A TYPEWRITER TEST THAT MEANS SOMETHING

Blindfold yourself. Have ten typewriters, of different make, placed in a row—a Monarch somewhere among them. Try each keyboard in turn. The machine with the lightest touch will be the

Monarch Light Touch

and you can locate it every time, no matter how its position be changed.

Just as the proper tools produce the best work, so does a responsive key action increase the efficiency of a stenographer. It saves her strength. Therefore, she has a better grip on her work, is more accurate, more rapid, gets a greater quantity of work done. There is no "three-o'clock fatigue" where the Monarch is used, and a few days' trial will convince you of this fact.

Send for Monarch Literature

Learn the reasons for Monarch superiority. Then try the Monarch, to the end that you may know that Monarch merit rests in the machine itself, not merely in what we tell you about it.

MONTHLY PAYMENTS

Monarch Machines may be purchased on the Monthly Payment Plan. A post card will bring full information.

SENIORS AND SOPHOMORES WIN

Marked Improvement in Games

The Seniors defeated the Freshmen and the Sophomores won from the Juniors in the second set of interclass basketball games on Friday evening. The Seniors had considerable difficulty in administering defeat to the first year men. The Freshmen have evidently been practicing since their previous game and their work was a wonderful improvement. Their team played well together and showed considerable good individual basketball.

The Sophomores had no difficulty on turning the trick on the Juniors. After the first few minutes it was only a question of how large the score would be. Hall, Cobb, and Abbott all did excellent work for the Sophs while Savage worked well for 1913.

The line-ups:

1912	1915
Carleton (5), lf.....	rg, Richardson (2)
Smith (3), rf.....	lg, Arno
Kent, c.....	c, Hutchinson, (2)
Smiley, lg.....	rf, Hamel (2)
Thompson (3), Hosmer, rg.....	lf, Burr

Score: 1912-22; 1915-13. Goals from fouls Hamel. Referee, Bucher.

1913	1914
Haines (2), lf.....	rg, Hall (5)
Bird (1), rf.....	lg, Haskell, McLauchlan
Knight (1), c.....	c, Stevens (2)
Norton, lg.....	rf, Abbott (5)
Savage (1), rg.....	lf, Cobb (2)

Score: 1914-29; 1913-12. Goals from fouls, Knight, Savage, Abbott. Referee, Cleaves '12. Timers: George '12, Cooper '15.

RELAY MEN HARD AT IT

Weekly Contests Promise Hard Races

With an attempt to make hard work make up to some extent for material, Coach Smith is beginning

the task of rounding out a relay team for the B. A. A. Meet in February. Although Deering '12, is the only man left from last year's team, yet there is considerable new material from which to choose a team. Trials are being held every Saturday and these, combined with the weekly interclass meets will serve to give the men much valuable experience in competition. At present those out for the team are: Deering '12, Lancaster '12, Skolfield, '13, Littlefield, '13, McAlary, '13, St. Onge, '14, Martin, '14, R. S. Ferguson, '14, Morris, '14, O'Brien, '15, Bryant, '15, Donahue, '15, Graves, '15.

The first of the weekly interclass meets will be held Saturday, Jan. 20. The events will consist of 45 yd. dash (handicap), one mile run (handicap) shot-put, (12 lb.) interclass 390 yd relay, high jump, and one-half mile and 40 yds. dash (handicap) for freshmen. In the 45-yd. dash there will be several freshmen who have not as yet shown what they can do. In the mile event Houghton '12, Philbrook '14, and Towner '14, all of whom showed up well last year as well as Parker '12, Patterson '14 and Pride '14, will furnish a race full of interest and excitement. The other events, a'so, since they are all handicap, with the exception of the relay, will doubtless be interesting. It is generally conceded that the Sophomores will win the relay because they have the greatest number of men to choose from.

FINANCIAL ACCOUNTS OF COLLEGE ACTIVITIES

To be Published This Month

The committee from the Faculty on student activities other than athletics are sending notices to treasurers of all student organizations other than athletics and fraternities informing them that all accounts are due for publication in the Campus some time during this month. The new

ruling states that such accounts must be published during the month preceding the close of each semester. The purpose of the rule is to give each student an opportunity to see where his money is going. It is very desirable that all such accounts be in the hands of the committee by the latter part of this week.

MUSICAL CLUBS WORKING HARD

Schedule Will be Announced Shortly

Hard work among the Musical Clubs of the University has started in earnest, and every effort will be made to make this year most prosperous. Manager Grace has completed his entire schedule and is only waiting for contracts before officially announcing the season's plans. The first concert will occur during the first part of next month and will probably be given in Bangor. The usual trips will be made in this state, and, during the Easter vacation, a Massachusetts trip will be made. While in the latter state, the Musical Clubs will give a concert in Boston under the auspices of the Boston Alumni Association of the University.

More men are needed for the clubs. There seems to be plenty of good material in the Banjo and Mandolin Clubs but a shortage of first tenors is seriously felt in the Glee Club. Second banjos are also needed in the Banjo Club. The first rehearsal of the Glee Club was held yesterday afternoon when many new pieces were tried. The Banjo Club has been rehearsing weekly, and the Mandolin Club twice a week.

Those who are trying for the Clubs at present are: Mandolin Club: Leader, Thomas '14, Washburn '12, French '14, Groves '13, Boothby '14, Gerrish, '14, Rounds '14, Thurrell '15, McBride '14, Graves '15, Johnson '14, Bryant '15, Littlefield '13, Grace '14, Fowler '14, Bird '13 and Newell '12.; Banjo Club: Sheridan '15, White, '15, Gould '12, Redman '15, Fowler '14, Bryant '15, Littlefield '13, and Grace '14.

The complete list of Glee Club men could not be obtained at the time of going to press, and the same will appear in the next issue of the CAMPUS.

MASQUE TRIALS

Seven Parts Chosen

The trials for the parts for the presentation of this season's play by the Maine Masque were held last Thursday evening. As a result seven parts were assigned as follows:

Mr. Poskit.....J. E. Ash '12, of Bar Harbor
Cis Farrington.....J. L. Brown, '14 of Bar Harbor
Colonel Lukyn.....T. W. Haskell, '14 of Westbrook
Captain Horace Vail.....C. B. Estabrooke, '12, Orono
Agatha Poskit.....Mark Pendleton, '14 of Islesboro
Charlotte Verrinder.....J. E. Brewster, '15 of Uitica, N.
Beatie oTomlinson.....I. K. Searle '15 Lowell, Mass.

The remaining parts for the play, Pinero's "The Magistrate" will be chosen at an early date and rehearsals will then begin in earnest.

CIVIL SOCIETY

Dr. Aley Gives Interesting Address

At the meeting of the Civil Society on Wednesday evening, Dr. Aley gave a very interesting and instructive talk on engineering education. He stated that there were two types of engineering schools, the practical which taught only the essentials of the subject and the theoretical, which aimed more at scholastic attainments. Both extremes have their exponents, but judging from the lives of the most prominent engineers, the men most likely to attain success will be those who have the greatest margin between the knowledge which they use and that which they have available for use. Dr. Aley also spoke of the dangers of too much specialization showing that a man who has only practical knowledge is more apt to lack initiative and the ability to adapt his knowledge to new conditions than the engineer who has a broad, general education.

Following Dr. Aley's address D. T. Finkbeiner '13, described the method of making a mine survey and J. C. Creeden '13, gave an account of recent occurrences in the engineering world.

JUNIOR WEEK

Change in Date in Hands of Faculty

For the past two years the Junior Week exercises have been held during the week after finals in June. This year it is hoped that they can be held the first day of May. The reasons for this change are evident in the following petition which has been presented to the Faculty:

The Junior Week Committee presents to the members of the Faculty a petition to hold Junior Week beginning Wednesday evening, May 1st, and ending Saturday evening, May 4th.

Resolved, that:

A. A date between May 4th and finals would be improbable.

B. A date following finals would be unsatisfactory, because

1. Such a date would interfere with preparations for finals, and

2. Junior Week after finals would be poorly attended.

(a) The attendance last year was very small because of this fact.

3. Junior Week would interfere with Commencement.

(a) Last year the Seniors were too busy with Commencement to attend.

(b) Coming at this time Junior Week would lessen the importance of Commencement exercises.

4. The program could not be successfully carried out.

(a) The number of participants would be small.

5. Under such conditions Junior Week would not do justice to the University.

(a) Visitors would not witness the best the University could produce.

(b) Unfavorable comparison would be made with similar festivities at other colleges.

C. A date preceding May 1st would be unsatisfactory.

1. Outdoor festivities would depend greatly on the weather.

(a) A winter carnival would depend entirely on the weather.

2. Not many would enjoy out-door sports.

3. It would be impossible to plant ivy at this time and it would be necessary to select a later date for Ivy Day.

4. The indoor festivities would be unsuccessful because of lack of preparation.

(a) The Dramatic Club and the Junior Exhibition speakers would not be sufficiently prepared to give their programs.

Therefore,

A date beginning May 1st and ending May 4th would be the only satisfactory one, because.

1. This date would not interfere with final examinations.

2. The festivities would be well attended.

3. These festivities would not interfere with those of Commencement.

4. The program would be successful and do justice to the University.

5. Out-door activities would not depend so much on the weather.

6. The planting of the ivy could take place at this time.

7. The in-door program would be well prepared.

Signed,

G. G. Tilley

Harold Hamlin

C. E. Chandler

J. W. Hart

W. E. Sansouci

This statement was placed before the Faculty at its meeting on Jan. 8, and was by them laid on the table for further consideration and decision at their next meeting, which will be held the first part of February. What action will be taken is not known, but it is hoped that they will consider the petition favorably.

PROFESSOR THOMPSON WILL EDIT GERMAN NOVEL

Book for College Use

Professor Garrett W. Thompson of the German department has just closed a contract with Ginn and Company to edit their edition of Wilhelm Hauff's romantic novel *Lichtenstein*. This novel has important historical and literary connections on account of its relation to the influence of Walter Scott in Germany. The book is intended for college use.

Princeton will have nine of this year's 'varsity men on the 1912 football team. They will lose Sanford B. White, the phenomenal end.

Amherst has just been presented with a \$50,000 athletic field, the gift of alumni and undergraduates. This field will not be opened to inter-collegiate contests.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

All last season and this season as far as it has progressed the interclass basketball games have been as a rule a series of wrestling matches and sometimes have verged on fisticuffs. This style of basketball has been applauded on the "gym" floor and is at times interesting to watch it must be admitted, but as a fair representation of the game of basketball is a failure. It is unfair to the player because it fails to call forth any particular skill in the fine points of the game, and it tends to eliminate the smaller men from the struggle entirely. It is unfair to the game of basketball as a sport, for it is not a fair representation of the game, as it was intended originally

to be played according to the rules, and the present style of play will only mean the eventual abolition of the game on the Campus. We believe that both players and spectators would prefer to have the game played cleanly, if it is played at all, but a few players will not consent to a game of skill, only. This is no attempt on the part of THE CAMPUS to advocate what is generally known as the "ladies' game," but we believe that the entertainment should be as represented. If we are to have basketball, let us have clean, hard playing, and the official required to enforce the rules to the letter. If we must have rough work, let us have wrestling, where man meets man in fair and square encounter, with every man understanding in just what he is engaging.

◆

THE CAMPUS feels that it is time to congratulate the football department and the new system of athletics in general upon the early completion of the football schedule for 1912. This is the earliest date in the history of the institution that a football schedule has been completed. The advantages in such expedition is of course evident in that Maine by hurrying matters books her games before the desirable dates are all taken by the other colleges.

The athletic association is also to be congratulated upon the engaging of Coach Smith for the season 1912-13. Surely never was better coach, trainer, or general handler of athletics seen at University. The student body has entire confidence in his ability to bring the very best out of the material that he has at hand, and it is up to every student to see that Coach Smith lacks neither material to work on, or constant encouragement for the task that lies before the spring meets.

ROUSING REUNION

Western Maine Alumni Enjoy Dutch Luncheon in Portland

Following in the wake of the meetings of the New York, Pittsburg, and Chicago Alumni during the Christmas Holidays, the Western Maine Alumni Association held its annual reunion Friday evening, Jan. 5, at the West End Hotel in Portland. It was a very successful affair, although the terrific gale which struck the city that night kept the attendance down to thirty-two, considerably below the number arranged for.

Previous to the banquet the association held its business meeting and re-elected Prescott Keyes, Jr., of Westbrook, president, and Albert E. Anderson, Esq., of Portland, secretary and treasurer. The meeting also took noteworthy action in voting that a committee of five should be created to arouse a greater interest in the association among the Alumni in Portland and vicinity. It is possible for this committee to do much in rallying many Alumni to the University's standard.

The banquet, which was served at 9 o'clock, took the form of a Dutch luncheon, which was considerably different from the ordinary dinner of the kind and was much enjoyed. After all the courses had been partaken of, President Keyes assumed the duties of toastmaster. President Aley was the first speaker, and in a moment he had reawakened all the latent interest of that gathering in the affairs of the University. He described the improvements in the institution's equipment in the past year, its growth in enrollment, the status of the Alumni in regard to it, and the work which they may accomplish here.

Among the other speakers was Hon. William T. Haines, president of the Board of Trustees, who confined his remarks to the wonderful growth of the College of Agriculture since the time he and his few classmates used "to pull with the grass," as he put it, back in the seventies. The other speakers were Dr. E. E. Holt of Portland, DeForest H. Perkins, superintendent of the Portland schools, Solomon W. Bates, Esq., Albert E. Anderson, Esq., and George H. Allan.

The Alumni present at the banquet were:

William T. Haines, '76, Waterville; Solomon W. Bates, '75, Portland; Dr. E. E. Holt, Portland; Prescott Keyes, Jr., '91, Westbrook; D. H. Perkins, 1900, Portland; E. J. Finnegan, '09, Portland; C. H. Fenn, '10, Portland; Charles O. Pratt, '10, Portland; I. H. Caplan, '10, Portland; V. R. Ray, '10, Portland; H. P. Sweetser, '10, Cumberland Center; C. A. Plumley, '09, Portland; H. Homans, '11, Portland; C. Omer Porter, '04, Westbrook; B. T. Larrabee, '04, Westbrook; L. C. Witham, '07, Woodfords; G. M. Britt, Jr., '13; Frank H. Purington, '08, Portland; Robert W. DeWolfe, '07, Portland; George H. Allan, '84, Portland; A. E. Libby, '11, Portland; N. C. Pinkham, '11; E. B. Keating, '09; F. L. Bean, '12; W. F. Brown, '09; C. A. Phillips, '11; B. O. Warren, '11; Albert E. Anderson, '09; Scott D. Shaw, '02, all of Portland; Charles W. Wentworth, '87, Westbrook.

MAINE WILL PLAY HARVARD

Football Schedule Approved at January Meeting Athletic Board

At the Athletic Board meeting last Tuesday evening considerable business was transacted. The football schedule for next fall was presented and approved, and a portion of the baseball schedule was accepted.

The football schedule is as follows:

September 21, Maine vs. Fort McKinley at Orono.
September 28, Maine vs. Harvard at Cambridge.
October 5, Maine vs. Tufts at Orono.
October 12, Maine vs. Rhode Island State at Orono.
October 19, Maine vs. New Hampshire State at Orono.
October 26, Maine vs. Bates at Lewiston.
November 2, Maine vs. Colby at Waterville.
November 9, Maine vs. Bowdoin at Orono.

The accepted portion of the baseball schedule is as follows:

Colby vs. Maine, April 9 at Waterville (exhibition).
Bates vs. Maine, April 20 at Lewiston (exhibition).
New Hampshire vs. Maine at Orono, May 3.
Harvard vs. Maine, April 26 at Cambridge
Tufts vs. Maine, April 27 at Medford.

Another important matter taken up was that referring to the engaging of track coach and A. N. Smith, the present coach, was re-engaged for the

season of 1912-1913 as track coach and trainer. This is surely good news to the student body and will meet with their highest approval.

Coach Smith came here as track coach last spring. When he started training the track team things looked rather dubious as to the prospects of a championship team, due greatly to the fact that there were but few men out. With all this discouragement, Coach Smith, through his earnest endeavor and perseverance, turned out a track team that was worthy of representing this institution, winning the State Inter-collegiate Championship and fourth place in the N. E. Meet. Last fall he was trainer for the football squad, and his work was one of the great elements in developing the championship team.

SPLENDID RECITAL

Round Table will Present Don Morrison on January 25

On Thursday evening, January 25, Don Morrison, a great soloist, composer and violinist, will give a recital in the University Chapel under the auspices of the Round Table. Don Morrison will give many selections of his own composition which will make the recital of more interest as it is seldom that one hears a composer perform his own compositions. His compositions are nearly all in manuscript and are of a melodious character that appeals to a lover of music. His success in other places has stamped him as a player of great ability, and it is expected that his recital here on January 25, will prove successful in everyway.

The program is as follows:

PART I

Adagio Pathetique.....Godard
Perpetuum Mobile.....Ries

DON MORRISON

Original compositions:

Scottish Ballads }
Der Kleine Trompeter } Don Morrison
Valse Anglaise }

DON MORRISON

Readings:

When the Train Comes In.....Waterman
Selection from the "Habitant".....Drummond

DON MORRISON

Legende.....Wiernauski

DON MORRISON

PART II

Carnival.....Don Morrison

DON MORRISON

Modern Melodies:

Meditation (from Thiers).....Massenet
La Vision de Ma Mere.....Hans-Kronold
African Melody.....Coleridge-Taylor

Reading:

Khalmah (from the "Garden of Youth".....Don Morrison
DON MORRISON

Favorite Melodies:

Endearing Young Charms.....Tom Moore
(Transcribed by Don Morrison)
Celtic Lullaby.....Don Morrison
The Lost Chord.....Sullivan
(Transcribed for Violin by Don Morrison)

DON MORRISON

DON MORRISON

Don Morrison's home is now at Skowhegan. He is Musical Director of the New Thought Church and School of New York City and has spent much time in London where he was a pupil of Emile Lauret of the Royal Academy.

EXTENSION LECTURES

Liberal Plans by Faculty Committee

President Aley has arranged through the University committee on fitting schools to supply the high schools of the state with one lecture free of charge.

This idea has grown out of the University extension lectures which were inaugurated last year. The aim of the committee of course is to take the University so far as practicable, to the high schools, and it is the desire of the Faculty and the president to serve the high schools as much as possible.

The principals, teachers and students of several schools have taken advantage of this opportunity, and have expressed their appreciation. However many more lectures have been requested and arranged for the winter months. Following is the list as it now stands for 1912, and probably there will be additions from time to time:

Jan. 11 Prof. R. K. Jones at Gardiner.
Jan. 12 President Aley at Corinna
Jan. 15 Prof. R. K. Jones at South Eliot.
Jan. 17 Dean Stevens at Dexter
Jan. 19 President Aley at Hinckley.

2. The Nature and Status of Engineering.

CREAMERY-MEN WILL MEET

Special Session Here on Wednesday and Thursday

Next Wednesday evening, a special meeting of the Maine Creamery-men's Association will be held in Winslow Hall. At the regular meeting of the association held at Norway, Dec. 6, Dean Merrill extended an invitation to the association to hold a special meeting here, in order that the members might have a chance to see what the Agricultural College of the University of Maine is doing.

Wednesday evening, the association will hold its meeting in conjunction with the Agricultural Club. Thursday morning at 9 o'clock, a business meeting will be held, and following this will be a discussion of what the association can do for the agricultural interests of Maine. Dean Merrill will speak on this subject.

The Maine Creamery-men's Association represents creamery interests which, with the exception of two large creameries in the West, do the largest business in the United States. The Turner Centre creamery which will be represented at the meeting is doing the largest sweet cream business in the United States.

AGRICULTURAL CLUB

Fine Program

At the regular meeting of the Agricultural Club held in Winslow Hall, last Wednesday evening, there was a large attendance. A short business meeting was held at which it was voted to hold the annual banquet sometime during

February. The committee to attend to this was not appointed at the meeting, but will be chosen shortly. After the business meeting the subject of Community Breeding was discussed by Dean L. S. Merrill, Dr. Russell, C. W. Rowe, '12, A. W. Jones '12, M. D. Jones, '12, and P. A. Pearson. This subject of Community Breeding is of great importance to the State of Maine and the discussions offered by the speakers were exceptionally good.

Discussion I Market Requirements for Dairy Products
C. E. HENRY, Pittsfield

II How Shall these Requirements be Met?

(a) The Dealers Part

J. D. McEDWARDS, Bangor

(b) The Creameryman's Part

E. L. BRADFORD, Auburn

(c) The Producer's Part

W. K. HAMLIN, Waterford

Quite an extensive program has been arranged for the Agricultural Club at the next meeting, and it is hoped that a large attendance will be present.

FRESHMAN DEBATING TEAM

Close Contest for Team to Meet Sophs

The trials for the Freshman Debating Team were held last Thursday evening at Estabrooke Hall. The subject was, "Resolved, that the Federal Government should adopt a progressive income tax." The Freshman-Sophomore debate on March 12 will be on this same subject. Each of the eleven men who tried, was allowed eight minutes to present his argument.

Every man put forth a splendid argument and the decision was a close one as shown by the fact that the judges, Prof. Thompson, Mr. W. L. Leighton and Mr. W. E. Prince of the English Department, were nearly a half-hour in coming to a final decision. The men were chosen for the team as follows: R. H. Varney of Haverhill, Mass., J. E. Brewster of Utica, N. Y., F. R. Treworgy, of Ellsworth, Me., with J. H. Lewis, of Eastport, Me. as alternates.

Following are the other men who tried out: I. K. Searle, of Lowell, Mass., G. E. Melincoff of

Lawrence, Mass., P. A. Warren of Dover, Carl Mangus of Biddeford, L. H. Hamel of Portland, F. D. Freeze of Bangor and L. F. Pinkham of Lewiston.

ENJOYABLE HOUSE PARTY

Beta Theta Pi Entertains

The Beta Eta Chapter of Beta Theta Pi gave its first dance of the year on Friday evening. The affair was entirely informal. The music was furnished by Pullen's Orchestra of Bangor. Among those present were: the Misses Blanche Webster, Miss Maddocks, of Augusta; Madeline Bird and Nettie Bird of Rockland; Miss Cornish of Brunswick; Beatrice Mudgett, Prudence Robinson, Marion White, Hattie Jones, Elizabeth Sullivan, Edna Crowell, Hortense and Rebecca Harding, Ethel Heiskell, Margaret Wood, Gertrude and Zelma Oak, Edith Plummer, Leola Coombs, Edna Eye, and June Kelley of Bangor; Ruth Stinchfield, Marjorie White and Mollie Hutchins of Orono, Mrs. P. B. Palmer of Orono.

SOPH DEBATING TEAMS CHOSEN

Interesting Plans for Debating League Laid Before Society

The trials for the Sophomore debating teams were held last Friday evening in Estabrooke Hall. The question was, Resolved, "That the federal government should levy a progressive income tax." The arguments presented by all the contestants were excellent and competition for the teams was keen. The following sophomores tried out for the teams:—Harold V. Cobb, Norman R. French, Benjamin B. Anthony, Albert B. Ferguson, Wayland D. Towner, Paul E. Murray, Hermon R. Clark, Paul W. Monohon, Harold P. Adams; negative; Everett B. Harvey, Preston H. Martin, affirmative. G. C. Clark, '13, Chairman, Professor Jones and Professor Stephens, Judges.

Each speaker was allowed eight minutes for his argument on any side, phase, or issue of the question. The first three men were chosen for

the Freshman-Sophomore debate, the second three for the Sophomore-Junior debate which will be held two weeks after the other, and then two men were selected as alternates.

The decision of the judges was as follows:—

The first team, A. B. Ferguson, B. B. Anthony, P. W. Monohon, H. V. Cobb, alternate.

The second team, H. R. Clark, W. D. Towner, E. B. Harvey, N. R. French, alternate.

While the judges were arriving at a decision, Mr. Ketchum told of the fast maturing plans for an interscholastic debating league. It is planned to have two public high schools debate, and the winner of this debate then meet, here at the University, the winner of a contest between two private preparatory schools. In addition to the usual interest, this will arouse keen rivalry between the two classes of preparatory schools in the state. Bangor High and Bar Harbor High have decided to enter the league. The Eastern Maine Conference Seminary will be one of the private schools while the fourth one has not yet been determined. The University is to award a cup to the winning team, and it is hoped to get a scholarship for the man doing the best work. In this way much promising material for a line of college activities, that is receiving more and more attention every day, will be brought in touch with the University.

THE NINETEENTH NATIONAL IRRIGATION CONGRESS

Held in Chicago, December 5th to 9th

Each year conventions and congresses of different organizations are held in the various parts of the United States, to which the University is requested to send one or more delegates. In many cases, owing to our lack of finances, it has not been wise to meet the expense of such a trip from Orono. Graduates of the institution are scattered all over the land and it is usually possible to find some one near the vicinity of the meeting who will represent us.

The Nineteenth National Irrigation Congress met December 5th to 9th at Chicago. The main object of the Congress is to promote and diffuse knowledge concerning irrigation and other uses

of water, especially throughout the more arid portions of the United States. We were very ably represented by Mr. Wallace E. Belcher, 1899, who is a prominent Civil Engineer with H. M. Byllesby Co., in Chicago. Mr. Belcher has forwarded to the University a very complete abstract of the proceedings.

Mr. Belcher's abstract is, in short, as follows:

TUESDAY MORNING

Chicago's Interest in Irrigation, by Robert R. McCormick, Chairman Board of Control.

Address by Hon. B. A. Fowler, President of the Congress.

The report of the Executive Committee was read by Hon. R. Insinger, Chairman, and the revised constitution was accepted.

TUESDAY AFTERNOON

Magnitude of Irrigation Interests, by R. P. Teele of the Census Bureau. Mr. Teele spoke chiefly on reclamation work and its increasing cost.

Government Irrigation in Montana, by Hon. Fred Whiteside. This speech was directed against government reclamation work in Montana. Mr. Whiteside is a very large orchard owner in Kalispell, Montana, on the other side of the range where irrigation is not necessary. This fact undoubtedly accounts for his pessimistic view of the work.

Irrigation in Western Asia, by Arthur P. Davis, Chief Engineer, U. S. R. S. Mr. Davis made his lecture most interesting by showing stereopticon views of conditions in Turkestan and in Lamarkland, where he has been engaged in work.

TUESDAY EVENING

Making the Wilderness Blossom, by C. J. Blanchard, Statistician U. S. Reclamation Service. This is the best prepared and most interesting of all the speeches.

WEDNESDAY MORNING

Drainage as a Basis for Development, by W. P. Park, 1st Vice President, Illinois Central R. R.

The Uses of the Great Lakes, by Prof. Gardner Williams (Michigan).

Address by James A. Frear, Wisconsin Secretary of State. Mr. Frear stated that the exodus of our farmers to Canada meant an annual loss of a quarter of a billion dollars. He emphasized the "back to the farm" movement.

Wednesday afternoon was given up to the foreign delegates.

On Wednesday evening an informal reception was given to the delegates by the Chicago Board of Control.

THURSDAY MORNING

Forestry, Irrigation, Drainage, Navigation one and indivisible, by Geo. H. Maxwell, Executive Director, Pittsburg Flood Commission. Mr. Maxwell who has always been a leader in irrigation gave an exceedingly fine speech.

The Present State of Irrigation Development, by Prof. Samuel Fortier, Irrigation Commissioner, Dept. of Agriculture.

Irrigation in the Humid States, by Milo B. Williams, Irrigation Engineer, Dept. of Agriculture.

On Thursday Afternoon delegates from each state were called upon.

FRIDAY MORNING

The roll call of states was completed.

Drainage and Irrigation, by James R. Garfield.

Irrigation Finance, by Norman E. Webster of New York.

Address, by Hon. Gifford Pinchot, President National Conservation Association.

FRIDAY AFTERNOON

An interesting talk by Willard E. Holt, on the *Underground Waters of New Mexico*.

FRIDAY EVENING

National Aspect of Drainage, by M. O. Leighton.

SATURDAY MORNING

Addresses, by Dr. W. A. Evans, on Stream Pollution, and by Dr. Harvey W. Wiley, on Food Inspection by the Dept. of Agriculture.

Senator Newlands, of Nevada, was elected President of the Congress, the next session to be held in Salt Lake City.

The Last of Bill

"Bill" the four-legged chicken exhibited for some years by Russell T. Neville of Kewanee, is dead and the corpse has been shipped to the Maine experimental station.—(Springfield News.)

The above was received from a loyal Alumnus with recommendations for an obituary notice. THE CAMPUS believes however, that it speaks for itself.

FACULTY NOTES

A copy of the bulletin for the College of Arts and Sciences, explaining the purpose and work of this part of the University was sent to the printers this week and will soon be ready for the public. A similar bulletin for the College of Technology is in preparation.

Last Friday night Dr. Aley spoke on "The Call of the Century," before the Village Improvement Society of Farmington.

Prof. Gray delivered an address before the New England Professors of English at Simmons College recently. His subject was "The Present Entrance Requirements in English."

ALUMNI NOTES

Geo. A. Wakefield, '11, now New York manager of Appleton and Sewall Co. of Bangor, was recently in Bangor to attend the annual meeting of that corporation.

E. H. Dakin '77, manager of Crosby and Co. and Bangor agent for the Ford Car, has been very successful in his work and is planning a still more strenuous campaign for 1912.

Stephen J. Bussell '82, superintendent of the Penobscot Boom above Old Town, has ended his season's work and now has charge of a number of surveying operations.

A. K. Gardiner '10, State Horticulturist, was taken with an acute attack of appendicitis on Dec. 28, at Bucksport. He was at once taken to the Russell Hospital at Brewer and operated on very successfully. Mr. Gardiner is the son of Senator Gardiner.

CAMPUS NOTES

Harold Wood '11, and John Bates '07 have been visiting on the Campus the past week.

Mrs. Lord, matron at the Phi Kappa Sigma House, who has been sick at her home has returned to the Campus.

R. M. Snell '04, spent a few days on the Campus last week. He is working for the government on a reclamation project in Montana.

W. M. Morse '14, is sick at his home in Watford.

S. F. Berry '10, visited on the Campus a few days last week. He is New England agent for the Beaver Board Company of Buffalo, N. Y.

G. A. MacNeil '14, has left the University and will not return this year.

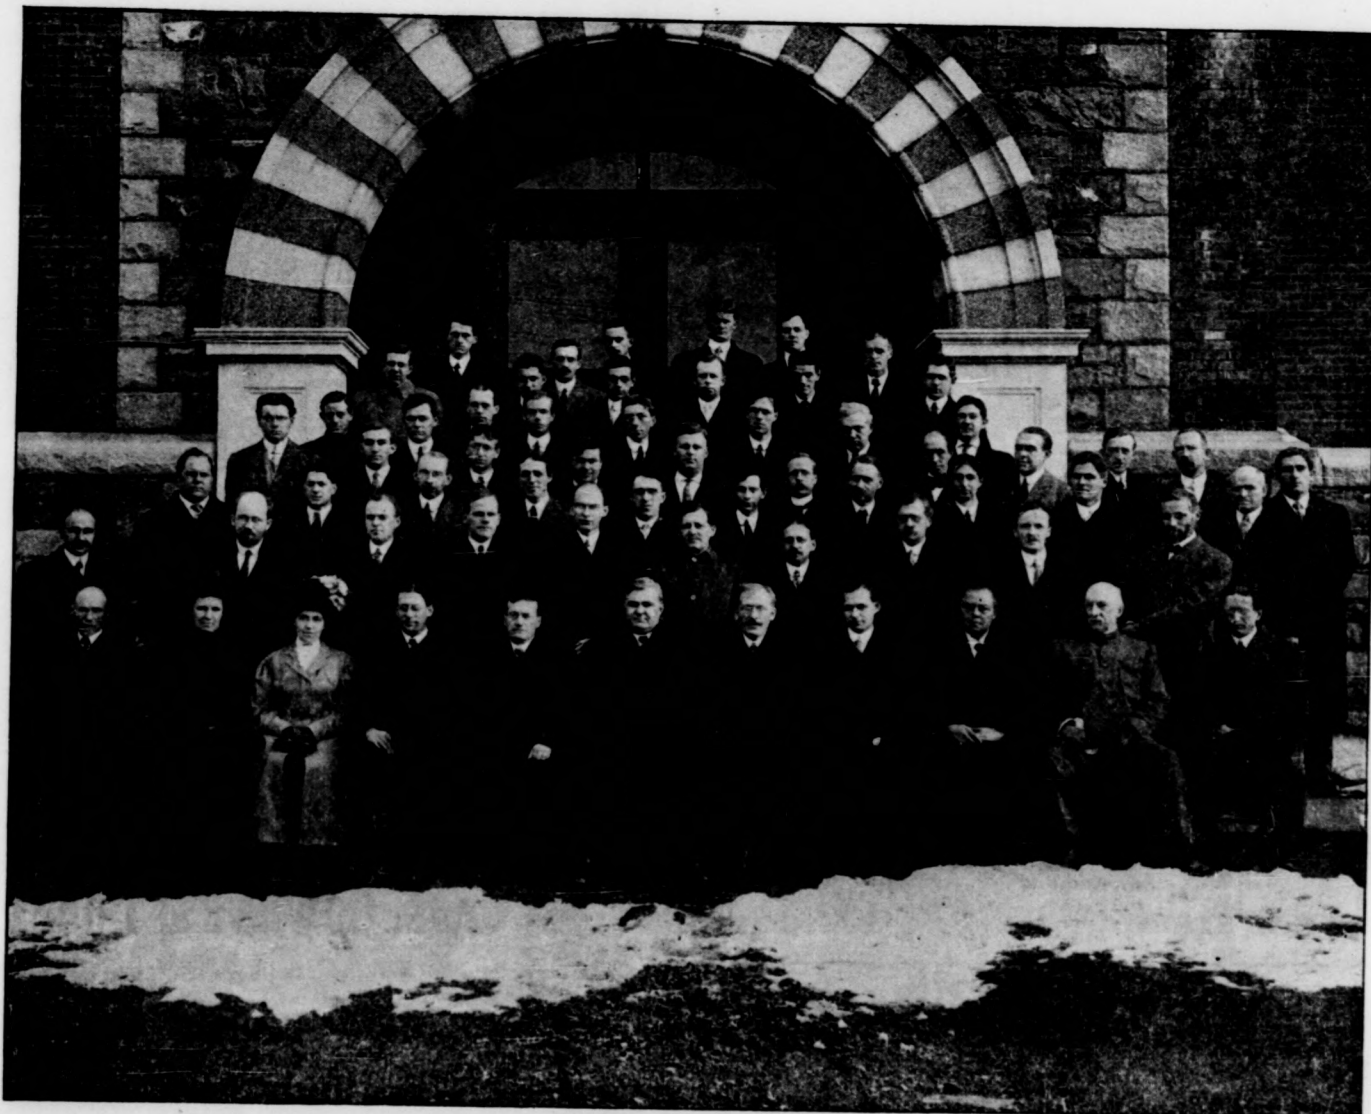

I. O. Stone '15, was home last week for a few days on account of the sickness of his mother.

C. H. Lekberg, instructor in Mechanical Engineering, has settled in Orono with his family. Mr. Lekberg formerly resided at the Phi Kappa Sigma House.

U. of P. is trying to boom an intercollegiate boxing league.

Beatty, '12, of Columbia recently put the 12 lb. shot 58 feet 8½ inches at an indoor meet.

The Bowdoin student body is trying to arouse sentiment in favor of a "blanket tax."
