## ATHLETIC ASSOCIATION ELECTION

### H. C. White Elected Manager of Football

The following men were elected to the various positions as manager or assistant manager at the election held Monday: Robert P. Clark, Manager of Tennis; Harold C. White, Manager of Football; J. Lowell Whittier and Fred H. Curtis assistant managers of football; John A. Burke and Calvin M. DeWitt assistant managers of baseball; Lawrence E. Philbrook and Irving C. MacDonald assistant managers of track. The total vote cast was 356. This vote though close was a very small one.

The election of Harold C. White of Bangor meets with a great deal of approbation. He was manager of his class team his sophomore year and is very much interested in the teams. Among his other honors are: Leader of the Bangor Club, Sec. of the Athletic Association, Sophomore Masks, Assistant manager of Varsity Football, Junior Masks.

The two sophomores elected as assistant managers of football are both hard workers and should make good assistants. J. Lowell Whittier of Biddeford was manager of his class team this fall, and served as chairman of the Freshmen cap committee and is on the executive committee of his class this year. He was a member of the Dramatic Club last year. He is taking the Agricultural course and is a member of the Phi Kappa Sigma fraternity and the Sophomore Owls.

Fred H. Curtis, of Addison was manager of his class team his freshman year. He is a member of the Campus board, a speaker on the Sophomore Declamations and served on the Military Hop committee last year. He prepared for college at Coburn Classical Institute and

is a member of the Alpha Tau Omega fraternity and the Sophomore Owls.

Robert P. Clark of Lincoln, who was elected manager of Tennis is a member of the Alpha Tau Omega fraternity and the Junior Masks. Among his honors are: Class Track (1) (2); Captain Class Track (2); Varsity Cross Country (2); Campus Board, (2) (3); Managing Editor Campus (2) (3) Editor in Chief Prism (3) and Class Executive Committee (3).

The two sophomores elected assistant managers of baseball have worked hard both last spring and this fall and deserved the election. John A. Burke of Portland was manager of his class team this fall. He is a member of the Alpha Tau Omega fraternity and the Sophomore Owls.

C. A. DeWitt of Brewer served on the freshmen pipe committee last year, is a member of the Musical Clubs and played on his class football team this fall. He is a member of the Phi Kappa Sigma Fraternity.

Irving C. MacDonald of Portland and Lawrence E. Philbrook have both worked faithfully in the long track seasons of last year and this fall. MacDonald prepared for college at Portland High School. He was manager of his class track team this fall and served on the freshmen hat committee. He is a member of the Phi Eta Kappa fraternity and the Sophomore Owls. Lawrence E. Philbrook of Shelburne, N. H. is a member of the Beta Theta Pi fraternity and the Sophomore Owls. He was chairman of his class pipe committee and of the Sophomore Calendar Committee. Both Philbrook and MacDonald are taking the course in Agriculture.

### MEETING OF "M" CLUB

The "M" club held its first meeting of the year at the Alpha Tau Omega House on Thursday evening. The officers elected for the ensuing year are: Pres., W. H. Martin; Vice President, J. L. Gulliver; Secretary, G. H. Bernheisel; Treasurer, O. C. Lawry. During the meeting plans were discussed for a Poverty Ball, which proved so successful last year. The matter of issuing a postcard containing pictures of the various athletic teams was also brought up but no definite action was taken. It's a safe bet, however that this busy organization can be relied upon to keep things moving during the coming year as they have already proven their ability to do so in the past.

Georgia Tech. has established a co-operative engineering course in which students attend lectures one week and work in the shops of Atlanta the next week for wages.

### LOCALS

Arthur Houghton, '11, of Portland, Maine, spent the week end at the Alpha House.

H. O. Burgess, '13, was at the Alpha House Sunday.

James Halderman, of Detroit, Mich., was on the Campus this week.

The Wesleyan Argus reports: The smaller colleges not satisfied with being left without recognition, after each season's sports are over, are considering the formation of an association of the smaller colleges of the East, so that they can get the proper rating from the various sporting writers. It is said that the minor league will be made up of twelve institutions, namely: Wesleyan, Williams, Amherst, Trinity, Maine, Vermont, New York U., Fordham, Colgate, Syracuse, Rutgers, and Stevens.

### PHI ETA KAPPA ENTERTAINS

### HOUSE PARTY

#### Lambda Chi Alpha Entertains

The Beta Zeta of the Lambda Chi Alpha held an informal house party at the chapter House, Saturday evening, November the 22nd. The house was tastefully decorated with College and Fraternity colors. The following guests were present: Mr. and Mrs. James Mathews; Miss Frances Lougee; Miss Jessie Sturtevant, Miss Frances Gonyer, Miss Mary Willard, Miss Helen Maloney and Esther Kelley of Orono. Miss Cora Byther, Miss Bessie Joyce, Miss Mabel Carey of Stillwater; Miss Vivian Congdon of Old Town, and Miss Mildred Parker, Miss Lola Eastman, Miss Ruth Crowel and Miss Susie Goodwin of Bangor. Music was furnished by Johnson and Overlock of Bangor. Mrs. Mathews acted as Chaperone.

Trinity College has that interesting and worthy custom of holding "College Songs." Usually these are held on the campus, but owing to the inclemency of the weather they are being held in the chapel. All the students and members of the college are expected to, and do participate in this excellent custom.

The 79th annual of the Delta Upsilon fraternity was recently held in Rochester. The program included a smoker at the Chapter house, a ball at the headquarters, a banquet, and attendance upon the football game between Rochester University and Hamilton.

## EDITORIALS

Now that the Athletic Association elections are over, and the writer can not be said to be partisan it might be remarked that perhaps there is something radically wrong with our system of electing managers. Under the present conditions a very small percent of the number of eligible voters cast their ballots. Of those who do vote there are at least 10 per cent and possibly more who do not know who they are voting for. Of the number of voters who know personally the men on the ballot, how many of them know anything at all about the work which the various candidates have done since they first aspired to one of the managements? Very few indeed, is the answer. Is it proper that such a large number of incompetent voters should choose who shall manage our athletic teams? These few remarks may serve to excite some comment on our present system and possibly result in the proposal of some better method of electing managers. As soon as possible a system will be worked out and published for the approval or disapproval of the student body.

The *Campus* will not appear again until December ninth, due to the Thanksgiving recess.

## INTERCOLLEGIATE NOTES

A high tension laboratory for the use of the electrical engineering department is in course of construction at the Leland Sanford University.

The John Hopkins University of medicine plan to expend \$1,500,000, the gift which the Rockefeller General Education Board made late in October.

Word is received from the Virginia Polytechnic Institute that the Mechanical Club of that school will secure a charter in the American Society of Mechanical Engineers.

The gymnasium of Dartmouth is so large that a full sized baseball diamond can be laid out on it. This has already been done and daily practice has been held on it.

The number of unconditioned Freshmen at Williams College is the largest within the last six years, no less than 59 per cent of the men of '17 taking the full Freshman course. The number of students entered is 137, showing a slight decrease in registration.

Three new prizes have been announced at Colby, by President Rogers. These prizes, which were given by the class of 1888, were established last June. They consist of two prizes of \$35 each, one for the best thesis written by a senior in the men's division, and the best thesis by a Senior co-ed. A prize of \$30 is open to juniors in the men's division.

Harvard is also after \$2,000,000 for a new gymnasium. The first actual contribution was made recently, when the undergraduates turned in the \$25,000, they had promised. Gifts from wealthy Harvard Alumni are expected, and as soon as a sufficient capital is collected, the work of drawing up plans will be begun.

New York University has added two more courses to its already large curricula. These courses are in journalism and in Medicine. Under the course in journalism, special attention will be paid to reporting and writing the daily news. The new medicine course is devoted to the study of public health and sanitation.

Dr. Gordon, director of the University of Pennsylvania Museum, has secured the great Sphinx, one of the greatest and most valuable specimens of Egyptian antiquity, in the United States, with the possible exception of Cleopatra's needle. The Sphinx arrived in Philadelphia last week.

Acting on an application made by the Kappa Sigma fraternity, the trustees of New Hampshire College have voted that

the college may lease land to student fraternities. This should greatly relieve the situation, as heretofore, the authorities have been forbidden to sell any portion of it, by a clause in the will of William Thompson, who gave the land to the college.

## PLANS OF THE RIFLE CLUB

## Trials for Teams to Begin This Week

The individual competition matches of the rifle team begin on Monday, Nov. 24th, and continues three weeks. From the results of these matches, company teams of five men each will be picked, as well as a trial varsity team of ten men. During the week of December 15th, company matches will be held, and the trial varsity team will be given practice. The results of this shooting will determine the team which will compete in the first National Match on January 10th. The week of Jan. 5 will be spent in training this team. From that time on, no other man can make the team unless he challenges a member of the team to a dual match and wins it, in which case the former takes the latter's place on the team.

At the end of the year the man who has the highest average will win the trophy offered by Lieutenant Glass. No man who has previously won this prize will be eligible for it again.

The National matches are very important, and the University of Maine ought to be close to the top of the list at the end of the year. In nearly all the large colleges which we compete with, membership on the rifle team is considered a great honor and a large number of students strive for it. This condition should prevail here at Maine. The captain hopes that every military man who has had any experience in rifle shooting, or who is in any way interested, will come out and work for the team.

The schedule of the National Matches will be published at an early date and the results of them will be sent to the "Campus" direct from Washington each week.

The schedule for the individual matches is posted on the military bulletin board on the general bulletin board in Alumni Hall.

## AN ALL STAR AGGREGATION

When the referee blows his whistle at 2 o'clock next Wednesday afternoon one of the bitterest gridiron battles in the memory of modern man will start. The two teams are fairly evenly matched and under ideal conditions there should be a battle royal. Some of the players have a hunch that this game will be the decisive one in picking the All-American team.

## Line-up:

First Team—Easson, re, Adams, H. P. rg, Littlefield, rg, Adams, H. K. c, Monohon, lg, Rand, lt, Whittier, le, King, qb, Mace, rrb, Skolfield, lhb, McLoughlan, fb.

Second Team—Dewitt, le, Fricke, lg, Smiley, lt, Bernheisel, c, Rollins, rg, Varney, rt, Burr, re, Kimball, R. G. qb, Morse, lhb, Titcomb, rrb, Brooks, fb.

Admission is free if the spectators and audience cheer for the winners. All disturbances will be quelled by the Stillwater police department. Marquis of Queensberry rules must be followed by the contestants. Special cars to Veazie after the game.

The Illinois University Daily states that over ten per cent of third year students in all departments have attained a grade of 88 per cent and over.

The "Tufts Weekly" has made its re-appearance among college circles, having been assured of support from the students in both a literary and a financial way.
