## CHAMPIONSHIP NUMBER

Vol. XIV

BANGOR, MAINE, MAY 20, 1913

No. 28

### ANOTHER CHAMPIONSHIP

#### Maine Wins State Title in the Best Meet Ever Nine Records Broken

The University of Maine won the 19th annual Maine Intercollegiate Track Meet held on Alumni field, Saturday. Notwithstanding the cold and cloudy weather before and after the meet, Saturday was a fair, warm day and favorable for breaking records. In all nine state records were broken and one tied. It is public opinion that if the timers had caught the pistol flash in the low hurdles that Colby would have had a record there.

Maine won the meet by being strong in the distance runs, by having stars in the hammer and pole vault and by being well represented in the dashes, weights, pole vault and high jump. A great deal of the credit for winnings should go to Captain Power, who won third place in the mile and first in two mile. He has proved himself to be a steady leader and has inspired his men with his fighting spirit, determination, and obedience to coaching.

One of the two largest point winners and the bright star of the meet was Meanix of Colby who

A. N. SMITH  
Coach of Championship Track Team

won the quarter in record breaking time and soon afterwards walked away with the low hurdles.

The meet was run off in fine shape, all the officials giving competent and courteous service.

In the trials for the quarter, the first track event. Maine qualified one man, Fox. In the first heat, Syrene of Bates who was expected to qualify, fell at the finish fourth man, Haskell of Bowdoin won the heat with Merrill and Bowen of Colby second and third. In the second heat Fox and Meanix ran side by side until the finish when Meanix let Fox win. McWilliams was third.

Maine failed to qualify a man in the 120 yard high hurdles. Woodman of Bates and Meanix of Colby won the trials with Royal of Colby and Thompson of Bates second.

In the trials of the 220 yard dash, Nardini of Colby, Nevers of Bates and Ashton of Maine took first places, all three heats being run in 23 seconds flat. In the first heat Smith of Bowdoin who was picked by some to win failed to qualify. In the second heat, Leacock of Maine made a brave fight for second but tripped at the finish. Small of Bates, Lowney of Colby, and Walker of Bowdoin qualified for the semi-finals. In this heat Small and Lowney beat out Walker.

In the 220 yard hurdles Woodman of Bates and Meanix of Colby won the trial heats. Thompson and Royal won the second places.

#### TRIALS IN FIELD EVENTS.

In the Discus, Gove of Bates won first place with a throw of 117 feet, 3 1/4 inches; Shepherd of

Maine was second with 114 feet, 4 inches; Leadbetter of Bowdoin was third with 110 feet, 1 1/2 inches; Lewis of Bowdoin made fourth place with a throw of 105 feet, 5 inches and Purington of Maine was fifth with 104 feet, 1 1/4 inches.

In the Hammer throw, Bailey of Maine won first place and broke the record with a throw of 145 feet 7 5/8 inches; Shepherd of Maine was second with 125 feet, 6 inches; Leadbetter of Bowdoin was third with 121 feet, 2 inches; Lewis of Bowdoin, fourth with 114 feet, 4 1/4 inches; and Parkhurst of Bowdoin, fifth with 92 feet 11 3/8 inches.

In the 16 pound shot, Shepherd of Bates, first, 43 feet, 4 1/8 inches; breaking the State record; Gove of Bates, second, 40 feet, 4 7/8 inches; Shepherd of Maine, third, with 39 feet, 3 7/8 inches; Faulkner of Bowdoin, fourth, 36 feet, 8 7/8 inches; Stanwood of Colby, fifth, 32 feet, 5 1/2 inches.

In the Running High Jump:—First Wood of

PERRY BAILEY  
State Record Holder of Hammer Throw

Colby with 5 feet, 4 3/4 inches; second, Worden, of Maine; Kempton of Bates third; Green of Bowdoin fourth, Drake of Bates, fifth.

In the Running Broad Jump, Faulkner of Bowdoin was first with 21 feet 3 1/4 inches; second, Smith of Bowdoin, 20 feet 10 1/2 inches; third, McFarland of Bowdoin, 20 feet 9 3/4 inches; fourth, Nardini of Colby 20 feet, 3 1/4 inches; fifth, Floyd of Bowdoin, 20 feet 2 1/2 inches.

On account of the few entries, the trials in the pole vault were not run off.

#### THE FINALS IN THE TRACK EVENTS.

The hundred proved to be a very exciting event. Nardini of Colby winner of this race for the last two years was said to be in poor condition but was picked by some to win the race. Nevers of Bates, who took third last year, Ashton of Maine and Smith of Bowdoin were also doped by some to win. All of these men with the exception of Smith who failed to qualify won

their heats in ten and one fifth seconds. Lord and Lowney of Colby and Leacock of Maine won the second places. In the final heat, Nevers, Nardini and Ashton were abreast 50 yards when Nevers began to pull away. Nardini and Ashton attempted to catch him but were unsuccessful and crossed the finish line hardly a foot behind him being separated from each other only by inches. So close were they that Nardini conceded second place to Ashton but the judges decided that Nardini had taken second place.

Maine captured all three places in the mile easily. McLaughlin who was sent in to set the pace led the first two laps at a good pace. At the end of these two laps Towner, Brooks and Power of Maine passed him with the other contestants hopelessly distanced. From here on the runners took their time and finished in the slow time of 4 min. 48 4-5 sec.

Meanix of Colby broke the record in the quarter. He took the lead at the start and held it all the way. Several times he looked over his shoulder and slowed down to save himself for the hurdles. Fox of Maine fought bravely to place but weakened on the last turn and was passed by Merrill and Bowen of Colby, and Haskell of Bowdoin. Haskell passed Bowen and Merrill on the home stretch and they fought it out for third place, Merrill barely passing his team mate at the finish.

H. P. ADAMS  
Manager of Championship Track Team

Woodman of Bates broke the record in the high hurdles, with Royal of Colby second and Thompson of Bates third. Time 16 sec. flat.

The two-twenty yard dash was one of the features of the meet. The runners came through the gate with Nevers of Bates slightly in the lead closely followed by Ashton of Maine and Nardini of Colby. Within 50 yards of the finish Ashton began to leave Nardini and to overtake Nevers; but the race finished with the men in this order. The state record of 22 and one fifth seconds was equaled.

The half mile was the most exciting race of the day. Morris of Maine took the lead on the first turn and sat a fast pace for the first lap. On the first turn of the second lap Reynolds of Colby passed Morris. On the back stretch Bell of Maine and Deering of Bates began to pass the other runners, Bell taking the lead and Deering running behind Reynolds. Bell led from there in as the pace was beginning to tell on the other runners. On the home stretch Deering sprinted and passed Reynolds. The time was two minutes.

Maine walked away with the two mile. Captain Power of Maine took the lead and at the end of the first lap led the field by 40 yards. Tarbox of Bowdoin started out after Power, followed by Towner of Maine. Brooks and Burgess of Maine were directly behind Towner. On the fourth lap Towner passed Tarbox. Power had increased his lead to over 100 yards when Brooks and Burgess passed Tarbox on the sixth lap. At the beginning of the last lap Power started to increase

## IMPORTANT MEETING OF ATHLETIC BOARD

### "Ms" and Numerals are Awardeed

A very important meeting of the Athletic Board was held Wednesday evening, May 15. The cancellation of the game with Tufts was one of the things taken up with the baseball management. The board did not favor the game and appointed G. C. Tilly to prepare a statement for the CAMPUS giving the reasons for cancelling.

It was voted that all final action of the Athletic Board be drawn up by the secretary and given to the CAMPUS for publication, and that the number of men to be sent to the New England Intercollegiate Meets should be decided by Prof. Wingard.

The "M" was awarded to the following:

In football: A. F. Amadon, '13, E. G. Webster, '13, O. H. Davis, '13.

For winners of first places in the meets with Trinity and Bates: R. A. Power, '13, L. B. Rogers, '13, G. N. Worden, '13, J. S. Brooks, '14, W. D. Towner, '14, H. P. Bailey, '15, D. M. Ashton, '16, R. W. Bell, '16, C. C. Fox, '16.

Numerals were awarded to the following for their work in the indoor interclass meet: L. B. Rogers, '13, G. N. Worden, '13, W. G. Groves, '13, Mgr., A. A. StOnge, '14, P. E. Murray, '14, C. W. Chapman, '14, W. D. Towner, '14, C. M. Kelley, '14, L. S. McLoughlin, '14, J. S. Brooks, '14, T. W. Haskell, Mgr., H. P. Bailey, '15, F. D. Freese, '15, Mgr., B. E. Barrett, '16, E. S. Merrill, '16, O. C. Lawry, '16, C. H. Blanchard, '16, C. E. Purington, '16, F. Z. Phelps, '16, R. S. Blanchard, '16, F. Robie, '16, R. W. Bell, '16, R. L. Moore, '16, Mgr.,

Numerals for outdoor interclass meet: R. A. Power, '13, H. Burgess, '13, T. D. Shepherd, '13, G. N. Worden, '13, L. B. Rogers, '13, W. B. Groves, '13, Mgr., A. A. StOnge, '14, F. A. Morris, '14, W. D. Towner, '14, W. M. Morse, '14, P. W. Thomas, '14, T. W. Haskell, '14, Mgr., H. P. Bailey, '15, N. S. Donohue, '15, F. D. Freese, '15, Mgr., C. C. Fox, '16, R. W. Bell, '16, D. M. Ashton, '16, J. T. Leacock, '16, C. E. Purington, '16, G. C. Palmer, '16, R. L. Moore, '16, Mgr.,

Numerals for basketball, 1912 and 1913: M. C. Bird, '13, E. T. Savage, '13, C. M. Knight, '13, H. L. Brown, '13, C. E. Norton, '13, J. H. Carleton, '13, Mgr., A. W. Abbott, '14, A. F. Sawyer, '14, H. V. Cobb, '14, R. F. Crocker, '14, R. E. Stevens, '14, H. W. Hall, '14, G. A. Rounds, '14, Mgr., A. F. Hutchinson, '15, H. D. Williams, '15, P. M. Hall, '15, R. H. Bryant, '15, J. S. Crandall, '15, R. G. Kimball, '15, J. E. Doyle, '15, Mgr., A. P. Schneider, '16, C. E. Purington, '16, L. O. Barrows, '16, L. H. Blood, '16, C. W. Ruffner, '16, F. B. Fish, '16, C. M. Hilton, '16, A. L. Robinson, '16, Mgr.

### INTERSHOLASTIC TRACK MEET

#### Entire Student Body Should Aid in Entertaining Prospective Maine Men

An interscholastic meet between the different preparatory schools in the State will be held at Orono next Saturday. The entries are not in yet but among those that will come in are Hebron Academy, Westbrook Seminary, Portland and Bangor High Schools, Old Town and Orono High Schools. Between twenty and twenty-five schools will be represented.

An entertainment will be held for the students from these schools Friday night in Alumni Hall. Not only will the representatives of track athletics be entertained but also the prize speaking and debating contestants.

President Aley will speak and the band will play several selections. Much depends upon the entire student body being present to give these college preparatory students an idea of what college spirit really is.

The "Harvard Crimson," recently celebrated its fortieth anniversary by a banquet.

## ROUSING MASS MEETING IN ALUMNI HALL

### Enthusiastic Crowd Meets for the Last Time This Year

A rousing, spirited mass meeting was held Thursday evening, May 15th in preparation for the State Meet Saturday. There was by no means the whole student body present, but there was "Maine Spirit" enough for twice the number. The speakers were greeted with such applause that it was several minutes before they could make themselves heard. The speeches were intermingled with selections by the band, including "Our Director" and the "Stein Song". G. G. Tilley, '13, introduced P. W. Monohon, '13, as the first speaker, then came Capt. Power. Both expressed the importance of backing the team in the meet with the same fighting spirit that was prevalent at the mass meeting. Capt. Power extended his thanks to the team that has worked so faithfully under his direction. Next came Professor Thompson; his talk carried the encouragement and enthusiasm that only Prof. Thompson can give. He said that it was folly for us to expect to win all the championships every year but that our duty is to back our teams with all we have.

The other speakers were G. V. Dyer, '13, H. P. Adams, '13, T. W. Haskell, '14, L. B. Rogers, '13, W. D. Towner, '14, A. W. Abbott, '14, T. D. Shepherd, '13, J. C. Wallace, '13, and E. H. Bigelow, '13.

After the speaking the student body headed by the band marched around the campus stopping at Dr. Aley's for speeches, and from there they marched to the Mt. Vernon House, where several speeches by the co-eds were heard, wishing for a Maine victory on Saturday.

### FINALS OF INTERSCHOLASTIC DEBATE

#### Bangor and Bar Harbor High School to Contest for Cup

The final debate in the Interscholastic Debating Series, which occurs next Thursday evening in the University chapel, will be between Bangor High School and Bar Harbor High School. The subject of the discussion is: Resolved, That the United States should gradually increase its navy. The Bangor team will argue for the affirmative and the Bar Harbor team will argue for the negative side of the question.

This is the final of a series of debates for the possession of the Interscholastic Debating cup. The cup is to be held by the team winning the debate each year, and is to be permanently given to the team winning it three times in succession. Bangor High now has the cup in its possession, having won the final debate for the last two years, and should that team win next Thursday evening the cup will be theirs permanently. The "Speaker's Club" will entertain the debaters and assume the management of the exercises.

In addition to the cup, a University Scholarship is offered to the best individual debator; this additional prize should make the debate a hotly contested one and also should develop some able speakers for Maine.

The following men make up the teams:

Bangor: John McGee, John O'Connell, Robert Patterson, Francis Shea, alternate, and F. B. Ames, Maine 1913, coach.

Bar Harbor: Mark Harris, Elmer Goss, David Rodick, Newell Emery, alternate, and R. H. Varney, Maine, 1915, coach.

### A. N. SMITH TO COACH HEBRON

Coach Smith has given his consent to coach the Hebron Academy track team again this year. He leaves for Hebron, on Monday, following the State Meet. Last year he coached the Academy and obtained very good results, since they won both the University of Maine and the Bowdoin Interscholastic Meets.

## THE SUMMER TERM

### Changes and Courses Offered

The Summer Term of the University of Maine for the year 1913 will open on July 7, and continue to August 15. In the bulletin published on this important branch of the work of the University may be found complete information regarding the faculty, courses offered, etc.

Professors Segall and R. P. Gray will not be here this summer. Their courses will be given by Professor John Heman, professor of Romance languages at Colby, and Professor John R. Slater, professor of English at the University of Rochester, respectively. In all other cases the work will be given by the regular heads of departments.

"The Summer term of the University of Maine was established in 1903. It has had a gradual and encouraging growth and has enrolled among its members a large number of teachers and others from Maine and other states. The courses are for the most part given by heads of departments of the College of Arts and Sciences of the University of Maine. In the cases where it has been necessary to go outside the faculty, an effort has been made to maintain an equally high standard of efficiency. The majority of the courses offered are of college grade, but there are a few courses which are designed to meet the wants of students in preparatory schools who have not quite completed their collegiate preparation."

The Summer Term is designed to meet the needs of three classes of persons:—Teachers who wish to do special work along certain lines, students of the University and other colleges who are in arrears in their work or wish to do part of their regular course at this time and students in preparatory schools who have not quite completed their college entrance requirements.

Beginning this year work done in certain advanced courses which will be offered may count toward the degree of Master of Arts which may be obtained by attendance through a number of summers.

### LOCALS

P. H. Martin, '14, left last Saturday to begin his summer work of demonstrating the use of iron sulphate for spraying machines.

C. A. Chase, '13, visited his home in Sebec Station last week.

Luther Leach, Jr., ex-'14, was on the campus recently.

The engagement of Dexter S. J. Smith, '09, to Miss Louisa Wood of Bangor was recently announced.

F. E. Holmes, '02, of Bangor, was on the campus last week.

Park Elliot, '15, visited his home in Dover recently to witness an inspection of Co. F, N. G. S. M.

Lewis Blood, '16, and Charles Eldridge, '16, visited their homes in Foxcroft last week.

Brooks Brown, '16, paid a visit to his home in Dover the first of the week.

Professor A. J. Jones is to give a lecture at Madison on May 16, and at Northeast Harbor, May 23. He will speak on the "Opportunity of the Rural Teacher."

### FROM HERE AND THERE

#### George Magoon to Manage Bangor Team

The magnates who are financing the Bangor team of the new Maine and New Brunswick league have engaged George Magoon, the present University of Maine coach to manage the Bangor team this summer. The University of Maine athletic management has tendered the use of Alumni Field to Mr. Magoon as a place to work out his men.

## EDITORIAL.

Victory is a very pleasant thing to most members of the student body. They accept it as a matter of course and do not stop to think of those who worked to bring them credit. Likewise when defeat is our lot the students only accept it as hard luck and then proceed to pick flaws in the work of the men on the various teams. The Coach and members of the track team deserve some little consideration for their work in bringing another championship to Maine. Lack of appreciation and thought of others has, for the past three years at least, been a great fault with the student body at Maine.

Coach Smith has turned out two championship teams this year. Think that over! What does it mean? It means a long experience in the handling of men on his part, and it means a year of long hard training on the part of Capt. Power and his men. What student in college can appreciate what a year of training means unless he has been through it?

The least we can do is to offer our congratulations and say:—"Thank You," to the Coach and every member of our Championship Track Team!

There are many different kinds of celebrations, some are harmless but spirited and others are foolish and dangerous. One could class most Maine celebrations under the former type. The one, however, that took place last Saturday at midnight could neither be called spirited nor harmless. True the property destroyed by fire may have been worthless, but at the same time the property that was endangered by the fire was very valuable.

Whoever started the fire can not be called thoughtful or spirited. Sparks from the old barn blew on to the roofs of at least three different houses and if it had not been for the prompt action of a few who were not "celebrating" and who foresaw danger, there might have been serious loss of property.

One thing which could be noted with profit by any witness was the absence of the so-called "organized" fire department of the University. The student council has been assured several times by the faculty, that in case of fire the "organized" fire department would take prompt and sufficient action to control the flames and prevent any undue loss of property.

This fire department was not seen at the fire and if it had not been for the students, as stated before, who took measures to prevent the spread of the flames, there might have been considerable damage done before the fire department appeared.

Of course it might have been thought that it was only a harmless celebration, but at the same time that is a very poor excuse for the neglected action of the fire department. No matter what the cause or extent of the fire the fact remains that the University fire department should have been there.

Did you notice how many of our band men were at the mass meeting last Thursday? Did you notice the band at the ball game a week ago Saturday? Compare this with the number which made up the band at the State Meet. Do you see anything wrong? No Maine man would acknowledge that we did not have the best band in the State at the track meet and on the football trips last fall. On the other hand who could claim that we had the best band in the State at the mass meeting and the ball game first mentioned. How can we look with pride on a band that turns out in great numbers when they are getting a free trip or admission to an event like the State Meet, and then disappear when the call is issued to play for a mass meeting or a ball game. It would seem as though all the members do not have the real Maine Spirit. The student body have a right to demand that all members of the band appear when called upon, for if the students pay to take the band on trips and to the State Meet, the men in the band do not deserve these trips unless they turn out every time the band is to play. The fault seems to lie with the upperclassmen. The freshmen in the band usually turn out every time but one has to wait until a trip comes along before many upperclassmen are seen playing. Why not have spirit in a band as well as in cheering, and in athletics? Let's not have any more free rides or admissions for men that only play on trips.

## The Band

game a week ago Saturday? Compare this with the number which made up the band at the State Meet. Do you see anything wrong? No Maine man would acknowledge that we did not have the best band in the State at the track meet and on the football trips last fall. ## EDITOR, MAINE CAMPUS:

DEAR SIR:

In the University Catalog, on page 47, is the following announcement:

JUNIOR EXHIBITION PRIZE, fifteen dollars, is awarded to that member of the Junior class who presents the best oration at the junior exhibition. In the award of this prize, both the composition and the delivery of the oration will be considered.

The CAMPUS of May 13th refers, on page 4, to these orations or speeches as "essays." The

same mistake has been made elsewhere on several occasions by others. The difference is a fundamental one; and the two kinds of literary productions should not be confused.

The Father Harrington Essay Prize has been recently awarded. The essay is entitled "King Lear," and is deposited with the Librarian for public inspection.

Very truly,

ROLAND P. GRAY.

## ANOTHER CHAMPIONSHIP

Continued from Page 5

his lead and seemed to be bent on overtaking the man in front of him whom he had almost caught. It was a sprint that brought the stands to their feet and a record five seconds better than that of Houghton, Maine's captain of last year. Power said after the race, "I was digging along with my head down when I looked up and saw this man leading me. I thought that perhaps someone had passed me and started out after him."

The last track event, the low hurdles was featured by the running of Meanix. But for the failure of the timers to get the flash of the pistol he would probably have had a record for he led the others by nearly eight yards. Woodman and Thompson of Bates were second and third.

At this time the discus and the shot had been heard from and Bates was leading Maine by five points. Interest was now directed to the high jump. Wood of Colby had been dropped out leaving Kempton and Drake of Bates and Worden of Maine in. A great deal of credit should be given to Worden for the creditable showing that he made. After the bar had passed five, he had to fight every jump that he made and his taking two points by tying for second place helped a great deal in winning.

When the hammer was heard from, Maine was sure of the meet for she had only to win first place in the pole vault to defeat Bates by one point and it was well known that only a miracle could take first place from Rogers. But a great deal of interest was centered on the event for if Bowdoin could secure second place she would tie Colby for third. But Thomas of Maine jumped better than he had ever done in competition before, topping the bar at ten feet, six inches. McKenney of Bowdoin was third.

## FINALS IN THE FIELD EVENTS.

Running High Jump—Kempton of Bates made a new record of 5 feet 8½ inches; Worden of Maine and Drake of Bates tied for second place at 7 feet, 7 inches.

Discus Throw—Gove of Bates made another new record in this event throwing it 126 feet; Shepherd of Maine was second and Leadbetter of Bowdoin third.

Running Broad Jump—Faulkner of Bowdoin won first place with a jump of 21 feet 3¼ inches; Smith of Bowdoin, second, 20 feet 10½ inches; McFarland of Bowdoin third with 20 feet 9¾ inches. Faulkner, after winning first place, tried for a record and, on his third jump made 22 feet 4¾ inches, a new state record.

Throwing 16 Pound Hammer—Bailey of Maine raised his record, which he made in the morning, to 151 feet 4¾ inches, winning first place; Leadbetter of Bowdoin was second with Shepherd of Maine a close third.

Pole Vault—Rogers of Maine set up a new record in this event of 11 feet 6½ inches; Thomas of Maine won second at 10 feet 6 inches; McKenney of Bowdoin was third at 10 feet.

Putting 16 Pound Shot—Shepard of Bates raised the record in this event to 44 feet 2½ inches; Gove of Bates was second with 40 feet 5 inches; and Shepherd of Maine was third with 40 feet 3 inches.

440 yard dash—Won by Meanix, Colby; second, Haskell, Bowdoin; third, Merrill, Colby. Time 51 seconds.

880 yard run—Won by Bell, Maine; second, Deering of Bates; third, Reynolds, Colby. Time 2 min.

## "CLOTHING THAT'S FIT"

must be made to fit—and that means made for YOUR individual measurement from the very beginning. Discerning men have found that decent ready-made clothing costs about the same as decent custom-made—a fact which puts the made-to-measure clothing decidedly at the head. I have a particularly fine showing of the choicest Spring goods, and am prepared to produce faultless clothing at moderate cost. Every particular dresser—yes, YOU—should be interested. Step in!

## REGULAR MEETING OF AGRICULTURAL CLUB

Was the Best of the Year

The subject for discussion at the regular meeting of the Agricultural Club last Wednesday night was "Cooperation in Agriculture." The first student speaker was D. W. Sawtelle, '13, of Orono, on "Cooperation in the Live Stock Industry." He spoke of cow test associations as the first form of cooperation in dairying. The history of the cow-test movement was briefly treated and present methods and statistical results were given. He also spoke of community breeding as another form of cooperation.

The next speaker was B. A. Ahrens, '13, of Long Island. He treated the cooperative movement as to its relation to the poultry industry. Progress in poultry cooperation has been slow in this country but is more advanced in Canada and Europe. Ahrens summarized his talk by treating of the possibilities for future cooperation in egg and poultry handling and selling.

J. H. Lewis, '15, of Eastport was the last student speaker. He told of the great progress that has been made by the cooperative idea in the fruit industry. He spoke to some extent of the general methods of handling, distributing and selling fruit which have been successfully practiced by fruit associations. The example of the California Fruit growers' exchange was given as one of the best illustrations of successful cooperation.

The last speaker of the evening was Dean Merrill. He gave a splendid talk on rural economics in general and on cooperation in particular. Dr. Merrill said that our greatest economic problem was "the reduction of waste in the production and distribution of the necessities of life." This he gave as the ultimate end of cooperation.

## MEETING OF CAMPUS BOARD

Mr. O. P. Hall of the Bangor Commercial Will  
Lecture to Board Members

On Monday evening, the CAMPUS Board met in the CAMPUS Room, Estabrook Hall, and R. S. Ferguson, the Editor-in-chief gave a talk on the new ideas and policies of the new CAMPUS. He said that the aim of the paper in the future would be to give a truthful and full account of all matters of interest to the faculty, student-body and alumni. He urged the members of the board to stand behind this policy. He also said a few words on the method of featuring articles. Mr. Oliver L. Hall, the city editor of the Bangor Commercial will lecture before the board, Monday evening, May twenty-sixth.

## SIGMA PSI TO ENTERTAIN HIGH SCHOOL DEBATERS

On Thursday evening, May 22, Bar Harbor High School will debate with Bangor High School. The new honorary speaking society, Sigma Psi, is working hard to make that night as pleasant as possible for the debaters. They have offered to undertake the advertising part of the debate and will endeavor to arouse enough interest in it around college to insure a good sized crowd. Together with Bangor High they also hope to be able to have special cars run between Bangor and the Campus, both before and after the debate.

## CORRECTION

The CAMPUS wishes to rectify an error made in its last issue in regard to Junior Declamations. Second place was almost a tie between Mr. Ferguson and Mr. William Collins Monahan and not Mr. Paul Wheeler Monahan, as originally given in Tuesday's issue.

Moderate prices, superior cuisine, attentive service, attractive rooms, each connected with long distance telephone. Courteous attention assured to ladies traveling alone. 360 rooms, 200 with private baths.

AMOS H. WHIPPLE, Proprietor

## GENERAL LECTURE

Lowell J. Reed, instructor in Mathematics, gave the fourteenth in the series of weekly lectures on Physics, Mathematics, and Astronomy at the library Wednesday afternoon. His discussion was on "Mechanical aids to Calculation."

Mr. Reed said that there is much mechanical labor in arithmetic, and that since earliest times people have been looking about for an instrument to lessen it.

The Chinese were the first people to devise anything for calculation, this being a framework of wires over which they mould beads to add or subtract. The Romans had stakes and rings which they used for a like purpose.

Gerbert in the tenth century made a reed organ to be played by water power. His genius attracted the attention of a Benedictine monk who started him on the road to an education. He later became famous for having introduced the Arabic number system into Europe. He looked about for an instrument for calculation but it was not until the latter part of the sixteenth century that Napier brought out a set of ivory rods corresponding to numbers which could be arranged in such a way as to perform the processes of arithmetic.

A number of scientists then took up the work. Pascal had the right idea but could not make his machine work. Grillet constructed a machine which worked on this principle. His machine disappeared and Leibnitz shortly afterward appeared with a machine which nearly duplicated it. It performed operations but could not be relied upon for accuracy.

In 1822 Thomas DeColwar invented a computer which is the same in principle as that used today. Mr. Reed explained the working of the machine by means of a diagram. The computer which attempted the most was that of Babbage an Englishman in 1830 which attempted to compute and tabulate, his machine building up the cubes from given differences.

The most important computer to the engineer is the slide which multiplies and divides; working on the principle of logarithms. There are several kinds of slides, their accuracy being dependent upon the number of divisions corresponding to the decimal places to which a number can be carried out.

The planimeter was spoken of by Mr. Reed as being used for measuring irregular surfaces.

## LAW SCHOOL NOTES

Henry B. Montague of Southbridge, Mass., has finished his series of lectures given to the students of the College of Law. The three lectures were well attended by the students, who found what Mr. Montague had to say both interesting and profitable.

At a meeting of the Maine Law Review Association held Tuesday May 4th, the following officers were elected: Frank E. Southard, editor-in-chief; James R. Towle, Assistant editor-in-chief; Carl A. Weick, Franklin Fisher, Associate editors; Lester E. Brown, business manager; Clark B. Frost, Edward I. Gleszer, assistant business managers. The reports of the outgoing officers showed that their tireless efforts had placed the Review on the most prosperous basis ever known.

## FRESHMAN NOMINATIONS

Nominations were made for the freshmen poster and cap committees for next year at a meeting of the nominating committee of the freshmen class last Tuesday evening. Five men will be chosen to serve on each committee. The members nominated for the poster committee were: W. S. Jack, O. C. Lawry, C. E. Purington, R. G. Smith, L. H. Blood, J. M. Dodge, K. M. Currier, and G. E. Kirk. Those nominated on the cap committee were: D. J. MacIntire, J. L. Whittier, R. E. Bartlett, R. L. Silva, R. W. Bell, and B. E. Barrett. The election will be held sometime next week.
