ABOLISHMENT OF FROG POND SCRAP IN DOUBT

Some SOPHOMORES Wish To Have It Eliminated

The report that the Frog Pond scrap will be abolished at printed in the last issue of the Campus and published here, has caused much comment and discussion among the students. Since that time, it has been discovered that what can be overlooked from the talk about abolishing the scrap is that it must be named after student groups. It is considered by the faculty and trustees to be far too large a scrap and although it has not been abolished in all respects it is illogical that it probably will be. The regular meeting of the Sophomore class cleared the question of going ahead with the system. The class therefore decided that it should remain on the campus as a sort of institution.

PRES. HYDE OF BOWDOIN FAVORS FRATERNITIES

Last Thursday at a meeting of the convention of the Bowdoin Education Association, Pres. John H. Hyde was called upon to defend the college system of the United States from the charge of brutalizing the student. "The Value of Fraternalism," he said, "is an open secret, and is known to every young man who has entered the college line."

Pres. Hyde favoring the system of fraternities as an education for the young man. He said that he had been a member of several fraternities, and that he had found them all good. He said that he had seen many benefits come from the system of fraternities, and that he believed that it was the best system for educating the young man.

WALK IN AND LOOK AROUND!

The students here at the University are taking an active interest in industrial service. This work consists in teaching foreigners in business. The entire work is in the charge of Professor J. W. Chapman, the department of modern engineering.

to rely on their own efforts— to do things for themselves. The millions of “Bull” Durhams have been successful in the energetic, self-reliant American type in all walks of life. These men like to make their own cigarettes, to their liking, from ripe, mellow “Bull” Durham tobacco— to the advantage of the public. 

The changes were of a corrective rather than of a radical nature. The committee made several important changes. The changes required a combination of practical knowledge and theoretical knowledge be available. The committee considered no decision regarding the question of distinguishing players on the field. The changes provided for the future in time it was committed. A 6-1/2 knock after a touchdown is eliminated.

The committee is left with options to decide whether they shall have a fourth official, to be known as the field judge, who shall have superior duties of his own, but not separate from the referee and umpire. It is hoped that such will continue to be the case in the near future.

There is a great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World.

First—No one but the makers of Tuxedo can ever know how much money it is necessary to buy the mildest, choicest, most aged tobacco, selected.

Second—No one but the makers of Tuxedo knows how to make the Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

If you are not a pipe smoker, you are denying yourself the greatest pleasure known to man. Try Tuxedo in your pipe. You will be surprised at the difference. *In every pipe. Only 25¢ per box.*

Go ahead. Try Tuxedo. It will be worth your effort. You will be glad you did. *‘Tuxedo’ is mild and rich, your pipe tobacco.**
