# REPORT OF THE CHIEF ENGINEER.

CITY OF PORTLAND.

CHIEF ENGINEER'S OFFICE, }  
March 31st, 1851. }

TO THE HONORABLE MAYOR AND ALDERMEN :

*Gentlemen:*—Your order of 20th February, instructs me to lay before the City Council the following Report, which contains the names of the officers and members of the Fire Department at this time. Also a schedule of City Property in their care, with the location of the same. Also, the number and location of reservoirs and wells, together with the number of fires and alarms the past year, with the amount of loss and amount insured, as near as can be known.

And, gentlemen, allow me to say that at no time within the last five years, have I known a better feeling existing among the members of the Department, than at present ; which I think is proved by the courtesy shown, one to another ; by their prompt and efficient action when called to duty ; by the favorable expression of public opinion, and by the attention shown them by the present City Government in answering their many requests, all of which I think they are individually entitled to, with the single exception of him, who most respectfully presents the above, and is your humble servant,
