Selectmen of Presque Isle

AUDITORS REPORT

Presque Isle, Maine, March 7, 1932

I have this day examined the books of the Selectmen, Treasurer, and Tax Collector, for the Town of Presque Isle, for the Municipal Year ending February 20, 1932 and find them correct.

All moneys received by the collector have been receipted for by the Treasurer, and deposited in the Bank. The Treasurer's cash has been reconciled with the Bank Statement.

All warrants drawn by the Selectmen for the year, have been paid and properly vouchered.

WILLIAM L. MURRAY, Auditor

ERNEST E. LYONS,

Chief of Police.

REPORT OF FIRE INSPECTOR

To the Selectmen, Chief of the Fire Department and Citizens of
the Town of Presque Isle:—

I herewith present my report as Fire Inspector for the past
year.

Potato Houses inspected, calling each door a house	195
Stores and Business Houses	115
Rural Schools	17
New Chimneys built	4
Chimneys repaired	41
New smoke pipes from furnaces	44
Have had one oil burner taken out.	

Have added sixteen more Farm Buildings to the chart at the
Fire House, which are within 3200 ft. of a good supply of water
for the pumper. This makes a total of 164 sets of farm build-
ings that have fire protection in the rural section.

Have had fire drills at the schools with the following results.
Gouldville School 603 Pupils—Building cleared in 52½ sec.
Training School 403 Pupils—Building cleared in 59 sec.
High School 409 Pupils—Building cleared in 52½ sec.

Have found conditions in the town good and the people in gen-
eral willing to co-operate with us when they understand the re-
sults we are working for. This has kept our fire losses way be-
low the average, as a check-up on the fire losses of the last few
years will show you.

Have made around 2200 calls this year.

Respectfully submitted,

NEWELL L. SMITH,

Fire Inspector.

REPORT OF BUILDING INSPECTOR

To the Selectmen:

I hereby submit the following as a report of the Building Inspector for the past year.

There has been issued forty-six permits this year and of these thirty-two were for new construction and the others for repairs and changes, and shingling the roofs of existing structures.

The value of the construction this year is small as many of the buildings constructed were garages and small houses.

Respectfully submitted,

R. H. SPRAGUE,

Building Inspector.

REPORT OF HEALTH OFFICER

To the Selectmen and Inhabitants of the Town of Presque Isle, Maine:

I submit the report of the Health Department of the Town of Presque Isle, from Mar. 1, 1931, to Mar. 1, 1932.

The following shows the number of cases of contagious diseases during this period:

Scarlet Fever	8
Chicken Pox	11
Whooping Cough	17
Pneumonia	10
Typhoid Fever	4
Measles	5
Intestinal Influenza	3
Infantile Paralysis	2
Mumps	23

Respectfully submitted,

ERNEST E. LYONS,

Health Officer.

REPORT OF THE SUPERINTENDING
SCHOOL COMMITTEE

To the Citizens of Presque Isle:

We respectfully submit our report for the fiscal year closing February 20, 1932.

It is with combined feelings of satisfaction and pleasure that we contemplate the conditions and progress of our schools for the past year.

Rural, Elementary, High School, Training School and the Rural Training School are all in fine condition. Not during the term of office of the present Board have we had greater cause for satisfaction. The work of the rural schools has been fully up to the average of previous years. Only a few changes were necessary at the opening of the year, and the new teachers as a whole have done good work. The work of the elementary schools of the village has been most satisfactory. Most of the regular force of teachers were retained and their long experience renders them most valuable. What vacancies occurred were filled by teachers personally known to the Board and they readily adapted themselves to their new conditions. This added to the efficiency of the system. Principal Jellison is a teacher of long experience and ability and a good and faithful supervisor. To him as well as to his efficient staff of teachers is due the praise for the fine showing of this school. In the High School few changes were made and able teachers were secured for these places. This able staff of teachers, directed by their energetic and efficient Principal, F. S. Cunningham, has placed Presque Isle High School in an enviable position among the High Schools of the State.

The work in music in the rural and elementary grades under Miss Mossman, and the High School music, band, orchestra and glee clubs under Mr. W. H. Jenkins, have been excellent. The

citizens of Presque Isle may well be proud of the performance of the boys' and girls, glee clubs, the orchestra and the Presque Isle High School Band.

Physical Education hardly needs mention as so many of our citizens are familiar with the efficient work of Director Hanscom. This course is highly subsidized by the State and our goal is that every student in the High School and in the grades as well may profit by the instruction given by this department. It is a large undertaking and progress will necessarily be slow, but we are approaching our goal.

Our Agricultural Department, directed by that excellent leader, Fred P. Loring, is one of which any town in Maine can well be proud, and the training received is most fitting to our needs as an agricultural county.

The business courses offered by the High School have been too crowded for good work. More are taking the courses than we are equipped to accommodate. Notwithstanding this handicap, Miss Kitchen, the Director of this Department, has brought the classes up to, if not beyond, expected standards.

The Training School under the able leadership of Mrs. S. E. Preble has maintained its usual standards of excellence. Vacancies caused by resignation were filled by teachers of good ability and earnest purpose, and the results have been favorable.

The Rural Training School is an addition to our school system. This school receives a good subsidy from the State. It has been entirely satisfactory both to the State and the town. Miss Irene Bartlett is Director. A more efficient and better trained teacher was secured than the town would feel to employ without state aid. This training under rural conditions, which all the members of the graduating class receive, adds greatly to their efficiency as rural teachers and is a help not only to our County but to the State.

We do not wish to convey the impression that our schools are perfect for they are not. Probably no one knows this better than the members of the Board. However we feel that they are better each year than the previous year. These are improvements which should be made and courses which should be added. Courses in art and domestic science similar to those offered in the Training School should be added to our elementary curriculum. Also a more advanced course in art and domestic science should be offered in the High School.

A manual training course adapted to farm needs would be fine in conjunction with the agricultural course of the High School. These are additions for which we should strive just as soon as conditions warrant.

The Board is pleased to note the excellent spirit of cooperation which exists among the teachers and students of all the schools in town. Never since the State took over the Training School has such hearty cooperation and good fellowship prevailed. This spirit is due not only to the desire of the teachers to make all of our schools the most efficient possible but to the splendid spirit of helpfulness, inspiration and leadership of our Superintendent, Alden B. Hayes.

Respectfully submitted,

SAN LORENZO MERRIMAN,

HORACE N. CRANDALL,

FRANK W. HUSSEY

REPORT OF LIBRARIAN

To the Committee of the Presque Isle Free Library:—

I hereby submit the twenty-fourth annual report of the Presque Isle Free Library.

Size and Growth

No. of catalogued volumes March 1, 1931 9200

Additions made as follows:

Not Returned	37
Total	268

Periodicals

The Library receives regularly thirty-four magazines, three daily and three weekly papers. Twenty-two magazines are purchased by the library. The remainder are gifts of individuals and societies. The weekly papers are gifts of their respective publishers.

Circulation

Number of books of Fiction	24556
Number of books Non-Fiction	7527
Number of Periodicals	1386

Total 33469

Gifts

There have been two notable gifts of books during the past year. The first was 82 volumes from the library of the late Geo. H. Collins, a gift from his grandsons Everett and Frederick Larabee. The second was 262 volumes from the library of Laila and Sidney Graves, a gift from their daughter, Dorothy Graves.

Beside these there were gifts of single books from individuals too numerous to mention but which nevertheless have been much appreciated.

Repairs

Since the death of Mrs. M. L. T. White and her bequest to the library, it has been recognized by those familiar with the situation that sometime something would have to be done to enlarge the library and give more room for books.

The first step was the cleaning of the attic and the building of shelves there to take care of the books and magazines on file but seldom used. This done the committee invited a representative of the Library Bureau to visit the library and suggest plans for a complete remodeling of the first floor that could be done a little at a time as funds were available. Mr. Applegate from the library bureau made two trips going over the plans in detail with the members of the committee.

At the beginning of the new year, work was begun by removing the Librarian's desk to face the entering door, and the removal of the partitions of the children's room. The children's room as a room has been done away with, but the section devoted to the children's purposes, has been doubled in size, greatly increased book capacity, and at least a doubling of the former seating capacity. The new arrangement also provides much better ventilation and can be more easily supervised from the librarian's desk. This is just a beginning of the changes we hope to make, but it is certainly a very satisfactory beginning.

The death in September of the Librarian, Miss Lucinda B. Marston, removed one who has done more for the library than any other individual. Miss Marston had served as librarian ever since the founding of the library, and though unable, because of illness to attend to her duties as librarian, during the past three years, was still continued as librarian by the committee until her death. By her will she left a legacy of \$2000.00, the interest of which is to be used in the purchase of non-fiction, an added token of her interest in, and her love for the library.

Respectfully submitted,

BEULAH B. AKELEY,

Librarian.
