MAINE WINS DUAL MEET WITH COLBY

Victory Uncertain up to Last Event

Amid a pandemonium of cheers and entreaties Donahue, running anchor on Maine's four lap relay team, crossed the finish line and brought victory to Maine in the Annual Dual Meet with Colby.

Beginning with the capture of two places in the broad jump and steadily increasing their lead up until the time of the relay races it looked as though Colby would be the winner, but the three splendid relay teams secured the necessary points and Maine again showed her athletic supremacy over the other Maine College, by a score of 38 to 31.

The much heralded Meanix proved worthy of his reputation, securing 17 of Colby's 32 points. He took the broad jump in his first try with a jump of 18.2 feet, next he tied with Bailey in the shot put with a throw of 38.2 feet. Not content with these places he won the high hurdles in 4 1-5 seconds and the lows in the 3 3-5 seconds.

In spite of the fact that Maine presented a well balanced team, rather than a star surrounded by mediocre performers, it remained for the home team to establish the only new record of the evening. This was secured by Shepard in the shot put with a mark 40.2 feet.

After various false starts in all the heats the contestants in the 25 yard dash narrowed down to Goffing and Lowney of Colby and York of Maine. The second man in the fastest heat was to qualify but as two of the heats were the same an extra heat between Goldwaite of Colby and Ashton of Maine was necessary. The first heat between these two men proved a tie but the second gave Goldwaite winner by a very narrow margin. In the finals after a poor start York came to the front and finished a winner.

The finals in the high hurdles brought Royal and Meanix for Colby and Morse and Ferguson for Maine to the start. In this event Meanix proved his worth and won handily with Maine's representatives in second and third positions.

The Colby star again came to the front and captured the low hurdles but only after a hard battle with Morse, Goldwaite of Colby finishing third.

Only three entries appeared in the high jump and as the bar was raised they each showed

ability until at a height of 5 feet 3 inches Moores of Colby was eliminated. At the second next inch, after Wood of Colby had cleared the bar, Worden Maine's only representative slipped and was unable to clear it.

As usual the relay races furnished the excitement. In the two lap race Leacock running for Maine gained a narrow lead over Goffing of Colby and this lead was never headed as the fine running of Rogers, Merrill and Lawry was unbeatable.

The 14 lap relay again demonstrated Maine's superiority as we nearly succeeded in winning by a lap. The running of both teams was of a high quality but Colby's representatives did not seem to have confidence in the track.

When the four lap relay was called the winning of the meet was found to depend upon that event. With all the attendant excitement Rogers of Maine and Meanix of Colby faced the starter, both were off with the crack of the pistol and running at a nerve-racking speed but slowly the Colby star drew away until at the relief he had gained about four yards. Leacock took up the Maine relay and Adams for Colby. They retained the same pace of the former pair but the Maine man was too much for his rival and regained two precious yards, Morse was third runner for Maine and Lowney for Colby. At the same pace these men flew around the track and Morse treated the crowd to the most spectacular race of the evening when he not only regained the lost distance but handed Donahue a lead of a few feet. Small of Colby running to his utmost was unable to keep pace with Donahue and the latter flashed across the line a winner by eight feet.

Much entertainment and amusement was furnished the spectators by the novel events introduced into the inter fraternity series of meets. The dressing contest, chinning contest and potato race were run off and the points are to be added to those of the other meets in determining the winner.

Summary of the Colby Meet.

25 Yard Dash

1st heat: 1st, Goffing, Colby; 2nd, Lawry, Maine.

2nd heat: 1st, Lowney, Colby; 2nd, Ashton, Maine.

3rd heat: 1st, York, Maine; 2nd, Goldthwaite, Colby.

Heat for second men 1st, Goldthwaite, Colby; 2nd, Ashton, Maine.

Final Heat: 1st, York, Maine; 2nd, Goldthwaite, Colby; 3rd, Goffing, Colby. Time 3 2-5 sec.

28 Yard High Hurdles

1st heat: 1st, Royal, Colby; 2nd, Morse, Maine.
 2nd heat: 1st, Meanix, Colby; 2nd, Ferguson, Maine.
 Final heat: 1st, Meanix, Colby; 2nd, Morse, Maine;
 3rd, Ferguson, Maine. Time 4 1-5 sec.

25 Yard Low Hurdles

1st heat: 1st, Morse, Maine; 2nd, Goldthwaite, Colby.
 2nd heat: 1st, Meanix, Colby; 2nd, Ferguson, Maine.
 Final heat: 1st, Meanix, Colby; 2nd, Ferguson, Maine.
 Final heat: 1st, Meanix, Colby; 2nd, Morse, Maine.
 3rd, Goldthwaite, Colby. Time 3 3-5 sec.

Broad Jump

1st, Meanix, Colby; 2nd, Murchie, Colby; 3rd, Rogers, Maine. Distance 18.2 ft.

Shot Put (15 1-2 lb.)

1st, Shepard, Maine; 2nd, Meanix, Colby and Bailey, Maine. Distance 40.2 feet Meanix won put off.

Running High Jump

1st, Wood, Colby; 2nd, Worden, Maine; 3rd, Moores Colby. Height 5 feet 5 inches.

668 Yard Relay Race.

Colby (Goffing, Merrill, Dunn, Goldthwaite) vs. Maine (Leacock, Rogers, Merrill, Lawry). Won by Maine.

4692 Yard Relay Race.

Colby (King, Rand, Kennedy, Reynolds) vs. Maine (McAlary, Kelley, Burgess, Bell). Won by Maine.

1340 Yard Relay Race

Colby (Meanix, Adams, Small) vs. Maine (Rogers, Leacock, Morse, Donahue). Won by Maine.

THE 1914 PRISM

Annual Will be Ready May First

The 1914 Prism is in the hands of the printers. What better news could there be for the student body. The prism is a big factor in the college life at Maine. It is a book of which the University may well be proud. It places in a permanent form the deeds and doings of a college year. The deeds at the University of Maine are big deeds and the doings are of a corresponding character. Editor in Chief W. D. Towner and Business Manager N. C. McKenna have, with the help of the rest of the board, by hard and skilful work, got together material for what will probably be the best Prism ever.

They are introducing several new and special features. The faculty section is much abbreviated, having only pictures of the various department heads. There will be no class history. In their place class editorials will appear.

They are running a history of foot-ball from its beginning at Maine in 1892. There will be a picture of each championship team. Also a history of each team will appear. These histories will be real histories. They are written by men who are either former players on the teams or by contemporary alumni.

Two more things will be noticed in connection with the 1914 Prism. First cuts are to be slightly reduced to simplify arrangement. Second the grind section will be larger. There will be more pictures and cuts in it. Lucky indeed will be the student or faculty member who escapes a knock.

The Prism Board assures us that the new Prism will be out by May 1, at the latest. The student body will await with interest its appearance.

The State Universities of Illinois, Minnesota, Wisconsin, and Cornell all passed the \$2,000,000 mark in their income from the state and government.

THIS IS MAINE WEEK AT THE BIJOU**Special Performance Friday Night**

"Maine Week" at the Bijou commenced yesterday and lasts through the entire week. As originally planned, the tickets were good only on March 18 and 21, but through the kindness of Manager Boggett, has been given the "M" Club 2000 tickets, which are good for any show on any day of this week.

The "M" Club makes a net profit of eight cents on each ticket bought by students and the proceeds will probably be used by the Club to bring new athletic material to Maine.

Friday night, March 21, will be Maine night, and all students should attend the second evening show. The band will be present, speeches will be heard from captains of the various teams and members of the student body, and there may possibly be a few "stunts" by some of the vaudeville artists now in college.

There has already been a large sale of tickets, and the student body seems to be giving its enthusiastic support.

Tickets can be obtained at any of the fraternity houses or at the college store, and should be exchanged at the box-office for regular tickets.

Ordinary tickets bought at the box-office net the "M" Club nothing.

"M" CLUB MEETING

The monthly meeting of the M club was held last Tuesday at the Phi Gamma Delta House and many things were discussed. No definite action was taken.

It was also decided that the raffle on the Maine blanket should take place Monday March 17. The next meeting will be held at the Phi Kappa Sigma House.

Further plans for the Poverty Ball which will be held in the Gymnasium on April 11, were laid.

The most of the meeting was spent in discussing the advisability of changing the letters given in the different sports. As it is at present, the same letter is used in football, baseball and track but a different colored sweater. The idea is to use a different style letter for each sport and have the same colored sweater but nothing definite was settled.

FRIDAY CHAPEL**Ames, '13, Speaks on "Passing War"**

At the regular Friday Chapel, F. B. Ames, '13, gave his original oration on "Passing War." This oration was written by Mr. Ames to be delivered at the State Peace Conference this summer. The work showed thorough preparation and careful study. Nothing more can be said, in praise of Mr. Ames, than the few words of President Aley who spoke as follows, when Mr. Ames had completed his speech:—"I feel sure that we all feel confident that Mr. Ames will win the State Contest."

THE MAINE CAMPUS

Published Tuesday of each week during the college year by the University of Maine Students

Terms: \$2.00 per year, on or before Nov. 1st; single copies 10 cents.

Business communications should be addressed to the Business Manager and news communications to P. W. MONOHON, Managing Editor.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

The Sophomore Hop was a success! At least that is the opinion of those who attended and their opinion is worthy of consideration. After the various preliminary difficulties that were encountered early in the planning of the Hop, its great success Friday night showed one important thing very plainly, and that was that a class restricted to a definite expenditure of money, could give by careful planning and hard work, a college dance which would compare very favorably with similar functions of preceding years.

Early in the winter the faculty, recognizing the financial difficulties in which our various classes have been involved for the past few years, voted to restrict the cost of this Sophomore Hop, by decreeing that no more than one hundred dollars

should be expended by the class. They also voted that the closing hour of the Hop should be definitely fixed and that the affair should be informal.

These last two rulings met with some opposition from the student body. The hour of closing the dance was fixed at one o'clock and the faculty, wisely according to the wishes of the students granted that the Hop be formal. In these two things the faculty acted for the best interests of the Sophomore Hop.

In the matter of finances the faculty very properly maintained its original ground, that the Sophomore Hop must be limited in cost. Acting on this the class of 1915 did some very careful planning and much hard work, with the success of last Friday evening's Hop for their reward.

The whole affair reflects much credit upon the sophomore class and shows that much past expense has been unnecessary and that under the new plan, which ought to be continued next year, an entirely satisfactory Sophomore Hop can be given with a minimum taxation on the members of the class.

The "M" club is one of the "liveliest wires" in college, and the sooner the students get in touch with this "live wire" and get charged with some of the enthusiasm which the "M" club possesses, the better it will be for that organization and for the whole college. The best way to accomplish this is to support the plans which the club is putting forward at this time. The one at hand for this week is the "Maine" week and "Maine" night, Friday at the Bijou.

Manager Bogrett, of the Bijou has worked in connection with the proper managers to make this week one of attractive productions. Probably the students know him well enough to know that this means good shows.

Aside from the shows and the attendant fun is the greater fact that everything done along this line this week will help our "M" club and as a "live wire" that is striving to accomplish things for "Maine" the whole club is worthy of the most loyal support.

A Letter

PRESIDENT ROBERT J. ALEY,
Orono, Maine.

My Dear Aley:—

I have the little card recently sent by you showing your various athletic teams and the "M" club. The pictures certainly show a husky lot of lads with mighty good, serious faces. I have a good deal of respect for the men from "Maine." I think them rather more likely to be dominated by a stronger purpose than the average young fellow. The faces of these boys bear out that judgment.

With best wishes, I am

Very truly yours,

P. G. PEARSE,
Supt. of Schools.

MAINE IS ESPECIALLY FORTUNATE IN APPROPRIATIONS

The long looked-for and yearned-for Chemical and Physics building and Girl's Dormitory are now realities, a thing that will gladden the hearts of undergraduates and alumni alike. For the last few years the University of Maine has grown so rapidly that the growth in the buildings has not kept an equal place. Many of the classes have been held in crowded rooms and the laboratories have been so filled that some of the students have been unable to take their courses in their regular classes. The new Chemical and Physics Building will greatly relieve this congestion and add much to the courses that has hitherto been impossible. The new dormitory for the girls will be of great benefit for them as at present many of them are compelled to board at the University Inn which is a great inconvenience.

At this meeting of the Maine Legislature, appropriations of \$116,000 for general maintenance, \$75,000 for a new Physics and Chemical Building and \$20,000 for the commencement of a new girl's dormitory were granted to the University. This sum is the largest that has ever been granted the University, as in former years the general maintenance fund has had to cover the building fund as well.

In speaking of the appropriations in Chapel, last week, Pres. Aley laid the fact before the students that the greatest significance in the act of the legislature was not in the mere dollars and cents, great as that is; but rather in the fact that the State of Maine realizes the opportunities that can be offered to her children by the improved advantage that the above conditions

will bring. He also stated that the plans thus far formulated were to start building this summer if possible.

FINAL INTERFRATERNITY MEET

Trials Next Friday

The third and last Inter-fraternity Meet will take place Friday and Saturday, March 21st, and 22nd. On Friday the Shot Put and trials in most of the races will be held, thus making it possible to conduct the finals on Saturday and assuring much better performances. The three events which were held in connection with the Colby Meet on Saturday night resulted in adding to the totals the following scores: Non-Frat. 8; Kappa Sigma, 6; Beta Theta Pi, 5; Phi Etta Kappa, 4; Sigma Alpha Epsilon 4.

The order of events is as follows:

EVENTS FRIDAY, MARCH 21

Shot Put—16 lbs.
45 Yards Dash, Freshman—Trials.
880 Yards Run, Trial, Handicap.
45 Yards High Hurdles, Trials.
45 Yards Dash, Trials.
45 Yards Low Hurdles, Trials.
45 Yards Freshmen High Hurdles, Trials.
220 Yards Dash, Trials.

SATURDAY, MARCH 22

Broad Jump, Cage, 1.30 P. M.
High Jump, Cage.
45 Yards Dash, Freshmen, Final.
45 Yards High Hurdles, Final.
45 Yard Low Hurdles, Final.
45 Yards Dash, Final.
880 Yards Run, Final. (Handicap.)
45 Yards High Hurdles, Freshmen, Final.
220 Yards Dash, Finals.
Mile Run, Handicap.
Medley Relay—teams of three men, each to run 6 laps, 3 laps, and 2 laps respectively.

Lacross practice is being held daily at Cornell.

Spring practice in football will begin at Brown after the Easter recess.

Harvard's new Library contains 350 private studies for students desiring freedom from the noise of main rooms.

In his inaugural address, Governor Blease of South Carolina advocated the abloition of football at the State University.

ATHLETIC BOARD MEETING

'Varsity "M" Awarded To Relay Team

The Athletic Board of the University held a meeting Wednesday, March 12. The Board approved the arrangements made for dual track meets with Trinity and Bates which will take place May 3 and May 10 respectively. A two-year contract has been agreed upon with these colleges. The meets this year will be held at Hartford and at Lewiston and next year both meets will be at Orono.

The Athletic Board also voted to charge seventy-five cents admission to the football games of the State series at Orono provided the same charge is made by Bowdoin, Bates and Colby. This action has been taken at the request of the other three colleges.

Track "Ms" have been awarded to the following men who ran on Maine's winning relay team at the B. A. A. games last month: John Littlefield, Luther B. Rogers, Norman S. Donahue and C. C. Fox.

SOPHOMORE HOP

Gymnasium Prettily Decorated

Those who attended the Sophomore Hop at the University of Maine on March 14th, enjoyed one of the best dances of the year. The gymnasium was very prettily decorated in the class colors, black and white. A complete arch was made of alternate black and white stripes from one side of the balcony to the other. The front of the balcony and running track was covered with cedar boughs, with dark blue and white Maine blankets inlaid at intervals. In each corner were lights, which coming on and going off showed the class numerals 1915. The Fraternity Booths were especially attractive and were a distinct addition to the decorations. The wall back ground was dark red trimmed with banners, while the corner from which the punch and crackers were served from, was represented as a rustic booth with a dark green back ground and front made of natural wood.

The programs of brown leather bore the University of Maine seal in gold on the cover. Puleus Orchestra of Bangor furnished music for the programme of twenty-eight dances.

President and Mr. Aley, Mr. and Mrs. Ralph R. Glass, and Norman S. Donahue composed the receiving line.

STUDENT CHAPEL

Blanket Tax Committee

At the student chapel on Tuesday morning, March 11, the financial condition of the Athletic Association and the Blanket Tax situation were discussed at length.

G. C. Tilley, '13, presided and introduced as the first speaker J. A. Gannett, '08, Treasurer of the Athletic Association. Mr. Gannett showed that the Association is about \$400 in debt. The reason for this is that the football games with Tufts, Rhode Island, and St. Anselm were played on rainy days, so the attendance was small. Consequently the gate receipts were not sufficient to pay these teams their guarantees.

Last semester, about eighty men failed to pay the blanket tax; but if the Association had received the support of these men, it would not have finished the season in debt. For this reason, Mr. Gannett urged all students to give their financial support if they wish to have champion teams and efficient coaches in the future.

P. W. Monohon, '14, Chairman of the Blanket Tax Committee spoke next concerning the difficulties met with in collecting the tax. He stated that, although the committee has worked hard in trying to collect the money, the payments are being made very slowly. The students should realize that in order for the Athletic Association to carry on its work successfully, it should have the necessary funds.

LAW SCHOOL NEWS

H. B. Westgate, '13, of Taunton, Mass., by a vote of the student body was elected to receive a set of American and English Encyclopedia of Law given by Matthew Laughlin of Bangor.

Winter Term examinations started March the twelfth with the following schedule.:

Wed., Mar. 12, 9-12, Equity, 2-5, Negotiable Papers.

Thurs., Mar. 13, 9-12, Real Property, 2-5, Sales. Friday, Mar. 14, 9-12, Private Corporations, 2-5, Torts and General Review.

Mon., Mar. 17, 9-12, Evidence, 2-5, Wills.

Tues., Mar. 18, 9-12, Carriers, 2-5, Contracts.

Wed., Mar. 19, 9-12, Criminal Law.

A very rare picture has recently been presented to the College of Law by E. R. McDonald, '14, of Portland. It contains the pictures of all the Justices and Chief Justices of the United States Supreme Court from the year 1788 to 1909.

ALUMNI NOTES

Walter S. Merrill, '10, has recently taken a position with Ford, Beacon, and Davis, engineers in charge of the construction of an irrigation project at Valier, Mont. For the past two years, Mr. Merrill has been connected with the U. S. Reclamation Service on the Sun River Project in Montana.

At the annual town meeting of Guilford R. W. Davis, '11, was elected to the position of town treasurer.

John W. Merrill, jr., ex-'05, is a colonel in the Persian Treasury Gendarmes stationed at Teheran, Persia. His work consists of instructing the Gendarmes in military tactics and collecting taxes. Mr. Merrill is the only member of the Shuster Financial Commission to remain in Persia.

W. E. Parsons, '11, has taken a position with the Orono Pulp and Paper Company doing general engineering.

George P. Gould, '90, was re-elected councilman from ward six, Bangor.

Frank C. Richardson, '09, is now working as draftsman for the Fort Pitt Bridge Works at Canonsburg, Pa.

Henry L. Miner, '08, is working for the E. I. du Pont Memoirs Powder Company as assistant chemist at Carneys Point, N. J.

Norman H. Mayo, '09, is now located in Portland where he holds the position of inspector of concrete construction for the Portland Water District.

Dr. J. W. H. Porter, '97, and Robert Miller have purchased the apothecary business of A. W. Whitney of Limestone and will carry on the business in that town.

Among the list of directors of the Old Town Trust Company which has been recently organized are President Aley, S. J. Bussell, '82, A. P. Webster, '91, W. H. Waterhouse, '00, and C. J. Dunn, treasurer of the U. of M.

W. B. Pierce, '90, is president of the Penobscot Land and Investment Company, recently organized in Bangor. Mr. Pierce has been mayor of Bangor and for the last four years has been judge of the probate court, his term ending December 31, 1912.

Mr. and Mrs. R. B. Cruickshank, '10, have announced the birth of a daughter, Mary Adeline, born on February 18. Mr. Cruickshank is located in Columbus, Ohio, and is horticulturalist of the extension department of Ohio State University.

GENERAL LECTURE

The sixth of the series of lectures on Physics, Mathematics, and Astronomy was given in the library, Wednesday afternoon by Prof. Leon Elmer Woodman who spoke on the subject Ether. This theoretical lecture on the ether was given as supplementary to the experimental lecture on the same subject last week.

Prof. Woodman began his discussion by an analogy between sound and light. In the former air is the medium of transmission and in the latter ether is the medium. He showed that if light be considered from the psychological standpoint there can be no light unless there be some living receiver, to perceive it just as there is no sound from the psychological standpoint when there is no one around to hear it. From the objective standpoint there is both sound and light under such conditions, but not from the subjective standpoint.

Prof. Woodman then gave further instances of the presence of ether as that of pith balls in their behavior toward an electrified rod. He showed that the ether can be received through the senses just as much as the air, neither of them being perceptible except through their motion. He spoke of the magnetic field surrounding a magnet as a force in the ether extending away indefinitely until absorbed. He spoke of the difference in colors as a question of difference in wave length in the ether.

◆ ◆ ◆

 LOCALS

The "M" Club will meet at the Phi Kappa Sigma House, the second Tuesday of April.

Dr. Robert R. Drummond played a Violin Solo in chapel last Wednesday.

S. E. Harwood, of Biddington, Vt., was at the Alpha house last Sunday.

J. L. Crandall, of Malden, Mass., visited the Sigma Chi house last Wednesday.

Earnest J. Webster, '11, spent last week at his home in Farmington.

The regular meeting of the Agricultural club was not held last Wednesday evening. Beginning with tomorrow night these meetings will come every other night.

H. Ketchum, ex-'14, has been visiting at the Theta Epsilon House.

D. M. Ashton, '16, has returned to college after his sickness.

F. T. Norcross '14, spent a few days in Williamstown, Mass., last week.

FACULTY NOTES

Prof. R. W. Redman left the early part of last week for a trip of extension work through Aroostook County.

Prof. Lucius L. Merrill, professor of biological and agricultural chemistry, left last Wednesday morning for Portland where he lectured at the food fair held in that city.

Prof. E. F. Hitchins attended the Fruit Institute held in Auburn last week. While there he lectured on "Fruit Judging."

Prof. P. A. Campbell lectured last Thursday evening in Kenduskeag on "Live Stock and Its Place in General Agriculture." The lecture was given as one of a course given by the grange.

Prof. J. E. Kaulfuss, of the Department of Civil Engineering, University of Maine, lectured at Machias, Monday evening, March 3rd, and at Dennysville, Tuesday, March 4th.

The lecture at Machias was on "Better Roads" and was given at the Phenix Opera House, under the auspices of the Washington State Normal School.

At Dennysville, Prof. Kaulfuss took for his subject "Advantages of Good Roads." The meeting was held in Redman Hall, under the auspices of the Pomona Grange. About 250 people were in the audience.

EXCHANGES

A "C" club has been formed at Colby.

Harvard is holding indoor track practice evenings.

Wesleyan team began regular outdoor baseball practice about the middle of March.

Notice to Students

Our advertisers make it possible for the student body to publish THE CAMPUS at the present rates.

They are not solely philanthropists and therefore they, rightly, expect your patronage. Each one is worthy of the advertisement, and your cooperation is only fair.

THE BUSINESS MANAGER.

We Want to Impress on You

the fairness of our statement that whatever work leaves our work room, that is not first class, either in Alteration, Repairing or Pressing, we will refund your money.

We feel competent to fulfill the above promise.

Try us.
