INDOOR INTER-CLASS MEET

Juniors Win Championship

With two fast relay teams and a well balanced all round track team the Junior Class were able to win the indoor interclass meet in the gymnasium on Friday night. The Sophomores and Freshmen were tied for second place, which was only decided after the last event, the two lap relay finals which returned 1916 as winner over 1913.

Rogers '13 broke the indoor record for the pole vault clearing the bar at 11 ft. 3 in. after a most splendid exhibition of vaulting, the quality of which may be seen when it is considered that the former record was but 10 ft. 3 $\frac{3}{4}$ in.

York, '15 and Donahue '15 were high point scorers of the evening the former capturing the 25 yard dash and the 25 yard low hurdles; while the latter took first in the broad jump and potato race. Both men were members of the two lap relay team of the second year men.

The greatest amount of interest centered in the relay races. In the first two lap event the Seniors ran a very clever race and succeeded in besting the Juniors. The next race brought the sophomores and freshman to the tape and after a battle royal the first year men secured the race by a scant margin. The final in this event was probably the most interesting race of the evening; at the crack of the gun Leacock running for the freshman got a slight jump on Weatherby, running for 1913, and handed a lead of a scant five yards to Barrett who in turn increased it over Hinkley. The third relay proved to be an even thing and when Lawry took up the work for the freshmen, and Rogers for 1913, a scant ten yards separated the runners but the 1916 star was not to be outdone and finished a good fifteen yards in front of the last year man.

The Senior-Junior four lap race proved another stellar attraction and from the start to finish the lead alternated until the last relay when the consistent running of the whole 1914 team and the remarkable spurt of St. Onge gave the Juniors five more points toward the championship. The four lap relay team of 1916 proved a worthy successor of the two lap team and succeeded in taking the Sophomores measure in a very fitting manner.

The ten lap relay between the Juniors and Seniors proved a walk away for the third year

men their team winning handily by more than half a lap. The performances of Brooks and McLaughlin standing out prominently. The last race between 1915 and 1916 prove close and interesting to the finish, the freshmen again winning because of the consistent performance of Bell who gained a small margin on the ever fighting Doyle.

The Summary:

25 Yard Dash

1st heat: 1st, Rogers, '13; 2nd, Nonahue, '15. Time, 3-3

2nd heat: 1st, York, '15; 2nd, Lawry, '16. Time 3-1.

3rd heat: 1st, Leacock, '16; 2nd, Hamil, '15. Time, 3-2

Final heat: 1st, York, '15; 2nd, Leacock, '16.; 3rd, Rogers, '13. Time, 3-1.

28 Yard High Hurdles

1st heat: 1st, Fish, '16; 2nd, Small, '16. Time, 4.

2nd heat: 1st, Ferguson, '14; 2nd, Morse, '14. Time, 4.

Final heat: 1st, Morse, '14; 2nd, Ferguson, '14; 3rd, Fish, '16. Time, 4.

25 Yard Low Hurdles

1st heat: 1st, St. Onge, '14; 2nd, Ferguson, '14. Time, 3-3.

2nd heat: 1st, York, '15; 2nd, Morse, '14. Time, 3-4.

Final heat: 1st, York, '15; 2nd, S. Onge, '14; 3rd, Ferguson, '14. Time, 4.

Broad Jump

1st, Donahue, '15; 2nd, Rogers, '13; 3rd, Palmer, '16. Distance, 18 ft. 4 ins.

Shot Put

1st, Bailey, '15; 2nd, Murray, '14; 3rd, Purington, '16. Distance, 37.55 ft.

Pole Vault.

1st, Rogers, '13; 2nd, Thomas, '14, and Sherwood, '14, tied. Height, 11 ft. 3 in.

High Jump

1st, Worden, '12; 2nd, St. Onge, '14; 3rd, Keyte, '16. Height, 5 ft. 3 in.

Potato Race

1st, Donahue, '15; 2nd, Fish, '16; 3rd, Worden, '13.

Two Lap Relay Races

Trials:—

1913 (Weatherby, Hinkley, Brown, Rogers) vs. 1914 (Chapman, Harvey, Thomas, St. Onge), Won by 1913.

1915 (Peters, Lindgren, Donahue, York), vs. 1916 (Leacock, Barrett, Merrill, Lawry,) Won by 1916.

Final:—1913 vs. 1916. Won by 1916.

Four Lap Relays

1913 (Wardwell, Hinkley, Worden, Rogers) vs. 1914 (Chapman, Ferguson, Morse, St. Onge). Won by 1914.
1915 (Lindgren, Stewart, Mathews, Luther) vs 1916 (Blanchard, Purington, Phelps, Bartlett). Won by 1916.

Ten Lap Relays

1913 (Cannon, McAlary, Burgess, Power) vs. 1914 (Kelly, McLaughlin, Brooks, Towner,) Won by 1914.
1915 (Clark, Hall, Coffin, Doyle) vs. 1916 (Bartlett, Weymouth, Robie, Bell.)

TRACK SCHEDULE 1913

March 15th, Colby at Orono (Indoor).
March 22nd, Interfraternity Meet.
May 3rd, Trinity at Harvard.
May 10th, Bates at Lewiston.
May 17th, State Meet at Orono.
May 23rd, New England Meet at Springfield.

SECOND INTER FRATERNITY MEET COMPLETED MONDAY

The remainder of the events scheduled for the second inter-fraternity track meet were run off on the board track on Monday afternoon providing some very excellent races. Although Delta Tau Delta and Beta Theta Pi made gains in the track events Kappa Sigma's lead, gained in the field events, was not to be overcome.
The three hundred yard dash proved to be the feature event of the afternoon and returned Leacock as victor by a very scant margin over Lawry. Just at the finish a bad spill occurred giving third place to Bartlett who had been running fifth up to ten yards of the finish.
McAlary captured the six hundred handily, the real race being for second place between Phelps and Doyle, who finished in that order with inches separating them.
The three-quarter mile run was captured by Cannon running from limit handicap, but the

feature of the event was the running of Bell who finished second although running from scratch.
The hurdles produced some good work but nothing exceptional in closeness or time.
But two teams faced the starter in the relay race and the first man running for Kappa Sigma opened up a space of five yards which the second man easily made into a quarter lap this being the margin at the finish.
The Summary of events run off Monday:
45 yd. Dash
1st heat: 1st, Titcomb, Phi Kappa Sigma; 2nd, Graves, Beta Theta Pi.
2nd heat: 1st, York, Beta Theta Pi; 2nd, Morse, Phi Kappa Sigma.
3rd heat: 1st, Rogers, Kappa Sigma; 2nd, Lawry, Beta Theta Pi.
Final: 1st, Lawry, Beta Theta Pi; 2nd, York Beta Theta Pi.; 3rd, Rogers, Kappa Sigma.
45 yd. hurdles
1st heat: 1st, Fish, Phi Gamma Delta; 2nd, Small Phi Kappa Sigma.
2nd heat: 1st, Morse, Phi Kappa Sigma; 2nd, St. Onge, Delta Tau Delta.
Final: 1st, Morse, Phi Kappa Sigma; 2nd, St. Onge, Delta Tau Delta; 3rd, Fish, Phi Gamma Delta.
45 yd. Low Hurdles.
1st heat: Morse, Phi Kappa Sigma; 2nd, Ferguson, Kappa Sigma.
2nd heat: 1st, St. Onge, Delta Tau Delta; 2nd, Fish, Phi Gamma Delta.
Final: 1st, St. Onge, Delta Tau Delta; 2nd, Morse, Phi Kappa Sigma; 3rd, Ferguson, Kappa Sigma.
45 yd. High Hurdles (Freshman)
1st heat: 1st, Small, Phi Kappa Sigma; 2nd, Purington, Kappa Sigma.
2nd heat: 1st, Fish, Phi Gamma Delta; 2nd, Robinson, Theta Chi.
Final: 1st, Small, Phi Kappa Sigma; 2nd Purington, Kappa Sigma; 3rd, Fish, Phi Gamma Delta.
300 yd. Dash (Novice) (Trial Heats given in last issue.)
Final: 1st, Leacock, Delta Tau Delta; 2nd, Lawry, Beta Theta Pi; 3rd, Bartlett, Beta Theta Pi.
600 yd. Run. (Trial heats given in last issue).
Finat: 1st, McAlary, Alpha Tau Omega; 2nd Phelps, Sigma Chi; 3rd Doyle, Theta Chi; 4th, Barrett, Sigma Chi.
3/4 Mile Run. (Handicap)
1st, Cannon, Alpha Tau Omega; 2nd, Bell, Kappa Sigma
3rd, Towner, Sigma Chi; 4th, Robie, Kappa Sigma.
Relay Race
Won by Kappa Sigma (Donahue, Ferguson, Rogers); 2nd, Delta Tau Delta (Chapman, Weymouth, St. Onge.)

MAINE WEEK AT BIJOU

The "M" Club Needs Your Support

Friday, March 21 will be Maine Night" at the Bijou. It is now planned to have the band out, and have speeches from the captains of the various athletic teams and other college speakers, also original vaudeville skits by various members of the student body. The program of "Maine" Night" will be announced at a student chapel. The proceeds of Maine Week will be used by the M Club to bring students to Maine. The week of March 17-22 will be known as Maine Week at the Bijou. During that time, Maine will receive a percentage of the admissions paid by the student body. According to the original plans, March 18 and 21 were designated as "Maine Nights," and the special exchange tickets now on sale on the campus were made to read to that effect. Since they were issued, the Bijou management have extended their offer for the entire week, and made the tickets good for any seat in the house at any show, instead of the second evening show as stated on the ticket. Tickets are on sale at all the fraternity houses and at the college store, at the regular price, twenty-five cents.

INITIATION BANQUET OF ALPHA OMICRON PI

Held at he Bangor House

The annual banquet of Gamma Chapter of Alpha Omicron Pi was held at the Bangor House, Friday, February 28, at eight o'clock. It was preceded by initiations on the University campus. The initiates were Imogene Wormwood, '14, Elizabeth Hanly, '15, Muriel Colbath, Doris Currier, Mildred Dow, Edith Flint, Florence Greenleaf, Helen Norris, Sibyl Russell, Evelyn Winship, '16. The tables were beautifully decorated with red carnations and Jacquemont roses.the sorority flower. The color note was repeated throughout the courses. Forty members of the Chapter including several alumnae were present. Alice Harvey made a most successful toastmistress, with an amusing and appropriate story for each initiate. Following the address of welcome by Antoinette Webb, were the toasts of the new chapter members. Mrs. Schoppe spoke briefly of what Mrs. Balentine Has meant to Alpha Omicron Pi, and the evening ended with "A Toast to the Red Rose," by Helen Worster,"12.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

"Dartmouth College is to have a fire department. Twenty men will be chosen from Palaeopitus, the five major sport captains, and the junior class to direct the undergraduate onlookers at times of fire, to establish fire lines, to move furniture, to appoint student volunteers, and to attack the fire directly when no other course of action is effective. They will work in cooperation with the town department. President Nichols will appoint the fire chief, and it is expected that the trustees will finance the undertaking. W. G. Knapp, secretary to the president, devised the plan."

The above quotation tells of the acceptance of a plan which could well be taken up by the University of Maine authorities.

After the recent fire in Wingate Hall there was much talk of our lack of efficient fire fighting apparatus, if the constant danger to which we are exposed and of our need of some definite and systematic plan for protecting our University buildings and their contents from complete destruction in case of fire. Now that the smoke has cleared away and new topics have become the center of conversation, the question of fire has been forced into the background, where it is in danger of staying until another fire breaks out in some building, perhaps to do great damage—and then we will hear, "If only we had had some means of stopping the fire before it gained such headway."

We have been peculiarly fortunate in regard to fire at the University. Our buildings are without adequate protection; we are situated too far from Orono to receive help from their department in time; but in spite of constant danger we have had no big fires.

In this very freedom from fire lies our difficulty. There is a tendency to feel that because nothing has yet happened nothing will; that things will go on as they now are; and that our buildings are perfectly safe. This is obviously false because fires come unexpectedly elsewhere and can do the same at our college.

Under present conditions the first thing to be done is for all students to learn where our fire-fighting apparatus is located and what to do in case of fire. By so doing some degree of protection can be obtained.

In addition to knowing the location of the fire apparatus some students should be instructed in the use of all necessary appliances and should be ready to take charge of all fire situations until the arrival of regular firemen. This would involve the inauguration of some such plan as that adopted by Dartmouth.

It is more interesting to talk about other subjects when we have no fire, but surely our campus buildings will never be as safe as we can make them until some definite plans is made for giving quick and efficient service in case of fire. Any expense now will be more than met by the saving of property in the future.

Occasionally the CAMPUS is asked to place before the student body some phase of the college rules which has been misunderstood or overlooked by the students. The following letter is self explanatory and it is hoped that all will read it carefully and profit by the statements which it contains:

EDITOR, "THE MAINE CAMPUS:"

Will you kindly publish this letter or such parts of it as you think necessary in order to make clear a point in the University rules?

In dropping a course or adding a new course, it is absolutely necessary for the student to fill out and leave at the office a Program Change Card, properly signed, covering the proposed changes. If this is not done, credit cannot be given for a course added, and an "F" is given for a course dropped. This also includes changes in division. Any changes already made this semester but not as indicated above, should be reported at once. I trust that this explanation will be of mutual assistance and save some confusion in the future.

Thanking you for the favor I am,

Very truly yours,

J. A. GANNETT.

During the past football season four Maine blankets have been mislaid or misappropriated and the same have been charged to Football Manager John C. Wallace. It is unfortunate that it is necessary to call the attention of the student body to this matter. If any student has knowledge as to the whereabouts of these blankets it is hoped that this notice will be a sufficient reminder for him to mention the matter to Professor Wingard or Mr. Wallace.

FARMERS' WEEK A GREAT SUCCESS

Many Fine Squeakers—Lectures Well Attended

L. A. Hamel of Portland, Wins Lewiston Journal Prize

The Seventh Annual Farmer's Week given by the College of Agriculture, closed last Friday. From several standpoints, it is considered the best and most successful Week which has been given since it was first inaugurated seven years

ago. Although in point of attendance, the registration was somewhat below that of last year, yet, the spirit of those in attendance was noticeably different from that of former years. There were very few in attendance who did not remain for the entire week, while in former years the tendency has been to remain for a portion of the program only. The total registration up to Friday noon was 264.

The program was very complete and is considered to be the best ever given. One noticeable feature of the Week was that every lecture was very well attended, in fact, much better than in former years even though the registration was slightly less.

The program for Monday evening consisted of an address by President Aley and the reading of two articles written by agricultural students for the Lewiston Journal Prize Contest on "The Importance of Reviving the Sheep Industry in Maine." The contestants were L. A. Hamel of Portland and J. H. Lewis of Eastport. The prize of ten dollars was awarded to the former.

As explained in last week's CAMPUS, the program for each day was divided into three sections, Farm Crops, Animal Industry, and Woman's Section. There was a continuous program in each section for every hour of the Week.

In addition to the lectures by members of the Agricultural Faculty there were many speakers from all over the state. Among these were Dr. Pearl, A. W. Jones, of Augusta, C. H. Chapman of East Corinth, John M. Deering of Saco, H. L. Hunton of Oakland, T. B. Roberts of Norway, H. H. Hanson of the Experiment Station, O. B. Griffin of Caribou, Prof. J. E. Kaulfuss, Dr. J. A. Ness of Auburn, W. G. Hunton of Cherryfield, Dr. Woods of Orono, H. L. Keyser of Greene, F. H. Morse of Waterford, Russell Smith of Augusta, H. W. Evans of North Bridgeton, E. C. Patten of Topsham, V. W. Canham of Lisbon, H. G. Beer, Jr., of Portland, Professor Easley and A. J. Jones, and Dr. Alice M. Boring of Orono, Mrs. A. M. Norris of Boston, Mrs. A. R. Scott of Bangor, Miss Hughes of Oldtown, A. K. Gardner of Augusta, E. A. Stanford of West Kennebunk, Miss M. E. Merrill of Bangor, and Prof. G. W. Stephens of Orono.

Wednesday afternoon the annual meeting of the Maine Federation of Agricultural Associations was held. A feature of the meeting was a Round Table on "Organized Agriculture."

Colby College lately received a gift of \$75,000 from the Hon. D. D. Stewart of St. Albans, an honorary graduate of Colby

DUAL MEET WITH COLBY

Annual Track Meet Saturday Evening

The dual track meet with Colby College will take place next Saturday evening in the Gymnasium. The meet will begin promptly at 7.30.

Following is the order of events:

- Broad Jump—Cage.
- 25 Yds. Dash—Heats
- 28 Yds. High Hurdles—Heats.
- 16 Lbs. Shot Put.
- 25 Low Hurdles—Heats.
- 25 Yds. Dash—Final.
- 28 Yds. High Hurdles—Final.
- Potato Race—Closed to Maine—Inter Fraternity.
- 25 Low Hurdles—Final.
- Dressing Contest—Closed to Maine—Inter Fraternity.
- High Jump.
- Chinning Contest—Closed to Maine—Inter Fraternity.
- 2 Lap Relay Race.
- 14 Lap Relay Race.
- 4 Lap Relay Race.

The points in the three events which are closed to Maine will count towards the Cup for the Inter Fraternity Championship,

Following are the entries:

BROAD JUMP	
Colby	Maine
Reed	Donahue
Meanix	Rogers
Murchie	Palmer
Doyle	
Merrill	
25 YARDS DASH	
Lowney	York
Goffing	Lawry
Dunn	
Meanix	
HURDLES	
Meanix	Morse
Royal	Ferguson
Doyle	St Onge
O'Neil	York
SHOT PUT	
Frasier	Bailey
Stanwood	Shepard
HIGH JUMP	
Moores	Worden
Wood	
TWO LAP RELAY	
Adams	Lawry
Yeatton	Donahue
Dunn	Leacock
Brush	Rogers
Merrill	Ashton
	York

FOUR LAP RELAY

Meanix	Donahue
Lowney	Rogers
Small	Chapman
Bowen	Leacock
	Littlefield

14 LAP RELAY

Reynolds	Bell
Rand	Towner
Hussey	
Dyer	
King	

The Colby team has an excellent chance of winning for they will have the services of Meanix who is capable of taking at least 15 points himself as well as being a valuable asset on a relay team. Wood seems to be a sure winner in the high jump and Colby has a very fast 4 lap relay team.

BASEBALL PRACTICE FOR BATTERIES

Several Freshman Pitchers

Although real baseball practice has not yet begun, a call has been issued for candidates for pitcher. From the Law School come Bartlett, who pitched on the Harvard Freshman nine two years ago, and Small. Others who have responded to the call are Fox, '16, a left handed pitcher; Driscoll, '16; Bonney, '16; Rollins, '16; King, '14, and McLaughlin, '15. Within two weeks the general call for players in all positions will be issued, then batting practice will begin.

Witham, first base; Hosmer, left field, and Stobie, pitcher; who played last year, are not in college now, but there should be plenty of new material this spring. However, it is too early to form any definite ideas as to the prospects.

LAST INTER FRATERNITY MEET

To be Held Saturday March Twenty Second

The one remaining meet to decide the Inter Fraternity Championship will be held on the Board Track, Saturday, March the twenty-second. Three events which will count toward the Cup will be held in connection with the Colby dual meet next Saturday night. The last meet will conform as nearly as possible to the program of a regular meet. Many close contests are assured and it is very doubtful if the leaders can win out in a close finish. The chances of the "runners-up" seems to be very good and it is not at all impossible that they will win the meet.

LAW SCHOOL NOTES

The third Moot Court trial between the school firms, the Dirigo Advocates and the Pine Tree Barristers, was held Friday evening. Professor Simpson acted as Judge and a drawn jury composed of the students returned a verdict for the plaintiff who was represented by Dodd & Roberts of the Dirigo Advocates. Studley and Turner appeared in behalf of the defendant for the Pine Tree Barristers. At present the firms stand two to one in favor of the Pine Tree Barristers.

Hamlin chapter of Phi Alpha Delta of the Law School enjoyed an evening of music and dancing in the U. C. T. Hall at Bangor, Monday night. This was the second in the series that the fraternity is giving. Music was furnished by White's orchestra of Bangor. Among the Brothers present were Adams, Corliss, Harvey, Weick, Pease, Turner, Moody, Frost, Tirrell, Pettengill, Aiken, Dodd, Roberts, Blackington, and Wood. Guests who were entertained included Misses Severance, Snow, Lord, Gilman, Helen Spearen, June Spearen, Louise Spearen, Cronkhite, Crosskill, Ashe, White, Fleming, Southerland and Mrs. H. L. Farnham. The party did not break up till well after midnight.

In reply to the petition submitted by the students to the Faculty of the College of Law requesting the making of such rules and regulations concerning the Moot Court as to the Faculty may seem needed, the following action has been taken.

Voted: That the prayer of said petitioners be granted. That each member of the Freshman Class be required to serve as witness or party in the Moot Court not exceeding twice during the college year when subpeonaed. That each member of the Junior Class be required to serve as Juror not more than three times during the college year when subpeonaed. That each member of the Senior class be required to serve once a year as Council in preparing and trying case assigned to him. No member of any of said classes who shall fail to appear when summoned or assigned for duty in said court as aforesaid, unless for good cause excused by the Faculty, shall be recommended by said Faculty for a Degree.

February 27 was the one hundredth anniversary of the granting of a charter by the general Court of Massachusetts to establish a Literary and Theological Institution in Waterville. This was made Colby College in 1820.

MUSICAL CLUBS BACK FROM AROOSTOOK TRIP

The Musical Clubs returned to the Campus last Saturday noon after having been in Aroostook County for a week. The trip started on Monday, March 3, when twenty-seven men boarded the train at Oldtown for Presque Isle. Preparations for the trip have been going on since Christmas and all the songs by the Glee Club, the pieces by the Banjo Club and the selections by the soloists and readers showed the effect of much careful training. The trip was thoroughly enjoyed by all the men and the program which was essentially the same each night, was given without a hitch. The numbers are all well balanced this year and all of them made a hit everywhere and received much praise from all sides.

The first concert was given Monday night in Presque Isle and although the train was three hours late in reaching its destination, escorts were awaiting the train and after the fellows had been distributed and fed, they returned to the hall in good spirits and gave their usual good concert. About three hundred people were present as well as a number of Maine Alumni.

Tuesday morning the fellows left for Ft. Fairfield. Sleighs were waiting at the station to take them to their places of entertainment. The hall in the evening was filled to its capacity and no vacant seats were visible. The audience was well pleased with the concert from the start and showed their appreciation by their applause for the different numbers.

The next day the Clubs left for Mars Hill. This evening they played under great difficulties as the stage was small and the hall cold but the numbers went with their usual snap and humor. The hall was well filled, people coming from a radius of ten miles to hear the clubs and they did not go away disappointed. The concert was followed by a dance to which many of the fellows stayed.

The largest crowd at any of the concerts was in the hall when the Glee Club appeared on the stage in Houlton the next night. The hall was large and spacious and the acoustic properties were fine. Mr. Thurell set the audience in a gale of laughter with his readings which were the second number and from that time until the end of the performance there was a continual burst of applause. Mr. Chase was called back again and again for his readings. The dance following this concert was well enjoyed.

Friday the Clubs were supposed to leave Houlton soon after dinner and to arrive in Milo for a concert that evening. The train was how-

ever stalled in a snow drift and did not leave until three hours after scheduled time and lost one hour after leaving Houlton so that the Clubs did not reach Milo until nine thirty at night. Manager Clark wired ahead that the Clubs would be late so when the hall in Milo was reached the crowd was being held by a moving picture show. The fellows not having the time to change into dress suits, gave the first number seated on their suit cases. The concert did not start until quarter of ten and did not end until eleven but there was a good attendance considering the time.

The following is the program which, with a few alterations as were necessary at the different performances, was used:—

PART I

Hail Alma Mater.....	<i>Genung</i>
Glee Club	
Reading.....	Selected
Mr. Thurrell	
Onion Rag.....	<i>Weidt</i>
Mandolin, Banjo and Guitar Clubs

Combined Clubs	

INTERSCHOLASTIC TRACK MEET

The University will hold its annual Interscholastic Invitation Track Meet on May 24th. This year the meet has been placed under the management of a committee composed of Professor Wingard, the President of the Athletic Association, and last year's manager of track. This new management will, without doubt, make it much easier to run the meet.

THAT NEW GRANDSTAND

Work of Raising Fund Still Going On

A new grandstand for Maine is a subject of the greatest interest to every live man in college. The need for it is most noticeable. We are perhaps able to seat ordinary crowds with our present facilities but again and again at an event of unusual importance or interest, grandstand seats are an impossibility. At such times spectators are compelled to watch the games under circumstances which are anything but pleasant. Such a condition of affairs is certainly far from being creditable to a large and growing institution. Thus it was with the greatest of appreciation and gratitude that Maine men heard last year that money had been subscribed, by alumni and friends of the University, for the purpose of building a new grandstand.

Prof. Wingard, both by letter and by personal appeal before the various alumni associations has secured subscriptions amounting to about \$12,000. Of this sum approximately \$4,000 has been paid in. When two-thirds of the total amount subscribed has been received work on the stand will commence.

No plans have been made as yet as to what style of stand will be built. Everything depends on the financial side of the question. It is the expectation of those who have the matter in charge that a certain friend of Maine will present the University with a grandstand. In case this hope is realized it is the plan to use the money already subscribed in improvements on Alumni Field.

The present men of Maine appeal to those who have gone before, or who are the friends and supporters of the University, to do all in their power to help in the securing at once of a first class grandstand for Maine, the need for which is both immediate and pressing.

SPEAKING CONTESTS FOR SCHOOLS

Prizes Aggregate \$35

Secondary schools throughout the state have been invited to send representatives to participate in an interscholastic declamation contest to be held at the University of Maine, Friday, May 23. Prizes aggregating \$35 are to be awarded to the best speakers of the eight who will be selected by preliminary trial.

Each school is entitled to one delegate, either boy or girl, who will be the guest of the University

during the contest and the Interscholastic Track Meet which will take place on the following day. The delegates will be met by a committee of students who will be responsible for their entertainment throughout their stay. On the afternoon of the preliminary trials the speakers will be the guests of the Sophomore Owls and the Alpha Omicron Pi sorority at the Library where refreshments will be served by young ladies from the department of domestic science. The reception will continue until 5.30 o'clock when the results of the preliminary contest will be announced.

The eight speakers who will be chosen for the final contest will appear in the evening at Alumni Hall. Their declamations may be selections from oratory, narrative or descriptive prose, or poetry. They may be not less than six minutes nor more than eight minutes in length. This maximum limit will be strictly enforced. There will be two committees of award, one for the preliminary trials and another for the final contest. Great care will be taken to secure experienced and impartial judges. The prizes are \$20 for the first award, \$10 for the second, and \$5 for the third.

Each school must send to the office of the registrar between May 1 and 15 the name of its representative together with the title of his selection and the time of his arrival at the University.

BLANKET TAX COMMITTEE MEETS

The Blanket Tax Committee will hold a meeting on the first and third Sundays of each month. At these meetings the difficulties met in collecting the Tax will be discussed and ways and means to meet them will be proposed. At the next student chapel the committee will place before the student body the status of the Tax as it now stands. The request is made that four sophomores and two Juniors report to the Committee and get in line for a position on the Committee next year. It is hoped that this number of men will report. The best men will be recommended to the Athletic Board which has the power of appointing the members to this committee. The tickets for this semester do not admit to the State Meet held on Alumni Field in May.

For the first time in its history the Yale football team will be instructed by a paid coach next year. Kansas University cleared \$8,000 on last year's football season.

TRIALS IN INTERSCHOLASTIC DEBATING

Bangor and Bar Harbor Winners

The trials in the University of Maine Interscholastic Debating League were held in Bangor and Bar Harbor last Friday evening. At the former place the Eastern Maine Conference Seminary and Bangor argued the question "Resolved that the commission form of government is preferable to the prevailing form." Both sides were well prepared and made an excellent showing. The decision was awarded to Bangor on points. The Bangor team supporting the negative of the question, was—John Magee, J. M. O'Connell, and R. A. Patterson with Francis Shea as alternate. E. M. C. S. was represented by Wallace Brown, Louis Pendleton, Maurice Gould, with Harvard Harriman, alternate.

Judges: Prof. Calvin M. Clark, Supt. Burrill of the Brewer Schools and Phillips B. Gardner, Esq.

While this debate was taking place in Bangor the Foxcroft Academy team was pitted against the representatives from the Bar Harbor High School. The question was "Resolved that the President of the United States ought to be elected for a term of six years and be ineligible for reelection." The Bar Harbor team supporting the affirmative of the question was given the decision by a majority vote. Both teams handled the proposition in an able manner and the result was in doubt until the last rebuttal speeches. The Bar Harbor team was made up of Elmer Goss, Mark Harris, and David Rodick; the Foxcroft team of Bela Norton, Homer Lucas, and Dustin Wilson. The judges were Judge Henry M. Hall of Ellsworth, Raymond Fellows of Bangor, and Prof. S. W. Knowlton of Southwest Harbor.

The final debate in this series will be held here at the University within a few weeks when the winners of last Friday's contests will debate for trophy and a scholarship.

CLASS TRACK CAPTAINS ELECTED

The captains of the class track teams for this year have now all been elected as follows:

John Littlefield of Brewer, has been elected captain of the Senior Track Team.

Fran A. Morris has been elected captain of the Junior Track Team.

R. P. Clark of Lincoln has been elected captain of the Sophomore Track Team.

John T. Leacock of No. Andover, Mass., has been elected captain of the Freshman Track Team.

SOPHOMORE HOP

Next Friday Evening in the Gymnasium

The Sophomore Hop will take place next Friday evening in the Gymnasium. The reception will start promptly at 7.45 and the dancing will begin about half past eight. The dance orders are now ready and may be obtained from any member of the committee.

The Floor Director, William H. Martin has chosen the following aids:—E. C. Goodwin; R. H. Bryant; E. B. Newcomb; R. F. Thurrell; L. H. Morrell; F. D. Freese; P. K. Merrill; L. M. Dorsey; J. L. Gulliver; J. E. Doyle; W. L. Wark; H. H. Fish.

In the reception line will be President and Mrs. Aley; Mr. and Mrs. Ralph R. Glass and Mr. Norman S. Donahue.

Following is the order of dances:—

1 Waltz	15 Waltz
2 Two Step	16 Five Step
3 Waltz	17 Waltz
4 Two Step	18 Two Step
5 Waltz	19 Waltz
6 Five Step	20 Two Step
7 Waltz	21 Waltz
8 Two Step	22 Schottische
9 Waltz	23 Two Step
10 Two Step	24 Waltz
11 Waltz	25 Two Step
11 Waltz	26 Waltz
12 Schotische	27 Two Step
13 Two Step	28 Waltz
14 Waltz	

FRIDAY CHAPEL

At the Friday Chapel service a week ago, Daniel Chase, '08, Physical Director at Hamilton College, New York, spoke on "Athletics." In part he said: "The motto of every team should be 'Play to win, but always play clean.' Three factors must be considered in collegiate athletics, the individual, the team, and the college, the individual must look first to his own health and training; the individual must be faithful to the team; and the team must be faithful to the college. Beyond this, each individual in the college must support the teams in every possible way. He must not consider himself but the teams. If he cannot make the team he can give other men hard training; if he is not an athlete he can try out for manager or help the men keep in training, and support the team financially. Athletics and character are apt to go together, for clean sports build character of the best type."

MAINE ASSOCIATION OF AGRICULTURAL STUDENTS

Elect Officers and Hold Banquet

The Second Annual Meeting of the Maine Association of Agricultural students was held last Friday and Saturday in Winslow Hall, and came to a successful termination in the Agricultural Banquet held at the Colonial, in Bangor, Saturday evening.

The Maine Association of Agricultural students was organized last year and the first board of officers was elected. The membership is made up of part and present agricultural students and members of the Agricultural faculty and the Experiment Station Staff.

It aims to foster a spirit of fraternity between past and present students of the University, to organize agricultural sentiment along educational and practical lines, to cooperate with the College in carrying out agricultural investigations, conducting cooperative demonstrations and to keep in touch with prospective agricultural students.

The business meeting, held at 4.00 P. M., Friday afternoon, was opened with the annual address of the President, F. P. Mitchell, '10, of Freedom, then followed the report of the Secretary-Treasurer, Dr. Merrill, and report of the Executive Committee given by H. W. Smith, '09.

Saturday morning, a most interesting program was provided.

The first speaker, G. A. Yeaton of Norway, Director of Farm Demonstrations Work in Oxford County, told of the orcharding conditions in that county. He was followed by A. L. Deering of Augusta, who spoke on "Some Problems of General Farming." W. G. Hunton of Cherryfield told of the agricultural possibilities in Washington County. He told of the splendid results which were obtained in raising potatoes on the large tract of land purchased by the Maine Central Railroad in Cherryfield, of which he was manager.

"The Fruit Situation in Maine" was the topic of A. K. Gardiner, '10 of Augusta. A paper on "Problems in Secondary Agriculture" prepared by L. B. Borton of Fort Kent, was read by H. P. Sweetser of Cumberland Center.

But the feature of the whole program, which was all the more acceptable for being unannounced was the inspiring talk given by Mr. Buttrick, secretary of The General Education Board. This is the Board which administers the fund of \$35,000,000 which was provided by John D. Rockefeller, for general education of the classes of American society which were not being

effectively reached by the present educational system. Dr. Buttrick told of the inauspicious way in which the work started in three of the Southern states. The idea from the first was to convey present agricultural knowledge to the present farmer and his family, to keep the boy upon the farm, and to obtain for women a position of economic independence. In his delightful way he showed how the idea had grown, the success it had met with, and what had actually been accomplished in the real education of the lower classes of southern farmers. Dr. Buttrick's talk was all the more interesting from the fact that to The General Education Board and to him, is due the recently started Farm Demonstration Work in four counties of Maine.

In the afternoon there was the regular business meeting, election of officers and reports of committees. The new officers elected were: President H. P. Sweetser; Vice President, A. L. Deering; Secretary-Treasurer, Leon S. Merrill; Executive Committee, R. P. Mitchell, H. W. Smith, and C. W. Barber. Then followed a talk by A. S. Cook a former Maine man, and now with the New Jersey Experiment Station, on "The Management of a Dairy Farm."

C. W. Barber followed him and told of his recent work in oat breeding. After a short general discussion, the meeting adjourned to meet that evening in Bangor, at the Colonial.

The banquet that evening was one of the best ever held. Prof. Redman served as toastmaster in his usual effective way. He called first on Prof. Campbell who made a decided hit in responding to the toast, "The Students," George Worden, '13, made a fine impression when, in a toast mixed with fun and seriousness, he spoke of "Some Things a Fellow Overlooks in College." A. K. Gardner responded to the toast Relative Values and P. W. Monohon, '14, as the last speaker of the evening, gloriously roasted "Our Professors." Much credit is due G. N. Worden and W. M. Morse for their work in arranging this banquet.

SIGMA DELTA PSI

Entries Must be in on May First

Trials for Sigma Delta Psi, the honorary athletic fraternity, will be held during the week of May the twentieth. Entries must be in the hands of Director Wingard on or before May the first. It is hoped that a large number of men will try out for this organization and make the Maine Chapter strong in numbers and in good material.

POVERTY BALL

To be Given by "M" Club in April

The "M" Club at a recent meeting voted to give a Poverty Ball. This function is to take place in the gymnasium, April 11. Every dancer must be clothed in old or antiquated clothing. For example, one could make up as a farmer, a tramp, a laborer, or as any one of numerous other similar characters. No one will be allowed on the floor who is not in costume. The running track will be reserved for spectators.

A short entertainment will be given at intermission by the members of the "M" Club. Complete arrangements have not yet been made but it is expected that they will be on the above plan.

The committee in charge of the ball consists of R. H. Bryant, '15, H. P. Crowell, '14 and L. E. Seekins, '13.

ALUMNI NOTES

W. E. Parsons, ex-'11, Frank Gould and A. K. Gardner are among the recent visitors at the Beta House.

Fred Erskine, '07, 2nd Lieut. in the United States Army is in Mexico in command of one of the forces there.

W. S. Rowe, '12, was at the Theta Chi House Sunday.

J. S. Barker, ex-'11, is with a large Printing concern in Berlin, N. H.

A. W. Goodwin, '11, is with the Western Electric Co., in Chicago.

F. E. Fortier, '10, is principal at the Washburn Academy.

George Wentworth, '11, was at the Phi Eta Kappa House during Farmers' Week.

Guy French, ex-'09, is water proofing expert with the Standard Paint Co., of Brooklyn, N. Y.

James Clemont, '09, is Practicing medicine at Portland, Maine.

H. M. Varnham, ex-'11, is located on a stock and poultry farm in Morristown, Penn.

M. C. Hunt, '00, was on the Campus last week.

H. B. Buck, '93, has been appointed Major on the Governor's Staff.

A. L. Deering, '12, and C. J. Holway, ex-'14, were at the Phi Kappa Sigma House last week.

William E. Hilton, '11, was a recent visitor on the campus.

William Gray, '12, spent the week end at the Phi Kappa Sigma House.

O. A. Wakefield, '11, visited here recently.

Ray H. Manson, secretary and chief engineer of the Dean Electric Co., Elyria, Ohio., was born in Bath, Maine, August 25, 1877. He graduated from the University of Maine with the degree of electrical engineer. He is an associate member of the Institute of Electrical Engineers and a member of the Society of Automobile Engineers. He is a Phi Kappa Sigma. After his graduation Mr. Manson taught at the University of Maine, acting as assistant to the professor of electrical engineering. In 1899 he associated himself with the Western Electric Co., serving in various capacities, including experimental laboratory assistant. From 1900 to 1904 he was with the Kellogg Switchboard & Supply Co., in the laboratory and advertising departments and as sales engineer. In 1904 he became sales engineer for the Dean Electric Co. Later he was made sales manager and then chief engineer and secretary of the company, in which capacities he has since served. Mr. Manson has been actively associated with a number of important developments in the telephone field. He has specialized in original laboratory research and has perfected many devices now in wide use.

LOCALS

Louise Briscoe sang a solo in Chapel Wednesday morning.

R. F. Crocker, '15, and R. A. Power, '13, are obtaining samples of fertilizers, from different sections of the state, for use in the Experiment Station.

Harold Palmer, '07, and H. P. Sweetser, '10, visited the Sigma Chi house last week.

Mr. E. E. Towner visited the Sigma Chi house last Sunday.

Russell Smith, '12, is visiting at the Kappa Sigma House.

Mr. Lowell of Livermore Falls was at the S. A. E. House last week.

M. D. Jones, '12, instructor at the Oak Grove Seminary, and George Wentworth, '11, were at the Phi Eta Kappa House last week.

E. B. Harvey, '14, spent a few days at his home in Bar Harbor last week to attend Town Meeting.

J. C. Wallace, '13, M. C. Bird, '13, E. P. Ingalls, '13, and R. C. Hackett, '16, attended the Beta Dorg at Boston, March 7.

H. R. Leavitt, '14, F. A. Morris, '14, C. A. Chase, '14, attended the Eastern Division Conference of Delta Tau Delta at New York last week.
