TO THE VOTERS AND TAXPAYERS OF THE TOWN OF OLD TOWN, MAINE :

In submitting to you our annual report, we have endeavored to make as complete demonstration of the financial affairs and transaction of the Town as possible. As will be seen by the report we settled with Messrs Sawyer & Alford, on account of the J. VV.

VValdion affair tor two thousand dollars, and the Town has received through the Insolvency Court, from the estate of J. W. Waldron, \$37.1.3, therefore the Town does not receive so much as was reported, due from J. W. Waldron last year, by \$1,027.39. Wo have also left out of the account of Assetts \$3,359-53* which was the amount of certain old tax deeds which from inperfect description and not being recorded we did not consider of sufficient value to report year after year as Assetts.

Mi. S. A. Davis removed from this Town about the first of December, 1SS7, since which time the business of the selectmen has been done by the remaining members of the board.

Craving your indulgence for whatever errors we may have made in casting our figures, we remain.

Your obedient servants,

EZRA PERKINS,) Selectmen of
J. B. MULLEN, (Old Town.

OLD TOWN, ME., March 10, 1SHS.

To THE SELECTMEN OF OLD TOWN :

The undersigned as auditor of Old Town 9ubmits the following statement for the convenience of your board.

I have examined the treasurers account and carefully compared the orders and charges and find them correct and recast all the figures anil found but one mistake and that one against himself.

DAVID NORTON, Auditor.

Old Town, March 10, 1S8S.

ANNUAL REPORT

OF THE

SUPERINTENDING SCHOOL COMMITTEE

The schools of the town have been carried on during the year quietly and successfully. In very few instances has there been any wilful violation of the rules governing the pupils, and in nearly all cases the teachers have been able to enforce proper discipline without recourse to the school committee. In this respect the schools are, we think, improving, and public opinion now demands more than formerly that the government of the schools should be left as largely as possible to the judgment of the instructors without unnecessary interference. In point of attendance the registers returned to us show an excellent record, which would have been still better had not the prevalence of sickness in a few localities lowered the general average.

A few changes in the corps of teachers have been made since our last report. Miss S. E. McCrystle, the very efficient assistant at the High School, resigned at the close of the school year, and in her stead was employed Miss K. M. Haynes, who has fulfilled the duties of the position faithfully and to our satisfaction. Miss Ella A. Hunt resigned the South Intermediate school in Old Town, after several years of very successful teaching; and to the charge of this school, we promoted Miss Gertrude E. Averill, who has maintained the standing of the school both in discipline and in study. The vacancy in the North Primary school caused by Miss Averill's promotion was filled by the election of Miss Francis E. Murphy, under whose watchful supervision and training the scholars have made good progress. The place of Miss Murphy in the West Primary, was taken by Miss Gertrude E. Jameson, who proved an earnest and well-qualified teacher. Miss Carrie E. Higgins resigned the school upon Treat & Webster Island,

which she had taught for the preceeding year faithfully and acceptably ; she was succeeded by Mr. Joseph Murphy, under whom also the school has met our full expectations. Mr. George B. Gould has made a thoroughly good record as assistant to Mr. Walter Mooers in the Upper Stillwater Grammar school, during the winter term ; this school is now excellently governed and instructed, and had an attendance of fifty-six pupils last term. Mr. J. W. Cousens taught with his usual good success the West Great Works Grammar school during the winter, the regular teacher, Miss Hammond, being obliged by illness to give up the school for one term. A few changes were also made in the Upper Stillwater lower schools, and at Pushaw, Peacove and West Old Town.

Our present corps of teachers is as follows :

High school, H. H. Bryant, principal ; Eva M. Haynes, assistant.

Old Town district—Grammar school, Helen S. Hunt.

" " So. Intermediate, Gertrude E. Averill.

" " No. Intermediate, Eliza L. Symonds.

• " So. Primary, Susan M. Weymouth.

" " No. Primary, Fanny E. Murphy.

" " West Primary, Gertrude E. Jameson.

" " T. and W. Island, Joseph Murphy.

Upper Stillwater district—Grammar school, Walter Mooers. A. B., principal ; Geo. B. Gould, assistant.

Upper Stillwater district—West Lower, Vesta Cousens.

" " East Lower, Evelyn Hamblen.

" " Bennoch Road, Gertrude McLaughlin.

West Great Works district—Grammar school, Clara A. Hammond

" " Lower, Susan C. Pratt.

Pushaw district—Ungraded, Margaret M. Lancaster.

Peacove " " Ethel G. Porter.

West Old Town district—Ungraded, Annie A. Matthews.

We think that the town has reason to be well satisfied with the general success, the faithful efforts, the abundant fulfilment of their duties and the personal interest manifested in their work, which has characterized during the past year the instructors in

our schools. One member of the school committee, Mr. Joseph F. Gould, resigned his position in 1887. We have greatly missed his counsel, his labor and his oversight of the schools, upon which we at all times confidently relied, and which never failed us.

We have had the school house at West Old Town moved across the street and properly repaired and alleied. It is now in good condition, though it will probably need some finishing touches, and should have its woodshed rebuilt. The town raised \$150 for the purpose of moving and repairing it, but it was understood at the time when the money was voted, that the expense would exceed this sum, and that enough more should be taken from the school fund to pay the cost incurred.

We have also felt compelled, after some hesitation to change the arithmetic used by the schools. The text-book lately in use was very unsatisfactory in many respects, and as it had now been used long enough to wear out most of the copies, and as we were obliged to lenew our stock of books, we considered the opportunity favorable to make the desired change. Of course the expense was an item of some impoitance, but under the circumstances we felt justified in incurring it.

Respectfully submitted,

GEORGE T. SEWALL,)^Q Q ,,
FRANKLIN W. FOMSOM, f^S- *• Committee.

Old Town, Me., March 10th, 1888.

FIRE WARDENS' REPORT.

TO THE SELECTMEN OF OLD TOWN :

Gentlemen :—In compliance with your request, we herewith submit the following report of the condition of the Fire Department, and schedule of the property, and where located.

The apparatus of the Department consists of 1 Button Second class Steam Fire Engine, 2 Third Class Hunneman Hand Engines, 3 Little Giant Chemical Engines, and 5 Hose Reels, with the amount of hose and other property belonging to the same, located as follows :

Dirigo No. i. No company, held in reserve, in good working order. Has good Hose Reel, 450 feet rubber lined cotton hose in fair condition. This engine is kept in the Torrent Engine house, which is also used to store the caits and implements of the Highway Department. The hall in this building is rented to the Good Templars. The building is slightly out of repair.

Excelsior No. 2. Upper Stillwater company, 40 men, officers as follows :

Foreman, John McNulty ; first assistant Foreman, Chas. V. Henderson ; second assistant Foreman Frank, Waterhouse ; Clerk, John W. Gould.

This company maintains its long standing reputation for promptness and efficiency. The engine is in good condition, with 1 good Hose Reel. 600 ft. rubber lined cotton hose, 100 ft. ; old leather hose; 6 rubber coats, and the requisite number of spanners, belts, etc. The Engine house is kept in thorough repair, at little or no expense to the Town, a sufficient amount being received from renting the Hall.

Steamer, Old Town, No. 4. Old Town village company, forty men. Foreman, Jos. T. Mullen ; first assistant Foreman, A. B. Lake ; second assistant Foreman, Jos. F. Bussell ; Clerk, F. H. Gibbons ; Engineer, Chester Lombard ; first assistant Engineer, John McNamara ; second assistant Engineer, Fred Gates ; Driver, Dan'l Preble.

This company is composed of some of our best citizens, and has answered promptly to every alarm. The engine is in the best possible condition, and has good sleds, 2 good hose reels, 600 feet new rubber-lined cotton hose, 100 feet rubber-lined cotton hose in fair condition, 100 feet old leather hose, 15 rubber coats, 9 fire hats, 1 coal stove, 1 small force pump with 50 feet of hose for same, 2 steel bars, and the requisite number of belts, wrench-s, etc

Of the Engine house, nothing can be said, except that it answers for a shelter. During the winter it was found impossible to keep the engine from freezing, and the Wardens purchased a portable automatic heater by means of which we are enabled to command ten pounds of steam, with but little increase in the con-

sumption of coal, and in case of the, steam enough for service can be generated in four minutes. We have cannel coal enough for another year.

Dirigo Engine house. This house is in quite good repair, and the hall is well furnished, but the foundation is in a most dilapidated condition, and must be wholly rebuilt. The hose is kept in this house, also 4 ladders, 1 fire hook, 1 Little Giant Chemical engine with 200 feet of hose, and a sufficient quantity of chemicals.

Jameson No. 4, West Great Works. Foreman, John Curren ; First Assistant Foreman Freeman Pike ; Second Assistant Foreman, Samuel Howard ; Clerk, J. B. Spofford. The engine is in good repair and has 300 feet of hose and the necessary chemicals, spanners, nozzles, etc., also one hose reel and 700 feet of rubber lined cotton hose in good condition, to be used either with the steamer or force pump at the pulp mill. The company own their house.

Little Giant Chemical Engine, West Old Town. Foreman ; First Assistant Foreman ; Second Assistant Foreman; Clerk, Willis M. Porter. Engine in good repair with hose and chemicals enough.

RESERVOIRS AND WATER SUPPLY

(See Report of Water Cofnmittee.)

There have been but few fires or alarms during the past year and we have no record of them. The department responded promptly on each occasion, and but little damage was done

RECOMMENDATIONS.

We would recommend the erection of a building in the village laru-e enough to accommodate the steamer and horses and the property of the Highway Department. By this means, the efficiency would be largely increased, the company could be reduced in number, and the rent now paid for stable saved.

We would recommend that Dirigo Engine house be moved to a more eligable location, as it is largely in the highway, and the foundation must be entirely rebuilt, as it has been twice before.

We would also recommend the building of a house for the Little Giant Chemical at West Old Town.

ESTIMATES FOR 1888.

Estimated for Little Giant Engine at West Old Town	\$100 00
Estimated for Little Giant at West Old Town	75 00
Payment of Firemen	400 00
General repair of steam engines	150 00
Estimated for Little Giant Engine at West Old Town	100 00

Total Estimated for Little Giant Engine at West Old Town \$225 00

HUGH GIBBONS, |
Henry A. PRATT, |

WAJRRRA-JSTT.

To V. II. STAFFORD,

Constable of the town of Old Town in the count)'of Penobscot,

GREETING:

Art. 16. To see what sum of money they will raise to purchase **school books.**

Art. 17. To see what sum of money they will raise for the necessary contingent expenses of said town.

Art. 18. To see if the town will vote to raise and appropriate a sum of money to pay its interest bearing debt or any part thereof, or take any action in relation to the same.

Art. 19. To see if the town will vote to build a *receiving to?nb* at the Great Works Cemetery, and raise money therefor.

Art. 20. To see what sum of money they will raise for the fire department of said town, and what compensation they will allow the firemen.

Art. 21. To see if they will vote to build a hearse house, and raise money therefor.

Art. 22. To see if the town will build a sidewalk on Canal street in Upper Stillwater, and properly drain the street.

Art. 23. To see what action, if any, the town will vote to take to ascertain what rights or privileges the town and its inhabitants have in the toll bridge between Old Town and Milford.

Art. 24. To see if the town will vote to exempt from taxation for a term not exceeding ten years, any and all dams, tramways and railways, buildings, and other improvements which may, during the next two years be erected and constructed by an}' manufacturing company, upon the water power and lands belonging thereto known as "the Jonas Gilman property" and situated Pushaw in this town.

Art. 25. To see what action the town will take in regard to draining the swamp near James Berryment's house in West Great Works Village, and raise money therefor.

Art. 26. To see what action the town will take in relation to settling the claim of M. C. Williams.

Art. 27. To see if the town will build a school house on or near the east end of the Kidder Tract, and raise money therefor.

Art. 28. To see if the town will accept an alteration in Middle street in Old Town Village, as made and laid out by the municipal officers on Nov. 15, 1857,

Art. 29. To see if the town will discontinue so much of Middle street, in Old Town Village as lies south of a line drawn as follows, **to wit; beginning at the point** where the present south line

of Middle street intersects the center line of Brunswick street, and thence running eastward parallel with the north line of the strip annexed to said Middle street by the Municipal Officers on Nov. 15, 1887, to the river road.

Art. 30. To see if the town will raise fifty dollars to be used by S. J. Oakes Post G. A. R., of Old Town, for decorating soldiers graves on memorial day.

Art. 31. To see what action the town will take in relation to making provision for a supply of water for extinguishing fires and for other municipal purposes, and to raise money therefor.

Art. 32. To see if the town will instruct the selectmen to lay out a town way on Treat & Webster Island, beginning at some point on the road as now travelled, which runs south, past Nathaniel Staples house, and thence running southward to the river.

Art. 33. To see what action the town will take in relation to selling and conveying any real estate or any interest therein which it has under any tax deed.

Art. 34. To see if the town will authorize the introduction of music as an exercise or study in the public schools.

Art. 35. To see if the town will take any action in relation to a survey of the streets and roads in said town.

Art. 36. To see what change if any, the town will make in the instructions given to the assessors of taxes by vote passed on June 12, 1883, and June 10, 1887, in relation to the valuation of property of the Bodvvel Water Power Company, and to see what other instructions, if any, they will give the assessors.

Art. 37. To see if the town will discontinue the road on Treat & Webster Island, leading from the southeast corner of the Elkins lot on Mill street, so called near the school house, and accept in place thereof a town way as laid out March 16, 1888 by the municipal officers along the line of the Boyle lot on Treat & Webster Island from said Mill street to School street.

Art. 38. To see if the town will vote to move Dirigo Engine house.

Art. 39. To see if the town will vote to build an engine house **and stable** and **raise money therefor**.

Art. 40. To see if the town will instruct the selectmen to lay out a road from West Old Town to French settlement, so called.

Art. 41. To see if the town will instruct the selectmen to lay out a road from Great Works to Upper Stillwater.

Art. 42. To see if the town will vote to build a building on its town poor farm, near the poor house to be used for hospital purposes and raise money therefor not to exceed three hundred dollars.

Art. 43. To see what action if any, the town will vote to take in regard to contracting with the Electric Lighting company for lights for the town's public buildings and for streets.

Art. 44. To see if the town will vote to pay Win. M. Burnham for a bill which he claims is due him from the town. The following is a copy of the bill, as rendered by **him**.

You are also hereby further directed to give public notice that the selectmen of said town will be in open session, and at said Town Hall on the day of said meeting from nine o'clock in the forenoon until the election of Town Officers, required by law to be elected by ballot shall have been **completed, to hear and decide**

upon the applications of persons claiming to have their names entered upon the list of qualified voters in said town.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the clerk of said town of Old Town, at or before the time of said meeting.

Given under our hands at said Old Town this nineteenth day of March, A. D. 1885

EZRA PERKINS, \ Selectmen of
}. B. MULLEN. (Old Town.

MR. MODERATOR :

My wife says it's strange a man will waste Ten Cents to buy a piece of Tobacco, that will last but a few days, when the same amount, invested in *SICCdtsh JStol'C t'oi\$li*, will keep all the stoves in the house like mirrors for months. The only way I can keep peace in the family, and at the same time a piece of Tobacco in my pocket, is to supply liberally with the *St'cdish*, and then I can *SIHOILC "Sambo,"* and chew Toney, and there's no fault found,

PHOTOGRAPHE

Bangor, Maine.

THE PHOTOGRAPH.

Oh thou frail thing of beauty,
Thou child of the bright blazing sun :
Tell us, O tell us thy duty,
And wherefore to man hast thou come ?

I come to gladden the lover,
E'er his bride is all his own :
To comfort the home of the mother
Whose babe the angels have won.

My mission is bright as morning,
I deign the whole world to please :
I set the young heart bounding',
I comfort the old heart that grieves.

When in my journeys I wander,
In all lands under the sun :
To the wise I'm guest and a wonder,
To fools I'm silent and dumb.

THE CELEBRATED
^MOXIE^

*Contains not a drop of Medicine, Poison,
Stimulant or Alcohol.*

It is a simple sugar-cane-like plant, grown near the Equator and farther South, was lately accidentally discovered by Lieut. Moxie, and has proved itself to be the only harmless and effective nerve food known that can recover brain and nervous exhaustion; loss of manhood; imbecility and helplessness. It has recovered paralysis, softening of the brain, locomotor ataxia, and insanity caused by nervous exhaustion. It gives a durable, solid strength and makes you eat voraciously, takes away the tired, sleepy lifeless feeling like magic, removes the fatigue from mental and physical overwork, at once, will not interfere with the action of vegetable medicines.

DOSE, ONE OUNCE EACH FOUR HOURS.

The loss of gas from the bottle does not weaken or injure the Moxie. Look out for counterfeits.

J. A. WALLIS,
AGENT FOR EASTERN MAINE,
