## ANOTHER WIN

### Maine Defeated St. Anselems

The weather of last Saturday was anything but suitable for good football, nevertheless the game scheduled with St. Anselems College was played and Maine again came out the winner, 16-0. The field was in very bad condition due to the steady downpour which continued throughout the game and this made it impossible for fast playing. Maine's goal was at no time in danger. The St. Anselems team was able to make first down only once, this occurring in the third quarter when it made 14 yards on a well executed forward pass. Maine was forced to punt on several occasions because of the slippery field. In the second half many of the second string men were sent in the Maine line-up and all showed up well.

Shepard kicked to Haggerty who ran the ball back 10 yards to the 20 yard line. St. Anselems made three yards on the next two plays and then fumbled. Maine recovered the ball on the 30 yard line. Maine fumbled the ball on the first down but recovered on the next play, she fumbled again but was not so fortunate for St. Anselms made 4 yards and then punted. Shepard placed ball on Maine's 34 yard line. Ruffner carried ball 8 yards in two downs. Ball was placed on Maine's 49 yard line on third down but was penalized 5 yards for holding. Maine was held for downs. St. Anselms, unable to make required gain, punted to Bryant who ran the ball back five yards to the 30 yard line. Ruffner made 10 yards through center. On the next play Maine fumbled but recovered the ball. Martin carried the ball 6 yards. Ruffner carried the ball 7 yards. Maine was again held for downs on St. Anselem's 36 yard line. St. Anselems made four yards on next two plays and then punted to Bryant on his 36 yard line. Here first quarter ended.

On first play Ruffner made 4 yards around right end. Maine was unable to make required distance and punted to Thomas who was downed in his tracks on his own 25 yard line.

On the first play St. Anselms lost a yard. On the next two plays she did not make the required distance and punted the ball to her own 25 yard line. Martin makes 5 yards on first play and then Shepherd punted and the ball rolled behind

St. Anselms goal. St. Anselms put ball in play on her 20 yard line. On first play she was penalized 15 yards for holding. On the next play she made 5 yards through center, but on the play following she fumbled and Bernheisel recovered the ball for Maine on St. Anselms 4 yard line. On the next play Martin put the ball over the line for a touchdown. Shepard failed to kick the goal. Shepard kicked off to Haggerty who brought the ball back to the 15 yard line. St. Anselems failed to make the required distance and punted to Bryant who was downed on his own 40 yard line. On the next play Shepard punted to Thomas who placed ball on his 15 yard line. St. Anselems again failed to make the required distance and punted. Here the half ended.

St. Anselms opened the second half by kicking to Martin who ran the ball back 22 yards to the 47 yard line. Maine was forced to punt and ball rolled off side on St. Anselems 15 yard line. St. Anselems could not make any gain and punted to Cobb who ran the ball back 5 yards to St. Anselems 42 yard line. Davis made 9 yards on two plays and Ruffner made 9 more. Cobb made 5 yards and Ruffner placed ball on St. Anselems 15 yard line. On the next play Maine was penalized 15 yards for holding. Maine made two yards and then Cobb tried to drop-kick a goal but failed by a narrow margin. St. Anselems started scrimmage on 20 yard line. She was unable to make any gain and punted to Ruffner who placed ball on St. Anselems 36 yard line. Davis went through center for 6 yards and then 5 more. On the next two plays Maine was unable to gain. Cobb made another attempt at a drop kick and this time he succeeded in his efforts, the ball going exactly between the posts. St. Anselems kicked off to Cobb who ran the ball back 25 yards to 45 yard line. Maine made five yards and then punted to Thomas who was downed in his tracks on his 20 yard line. On the next play St. Anselms made her first, and only first downs by means of a well executed forward pass through center for 14 yards. She tried the same play again but failed. She punted to Cobb on his 45 yard line and third quarter ended.

On the first play Kriger made 7 yards and in the two plays following he made 8 more. Hamel made 6 yards and Kriger made 4 more. On the next play Maine lost 6 yards and then Cobb gained 3 yards. Cobb once more showed his skill by executing a well directed forward pass to

Purington who carried the ball over the line for a touchdown. Cobb kicked the goal. St. Anselems kicked off to Purington who ran the ball back 20 yards to St. Anselems 45 yard line. From this point Maine worked the ball down to St. Anselems 4 yard line and then half ended.

#### ST. ANSELM'S

### CONDITION OF TEAM

#### Coach Smith Gives an Interview

In a recent interview Trainer N. E. Smith gave the following statement on the condition of the football team before beginning the State series.

"Aside from the fact that several members of the squad are and have been suffering from acute inflammation of the head, the team is in pretty good shape to begin the State series next Saturday with Bates. The success of the team up to date has without a doubt produced poor results in some cases and it is to be regretted that some of our 'light thinkers' have become so easily affected. Two years ago Maine lost to Bates mostly because the entire football aggregation from head to foot looked upon Bates in a very small way. I was not here at that time but I base this statement on information that is authentic and beyond dispute.

"Last year we went into the Bates game with eleven men who were top heavy with foolish self-conceit. We struck the usual iceberg and received our annual beating by what was generally conceded to be an inferior team.

"For ten straight years we have been forced to eat mud out of the hands of a team whose path to victory was strewn with roses and made possible by our own mistakes and our inability to enter the contest in a sane and reasonable mood. This year that same old 'Jinx' is beginning to hang around and, as was the case last

year, that same element of plain out and out overconfidence is seemingly beckoning her to our side.

"There is no question in my mind that success to young, unexperienced fellows is similar to the effect that plenty of sunshine and nourishment has on pumpkins. Fine, successful days will cause the pumpkins to develop and grow. Such days will exercise the same effect on the young human mind. There is a certain time when the pumpkins must be removed from the sunshine and the rich nourishment, or else they will rot, decay,—recede from a healthy to an unhealthy condition. What is true about pumpkins is equally true about the average young fellow whose head develops, enlarges as it were through the application of too much sunshine. The same danger confronts him and he, too, can and often does, reach a point where excessive enlargement suddenly turns into a state of decay. Nothing is more deplorable! Nothing is more sad to look at than to witness a set of fine manly fellows go down to defeat at the hands of an inferior team simply because they have allowed them selves to become carried away through the effects of continued success!

"The only sure cure for a swell head is a good beating. Last year we were all 'swelled up' in the Bates game. We got licked and from then on played a real article of football. It is too bad that there is not some milder cure but then when you come to think of it—the cure is not so bad after all. A man is not half a man whose self-conceit is greater than his judgment, and if it takes a defeat to bring back his sense of judgment, his fighting qualities, his manhood as it were—surely the cure is a good friend after all!

"To win a big battle you must have fighting spirit. Self-conceit is the one big element that does not combine with fighting spirit; it's the biggest handicap that a man can shoulder. For two years we have had the ailment and for two years we 'took the cure.' Must we go through all this humiliation again? A real man can by an ordinary effort shape his mind to enter a contest in the proper way and need not be a victim of self-conceit. When he does this and calls on all his determination, enthusiasm, sense of loyalty and fighting spirit he is most decidedly a bad man to meet for it's hard to defeat a man who won't be defeated."

Colby's Freshmen easily won the annual Sophomore-Freshman track meet, outclassing the Sophomores 54 to 23. The meet, though not exceptionally fast, gave evidence that there is good material for the spring.

## CROSS COUNTRY

### Maine Wins the Meet

The annual cross country race with Tufts took place Saturday afternoon at the University of Maine. Maine won by a score of 19 to 36. The first man counted one; the second two; the third three, etc. The team getting the smallest number of points won the race. The race started on the athletic field at 2.35 P. M. in spite of a steady rain. The course extended up to Stillwater, around the Loop, back to the athletic field by way of Orono, and finished on the cinder track in front of the bleachers. Maine got five of the first six men across the line. They finished in the following order: Bell, Atwater (Tufts), Power, Towner, Burgess and Morris. The course was very slow because of much rain but the race was run in the good time of 29 min., 2 sec.

A state cross country meet will probably be held on the day of the Maine-Colby football game at Waterville this Fall.

## FRIDAY CHAPEL

### Entrance Requirements Explained

Dean Hart addressed the student body Friday morning, October 18, at chapel on the New Entrance Requirements at Maine.

Digressing from his subject at the start he reviewed the former requirements. Prior to 1892 the candidate found it necessary to pass creditable examinations in Arithmetic, Geography, English, Grammar, U. S. History, Bookkeeping and Algebra as far as logarithms. At this time but four or five schools were on the accredited list among them being Hampden Academy, Eastern Maine Conference Seminary and Foxcroft Academy. At this point Dean Hart caused some merriment among the students by explaining that Dean Boardman was at the head of the then sophomore class, at least alphabetically.

In 1892 the University joined the N. E. College Entrance Examination Board and remained connected with it for ten years. Although the board did much for this institution it did not bring it into the connection with the Maine schools which a State University ought to have.

Two years ago an effort was made to form an organization among the four Maine colleges to extend the entrance certificate privileges to any class A high school in the State. Such an organization has not yet been effected, but the University of Maine has taken the first step and

this year any graduate of a Class A school is permitted to enter.

Dean Hart closed by saying that there was no change made in the entrance requirements, but only in the method of administering them.

President Alely evidently voiced the attitude of the entire faculty when he added a few words to those spoken by Dean Hart. After mentioning the fact the U. of M. was the only true State University in N. E., he stated that this new method of admission would bring the University into close touch with the secondary schools.

He closed with the remark that the system where tried had "proven a success, it has not reduced the number of students, it has not lowered the standing of scholarship. I think that this has been shown by the fact that the graduates of such Universities have held their own in the graduate schools at Harvard, Yale and the other larger Universities."

## MAINE NIGHT PLAN

### Bigger and Better Than Ever

At the last meeting of the Athletic Board a committee was appointed consisting of L. E. Seekins, '13, G. G. Tilley, '13, and P. W. Monohon, '14, to assist Dr. Alely in arranging a program for Maine Night.

Governor Plaisted with his council and also many of the Alumni have been invited to attend. The Board of Trustees will hold a meeting on November 8 and will, in all probability, be present. The college band will furnish music and there will be songs and cheers in preparation for the Bowdoin game.

## MAINE MASQUE

### Plans Being Made

As yet the plans for this year's Maine Masque have not been definitely decided upon. A smoker will be held in a day or two and all those interested in dramatics are cordially invited to be present. It is especially important that many of the new men take an active part in this, as there is much need of them, and also a great opportunity as several of the best men were lost by graduation.

It is hoped that the plans will be completed soon in order that practice for the play may commence earlier than usual. It might be interesting to note that the play will be a modern one as that of last year was quite successful.

## EDITORIAL.

During every football season there comes to the student body an opportunity to show real loyalty to the team. This year we are fortunate in our schedule by having two chances to take trips with our football team to the other colleges of the state. Next Saturday, at Lewiston, Maine will play her first game in the State series. At that game there should be present practically every resident student of the University. There are at least two good reasons why all students should go. The first of these is to show loyalty to the team; and the second is to gain the personal enjoyment which is most certainly to be derived from such a trip.

So much has been said, from time to time, about support for the team, both financially and morally, that no doubt many feel that no further

remarks are necessary. In a way they may be right, but the real test will come next Saturday when our real attitude toward our team will be shown. In no better nor conclusive way can our interest be demonstrated than by taking the trip to Lewiston.

The members of the upper classes need no reminder of the personal enjoyment which comes from being one of a body of students who go to cheer for their team; the freshmen, if they will heed the advice of the upperclassmen, will be fully as anxious to be one of such a group; and a combination of all four classes will give such a body of students as Maine has never yet sent out to a game at another college in the state.

In all our enthusiasm over the game all should remember one thing—our team is the Maine team and we, its supporters, are upholding Maine and her honor. If, in the past, there may have been any little difficulty, we should remember that it is in the past, and therefore forgotten. If we win, it should be as gentlemen; if we lose it should be as true sportsmen. Only in so doing do we truly represent the standards of our college.

At this time arrangements are being made for a special train to carry the students and the band to Lewiston. Bearing in mind our loyalty to our team, our desire not to miss one of the pleasures of our college year, and our responsibility to ourselves and to the college which we represent, that special train should take to the Bates game the largest football delegation which the University of Maine has yet sent out.

The purpose of the Friday Chapel talks, as outlined by Professor Stevens, is to keep the students informed of those things of current interest which are of importance. In his talk last Friday, Dean Hart surely presented information which was of very general interest to all.

The change in admission requirements to any college must necessarily involve a consideration of the value which any such change will possess. Dean Hart, in his talk, and President Aley by a

few remarks showed that the change in admission requirements of the University will ultimately be of great value, not only to the college, but, more than that, to the people of the state of Maine.

Many a time the burden of getting new students to come to Maine falls on those who are already members of the institution. With the field of those who may come, broadened by this progressive move of our faculty the possibilities are correspondingly increased. and now, as never before, can all students, as they talk to prospective Maine men, offer this new ruling as a mark of the high standard set by our college.

We were surely glad to welcome the Governor of Maine and the members of his council. We shall look forward with pleasure to his presence here on Maine Night.

The weather conditions under which Saturday's game was played, showed very forcibly how much we need a grandstand large enough to accommodate the entire student body.

### UNIVERSITY HONORED

#### Governor Plaisted is a Visitor

The University was honored Thursday morning by a visit from Governor Plaisted and his executive council. At chapel the Governor extended to the University the cordial greetings of the people of Maine, and congratulated it on its present enrollment of over a thousand. He said, "One of the errors of my life was that I did not graduate from the University of Maine." He was cheered to the echo.

Honorable Edward B. Winslow, former president of the board of trustees, spoke from his heart of the good work of the University has done and is doing, especially in teaching the farmers scientific farming.

President Aley responded appreciatively, and extended an invitation to the Governor and his council to be present on Maine night, November 8, the service ended with the stein stong.

After the chapel service the governor inspected the college buildings, and later dined with the students at Hannibal Hamlin Hall. The party left at 1 P. M. for Orono.

### ENTRANCE REQUIREMENTS

#### Explained in Friday Chapel

At Friday Chapel Dean Hart spoke upon the new entrance requirements which had been adopted by the University. In substance, he said, "In the catalog of 1892-93 there was listed a student body of less than 200, with a faculty of twenty, including the steward. Dean Hart and Dean Stephens were at that time on the college faculty and Dean Boardman was a member of the sophomore class. Only four schools had the certificate privilege. Others desiring entrance were required to pass satisfactory examinations in Arithmetic, Geography, English (especially Orthography), American History, Physical Geography, Bookkeeping, Algebra to Logarithms, and Plain Geometry. There was no foreign language requirement.

"Since that time the requirements for admission have become much more advanced and difficult. In 1902 the New England College Entrance Certificate Board was formed. The University has been a member of the Board for ten years, and during that time, the Board has been a great aid to the University. While a member of the Board, the University has admitted on certificate only graduates of schools approved by the Board. This has left the University too much out of touch with the preparatory schools of the state. State Superintendent of Schools Payson Smith, has tried to unite the four state colleges so that they would have one common standard of admission, but he has not met with complete success. Superintendent Smith then desired the University to act by itself and after long discussion the faculty last spring, gave the certificate privilege to all class A schools (schools fully approved by Superintendent Smith). Under this new system a preparatory school graduate is not admitted to college on presentation of his diploma, but on presentation of his school record. This is not a change in the requirements for admission for the entrance must present the same studies as before. This is only a method of presenting the admission requirements which places no responsibility on the preparatory school principal. Any studies presented for admission which are not required, are to count towards graduation."

President Aley stated that this plan, while it had not been tried before in New England, had proven a great success in many western states. Under this system any boy or girl who wishes to prepare for college may do so at home. Above all, it does away with the present double-headed high school system.

## SOPHOMORES DEFEATED

### Freshmen Win the Football Game

The Freshmen defeated the Sophomores last Saturday on a very slippery field by the score 6-0.

No trick plays were used and all gains were made by old-fashioned football. Those starring for the Sophomores were Mace, Dorsey, Howland, and Peters. For the Freshmen, Dingley, played the best game, carrying the ball over for the only touchdown of the game. Others who played well were Capt. Chadbourne, Holden, Driscoll and Thompson.

## 1915 WINNERS

### Sophomores Take Annual Meet

The annual Pumpkin Meet was run off last Monday and Tuesday afternoons and after many closely contested events the sophomores won from the freshmen by a score of 70 to 61. A lot of new material came to the front and some of this will be valuable for this year's track team. The freshmen were greatly handicapped in that Bell their long distance runner could not run for them because of the coming cross country meet.

Ashton the captain of the freshman team was the largest point winner, taking in all 21 points in the dashes, hurdles and jumps.

The following is the summary of the meet:

100 yds.—1st Ashton, '16; 2d, O'Brien, '15, Barrett, '16. Time 11 seconds.
220 yds.—1st Lecock, '16; 2d Ashton, '16; 3d Barrett, '16. Time 25.2.
440 yds.—1st Totman, '16; 2d, Brewster, '15; Lecock, '16. Time 58.2.
880 yds.—1st Gowen, '15; 2d Doyle, '15, 3d Clark, '15. Time 2-19.4.

One Half Mile—1st Walters, '15; 2d Clark, '15; 3d Blanchard, '15. Time 8-25.

One Mile—1st Philbrook, '15; 2 Robie, '16; 3d Cutler, '16. Time 5.25.

Low Hurdles—1st Ashton, '16; 2d Robinson, '16; 3d Phelps, '16.

High Hurdles—1st Ashton, '16; 2d Fish, '16; 3d Robinson, '16.

High Jump—Ashton, Kite and Palmer all '16, tied for first. Height 5'.

Broad Jump—1st O'Brien, '15; 2d Baldwin, '15; Palmer, '16, tied. Distance 18' 2".

Pole Vault—1st Richardson, '15; 2d Robie, '16, and Williams, '15, tied. Height 9'.

16 Lb. Hammer—1st Bailey, '15; 2d Gilman, '15; 3d Edes, '16. Distance 130 ft.

12 Lb. Shot—1st Bailey, '15; 2d Petty, '15; 3d Palmer, '16. Distance 38' 7".

Discus—1st Gilman, '15; 2d Bailey and O'Rourke tied. Distance 87' 7".

Relay each man 220 yds. won by the sophomores, O'Brien, Titcomb, Hall, Emmons.

## NEW BUILDING

### Temporary Chemistry Quarters

The plans have been drawn and work has begun on a new chemistry building which was necessary to accommodate an overflow of 87 freshmen and 22 sophomores who could not be taken care of in the crowded quarters of Fernald Hall and in an extra laboratory in Winslow Hall. The new building, which will be ready for occupancy about Jan. 1, is to be a temporary structure 63 x 23 ft. and of one story in height. It is to be located south of Fernald Hall and connected to it by a hallway.

## ART GUILD

### Being Remodeled into Workshop

The Art Guild is being made into a workshop for the University carpenter, Geo. O. Colburn. A saw, buzz planer, and surfacer are being put in. Mr. Colburn is to do his shop work here until the annex, which is being started on Fernald Hall, is completed.

Ralph E. Hobbs, '10, was a recent visitor on the Campus.

R. F. Slocum, '15, was called to his home in Brooklyn by the sickness of his mother.

A. P. Abbott, '14, and A. P. Schneider, '16, saw Boston defeat New York Saturday afternoon.

## SECOND GAME

## Freshmen Winners in Baseball

The freshmen won from the sophomores 9-3 in a very exciting baseball game, played on Saturday morning at the Webster Park diamond in Old Town.

The team work displayed by the freshmen was excellent throughout the game, while on the other hand the sophomores were lax and did not hold together..

Lawry played a great game at second base for the freshmen and captain Haskell showed up well for the sophomores at first base.

Fox and McLaughlin pitched good ball for their respective teams. Fox seemed to have the better of it however as he pitched a no hit game, and struck out seven men in the four innings that he worked.

## CLASS MEETINGS

## Sophomore

At the meeting of the Sophomore class on Friday noon the following officers were elected:

Calendar Committee—Robert F. Thurrell, Paul A. Warren, William M. Milliken.

Hop Committee—John A. McDonough, Edgar G. Howland, Malcolm H. Oak, William W. Redmond, Earl C. Goodwin, George H. Bernheisel.

Basketball Manager—Joseph E. Doyle.

## Junior

The Junior class held a meeting Wednesday noon and it was voted that the executive committee appoint a committee of five to arrange for a dance to be held in the gymnasium the night of the Bowdoin game. The following men were appointed: O. B. Higgins chairman, J. S. Brooks, N. R. French, R. N. Peaslee, and P. W. Thomas.

Mr. George Emmet of Dickinson College is visiting at the S. A. E. House.

## DEBATING

## University Club Getting Under Way

Members of the three upper classes interested in debating assembled Tuesday evening in Estabrooke Hall and organized the University Debating Club to promote this activity at the University. Prof. Daggett was present to lend his assistance in the work. George C. Clark '13, was elected president; Everett B. Harvey, '14, vice president; and James H. Lewis, '15, secretary-treasurer. It was voted not to admit freshmen to membership but to encourage their organizing a club and throwing all meetings of the University Debating Club open to them.

It was voted to have a smoker Tuesday evening and a committee was appointed to make arrangements. An interesting program has been arranged with speeches by Dr. Alecy, Prof. Gray, Prof. Daggett, and Paul W. Monohon, '14, and a violin solo by Benjamin Ahrens, '13. Refreshments will be served and a general good time enjoyed. The committee in charge is composed of George C. Clark, '13, Philip S. Bolton, '13, and Everett B. Harvey, '14. All interested in debating are invited to be present to join in the merriment and are requested to bring their University song books.

## MUSICAL CLUBS

## Massachusetts Trip Planned

With the beginning of so many of our college activities comes the announcement by Manager George C. Clarke of the Musical Clubs that that organization will soon begin its season's work. Manager Clarke says that the Clubs will take a seven-concert tour through Massachusetts, including in the trip a concert in Boston and one in Portland. Besides this, arrangements will be made for several week-end trips, which will probably include Waterville and Lewiston.

A call for candidates for positions in the Clubs will be issued just before Thanksgiving. Membership is competitive, and Professor G. W. Thompson, who has so efficiently coached the Clubs in the past, and to whom a great deal of their success may be attributed, will test the voices of all candidates.

The Clubs expect to make the coming season both an artistic and a financial success. They were never in better condition, and with the encouragement of a balance in the treasury from last season, and so large a freshman class from which to select new talent, Maine ought to be represented by the finest clubs in her history.

## STUDENT CHAPEL

## Suggestions for Students Made

The Chapel exercises of Tuesday, October 15, were conducted by members of the student body with E. H. Bigelow, '13, presiding.

F. B. Ames, '13, was introduced as the first speaker, and discussed the duties of the students of the University. He reminded the Freshmen of the necessity of living up to the customs and traditions of the University, which have been handed down from preceding classes. In speaking of the duties of all students, he mentioned appreciation of the beauties of the Campus and careful use of all University property; and emphasized the fact that good fellowship among the students and respect for the Faculty must be shown.

J. C. Wallace, '13, Manager of football, spoke of the work of the team and mentioned the fact that the players are sometimes criticised. He advised, however, that all criticism should be made to the Manager or the Coach. He urged the students to show all possible spirit in cheering, and suggested that a rally be held before the Bates game.

Capt. R. A. Power, '13, discussed the prospects of having a champion track team for the State and New England Meets next spring. He urged all students to go out for track athletics, especially because Maine lost good men by graduation last spring, and the other colleges in the state have acquired good material this fall.

The cheering during the exercises was led by T. C. Higgins, '13.

The singing of the Stein Song by the student body closed the meeting.

## ENGINEERING NOTES

Mr. A. G. Durgin, who has been Assistant Chemist at the Maine Experiment Station, has been appointed Instructor in Chemistry.

There will be a meeting of the Maine Section of the American Chemical Society at the Bangor House on the evening of Friday, November first. After the dinner the Section will be honored by an address by Dr. A. D. Little of Boston, President of the American Chemical Society.

Prof. J. E. Kaulfuss, who is in charge of the course in Highway Engineering at the University, attended the recent American Road Congress at Atlantic City, N. J.

Dean H. S. Boardman and Prof. P. L. Bean were among the members of the Maine Society of Civil Engineers who recently took a trip to Azischoh Dam.

## FRATERNITY NOTES

## Phi Kappa Sigma

Alpha Delta Chapter of Phi Kappa Sigma held a most enjoyable house party, Saturday evening, Oct. 19, in the form of an anniversary of the sixty-second Founders Day. Dinner was served from 6.30 to 8.00 and the remainder of the evening was spent in dancing. The guests present were Mrs. James A. Gannett, Mrs. Harriet Lord, Mr. and Mrs. Lowell J. Reed, James A. Gannett, Merton R. Sumner, '10, Walter R. Witham, '12, Philip R. Hussey, '12, and the Misses Frances Dugan, Doris Currier, Estelle Beaupre, Madeline Robinson, Virginia Severance, Ethel Harrigan, Lynette Philbrick, of Bangor; Leontine Glidden, Margaret Holyoke, Doris Woodbury, Alice Merrill, Harriet Currier of Brewer; Mollie Hutchins of Fryeburg; Mildred Dow of Cumberland; Mildred Morrison of Bar Harbor, Marion Estabrook and Caroline Bonney of Orono; Hazel McLellan of Oldtown; Inez Mace of Aurora, Mary Philips of Selinsgrove, Pa.; Bessie Feyler of Waldoboro, Elizabeth Clark of Sullivan, Annette Washburn of New York City.

## Sigma Alpha Epsilon

Maine Alpha Chapter of Sigma Alpha Epsilon held their annual Harvest Dance at the chapter house last Friday evening. The guests present were the Misses Madeline Clark, Gladys Reed, Marion Hayes, Ethel Harrigan, Lorine Tibbetts, Lucy Goss, Estelle Beaupre, Dorrice Brann, Hortense and Rebecca Harding of Bangor; Lillian Hunt and Marian Plummer of Oldtown; Helen Norris and Evelyn Winship of Auburn; Gladys Thompson and Mary Phillips of Orono; Marie Foster and Mildred Morrison of Bar Harbor; Eunice Niles of Hallowell; Molly Hutchins of Fryeburg; Mary Hines of Middletown, Conn.; Marion Pooler of Stillwater; Margaret Holyoke of Brewer and Helen Stinchfield of Danforth.

## Phi Eta Kappa

The Phi Eta Kappa Fraternity held a house party at the Fraternity House last Friday evening. Music for dancing was furnished by Richmond's Orchestra. The guests present were the Misses Frances Mulvaney, Ruth Heiskell and Gladys Perkins of Bangor; Eugenia Roderick, Mary Leonard, Mildred Dow, Ethel Rhind, Borden and Triplet, Campus; Helen Ritterbush of Camden; Leantha Howard of Gardiner; Anne Moran of Bar Harbor; Fannie Redman, Evelyn Trickey and Elvira Redman of Corinna; Minnie Park and Myrtie McPheters of Orono.

Bates was defeated 6 to 0 by Exeter on a recent date.
