## ANOTHER CHAMPIONSHIP

### Maine Defeats a Field of Eight Colleges With Dartmouth a Close Second

1916 Wins Its Second Football Game

Saturday, Nov. 14, at Hanover, the cross country team, Towner, Brooks, Bell, Preti, Dempsey, and Gerrish added another championship to the University's increasing list. Maine won because they had the most balanced team of any of those entered, and they showed superior judgement and coaching throughout. It was this latter quality that stood out most prominently and Coach Smith has been amply repaid and has at last come into his own. The New England Championship is a great honor and is bound to stand out most prominently amongst our achievements in athletics. Bell and Preti furnished the spectators one of the

the four-mile mark was reached, when Maine took the lead and held it as a whole to the finish.

Capt. Marceau left Benson at the four-mile mark, at the top of a wicked hill and his lead from then on was never threatened.

There were no accidents aside from a few spills and none of the runners were even scratched. Two hills on the course served to kill off the pacemakers at the two and four-mile points.

The winning of this run Saturday makes the Maine runners the undisputed cross-country champions of New England, as they won successively from Dartmouth

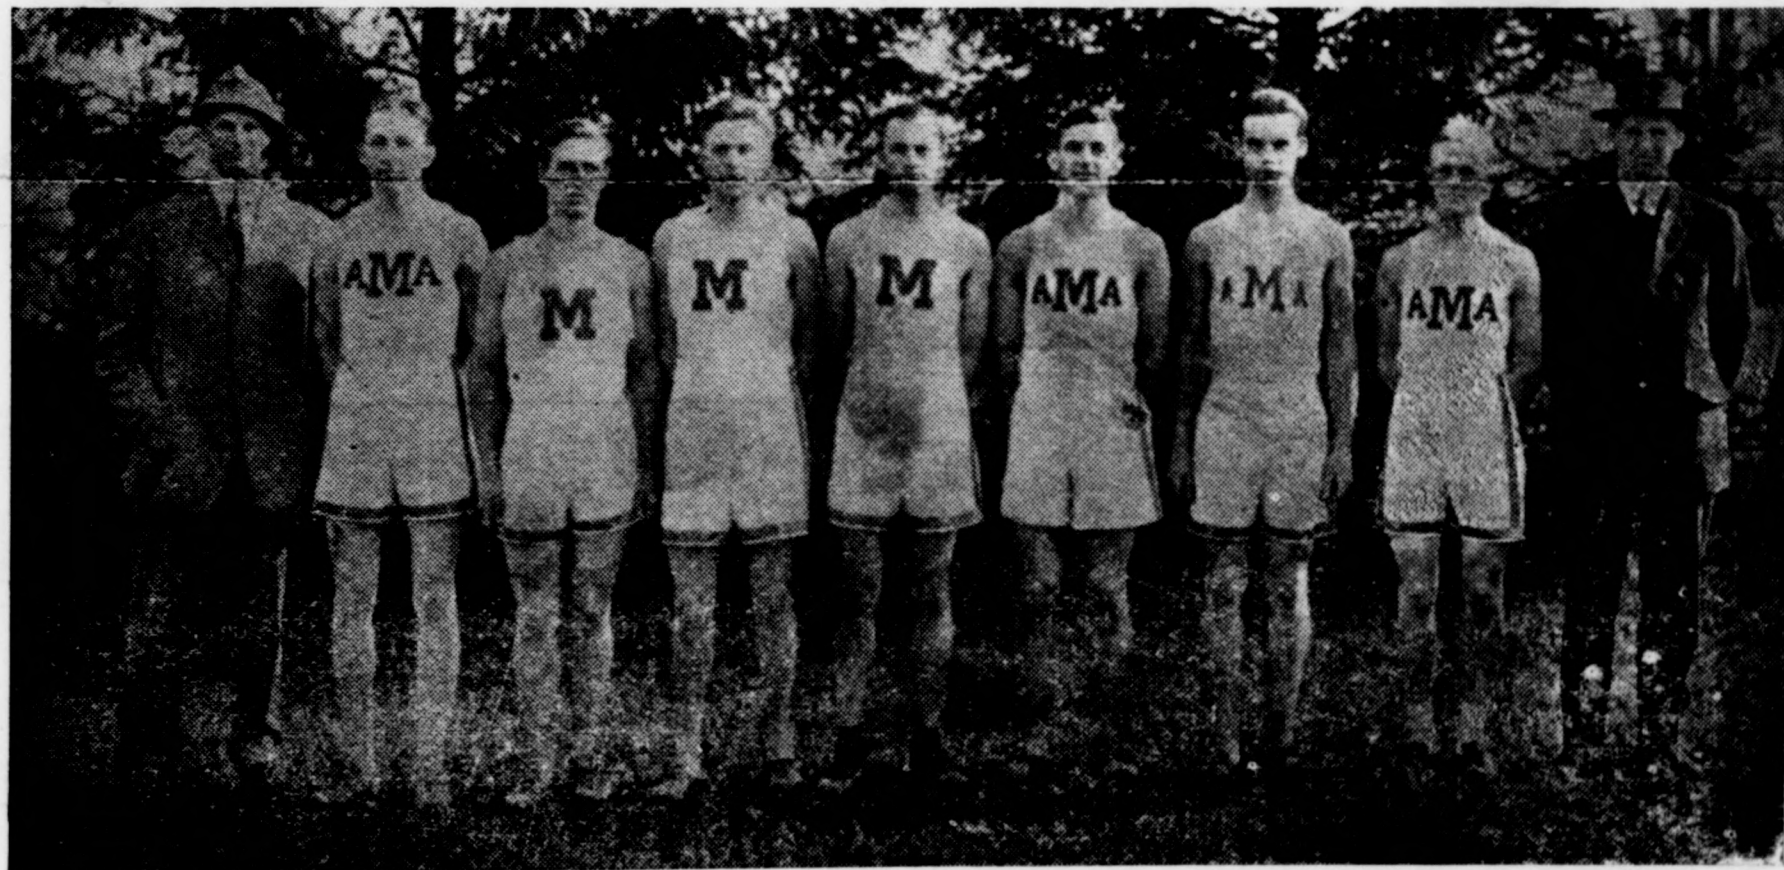

this sort among all the colleges in New England will help to put Maine on the Athletic map.

The summary:

|-------------------------|----|--------|
| Marceau, Dartmouth..... | 27 | 37     |
| Bell, Maine.....        | 27 | 44     |

In the same manner and means that Charlie Ruffner placed the crimp in Colby's ambition, in the same way that Charlie Brickley smashed the aspirations of Hobey Baker's Tigers, likewise did little Cal DeWitt, standing on his nineteen yard line, toe into oblivion, the aspirations of a freshman victory over the sophomores in their annual muddy clash. DeWitt's pretty boot came in the third period after the upperclassmen had been outplayed for two periods by their younger brethren and proved to be the only score of the game.

The conditions for the annual slaughter were admirable. The field was covered with mud and water and the weather was cold. But the 1917 youngsters were not to be bothered by any such condi-

finest races at the finish ever seen on the Dartmouth Oval.

The scores were: Maine 40, Dartmouth 44, Colby 69, M. I. T. 79, Brown 124, M. A. C. 163, Amherst 178, Williams 208.

Capt. Frank Marceau of Dartmouth finished first in 27m 37s for the 4.7 miles course. Bell of Maine was second, 50 yards behind Marceau and his teammate, Preti, was third. The race was run under local conditions, a clear sky, a sharp chill in the air and a model course in the best of shape.

The runners took a fast clip at the start. After the first mile, the pace slackened and the Maine and Dartmouth runners drew a way from the others. The same relative positions were held until

in a dual meet, the cross country championship of the Maine colleges and the New England Intercollegiate title.

#### COACH SMITH'S TRIBUTE

When interviewed yesterday Coach Smith spoke the following words in praise of the team.

Maine ran a fine race and every man deserves a lot of credit. This is the first New England championship ever won by the University of Maine and I hope this victory will lead to still better results in the future. The run at Hanover was very hard and the race itself was a heart breaker all the way. The fellows certainly deserve a lot of credit for their work for they certainly have done much towards placing Maine before the public and it can be truly said that victories of

tions for two periods anyway, and the way they went after the sophs was a caution. Their two ends guarded by the diminutive Jack Freese and the diminutive Shorty Hale, set a standard of play that the rest of the team strove hard to keep up. These two youngsters tipped a strong, fighting, defensive line, but the big Bidwell was too big, and time and time again did this same Bidwell drive back the freshman attack. However it was the sterling secondary defence that clipped the freshman advances, for with Captain Kirk, Dingley and Fox the "elders" had a great combination for backing up a line. The teams were pretty even, and as the afternoon advanced the spectators looked for a no

Three big victories and as many championships in ten days! What better opportunity will the student body have to show their loyalty to the boys who have worked so hard for us all the fall. To-night at the Bijou, Manager Boggett and the officers of the Athletic Association, have a royal celebration planned for our football and cross-country champions. There will be speeches by President Aley, members of the teams, and undergraduates.

This will be our first, last, and only chance to show the cross country team that their work is appreciated by the student body.

Remember to-night fellows. Every man ought to pay tribute to men who have brought so much athletic glory to Maine. The To-Night grand final celebration for this all is at hand. Let every Maine man turn out and, with all pulling together, celebrate in such a way that our athletes will appreciate; that other people will notice and admire; and we ourselves will be satisfied with and enjoy. The plans of the committee are as follows: Special cars will leave the campus at 6.10 and 6.40 for Bangor. The celebration will open at the Bijou theatre where the football and cross-country teams will be the guests of Mr. Boggett.

The whole lower floor will be reserved for Maine men. We should pack the hall and show the real old Maine spirit all the time. Lets put our share of pep into the show. Think of some of the shows we have run and make this most

lively of all. The theatre will be decorated in Maine colors. All will surely enjoy this part of the celebration.

At the close of the show the student body will form outside the theatre and headed by the college band have a triumphal parade through the main streets of Bangor. Plenty of red fire, fireworks, etc., will give color to the scene.

This program is certainly all right. The committee have done their work well. The success or failure of this, our last chance to celebrate this fall, rests with you, the student body. Let all be there both in body and in spirit. Remember the time of the special cars for "it looks to me like a big night to-night."

Do you fellows know that only eight blanket taxes remain to be paid at Bowdoin. This fact is something for us to take notice of. That a college that is having such very poor luck in Athletics should have the universal support of the student body while the University of Maine after adding three championships to her fine record is having a hard time to collect 75 per cent of the taxes due the association is something that should make every Maine Man feel ashamed. To think that we cannot give this small financial backing to the fine teams that are making the University famous must make every one of us condemn himself. Keep your self respect! Pay your Blanket Tax.

## ALUMNI ATTENTION

## TO THE ALUMNI:

Early in October I finished the mailing of nearly 2,000 return cards to Maine alumni asking for data for the new Alumni Directory. To date I have received barely 1,200 replies. Less than 100 cards have been returned unanswered. This means that about 700 Alumni are neglecting to send in the desired information. It was hoped that the new Directory might be published soon after the holidays, but this will be impossible unless more data is secured. Will all alumni who have not yet mailed their cards please do so at once? If no card has been received please answer the following: class, degrees, address, residence, address business, occupation and position, and fraternity.

F. B. AMES,  
Sec. to the President.

## EXCHANGES

In the University of Illinois a week is set apart every fall to give the "old grads" an opportunity to get together again and renew their pleasant associations with the University and witness one of the big football games of the season.

It is the intention of the corporation of McGill University to erect a series of dormitories to accommodate all the students, and to cost in the neighborhood of \$2,000,000. They also expect to build a new armory and new gymnasium.

At the University of Pennsylvania the required physical work is placed on a new basis. Instead of the regular gymnastic exercises the classes are required to spend two hours a week in any one of the following sports: basketball, track, cross-country, swimming or walking. In basketball, the men are divided into teams and these teams play two games each week. In order to keep up interest in this event the two teams having the highest scores play a championship game at the end of the season and the winning team is awarded a shield inscribed with the players names, to be hung in the gymnasium. Likewise in the other sports there are several prizes offered.

score tie; but they had not reckoned on the headwork of Coach Cobb; and this same Cobb has been known to use his head before. It was his decision in sending DeWitt in to relieve the redoubtable "Mike" Driscoll at quarterback and to kick the winning drop that sent the freshmen to defeat.

Captain Kirk opened the game by a kick that got only as far as Drake, the center on the freshmen eleven and after eluding the grasp of this gentlemen and several others of both classes, it was recovered, after a lot of slipping, by Freese; whose following of the ball all the afternoon was good. The sophomore line successfully withstood the line attacks of Kallock and Blethen, and Hiller was thrown for a loss. Blethen then punted out of danger to Driscoll and the latter misjudged the ball. After another elusive journey the ball was found close to the little breast of Mr. Bidwell of the sophomores but he was hugging it on his four yard line. Driscoll immediately called for a punt and it was plain that Kirk's bad knee was bothering him as the kick was bad, and went outside on the 27 yard line. Here the nervous freshmen again took up the attack and on a trick play Hale made 12 yards. On the next play, Smith called for a delayed pass and Hiller was sailing along at a merry pace when he was tackled simultaneously by Dingley and Fox. He went down with a crash and lost the ball, Kirk recovering. Dingley got a couple at center but Freese nailed Fox, and Drake stopped Dingley. Kirk punted to Kallock and Tufts stopped him after a four yard return. Hale got four yards on an end around play and the quarter ended with the ball on the 27 yard line.

The second period opened as did most of the others with the customary fumble and McIntyre got the ball. The freshman line was not to be punched, and again Kirk was called on to kick, Don Smith getting the ball and taking it to the thirty yard line. A forward pass was then tried and although Freese was clear and it looked like a sure Freshman touchdown, the slippery ball bothered Hiller and the pass was far too short. After a plunge or two Smith went back for a drop kick but the spheroid collided with Mr. Bidwell's chest which leaned against one or two punts also, during the afternoon's session. The freshmen recovered the ball however, Blethen landing on it. Kallock fumbled while attempting an end run and Bower recovered. After a rush or two, time was called for the end of the first.

The field was in wretched condition when the players resumed and fumbling occupied a greater part of the last two quarters.

Hale kicked off to Driscoll and the first semblance of real football was shown when the fiery sophomore quarterback shot behind excellent interference to the center of the field, where he was nabbed by Hale. It was evident that the upperclassmen were out for blood for Fox tore around Hale's extremity behind great interference for five yards. He followed this up with five more at the opposite skin tackle. Driscoll, on a kick formation then journeyed clear to the 15 yard line before being dragged to earth but here the freshmen stiffened and two rushes availed nothing. Coach Cobb then sent in Charlie Brickley DeWitt who respected the confidence Coach Cobb had in him, and dropped a neat goal from the field.

From then on, the freshman's light of hope glimmered less and less and the 1916 crew kept up their advantage by again getting within striking distance, line plunges behind Bidwell and skin tackle plays proving the ground gainers. From the centers of the field the ball was taken to the 27 yard line, where DeWitt again tried a Brickley. His direction was excellent but the ball, soaked with water and covered with mud fell short a few yards.

The rest of the period was featured by the punting of Blethen who got off some pretty kicks with the water soaked ball.

The fourth period brought out a new star in Higgins, whose work on the defensive occasioned lots of comment. The freshmen fought hard for a score, but the sophomore aggregation, with its three point lead were determined resisters and although Drake's interception of a forward pass and great rushing by Kallock, Higgins and Blethen brought the ball into sophomore territory, the punch was lacking and Blethen was forced to kick. The ball was in center of the field during the latter part of the period and after several exchanges of punts the same ended. The line up:
