Colby Wins 4 to 0 in Poor Game

Maine lost to Colby in a loose uninteresting game, Wednesday. The work of the whole Maine team was very poor and besides the errors that appear in the score there were several misplays that had much to do, with losing the game. With anywhere near decent support, Driscoll would have kept the score down and the game probably would have gone for extra innings. With men on the bases his support slipped on the upsets of chances.

On the other hand, James, with men on bases made monsters of the Maine batters. He was given a very steady support and was caught in fine style by Lowney.

Harlow, the first man up for Colby, flied to Pickard. Reed hit over third but died at first when Nutting and Berry flied out. Maine got a man on third in their half but could not score. Lawry hit to Campbell and was safe when he fumbled. On the hit and run, Pickard was out at first. James hit Abbott. Gilman sacrificed, Lawry going to third but York struck out. Colby scored one run in the second. Simpson the first man up hit to left on a sacrifice hit. Pickard let Driscoll's throw get by him and when Simpson started home wild and Simpson was safe and Lowney started for home but was called out for not touching third. Campbell doubled LaFleur, Pickard to Lawry to Chase. Maine flied out in order in their half. There was nothing that looked like scoring until the fifth, when after Baker had flied out, McCarthy hit over second. Driscoll walked. Lawry hit to Reed who got Driscoll at second but McCarthy and Lawry were safe at third and first. Lawry stole. Pickard struck out. The game was conspicuous gone away in the seventh. Abbott dropped Simpson third strike and he was safe at first. Lowney flied to Gilman. Lawry bunted LaFleur's grounder and Simpson went to third. On a double steal Abbott lost Simpson at the plate. LaFleur was caught ahead of first.

Colby gets two more runs in the eighth. James the first man up got a three bagger. Lawry, Pickard and Driscoll debated to see who should field Colby's pop over Driscoll's head and in the meanwhile James scored and Harlow was safe at first. Gilman fumbled Reed's grounder and Harlow took second. Pickard and Chase got Nutting and Harlow went to third. Lawry fumbled Simpson's grounder and Harlow scored. Reed flied to York. 

**CHAMPIONSHIP TRACK TEAM AFTER NEW LAURELS**

Will Compete in New England Meet To-morrow

Eight of the best men of Maine's championship track team left Thursday noon for the annual New England Intercollegiate Track Meet held in the Harvard Stadium Friday and Saturday May 23 and 24. Coach Smith, who has been coaching the Hebron team this week for the interscholastic games, joined the team at Lewiston Thursday afternoon and accompanied it to Boston.

While we cannot expect to win the big meet we do confidently expect to make the best showing that any team has ever made at these games. It is generally conceded by track authorities that Dartmouth will win the meet by quite a margin. It is also expected that several records will be broken this year as there are many exceptionally fast men entered. Known competition and the fact that the Stadium track is perhaps the fastest in the country will both tend toward this end. It is expected that Maine will place most of the men on her team and we also have a chance to win in one or two events at least.

Bailey has an excellent chance to win in the hammer throw as he has already beaten the New England record of 148 ft. both at the State Meet and at Trinity when he did 153 and 151 ft. respectively. The other only man who has gone over 150 ft. this year is Englehorn of Dartmouth who threw it 155 ft. once this year.

A track man up well has a good chance to place in the half although he will run against such men as Tabor of Brown and Grange and Dolan of Dartmouth. Towner, in the mile, is up against an exceptionally large and fast field of men but he has something like a chance of placing. It is expected that Tabor of Brown will win this event in record time. Harmon of Dartmouth, a former Maine man, is another strong contestant.

Cape. Power has good prospects of winning the two mile run. His run of last Saturday, easily won in 9.56-3-0, seemed to indicate that he could do considerably better if pushed. The New England record is 9-48. Ball by Dartmouth is considered Powers strongest competitor.

Rogers is practically sure of a place in the pole vault. His excellent performance in the State Meet assures us of that. Wright and Buck of Dartmouth are also doped by many to place here.

Ashton is thought to have a fighting chance in the dashes if he runs in his best form. Nevers of Bates and of Dartmouth among the fast men will have to contend with.

Shepherd, at his best, should have a chance for a place in the discus. There are many strong men entered in the weights.

Fox, in his form of last Saturday, will have a small chance of getting anything like a place in the quarter.

The above named men be for the big Meet yesterday (Thursday). These men may seem a small number for such a big meet but they are good men and Maine confidently expects good results from their work.

**PHI MU SORORITY HOLDS FIRST ANNUAL BANQUET**

Phi Chapter of Phi Mu held its first annual banquet at the Colonial in Bangor, on Friday evening, May 16. Mrs. J. H. Huddleston, the patronesses of the chapter, were present.

The dining room was decorated in the fraternity colors, with rose garnishments. After the banquet toasts were given, Mac E. Crossman, 1913, acting as toast mistress. Among the responses were "Impressions of Phi Mu," Alice M. Poore, '15; "Freshmen in Phi Mu," Lida McCavery, '16; "Crashes," Mary Leonard, '16; Mrs. Hart and Mrs. Huddleston spoke on "Sorority Standards." The banquet closed with a toast "To the Rose Carnation," Miss Queen, 1916.

After the banquet the guests went to the concert and dance given by the Colby Musical Clubs.

**TRACK "M" AWARDED TO MEN FOR WORK IN STATE MEET**

**INTERSCHOOLING SPEAKING CONTEST**

Will Be Held This Evening

On Friday evening sixteen High Schools will be represented at the annual interscholastic speaking contest. Those which have handed in their entries up to the present time are: Bangor High, Brewer High, Bar Harbor High, Bristol High, Fort Fairfield High, East Maine Conference Seminary at Bucksport, Kent's Hill Seminary, Lewiston High, Maine Central Institute, Mexico High, New Gloucester High, Pennell Institute, Skowhegan High, Presque Isle High, South Portland High and Strong High.

On account of the long list of competitors it will be necessary to have a trial competition Friday afternoon, at 2 o'clock. All that time each contestant will be allowed five minutes in which to deliver any part of his or her selection in order to enable the judges to determine who the best speakers are. Those chosen will participate in the final contest Friday evening.

**CALENDAR**

**MONDAY, MAY 26**
7:00 Fraternity meeting
7:30 Lecture before Campus Board by the City Editor of the Bangor Commercial

**TUESDAY, MAY 23**

3:00 Baseball practice
7:00 Reception to interscholastic track men, prize speaking and debating contests
8:00 Prize speaking contest

**SATURDAY, MAY 24**
10:00 Trials for Interscholastic Track Meet
10:45 Battalion drill on Alumni Field W
2:00 E of M Interscholastic championship track meet
3:00 Maine-Colby game at Waterville.

J. W. Kierstead of Mexico High School is visiting at the Theta Chi fraternity.
The annual spring tennis tournament for the medals offered by Hon. L. C. Southard, '75, takes place this week and next on the various courts around the campus. Winners of these medals last spring were L. W. Smalley '12, and C. S. Cleaves, '12, in the doubles and J. F. Jackson, '12, in the singles. These men graduated last spring leaving the field open to new material. The entries for this year's tournament are not in as yet but Capt. "Cobby" Bird, King, Gowan, Shephard, Towle, Goodspeed, White, McGinnis, and Woodbury are all counted as possible winners. Of these men, Bird, King, Goodspeed, and Towle comprised the Varsity in the inter-collegiates but the others named are expected to make them travel some. It is possible that some material outside of those mentioned may step up to some extent but at present the men named to be the logical candidates.

**HOME ECONOMICS DEPARTMENT TO EXTEND**

More Room Needed

The Home Economics Department will next year require more room and larger equipment in order to accommodate the increasing number of students who are majoring in that department. To meet this growing need arrangements have been made to use a part of the dwelling house situated south of Winslow Hall and owned by the University for some of the work which has been formerly carried on in Winslow Hall and elsewhere.

**NEW MEN ELECTED TO TAU BETA PI**

The following men have been elected to Tau Beta Pi: E. T. Norexce, '14; P. W. Thomas, '14; A. H. Bird, '14; E. J. Lewis, '14; W. H. Pickard, '14; and P. H. Glover, '06, graduate student.

The initiation and banquet will be held on Tuesday, May 27. Tau Beta Pi is an honorary society for engineers. It was founded at Lehigh University in 1878. Maine Alpha Chapter was established in 1911.

**NO GAME WITH TUFTS**

At its last regular meeting the athletic board voted not to play Tufts at Orono on May 26. Tufts plays at Portland Saturday May 21 and would play Maine at Orono Monday providing Maine gave her a guarantee of $75 for rain or shine. In case of rain this would mean a total loss to Maine and a heavy loss even if the day is fair as Monday games draw very small crowds. Arrangements with Tufts had not been completed and so for the above reasons the matter was dropped.

**INTER-FRATERNITY COUNCIL ELECT OFFICERS**

New Set of By-Laws Drawn Up

At a meeting of the inter-fraternity council, held Monday evening May 14, the following officers were elected: C. H. Tipping, President; E. R. Newcomb, Vice-President; F. J. Lewis, Secretary, and Treasurer.

A new set of by-laws was drawn up awaiting the ratification of the different fraternities. It is hoped that these will be accepted in order that the council may have the power to act on the several questions concerning the fraternities at the University.

The next meeting will be held on next Wednesday, May 21, 1913.

---

**ANNUAL SPRING TENNIS TOURNAMENT**

Medals Given by Hon. L. C. Southard, '75

The annual spring tennis tournament for the medals offered by Hon. L. C. Southard, '75, takes place this week and next on the various courts around the campus. Winners of these medals last spring were L. W. Smalley '12, and C. S. Cleaves, '12, in the doubles and J. F. Jackson, '12, in the singles. These men graduated last spring leaving the field open to new material. The entries for this year's tournament are not in as yet but Capt. "Cobby" Bird, King, Gowan, Shephard, Towle, Goodspeed, White, McGinnis, and Woodbury are all counted as possible winners. Of these men, Bird, King, Goodspeed, and Towle comprised the Varsity in the inter-collegiates but the others named are expected to make them travel some. It is possible that some material outside of those mentioned may step up to some extent but at present the men named to be the logical candidates.

**HOME ECONOMICS DEPARTMENT TO EXTEND**

More Room Needed

The Home Economics Department will next year require more room and larger equipment in order to accommodate the increasing number of students who are majoring in that department. To meet this growing need arrangements have been made to use a part of the dwelling house situated south of Winslow Hall and owned by the University for some of the work which has been formerly carried on in Winslow Hall and elsewhere.

**NEW MEN ELECTED TO TAU BETA PI**

The following men have been elected to Tau Beta Pi: E. T. Norexce, '14; P. W. Thomas, '14; A. H. Bird, '14; E. J. Lewis, '14; W. H. Pickard, '14; and P. H. Glover, '06, graduate student.

The initiation and banquet will be held on Tuesday, May 27. Tau Beta Pi is an honorary society for engineers. It was founded at Lehigh University in 1878. Maine Alpha Chapter was established in 1911.

**NO GAME WITH TUFTS**

At its last regular meeting the athletic board voted not to play Tufts at Orono on May 26. Tufts plays at Portland Saturday May 21 and would play Maine at Orono Monday providing Maine gave her a guarantee of $75 for rain or shine. In case of rain this would mean a total loss to Maine and a heavy loss even if the day is fair as Monday games draw very small crowds. **MAINE SOCIETY OF CIVIL ENGINEERS TO MEET AT U. OF M.**

An Interesting Program Planned

The Maine Society of Civil Engineers meets at the University of Maine on May 29, with the following program. A business meeting will be held at 10:30 at Wingate Hall and a paper on the responsibilities of the engineer will be represented by Frank H. Mason. At 1:00, following dinner at Hannibal Hamlin Hall, concrete beam and tube tests will be given. These tests will include the breaking of a reinforced concrete beam in a Rhode testing machine of 125,000 pounds capacity, and also the breaking of concrete cubes and cylinders to determine the ultimate crushing strength of concrete. Previous to these tests a short talk will be given on the theory of design of reinforced concrete. This will be followed at 2:30 by a discussion, illustrated by actual tests, of the standard ornamental tests of cement. At 4:00 there will take place ten-mile tests of steel to determine its strength, its elastic limit, and its modulus of elasticity. After this opportunity will be given for inspection of the University and its equipment. The meeting will close with a banquet at the Bangor House at 7:00 o'clock.

**OLD TOWN A. A. PROMOTES BIG MEET**

Many Noted Athletes to Compete in Bangor, May 30

Memorial Day will be a big day in Bangor this year. The greatest collection of track athletes that this section of the state has ever seen will be gathered together to compete in the second annual meet of the Old Town Athletic Association at Maplewood Park. The principal event will be a 15 mile race in which Sockalexis, Maudlin, Carlson and many others of the distance grinders have signified their intention of entering. Handsome and valuable cups will be used as trophies for the winning teams.

Handicap races of 100 and 220 yard will be held, with such entries as Drew, Howe, Powell and Halpin together with many college athletes. The half mile, mile, and two-mile should also provide considerable interest. McDear got away at the mile and two-mile last fall, but should be pushed hard this year. Gold watches will be first prizes in each of the track events, with other prizes for second and third. It is desired that all entries be sent in as soon as possible so that the handicappers will be able to do justice in their line. Entries close Monday, May 26.

**INTERSCHOLASTIC INVITATION MEET**

Prep Schools to Compete on Alumni Field, Saturday

Saturday, May 21st, finds the annual Interscholastic Maine Invitation Meet here. The meet promises this year to be more closely contested and with the points more widely distributed than in former years.

In recent years Hebron has easily taken the long end of the score but there are this year, three other schools, with stars who bid well to lessen Hebron's chances. Though Hebron with her well balanced team aided by the ef

FOOTBALL KICKING CUPS WON BY
GEORGE KIRK, ’16

Freshman Shows Good Form by Winning Both Trophies

The kicking contests for the cups offered by the Freshman Sophomore Masks in order if possible, to secure a kicker to take the place of Captain Tom Shepard was held on the Athletic Field on Thursday of last week and resulted in the winning of both trophies by George Edward Kirk, 1916 of Bar Harbor.

The contest consisted of two branches; first a punting contest where this phase of the kicking was attempted alone and the second a test of all-round kicking which comprised tries for goals from the field, kicking off, and punting. Several of the varsity “champs” together with many lesser lights entered and the games were run off under the direction of Professor Winward and Captain-elect Bob Sawyer.

In the punting contest, Kirk averaged a little better than forty yards in four punts and in the all-around branch of the games the Bar Harbor Freshman soon convinced the judges that he was the class of the field entered. He showed excellent form, both in his direction and distance.

Captain Sawyer expressed himself as being well pleased at the result of the contest and there will undoubtedly be an annual spring feature.

“M” CLUB MEETING

A short meeting of the “M” Club was held at the Kappa Sigma House on Tuesday evening. A report of the Senior on the Fresm was made. There were also suggestions made concerning the revised constitution.

ALPHA OMICRON PI GIVES RECEPTION
AND DANCE

Gamma Chapter of Alpha Omicron Pi gave a reception last Thursday at the Mount Vernon House in honor of Miss Dorothy Noble Safford, Grand President of that fraternity. The house was prettily decorated in fraternity colors. About a hundred guests were present.

Miss Chilcott’s friend, Miss Stickney was a guest.

LAMBDA CHI ALPHA HOUSE PARTY

Beta Zeta of Lambda Chi Alpha gave an informal house party on Friday evening. Meyers of Orono, and Herrick of Bangor furnished music for dancing. Those present were: the Misses Lucy Fitzherbert, Ruth Edgecomb, Gertrude Brown, Ann, Emma Gerhardt of Orono; Amanda Severance, Harriet Severance, Alma Cyr of Oldtown; Bessie Campbell, Kathleen Eastman of Milford; Elfie Robbins, Marion Page, Ruth MacIntire, Frances Bernard, Alice Burrell of Bangor, and Alice Howes of Lewiston. The guests of the evening were Mr. and Mrs. J. E. Kaulfuss.
INTERSCHOLASTIC SPEAKING CONTEST
Continued from page 1

The judges for the preliminaries are Rev. Joseph D. Lyman, Prof. George W. Stephens and Miss Grace F. Coombs. The judges for the final contest will be Supt. D. Lyman Woodworth, Miss Agnes O. Hersey and one other.

Three prizes will be awarded to the winners of the final contest. First prize is $15, second is $10, and the third is $5.00.

The sixteen speakers with their subjects which make up the program for the preliminaries are as follows:

Selection from the Bird's Christmas Carol
Kite Douglas Wiggins

The Master's Violin
Myrtle Reed

The Legend of Van Bubbers's Rock
Anna Leach

TOUR OF FRANCE

Encouraged by the great success of last summer’s College Tour of France, a Second student’s Tour of France has been organized for educational purposes under the general supervision of Columbia University in America and the Sorbonne in France.

Last summer’s trip has been a very great success, and a never to be forgotten holiday for all of us. Harvard, Cornell, University of Pennsylvania, University of Virginia, and Columbia represented in a party of twelve students. The men returned to their respective colleges, proficient in the language and with enthusiastic about their good time. The trip quickly met with the approval and support of University authorities all over France and with the sympathy and hospitality of all those whom the student met. The experience gained in France not only made more agreeable but very instructive and privileged.

Educational Tour of France under the general supervision of Columbia University and of the Office National Des Universites Et Ecoles Francaises a la Sorbonne.

This tour is not only under the general supervision of Columbia University and of the “Office National Des Universites Et Ecoles Francaises a la Sorbonne” who will introduce the party to the University authorities throughout France, but it is endorsed by the France-America Committee of New York and Paris, through whom recommendations will be given and special favors granted by Mayors, Officials, Railroads and prominent individuals.

In the various cities to be visited, archeologists, artists, and professors, volunteering their services as guides, will point out and explain the places of interest. In University centers, the American students will be received with special cordiality.

Paris will be the last place visited before sailing, and, there the “Comite Frances-America” will take particular care of the travelers.

It is an exceptional opportunity of seeing France in the most thorough, interesting, agreeable and profitable way.

For further information apply, Alexandre Bruno, Director of the Tour Maison Francaise, Columbia University, New York City.

Second Educational Tour of France organized under the general supervision of Columbia University and of the Office National Des Universites Et Ecoles Francaises a la Sorbonne.

ATHLETIC ASSOCIATION OF COLLEGE OF LAW HOLD ELECTION

At the regular meeting of the College of Law Athletic Association at the Law School the following officers were elected for the ensuing year:
President, Carl A. Weiek, '14, Springfield, Me.;
Vice-President, Howard C. Moody, '15, Middletown; Secretary and Treasurer, Arthur W. Patterson, '14, Castine, Lawrence A. Pettengill, '15, of Endfield, N. H., was elected manager of the baseball team for 1914. Howard C. Moody was also elected manager of next seasons basketball team.

ALUMNI NOTES
Leon G. C. Brown, law '05, of Milo is a candidate for the office of United States District Attorney.
Allie J. Cook, '12, of Bangor, officiated on Saturday, May 10, as starter in the Holy Cross dual meet. While in Waterville he was
the guest of Horace J. Cook, '10.
Mr. C. Parker Crowell, '08, is the associate architect for the new Steen Building in Boston, probably the largest building to be erected there this season. Frank S. Sawyer, University of Maine, 1910, with the Amherst Power company of Turners Falls, Massachusetts was a visitor at the Theta Chi house over Sunday.
Among those back for the State Meet were:
Horace J. Cook, '10; George L. Parker, '12;

DR. MCKEE SPEAKS IN CHAPEL
Gives Interesting Talk on Production of Artificial Rubber

Dr. McKee of the Chemistry Department, gave a talk at Friday morning chapel on the making of artificial rubber. The natural rubber is the best of which comes from the Amazon section must go through a long and expensive process in the making, which brings the cost to a very high figure. This cost has of late decreased and although still high, is cheaper than the manufactured article. A great opportunity is now open to chemists in the discovery of a process which will bring the price of the artificial rubber into competition with the natural product. Natural rubber now has the preference although improved methods of manufacture have brought down the price rapidly since chemists all over the world have interested themselves in the production of rubber from turpentine, or according to the English method, from starch, and its possibilities have been demonstrated. Dr. McKee gave a brief history of the English process and compared it to the making of artificial silk from wood-fibre. The demand for rubber is increasing as the variety of its uses becomes manifest and fame as well as fortune awaits the man who may discover the process of making rubber a process that will be at once practicable and profitable.

Tuxedo—A Hit with the Hit-Makers

Hundreds of the snappiest ballplayers in the country—the clean-cut athletes who provide Americans with their greatest outdoor relaxation—are cheerfully endorsing Tuxedo. This is the kind of endorsement that carries a convincing punch.

These men have to keep "trained to the minute" all the time. The game—even the pennant—may depend on a single moment's play. They cannot afford to take chances in their training.

So when they smoke, they smoke Tuxedo.

They know Tuxedo is a mild, pure tobacco, full of energizing qualities. It can be smoked all day with pleasure. It will not bite the tongue; it burns freely and smoothly, giving a cool, sweet smoke.

Tuxedo—The Perfect Tobacco for Pipe and Cigarette

is in a class by itself. It has many imitators—but in the pipe it has no equal. It is made of the best selected Burley tobacco, the finest that Kentucky grows, ripened, cured and aged until it has reached the tip-top of mildness, mellowness and sweetness. Then it is treated by the original "Tuxedo process" which takes out all the sting so it cannot possibly bite—even if you should smoke it all day long.

You simply cannot buy better tobacco anywhere; and if you will try Tuxedo today, you will see why these men are so fond of it.

YOU CAN BUY TUXEDO EVERYWHERE

Famous green tin, with goody 10c. Convenient pouch, inner-lined pocket . . . . 5c. with moisture-proof paper . . .

Illustrations are about one-half size of real packages.
