '13, second in the two-mile; Smith, '11, first in the 120-yard and third, in the 220-yard hurdles; and Rogers, '13, who tied for second in the pole vault. The colleges winning points were: Williams, 30, Dartmouth 29, M. I. T. 18, Maine 13, Vermont 12, Amherst 11, Bates 11, Brown 9, Worcester P. I. 8, Wesleyan 6, Colby 5, Trinity 5, Holy Cross 2.

Seven records, out of the fourteen events, were broken. They were the mile, half mile, quarter-mile, and two mile runs, the low hurdles, the hammer throw and the pole vault.

PITTSBURG ALUMNI ASSOCIATION

Officers Elected For Next Year

On Saturday evening, May 13, the University of Maine Alumni Association of Pittsburg held their seventh annual meeting at the Fort Pitt Hotel. The meeting was a most pleasant one for all, and after an important business session, some time was spent in happy reminiscences of "those college days."

The following alumni were present: A. G. Mitchell, '75, W. T. Brastow, '97, J. W. Brown, '99, J. H. Bixby, '01, H. E. Cole, '02, F. E. Maddocks, '07, J. E. Battles, '10, G. W. Hutchinson, '93, H. H. Clark, '99, G. F. Murphy, '00, B. F. Faunce, '01, C. D. Smith, '05, F. P. Hosmer, '07, F. W. Conlogue, '10, J. G. Scales, '10, F. E. Wiley, '10, R. W. Crocker, '10, W. E. Congdon, '10, and Carl Ruhe, guest of the evening.

The officers elected for the ensuing year were: A. G. Mitchell, President; F. P. Hosmer, Vice President; B. F. Faunce, Sec. and Treasurer; C. D. Smith, Chairman Executive Committee; H. E. Cole, J. G. Scales, Associates on Executive Committee.

The Daily Nebraskan has started a campaign against the dandelions on the campus. It suggests that a "Dandelion Day" be inaugurated and that all students meet with knives and baskets and dig the plants out of the grass.

INTERSCHOLASTIC MEET

Held May 20th on Alumni Field

The Tenth Annual Invitation Track Meet which was held Friday, May 20th, on Alumni Field, was a complete success—even the weather was perfect. Thirteen of the fifteen teams which were entered sent from one to twelve contestants, many of whom proved to be crack prep-school athletes. The meet this year was much closer than it has ever been before, the winning team getting only 43 points. Westbrook Seminary, last year's winner, was first with 43 points; Deering High second with 21 points; Dexter, a close third with 20; and Portland fourth with 15. The other scores were Bangor 10, Orono 8, Coburn Classical Institute 6, Camden High, Foxcroft Academy and Maine Central Institute 1 point each.

Brunswick High, Lewiston High, and Leavitt Institute failed to score. Several interscholastic records were equalled and three broken. Sawyer of Deering raised the old pole vault record of 10 ft. $\frac{1}{2}$ inch to 10.2 ft. Martini of Orono High broke the mile record, making a new time of 4 m. 46 2-5 sec. Harmon of Westbrook Seminary put the shot (12 pound) 42.8 ft. making a new record. Westbrook showed their superiority in the weights and dashes.

The prep. school men were entertained at the fraternity houses, Portland High at Phi Eta Kappa; Westbrook Seminary, at Phi Kappa Sigma, and Kappa Sigma; Deering High, at Alpha Tau Omega; Coburn Classical Institute at Sigma Chi; Dexter and M. C. I. at Kappa Sigma; Vanceboro and Foxcroft at Delta Tau Delta.

Maine men will be glad to know, that a large number of the fellows who were here, intend to come to the University of Maine either next fall or the year after.

440-yard dash—Won by Fisher of Westbrook; Coolbroth of Deering high second, Hardy of Bangor high third. Time 55s.

100-yard dash—Won by Woodbury of Westbrook, Fahey of Coburn second, Miller of Portland high third. Time 10 2-5 s.

120-yard hurdles—Won by Fuller of Westbrook, Donigan of Portland high second, Libby of Bangor high third. Time 18 3-5 sec.

Half-mile run—Won by Crosby of Dexter high. Clark of Portland high second, Purington of Westbrook third. Time 2m 10 2-5 secs.

Mile run—Won by Martini of Orono high. Waldron of Deering high second, Barton of Bangor high third. Time 4 m 46 2-5 s.

220-yard dash—Won by Woodbury of Westbrook. Miller of Portland high second, Wheeler of Westbrook third. Time 23 4-5 s.

Two-mile run—Won by Mosher of Dexter high. Eddy of Orono high second, Barton of Bangor third. Time 11m 23-5s.

220-yard hurdles—Won by Donigan of Portland high, Fuller of Westbrook second, Tewksbury of Camden high third. Time 28 2-5s.

High Jump—Won by Birkermeier of Deering high. Fuller of Westbrook second, Dearborn of Dexter high third. Height 5 ft. 2½ in.

Discus throw—Won by Purington of Westbrook. Leadbetter of Bangor second, Wheeler of Westbrook third. Distance 103 9-10 ft.

Broad jump—Won by Floyd of Deering high. Fahey of Coburn second, Sampson of Dexter third. Distance 20-4 ft.

Hammer throw (12 pound)—Won by Bailey of Dexter high, Leadbetter of Bangor second, Purington of Westbrook third. Distance 130 7-10 ft.

Pole vault—Won by Sawyer of Deering high. Sampson of Dexter second, Pratt of Foxcroft academy third. Height 10 2-10 ft.

Shot put (12 pound)—Won by Harmon of Westbrook. Purington of Westbrook second, Miller of Maine Central Institute third. Distance 42 8-10 ft.

TAU BETA PI INITIATION

Nine Seniors and Seven Juniors Initiated

The first regular initiation of the Maine Alpha Chapter of Tau Beta Pi was held Thursday evening, May 18. The following seniors were initiated: R. W. Buck, F. H. Derby, H. R. Sargent, P. S. Strout, and W. F. Wilson of the Civil Engineering Department, J. F. Robinson from the Electrical Course, T. W. Nason and C. Patch of the Chemical Department and G. H. Varney of the Mechanical Department. From the junior class C. B. Cleaves and C. H. George of the Electrical Department, and W. H. Lilly, O. W. Mountfort, W. H. Savory, R. O. Shorey, and H. E. Winn of the Civil Engineering Course were the initiates. M. A. T. Childs, who will be a member of the Massachusetts Alpha Chapter at Worcester Polytechnic Institute, was also initiated at this time. There are now in the Maine Alpha Chapter thirty-one active and three honorary members.

The above mentioned seniors, together with the seniors who are charter members, were elected from the first quarter of the engineering students in the class, this being the proportion from which the elections are made. The juniors are elected

from one-eighth of the engineers in their class and students from the second one-eighth of the present junior class will be selected at the beginning of the Fall Semester. These men are picked not only because of the high grade of scholarship which they have maintained, but also for their qualifications as men.

TRACK

Lloyd E. Houghton is Captain Next Year

At the meeting of the varsity track men held Wednesday evening, Lloyd E. Houghton, '12, of Lee, was elected captain of track for the ensuing year. Houghton has been a valuable runner for the University for the past three years and has well earned the honor bestowed upon him. Ever since his freshman year, when he won the mile in the Pumpkin Meet, he has been improving as a distance runner and showed the result of his earnest training last year in the Maine Intercollegiate when he broke the record in the two mile run. This spring he ran in the mile event at the Maine Intercollegiate Meet at Waterville and easily won his race.

NEW MASQUE COUNCIL

Elected Last Thursday

At the annual election of the University of Maine Masque on May 11th, J. E. Ash was elected president and C. H. George, vice-president, for the coming year. The meeting adjourned without doing any further business, and on Thursday evening last, the retiring Masque Council met and elected the following officers: F. W. Haines, Business Manager; F. T. Norcross, Asst. Business Manager; T. W. Haskell, Stage Manager; P. W. Monohon, Secretary; L. J. Reed, Treasurer; Professor W. P. Daggett, Faculty Member of the Council.

COLLEGE SING

Sunday night a college sing was held on the library steps. After singing a few sacred songs, Dean Hart gave a very interesting talk on "Religion and Politics." He showed how closely these two things were related and spoke on the various motives men had for going into politics. After singing some college songs the meeting adjourned.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

Buzz !!! Slap, bang!!! Sweet Revenge. For the benefit of the alumni we will explain that 95% of the students on the Campus were up at four A. M., Monday, waging mortal combat on mosquitos.

With Junior Week only two weeks away, we learn that the 1912 *Prism* cannot appear before the middle of the summer. A great 1912 *Prism* deal of criticising and lamenting will arise on the Campus on account of the lateness of the publication, but this is no time for anything of that sort. To the contrary, it is a time for every Maine man to put his feelings in his pocket and help out the 1912 *Prism*, and thereby do loyal service for the University.

It has been hinted that there will be no 1912 *Prism*, but such a rumor is an insult to the junior class. We understand, however, that nothing in the way of plans have been introduced to meet the extraordinary conditions which the lateness of the publication must impose.

The junior class must not rest upon past achievements. The greatest crisis in the history of the class is facing them. Will they fail Maine, the alumni, and the students and friends of the institution? We believe not. The time, however, is short. If these last two weeks pass and nothing is done to pledge subscriptions for the book, the *Prism*, if it appears, will involve and heavily handicap the class, financially, during the remainder of its course. Delay means dollars lost. Cool-headed, determined action must be taken now.

Much unfavorable criticism has arisen on account of the editorial about the University Band which appeared in the last issue of THE CAMPUS. We feel that those who are criticising must have extracted a wrong meaning from the article. The CAMPUS did not intend to call down the work of the band individually or collectively. In fact, we feel sure that every man in the band has done his best for Maine all through the winter, and is doing the same now. We feel that the present band is well up to the standard of the bands of past years, and each man has certainly given faithful service for Maine, but it cannot be denied that the other college bands in the state have improved wonderfully. We cannot, therefore, pat ourselves on the back and be content, but we must fight, if we are to have the best band in the state. The CAMPUS feels that the members of the band are fighting and working, and backs them to win against the field.

Considerable "yagging" was noticeable from the bleachers last Saturday. We trust that no Maine men were concerned in it. That is not the right way to win games, and the loyal Maine men in the bleachers should not allow any outsiders to spoil Maine's splendid record for clean athletics.

In the past years much has been written and said about the advisability and pressing need of moving the College of Law up to the University Campus. From the standpoint of the undergraduate of the University at Orono, nothing but good and beneficial results for both the University proper and the Law College has ever been prophesied for the time when these two parts of the University should occupy the same campus. The argument of a sudden augmentation of the student body by the addition of a body of students, one hundred strong, many of these students more fully matured and better able to take part and enter into the affairs of the University, seems to be one of the most weighty of the many reasons. Many of these men have been graduated from institutions from all over the country and have broad educational experiences in college life. Athletic, social, fraternity and administrative activities could certainly be given a greater impetus by this action than by any occurrence that can be conceived of happening to the University.

A second great improvement that would come as a result, is the facilities which would be given members of the undergraduate body of taking courses in the College of Law. This perhaps would apply more to men in the A. B. courses than in any other course altho there is no doubt but that the facilities would be taken advantage of by every man in the institution. This fact would also bring about a large increase in the number of students to take the A. B. course and would materially improve the training and fitting that a student could get for business and industrial life. The present condition of the A. B. department would allow almost every student in that department to take at least one term's work and in many cases to take the equivalent of a whole year's work in the law department, and, at the same time, to complete their requirements of the A. B. course for graduation. This side of the question cannot be too strongly emphasized. This argument of a reciprocity of courses also applies vice versa and would allow the student in law to take a number of the courses of the other departments. The

most necessary are perhaps those in Economics and Public Speaking, etc.

Another strong argument for moving the Law School to Orono at the present time is the fact of the Bangor fire and loss of everything which belonged to the College of Law. Furniture, books, library, and quarters have all to be procured. While there is plenty of land at Orono for a building for the Law School, the present equipment of buildings seems to be rather inadequate for a large increase in the student body. But with the new dormitory open next fall, it seems likely that, for a few years at least, a portion of Oak Hall could very easily and inexpensively be changed to accommodate the recitation rooms for the classes in law. The Library is entirely adequate for the housing of the law books necessary for many years to come. It seems that this is the opportunity, if ever, to move the College of Law to the Campus, and place it upon an equal footing with the other colleges of the University.

There have been various objections brought up against the plan of changing the Law College, of which, the principle one seems to be the slight difficulty of still procuring the services of practicing attorneys as instructors and professors. There are at present in the College of Law four regular instructors and professors, including the Dean, who puts his whole time into the Law School, and to whom the objection does not apply. The highest salary paid these men with the exception of the dean is \$1200.00 per year, and the trip to Orono for them would entail a loss of an hour and a half per day. It seems very feasible that these positions even on the University Campus could be filled by them at not an excessive increase in expense.

Still another point that is worthy of consideration in the advantages is the fact, altho it is sad to relate, that many men entering the U. of M. Law School as their first and last college never get that feeling of love and loyalty for their Alma Mater which every student should feel.

The objection of being away from the court in practice, also seems to be rather ineffectual, and while it would be slightly more inconvenient

for the law students to go to Bangor for the few cases of unusual interest which they would care to hear, it would be entirely of insignificant proportions in view of the advantages. The feeling of the citizens of Bangor for keeping the Law School in Bangor is entirely natural and should not be an argument for or against the question.

From all points it seems that under the present circumstances and in view of the advantage that would come to the Law School, the University, and both student bodies, the Trustees should investigate very carefully and thoroughly the practical and real advantages and disadvantages of the question.

It also behooves every undergraduate to investigate the matter and exert his influence upon his parents and friends, and through them upon the Trustees, in a way that will help to bring about the largest and best good for the whole University of Maine.

MAINE DEFEATS COLBY

In eleven innings of remarkable baseball, Maine defeated Colby at Waterville on May 17, thereby scoring her first victory in the championship series. The game was marked by numerous errors and also many good plays. In the first inning Capt. Smith featured by stealing home-plate and scoring Maine's first run. In the fourth inning, Maine starred again when Fulton clouted the ball, sending it through the gateway for a homer. Frank Cobb followed with a clean three bagger. Bearce scored the winning run for Maine in the eleventh inning. Reed played a good game for Colby at the initial sack, and Bowker made some pretty stops at second. The game was tedious, lasting nearly three hours.

SECTION CONVENTION AND BANQUET

Phi Gamma Delta Fraternity

The annual convention of Section I of Phi Gamma Delta Fraternity was held here, Saturday, at the Omega Mu Chapter House. A large number of Phi Gamma Delta alumni were present in addition to the following delegates: Wm. C. Bryan, Amherst; Edw. R. Handy, Brown; Richard Whelden, Dartmouth; C. F. Cairns, Massachusetts Institute of Technology; E. D. Beach, Worcester, P. I.

The Convention was held Saturday morning. In the afternoon the visitors went over the Campus and took in the baseball game. At seven o'clock Saturday evening, a special car left the fraternity house for Bangor, where the convention banquet was held at the Colonial.

Professor Windsor Pratt Daggett, Brown '12, acted as toastmaster, and the following toasts were given:

The Call to Citizenship.....	Hon. Charles W. Mullen
The Fraternity Man.....	Rev. Alva R. Scott
The Second Generation.....	Edwin G. Haskell
Section I.....	Penfield Mower

Impromptu toasts were given by the several delegates.

LECTURES

Given by Mr. J. F. Vaughan and Mr. Watts

The Department of Electrical Engineering had the good fortune of hearing Mr. J. F. Vaughan give a well delivered and interesting lecture on "Hydro-electrical Development" in 14 Wingate Hall at 1.30 last Thursday. After proving the utility and cheapness of water power, Mr. Vaughan continued: The supply of water is dependent on rainfall and is regulated in watersheds by dams. Hydro-electrical development consists in the uniting of power plants so as to give a uniform supply of power throughout the circuit. For instance, suppose a river originating in two main branches, one mountainous, the other level. The highest water would then come first on the mountain stream, next on the plain where the rise would not be so high, and lastly on the main river where the rise would be slight but would come at a time when water was low on the two branches. Now, if there are plants on each branch and on the main river which are connected in a hydro-electrical system, the plant on the mountainous branch will supply power to the other two during high water on its stream; then the plant on the plain takes up the burden, and lastly the plant on the main river. This is essentially the principle of hydro-electrical development. On this basis, the requisites for establishing a circuit would be: a reliable stream flow, a sufficient fall of rain, a suitable dam site, and opportunity for storage of water, legal rights for the use of the water, freedom from interference by others, opportunity for joint use of power or establishment of a system of power plants, and a market for the power." Mr. Vaughan then went on to show how statistics were obtained and formulated, and ended by giving some examples of how several systems had been constructed.

Later in the day another lecture was given by Mr. Watts of the Westinghouse staff. He spoke first of the apprenticeship course given by his company to graduate students. The course is given at the Westinghouse plant at Pittsburg for the purpose of training students to do the work required by the company thoroughly and skillfully. The students are kept on this course from a few months to two years and are then employed by the company as skilled workmen although they receive pay throughout the course, Mr. Watts then read letters from Battles and Conlogue of the 1910 class in which they expressed their appreciation of the course. He then gave a talk on some of the newest types of Westinghouse apparatus, illustrating with slides.

CIVIL LECTURES

Professor Swain of Harvard Gave Two Lectures
Last Friday

Professor Swain of Harvard gave a most interesting and instructive lecture last Friday to the civil engineering students. In the morning he spoke about the investigations which he made in connection with the Forest Reserve Bill recently passed by Congress. It has not been lawful for the United States to buy forest reserves unless it could be shown that the forests had no effect upon navigation, and his investigations were along this line. He showed in many ways that the forests bordering on streams and rivers do have an effect upon their flow, preventing freshets arising after big storms by holding back the surplus drainage water, which would otherwise run into the streams.

In the afternoon, he talked upon the practicability of requiring the railroads around the city of Boston to electrify their roads within the metropolitan district. Professor Swain acted upon the committee, which investigated this question and decided that it would be neither practical nor advisable to require the railroads to do this by legislative action. Taking the N. Y., N. H., and H. Railroad for example, he showed how they had electrified their road for about ten miles out of the city and the great expense incurred. New roundhouses had to be built, power plants constructed, engines and therefore train crews changed upon entering the city and many other changes which would be expensive and inconvenient both to the people and the roads themselves. At present there are fifteen or twenty lines running into the city, and Professor Swain said, that the best plan to use in making the change would be to let the railroads do it little by little until finally, all the roads would be electrified throughout, as they probably must be in the future.

FARM ACCOUNTING

New Correspondence Course to be Given

The extension department of the College of Agriculture has organized a new course in farm accounting. This is to be a correspondence course and it is hoped that it will materially help the farmers in keeping their accounts. The present methods of bookkeeping used by the farmers are very crude, and this will therefore meet a long-felt want. Professor Simmons will have charge of the course.

DANCES

Beta Eta Chapter of Beta Theta Pi held their annual reception and dance Friday evening. The three lower rooms were tastefully decorated with palms, roses, and smilax. The porch was enclosed with an evergreen wall and an archway of evergreen extended to the street. There was a large attendance from the faculty, alumni, fraternity delegates, and out-of-town guests. Refreshments were served at the reception and at intermission. Music was furnished by Pullen's Orchestra. On the receiving line were Dr. and Mrs. Aley, Mr. and Mrs. Alden P. Webster and Benjamin O. Warren. The guests present at the dance were the Misses Elizabeth Sullivan, Prudence Robinson, Doris Field, Eleanor Strickland, Hazel and Mildred Eddy, Hortense and Rebecca Harding, Marion White, Beatrice Mudgett, Myrtle Jones, Lillis Towle, Hattie Jones, Ethel Heiskell, Rebecca Chilcott, Marian Gilbert, Margaret Wood, Pauline Savage, Dorothy Chapman, Hazel Savage, Bangor; Mrs. A. D. Bird, Dorothy Bird, Rose Davis, Rockland; Mrs. M. H. Bird, Ruth Bird, Dorchester, Mass.; Grace Martin, Milo; Florence Lewis, Brownville; and Bertha Hudson, Winthrop; Samuel Harrington, Bowdoin, Murrey Austin, Boston, Mass.; Louis Tollman, Bangor; W. R. Ballou, W. E. Bartow, J. R. Merrell, and K. D. Woodward.

The Phi Eta Kappa Fraternity held its last house party for this year last Friday evening. The guests included: Helen M. Spearen, Sadie O'Hara, Louise M. Leen, Celia M. Coffin, Alice M. McGrath, Gail Woodcock, Adelle Crowell, Margaret Brann, Marjorie Bean, Bertha Richardson, Miriam H. Boynton, June E. Burrill, and Helen M. Christian of Bangor; Beatrice L. C. Jones of Auburn; Hazel M. Annis, Brewer; Mida W. Sawyer, Camden; Gladys Thompson, Dorothy Thompson, Orono; Marion Buzzell, Old Town; Mollie Woodcock, Bangor; Charlotte S. Clough, Winthrop Center; Margaret McManus, Elizabeth Chapman, Bangor; Frances Moran, Bar Harbor; Lannie Redman, Corinna; Sarah Brown, Old Town; Ruth Stinchfield, Danforth; May Crossman, Claremont, N. H. The patroness was Mrs. M. W. Brown, Bar Harbor.

Gamma Nu chapter of Delta Tau Delta gave an enjoyable dance last Saturday evening at the chapter house. Music was furnished by Messrs Lutts and Morrison. The guests present were the Misses Nora Shatford, Ida Gartley, Anna Danforth, Myrtle Jones, Mary and June Kelley of Bangor; Sadie O'Hara, Eddy, Gladys and Dorothy Thompson, and Ethel White of Orono; Mary Cousins and Brown of Oldtown; Lottie Brewer of Bar Harbor; Ethel Carsley of Dexter;

Ruth Stinchfield of Danforth; Mae Eales of Vanceboro; Luzette Stearns of Millinocket; Pearl Day of Sebec, and Marion Lunt of Brewer.

TRACK CHAMPIONSHIP CELEBRATION

New Idea Tried Out This Year

Last Monday night a new scheme of celebrating a Maine victory was tried. At President Aley's suggestion a celebration was held on the Campus instead of going to Bangor. He said it was a University affair and ought to be celebrated at the University.

His suggestion was followed and coming home on the train from Waterville a collection was taken up to purchase fireworks.

At seven o'clock the students, some of their friends and a number of the Faculty met in the gymnasium to celebrate the victory of Maine over her rivals in the State Meet on the thirteenth of May. The band played a selection and then M. R. Sumner, '11, made a short speech, stating the great victory Maine had won and outlining the program for the rest of the evening. He announced that a list of speeches would be given and then the celebration would end with some fireworks and a parade around the Campus.

Nelson E. Smith, '11, Captain of the Track Team, was first called upon by Mr. Sumner. He made a short speech telling how glad he was that Maine won the meet and how hard the track team had worked to make the victory possible.

Sumner Waite, '11, spoke of how hard a task Coach Wingard had had to build up the athletics at Maine and how he had instilled fight into all the teams. Avery Hammond '11, spoke on the great work done by Coach Smith in producing a winning Track Team. E. T. Walker, '11, also told what a splendid man Coach Smith had been for Maine.

Dean Hart and Prof. R. K. Jones also made very appropriate speeches. Quite a few others spoke on various topics connected with the victory such as "Victory in Baseball," and "Maine Spirit."

The band played various selections during the evening. At the close of the indoor celebration Mr. Sumner announced that a prize of five dollars would be given to the man who wrote the best yell for Maine, the offer being open to all until June fourteenth.

The students marched out of the gym. to the tune of "Opie" and lined up in front of Alumni Hall to witness the fireworks.

TENNIS TRIALS

Fifteen Men Qualified

The call issued a short time ago for candidates for the tennis team was well responded to. Those who qualified were: Andrews, St. Onge, Goodnow, Richards, Towner, Jackson, R. S. Ferguson, Cleaves, Bird, Davis, Higgins, Morrison, Warren, Smiley, and Peckham.

Captain Bird expresses great confidence in the men who have qualified, and hopes to land the championship for Maine this year. The material that has come out for the game is the best for many seasons, and the only thing left now is to bring home the trophy. Of last year's team, Peckham and Bird are the only men left, but with these as a nucleus, the new material is being whipped into good form.

The team goes to the State Intercollegiate Tournament next week. It will be most interesting to watch the tennis matches of the Maine colleges this year, for every college has practically a new team. Bates has but two, Colby one, and Bowdoin one, of their last year's tennis teams. The first meet will be held May 25, 26, 27, at Brunswick, where the State Intercollegiate Tournament will be held. Each college will be represented by four men. The next meet of importance will be held at Waterville against Colby, during Junior Week.

ALUMNI NOTES

One of Maine's alumni of whom she should be proud is Maj. O. W. Crosby, '93. Mr. Crosby is State Highway Engineer, Chief Engineer to the State Roads Commission and to the Maryland Geological and Economic Survey. While a comparatively young man, he is acknowledged to be one of the leading authorities on the subject of State Roads and a short time ago wrote an interesting article on "State Highway Commission and Trunk Lines."

Mr. Ralph Hamlin, '98, Assoc. M. Am. Soc. C. O., formerly Designing Engineer with the Corrugated Bar Co., of St. Louis, Mo., has resigned to accept a position as Chief Engineer of the firm of Pike and Cook, General Contractors, Minneapolis, Minn.

Charles H. Gannett, '93, was chosen as the Civil Engineer to look into and report on the matter of the proposed Boylston St. Subway, of Boston, Mass. This no small honor, as the undertaking is a gigantic one, and there was need of the best engineer possible to do the estimating

work. The report of Mr. Gannett is both an interesting and accurate one and reflects much credit on him.

Earl N. Vickery, '08, Pittsfield, Me., is to succeed his father as manager of the Seabasticook Power Co. of Pittsfield, now owned by the Central Maine Power Co.

Harry H. Andrews, '82, of Galloway, Nebraska, was in Orono over Sunday as the guest of Judge Dunn and wife. Mr. Andrews was, for a number of years, employed as a bank cashier but of late has devoted himself to real estate and loans, and has been very successful.

LOCALS

G. S. Bachelder, '14, has gone to the northern part of Maine on the fire patrol.

Mr. Dorris, manager of the new stock company at the Bangor Opera House, was on the Campus recently.

Invitations are out for the Phi Gamma Delta annual boat ride to be held on May 30.

Mr. Ralph M. Holmes, who will take his B. A. degree this year in the department of physics, has accepted a position on the Faculty of Wesleyan University. He will have charge of laboratory courses in the physics department. Mr. Holmes has received a similar offer from the Pennsylvania State College.

Miss Aileene Browne Hobart was awarded the prize copy of "Queed," a new book which has recently been published by the Houghton, Mifflin Company. The book was offered by the publishers to the student in Mr. Ketchum's classes in Freshman English, who should write the best short description of the chief character in the novel, whose name is Queed. The descriptions were written before the book was published and were based upon the connotative significance of the name itself. Many of the themes sent in were of unusual merit, but the one submitted by Miss Hobart was considered by the publishers to be the best.

A TYPEWRITER TEST THAT MEANS SOMETHING

Blindfold yourself. Have ten typewriters, of different make, placed in a row—a Monarch somewhere among them. Try each keyboard in turn. The machine with the lightest touch will be the

Monarch Light Touch

and you can locate it every time, no matter how its position be changed.

Just as the proper tools produce the best work, so does a responsive key action increase the efficiency of a stenographer. It saves her strength. Therefore, she has a better grip on her work, is more accurate, more rapid, gets a greater quantity of work done. There is no "three-o'clock fatigue" where the Monarch is used, and a few days' trial will convince you of this fact.

Send for Monarch Literature

Learn the reasons for Monarch superiority. Then try the Monarch, to the end that you may know that Monarch merit rests in the machine itself, not merely in what we tell you about it.

MONTHLY PAYMENTS

Monarch Machines may be purchased on the Monthly Payment Plan. A post card will bring full information.
