### SENIOR SKULLS

#### Eleven Juniors "Tapped" Thursday

The men named below were "tapped" by the Senior Skulls after last chapel Thursday morning.

The Senior Skull Society was founded in 1906 for the purpose of maintaining kindly feelings between the fraternities; bringing about closer unity of the student body; promoting the present college customs and establishing any new ones that may be deemed advisable. The membership consists of eleven Seniors chosen at the end of their Junior year for popularity and activity in college affairs. The 1914 Senior Skulls will be as follows:

Arthur Warren Abbott.  
Harold Purington Adams.  
Benjamin Bennett Anthony.  
Harold Vernon Cobb.  
Russell Sweetser Ferguson.  
Edward Leonard Getchell.  
Paul Wheeler Monohon.  
Allan Frank Sawyer.  
Philip Webb Thomas.  
Charles Herbert Tipping.  
Wayland Dean Towner.

Arthur Warren Abbott of Portland: Class Baseball (1) (2); Captain Class Baseball (1); Varsity Baseball (1) (2); Captain Varsity Baseball (2) (3); Class Football (1) (2); Class Basketball (1) (2) (3); Student Council (2) (3); Secretary Student Council (3); Secretary "M" Club (2); Aid Military Hop (1); Sophomore Masks; Floor Director Junior Prom.

Harold Purington Adams of Bowdoinham: Chairman Military Hop Committee (1); Assistant Manager of Track (2); Manager of Class Track (2); Manager of Varsity Track (3); Athletic Board (4).

Benjamin Bennett Anthony of Wakefield, Mass.: Sergeant (1) Lieutenant (2); President Freshman Debating Club; Sophomore-Freshman Debate (2); Assistant Manager of Varsity Baseball (2); Aid Military Hop (2) Manager of Varsity Baseball (3).

### TRACK CAPTAIN ELECTED

#### W. D. Towner, '14, Will Lead Team

At a meeting of those men who have won the varsity letter in track Thursday noon, Wayland D. Towner of Malden, Mass., was elected captain.

This great honor has again fallen in the right place. "Pep" has been a hard and consistent worker ever since he entered college. He has won many points for Maine in both state and dual meets. He is also on the cross-country team. With a team such as Maine has and a leader like Towner, chances for another championship are very bright.

W. D. TOWNER, '14

### MAINE MASQUE HOLDS ELECTION

At a meeting of the Maine Masque Tuesday noon the following officers were chosen;—President, Theodore W. Haskell; Vice-President, Mark Pendleton; and Secretary, Paul E. Chadbourne. The secretary was absent so Mark Pendleton acted as secretary pro tem. No other business was transacted.

### 1915 "PRISM"

The sophomore class held their election for their Prism Thursday noon. Robert P. Clark, of Lincoln was elected editor-in-chief, and James L. Gulliver of Auburn was elected business manager. The artist and other members of the board will be appointed.

### COACH SMITH TURNS OUT THREE CHAMPIONSHIP TEAMS IN THREE YEARS

#### Has Just Signed Contract for Next Year

In reviewing the Track season at Maine this spring, there is oneman who is generally overlooked when it comes to handing out the credit for Maine's great victory. This man is none other than Coach A. N. Smith. Coach Smith has now been at Maine for three years. Previous to this time he has had a long experience as a runner and has won many valuable prizes. After he quit the running game he took up coaching. After coaching several prep schools and smaller colleges, his great worth became apparent to the athletic world in general and was brought particularly to the notice of Coach Mike Murphy at the University of Pennsylvania. Coach Smith worked under Murphy for several years and Coach Murphy has said: "I never watch Smith work without learning something." After having ended his engagement at Penn, Coach Smith came to Maine in the latter part of 1910.

Smith's methods of coaching soon showed their efficiency and he won the State Track Championship in the spring of 1911, the first year he was here. In 1912 he lost the State title by the hardest kind of luck, only four points standing between him and another Championship. This spring found less available material to work with than the two years previous, but fighting against these odds he again turned out a team that well deserved the honor of winning the State title for the second time in three years. Last fall the Coach turned out a team from green material that easily won the State Cross-Country Championship. In all, three championships in as many years! Along with these Championships Smith has been successful in turning out a winning Cross-Country team in the fall of 1911, and also beat Bowdoin's fast relay team at the B. A. A. last February. By winning the Cross-Country title last fall and the track championship this spring Coach Smith has won two Championships for Maine in one college year.

Every one of Coach Smith's teams have been self-developed and of a well balanced order—

ones that were full of fight and spirit. A Portland paper said after the meet this spring, that Maine won because "her athletes fought like demons for points."

Smith has developed Bailey from a green, awkward freshman into the best hammer thrower in New England and thus gave to Maine her first really high class athlete—one who could go into any meet and bring his college into prominence.

Since coming to Maine the Coach has put over a winner each year at the New England Meet. Smith in the hurdles in 1911, Powers in the two mile in 1912, and Bailey in the hammer in 1913. This was never done at Maine before, and it is the kind of work that sooner or later will put us on the athletic map. Also since being at Maine, Smith has secured fourth place in the New England Meet for two years, viz., 1912 1913—whereas we formerly had to be contented with no better than seventh place at the very best.

Coach Smith has shown his best strength to be in developing distance runners as is evidenced in his cross-country victories and by the fact that we have scored heavily in the distance runs for the past three years, and this year won first place in the half-mile and all points in the mile and two mile runs.

Much of Coach Smith's success has been due to the fact that he has very independent ideas

on training and always insists on following out his own original plans and methods.

Smith has also been instrumental in turning out two championship football teams and with Coach Riley doing the coaching and Smith the training there looks to be a good chance to repeat next fall. All matters pertaining to training the football men have been decided by Coach Smith and he has always combined his efforts with Coach Riley in such a way that no friction has ever arisen between them.

Through the Coach's efforts the board track was built and this has been of no little value in turning out our winning track teams. The Coach also gave the best loving cup ever given to Maine athletes, for a series of Inter-Trat Meets this spring, which was won by Kappa Sigma. He has also promised to give another one next year.

Smith went to Sweden last summer with the Olympic team and assisted Mike Murphy in training the Marathon runners at that time. Our Coach enjoys a wide acquaintance among noted athletes and trainers. He founded the U. of M. Track Club and through his acquaintance with athletes and trainers he has interested many athletes into coming to Maine, including Ashton and Bell this year. Smith has advised Pretie of Portland High School in his training all this year and for this reason Pretie is to enter Maine in the fall. He has also coached Hebron for two years with great success.

It will certainly be welcome news to Maine Men all over the country that Coach Smith has just signed a contract to return to Maine for another year.

## CHANGES IN OAK HALL

### Rooms to be Refurnished

Oak Hall, one of the men's dormitories at the University of Maine, will be completely renovated during the summer. It is planned to make it as pleasant and comfortable as Hannibal Hamlin Hall, the new men's dormitory. Shower baths will be installed on each floor and all the rooms are to be finished and furnished in a manner similar to those of the central section of Hannibal Hamlin. Each room will have study desks, chairs, chiffoniers, and beds.

A serving room will also be added to the dining room of Hannibal Hamlin. This is a needed improvement inasmuch as the kitchen which has served both as kitchen and serving room, is too crowded for convenience.

## MAINE WINS LAST GAME OF SEASON

### James Knocked From Box

The baseball team closed its season Wednesday with a splendid victory. The team played real ball, while Colby lost much by loose fielding. The score, 6-2 tells only a part of the story. Maine got ten hits off James who was relieved in the ninth when two men were on bases and none out. Driscoll pitched great ball and allowed but six scattered hits. The features of the game were the batting of York and the fielding of Laury.

## NEW BUILDINGS

### Active Work to begin in August

Although the new buildings have not appeared yet, the preliminary work on them has by no means ceased. Just at present the work has been held up to enable the committee in charge to select an architect; as soon as one is engaged plans will be drawn and submitted and the bids for the construction received. This means that the actual work on the buildings will commence very soon. It is the mind of those behind the movement to have the real construction begin the first of August, and to have the girls dormitory ready for occupancy the following February.

No one is able to say just at present just what these two new buildings will look like, but we may be assured that they will be both attractive and up to date in every respect.

The new chemistry-physics building will be erected just north of Lord Hall, and the girls dormitory, opposite the Mt. Vernon House.

## BAND ELECTION

At a meeting of the members of the university band held in Alumni hall, Tuesday evening, Park Elliott, '15, of Dover, was elected leader for the next year, Loren P. Stewart, '15, of Thorndike, manager and Philip B. Sheridan, '15, of Salem, Mass., drum major.

## FRESHMEN WIN THEIR FREEDOM

End all Grievances With Sophomores in Annual Frog Pond Scrap in Mud

The freshmen and sophomores ended the old grievances Wednesday night in the annual frog pond scrap in the muddy waters of the Stillwater river. The class of 1916 to-day stands emancipated from the harsh rule of the wiley sophomores and the members now can smoke their pipes on the campus, wear derby hats and kid gloves, walk with their girls and feel free to do the numerous things prohibited the freshmen by the sophomores.

Shortly after 11 o'clock the freshmen gathered on the campus for the roll call, each man in the class being required to be present or the next day suffer the humiliation of being dragged to the river and thrown in. They then fell in line and started singing and shouting for the frog pond on the banks of the Stillwater river on the lower end of the campus.

The sophomores in the meantime had built large bon fires on the river banks and held their roll call. They had then drawn up along the river bank awaiting the onslaught of the freshmen. All was put in readiness for the big scrap.

At last the freshmen could be heard approaching. Down through the field to the river they came and when in close range of the opponents rushed down the river bank, each freshman trying to bear a sophomore into the river. For a few minutes the struggle went on, freshmen and sophomores mixed up so that it was almost impossible for a man to tell whether he was encountering friend or foe. Each man tried to get his opponent into the dirty, muddy waters, and to wipe his face in the mud.

When at last the pistol sounded to end the fight, the men came up from the river covered from head to foot with mud and dripping with water. They all gathered around the big fires, leaving behind the old grievances of class differences in the muddy waters, and shouted and cheered each other and for Maine, the alma mater of both. The sophomores were glad when it was over for they were freed from further care and responsibility of the conduct of the freshmen given into their charge, and the freshmen rejoiced to be free from the dominance of the upper classmen and to feel that they now have the same rights and privileges as any other men in the university.

## MILITARY COLLEGES TO BE RANKED

## A New Incentive for Good Work

Lieut. Glass has received word of an important move of the government with regard to military colleges and one of particular interest at this time. The colleges throughout the country will be put under a new system of rating and this rating will be based entirely on the reports of the inspecting officers. The ten colleges being rated highest each year will be put in a special class. The man having the highest honors in the military department of each of these institutions may have a commission in the regular army if he desires it. A somewhat similar arrangement has been in force before but under the old arrangement the privilege was conferred on certain institutions while it will now have to be earned each year. It certainly should be a strong incentive toward the improvement of any military department.

## COLLEGE OF LAW NOTES

There will be a meeting of the College of Law Athletic Association, Tuesday, the 27th, called for the purpose of electing a basketball captain for next year.

Frank Fisher, '14, has returned to college after an absence of three weeks at his home in Lewiston.

"Bill" Dwyer, '13, has been recently admitted to the Maine Bar; having passed the bar examination held in Bangor last February.

## NEW MAINE ALUMNI ASSOCIATION FORMED

## A Letter of Announcement

MR. J. CLYDE WALLACE,  
ORONO, MAINE.

DEAR MR. WALLACE:

Some time in March I sent a letter to Mr. Ames, editor-in-chief of the "CAMPUS" in regard to the formation of a University of Maine Alumni Association here in Portland, but have not observed any notice of it in the "CAMPUS." As the letter also contained other personal matter to which I received no reply, I am led to believe that it was never received. Not being acquainted with the present editor, and at your brother's suggestion, I am sending the matter to you. It was through a light misunderstanding between Mr. Black and myself that the news of the organization was not forwarded to Mr. Ames before.

A permanent organization was affected on the 18th day of January. A short time previous to this nine of the alumni got together for lunch on, the following notice of which appeared in the "Morning Oregonian" of the 12th of Journal.

## COLLEGE OF LAW

E. Frank Corliss, '13, is also back after a week's illness.

The baseball team succeeded in "getting away" with the Rockland aggregation in that city last Wednesday, by a score of 7-5. This game is worthy of mention in two ways. It was the first game that the team has won this season; and also for the fact that Small the pitcher for the College of Law team struckout eighteen men.

## EDITORIAL.

We extend our congratulations to the new Junior Mask Society! It is felt that the action of the Sophomore Masks in making the change to a Junior Society is one which bespeaks real Maine spirit and great personal sacrifice. This change has been considered thoughtfully and at great length. The decision finally reached is one that is bound to foster more harmonious methods among the three societies which now exist in three separate classes. We are certainly glad to see the cessation of hostilities in the sophomore class.

The benefits to be derived from the successive competition for the three honorary societies in the upper classes cannot be estimated. A man making the Owls will now work hard to be one of chosen for the Masks and likewise the Masks will work all the harder to be pledged for the Senior Skulls. After making one society a man would be considered a "quitter" if he failed to make the next society in order. It means that the honor of making one of these class societies will be held in much greater respect now than formerly. The change will also keep Maine Spirit alive and in a working condition in the Junior class, whereas formerly there has been very little encouragement for organized action in that class.

Since the Mask Society was founded in the fall of 1911, it has been a constant worker for the best interests of Maine and has accomplished wonders in a short time.

The spirit in which this well timed change has been made must meet with the approval of every Maine man and we all unite in wishing the Junior Masks success and continued prosperity in their new field of labor.

We cannot expect to win every championship all in one college year but still we do not offer that as an excuse for losing the baseball championship. There can be no one who feels worse about it than Coach Magoon and his men. They have worked hard and against very adverse conditions this spring.

Nevertheless the Coach and the team deserve the congratulations of the student body for whom they have sacrificed their time. There is no use "crabbing" about our loss. If a man is a man he must be a good loser as well as a good winner. Shake hands with the Coach and his boys, and better luck next year!

The baseball season has ended and Maine's hopes of winning every championship of the year has not been realized.

**The Reason Why?** Several circumstances have entered into the failure of the baseball team to secure this year's championship. Some of these were unavoidable but others should have been remedied. We cannot foresee injuries and unfortunate accidents to men whose places have been hard to fill have seriously handicapped the team. But the team has had another obstacle to battle against which should not be put in the way of any college team. The infield of Maine's home ground has been in wretched condition all season. A ball knocked on it takes many queer bounds and men playing the infield cannot run in on a ball with any degree of certainty of judging the bound. Because of daily practice on this kind of a field the men grow into the habit of laying in deep positions on slow hit balls, while men on visiting college teams have taken slow-hit balls on the run, the Maine infield has waited for them to come to them. One authority on baseball who has watched the work of the Maine team on their home ground and on the other diamonds of the state has made the statement that if the team had had a fast diamond to practice and play on they would have outclassed everything else in the state. This statement is evidently true and is borne up by the fact that Maine has won every out-of-town game in the state series and has lost every home game. The men are simply afraid to work at top speed on a poor field. Every other college in the state has Maine far outclassed when it comes to a baseball diamond. This is true in spite of the fact that they have not one-half the number of students that Maine boasts of. It is up to every Maine man to pay the blanket tax and see that the team next year has at least the equal of the other diamonds in this state to play upon.

B. B. ANTHONY.

This issue of the CAMPUS is the last one, with the exception of the Commencement Number, for the current college year. We wish you all a successful, and happy summer, but remember that you are all Maine men and do not fail to say so on every occasion. Bring back that prep school man with you in the fall!

## Graduates of New England State in Portland Hold Informal Luncheon

In a small but extremely enthusiastic gathering of the Alumni of the University of Maine, now located in Portland, at an informal luncheon Saturday, the graduates of the University in this vicinity got together in a body for the first time. A temporary organization was formed, George R. Sweetser '09, being elected temporary chairman, and W. W. Black '77, temporary secretary. Plans were made to hold a meeting in the near future to perfect the organization and elect permanent officers.

It is the idea to bring the alumni living in Portland into closer personal and social relations, and thru the organization give them a better means of keeping in touch with their Alma Mater, and also to be of practical assistance to any alumni who may desire to locate here.

At the meeting for permanent organizations the temporary officers were elected as permanent officers, and the name "The Pacific Alumni Association" adopted, and a constitution and by-laws were adopted at that time, the constitution stating the purposes shall be to bring into closer association the alumni and all former students of the University of Maine, now residing, or who may reside at any future date in Portland, or in a radius thereof within which they are located nearer or more conveniently to the Pacific Alumni Association than to any organization; to foster and sustain on the part of the members an interest in the University and all of its various activities; to endeavor to be of practical assistance to graduates and students who may desire to locate in the vicinity, and to unite with the other alumni associations and all graduates and students of the university in promoting and maintaining the welfare and prosperity of our Alma Mater.

The Association holds lunches on the first and third Fridays of every month.

Those present at the first meeting for organizing the association were: J. G. Kelley, '84; H. D. Haley, '04; B. T. Harvey, '05; S. G. Elliott, '06; J. G. Wallace, '06; W. W. Black, '07; L. R. Moore, Ex-12; J. P. Varnum, Ex-13; G. R. Sweetser, '09.

We have just received the news here of Maine's victory in the state track meet, and you may believe we are all wearing the smile that won't come off.

Very truly yours,

GEO. R. SWEETSER.

## MILITARY INSPECTION

The annual inspection of the Military Department of the university was held on Wednesday morning last. The companies formed in the gymnasium at eighty-thirty and marched to Alumni Field where the inspection was held.

Battalion review was the first order of the day and this was followed by battalion drill. Next on the program came a review of and drill by each of the four companies and the exercises were concluded by the execution of guard mounting. The military band was at its best and won much favorable comment from those present. "Phil" Sheridan, as drum major is certainly a hard man to beat. The entire battalion was dismissed at noon but assembled again Thursday to turn in their equipment.

The inspecting officer of the day was Capt. S. J. B. Shindel of the General Staff. Capt. Shindel has been on a tour of inspection of a large number of military colleges throughout the country and returned to Washington directly from here. He and Lieut. Glass expressed themselves as well pleased with the work of the department but could see a great many chances for improvement yet.

William Walsh, Bates College, 1913, was a recent visitor on the campus.

# Why Should I Smoke Tuxedo?

GEO. CURRY

Geo. Curry, ex-Governor, and ex-Congressman from New Mexico, says:

"Tuxedo appeals to me strongly on account of its cool, mild, pleasant flavor. Therein lies its superiority to all other tobaccos."

*Geo Curry*

L. S. BROWN

L. S. Brown, General Agent of the Southern Railway at Washington, says:

"Tuxedo has gained and maintained a high reputation for superiority. Its coolness, mildness, and genuine soothing qualities are unrivalled."

*L. S. Brown*

HENRY STUCKART

Henry Stuckart, City Treasurer of Chicago, says:

"I regard Tuxedo as not only absolutely harmless, but genuinely beneficial. Tuxedo goes into my pipe always."

*Henry Stuckart*

**TUXEDO** is the logical smoke for *millionaires* because it is impossible to buy a better tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the *average cost per pipeful only one-fourth of a cent!*

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to *make* a tobacco as good as Tuxedo at less than the Tuxedo *price!*

## Tuxedo

*The Perfect Tobacco for Pipe and Cigarette*

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the *original* Tuxedo process which takes all the *unpleasantness out of tobacco* and leaves all the *pleasantness in!*

Tuxedo has a deliciously mild, fragrant aroma, that is pleasant to all. It is the *only* tobacco you can smoke in a room full of lace curtains without leaving even a trace of an odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin—today.

YOU CAN BUY TUXEDO EVERYWHERE

Famous green tin, with gold lettering, curved to fit pocket **10c** Convenient pouch, inner-lined with moisture-proof paper **5c**

JAMES WILLIAM PATTISON

James William Pattison, artist, leader in municipal art, and now editor of the Fine Arts Journal, Chicago, says:

"A pipe, a book, and an open fire. These are three delights I can recommend to any man. But be sure the pipe is filled with mild, fragrant Tuxedo if you wish to enjoy the three in the highest sense."

*James William Pattison*

STANTON WARBURTON

Stanton Warburton, Congressman from the State of Washington, says:

"My own experience leads me to believe that every desirable quality is present in Tuxedo Tobacco. It is the best smoke I ever had."

*S. Warburton*

IRVIN S. COBB

Irvin S. Cobb, well-known humorist and short-story writer, author of "Back Home," "Anatomy," etc., says:

"I can't think of any reason why I shouldn't say I like Tuxedo—because I do like it, very much."
