TUFTS WINS

Maine Beaten 19 to 6 in a Hard Fought Game—Light Blue Scores Early But is Unable to Keep Lead

Before one of the largest crowds in the history of football at Medford, Maine, was beaten 19 to 6. The game was not a one-sided contest however; for during the early part Maine had the Tufts team on the run. At the opening of the game Maine took the ball at mid field and carried it straight down the field for the first touchdown of the game. After this Tufts took the offensive and by brilliant football scored a total of three touchdowns. Only one goal was kicked.

Maine has been handicapped during the last week by almost constant rainfall. As a consequence she was compelled to play a steady line plunging game. Tufts however had developed a brilliant and effective football machine. A dozen varieties of plays were run from the same formation. Tufts also made very effective use of the forward pass, three times getting long gains.

Maine won the toss and elected to kick off to Tufts. Gulliver brought the ball straight up in the air to O'Donnell, who was downed in his tracks by Sawyer. Parks opened the game up on the first play calling for a forward pass. Parks, fumbling and Baker recovering the ball for Maine on Tufts' 48-yard line. Maine's powerful line opened up a hole at right guard through which Martin tore for five yards. Donohue made 10 more at right tackle on a delayed pass. Cobb tried right end but Stankard bumped him after a one-yard gain. Holes in left tackle and guard let Maine and Donohue through for gains of six and four yards respectively.

The Tufts men seemed unable to stop these line plays in which two of Maine's line men shifted over to open a hole.

Martin made three yards at right guard, and after Donohue had been thrown for no gain while running the same hole, added seven more at left tackle. Donohue Gorham and Martin made a good 10 yards on the next three plays through Tufts' line, the Brown and Blue players fighting desperately as they were pushed back toward their goal posts. With the ball on the three-yard line, Donohue made one yard at right guard on a delayed pass and then carried the ball over on a shift play through left tackle. Cobb missed the gain by one yard.

Scores: Maine, 6; Tufts 0.

Gulliver kicked off to O'Donnell, who brought the ball into his 28-yard line before being downed by Bernheisel and Ruffner. A forward pass, Angell to Bennett, netted a gain of 15 yards and on the next play Westcott shot around left end for five more. Tufts' line played was off side on the next play, costing them five yards. Angell made this up through right tackle and Wescott got around left end and fought before Martin brought him down. Three yards at left end by Wescott gave Tufts first down. Parks got two at right tackle and on a fake kick, Bennett took a long pass from Angell for a gain of 30 yards. This play fooled the Maine men and had it not been for Cobbe, the Tufts captain could have easily scored. With the ball on their eight-yard line, the Maine team twice held Angell for no gains on line plumbs, but Wescott slipped away from Bernheisel on the third play and went across the line. Bennett missed an easy goal, the ball crossing directly over the west post.

Score: Tufts 6, Maine 0.

In the second period Wescott turned the left end for seven yards, this pass being followed by another of Tufts' brilliant forward passes. Angell shot the ball from a kick formation directly over the centre of the line to Parks, who broke loose for a 25-yard gain. Angell fumbled again. O'Donnell recovered the ball. Parks shot a pass to Stankard, who looked to be completely covered by Bernheisel and Donahue, but the little fellow made a great leap in the air and came down with the ball for a 10-yard gain. Wescott was held for no gain on his try at left tackle, but made it first down around right end.

Tufts' gains grew noticeably shorter as they approached the Maine goal line for the second time, but their smashing attack was irresistible. Angell, Parks and Wescott carried the ball to the three-yard line, and after Angell had added more yard at right tackle, Parks went through the same hole for a touchdown. Bennett kicked the goal. This was the only score in the second.

After Wescott lost six yards in the third period, Tufts went straight down the field for her last touchdown. Angell made five at left tackle, then shot a forward pass to Parks again over the centre of the line, which was good for 15 yards. Angell made eight and one yards at right tackle and left guard, respectively, then Wescott tore through the Maine line for the second touchdown. Bennett kicked the goal. This was the only score in the second.

The annual Pumpkin Meet was held last Saturday afternoon on Alumni Field and resulted in a walk-away for the Freshmen, the final score being 82 to 31 in their favor. The Freshmen have an unusually large amount of track material among which are several stars which should strengthen the varsity team considerably. The only events in which the Sophomores showed any strength that all were the half and mile, taking first and second places in these.

For the freshmen, French, '17, won the most points, taking in all 20 points in the high and low hurdles, high and broad jumps, and shot put. Phelps '16, was high man for the Sophomores with a total of 8 points.

In the cross-country run, which started about two o'clock the men filed in the following order: 1st, Town '17; 2nd, Bell, '16; 3rd, Preti, '17; 4th, Dempsey, '17; 5th, Gereich, '17. This added five points to the freshmen's score in the meet.

The officials were Ferguson, '14, starter and referee; clerk of course, H. P. Adams; judges at the finish, Morse, '14, Haskell, '14, and Skofield, '14; and judges of field events, B ailey, '15, Monohon, '14, and Higgins, '14.

Following is the summary of events:

100 yds.—1st, Rice, '17; 2nd, Prout, '17; 3rd, Barrett, '16.

440 yds.—1st, Meobb, '17; 2nd, McKeen, '17; 3rd, Howard, '16.

880 yds.—1st, Phelps, '16; 2nd, Ashton, '16; 3rd, Crowell, '17.

One mile—1st, Robie, '16; 2nd, Phelps, '16; 3rd, Laby, '17.

Low Hurdles—1st, French, '17; 2nd, Robinson, '16; 3rd, Kilham, '17.

High Hurdles—1st, French, '17; 2nd, Small, '16; 3rd, Robinson, '16.

High Jump—1st, Meobb, '17; 2nd, French, '17; and York, '17, tied.

Broad Jump—1st, French, '17; 2nd, Pierce, '17; 3rd, Meobb, '17.

Pole Vault—1st, Sawyer, '17; 2nd, Page, '17; and Russell, '17, tied.

Shot—1st, Moulton, '17; 2nd, French, '17; Gray, '16.

THE MAINE CAMPUS

DEAN WALZ DELIVERS AN EXCELLENT LECTURE

His Subject: "What Is Expected of the Young Man Preparing to Enter the Bar," Received with Interest by Student Body

I solemnly swear, that I will do no falsehood, nor connive to the doing of any in court, and that if I know of the intention to commit any, I will give knowledge thereof to the justices of the court or to some competent officer thereof; I will not, willingly or unwillingly, promote or sue any false, groundless or unlawful suit, nor give aid or comfort to the same; that I will hold my tongue for law or malice, but will conduct myself in the office of an attorney within the courts according to the best of my knowledge and discretion, and with all good fidelity, do well to the courts, as to my clients. So help me God.

"Such Mr. President, ladies and gentlemen, then of Maine, is the oath of an attorney as presented by the will of the people in the revised statutes. What is expected then of the young man preparing to enter the bar, as well as of an attorney at the bar; it is that Honor and Conscience shall rule all his actions. If you follow your ancestors back to Plymouth, then to England and from England across the North Sea to Germany, you will find that the earliest protocols of which we find record are these three, 'A man, a word; 'Old men for council, young men for war,' and 'The will of the people is the will of God.'"

"Honor meant that a man must be true to himself, true to his leaders, true to the will of the people. It is laid down in the law as an expression almost of divine will. This threefold loyalty has for war, 'The will of the people is he will of God.'"

"Honor meant that a man must be true to himself, true to his leaders, true to the will of the people. It is laid down in the law as an expression almost of divine will. This threefold loyalty has for war, 'The will of the people is he will of God.'"

"Honor and conscience are binding not only upon the lawyer but upon the citizen as well. This great paramount obligation of human life has been well put in the great words of Christ, 'Render unto Caesar the things that are Caesar's and unto God the things that are God's.'"

"Attorney as a citizen is under the same obligations as his fellows and is under special obligation as an attorney for Honor tells him to give to and secure for his client all that belongs to the court what belongs to the court. Whose officer he is. In other words, while securing the rights of his client, he must remember the doing of justice. In fact, he is first an officer of the court, and then an agent for his client."

"The second great duty resting upon these is to enter to the culture of the legal profession to develop reasoning power to the utmost. There are many studies will do this, such as mathematics, logic, philosophy, economics, history, history, especially, must be studied from the purely economic and material point as well as from the idealistic and spiritual point of view. Abraham Lincoln did not commit Euclid to memory but he had mastered his greatest propositions. In studying any of the subjects the great question must be Why? and Wherefore? A man should never pass on without having made an honest attempt to answer this question first."

"The third great obligation resting upon those who wish to enter the legal profession is to cultivate the power of correct and adequate, persuasive and argumentative expression. The study of Latin, Greek, German, French, is excellent if accompanied conscientiously with translation into the best possible English of which you are capable. This fact is doubly true if men wish to become lawyers. The purpose of argument and debate's best studied by a study of the best arguments, examples, Demosthenes, Cicero and after a great interval, Burke, the two Pitts, Fox, Sheridan and above all, of cultivating the power of expression in everyday conversation."

"What is awaiting you in the future? Go to it! Go to it like men and your success is assured."
SECOND TEAM VS. E. M. C. S.

The speedy second team which showed up so well a week ago against Orono High journeyed to Bangor Saturday, and held the Eastern Maine Conference Seminary to a 6-6 tie. The Bucksport team had an excellent record up to the Saturday's game and expected to have a walk-over. They met a stiff proposition, however, in the second team and had to be content with a tie. Coach Whitney has been giving the men good practice during the week and has developed a fast eleven. The game was marred by a lot of rough plays and several Maine men were badly bruised. Smith, Bidwell and Erswell sustained slight injuries but will probably be in condition by next Saturday. The game was played under rather unfavorable conditions as the field was nothing but mud. Both sides tried hard in the first two periods to overcome this disadvantage but did not succeed, the play being in the center of the field for the entire half. In the third period the Eastern Maine left half back intercepted a forward pass and ran 60 yards for a touchdown. The second team came back strong in the final period and rushed the ball by line plunging for the touchdown which tied the score. At the close of the period Hiller recovered a fumble and had a clear field for another touchdown but lost his footing in the mud and was tackled before getting under way again. The Eastern Maine team presented a hard fight but could not penetrate Maine's line to any extent. Allen Cook '12, is coaching them so it is easily understood that the second team was up against nothing very easy. The second team lined up as follows: Erswell C., Peterson, R., Campbell, Ig, Mahoney, Bidwell, Pomeroy, rt. Drake, re. Smith qb, Dingley lb, Hiller rlb, Sargent fb.

TRACK CLUB HOLDS FIRST MEETING

Last Thursday night the Track Club held its first meeting of the year at the Sigma Chi House. Two committees were appointed, an entertain- ment committee and a committee to take charge of the refreshments on the Special Train to the Bangor football game. The proceeds of the entertainments and of the refreshments are to be used for the promotion of track athletics at the University.

LOCALS

Harold Hodgkins '15, left Friday for his home in Waterville.

Candidates for the Freshman football team have been called out for practice Saturday.

H. O. Burgess '13, visited at the Alpha House Friday.

H. O. Burgess '13, spent Sunday at the Alpha House.

M. E. Patten '15, spent Sunday at his home in Carriedale, Me.

C. F. Nickerson was in Portland, Me., during the first of the week.

C. S. Cleaves '12, was at the Phi Gamma Delta house Friday.

Walter E. Scott '04, was on the Campus Friday.

William F. Keyte '16, left Thursday to spend the week end at his home in Dexter.

Gerald A. Rounds '14, made a trip to Portland Thursday.

"Ted" Davis '13, was on the Campus for the week end.

Bice '17, White '18, Ferguson '14, and Jones '17, were in Newport Saturday and Sunday.

EDITORIAL

All up for the State Series! Bates will try next Saturday to defeat Maine and place herself in a position to capture the State Championship. The latter sentence may seem like suxerous but it is far from such. Bates has more than an even chance of defeating Maine this fall. Last year Maine only won by the narrowest of margins. The two previous years were victories for Bates. The Maine victory this year will be won on the side-lines. If you cannot believe that statement simply attend the mass meeting Thursday evening and see for yourself whether the crowd there look like losers. Practice is necessary to win on the side-lines as well as on the field. Therefore you will honor Maine by your presence on the evening mentioned and possibly put yourself in a position to win a "side-line victory" for the team on Saturday next.

The Track Club was organized last year at the University for the promotion of track athletics. In one sense it has accomplished its purpose already. The Pumpkin Club has demonstrated the fact that there is much material in the freshman class capable of being developed into championship form. In another sense the Club has yet to fulfill its greatest purpose. After inducing so much good track material to come to Maine, it remains for the Track Club to see that every opportunity is given these men to train and to make good in their studies. A thousand more athletes might not win the Meet without training. The Track Club will do all it can to see that these opportunities are offered. It is therefore up to the student body to help rather than hinder in the accomplishment of this purpose. It is hard enough for a man to train even under the best of influences. Put him in a fraternity house or in the dormitory and the difficulty becomes doubled. A man is constantly tempted to smoke and to run out evenings. It is also difficult especially in the dormitory, to obtain proper training food. It is never necessary to ask Maine Men to do any thing. With the opportunity for accomplishing something for Maine clearly pointed out, good results are always obtained. In this article we have made clear four points for you to consider. Aid every available track man in his studies as much as possible. Do not tempt nor permit a man in training to smoke. Do not let him keep late hours. Remembering that an athlete's stomach is his best friend, see that he is provided with proper training food.

AMERICAN CHEMICAL SOCIETY HOLD MEETING AND BANQUET IN BANGOR

Several Interesting Speeches

The Maine section of the American Chemical Society held its fall meeting and banquet at the Bangor House, Friday evening, Oct. 17. The meeting at which the paper and pulp industries especially, were largely represented, was one of the most interesting ever held here.

Following the banquet a short business meeting was held being presided over by the President of the Section, Mr. Larcher of Oldtown. A resolution was carried congratulating and offering its cooperation to the Maine Academy of Science, which was formed at Rockland, Me., August 15, 1913.

The first speaker of the evening was Prof. R. H. McKee who gave a brief account of the various important chemical meetings he had recently attended.

"A Half Century of American Chemistry," was the topic discussed by Prof. C. F. Malbery, Professor Emeritus of Chemistry at the Case School of Applied Science, Cleveland, Ohio, and now engaged in research work there. Professor Malbery was born in Maine and has an ideal farm at North Gorham, Me. In his talk he showed how chemistry had developed in the United States during the past fifty years. The speaker also gave a most interesting history of some of the practical work in which he had been vitally concerned. This included "Smelting by the Electric Current," "Petroleum and its by-products."

Mr. Griffin of Oxford Paper Co., read a most important and practical paper upon, "The Commercial Value of Wood for the Pulp Industry."

The Chemistry Department at the University will soon be able to aid the pulp and paper interests of the state in a practical way. This was shown by the speakers following Mr. Griffin. Dr. McGhee described in detail the various new courses in Pulp and Paper given at the University and Mr. Durgin briefly of the "Equipment for the Study of Pulp." J. N. Stephenson gave the second discussion of the evening upon the subject, "Experimental Paper Plants" and during his address showed those present that students at Maine would soon be producing actual paper.

NEW LOCKERS INSTALLED

Three hundred and thirty new steel lockers, have been installed in the locker room in Alumni Hall. These take the place of the old wooden ones that were removed this fall. Three hundred and thirty were in the locker room and thirty in the rumb, the latter being for the exclusive use of varsity teams. The price of the former will be $1.00 per year plus a 50¢ deposit for key. The lockers in the rumb room will be free to varsity teams, but a deposit of one dollar will be required. The lockers are now ready for distribution.

"CAMPUS" ELECTION

At a meeting of the CAMPUS board in Alumni Hall, Monday, three new men were added to the board. They were J. E. Doyle '15, N. L. Mathews '15, and E. D. Potter '16.

F. D. Free's resignation, as managing editor was accepted.

Previous to the meeting candidates for the board were given their instructions by Editor Ferguson.

WRIGHT & DITSON

Headquarters to ATHLETIC SUPPLIES
Base Ball, Lawn Tennis, Golf, Basket Ball, Track and Field Sports. Foot Ball and Hockey Goods.
College students and athletes who want the real, superior articles for the various sports should insist upon those bearing the Wright & Ditson Trade marks.
