## MAINE HOLDS HARVARD

### Shows up Well in First Game

In the first intercollegiate game on her schedule Maine was defeated by Harvard, last Saturday, 7-0. The game was closely contested throughout and Maine put up a good fight against her strong opponents. On one occasion she would have scored a touchdown on a forward pass in back of Harvard's goal line had it not been for the interception of the crossbar of the goal post which the ball hit.

Maine opened the game by kicking to Gardner who fumbled the ball but Pennock rescued it and brought it back to Maine's 45 yard line. Harvard, from this point, was able to push the ball to Maine's 18 yard line in three downs. Maine was penalized five yards for interference in the line. Maine finally held Harvard for downs on her own five yard line and Shepard punted to the thirty yard line, Gardner catching the ball and running it back a few yards. From there Harvard in seven plays carried the ball over for the only score of the game. From this time on Maine became aggressive and put up her best game. Maine kicked to Brickley who ran the ball back to the 28 yard line. Harvard then punted to Maine's 35 yard line and the period ended. On the opening of the second period Maine carried the ball to the 40 yard line and Shepard from this position punted to Harvard's 13 yard line. Harvard punted back to midfield. Maine was able to work the ball back to Harvard's 20 yard line. On the next play Maine lost her chance of scoring. Bryant called for a forward pass and threw the ball to Donahue who was behind Harvard's goal line. The ball struck the crossbar of the goal post and bounded back into the hands of a Harvard player. Harvard then punted from her 18 yard line to the 48 yard line. Bryant carried the ball to Harvard's 30 yard line. Maine fumbled and Harvard recovered on her own 28 yard line. Here the first half ended.

Brickley started the second period, by kicking off to Bryant who carried the ball back from the 15 to the 30 yard line. On the next two plays Maine made first down on her 45 yard line. On an attempted end run Maine lost 10 yards and on the next play Shepard punted to Harvard's 15 yard line but the ball was run back 25

yards. Harvard gained 10 yards on her first play and then punted. Maine fumbled the ball and Harvard recovered it on Maine's 15 yard line. Harvard scored 5 yards on her next play and then attempted a forward pass which Maine captured. Maine punted and Harvard returned the ball back to Maine's 40 yard line. Maine made first down on the next play and then attempted a goal from placement but it failed, falling in Felton's hands on his own 5 yard line and he ran the ball back 25 yards. Telton and Shepard exchanged punts and Harvard advanced the ball 10 yards. Harvard again punted and recovered the ball on Maine's 25 yard line. Maine held for downs on her 15 yard line and Shepard punted out of danger. Logan caught the ball and ran it back 40 yards. Harvard attempted a drop kick but failed. Maine punted and Harvard brought it back to Maine's 45 yard line. An exchange of punts followed and the game came to an end with the ball in Harvard's possession on her own 35 yard line.

Accounts of the game seem to show that it was principally bad luck that lost the game for Maine. The team certainly should be congratulated for holding a team like Harvard down to such a small score. Every man did his best and the showing that the team made was a credit to the University.

## NIGHT SHIRT PARADE

## Freshmen Do Stunts

On the night of Sept. 19, the evening after the first chapel, the yearly night-shirt parade was held. About 11.00 P. M., the Freshmen were mustered outside the dormitory in evening dress by the Sophs. where they were joined by others from the frat. houses and a long line was formed which marched single file across the campus to the women's dormitory where a huge bonfire had been built. Here the freshmen mounted on barrels, gave speeches and songs. Many fine wrestling matches and short races also took place.

The victims were next marched to Orono where they ran the gauntlet at the bridge.

After a very entertaining evening they were left in a side street at Orono. The event as a whole was a success being run off with the usual noise and uncertainty.

## FIRST FOOTBALL GAME

## Maine Altogether too Fast for Fort McKinley

Maine outclassed Fort McKinley in every play in the first game of the season. From the time the opening whistle blew until the closing signal was given the Maine line had things their own way. The McKinley team was much lighter than its opponents and hardly saw the danger zone around the Maine goal.

Browder played the star game for McKinley getting away with some good plays and causing the Maine team a lot of trouble by his interference but McKinley was unable to hold its own because of the weight of the opposing line. Three times their punts were blocked and their forward passes as many times more.

Those who featured for Maine were Carleton, Shepard, Bryant, Bernheisel, and Ruffner. The latter was played in several positions but did the most efficient work at right half. Browder played the star game for Ft. McKinley making some good gains and causing trouble by his interference.

The game as a whole showed that Maine has excellent material with which to build a championship team. The following is the line up.

MAINE	McKINLEY
Donahue, le.....	le, Browder

Touchdowns, Carleton 2, Bryant, Ruffner, Hamil, Donahue. Goals from touchdowns, Shepard, Gulliver. Umpire, Col. Dyer Fort McKinley. Referee, McCreadie, Portland A. C., Linesmen Smith and Crowell.

## FLAG SCRAP

## Freshmen Win for the First Time

The annual flag scrap was held Saturday, Sept. 21, on the Athletic field directly after the Fort McKinley football game. At the report of a pistol the freshmen and sophomores rushed for the flag and a fierce battle raged for about three minutes. The Freshmen won, 30 to 28. This is the first year in which the freshmen have won a flag scrap in the history of the custom. After the scrap the freshmen tried to march off the field but were easily broken up by the sophomores.

## NEW FACULTY RULING

## Has Important Bearing on Activities

By a recent Faculty ruling, several changes have been made in the eligibility rules. These went into effect at the beginning of this semester.

One of the changes that Maine men will be glad to hear of is that made in the rule concerning arrears. The substance of this rule is that whereas formerly, one "who lacked five hours to give him full standing in the class and course in which he is registered, shall not be eligible—etc."

This has been changed so that now one "who is in arrears in more than five hours of work of the *preceding semester* shall not be eligible."

This will make it possible for a student who is behind a total of more than five hours to take part in college activities provided less than five of these hours were lost in the preceding semester. The advantage of this ruling is readily understood.

W. A. Sowle, Boston University, '14, has entered the Junior class at Maine.

J. H. Burnett, ex-'15, has entered Yale this fall.

R. J. Wilson, ex-'15, of West Jonesport was married on June 27 in Boston.

Mrs. Kate Estabrooke of Orono has taken up her duties as matron at the Pi Kappa Sigma House

## EDITORIAL.

No one, who reads of the very large gain in  
the entering class this year, can doubt that the  
University has before it the pros-  
pects for the most successful year  
in the history of the institution.

Numbers, of course, point to success in all things;  
but if we are to trace the real power which can  
bring this to our college we must turn to the  
student body and the attitude which it takes  
toward all student activities.

No organization can be wholly successful unless  
all its enterprises are carried on by the concerted  
action of all individuals composing the organiza-  
tion. A college or university is no exception to  
this rule, and we must, therefore, all work to-  
gether to accomplish our common advance.  
Those who are new to the life here at Maine may  
question how this all may be brought about, and

how they may take their share in the work of  
progress.

It is unquestionably true that "spirit is an  
illusive thing that defies definition;" but we can  
all be glad that it requires no definition, for it  
can be *felt* and once felt it requires no explanation.  
In order to *feel* college spirit a student must feel  
that he is a part of his college; and how can he  
feel this any more quickly than by speaking to  
all his college-mates where he meets them? A  
cheery word of greeting will go a very long way  
toward making a fellow feel that he "belongs,"  
and as soon as all the freshmen have learned to  
do this they will have taken one step toward  
doing their share of the work for Maine.

Perhaps the second step, which is necessary  
after all get the "spirit" of college by knowing  
each other, is to find something definite to do.  
To the freshmen we would say this:—Every  
avenue of activity in our college is open to you,  
and you are not only invited, but even urged, to  
enter into them. The three upper classes  
are soon graduated, but with four years before  
you much can be realized if you so will.

The prospects before us, then, are bright in  
point of numbers. We greet the freshmen and  
say to them that we hope they may see the  
possibilities before them; *feel* the spirit of our  
college; learn to know each other better; work  
together to advance the standard of all our stu-  
dent activities; and in so doing realize to the  
full all, and even more, than now seems possible  
for the success of the University this year.

It is a subject of never-failing interest to a  
college man to discuss the athletic prospects for  
any season. Thus early in the  
**Football** season it is not safe for any very  
**Prospects** definite statements to be made, but  
we can, by carefully considering the  
matter, draw several very definite conclusions  
concerning the football situation here at Maine.  
It has been stated by Director Wingard that in  
both the Ft. McKinley and Harvard games Maine  
was weak in the back field, because the freshmen  
backs were unfamiliar with the signals. This  
defect can be shortly remedied and then we will

have

paper  
at onc

have a hard-working and good backfield. The line is especially strong, and altogether we can feel confident that, barring accidents, we send onto the field this fall a team that can, and will, put up a good showing for Maine.

Thus early in the season little more than this can be said of our prospects in football. As we look ahead, however, we can see other problems that may arise later from present conditions. These problems will come from the fact that we have so few freshmen out for the team now.

Each year we lose by graduation some of our most experienced players. Their places must be filled by those who are now in the lower classes. Out of a freshman class of 233 men we have, at this time, four who are available for this year's team. Among these, according to Director Wingard, are, Dingley, Purington, Kriger and Ruffner. Fox is also working hard and showing up well.

It can readily be seen that such a condition ought not to exist. There are many good football men in the entering class, but they will not come out just because there is already in the field a heavy team and they have no expectation of being able to make their position this year. That is not the spirit of Maine nor the spirit of sportsmanship. We must look ahead to the time when those places must be filled, and when we will need experienced men to fill them.

Several of the old men have returned and are playing a strong game. Webster, Work, and Eales are among these. We must see to it that more freshmen come out and these problems solved even before they have time to present themselves. It is for Maine!

If any person connected with the University wishes to express an opinion on any subject of interest to the student body in general, the editor would be glad to receive and publish it in the CAMPUS.

The first few issues of the CAMPUS will be sent to all students. If any one fails to receive his paper the business manager should be notified at once.

Within a few days a call will be issued for a meeting of all men who wish to work out for the "CAMPUS" board. It is hoped that all the houses and the non-fraternity men will be represented in order that the work of the paper may be well supported.

Begin to make your plans now for the specials to Bates and Colby. We want at least six hundred of our six hundred and seventy students to go to those games.

## NEW MAINE MEN

### Entering Class Numbers Nearly 300

The largest class in the history of the institution entered Maine this Fall. Below a summary of the students is given.

Freshmen	
College of Arts and Sciences.....	38
College of Agriculture.....	82
College of Technology.....	113
	233
New specials.....	10

## NEW RULING

The Athletic Board at a recent meeting ruled that the freshman-sophomore football game shall be played not later than October 19 and that all men must work for the teams at least two weeks before the game is played.

It was also voted to appoint a coach to assist the freshman baseball and football teams and to prevent the indiscriminate picking of the team by putting it in the hands of the captain, the coach, and Prof. Wingard.

### CHANGES IN FACULTY

The University is beginning the new year with many changes in the faculty. Several of the men who have left have been connected with this institution for many years and their loss will be keenly felt, yet with the cooperation of the student body their places can be more than filled by the new members.

Below are the changes in the faculty.

#### RESIGNATIONS AND RETIREMENTS

Walter Kierstead Ganong, B. Sc., Professor of Electrical Engineering.

Robert James Sprague, Ph. D., Professor of Economics and Sociology, on leave, (1911-'12).

Albert Charles Varnum, Lieut. Col., U. S. N., Professor of Military Science and Tactics.

Walter Werdenfield Bonns, S. B., Associate Horticulturist in the Experiment Station.

Eugene Peter Humbert, P. D., Associate Biologist in the Experiment Station.

Walter Everett Prince, M. A., Instructor in English.

Wintha Rudolph Palmer, B. S., Instructor in Horticulture.

Alvin Kimball Burke, B. S., Assistant Chemist in the Experiment Station.

Arthur Moses Buswell, M. A., Instructor in Industrial Chemistry.

William Kisler Huff, B. A., Instructor in English.

Allen Holt Blaisdell, B. S., Tutor in Mechanical Engineering.

#### APPOINTMENTS

William Edward Barrows, Jr., E. E., Professor of Electrical Engineering.

Ralph Rigby Glass, First Lieut., 21st U. S. Infantry; Professor of Military Science and Tactics.

Victor George Aubrey, B. S., Instructor in Animal Industry.

Webster Newton Jones, A. M., Instructor in Chemistry.

Harry Woodbury Smith, B. S., Instructor in Agriculture.

W. H. Darrow, Instructor in English, Albert Verrill, B. S., Assistant Chemist in the Experiment Station.

Clarence Wallace Barber, B. S., Assistant Biologist in the Experiment Station.

Edward Eugene Sawyer, B. S., Assistant Chemist in the Experiment Station.

Helen Willard Averill, B. A., Assistant Chemist in the Experiment Station.

Benjamin Calvin Kent, B. S., Tutor in Mechanical Engineering.

Helen Worster, B. A., Tutor in English.

Henry K. Barrows, Instructor in Horticulture.  
Leroy F. Bliss, Instructor in English.

Alfreus C. Lyon, Instructor in Civil Engineering.  
Charles A. Nash, Instructor in Electrical Engineering.

John H. Parry, Instructor in English.

#### PROMOTIONS

George Ware Stephens, Ph. D., Acting Professor of Economics and Sociology to Professor of Economics and Sociology to Professor of Economics and Sociology.

Edgar Myrick Simpson, A. B., Assistant Professor of Law to Professor of Law.

Leon Elmer Woodman, P. D., Assistant Professor of Physics to Associate Professor of Physics.

Laura Comstock, Assistant Professor of Domestic Science to Associate Professor of Home Economics.

Paul Leonard Bean, C. E., Assistant Professor of Civil Engineering to associate Professor of Civil Engineering.

Albert Theodore Childs, E. E., Assistant Professor of Electrical Engineering to Associate Professor of Electrical Engineering.

Winslow Hobart Herschel, A. B., Assistant Professor of Mechanical Engineering to Associate Professor of Mechanical Engineering.

George Henry Worster, LL. M., Instructor in Sales and Private Corporations to Associate Professor of Law.

Bartlett Brooks, A. B., LL. B., Instructor in Contracts and Negotiable Paper to Assistant Professor of Law.

Harry Newton Conser, M. S., A. M., Instructor in Botany to Assistant Professor of Botany.

### CROSS COUNTRY

#### Maine's Prospects Not Very Good

The cross country run against Tufts has been scheduled for Saturday, Oct. 5th, but it is hoped that the date can be put over to some time later. At present there are only eight men trying out for this contest for which five will be chosen. In addition to captain Power the men out are Bell, '16, Coffin, '15, Walters, '15, Clark, '15, Bergess, '13, Brooks, '14, Blanchard, '16, and Kelley, '14.

This is a most excellent opening for distance runners for probably not again this year will there be such an opening for men. A winning team means that each man gets his letter and every distance runner should turn out and try to make the team.

**Y. M. C. A. RECEPTION****Large Gathering at Annual Event**

A large number from the class of 1916, as well as upper classmen and faculty, appreciative of the splendid opportunities for the forming of new acquaintances which the occasion afforded, attended the annual Young Men's Christian Association reception to the entering class which was held in the Chapel, Saturday evening, Sept. 21. Everyone being tagged with their names and class years, it was easy for all to become acquainted. At the head of the receiving line was Raymond Floyd, acting President of the college Y. M. C. A., and with him were President and Mrs. Robert J. Aley, Dean and Mrs. James N. Hart, Prof. and Mrs. J. H. Huddilston, and Miss Antoinette T. Webb, President of the Young Women's Christian Association.

In the latter part of the evening light refreshments were served by the young ladies of the Y. W. C. A.

The reception this year differed from that of preceding years in that it was much more informal and there was an absence of the usual numerous speeches. This, however, did not in the least detract from the enjoyment of the occasion.

The Y. M. C. A. has made plans for an aggressive campaign at the University this year. Meetings will be held in the lecture room of the library every Thursday evening at 8 P. M. and all students are cordially invited to attend. It is also planned to hold a series of meetings every Sunday evening in Stillwater and surrounding towns. Details have not been definitely settled but will be announced in the CAMPUS later.

**ALUMNI NOTES**

Daniel Chase, '04, who has for three years been County Secretary of the Roxbury, N. Y., Y. M.

C. A., has been elected to the faculty of Hamilton College as Director of Athletics.

Wm. H. Gilbert, '08, principal of Millinocket high school, is the proud father of a son, W. H. Gilbert, Jr.

Earl C. Gardiner '09, and wife were visiting friends on the Campus recently.

Raymond B. Kittredge, '06, is receiving congratulations on the birth of a son, Raymond Lord Kitteridge.

Freeland J. Morrison, '11, was married June 26 to Miss Anna Wardwell of Castine.

Harold W. Bowdoin, '11, was married June 10, in Kennebunk, Me.

Hon. William T. Haines, '76, of Waterville, was elected republican governor of Maine at the fall election.

W. R. Pattangall, '84, was recently elected to Board of Trustees of the University of Maine.

P. H. Glover, '06, is back at the University taking a post graduate course in Civil Engineering.

Mr. Walter J. Morrill '99, has recently been chosen to head the department of forestry in the University of Nebraska.

**TENNIS TOURNAMENT**

The fall tennis tournament opened last week with a large list of entries to compete for honors. The competitors have played off the first round and this was finished Saturday night.

The contestants are: H. B. Richardson, '13, R. L. Whitney, '14, J. R. Hudson, '14, R. Ferguson, '14, W. M. Morse, '14, F. S. Youngs, '14, H. P. Adams, '14, A. B. Ferguson, '14, A. L. King, '14, H. L. Dinsmore, '14, F. J. Lewis, '14, J. W. Gowen, '15, J. D. Graves, '15, D. W. Parks, '15, N. B. Woodberry, '15, E. P. Ingalls, '15, A. R. Mace, '15, C. P. Sherman, '16, R. Cohoon, '16, C. M. DeWitt, '16, W. P. Billings, '16, M. Packard, '16, H. Currier, '16, K. Currier, '16, S. C. Clement, '16.

**University of Maine Headquarters in Boston:****COPLEY SQUARE HOTEL**

HUNTINGTON AVE., EXETER AND BLAGDEN STREETS

A high class modern house, most centrally located. Only one block from Huntington Avenue Station of Boston and Albany Railroad, and from Back Bay Station of N. Y., New Haven and H. R. R.
