SENIOR SKULLS

Eleven Juniors "Tapped" Thursday

The men named below were "tapped" by the Senior Skulls after last chapel Thursday morning. The Senior Skull Society was founded in 1906 for the purpose of maintaining kindly feelings between the fraternities; bringing about closer unity of the student body; promoting the present college customs and establishing any new ones that may be deemed advisable. The membership consists of eleven Seniors chosen at the end of their Junior year for popularity and activity in college affairs. The 1914 Senior Skulls will be as follows:

Arthur Warren Abbott of Portland: Class Baseball (1) (2); Captain Class Baseball (1); Varsity Baseball (1) (2); Captain Varsity Baseball (2) (3); Class Football (1) (2); Class Basketball (1) (2) (3); Student Council (2) (3); Secretary Student Council (3); Secretary "M" Club (2); Aid Military Hop (1); Sophomore Masks.

Harold Purinton Adams of Bowdoinham: Chairman Military Hop Committee (1); Assistant Manager of Track (2); Manager of Class Track (2); Manager of Varsity Track (3); Athletic Board (4).

Benjamin Bennett Anthony of Wakefield, Mass: Sergeant (1) Lieutenant (2); President Freshman Debating Club; Sophomore-Freshman Debate (2); Assistant Manager of Varsity Baseball (2); Aid Military Hop (2) Manager of Varsity Baseball (3).

W. D. Towner, '14

TRACK CAPTAIN ELECTED

W. D. Towner, '14, Will Lead Team

At a meeting of those men who have won the varsity letter in track Thursday noon, Wayland D. Towner of Malden, Mass, was elected captain. This great honor has again fallen in the right place. "Pop" has been a hard and consistent worker ever since he entered college. He has won many points for Maine in both state and dual meets. He is also on the cross-country team. With a team such as Maine has and a leader like Towner, chances for another championship are very bright.

MAINE MASQUE HOLDS ELECTION

At a meeting of the Maine Masque Tuesday noon the following officers were chosen:—President Theodore W. Haskell; Vice-President, Mark Pendleton; and Secretary, Paul E. Chadbourne. The secretary was absent so Mark Pendleton acted as secretary pro tem. No other business was transacted.

1915 "PRISM"

The sophomore class held their election for their Prism Thursday noon. Robert P. Clark, of Lincoln was elected editor-in-chief, and James L. Gulliver of Auburn was elected business manager. The artist and other members of the board will be appointed.

COACH SMITH TURNS OUT THREE CHAMPIONSHIP TEAMS IN THREE YEARS

Has Just Signed Contract for Next Year

In reviewing the Track season at Maine this spring, there is one man who is generally overlooked when it comes to handing out the credit for Maine's great victory. This man is none other than Coach A. N. Smith. Coach Smith has now been at Maine for three years. Previous to this time he has had a long experience as a runner and has won many valuable prizes. After he quit the running game he took up coaching. After coaching several prep schools and smaller colleges, his great worth became apparent to the athletic world in general and was brought particularly to the notice of Coach Mike Murphy at the University of Pennsylvania. Coach Smith worked under Murphy for several years and Coach Murphy has said: "I never watch Smith work without learning something." After having ended his engagement at Penn, Coach Smith came to Maine in the latter part of 1910.

Smith's methods of coaching soon showed their efficiency and he won the State Track Championship in the spring of 1911, the first year he was here. In 1912 he lost the State title by the hardest kind of luck, only four points standing between him and another Championship. This spring found less available material to work with than the two years previous, but fighting against these odds he again turned out a team that well deserved the honor of winning the State title for the second time in three years. Last fall the Coach turned out a team from green material that easily won the State Cross-Country Championship. In all, three championships in as many years! Along with these Championships Smith has been successful in turning out a winning Cross-Country team in the fall of 1911, and also beat Bowdoin's fast relay team at the B. A. A. last February. By winning the Cross-Country title last fall and the track championship this spring Coach Smith has won two Championships for Maine in one college year.

Every one of Coach Smith's teams have been self-developed and of a well balanced order—
on training and always insists on following out his own original plans and methods. Smith has also been instrumental in turning out two championship football teams and with Coach Riley doing the coaching and Smith the training there looks to be a good chance to repeat next fall. All matters pertaining to training the football men have been decided by Coach Smith and he has always combined his efforts with Coach Riley in such a way that no friction has ever arisen between them.

Through the Coach's efforts the board track was built and this has been of no little value in the past three years, and this year won first place in the half-mile and all points in the mile and two miles.

Much of Coach Smith's success has been due to the fact that he has very independent ideas on training and always insists on following out his own original plans and methods.

Smith has also been instrumental in turning out two championship football teams and with Coach Riley doing the coaching and Smith the training there looks to be a good chance to repeat next fall. FRESHMEN WIN THEIR FREEDOM

End all Grievances With Sophomores is Annual Frog Pond Scrap in Mud

The freshmen and sophomores ended the old grievances Wednesday night in the annual frog pond scrap in the muddy waters of the Stillwater river. The class of 1916 to-day stands emancipated from the harsh stricture of the wily sophomores and the freshmen now can smoke their pips on the campus, wear derby hats and kid gloves, walk with their girls and feel free to do the numerous things prohibited the freshmen by the sophomores.

Shortly after 11 o'clock the freshmen gathered on the campus for the roll call, each man in the class being required to be present or the next day suffer the humiliation of being dragged to the river and thrown in. They then fell in line and started marching, and shouting, for the frog pond on the banks of the Stillwater river on the lower end of the campus.

The sophomores in the meantime had built large bonfires on the river banks and held their roll call. They then had drawn up along the river bank, waiting the onslaught of the freshmen. All was put in readiness for the big scrap.

At last the freshmen could be heard approaching. Down through the field to the river they came and in close range of the opponents rushed down the river bank, each freshman trying to bear a sophomore into the river. For a few minutes the struggle went on, freshmen and sophomores mixed up so that it was almost impossible for a man to tell whether he was encountering friend or foe. Each man tried to get his opponent into the dirty, muddy waters, and to wipe his face in the mud.

When at last the pistol sounded to end the fight, the men came up from the river covered with mud and dripping with water. The freshmen, all gathered around the big fire, leaving behind the old grievances of class differences in the muddy waters, and shouted and cheered each other and for Maine, the alma mater of both. The sophomores were glad when it was over for they were freed from further care.

FROG POND SCRAP IN MUD

The baseball team succeeded in "getting away" from the old scholar in the first game that the team has won this season; and also for the fact that Small, the pitcher for the College of Law team struck out eighteen men.

NOTE: By the Time of Exercise it is meant the time of the first exercise of the week in any given course. For example:

If a course is given Monday, Wednesday and Friday at 10.15, it is said to begin Monday at 10.15. By referring to Monday, 10.15 in the schedule, it will be seen that the examination falls upon Saturday 1.30.

Any instructor is allowed to continue an examination three or even four hours if it does not conflict with other examinations.

口7:30 recitation. Friday, 8:00. examination, Wednesday, 1.30.
□3:00 recitation. Friday, 8:00. examination, Monday, 1:30.
□1:30 recitation Wednesday, 2:20. examination Friday, 1:30.
□1:30 recitation Friday, 10:15. examination Thursday, 1:30.

CHANGES IN EXAMINATION SCHEDULE

NEW MAINE ALUMNI ASSOCIATION FORMED

A Letter of Announcement

Mr. J. CLYDE WALLACE,
ORONO, MAINE.

DEAR MR. WALLACE:

Some time in March I sent a letter to Mr. Ames, editor-in-chief of the "CAMPUS" in regard to the formation of a University of Maine Alumni Association here in Portland, but have not observed any notice of it in the "CAMPUS." As the letter also contained other personal matter to which I received no reply, I am led to believe that it was never received. Not being acquainted with the present editor, and at your brother's suggestion, I am sending the matter to you. It was through a light misunderstanding between Mr. Black and myself that the news of the organization was not forwarded to Mr. Ames before.

A permanent organization was affected on the 18th day of January. A short time previous to this nine of the alumni got together for lunch on the following notice of which appeared in the "Morning Oregonian" of the 12th of Journal. MAINE ALUMNI ORGANIZE

COLLEGE OF LAW

E. Frank Corlies, '13, is also back after a week's illness.

The baseball team succeeded in "getting away" with the Rockland aggregation in that city last Wednesday, by a score of 7-5. This game is worthy of mention in two ways. It was the first game that the team has won this season; and also for the fact that Small the pitcher for the College of Law team struck out eighteen men.

COLLEGE OF LAW

E. Frank Corlies, '13, is also back after a week's illness.

The baseball team succeeded in "getting away" with the Rockland aggregation in that city last Wednesday, by a score of 7-5. This game is worthy of mention in two ways. It was the first game that the team has won this season; and also for the fact that Small the pitcher for the College of Law team struck out eighteen men.
THE MAINE CAMPUS

Since the Mask Society was founded in the fall of 1911, it has been a constant worker for the best interests of Maine and has accomplished wonders in a short time.

The spirit in which this well timed change has been made must meet with the approval of every Maine man and we all unite in wishing the Junior Masks success and continued prosperity in their new field of labor.

We cannot expect to win every championship all in one college year but we do most offer that as an excuse for losing the baseball championship. There can be no one who feels worse about it than Coach Magoon and his men. They have worked hard and against very adverse conditions this spring. Nevertheless the Coach and the team deserve the congratulations of the student body for whom they have sacrificed their time. There is no use "crumbling" about our loss. If a man is not good enough to make a win as a good winner. Shake hands with the Coach and his boys, and better luck next year.

The baseball season has ended and Maine's hopes of winning every championship of the year has not been realized.

The Reason Why? Several circumstances have entered into the failure of the baseball team to secure this year's championship. Some of these were unavoidable but others should have been remedied. We cannot forsee injuries and unfortunate accidents to men whose places have been hard to fill have seriously handicapped the team. But the team has had another obstacle to battle against which should not be put in the way of any college team. The infield of Maine's home ground has been in wretched condition all season. A ball knocked on it takes many queer bounds and men playing the infield cannot run in on a ball with any degree of certainty of judging the bound. Because of daily practice on this kind of a field the men grow into the habit of laying in deep positions on slow hit balls, while men on visiting college teams have taken slow-hit balls on the run, the Maine infield has waited for them to come to them. One authority on baseball who has watched the work of the Maine team on their home ground and on the other diamonds of the state has made the statement that if the team had had a fast diamond to practice and play on they would have outclassed everyone else in the state. This statement is evidently true and is borne up by the fact that Maine has won every out-of-town game in the state series and has lost every home game. The men are simply afraid to work at top speed on a poor field. Every other college in the state has Maine far outclassed when it comes to a baseball diamond. This is true in spite of the fact that they have not one-half the number of students that Maine boasts of. It is up to every Maine man to pay the blanket tax and see that the team next year has at least as equal of the other diamonds in this state to play upon.

B. B. ANTHONY.

This issue of the CAMPUS is the last one, with the exception of the Commencement Number, for the current college year. We wish you all a successful, and happy summer, but remember that you are not yet safe to say on every occasion. Bring back that prep school man with you in the fall!

MAINE ALUMNI ORGANIZE

Graduates of New England State in Portland
Hold Informal Luncheon

In a small but extremely enthusiastic gathering of the Alumni of the University of Maine, now located in Portland, at an informal luncheon on Friday, the graduates of the University in this vicinity got together in a body for the first time. A temporary organization was formed, George H. Stewser '00, being elected temporary chairman, and William Black '07, temporary secretary.

Plans were made to hold a meeting in the near future to perfect the organization and elect permanent officers.

It is the idea to bring the alumni living in Portland into closer personal and social relations, and thru the organization give them a better means of keeping in touch with their Alma Mater, and also to be of practical assistance to any alumni who may desire to locate here.

At the meeting for permanent organizations the temporary officers were elected as permanent officers, and the name "The Pacific Alumni Association" adopted, and a constitution and by-laws were adopted at that time, the objects of the purposes shall be to bring into closer association the alumni and all frmer students of the University of Maine, now residents, or who may reside at any future date in Portland, or in a radius thereof within which they are located nearer or more conveniently to the Pacific Alumni Association than to any organization; to foster and sustain on the part of the members an interest in the University and all of its various activities, to encourage every one of these class endeavors to be of practical assistance to graduates and students who may desire to locate in the vicinity, and to unite with the other alumni associations and all graduates and students of the university in promoting and maintaining the welfare and prosperity of our Alma Mater.

The Association holds luncheons on the first and third Fridays of every month.

Those present at the first meeting for organizing the association were: J. G. Kelley, '84; H. D. Haley, '84; B. T. Harvey, '05; S. G. Elliott, '06; J. G. Wallace, '06; W. W. Black, '07; L. R. Moore, '06; E. J. P. Varnum, '06; G. R. Stewser, '00.

We have just received the news here of Maine's victory in the state track meet, and you may be sure we are wearing the smile that aaron-born off.

Very truly yours,

Geo. R. SWEETSER.

MILITARY INSPECTION

The annual inspection of the Military Department of the university was held on Wednesday morning last. The companies formed in the grounds at eighty-thirty and marched to Alumni Field where the inspection was held. The Battalion review was the first order of the day and this was followed by battalion drill. Next on the program came a review of and drill by each of the four companies and the exercises were concluded by the execution of guard mounting. The military band was at its best and won much favorable comment from those present. "Phil Shane, as drum major is certainly a hard man to beat. The entire battalion was dismissed at noon but assembled again on Thursday to turn in their equipment. The inspecting officer of the day was Capt. J. R. Shindel of the General Staff. The Captain has been on a tour of inspection of a large number of the military colleges throughout the country and returned to Washington the day before from here. He and Lew, Glass expressed themselves as well pleased with the work of the department but said we could see a great many chances for improvement yet."

William Walsh, Bates College, 1913, was a recent visitor on the campus.

Study Your Wheat Before You Harvest It

If the yield and quality are bad you must do better. If they are good it will pay you to make them better. A better fertilizer will do it. The usual wheat fertilizers do not contain enough POTASH.

Use 6 to 8 per cent. Potash, instead of 1 to 2, and balance the phosphoric acid of the bone or phosphate.

Tell Your Dealer about this now before the fertilizer salesman arrives. Write us today for our free book "Fertilizers." Write for price, stating quantity needed.

Why Should I Smoke Tuxedo?

TUXEDO is the logical smoke for millionaires because it is impossible to buy a better tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the average cost per pipeful only one-fourth of a cent!

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to make a tobacco as good as Tuxedo at less than the Tuxedo price.

TUXEDO is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original Tuxedo process which takes all the unpleasantness out of tobacco and leaves all the pleasantness in!

Tuxedo has a deliciously mild, fragrant aroma, that is pleasant to all. It is the only tobacco you can smoke in a room full of lace curtains without leaving even a trace of an odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin—today.

YOU CAN BUY TUXEDO EVERYWHERE

Famous green tin, with gold lettering, curved to fit pocket 10c Convenient pouch, inner, fitted with moisture-proof paper 5c

Illustrations are about one-half size of real package.

GEO. CURRY
GEO. Curry, ex-Governor, and ex-Congressman from New Mexico, says:
"Tuxedo appeals to me strongly on account of its cool, mellow, pleasant flavor. Therein lies its superiority to all other tobaccos."

L. S. BROWN
L. S. Brown, General Agent of the Southern Railway at No. 11 Martin, says:
"Tuxedo has gained and maintained a high reputation for superiority. Its coolness, mildness, and genuine soothing qualities are unimpeachable."

HENRY STICKART
Henry Stickart, City Treasurer of Chicago, says:
"I repeat Tuxedo is not only absolutely harmless, but genuinely beneficial. Tuxedo goes into my pipe always."

JAMES WILLIAM PATTISON
James William Pattison, artist, leader of the Chicago Art Institute, and now editor of the Fine Art Journal, Chicago, says:
"A pipe, a book, and an open fire. These are three delights I can recommend to any man. But be sure the pipe is filled with mild, fragrant Tuxedo if you wish to enjoy the three in the highest sense."

IRVIN S. COBB
Irvin S. Cobb, well-known humorist and short-story writer, author of "Back Home," says:
"I can't think of any reason why I shouldn't say I like Tuxedo—because I do like it, very much."
